regional cerebral blood flow during coronary bypass surgery, cognitive performance, 47–67 yr old patients undergoing bypass grafting, 15370
relations of biopotentials of hippocampus & amygdala & neocortex during instrumental alimentary behavior or brain self stimulation, dogs, 21996
rest vs mental activity with vs without incentive induced arousal, diffuse & regional cerebral blood flow, 20–67 yr olds, 30402
rhythmical jaw & tongue movements induced by cortical & amygdaloid stimulation, differential activity of hypoglossal motorneurons, adult rats, 19606
right vs left hemisphere cortical suction lesions, cerebrovascular response, rats, 19637
sensory multidimensional overstimulation in enriched vs impoverished condition, occipital/somesthetic cerebral cortical depth & cortical asymmetry, mice, 16701
septal & cortical self stimulation reward & density of dopaminergic innervation, rats, 11495
serotonin agonists & antagonists, inhibition of labeled serotonin binding in frontal cortex in presence of guanosine triphosphate, rats, implications for presence of multiple receptor subtypes, 24938

severity of dementia & degree of pathomorphological changes in cerebral cortex, patients with senile dementia & Alzheimer's disease, 7124
short term anoxia, bioelectrical activity of pyramidal neurons & state of redox system, cats, 6001
spontaneous impulse activity of neurons in intact vs chronically isolated cortex, rabbits, 22105
stimulation of posterolateral hypothalamus & nuclei raphe, response crosscorrelations in cortex, rabbits, 22098
superoxide dismutase & glutathione peroxidase & lipoperoxidation activity, Down's syndrome fetal brain, aborted fetuses, 25703
tactile vs auditory vs visual stimulation & atropine vs pentobarbital, activation vs habituation of EEG in hippocampus & neocortex, male rabbits, 3306
taste stimuli, response properties of cortical neurons, rats, 8842
technique using period & amplitude analyses, measurement of alterations in cortical arousal, rats, 29692
tetanic stimulation of cerebral cortex, cats, theoretical implications of results, 11557
ultrasonic vocalization during copulatory behavior & correlation with hippocampal & cortical electrophysiological activity, male rats, 27383
unilateral frontocortical suction lesions in right vs left hemisphere, hyperactivity, male rats, 13868
vasopressin desglycil-8-arginin, activity of cortical neurons, cats, 22142
Cerebral Dominance [See Also Handedness, Lateral Dominance]
absence of left hemisphere damage following myocardial infarction, Broca's aphasia, right handed 51 yr old male, implications for interdependence of speech lateralization & handedness, 4449
abstract vs concrete nouns, lateralized memory search rate, right-handed male college students, 369
abstract vs concrete word recognition in dichotic listening paradigm, right handed 18–45 yr olds, 8817
acoustic properties vs communicative significance of vocalization, neural lateralization of vocal perception, Japanese macaques, 21931
administration of Rorschach test, hemispheric specialization & analytical vs global treatment of information, left vs right hemisphere-injured patients, 11475
age & education & lesion localization & level of general neuropsychological impairment, performance on Word Finding Test, patients with structural cerebral lesions, 13590
age & sex & handedness, left vs right ear advantage for verbal vs nonverbal stimuli & verbal vs spatial ability, 29–64 mo olds, 16958
age & sex & type of aphasia, right handed Ss with right hemisphere stroke, 1648
age, performance on tachistoscopically presented verbal & nonverbal matching tasks, 25–80 yr olds, 8812
aging, hemispheric specialization in dichotic listening & tactile recognition, college students vs 65–91 yr olds, 3636
alexia without agraphia, 68 yr old left handed female with infarct in right occipital lobe & splenium of corpus callosum, 25956
amphetamine, interhemispheric asymmetry & stereotyped behavior, cats, 27549
analysis of ratio of integrated EEG amplitude from left & right temporal areas during sleep, determination of presence of information in ratio, normal adults, 27352
anatomical asymmetry of cerebral language centers & language development, children, conference presentation, 25103
anterior temporal lobectomy, right-left symmetry in detection of gap in broad-band noise burst, 19–44 yr olds, 31152
asymmetries in cerebral organization & other biological characteristics & behavior disorders, monozygotic twins, comments on letter by J. Yager, 12119
asymmetries of activation & arousal & brain neurotransmitter pathways in psychopathology, conference presentation, 1487
asymmetry of motor function of forelimbs, cats, 16625
auditory EPs with meaningful Japanese nouns vs nonsense syllables vs tone pips, hemispheric asymmetry in language processing, Japanese 23–26 yr olds, 5993
bilateral electrodermal recordings, assessment of hemispheric asymmetry, literature review, 11479
bilateral synchronous ultradian EEG rhythms, 19–65 yr olds, 572
bilateral vs right unilateral ECT, perceptual learning, 36–77 yr old male inpatients with major depressive disorder, 28544
bilateral vs unilateral ECT vs antidepressant drugs, performance on rod & frame test, depressive patients, 12453
bimanual thumb-positioning, left- vs right-handed college students & faculty, 8764
biological basis of human laterality & left-right maturational gradient, reply to comments by L. J. Harris & I. C. McManus, 30058
biology of cerebral dominance, implications for cognition, 24647
blank flash vs verbal stimuli, hemispheric asymmetry in visual EPs, 11 yr old dyslexic males, conference presentation, 19447
block design tasks & tests of reasoning & spatial abilities, 22–62 yr old left vs right hemisphere damaged patients, test of hypothesis of H. Hecaen & G. Assal, 22967
blurred stimuli, reduction of impairment in response to faces & facial expressions, right brain damaged Ss, reanalysis of author's earlier data, 20490
Boston Diagnostic Aphasia Examination vs Localization scales of Luria-Nebraska Neuropsychological Battery, diagnosis & localization of aphasia, 50–74 yr old aphasics with localized cortical injury, 24197
brain lesion size & locus, constructional apraxia, 18–26 yr old missile wound Ss with focal lesions, 9896
callosotomy, hemispheric control of writing hand, 20 yr old left handed male with intractable seizures & left hemispheric language, 15373
central fixation on stimuli presented to left vs right vs central visual field, hemispheric latency advantage in visual event-related potentials, strabismic Ss, conference presentation, 19430
central vs peripheral visual stimuli presented to right vs left eye, RT, right handed 26–56 yr olds, 30046
cerebral asymmetries for visual perception of emotional vs verbal material, 1st–2nd vs 4th–5th vs 8th graders, 16989
cerebral asymmetry & drinking history, American Indians vs Whites vs Blacks, 1210
cerebral asymmetry & neurophysiological correlates of individual differences, 8825
cerebral asymmetry in cognitive processing, implications for Kaufman Assessment Battery for Children, 11472
cerebral asymmetry in processing of verbal vs nonverbal signs vs manual letters, congenitally deaf, 17790
cerebral asymmetry, understanding of attitudes conveyed through prosodic cues & lexical content, 19–38 yr olds with right vs left hemisphere temporal lobe seizure foci, 20622
cerebral asymmetry, 21–51 yr old paranoid vs nonparanoid male schizophrenics, 20358
cerebral dominance & handedness, writing, adults with hemispheric lesions, 1694
cerebral dominance, dichotic listening of songs, musically trained Ss, 6010
cerebral dominance, recognition of internal & external features of famous faces, right handed adults, 8843
cerebral hemispheric processing of Kanji vs Kana writing systems, 19480
cerebral hemispheric specialization as measured by event-related brain potentials during reading, congenitally deaf adults, conference presentation, 20570
cerebral lateralities as individual difference measures or aptitudes in individualized instruction, White male Navy recruits, 8777
cerebral laterality & dyslexia, discussion of S. T. Orton's early work, conference presentation, 9845
cerebral laterality & psychotherapeutic process, literature review, 8752
cerebral laterality, auditory processing of prose, college students, 5973
cerebral laterality, recognition of Chinese characters & words & Arabic ideograms, right handed Ss, 13819
cerebral lateralization, heartbeat discrimination, right handed male college students, 640
cerebral lateralization, performance on dichhaptic task, deaf vs normal-hearing children with mean ages of 10.6 & 11 yrs, 1673
cerebral localization research in 19th century, US, 24690

choice RT task involving manual response to variably alternating left-right visual target & crossed vs uncrossed hands, spatio-temporal organization of event related brain potentials, right handed 18–29 yr olds, 8868
circular lesions of right vs left cerebral hemispheres, ipsilateral & contralateral fronto- & posterio-cortical norepinephrine levels & physical activity, male rats, 702
classical music, aesthetic judgments in relation to laterality, right-handed male vs female musicians vs nonmusicians, 19519
classical vs popular music & warning stimuli in right vs left visual field, motor RT, 19–55 yr olds, 8844
cognitive asymmetry, manual vs vocal RTs for visual Kana letter processing tasks, college students, conference presentation, 603
cognitive asymmetry, visual Kana letter processing, criticism of T. Toshima's article, conference presentation, 549
cognitive asymmetry, visual Kana letter processing, reply to M. B. Bryden & D. Besner's criticism, conference presentation, 602
cognitive capabilities & role of cerebral dominance in development of antisocial behavior, female juvenile delinquents, 9795
cognitive laterality battery & Kaufman Assessment Battery for Children, assessment of hemispheric specialization in cognitive functioning, reading disabled Ss, curricula implications for learning disabled, 18739
cognitively based Williams-Stockmeyer program vs traditional methods, stimulation of creativity, college students, 7947
comprehension of emotional vs propositional prosody, 36–72 yr olds with right vs left hemisphere brain damage, 14936
comprehension of literal vs nonliteral readings of indirect speech acts, anterior aphasics vs patients with right-hemisphere damage, 1680
computed tomography criteria of cerebral dimensional asymmetrics & prediction of language laterality, right handed aphasics with left vs right hemisphere language dominance, 25830
computer applications, testing cerebral asymmetry & timing of central processes, normal adults, 24169
computer programs, comparison of spatial & temporal order in left vs right hemispheres, 29703
concept of transparent mind & self deception & cerebral dominance, 28099
contrast vs lettercase vs word stimuli viewing conditions, information transferred from right to left hemisphere, 22–33 yr old males, 11296
contribution of P. Broca to modern neurosciences, 16627
corpus callosum lesions, unilateral neglect, monkeys, neurosurgical implications for unilateral brain damage, 6089
creativity & hemispheric task performance, 17–30 yr olds, 6669
cross-comparison of simultaneously presented bilateral visual stimuli, commissurotomized patients, 8799
cross lateralization, aphasic 72 yr old right handed male with chronic atrial fibrillation, 7131
damage in left vs right hemisphere, development of mania, comments on article by V. C. Jampala & R. Abrams, 14945
damage in left vs right hemisphere, development of mania, reply to comments by D. Kahn et al, 14942
damage to different locations within language-dominant hemisphere of brain, types of alexia, conference presentation, 9891
decline in functioning on right vs left hemisphere tasks, male chronic alcoholic patients with average age of 46 yrs, 14790
deprivation of REM sleep, right hemisphere processing & performance on cognitive/perceptual tasks, 17–38 yr old right handed males, 30148
development of Continuous Paired Associate Test, assessment of verbal & figural memory & hemispheric differences in memory processing, 18–48 yr olds, 19091
developmental differences, hemispheric lateralization & integration in tactual identification matching, 5–6 yr olds, 25164
dextroamphetamine, learning of turning behavior in same vs opposite direction, rats, 19677
dichotic listening ear preference, patients with right vs left hemisphere lesions incurred between 1–15 yrs of age, 17820
dichotic presentation of CV syllables, immediate recall, 16–48 yr old dextral vs sinistral Ss, 8795
dichotic presentation of spoken digits, recall & event-related potentials, right handed college students, implications for differential mobilization of brain hemispheres, 8835
dichotic speech, ear advantages in listening, 21–67 yr olds with sensorineural hearing loss, 20608
dichotic speech stimuli, hemispheric interaction in processing of intonational & phonetic information, aphasics & patients with right hemisphere lesions, 17742
dichotic stimulation, cerebral lateralization in consonant vs speaker identification, right handed native English speakers, 598
dichotic word pairs, lateralization in perception in intralingual vs interlingual conditions, English-French bilinguals with different degrees of bilingual proficiency, 19428
dichotically presented CV syllables, cerebral asymmetry in speech processing, bilingual Crow Indian vs monolingual Anglo 1st–6th graders, 16899
dichotically presented synthetic syllables & severity levels, hemispheric dominance in listening, 7–9 vs 10–12 vs 13–15 yr old stutterers vs nonstutterers, 22908
differential cognitive hemispheric activation, bilateral electrodermal activity, 17–44 yr old right handed males, 556
difficulty level of word discrimination counting task, hemispheric asymmetries in P3 potentials, right handed males, conference presentation, 19434
discrimination & sorting of photographs of varying facial identities vs emotions, patients with right vs left brain damage, 17731
discrimination of handedness & language laterality, dichotic CV task, left- vs right-handed college students, 19493
dissociation between processing of affective & nonaffective faces, right handed 54 yr old male with right-hemisphere lesion, 7021
duration of successive dichotic stimuli, hemispheric asymmetry in pitch change recognition, 19–57 yr old musicians vs nonmusicians, 19233
ear advantage, auditory discrimination task, baboons, 24672
ear advantage in dichotic listening task, Anglo vs Navaho Ss, replication of study by S. Scott et al, 16644
early visual experience & later left vs right hemisphere neocortical ablations, open field & spatial & visual behavior, light- vs dark-reared male rats, 27486
EEG & creation of emotional states of sexual arousal vs depression, right handed acting students, 19572
electric shock to right vs left hemisphere & lesions of auditory cortex, differentiation of moving image in dichotically presented auditory stimulus, humans & animals, 651
electrical stimulation of right hemisphere, evoked language responses, right handed adult patients undergoing surgical treatment for seizures, 547
electrodermal responses to tones & bimanual cognitive processing times, cerebral hemispheric asymmetries under hypnosis, 18–22 yr old medical students & 45–62 yr old cardiac patients & 35–55 yr olds, 29970
electrophysiological measurement of interhemispheric interaction using light stimuli, psychopathic patients with excitatory vs inhibitor cycles, 6852
electrophysiological measures of hemispheric laterality, implications for methodology, literature review, 605
emotions & hemispheric asymmetries, patients with brain damage & temporal lobe epilepsy & psychiatric patients, literature review, 3272
ethnic origin, cerebral asymmetries on computerized tomography scans, American Indians vs Blacks vs Whites 10 yrs of age & older, 11487
extraversion & hemispheric cognitive style & encoding of emotionality, face recognition, college students, 16664
facial expression & intonation & speech as channels of emotional expression, male patients with unilateral brain damage, 31130
finger tapping with vs without solving of block design problems, lateralized processing of block design solutions, right handed college students, 8803
function of right hemisphere in reading & dyslexia, comment on M. Coltheart's hypothesis, 27388
function of right hemisphere in reading & dyslexia, comments on K. Patterson & D. Besner's view of M. Coltheart's hypothesis, 27395
function of right hemisphere in reading & dyslexia, comments on K. Patterson & D. Besner's view of M. Coltheart's hypothesis, 27417

function of right hemisphere in reading & dyslexia, reply to B. Rabinowicz & M. Moscovitch & F. Zaidel & A. Schweiger, 27389
functional brain asymmetry, affective disturbances, literature review, conference presentation, 4239
functional brain asymmetry, animals, 5965
functional cerebral organization as measured by tactile-visual matching of objects, 9.2–15.3 yr old minimally brain damaged children, 25959
functional disconnection of cerebral hemispheres & alexithymia, criticism of G. S. Taylor's article, 12161
fundamental maturational gradient favoring left side as explanation for structural & functional lateral asymmetries, humans & animals, comments on proposal by M. C. Corballis & M. J. Morgan, 30075
gender, word recognition in lateral tachistoscopic presentation, adults, literature review & meta-analysis, 13659
genetic model of lateral asymmetries, implications for proposal by M. C. Corballis & M. J. Morgan, 30083
half-field predictability & strategy, RT on visuo-spatial task, right handed male vs female 17–23 yr olds, 291
handedness in picking up food, rhesus monkeys, 13782
hemineocortex injury & bilateral cutaneous stimulation of somatosensory system, simultaneous extinction, male rats, 8920
hemisphere dominance & cognitive complexity, nonverbal sensitivity, college students, 261
hemispheric alpha symmetries in language recovery, fluent vs dysfluent aphasic 34–72 yr olds, 9978
hemispheric asymmetry & reading & writing habits, directional preferences in reproducing horizontally displayed visual stimuli, readers of Hebrew vs English vs Arabic, 30088
hemispheric asymmetry, global vs analytic information processing, college students, 16609
hemispheric asymmetry in "chromesthesia" involving color images & auditory stimuli, degree of listening enjoyment, college students, 16434
hemispheric asymmetry in cortical glucose metabolism, 55–75 yr old patients with Alzheimer-type dementia, 22984
hemispheric asymmetry of movement-related potentials preceding foot vs finger movement, right handed 18–26 yr olds, 13793
hemispheric asymmetry of visual EPs, 13–24 yr old patients with unilateral occipital lobectomy, 7062
hemispheric dysfunction, schizophrenia, literature review, 22679
hemispheric functioning & creativity, criticism of A. N. Katz's article, 30055
hemispheric functioning & creativity, reply to A. W. Brittain's criticism, 30076
hemispheric interference in button tapping & speech tasks, 6.5–17.9 yr olds who stutter, 31109
hemispheric language dominance & handedness, patients with temporal lobe epilepsy, 9992
hemispheric lateralization, decision stage in choice RTs, reply to G. Heister & P. Schroeder-Heister's criticism, 8834
hemispheric localization of visual-spatial vs language functions, 38–81 yr old unilaterally brain damaged deaf signers, 17792
hemispheric specialization & bilingual digit span function, right-handed Chinese-English bilingual college students, 565
hemispheric specialization & creativity & masculinity vs femininity, male vs female elementary & junior high school students, 11712
hemispheric specialization & emotionality, individual differences in visceral perception, 18–24 yr olds, 11490
hemispheric specialization & recovery of function following brain injury, children vs adults, 17768
hemispheric specialization, creative & learning styles, verbally & nonverbally gifted & young children, educational implications, 10825
hemispheric specialization, decision in RTs, criticism of study by E. Bisiach et al, 8790
hemispheric specialization in visual task, 9 & 18 yr old siblings with callosal agenesis, 28457
hemispheric specialization indicators, performance on language & visual perception tests, school age children, 30437
hemispheric specialization, visual perception of verbal material based on semantic or visuo-spatial features, 5972
hemispheric specialization, visual recognition of textural images, rats, 3209
hemisphericity, literature review, 8753
high- vs low-SES, processing of stimuli presented to right vs left visual field, 5th & 7th graders, 9246
high dopamine concentration in left amygdala, schizophrenics, 17517
hypnosis, cerebral laterality during dichotic listening task, right handed male college students, 27375
inactivation of left vs right hemisphere, visuospatial extrapolation task performance, adult vs infant Norway rats, 30051
individual differences, hemispheric involvement in visuo-spatial & verbal stimuli, right handed adults, 16640
individual differences in hemispheric organization based on schizotypy scale & development of STQ questionnaire based on distinction between schizotypal & borderline personality disorder, 26995
infrequency of right-hemisphere language capacity, human split-brain cases, reply to criticism of J. J. Myers, 27354
integrative & hemispheric learning styles, 10 vs 14 vs 19 yr olds, 30440
inter- & intrahemispheric distribution aspects of cortical event-related potentials to Stroop color & word stimuli, conference presentation, 19426
interaural time delay between dichotic stimuli, reflection of lateralization in auditory EPs, 18–28 yr olds, 30089
interhemispheric functional asymmetry of auditory EP's, 2.5–3 yr olds, 6016
interhemispheric transfer in test of stereoagnosia, schizophrenic & affectively disturbed male patients with mean ages of 39 & 49.5 yrs, 1491
intra- & interhemispheric processing of auditory & tactile information, depressed vs schizophrenic vs normal Ss, conference presentation, 1420
IQ & language ability, 18 mo to 8 yr olds with right vs left hemisphere lesions, 20475
item & internal consistency reliability of Your Style of Learning & Thinking-Form CC, assessment of hemispheric laterality, 9–12 yr olds, 11177
kainate lesions of vs infusion of GABA agonists & antagonists in nucleus fastigii, symmetry of postural tonus, male rats, 3347
language development & lateralizaton of semantics, right hemisphere short term verbal memory, right handed 4–11 yr olds, 22344
language lateralization & neuropsychological correlates of psychotic disorders, review of bilingualism data, 22691
language lateralization during concurrent activities, 20–35 yr old male Portuguese-English bilinguals vs 20–24 yr old male English-speaking monolinguals, 593
lateral asymmetries in lexical decision making, college students, 16614
lateral differences, visual vs tactual identification vs discrimination of faces, 19–28 yr olds, 22001
lateral eye movements, right handed male college students with normal vision vs myopia wearing contact lenses vs glasses full-time vs part-time, 7114
lateral preference, passage comprehension & short term memory, 4th grade males, 29288
laterality & caudality of cerebral lesions, visuoperceptual & visuomotor skills, 21–77 yr olds, 9958
laterality & hemispheric EEG activation, literacy development, reading disabled 20–38 yr old males, 20436
laterality of paroxysmal discharges, disturbances in visual memory functioning, temporal lobe epileptic patients, 22996
lateralization of visual mental imagery, 29 yr old male commissurotomy patient, 31155
lateralized nondominant hemispheric dysfunction as measured by recall asymmetries, depressed inpatients, 25529
lateralized visual stimuli, RT during negative vs neutral emotional states, female college students, 16639
left hemisphere dysfunction or interhemispheric integration deficit, 18–53 yr old chronic schizophrenics, 22714
left vs right ear vs binaural listening condition in story comprehension performance, schizotypy scale performance, right handed 18–44 yr olds, 28065
left vs right hemisphere presentation of visual stimuli, serial & parallel processing, right handed college students, 11494

left vs right temporal lobe focus, genesis of emotional affective disorders, epileptic patients, 4503
left vs right ventrolateral thalamotomy, visual searching for parallel lines, 37–67 yr old patients with Parkinson's disease or essential tremor, 18206
left vs right visual field presentation of random dot stereograms, stereoscopic depth perception, humans, 5714
mastery of Braille system, hemispheric specialization in dichotic listening, congenitally blind 8–14 vs 14–34 yr olds, 17756
measurement of general intelligence & brain function, patients with left vs right cerebral lesions vs generalized cerebral damage, 17795
metacontrol of hemisphere superiority, recognition of emotional facial expressions, college students, 8820
midline division of optic chiasm & corpus callosum & anterio & hippocampal commissures, viewing time & facial expressions during videotape recordings, rhesus monkeys, 19632
MMPI correlates of localized brain damage, adult patients with left vs right lateralized lesions, 1749
monaural stimulation, long term stability of event related potential asymmetries, male 29–42 yr olds, 30057
monaurally presented words, ear asymmetry & recall, 7–9 vs 13–16 vs 25–30 yr olds vs aged, 16858
motor & sensory asymmetries & personality & pain perception, patients with unipolar & bipolar depression, 20347
music played to right vs left ear, right vs left hand tactual processing, 2–5 yr olds, 14090
neuroleptics, brain hemisphere functioning, male rats, 747
neurological knowledge of cerebral hemispheres, implications for psychoanalysis, 8808
neurophysiological basis of alexithymia, reply to J. F. Gottlieb's criticism, 12215
neuropsychological assessment, inference of patterns of deficit lateralization, schizophrenics, 25569
neuropsychological foundations, spelling & reading difficulty, 2nd–8th graders, 12308
neuropsychological memory test performance, patients with left hemisphere damage, 20562
new approaches to topic of cognitive asymmetry in cerebral hemispheres, 11473
numbers & letters presented to left vs right visual field, naming of stimuli, forebrain commissurotomized patients, 8800
occurrence of experimentally induced semantic paralexias from right vs left hemisphere, 20–40 yr olds, 9993
opposite asymmetries in hemispheric activation in florid vs nonflorid syndromes in schizophrenia, 18–65 yr old patients, 6780
passive avoidance conditioning, hemisphere asymmetry of synapses in medical hyperstriatum ventrale, chicks, 595
passive listening vs covert tone counting vs pitch discrimination, bilateral distribution of EEG O-wave, right vs left handed Ss, conference presentation, 19514
perception & classification of facial emotions, 23–72 yr olds with left vs right cerebral brain damage, 25813
performance asymmetries on verbal divided visual-field task, schizotypal personality features assessed by STQ & other self report personality measures, 18–42 yr olds, 28064
performance of visual tracking task with right vs left hand, narrative recall performance, right handed male college students, 11249
performance on peg placement section of Purdue Pegboard Test in unimanual vs bimanual conditions, normal vs dyslexic 9–12 yr olds, 20442
pointing performance with left vs right hand, 64 yr old right handed female with visual allesthesia, 12363
positioning-movement task & sensory modality of delayed knowledge of results, hemispheric asymmetries in contingent negative variation, right handed males, conference presentation, 19468
positive & negative stimuli, formation & reproduction of trace CRs, 15–17 yr olds, 27368
postmortem neuropathological investigation of crossed dysphasia, right handed monolingual 57 yr old male with right-hemisphere cerebrovascular accident, 1684
preference for color vs form in discrimination task, 25–80 yr old left- vs right-brain-damaged aphasics, 1677
preference for pictures with principal object on right side, right handed college students, 30050
preoperative identification of neuropsychological strengths & deficits & lateralization of speech & memory, temporal lobe epileptics, 12684
presentation of large disparities in peripheral visual fields, depth discrimination, college students with stereoanomaly in midline stereopsis, 14993
presentation of letter pairs to left vs right visual field, development of differences in latencies of "same"/"different" letter judgment, college students, 16661
presentation of letters to left vs right visual field, cerebral dominance in scanning, adults, 22037
presentation of peripherally vs centrally masked words to right vs left visual field, recognition, 18–25 vs 62–77 yr olds, 25081
presentation to left vs right visual field, perceived combination of component face features, 24–32 yr old right handed males, 13665
presentation to right vs left hemisphere, recognition of short time intervals between visual stimuli, 21837
prior selective listening task, right-ear advantage for dichotic listening, right handed college students, 16634
problems in use of cognitive style & brain laterality, conceptualization of intelligence, 27409
processing of agentive vs plural vs simple nouns presented tachistoscopically, right handed college students, 16626
prolonged hemifield stimulation using moving window or mask yoked to eye movements, perception of letters & words & biological movement, dextral college students, 30054
prosodic disturbance in Thai, 28–33 yr old aphasics, 14924
psychophysiological aspects of cerebral asymmetry in attention, literature review, implications for information processing, 5983
question type & task type & individual differences, lateral eye movement & hemisphere asymmetry, college students, 19471
reanalysis of data on inheritance of directional asymmetry in starry flounder, reply to comments by C. E. Boklage & I. C. McManus, 30095
recognition time of meaningful photic stimuli, spatiotemporal correlations of brain potentials, humans, 3296
regional cerebral blood flow, right handed 18–33 yr old autistic males, 12206
relationship between alcoholism & hemisphere functioning in spirituality, implications for treatment of alcoholism, 28330
rest vs cognitive activity, cerebral blood flow in right vs left hemisphere, 18–52 yr old unmedicated schizophrenics, 20277
retroviral integration at site close to cerebral dominance gene, etiological hypothesis regarding schizophrenia, 22685
rheoencephalography study of regional cerebral blood flow in right vs left frontal regions during time estimation, 22–45 yr old males, 568
right- vs left-hemispheric methodology in experimental psi research, 13404
right cerebral damage sustained in early adulthood, stuttering, 60 yr old right handed male, 31118
right hemisphere language dominance on dichotic digit task, 10–37 yr olds with Down's syndrome, 9862
right hemisphere lesion due to surgical incision, dyslexia, right handed 44 yr old male, 17787
right-hemispheric activation during waking vs awakenings from REM vs NREM sleep, left-hand superiority in tactile recognition, right handed male college students, 11466
right-left asymmetry in pain perception, 20–82 yr olds, 5991
right-posterior accentuation phenomenon in EEG, psychiatric patients, 20360
right temporal lobe dysfunction, rhythm tests of Halstead-Reitan & Luria-Nebraska batteries, 13605
right vs left hemisphere cognitive mode, emotional disturbance & behavior disorders & reading & spelling, 2nd–9th graders, 17421
right vs left hemisphere cortical suction lesions, cerebrovascular response, rats, 19637
right vs left hemisphere roles, assignment of new symbols to arithmetic operators, college students, implications for hemispheric functions in learning, 24494
right vs left visual field & handedness advantage, RT on visual & tactual-kinesthetic density & length tasks, right handed college staff & students, 30109
right vs left visual field superiority in letter recognition vs local-global processing task, volunteers with high vs low schizotypal characteristics, 28105

role of genetic vs cytoplasmic mechanisms in asymmetric maturational gradient, human handedness & cerebral lateralization, comments on article by M. C. Corballis & M. J. Morgan, 30053
role of right cerebral cortex in language & emotion & affective responses, 22031
role of right hemisphere in control of speech prosody in propositional & affective contexts, 36–69 yr olds with damage in right vs left hemisphere, 23036
RT for processing temporal vs spatial stimuli presented to left vs right visual hemifield, right handed Ss, 8758
RT to happy vs sad faces presented to left vs right visual field, college students, 8775
secondary mania associated with right thalamic infarctions, 61 & 63 yr old males, 1654
selective attending to color vs word dimensions of Stroop & non-Stroop stimuli, hemispheric asymmetries & time course & scalp distributions of visual event-related potentials, right handed 28–40 yr olds, conference presentation, 19427
selective attention for information at different vs single point in visual space, hemispheric asymmetry in event-related potentials in occipital cortex, human Ss, conference presentation, 19470
self report vs dichotic listening techniques, measurement of brain lateralization, college students & hospital workers, 8787
sensory multidimensional overstimulation in enriched vs impoverished condition, occipital/somesthetic cerebral cortical depth & cortical asymmetry, mice, 16701
sensory vs cognitive information processing levels, production of asymmetries in average EP & power spectral measures of EEG, right handed 19–33 yr olds, 11499
sequential presentation of 2 pictures of some category to left vs right visual field, semantic priming effect in picture naming, college students, 16633
sequential vs simultaneous information processing & speech lateralization, normal vs learning disabled 7.7–12.1 yr olds, 22892
sex differences & response mode, asymmetry of lexical decisions with visual half field stimulation, 19–35 yr olds, 8789
sex differences, cerebral asymmetry in visual discrimination & habituation, chickens, 16606
sex differences, Wechsler Verbal vs Performance IQ discrepancy, patients with unilateral cerebral lesions, 12330
similarity of pictures of faces in left vs right visual fields, hemispheric differences in EPs, 20–30 yr old right handed females, 22035
simultaneous vs sequential presentation, hemispheric specialization in differentiation of simultaneous complexes vs chain stimuli, rats with right & left hemispheres alternately inactivated by spreading depression, 5967
single stimulus vs forced choice task, visual stimulus duration evaluation, right handed college students, 8827
slides of positive vs negative facial expressions exposed to left vs right visual field, RT, male vs female right handed college students, 30106
social & cultural dimensions of human brain function, implications for neuropsychological research, 13806
spatial synchronization of biopotentials of left vs right hemispheres, psychopathological syndromes, 22657
speech act identification & discrimination, left brain damaged aphasic vs right brain damaged nonaphasic patients, 4482
spontaneous hand movements during verbal vs nonverbal block assembly tasks, right handed college students, 5818
stimulation of ipsi- & contralateral visual hemifields, impulse activity of neuron clusters in suprasylvian area, adult cats, 16658
stimulus identity or location cue, visual laterality, right handed college students, 21998
stimulus vs response processing demands, intrahemispheric interference & RT to lateral stimuli, college students, 562
storage & comparison of phonological information vs rhyme judgment tasks, event related potentials, adults, 13807
structure & time course of epileptic attacks, patients with right vs left temporal lobe epilepsy, 4539
systemic integrity vs dichotomous view of brain functioning, 6008
tachistoscopic presentation of initially unfamiliar faces to right vs left visual fields, direction of hemispheric advantage during facial recognition, female college students, 16652
tachistoscopic presentation of same vs different stimuli, interhemispheric differences in RT, right handed adults, 16643
tachistoscopic presentation, recognition of words varying in imagery vs part of speech vs frequency, 18–30 yr old right vs left handed college students, 29809
target & probe stimuli tachistoscopically presented to same vs opposite visual field, hemispheric asymmetry in memory encoding vs recognition of spatial vs verbal stimuli, college students, 16607
test of A. R. Luria & E. G. Simernitskaya's hypothesis of hemispheric dominance for volitional vs automatic operations, patients with left vs right hemisphere damage, 8761
transpersonal psychology & biofeedback & brain dominance in need gratification, 24622
unilateral cerebral lesion, modification of pain parameters, right vs left brain damaged patients, 22945
unilateral decortication by means of spreading depression, parallel vs sequential information processing & motor-food conditioned reflexes, male rats, 16693
unilateral depletion of norepinephrine in frontal cortex using DSP-4, spontaneous asymmetrical hyperkinesis, male rats, 27605
unilateral frontocortical suction lesions in right vs left hemisphere, hyperactivity, male rats, 13868
unilateral left vs right hemisphere brain damage, clausal intonation, patients, 22943
unilateral vs bilateral presentation methods, RT on object naming latency task, college students, implications for right visual field superiority, 24174
unilateral vs bilateral presentation of Japanese kana letters in different forms & simultaneously vs successively, classification, test of visual field differences, 11335
use of EEG coherence analysis, study of hemispheric function, literature review, 5673
viewing time & picture detail & visual field, cerebral asymmetries in face matching task, male vs female college students, implications for J. Sergent's theory, 24400
visual & auditory & biomodal event related potentials & lateral asymmetry indices, individual differences in hemispheric asymmetries & cognitive processes, right handed male US Navy recruits, 27346
visual & auditory stimulation, hemispheric asymmetry in visual & auditory EPs in parietal cortical region, adult cats, 16608
visual discrimination learning, hemispheric specialization in memory, 2–22 day old white leghorn cockerels, 16622
visual field, letter pair "same" vs "different" RT discrimination judgments, reply to J. Sergent's criticism, 19436
visual field, letter pair "same" vs "different" RT discrimination judgments, criticism of visual comparison model of S. Bagnara et al, 19517
visual presentation of vertical lines, hemispheric differences in line discrimination & relation of visual event related potential to performance, right handed 20–45 yr olds, 30044
visual recognition of tachistoscopically presented geometric figures, interhemispheric EPs, juvenile & adult Ss, 27756
visual stimulus offset in right vs left visual field, RT, college students, 24631
visual vs auditory information, asymmetries in verbal recall, right handed college students, 16659
vowel vs consonant presentation in printed vs script forms, lateralization of EPs, male college students, 11488
word pairs per trial & language proficiency, accuracy & laterality of ear preference of repeated dichotic stimuli in English & French, bilingual right handed 17–41 yr olds, 19497
word pairs presented monaurally to left vs right ear, ear advantages in RT, 57–84 yr olds with Broca's aphasia, 22959
word vs music perception, EEG manifestations of functional asymmetry of cerebral cortex, right handed 20–30 yr olds, 5985
words presented to right vs left visual field, semantic priming effects, high school & college students, 22039
words vs pronounceable nonwords in usual horizontal vs unusual formats & word length, left vs right visual hemifield performance in word naming, 19535
writing hand posture, cerebral dominance for speech, 9–59 yr old epileptics with speech localized in right vs left hemisphere, 10011

Cerebral Hemorrhage

amyloid angiopathy, lobar cerebral hemorrhage, deceased patients undergoing necropsy, 25839

perinatal intracranial hemorrhage, neurodevelopment, premature infants, 2-yr followup, 14898
respiratory distress syndrome with vs without intraventricular hemorrhage vs bronchopulmonary dysplasia vs hydrocephalus, intellectual outcome, premature infants assessed at 6 & 12 & 24 mo of age, 4472
Cerebral Ischemia
ischemia during carotid endarterectomy, neuropsychological impairment, 49–76 yr old patients, 23402
ischemic lesions of left hemisphere & right ear extinction, dichotic listening performance, right handed 33–79 yr old stroke patients, 25793
nature & causes of delusions, 64–82 yr old patients with right cerebral hemisphere infarction, 7078
recovery of oral naming skill after left hemisphere ischemic stroke, 31–75 yr old right handed aphasics, 25848
transient color blindness associated with cerebral ischemia, 58 yr old patient, conference presentation, 25915
Cerebral Lesions [See Brain Lesions]
Cerebral Palsy
academic success & social acceptance, mainstreamed mildly handicapped cerebral palsied 6–16 yr olds, 5323
adaptive aquatics in occupational therapy program, physically disabled 14 yr old female with cerebral palsy, 5014
age & cardiac reactivity to auditory vs somatosensory vs visual stimuli & adaptive behavior, preschool age children with developmental delay vs trisomy 21 vs cerebral palsy, 14843
biofeedback with vs without social reinforcement, poor head positioning, 5–17 yr old patients with cerebral palsy, 15240
compensatory tracking task with step vs sine vs random wave targets & characteristics of motor control, adults with cerebral palsy, 25917
concurrent validity of Draw-A-Man Test with WISC-R & Bender Gesalt Visual Motor Test for Children, 6–12 yr olds with cerebral palsy, 2916
continuity & change in psychological disturbances, 6–18 yr olds with cystic fibrosis or cerebral palsy or myelodysplasia or other physical handicaps with neurological and brain damage, 5-yr followup, 25783
coping styles, adolescents with cerebral palsy attending regular vs special schools & their families, 8-yr followup study, 9977
effectiveness of parental participation in therapeutic intervention programs, infants & children with cerebral palsy, 23124
EMG activity patterns of speech muscles during repetitions of sentence, normal vs cerebral-palsied dysarthric 19–34 yr olds, 14970
emotional & developmental problems, students with cerebral palsy, implications for school counseling, 15957
etiological role of dopaminergic & cholinergic mechanisms, 10–14 yr olds with fast vs slow hyperkinesias, 1548
factor structure of Children's Report of Parental Behavior Inventory, adolescents with cerebral palsy, 11150
gross motor movement facilitation devices, mobility, severely mentally retarded & visually impaired 10–12 yr olds with cerebral palsy, 18364
incidence of psychiatric disorders, 3–18 yr olds with cystic fibrosis vs cerebral palsy vs myelodysplasia vs multiple physical handicaps, 28407
IQ, treatment effectiveness of psychotherapeutic programs, young mentally retarded children with cerebral palsy, review of group research studies, 7708
mainstreaming, adjustment, 5.7–8.2 yr olds with Down's syndrome or cerebral palsy or mental retardation, 21415
mental operations associated with Block Design subtest of WAIS, children with cerebral palsy, 12400
misdiagnosis of schizophrenia, 72 yr old female with progressive supranuclear palsy, 25941
neurodevelopmental treatment & parental involvement & age & IQ, motor development, infants with cerebral palsy & severe motor delays, 1798
norm- vs criterion-referenced test, assessment of receptive language skills, 3–5.5 yr olds with Down's syndrome or cerebral palsy or delayed development, 28378
occupational &/or physical therapy intervention, children with cerebral palsy, literature review, 1952–82, 5013
parental perception of vs actual cognitive abilities, 4 mo to 9 yr olds with cerebral palsy, 4389
passive range of motion exercise & positioning program, reduction of long term knee contractures, spastic quadriplegic severely mentally retarded 10–18 yr olds, 2187
physical development, aerobic & physical working capacity, adolescents with spastic diplegia, longitudinal study, 14955
public law, programs for handicapped children under age 5, survey of United Cerebral Palsy services, 2065
rehabilitative sports, physical & psychological benefits, physically handicapped, 2196
social interaction intervention, 18 mo old male with cerebral palsy & 34 mo old female with limited vocalization & normal 2 mo old female with their mothers, 10077
temperament ratings during classroom vs mother vs teacher interactions, developmentally delayed vs Down's syndrome vs cerebral palsied vs audiovisually handicapped 7–35 mo olds, 6712
therapeutic intervention, motor development, infants & young children with cerebral palsy, literature review, 1785
treatment of retardation in organization of reasoning & pathological disharmony, 6–7 yr olds with cerebral palsy, conference presentation, 31765
use of indium diethylentriaminepentaacetic acid scinticisternography, 62 & 66 & 67 yr old males with supranuclear palsy, 25788
Cerebral Vascular Disorders [See Cerebrovascular Disorders]
Cerebral Ventricles
assessment of cerebral ventricular volume, monozygotic vs dizygotic twin pairs, 27332
atrophy in 3rd ventricle, chronic schizophrenics, 20229
blood serum dopamine beta-hydroxylase activity & lateral ventricular brain ratio, patients with schizophrenia vs major affective disorders, 28230
cerebral ventricle size & clinical features, 25–78 yr olds with major affective disorders vs headaches & dizziness, 25593
cerebral ventricular size & age of disease onset & illness duration, patients with major depression, 12142
cerebral ventricular size & eyeblink reflex, chronic schizophrenic 19–51 yr olds, 9671
clinical significance of cerebral ventricle size, male patients with manic bipolar disorder, 30968
computed tomography scans using ventricular-brain ratio & Ewans's index & cella media index, assessment of ventricular size, 23–48 yr old chronic schizophrenic patients, 30994
computerized tomography scans of 3rd ventricle region & memory loss, 45–60 yr old male chronic alcoholics, 12247
dosages of arginine-8-vasopressin injections into cerebral ventricles, barrel rotations & other behavioral effects, male rats, 30205
family history of mental illness & developmental abnormalities, lateral ventricular enlargement & changes in computerized axial tomography, schizophrenic vs manic depressive 18–40 yr olds, 14717
historical studies of J. Haslam, ventricular enlargement in schizophrenia, 12220
icv injection of angiotensin II vs angiotensin III, receptor binding in circumventricular organs & water intake, rats vs gerbils, 3534
intellectual performance on WAIS, memory functioning on Wechsler Memory Scale & ventricular size, patients with Alzheimer's disease, 25777
lateral ventricles & amygdaloid nucleus & substantia nigra & caudate nucleus & lateral hypothalamus & nucleus accumbens as neural sites for dextroamphetamine injection, feeding & drinking behavior & mouse killing, rats, 808
lateral ventricular size & psychopathology & response to neuroleptic therapy, 18–59 yr old patients with schizophrenia & affective disturbances, 1433
memory & emotional & personality disturbances, 28 & 64 yr old females & 33 yr old male with third ventricular colloid cysts with no hydrocephaly, 25859
serum prolactin levels, psychopathology & ventricular size, 18–42 yr old schizophrenic patients, 17515
third ventricle & main body of lateral ventricle size, schizophrenic & mixed psychiatric patients with mean ages of 26 & 25 yrs who resist treatment, 12148

unemployment & negative symptoms, lateral ventricular enlargement, 18–40 yr old schizophrenic & manic depressive patients, 14718
Cerebrospinal Fluid
alcohol intake, 3-methoxy-4-hydroxyethylene glycol levels in CSF, male Ss, implications for alcohol dependency, 30206
concentration of neurophysin I & II in CSF, 29–61 yr old depressed & schizophrenic patients, 22736
concentrations of CSF corticotropin-releasing factor, 25–70 yr old depressives vs 27–66 yr old schizophrenics vs 73–92 yr olds with senile dementia, 25573
concentrations of 5-hydroxyindoleacetic & homovanillic acid in CSF during depression vs after recovery, 30–63 yr old depressed patients, 6868
concentrations of 5-hydroxyindoleacetic acid & homovanillic acid & 4-hydroxy-3-methoxyphenyl glycol in CSF, 23–80 yr old melancholia patients, 4123
creatine & creatinine urate & albumin levels in CSF & blood, determination of brain energy metabolism & blood brain barrier permeability, 19–66 yr olds with major depression, 22754
CSF acetylcholinesterase activity as measure of central cholinergic function, 7–19 yr olds with Gilles de la Tourette's syndrome receiving vs not receiving haloperidol, 4513
CSF homovanillic acid & cyclic adenosine 3',5'-monophosphate & serum prolactin, 40–60 yr old male chronic paranoid schizophrenics with tardive dyskinesia vs symptoms of chronic neuroleptic parkinsonism, 6732
CSF interferon activity, chronic schizophrenic patients with mean age of 26 yrs, 14730
CSF neurochemistry, 17–66 yr old depressives vs schizophrenics vs manics, 12158
CSF neurochemistry, 18–32 yr old females with anorexia nervosa, 9936
demographic & clinical & psychological characteristics, CSF levels of 5-hydroxyindoleacetic acid & homovanillic acid & 3-methoxy-4-hydroxyphenylglycol, low back pain patients, 31182
disturbed CSF circulation & brain atrophy, 24–45 yr olds with schizophrenic psychosis, 12190
haloperidol, CSF concentration of cyclic guanosine monophosphate, male paranoid schizophrenics, 23319
haloperidol vs ECS withdrawal, CSF levels of dopamine metabolites dihydroxyphenylacetic & homovanillic acids, male rats, 24727
high pressure liquid chromatography, measurement of monoamine metabolites in CSF & profiles of neurologic & psychiatric conditions, 9592
humoral immunity through levels of immunoglobulins, paranoid vs nonparanoid vs schizoaffective patients with schizophrenia, 20217
indoleacetic acid in CSF, patients with retarded vs agitated vs manic depression vs schizophrenia vs anorexia, 28153
infusion of hypertonic sugar solutions into lateral ventricle, CSF sodium concentration & location of cells regulating sodium appetite, ewes, 30314
levels of CSF noradrenaline & C-EEG indicators of activation & psychosis ratings, 18–36 yr old drug-free acute schizophrenic patients, 30944
lipophilicity of peptides, transport across blood-brain barrier, rats, 30049
melatonin in CSF, male neuroleptic-treated paranoid schizophrenics & unmedicated paranoid schizophrenics with mean age of 40.6 yrs, 12133
opioid receptor-active components in CSF, 21–36 yr old females with postpartum psychosis, 1431
permeability of blood-brain barrier, schizophrenic & schizoaffective 17–65 yr old inpatients, 22784
pinoline levels in blood serum & CSF, unmedicated schizophrenic patients, 20332
probenecid, CSF concentrations of serotonin & dopamine metabolites before & after weight recovery, anorexic patients with vs without bulimia, 12367
sensitivity of WAIS subtests to vitamin therapy for treatment of mild organic brain damage, patients with low serum & CSF folate levels, conference presentation, 10252
serum & CSF concentrations of clobazam & its metabolite, neurological patients, 28777
serum levels of albumin & transferrin & IgG & IgA & CSF IgG levels, demented 36–64 yr olds with Down's syndrome, 12296
severity of cognitive or functional impairment, CSF silicon levels, 44–86 yr old patients with Alzheimer-type & other types of dementia, 22973
somatostatin CSF levels, inpatients with major depressive disorder, 22661
vasoactive intestinal polypeptide in CSF, adult males occupationally exposed to organic solvents for 7–38 yrs, 20529
Cerebrovascular Accidents
age & sex & type of aphasia, right handed Ss with right hemisphere stroke, 1648
alcohol consumption levels & intoxication & history of intoxication, young stroke patients with mean age of 40 yrs vs patients with mean age of 70 yrs, 15003
alcoholism rate & hypertension, 24–87 yr old stroke patients admitted to hospital, 9596
auditory EPs & speech & pure tone thresholds, 82 yr old female who became deaf following stroke, 1747
cause of aphasia, stroke patients with cortical vs subcortical left hemisphere lesions, conference presentation, 20605
cerebral blood flow, 34–90 yr old recovering aphasic stroke patients, 9918
comprehensive outpatient rehabilitative system, 30–60 yr old stroke patients, 7698
confusional syndrome, thalamic stroke patients, reply to criticism by J. Santamaria et al, 25825
construct validity of perceptual measures of Cerebral Vascular Accident Evaluation Battery, relationship of scores to discharge disposition status, patients, 2904
dexamethasone suppression test, assessment of depression, acute & chronic stroke patients, 17772
efficacy of EMG biofeedback vs group psychotherapy vs cognitive retraining, stroke patients, 10062
emotional reactions, 13 yr old female in speech therapy who had cerebrovascular accident, 22985
ethanol administration, arteriole & venule spasms & cerebral blood flow & stroke, rats, 22131
Family Stroke Education Class, anxiety & knowledge levels, stroke patients & their families, 10505
functional assessment of mental & physical & social abilities, rehabilitation & clinical focus during phases of stroke care, elderly patients, 31766
head injury & stroke, family & interpersonal relations & employment & leisure activities, patients, 9984
hypertension & atherosclerosis & treatment, 55–80 yr olds who suffered strokes, 20617
interocular P100 latency differences vs amplitude ratios of monocular pattern shift visual EPs, 50–79 yr old stroke patients, 17812
ischemic focal brain lesions, choreic movements, 61 yr old male patient with Huntington's disease, 28399
limb apraxia errors, 58–63 yr old stroke patients with left vs right hemisphere damage, 25828
multidisciplinary stroke rehabilitation, 42–87 yr old stroke victims, 17879
neuropsychological analysis, 50–60 yr old stroke patients with vs without aphasia, 14980
perceptions of changes in emotional behavior following stroke, 72 & 76 yr old male stroke victims vs their wives, 12358
performance on electrophysiological tasks & visual EPs, 42–68 yr olds with right or left middle cerebrovascular accidents, 28437
postmortem neuropathological investigation of crossed dysphasia, right handed monolingual 57 yr old male with right-hemisphere cerebrovascular accident, 1684
poststroke mood disorders & prognostic factors associated with outcome, hospitalized medical patients, 3–6 mo followup, 2-yr longitudinal study, 23525
prevalence & stability & severity of depression at 6 mo, 24–78 yr old stroke patients, 2-yr longitudinal study, 9995
reduplicative amnesia following right hemisphere cerebrovascular accident, 68 yr old male, 20579
rehabilitative impression management, stroke victims, 4987
resistance & interventions in psychiatric consultation, uncooperative & depressed 72 yr old aphasic female recovering from stroke, 31337

response to illness & home care, aged stroke patients & their families, 31197
rupture & repair of anterior communication cerebral artery aneurysm, amnesia, 45 yr old female & 41 yr old male, 1741
sex drive & sexual intercourse following stroke, 18–71 yr old males, 17743
short-term group therapy, feasibility & benefits, 26–68 yr old stroke patients, 20791
spouses report of patient's lifestyle prior to stroke & perceived changes in emotional responses, 72 & 76 yr old males with right vs left hemispheric strokes & their spouses, implications for rehabilitation, 10508
stimulus drawing technique in art therapy, adult & adolescent psychiatric & stroke patients, 17878
symptoms & prognosis, 20–73 yr olds with caudate hemorrhage, 25928
Cerebrovascular Disorders [See Also Cerebral Arteriosclerosis, Cerebral Hemorrhage, Cerebral Ischemia, Cerebrovascular Accidents]
bilateral carotid endarterectomy, cognitive functioning, patients with internal carotid artery stenosis, conference presentation, 20994
carotid endarterectomy, intellectual & mnemic & psychomotor functions & personality, patients with stenoses of carotid arteries, 10-mo followup, 10341
citicoline treatment, neuropsychological performance & EEG activity, 50–70 yr old males with chronic cerebrovascular diseases, 18128
clinical picture & time-course of sensorimotor aphasia, ischemic vs hemmoraghic stroke patients, 1–5 yr followup, 31266
cognitive impairment, patients with carotid lesions with vs without heart disease vs with generalized cerebrovascular disease with vs without heart disease, 20597
comparison of 3 computer programs, automated interpretations of variants of Halstead-Reitan Neuropsychological Test Battery, brain damaged Ss & Ss with cerebrovascular disease with mean age of 60.7 yrs, 5553
confusional syndrome, patients with thalamic stroke, criticism of N. R. Graff-Radford & P. J. Eslinger's study, 25918
congenital vascular malformation of vein of Galen, psychiatric & neurologic manifestations, 18 yr old male, 14982
EKV survey of feelings & thoughts & attitudes & plans, patients confronting cardiovascular or cerebrovascular diseases, 22951
hypoplasia of carotid artery & part of circle of Willis, unilateral sensory & motor symptoms on hyperventilation, 13 yr old female, 7091
pathophysiological mechanisms & cerebrovascular risk factors, 50–74 yr olds with transient global amnesia vs 37–76 yr olds with transient ischemic attacks of brain, conference presentation, 20538
risk factors of cerebrovascular disease, 45–78 yr old patients with transient global amnesia, 25794
secondary mania associated with right thalamic infarctions, 61 & 63 yr old males, 1654
stenoses & occlusions of carotid arteries, intellectual & mnemic & attention & psychomotor functions, 50–70 yr old patients, 9939
surgical repair of ruptured anterior communicating artery aneurysm, amnesia & personality change, 26–56 yr old patients, 7002
visual agnosia without alexia, 41 yr old male with bilateral posterior cerebral artery infarcts, 14928
Certification (Professional) [See Professional Certification]
Certified Public Accountants [See Accountants]
Cervical Plexus [See Spinal Nerves]
Cervix
cold water swims, cervical probing & cold water swim analgesia, rats, 654
experience of cancer during early & advanced stages & coping behavior, 30–44 yr old female patients with cervical or breast or gynecological cancer & their mates, 4440
mass screening for cervical cancer, psychological side-effects, 35–54 yr old females with positive vs negative smear, 2059
Chance (Fortune) [See Also Statistical Probability]
age differences, attribution of luck vs skill in other's performance, kindergartners vs 2nd vs 4th vs 6th vs 8th graders, 14192
clinical amplification of dance motifs in dreams, elderly female patient, 7272
concepts of causality & logical structures, task for assessment of chance, 25–60 yr old formal operational female members of spiritual community, 22331
suffering & physiological responses in chance conditions, expectations of outcome & performance improvement, college students, 22620
Change (Organizational) [See Organizational Change]
Change (Social) [See Social Change]
Chaplains
medical model approach, treatment of psychiatric inpatients, chaplains at VA psychiatric facility, 15487
role in helping mastectomy patients, female hospital chaplains, 7646
self perceived role definitions, hospital chaplains, 7639
Character [See Personality]
Character Development [See Personality Development]
Character Disorders [See Personality Disorders]
Character Formation [See Personality Development]
Character Traits [See Personality Traits]
Charitable Behavior
application of social psychology principles, donations to charity, middle class respondents, 17329
attitudes toward charity to beggars, 16–21 yr old secondary school students, Senegal, 8008
attribution traits in positive vs negative situations, donating behavior, 6th graders, 1002
conventional vs refutational persuasive message styles, filling in organ donor cards, college students, 28041
empathic instructions, donating behavior, male vs female 1st graders, 14133
labeling & dependency on contribution appeals, contributions to nonprofit organization, consumers, 29590
monetary contributions & athletic success of university football & basketball teams, alumni, 25422
mood & relative performance, resource allocation, college students, 12029
personal vs impersonal methods of motivation, recruitment of blood donations, college students, 25426
psychology of restaurant tipping, diners at pancake house, 25387
religious salience of solicitation, contributions to charities, college students at church affiliated school, 30784
rules & rituals of Christmas gift giving, adults, 1214
solicitation of opinions, contributions to public good, psychology doctoral program graduates, 30807
Cheating
causal inferences & externalization of cheating, college students manipulated vs not manipulated to cheat vs Os, 15831
cheating vs observed cheating on test, attribution of internal vs external & moral development factors' importance, college students, test of L. Kohlberg's stage theory as taxonomy of moral attributions, 22367
cognitive morality & moral behavior, 6th graders from secular vs religious school, Israel, 8017
Chemical Brain Stimulation
chronic intracortical administration of levoglutamate, ocular dominance shifts, monocularly deprived kittens, 6159
eseroline, electrophysiology, male albino rats, 728
exposure to cyclooctanone vs urine vs distilled water odors, olfactory development & preferences, mice, 19681
icv vs ip administration of LSD vs dimethoxy-4-methylamphetamine vs mescaline vs lisuride, FR operant responding, male rats, 24894
methylphenidate vs McNeil 4612 vs dextroamphetamine, maintenance of drug self administration behavior, rats, 3497
microperfusion of exogenous norepinephrine in visual cortex, binocular interaction, kittens, 11601
muscimal vs GABA vs strychnine vs glutamic acid vs acetylcholine vs norepinephrine, activation of mesencephalic locomotor region, cats, 30231
stimulation of dorsal hippocampus with carbachol & dioxolane vs electricity, head-eye-body turning, cats, 19707

Chemical Elements [See Also Calcium, Calcium Ions, Copper, Hydrogen, Iron, Lead (Metal), Lithium, Magnesium, Metallic Elements, Nitrogen, Oxygen, Phosphorus, Potassium, Potassium Ions, Sodium, Zinc]
iodine-deficient diets, behavioral & physiological change, male rats, implications for role of dopaminergic neurotransmitters, 22206
oral chemical irritation derived from spices, perceived intensity & areas of sensation over time, 20–36 yr olds, 11268
scalp hair trace element concentration, 2–11 yr old autistic & autisticlike children, diagnostic implications, 25741
severity of cognitive or functional impairment, CSF silicon levels, 44–86 yr old patients with Alzheimer-type & other types of dementia, 22973
trace mineral analysis as adjunct to psychotherapy, patients, 28532
Chemistry [See Also Biochemistry, Neurochemistry]
formal reasoning capability, balancing chemical equations, 20–41 yr old college students, 29285
presentation mode & color, teaching visualization of rotation in diagrams of molecular structure, 15–16 yr old high school students, 26551
question structure & sequence of items of different difficulty, performance on multiple choice chemistry test, 5th graders, 26697
Chemoreceptors
chorda tympani nerve transection, neurophysiological responses to salts, rats, 11566
drug blockage of catecholamine synthesis or dopamine receptors, effect of Z-prolyl-dextroleucine on morphine withdrawal, mice, 27604
ECT treatment or haloperidol, pre- & postsynaptic dopamine receptors, rats, 11547
electrophysiological coding of stimulatory & inhibitory components of natural food odor, spiny lobsters, 21949
food extract &/vs heated water as chemical feeding cue, chemoreception & attraction to water, goldfish, 24701
low dosages of apomorphine, desensitization of dopamine autoreceptors & rebound hypersensitivity, rats, 11609
neurophysiology of olfactory neuronal stimulation, literature review, 11496
presence of normal receptors for somatomedin & insulin, 18–20 wk old fetuses with Down's syndrome, 6975
quantitative method of cross-adaptation, identification of multiple receptor sites for amino acids in olfactory receptors, carp, 22028
speed of reactive capacity, prediction of differences in striatal binding of spiroperidol, rats, 11503
Chemotherapy [See Drug Therapy]
Chess
personality traits, chessplayers, 28087
Chest [See Thorax]
Chi Square Test
chi square in educational measurement, 32175
chi-square test of independence, analysis of social interaction for serial dependence, 11213
chi-squared test, agreement between Os in categorizing objects, criticism of R. L. Brennan & R. J. Light's method, 11206
FORTRAN IV program, Stuart-Maxwell test for change in categorical measures using repeated measures or matched groups, 29676
FORTRAN subroutines & algorithms for exact chi-square test & Fisher exact probability test, 19115
measurement of interdependence between behavioral sequences of 2 individuals, 5684
reusable template for computer calculation of chi squared with more than 1 degree of freedom, 228
sample size & specification error, fit of structural equation models & validity of chi square test, 19131
transformed difficulty vs chi-square vs item response techniques, item bias in math word problems, 2nd & 4th graders, 21475
Chicanos [See Mexican Americans]
Chickens
age, social transmission of pecking preferences, hatchling chickens, 479
amount of space in battery cages, interindividual distances, pairs of hens from 2 strains, 8684
approaching vs retreating vs stationary disk, reinforcement of imprinting, domestic chicks, 19346
auditory stimulation during embryonic development, early hatching, chicks, 21907
behavior & adaptation, production, chickens, comments on article by P. B. Siegel, 3141
companion familiarity, open-field responses, pairs of female chicks reared in pairs vs groups, 511
complexity of stimulus, exploration, infants chicks, 13780
density in battery cages, aggression & pushing behavior, pairs of hens from 2 strains, 8683
development of evolution of wing-flapping behavior, white leghorn chickens, 11404
differential approach responses to twitters & peeps & pulsating broad spectrum noise, domestic chicks, 524
domestication, development of wing-flapping rate & lateral flight & wing area & ratio of wing area to body weight, Japanese quail & chickens, 438
environmental stimulation, frequency of head shaking, White Leghorn hens selected for high- vs low-antibody titers to sheep erythrocyte antigens, 5956
familiar vs novel environment & social isolation, tonic immobility, hens, 8598
feeders vs free access to feed, feeding & social behavior, laying hens, 27286
frequency of aggressive behavior, chicks, 5935
group structure & sexual behavior & dietary habits & general adaptation, meat & egg production, poultry, literature review, 3143
lesions to intermediate & medial part of hyperstriatum ventrale, imprinting stimulus preferences, domestic chicks, 698
motor-driven arrow & target stimuli, pecking preferences, 1 day old chickens, implications for social transmission of information about food recognition, 537
neural retina vs pigment epithelium & optic lobe, blood flow & uptake of nutrient analogs, 5–7 day old chicks, 11517
operant conditioning of categorical judgments, distribution of judgments, chicks, 16510
opportunity to escape, duration of tonic immobility, domestic chicks, 19343
passive avoidance conditioning, hemisphere asymmetry of synapses in medical hyperstriatum ventrale, chicks, 595
post-imprinting exposure to halothane anesthesia, choice behavior 24 & 48 hrs later, day old chicks, 8983
sex differences, cerebral asymmetry in visual discrimination & habituation, chickens, 16606
spacious & varied housing conditions, resting & maintenance behavior, captive Burmese Red jungle fowl & commercial chickens, 5883
stimulus configuration & valence-enhanced pecking, neonatal chicks, 8604
Child Abuse [See Also Battered Child Syndrome]
abuse & development of interpersonal sense of control, adolescents, 17611
abuse, development, 4.6–14.4 yr olds, 5.5-yr followup, 28344
abuse in childhood as cause of homicidal adult, psychoanalytic interpretation of F. R. Schreiber's "The Shoemaker", 9067
abuse in childhood, subsequent massive defensiveness, adult male patient, implications for parallels in G. Orwell's "1984" & autobiography, 28355
abuse in institutions & residential centers, children, 31606
acceptance of psychopathological vs sociological vs ecological explanations of child abuse, college students, 17644
adult mental health & psychosexual adjustment, 18–24 yr old females removed from home in childhood due to sexual or physical abuse or neglect, 6889
affective & cognitive-motivational development, abused/neglected & perinatal-risk infants, 9106
aggressive drive or instinct, child abuse, 1539
anthropological perspective, spouse & child abuse, West Africa, 1517
application of Adlerian principles to court-ordered family therapy, family of child abuse, 7340
art therapy, sexually abused 3–10 yr olds, 15059
attitudes toward due process & social service norms & goals in juvenile court dependency & neglect proceedings, judges vs prosecutors vs caseworkers vs referees vs intake workers, 20009

behavioral approach to empirical study of child abuse, conference presentation, 20379
between group communication in child abuse management, social workers vs doctors vs police vs lawyers, 31657
bibliotherapy, abused children aged 7 yrs to teenage, bibliography, 23481
biographical data, men who sexually abuse children, 12254
bug-in-ear microphone device for training in positive verbal & physical attention toward child, abusive-neglectful mother of 4 yr old, 23197
changing life events & mother-infant interaction & life stress, etiology of child abuse, primiparous mothers at risk for child abuse, 6902
child abuse & family violence & victimization, Finland, conference presentation, 9747
child abuse & neglect as social problem, 6957
child abuse & neglect reported to US Army, 1976–80, 4307
child abuse & societal norms, Nigeria, 28345
child abuse, overview & comments on articles by E. C. Herrenkohl et al & T. W. Estroff et al & M. Monane et al & C. Adams-Tucker & R. E. Tarter et al, 25633
child abuse reporting laws in Ontario, Canada, 6920
child maltreatment, developed vs developing countries, implications for policy options, conference presentation, 22813
child-related vs non-child-related stressors, attributional style & annoyance, mothers with previous history of child abuse or neglect, 25611
childhood abuse & emotional development levels, 22–51 yr old battered females, 4313
childrearing patterns, normal vs depressed vs abusive mothers of 4–9 yr olds, 20201
circumstances surrounding sexual abuse, male vs female 4 mo to 17 yr old victims, 12240
classification strategies in judging child abuse, elementary school teachers & court child protection officers & school & state services social workers, 12246
concurrent validity of Child Abuse Potential Inventory, males & females, 13591
consequences of abuse investigation & conviction, 19–45 yr old male incest offenders, implications for treatment, conference presentation, 9818
control of child abuse, 12255
convergent & discriminant validity of Child Abuse Potential Inventory & comparison with 16PF, college students, 27042
counterphobia as etiology of multiple sexual molestation, 4–8 yr old female victims, 4289
court affirmation of father's conviction for molestation of his deaf daughter, case law, 14375
criteria for placement decisions in public protective services, abused children, 4892
data collection of Project 12-Ways for measuring outcome of large in-home service for treatment & prevention of child abuse & neglect, conference presentation, 23106
debriefing sessions & consultations, emotionally abused children, conference presentation, 10055
depression & anxiety & emotional distress & physical symptoms & behavior toward their children, physically abusive mothers, 14798
detailed accounts of psychodynamics of child abuse cases in 2 pre-romantic novels, 22263
detection & intervention & treatment & long-term management & prevention of sexual victimization, children, implications for educators, 26501
development of training module on child abuse & neglect, preservice & inservice school psychologists, 26492
developmental approach, child abuse, treatment implications, 22849
ecological definition of abuse within family, adolescents, implications for treatment by social services, 31034
economic factors & family values, child abuse & neglect, Hispanic families, US, implications for intervention, conference presentation, 9800
efficacy of crisis intervention center, parents at risk for child abuse & neglect, 31639
embeddedness in helping networks & supportiveness of immediate setting, isolation & loneliness, Black vs White mothers & fathers & children & neighbors involved in child neglect, 14821
emergence of child abuse in foster homes, 9768
ethnicity & manifestations of child abuse, Anglo vs Black vs Hispanic victims & suspects, 22836
etiology of multiple personality in child abuse, 4272
exposure to human relations child abuse program, knowledge & attitudes, 5th & 6th graders & teachers, 23767
failure of "bond formation", child abuse & neglect & maltreatment, high risk mothers & their newborn children, implications for hospital procedures, 28308
failure of bond formation, child abuse & neglect & maltreatment, mothers who had limited contact with newborn at birth, 6903
family therapy, resistance, child-abusing families, 1895
feasibility of identification of risk of child abuse, expectant mothers, 24-mo followup study, 22800
frequency of mortality from child abuse, Denmark, conference presentation, 9770
generational effect in maltreatment & infant temperament, dyadic interactions, 6–11 mo olds & 2–10 yr olds & mothers & other adults, 22807
group treatment program, peer relations, abused or neglected middle-school adolescents, 31425
health & abuse or maltreatment, 3 yr olds from abusive vs neglectful vs failure to thrive families, 9806
heterosexual molestation in childhood, 20–54 yr old males convicted of raping females, 4335
history & definition & etiology, child abuse, 31069
history of childhood sexual experience within vs outside of family, current symptoms, female college students, 4347
hostility & destructive aggression in mother-infant dyad, reactive attachment disorders & child abuse & neglect, infants, 9755
identification & treatment of potential child abusers prior to abusive action, literature review, 28565
immunity from lawsuit by visually handicapped parents in child neglect prosecution proceedings, individuals professionally associated with case, case law, 14326
inappropriate post-crisis treatment, families of abused & neglected 6 mo to 9 yr olds, 3-yr followup study, 23446
incest experience, 14.5 yr old female with multiple personality, etiological implications, 28166
incidence of sexual abuse as children, adults, US, implications for policy making, 22831
income level, parent–child interaction, dyads of maltreated 16–78 mo olds & maltreating adults, 25637
individual & family & community & cultural factors, etiology of child abuse, 6892
individual & social systems & cultural beliefs & agreements in intervention strategy, prevention of child abuse, 10069
infliction of serious injuries on younger siblings, 4.5–12 yr olds, 17615
informed consent & cognitive distortions in sex between children & adults, pedophiles, literature review, 14386
institutional abuse as structural aspect of institution itself, adolescents & children, 18329
integration of various treatments for intervention, prevention of child abuse, infants at risk for neglect & abuse, 10076
intellectual development, battered children with mean age of 8.9 yrs, 5.5-yr followup, 6936
intelligence & negative self concepts & expectations & social stressors, child abuse, mothers, 12274
IQ, ability to discriminate emotions in others from picture stories, abused & neglected 3–5 yr olds, 22820
irrational thinking & other personality characteristics, 23–38 yr old abusing mothers, 25676
issues in group work, abused & neglected adolescent females & their social workers, 28700
lay health visitor intervention & maternal background & newborn history, weight & development & mother-child relations, non-organic failure-to-thrive child inpatients & mothers, implications for child abuse intervention, 10434
legal & medical & social work perspectives of child maltreatment, 12287
life events & stress & social support, child abuse & neglect, implications for prevention, 22827

maltreatment, security of attachment, 8.7–31.8 mo olds & their mothers, 22835
marital & housing & financial problems & family background & relations, mothers of abused vs non-abused children, Australia, 28343
maternal age, incidence & type & severity of child maltreatment, teenage & older mothers, 12267
maternal psychopathology & perception of child behaviors, mothers of abused & neglected school age children, 25626
maternal representation of own childhood experience & relationship with mother & behavioral traits of child abusers, prediction of rejection of own infant & predisposition to child abuse, mothers, 9785
medical foster care program to reduce extended hospitalization, 4 wk to 7 yr old abused or neglected females, 4881
mental health services & establishment of working alliance between service providers & parents, prevention of child abuse, 10405
mother's reports of child behavior problems & locus of control, abuse potential, mothers and their 2–10 yr olds, 25682
multidisciplinary treatment approach, assessment of abused children, 1806
Munchausen syndrome by proxy, 9 yr old female with Munchausen syndrome mother who feigned illness in child & presented her for treatment, 17789
National Incidence Study of Child Abuse and Neglect, study of child sexual abuse, US, 9766
need to move beyond interdisciplinary team composition as minimum criterion for multidisciplinary functioning in child abuse treatment, 18223
needs & personality traits within family, child abuse, parents & their children, 9823
neuropsychiatric & intellectual & educational status & history of abuse, extremely violent vs less violent incarcerated male delinquents, 6924
neuropsychological & intellectual & educational status & child abuse exposure, violent behavior, incarcerated male delinquents, 28335
neuropsychological & personality & familial characteristics, juvenile delinquents with vs without history of physical child abuse, 25685
obstacles & progress, professional intervention in child sexual abuse cases, 12426
organization of therapeutic approach, families involved in child sexual abuse & incest, 31419
parent vs teacher assessment of intellectual & behavioral functions, maltreated children with mean age of 11 yrs, 17645
parental alcoholism & child abuse & physical & psychosocial dysfunction in children, implications for primary prevention, 4345
parental caregiving & locus of control & persistence & use of contingency information, helplessness, physically abused 8–12 yr olds, 22869
parental dysfunction, admission to institutional care, infants, Sweden, conference presentation, 10352
parental social deviance & desire to change & relationship with child, decision making in child neglect cases, protective service workers, 31616
Parent/Child Early Education Program, prevention of child abuse, high risk families, conference presentation, 20888
pastoral counseling & therapy, child abuse or neglect, 28888
patient characteristics, preschoolers seriously abusive toward siblings, 4342
pattern of attachment to mother & behavioral differences & congenital differences, 1–19 mo olds of abusing vs neglecting vs problematic vs adequate mothers, 22806
personality characteristics & personal history & psychodynamics & psychopathology, physically abusing parent vs borderline patient, implications for treatment, 22858
predictive model of recurrence of child abuse, 17622
predictive validity of Child Abuse Potential Inventory, correspondence between test scores & confirmed reports of abuse & neglect, mothers at risk for poor parenting & child abuse, 2929
predictive value of enuresis & firesetting & cruelty to animals, sex offenses, 18–68 yr old male incarcerated sex offenders, 17641
prevalence of physical abuse, psychiatrically hospitalized 3–17 yr olds, 26340
prevention service delivery program despite economic cutbacks, abused children, rural US, 18208
problems in mandated reporting of child abuse, mental health care personnel, 26466
provision of information about child abuse & neglect to social welfare & medical personnel, Ministries of Social Affairs & Health, Finland, conference presentation, 10363
psychiatric evaluation, filicidal vs abusive mothers, 28326
psychiatric needs & professional referrals for psychiatric services, sexually abused Ss aged 17 yrs or less reported to child protection agency vs clinically evaluated, 26265
psychological & sociological & parent-child interactional variables, abusive vs nonabusive families with children with conduct disorders, 17660
psychological correlates & family relations, child abusive vs nonabusive parents, literature review, 22879
racial and ethnic differences in sexual abuse, White vs Black children, 17640
rate of mistreatment complaints, child welfare residential institutions, conference presentation, 9801
rehabilitation, families of abused & neglected children, UK, 7717
relationship between child maltreatment & social class & between maltreatment & delinquency, high school freshmen, 14770
reporting of child abuse & confidentiality in family counseling, implications for social work, 26295
responses to distress in agemates in daycare setting, disadvantaged abused vs nonabused 1–3 yr olds, 25652
responsibility for educating children about sexual abuse, teachers, 26532
reversal of child abuse conviction in which lower court impermissably admitted hearsay expert testimony, case law, 3895
role in identification & interaction with child sexual abuse victims, teachers, 29152
role in long term treatment & followup of child abuse & neglect cases, pediatricians, 18437
role in parent education & prevention of child abuse, school & day care teachers, 26470
role in prevention & detection & intervention of child sexual abuse, early childhood educators, bibliography of resources, 18543
role of friends & relatives & neighbors as natural helpers in prevention of child abuse & neglect, at risk families referred by social workers, 28529
role of violence & application of epidemiologic techniques used by Centers for Disease Control to study problems of child abuse & homicide & suicide, 17620
sex differences in violent activity toward children within family, parents, implications for treatment, 23109
sex of parent & parent-child compatibility, abusive child punishment in single- vs 2-parent households, noninstitutionalized adults, 20420
sexual abuse by family members & friends, children & adolescents, 4350

day care at childminders vs day nurseries, infants under 2 yrs old, England, 22484
day care, child development, literature review, 9085
day care needs & attitudes & practices, single parent vs intact families, implications for counselors & employers in area of childcare support, 1093
definition of quality professional child care, 1057
development & implementation of nursery school program for bridging generation gap, children & nursing home residents, 18582
development & reliability & validity of instrument, psychosocial assessment in family day care program, infants to 9 yr olds, 2885
development of cooperative child day care program at community college, 5379
effective marketing, child care services, 28882
effective marketing strategies for quality child care, 28854
exploratory play, infants, implications for optimal child care environment, 25176
family background vs collective educational environment, creativity, preschool students raised at home vs in day care centers, 25208
government childcare services, shift-working parents, Sweden, implications for childcare worker training, 23447
history & philosophy & organizational & financial structure & programs of university child care centers, 5389
involvement of university in campus child care center, 5365
latchkey arrangement, functioning, 4th & 7th graders with self- vs adult-care, 25058
need for child-centered day care, 1058
nonmaternal care, maternal attachment & intellectual development & social emotional behavior, preschool children, literature review, 6236
parent education in campus child care centers, 5403
peer-peer interaction in playpen with toys, 10–21 vs 24–30 mo olds with extensive daycare experience, 25231
perceptions of parenting, early childhood daycare staff vs parents, 22474
physical attractiveness & temperament of child, caregiver interaction & attention, caregivers & 4–37 mo olds in group program, 26595
preparation for working in child day care & kindergartens, adults, Hong Kong, 23656
programs, compliance & self control & discipline, young children, implications for daycare, 29319
proposed agenda for policy making, child day care, 1149
quality & professionalization of child care, Canada, 12740
real-life moral decisions vs hypothetical moral knowledge, early childhood educators in day care centers, 13004
recruitment & training methods & services & monitoring & evaluation, childcare workers, India, 23646
role identities & attitudes toward parents & child care profession, child day care caregivers & directors, 13000
role of government in supporting daycare services, Canada, 28869
scientist-practitioner model of integrative child care, adolescent group therapy implications, 12751
Child Discipline [See Also Parental Permissiveness]
direct vs indirect maternal intervention techniques at age 4 yrs, school-related abilities & problem solving, children tested at ages 4–6 & 12 yrs, 14043
discipline & increase of self control, preschool age children, 25215
family behavior & home discipline & marital relations of parents & parental rejection, 4th & 7th & 10th grade males who fight at home &/or school, treatment & prevention implications, 3720
guidelines for child discipline, 27927
maternal verbal & nonverbal techniques & responses to compliance vs noncompliance, dyads of 23–43 yr old White middle class mothers & their 42–75 mo olds, 22386
obstacles to appointment keeping in child behavior management clinic, parents following 1st appointment-keeping failure, 26285
parent child communication & discipline, adolescents, 14295
parent-child relations & discipline & parent training, disobedience, 10–16 yr olds, 27735
parent training, child noncompliance, maritally distressed vs nondistressed mothers, 23193
parental use of threat "God will punish", compliance, 4th–8th graders, replication of C. Z. Nunn's study, 19911
parenting discrepancy & dyadic adjustment, defensive & supportive communication in discipline situation, 23–46 yr old fathers & mothers & their 3–5 yr olds, 9396
perceptions of parental control & warmth & acceptance, 15–18 yr olds, South Korea, 22486
phobic family rituals, disruptive classroom behavior, adolescent, 4339
social support & stress, maternal discipline, mothers & their developmentally delayed 6 mo through 3 yr olds, 17713
type of misconduct, evaluation of mother's disciplinary technique, 4–18 yr olds, 9331
Child Guidance Clinics
assessment & evaluation of McMaster Model of Family Function in child psychiatric clinic, families with children aged 1.5–17.1 yrs, 4671
family guidance in child guidance centers, Finland, 2-yr followup, 7613
knowledge & expectations of child guidance clinic at initial referral, families with 9–18 yr olds, 7321
obstacles to appointment keeping in child behavior management clinic, parents following 1st appointment-keeping failure, 26285
psychological service & counseling for prevention & early diagnosis of behavioral disorders & retardation & working with parents & child guidance clinics, kindergarten teachers, 8146
types of disorders & age & sex & SES, children & adolescents in child guidance clinics vs outpatient unit of psychiatric hospitals, 15051
Child Psychiatric Clinics [See Child Guidance Clinics]
Child Psychiatry
aims & strategies of psychiatric assessment, children & adolescents, 20250
analysis of theories of intellectual inhibition, children with psychiatric symptoms, 14661

anger & hostility & aggression, close relationships & treatment, children & adolescents, 4550
assessment & treatment planning, child psychiatry, 17866
attitudes toward child psychiatrists & consultation, pediatricians, 29028
"Bewitched Family" projective picture test, 5656
biological research in child psychiatry, pediatric psychopharmacology & neurodiagnostic techniques & psychogenetics, 7183
child psychiatric teamwork & maintenance of enthusiasm & burnout, general hospitals, 4974
child psychiatry & Project Future, criticism of American Academy of Child Psychiatry's report, 17881
child psychiatry in protection center for mothers & infants, 7153

role in child psychiatric unit, senior therapist, 21194
role of child psychiatry in undergraduate medical curriculum, child psychiatrists vs general psychiatrists vs family doctors vs pediatricians, 5103
selection of therapeutic interventions, child psychiatry, literature review, 7159
state of child & general psychiatry, observations of visiting child psychiatrist, People's Republic of China, 7158
storytelling, psychiatric assessment, children, 31319
systematic approach to outpatient child psychiatry, 7165
therapeutic space design for psychiatric inpatient unit for children, 8254
treatment approaches, psychologically disturbed infants, literature review, 7175
treatment outcomes after discharge from psychiatric therapeutic service, children & adolescents, longitudinal study, 1975–80, 7664
treatment patterns & interdisciplinary collaboration & research, future of child psychiatry, comments on report by American Academy of Child Psychiatry, 17877
use & abuse of psychotropic drugs in child psychiatry, 18120
use of music as source of therapy, child psychiatry, 1769
use of psychoanalysis & behavior therapy & parental counseling in psychiatry, disturbed infants, literature review, 28571
use of semiology in child psychiatry, 31283
usefulness of diagnosis in day-to-day practice, child psychiatrists, 23143

Child Psychology

behavioral assessment in pediatric psychology, 28548
biographical sketch of child psychologist D. T. Burlingham, 2760
British Psychological Society diploma syllabus, clinical teaching on subject of children & adolescents, 5113
research trends & methodologies in child psychology, Philippines, 19786
status & problems of child & developmental & educational psychology, USSR, 9120

Child Psychotherapy [See Also Play Therapy]

ability to think about personal feelings, adjustment to school, 5.5 yr old male referred for psychotherapy, 12516
Adlerian approach to psychotherapy, children following parental divorce or remarriage, implications for elementary school counseling, 10862
aggression, language development & creativity & therapy of conversion symptoms, children, 7212
application of object relations in group psychotherapy, developmental conflicts & therapist role, children, 31439
changing treatment plans in long term intervention, infant development & mother-child relations, 23 yr old mother & daughter from birth to 3 yrs of age, 4672
child analysis in psychoanalytic training, 10579
child psychoanalysis, 1850
combined individual & group psychotherapy, transference & alliance formation, ego impaired vs ego intact 8–16 yr olds, 31388
congenital handicaps & repeated operations, emotional & psychic damage & E. Bick's concept of "psychic skin," 4 & 15 yr old males, 6707
"containment" & "transformation", analytic process, criticism of A. Alvarez's conclusion, 12491
cotherapy, resistance in individual psychotherapy, 9 & 10 yr old males, 12537
description of work as playleader in play therapeutic situation & relationship to subsequent work as child psychotherapist, 3 case examples, 31897
development of dialogue through therapy, aggression & lack of awareness of danger due to father's instability, 2.5 yr old male & mother, 7207
disorders of separation & attachment during childhood development, children in psychoanalytic therapy, conference presentation, 31376
divorce & reconciliation fantasies, children, implications for therapy, 6500
draw-a-story game, evaluation & treatment of emotional & behavioral problems, children, 10127
early deprivation, emotional development & psychotherapy, 66.5 yr old female in foster care, 7226

early emotional life & family relations, difficulty in using aptitude & intelligence & capacity for self expression & imagination, children in psychotherapy, 12461
elements & stages of child psychotherapy, 17935
issues in psychotherapy, 7.5 yr old male in foster care, 7231
learning to communicate through psychotherapy, 4 yr old female with reluctance in eating & making relationships, 7278
Lowenfeld Mosaic Test, diagnosis & psychotherapeutic treatment, children, conference presentation, 21778
metaphoric language & "containment" & "transformation" in analytic process, reply to L. Loxterkamp's criticism, 12460
mirroring in psychoanalysis, development of ego & object relations, aggressive 3 yr old male with poor relations with mother, 7266
modification of superego through psychotherapy, latent effects of father's death, 6 yr old male, 7220
once-weekly psychotherapy, deprived 7–9 yr olds in child guidance center, 7219
outcome research, child & adolescent psychotherapy, 17956
outpatient individual therapy for children & family therapy through VA hospitals, clinical status of parents, volatile adult psychiatric patients & their spouses & disturbed children, 12818
planned brief psychotherapy, children & their families, 17912
projection of envious spoiled personal traits, learning & interpersonal & emotional difficulties, 10 yr old female, 12514
projective identification vs container-contained identification in psychoanalysis, 9 yr old males, 7247
psychoanalytic psychopathology & psychoanalysis, separation & loss, disturbed children, comments on article by E. Mahon, conference presentation, 31391
psychodiagnostic work, 6 yr old male only child of divorced mother, 7264
psychotherapeutic approach at youth family care center, severely deprived males from age 2.3–5 yrs, 7210
psychotherapeutic approach of M. Klein, 4 yr old autistic male, 7281
psychotherapeutic intervention, developmental delay & distortion, 3 yr old male, 7286
psychotherapeutic treatment of squinting, 3.5 yr old male, 31373
psychotherapy, foot & shoe fetish, psychotic 6 yr old female who had been traumatized by her father, 7228
psychotherapy for nervous reaction to physical contact, 14 yr old male with extreme paranoia to outside intervention, 31354
psychotherapy in psychiatric day unit of child guidance center, 6 yr old female, 7648
psychotherapy, pathological body ego formation, 5 yr old male with cleft palate, 7206
receptive containment & transformation & communication of interpretation, countertransference in child psychotherapy, 8–12 yr olds, 7201
reformulation of metaphor as habitual organization of action & fantasy & language behaviors that follow developmental principles, children, implications for personality development, 28650
regression through music therapy, self confidence & ability to cope with stress, 5 yr old with mild mental retardation, 10038
regression through psychotherapy, anxiety & fear of growing up, asthmatic 3.5 yr old male, 7211
role of child psychotherapist in major teaching hospital, 7688
self psychology & countertransference reactions in treatment, children, 31386
suggestions from "hero" during brief hypnotic treatment, ego & identity & reality problems, 5–12 yr old males with encopresis &/or enuresis &/or hyperkinesis &/or other disorders, 31568
theory of emotional & cognitive development & therapeutic acknowledgement of past, emotional adjustment, children & families, conference presentation, 18270
therapeutic needs & intervention, children of separation & divorce, 12500
therapist functions in psychotherapy, 19–30 mo olds, 4603
transference & countertransference, analytical therapy, children & their therapists, 20741
transference & countertransference, behavioral psychotherapy, children & adolescents, 20833
transference & countertransference, psychotherapy, children & adolescents & their therapists, 20770
unconscious fantasies of identification in psychoanalytic therapy, children, 17963
use of transference in collateral therapy of individual & family following death of mother, 11.5 yr old female, 31382
viability of 1- or 2- vs 4- or 5-times weekly psychotherapeutic sessions, 4 yr old aggressive male treated once weekly, 31381

Childbirth [See Birth]

Childbirth (Natural) [See Natural Childbirth]

Childbirth Training

childbirth training & demographic variables, labor pain, primiparous vs multiparous mothers, 31600
knowledge & confidence & skills before vs after childbirth classes vs after labor, male & female participants, 12737
level of object relations & marital adjustment, participation in Lamaze childbirth training, 21–30 yr old expectant parents, 30624
psychological mechanisms, preparation for childbirth, 28845

Childhood Development [See Also Early Childhood Development, Infant Development, Neonatal Development]

abuse, development, 4.6–14.4 yr olds, 5.5-yr followup, 28344
acquisition of nonverbal communication, literature review, 9121
acquisition of psychic representation of father during infancy & toddlerhood, children, 19762
adaptive value of play, children, 17099
advantages & disadvantages of video recordings as observational method of studying behavior, children, 26952
analysis of work of N. Galifret-Granjon, symbolic representation & ideo-motor processes, 13470
animas, fathers & sons, reply to criticism by R. Gordon, 13430
application of Western psychology in non-western traditional society, implications for child socialization, 9350
artistic & aesthetic development, 4–6 yr olds, implications for early chidhood education, 7940
basic child health & development education, knowledge level & health behavior, 3rd & 5th & 7th graders & their guardians, rural Jamaica, 32019
Bayley vs Griffiths developmental scales & validity of assessment scores, 3–21 yr old profoundly multiply handicapped, 21743
behavioral development during childhood & genetics, 30405
birth stress & intellectual ability, development of hand preference, children studied at birth & 2 & 4 & 7.5 yrs, 22290
birth weight & neurological & environmental & developmental characteristics, 7 yr olds with stable behavior problems, New Zealand, 6928
bonding & parent preference & temperament & personality & separation-individuation & cognitive development & child abuse, twins, implications for parenting, literature review, 19784
brain growth theory, applications to educational psychology, comments on theory of H. Epstein, 11677
capacity to work during childhood, prediction of positive mental health, underprivileged inner-city 47 yr old males, 33-yr longitudinal study, 6268
child development research in areas of neonatal genetic equipment & attachment behavior & stranger anxiety, child psychoanalysis, 7239
childcare quality & variations in development as function of facility, children, implications for evaluation, 23449
childhood dyslexia or hyperactivity or learning disorder or other cognitive difficulties, problems in adulthood, adult male in psychoanalysis, 28625
childhood emotional development & conflict-coping behavior, psoriasis patients, 4487
childhood indicators of vulnerability to adult schizophrenia, delinquent 10–17 yr old males who were vs were not schizophrenic 40 yrs later, 9657
childhood peer relationships, later mental health, literature review, 11793
classification of developmental changes, preschool & school age autistic & mentally retarded children, 3-yr longitudinal study, 12170
clinical profiles of children of Holocaust survivors in M. S. Bergmann & M. E. Jacovy's "Generations of the Holocaust", 6219
cognitive & developmental & personality & social policy issues, TV, children & their families, 30393
cognitive development & evolution of concept of "sleeper effects", children, implications for early intervention, 27764

collative preference for variety of rewards, preschoolers vs 2nd vs 4th graders, 30464
concentration & visual perception & motor coordination developmental levels, learning game & accelerated acquisition of perspective-operations, 4–6 yr olds, 25118
contemporary psychoanalysis & interdisciplinary research on developmental issues, children, 27729
continuity & changes in development, kibbutz children, Israel, 13991
continuity of care in government programs & child nutrition, 2073
cultural influences on early 20th century research conducted at Iowa Child Welfare Research Station, cultural & environmental influences & intellectual development, children, 27766
current trends in developmental theories, children, literature review, 27746
day care, child development, literature review, 9085
definition & development of emotions & relation to cognitive development, 6271
definition & relation to cognitive development, emotional development, 27751
definition of animas, fathers & sons, criticism of J. Beebe's article, 13442
demographic variables & capacity to work, prediction of mental health & career success, inner-city 47 yr old males, 33-yr longitudinal study, 27747
development & psychopathology, 36–186 mo olds with fetal alcohol syndrome, 7126
development & reliability & validity of instrument, psychosocial assessment in family day care program, infants to 9 yr olds, 2885
development & rights & function of welfare services, children, 31659
development & role of consistency pressures, social behavior, children, 17036
development factors, reading & study habits, 10–12 yr olds, 25038
development of child's individuality in psychoanalysis in work of M. Klein, 7225
development of curiosity & role in child psychiatry, 17012
development of playground improvement rating scale & importance of play in childhood development, 27730
development of religious concepts, children, implications for religious education, literature review, 30386
development of social competence, children, 3698
development perspective & teaching suggestions for play & games & sports, children, 25033
developmental approach, child abuse, treatment implications, 22849
developmental continuity & child health care policy, 2058
developmental correlations, depression, children, 25530
developmental effects of separation & divorce & remarriage & role of pediatricians, children & adolescents & college-aged youth, 14140
developmental tasks & rating scales, assessment of social interaction, 3–4 yr olds, 26944
diagnostic approach for categorizing social & emotional stages of development, infants & young children, 17049
discontinuous vs continuous behavioral development, children, 981
discussion of J. Kestenberg's work in female sexuality during preadolescence & expression of object relationship, 17022
divorce, children & adolescents, developmental & treatment implications, 3608
early intensive family support intervention, parenting skill & child development, impoverished mothers & their children, 23423
evaluation of behavioral & social learning parent training program, effects on behavior & social relationships of children, parents & their 4 yr olds, 26081
failure in separation-individuation phase of development, interminable treatment, adult male psychiatric patients with good initial prognosis, 23123
family conflict & stress, child's development, traditional vs nontraditional families, conference presentation, 30372
family deprivation, development, males & females under 30 mo of age, 14143
family experiences, childhood development, 6244
family experiences, childhood development, 27728
father's anima, son's anima development, 13431
Freudian interpretation of "The Book of Thel", 13956
Freud's Diagnostic Profile, assessment of development, 4 yr old male, 6344
general & language development approach to content analysis of emergent reading attempts, kindergartners & 2–4 yr olds, 30476
gross & fine motor development & developmental history, speech-retarded children under 6 yrs of age, 17699
growth of childhood perceptions of illness & disease, S diagnosed with Legg-Perthe's disease at 6 yrs of age, 12394
health status & characteristic play activities, children in rural areas, Nepal, 22270
heredity & environment, behavioral development, normal Puerto Rican vs mildly mentally retarded vs multihandicapped children, longitudinal studies, 27832
identification & assessment of behavior problems, families & children from birth, longitudinal study, 1969–82, 14823
industrialization, physical & mental health, children & adolescents, Sweden & Sudan & other Third World countries, 19766
initial temperament of child & parental attitudes & treatment, incidence & form of behavioral problems, longitudinal study from birth to adolescence, 9756
interaction of heredity & environment, behavioral development, normal Puerto Rican & mildly mentally retarded & multihandicapped children, longitudinal studies, 6348
intersubjective world & shared beliefs & common sense & language, 26885
Iowa Child Welfare Research Station, 1940 debate over effects of heredity vs environment on intelligence, 9212
IQ & adaptive behavior & impact on family, families with Down's syndrome children, 8-yr followup, 14853
knowledge of child development norms, female college students, 17193
latchkey arrangement, functioning, 4th & 7th graders with self- vs adult-care, 25058
literacy & early understanding of printed symbol system, children, 11733
malnutrition, developmental deficits & height, severely malnourished abandoned infants with mean age of 1.9 yrs before vs after adoption, followup study, 4418
marital conflict, development, children, 3598
maternal ability & employment & employment choice, child development, children at 1 vs 3 vs 6 yrs of age & mothers in traditional vs single parent families vs social contract relationships vs communal living groups, conference presentation, 30406
maternal behavior & age & knowledge of child development & maturity of expectations about parental roles, 16.5–22.5 yr old mothers, 22369
maternal deprivation, childhood development, literature review, 1972–78, 6262

maternal employment, childrearing practices & child socialization, employed vs homemaking mothers & their 2nd–5th graders, 3834
mediation of environment, facilitation of development, young blind children, 16125
misattribution of goal-directed behavior to instinctual drives, comments on article by D. A. Freedman, 11034
model of genetic & environmental components of environment-behavior correlations in child development studies, 12–24 mo olds in nonadoptive vs adoptive families, 25055
models of group treatment of developmental issues, young school aged children, 28679
multiethnic poor socioeconomic municipality & lack of support networks, depression in mothers & behavior problems in children, native vs immigrant mothers with newborn infants, Australia, 25606
National Foundation for Education Research "My World" preschool program, rate of development, normal 4 yr olds, 15741
occurrence of "adolescences" in other phases of life, 3579
origins of motivation in psychoanalytic theory, reply to comments by M. F. Basch, 11038
parental adjustment to child's handicap, development & adjustment, physically handicapped children, 12380
parental divorce, developmental problems, children with learning disabilities, review of 3 books, 14857

perinatal risk events, identification of variables effecting development, 2 wk to 6.5 yr old Filipino children, 16901
Piagetian theory, effect of computer assisted instruction on child development, 5265
psychoanalytic theory on aggression, children, implications for primary prevention, 11059
psychoanalytic theory, origins of motivation as developmental, children, 11039
psychopathological & stress & developmental & sociological perspectives, coping strategies, physically handicapped children & their families, 14912
rapid urbanization, behavior & health, female vs male, 3–15 yr olds, Sudan, 6258
reading levels & development, early reading vs nonreading kindergartners from low SES background, 25121
reflections on M. Medoff's play "Children of a Lesser God", communication & development of autonomy, children, 6395
relating action to spatial information, children, 25119
relationship of short form of WISC-R & McCarthy Screening Test, 4.3–7.6 yr olds, 214
research problems & issues, childhood psychopathology, 9599
role in infant object-relations, fathers, 19770
role of special education, development of motivation & self determinism & responsibility, children, 26655
role of TV as substitute for father, childhood development, US, 27731
severity of CNS damage, neuropsychological development, premature children with perinatal brain damage up to 6–7 yrs old, 9908
sex & social class differences, performance on Denver Developmental Screening Test, urban 16 day to 6.3 yr olds, Turkey, 27721
social & environmental deprivation, growth & development deficits, 3–6 yr olds, US vs Guatemala, 25146
social context, child development theories, 6235
social context of theories of development & issues of abortion & working mothers & education, children, 27720
social policy in construction of intervention programs, children & their families, 2068
sociocultural context, linguistics & education, 11640
somatic & psychosocial development, patients with unipolar depressive & bipolar manic depressive psychoses, 20321
tasks in personal & child's development, mothers, 19986
time-series analysis, measurement of developmental progression, children observed between 1.3 & 7.3 yrs of age, longitudinal study, 2829
vestibular stimulation, sensory enrichment for facilitation of developmental parameters, children, literature review, 16886
voluntary attention, child development, 14110
women's movement, incidence of mother-blaming for psychological problems reported in major clinical journal articles, offspring, 1970 vs 1976 vs 1982, 30367

Childhood Memories [See Early Memories]

Childhood Neurosis

congenital rubella, mental retardation & behavior disorders & neurosis & autism & neurologic damage, preschool age children, 4–5 yr follow up, 9907

Childhood Play Behavior

adaptive value of play, children, 17099
adult vs peer presence, social cognitive aspects of play behavior, 3 & 4 yr old preschool students, 10788
affective displays during play with mothers vs peers vs alone, infants from 6–18 mos, 25167
analysis of dialog during play, 3 vs 4.5 yr olds in same-age & same-sex dyads, 11803
analysis of dramatic content in fantasy play, 5 vs 7 yr olds, 11798
attachment to mother, later coping skills in play & meeting strangers, female toddlers at 12 & 23 mo of age, implications for transactional modeling using skill & temperament, 1001
attachment to peer vs family member, socialization, female college students & 5 yr olds, 1011
bean bag chairs as play tools in latency group room, group therapy, 7–12 yr old males, 12542
choosing suitable toys & systematic analysis of leisure materials, toy availability & independence engagement with toys, mentally retarded 8–27 yr olds, 31086
cognitive uncertainty & social comparison, elicitation of understanding from peer, 3–5 yr olds, 6347
computer games, cooperative play behavior, 4–5 yr olds, 11835
computer play, development of language & computer skills & symbolic thought, kindergarten students, 21326
concepts of text & context in imagination play, implications for natural vs interpretive science, 11836
construction & validation of Play Rating Scale, 3–5 yr olds, 27046
creative playgrounds, preschool age children, 19915
critique of instruments that examine behavior during play & environment of play & attitudes toward play, applications in occupational therapy, 21110
cross correlational analysis, temporal structure of play at home vs daycare center, 15–20 mo olds, conference presentation, 1013
cross correlational analysis, temporal structure of play behavior at home vs day care center, 15–20 mo olds, criticism of T. Torigoe & R. Kaneko's study, conference presentation, 987
defensive vs offensive object-related interactions & compliant vs spontaneous prosocial behaviors, high- vs low-dominance 2.5–3 vs 4–5 yr olds, 969
degree of hearing impairment, social competence & segregation in free play setting, mainstreamed profoundly vs severely hearing impaired 48–67 mo olds, Israel, 31204
density & location of play area, social & play behavior, 4 yr olds, South Korea, longitudinal study, 11838
development & function of interactive play with mother, infants, 30530
development of playground improvement rating scale & importance of play in childhood development, 27730
early communication development & symbolic play, hearing impaired 38–69 mo olds, 17717
enunciation & language production, 3–6 yr olds during play, 19835
evaluation of Morgenstern vs inflatable apparatus for play activities, severely & profoundly mentally handicapped, 31755
exploration & play, associative fluency, young children, 19779
fabling in development of play relationship with adult, 7 yr old female, 1-yr longitudinal study, 11813
familiarity & prior group experience & age, degree of social participation, 3–5 yr olds, 25193
father- & mother-child play, competence with preschool peers, 36–49 mo olds & their parents, 9308
gender stereotyped toys & toy choice & play, male vs female 19–42 mo olds playing with mothers vs familiar same vs opposite gender peer, 22382
generalization training within sets of toys, generalization of untrained toys, 4.2–7.8 yr olds with severe & moderate handicaps, 29365
health status & characteristic play activities, children in rural areas, Nepal, 22270
ideational fluency & fantasy predisposition, prediction of imaginative play, 47–57 mo olds, 11695
imaginary play companions, creativity & intellectual development, children, 6265
interaction & cooperation with age mate & interaction with mother, 8–32 mo old twins vs familiar peers & their mothers, longitudinal study, 16574
interaction patterns in free play, mothers & their 6–13 yr old multiply handicapped children, 6703
issues & trends regarding role in development of play curriculum, teachers, 21304
laboratory methodologies vs observation of parent-child interactions vs play behavior, process-oriented assessment, preschool age handicapped children, 21407
language development & drawing & play as nonverbal communication techniques, children, 19795
masculine & feminine elements in children's play construction, male vs female 11 & 12 yr olds, replication of E. H. Erikson's experiment, 27863
mastery learning concepts & techniques to make school learning more play-like, learning & involvement, elementary school students, 13030
mental ability & symbolic play & expressive & receptive language, 19–90 mo olds with Down's syndrome, 25708
methods of natural science & study of imaginative play, 11797
methods of planning & scheduling & observing childhood play, adults, implications for daycare activities, 27719
mother-child social games, transition from prelinguistic communication to language, 6 mo olds, 12-mo longitudinal study, 11723

mother's linguistic productions during game episodes, child's pattern of language acquisition & developmental changes in play behavior, 6 mo olds & their mothers, 12-mo longitudinal study, 22272
nature of free play, mothers & their 3–4 mo olds, 14309
object & self manipulation & teacher attention & developmental age, stereotyped behavior in classroom & free play settings, severely developmentally disabled 1.3–16 yr olds, 25737
observations of facilitative play with Barbie vs traditional baby dolls, female preschool students, 23728
overview of measurement methods, toy & play preferences, children, 6352
parent-child interaction in free play situation, sex-typed behavior, mothers vs fathers & their male vs female 45 mo olds, 25204
peer-peer interaction in playpen with toys, 10–21 vs 24–30 mo olds with extensive daycare experience, 25231
Piagetian theory on role of play & creativity, development, children, 6249
play activities, food intake & sense of control, hospitalized children, 31684
play, adjustment to hospitalization, children, 12827
play behavior as indication of attitudes & fears about nuclear weapons & war, kindergarten through 2nd graders, 22365
play behavior, autistic children, 4156
play behavior, language development, preschool age children, literature review, 19902
play behavior with mothers vs peers, 6–18 mo olds, 9256
play behaviors & sensorimotor skills & expressive & receptive language, infants tested at 13.5 & 22 mo of age, 9243
play maturity & language delays, 2–5 yr old preschoolers, 877
play partner & type of interaction & activity, preschoolers, 17076
play vs training experience & experimenter bias, performance on innovative task, 44–58 mo olds, replication of studies by T. Simon & P. K. Smith & by P. K. Smith & S. Dutton, 22349
playground designs, free play, preschool age children, 3687
popularity status, personal information exchange & play behavior, 3rd & 4th graders, 17078
positive maternal affect, responses to pleasant vs ambiguous vs aversive toys, 12–13 mo olds, 9288
prelinguistic gestures & play patterns during interaction, development of referential language, severely handicapped 8–13 yr old males & their caregivers vs normal 12 mo olds & their mothers, 14949
private speech during play activity, learning disabled 89–108 mo olds diagnosed as hyperactive vs reflective, implications for self instructional techniques, 14847
separation stress following graduation to new class, play behavior & sleep patterns & activity level, 15 & 24 mo olds, 9101
setup of partitions during play, referential speech to playthings & verbal communication, 4–9 yr olds, 22370
social fantasy play & social competence, 35–69 mo old preschoolers in daycare centers, 967
social integration & play behavior, learning disabled vs non-learning- disabled 3rd–5th graders, 9846
social toys in teacher-mediated comprehensive treatment, social play, handicapped & nonhandicapped 30–66 mo olds, 2527
social vs isolate toys, interactions & play, mentally retarded & Downs syndrome & nonhandicapped 3–5 yr olds in integrated vs nonintegrated groups, 5321
staff contact in small vs large unstructured play sessions, severely multiply handicapped children in residential unit, 21075
structure of play context, narrative organization of fantasy play, 47–53 vs 57–65 mo olds, 22339
symbolic & object play, autistic children, literature review, 1964–82, 28284
symbolic & spontaneous play, normal 16–22 mo olds vs language impaired 32–49 mo olds, 1624
teacher vs peer reactions to play style, 24–30 mo old male vs female students, 18640
temperament, tempo of play behavior, 8 mo olds, 9340
thematic-fantasy play paradigm, facilitation of immediate & maintained story recall, Black kindergartners & 1st graders, 23753
theories & definitions of concept of play, 19930
toys & representational play, infants to 6 yr olds, Senegal, 962
value of play & effects of cognitively oriented nursery curriculum on disadvantaged children's intellectual & cognitive achievement, 11706
verbal cuing &/vs modeling of affectionate behavior, free play affection & aggression, 4–4.5 yr olds, 27817
verbal vs nonverbal communication during conflict situation, preschoolers vs kindergartners vs 2nd graders, conference presentation, 30494
vicarious punishment or reinforcement, time spent on imitative play, 4–12 yr olds, 11717

Childhood Play Development
books & play development, 3–10 yr olds, 975
changes in fantasy play & role taking & egocentrism & receptive vocabulary, 2–6 yr olds in play dyads, 16859
characteristics of good toys, 2–6 yr olds, 25189
combinatorial abilities in language & elicited symbolic play, children studied at 20 & 28 mo, 878
development & function of interactive play with mother, infants, 30530
development of sex-segregated play, 3–14 yr olds, 22394
development of spatial representations through block play, preschool age children, 25139
exploratory play, infants, implications for optimal child care environment, 25176
fabling in development of play relationship with adult, 7 yr old female, 1-yr longitudinal study, 11813
imagery in creative drama, study of theatre & child development, 1006
material mastery & symbolic development in construction play, preschool age children, 19933
microcomputers as plaything, orientation to technology & social interaction, children, 6241
play partner & type of interaction & activity, preschoolers, 17076
structure of play context, narrative organization of fantasy play, 47–53 vs 57–65 mo olds, 22339
theories & definitions of concept of play, 19930
transitional object in childhood play, borderline adolescents, 4201

Childhood Psychosis [See Also Childhood Schizophrenia, Early Infantile Autism, Symbiotic Infantile Psychosis]
biochemical research in etiology of early childhood psychoses, literature review, conference presentation, 6742
changes in self perception, psychotic 8–12 yr olds with identity problems, 3-yr study, 1440
early detection & prevention of infantile psychoses, conference presentation, 6863
electrophysiological knowledge of infantile autism, conference presentation, 6774
encopresis & childhood psychosis, autistic children, 4143
etiology & psychoanalytic therapeutic approach, early onset psychosis, 13–44 mo old males, 23162
functions of therapeutic vs nontherapeutic settings in treatment, psychotic hospitalized children, 7655
individual psychoanalysis with education orientation, 4–9 yr old psychotic children, 4654
initial trauma & anxiety, mother-child relations, mothers & their psychotic children, 6757
institutional treatment approaches, childhood psychoses, conference presentation, 7248
learning to communicate through psychotherapy, 4 yr old female with reluctance in eating & making relationships, 7278
multidisciplinary approach to treatment in institutional setting, early childhood psychoses, conference presentation, 7669
multiple checkpoints in childcare institution admission, children with childhood psychoses, France, conference presentation, 7686
nursing in child psychiatry & ambulatory care, psychotic children, 4562
occurrence of epileptic crises, child psychosis, 17558
organismic vs psychological approaches to etiology of infantile autism & early childhood psychoses, conference presentation, 6805
pluridisciplinary approach to autism & childhood psychosis, conference presentation, 6765
psychoanalytic theory & interpretation of autistic behavior, children with autism & childhood psychosis & symbiotic psychosis, conference presentation, 6781

psychoanalytical constructs of developmental profiles of self concept, psychotic 1–5 yr olds in daycare hospital, 10 yr longitudinal study, conference presentation, 6812
psychodramatic game workshops, psychotic & autistic 2–10 yr olds in day hospital, 7642
psychopharmacological treatment, childhood psychosis & autism & attention deficit disorder & enuresis & appetite disorders, literature review, 31551
psychotherapy, development of body concept, psychotic male, 17903
retrospective study of hallucinations, psychotic 10–16 yr olds, 17469
self mutilation, children with early infantile psychosis, 4164
severe dysphasia without neurological abnormalities & psychotic manifestations, 3 yr old female & 4 yr old male, conference presentation, 25755
support group, parents of children hospitalized for psychosis, 20240
symbolism in drawing, psychotic children, 12141
treatment approach based on relationship between proprioceptive sensations & archaic affectivity & motor coordination, control of praecox psychotic states, infants, 4592
two-system theory of information processing, children with autism & other psychoses, 14676
vocalizations & sounds & gestures, autistic & psychotic children, 4210

Childhood Schizophrenia

conversational patterns, normal vs thought-disordered schizophrenic 6.6 & 9.1 yr olds, 22733
educational interventions during active psychotic states, hospitalized schizophrenic elementary & secondary school students, 21078
haloperidol vs tiercin treatment, enzymatic acetylcholinesterase activity & metabolism & electric interphase potential, children with schizophrenic psychosis, 4761
impaired regulatory activity of T-lymphocyte suppressors, juvenile continuously progressive schizophrenia, 6814
review of theories of schizophrenia, children, 14625

Childlessness

attitudes toward parenthood, decision to remain childless, couples, Scotland, 27928
cognitive vs behavioral models, involuntary vs voluntary childlessness, US, 1955–73, 27950
economic & attitudinal & contraceptive technology influences, probability of increase of voluntary childlessness, Australia, social implications, 1053
expressed intentions vs actual fertility rate, females from National Fertility Survey, 5-yr followup, 27949
feminism & philosophical justification for choice not to be mother, 27998
housing aspirations & willingness to consider fertility limitation & childlessness, college students, test of R. A. Easterlin's theory of relative income & E. W. Morris & M. Winter's theory of family adaptation, 11917
involuntary childlessness & 1-child parities, perception of home & work in context of family development & choice exchange frameworks, female studied from 1947 to 1971, 11916
involuntary low fertility, life satisfaction, rural-reared married females, 24-yr longitudinal study, 19987
sex role orientation, voluntarily childless vs delay White females with mean age of 25 yrs, 3950
voluntary childlessness, Australia, comments on F. Baum's article, 1199
voluntary childlessness, Australia, reply to comments by P. Smith, 1172

Childrearing Attitudes

age & income level, attitudes toward & significance of family-related issues regarding marriage & childrearing, female 18–34 vs 35–59 yr olds vs females over age 60, 9469
agreement in perceptions of mother's assertive power & withdrawal of love & other childrearing practices, 10 yr old males & their middle vs lower SES mothers, 3828
attitudes toward marriage & parenthood, male vs female adolescent vs adult engaged couples, 22361
beliefs & attitudes toward children & childrearing, 16–46 yr old primiparous vs multiparous pregnant females, Costa Rica vs West Germany, 17177
childrearing attitudes & expectations, native vs guestworker parents of kindergartners & 1st graders, West Germany, 30647
childrearing attitudes assessed with Parent As A Teacher Inventory, parents of intellectually handicapped vs nonhandicapped children with mean ages of 5.7 vs 4.5 yrs, 12311
childrearing beliefs & attitudes, parents whose occupations involve working with materials &/or involving technical skills vs people, 25295
childrearing, delayed posttraumatic stress, Vietnam combat veterans with preschool age children, 12164
cross cultural differences, adult competency standards governing child socialization, 6506
distress & childrearing values & perception of children, demographic characteristics as stressors & emotionally affective behavior, mothers with mean age of 28.2 yrs, 14289
educational attitudes, overt childrearing practices, female nursery school teachers, 23722
experiences during & attitudes about postpartum period, American-born vs Soviet immigrant females, US, 3827
income level & race, childrearing attitudes & dependency, Black vs White mothers of adolescent females, 9400
knowledge of child development norms, female college students, 17193
parental attitude toward childrearing & imagination, imaginative ability, 14.5–15.5 yr olds & their parents, 25056
parental childrearing attitudes, child's prosocial behavior, 3–6 yr olds from 2-parent families, 14206
parental childrearing attitudes, moral judgments, preschool children, 25216
parenting discrepancy & dyadic adjustment, defensive & supportive communication in discipline situation, 23–46 yr old fathers & mothers & their 3–5 yr olds, 9396
perceived maternal childrearing attitudes & moral judgment level, female vs male 9–11 yr olds, 30538
perceptions of actual & ideal parenting behavior in relation to child's cognitive & physical & social development, 22–44 yr old White parents of 2.5–6 yr olds, 9406
sex of child & family SES, mothers' childrearing opinions & practices & children's perceptions of practices, mothers & their 10–12 yr olds, 17179
social environmental characteristics & childrearing factors, depression, mothers of young children from semirural socioeconomic groups, 9627
suggestions on childrearing & individuality, astronaut S. Ride's father, 22485

Childrearing Practices [See Also Child Discipline, Parental Permissiveness, Toilet Training, Weaning]

adaptive-style theory, role of perceived maternal childrearing behaviors in development of maladaptive social & cognitive styles, schizophrenic males, 14678
adverse conditions of upbringing vs CNS impairment, later emotional disturbances & aggressive & antisocial behavior & hyperkinesis, mildly mentally retarded young adults, longitudinal study, 31099
agreement in perceptions of mother's assertive power & withdrawal of love & other childrearing practices, 10 yr old males & their middle vs lower SES mothers, 3828
attribution & perception of parents & locus of control, adopted vs nonadopted 13–21 yr olds, 19906
audiotaped & written training materials, knowledge & skill level in implementation of time out procedures & need for observation & feedback, mothers of 2–11.1 yr olds, 20830
basic child health & development education, knowledge level & health behavior, 3rd & 5th & 7th graders & their guardians, rural Jamaica, 32019
behavioral weight reduction program with vs without parent training in general child management skills, overweight 8–12 yr olds & their parents, 1-yr followup, 20858
bonding & parent preference & temperament & personality & separation-individuation & cognitive development & child abuse, twins, implications for parenting, literature review, 19784
caretaking role, parental attitudes & preferences & parent-infant interaction & attachment & infant sociability, 21–35 yr old mothers vs 22–51 yr old fathers of infants, longitudinal study, Sweden, 6487

childrearing patterns, normal vs depressed vs abusive mothers of 4–9 yr olds, 20201
childrearing practices & family & community structure, Polynesia, 6508
childrearing practices, fulfillment of basic psychosomatic & psychosocial needs & subsequent emotional & social development, children, conference presentation, 30498
childrearing strengths, single vs married custodial fathers, 9420
childrearing taboo of nonexposure to mirrors & development & self image & intellectual development, infants, Nigeria, 27738
child's temperament & parent's behavior, 41–52 mo olds & their mothers & fathers, 22481
construction of inventory for measurement of SES & childrearing practice, school age children, India, 5613
coping & childrearing behavior, parents of dyslexic male, conference presentation, 9837
cradling & transport of infants, Black vs Coloured vs Indian mothers & their 1–52 wk olds, South Africa, 1088
cross cultural differences, adult competency standards governing child socialization, 6506
cultural-ecological model of childrearing practices & development of competency, 27948
culture, equality & childrearing practices & dual careers, human females, Middle East, 11872
demographic trends in longevity & sex ratio & marriage & fertility & household composition, individual parenting & childbearing & childrearing, literature review, 1087
development & validity of Childrearing Style Inventory, assessment of childrearing parameters, 10–14 yr olds, 21760
development of social cooperation & self control & compliance in relation to childrearing style & infant-mother attachments & compliance to adults, children, 22374
early intervention, childbearing & childrearing, adolescent mothers & their infants, 28836
early socialization practices, ethnic groups, Philippines, 17030
economic & cultural constraints to maternal nurturing, infant mortality & care, 19–71 yr old marginally employed mothers, Brazil, 19941
economic factors & family values, child abuse & neglect, Hispanic families, US, implications for intervention, conference presentation, 9800
educational environment & child rearing, families with disabled vs nondisabled parents, Poland, 9583
effective foster parenting, foster parents, 17176
emotional issues & reactions, parents raising a handicapped child, 7108
empirical analysis of shared parenting, parents, 22472
family management skills & delinquency, 4th & 5th & 10th grade males & their families, 9793
historical development, parental behavior & maternal & infant health care, 27933
home environment & childrearing practices & perceptions of infant's temperament, single mothers vs 2-parent families of high risk & developmentally disabled infants, 9390
hyperactive vs aggressive symptoms & stimulant medication response & parenting & environmental variables, prediction of adolescent outcome, hyperactive children, literature review, 7092
inadequate socialization & childrearing practices, Cuba, 9421
infant care patterns, cognitive performance, 4.6–5.1 yr olds in subsistence-level horticultural community, Kenya, longitudinal study, 16973
insular vs noninsular maternal community contacts, indiscriminate caretaking style, mothers of problem 2–11 yr olds, 17170
knowledge & determinants of baby powder use, parents of 2–24 wk olds, 1068
lateral cradling behavior, Black vs White mothers, 3835
maternal childrearing practices, child's cognitive development, middle or upper SES urban mothers & their 5 yr olds, Philippines, 19865
maternal employment, childrearing practices & child socialization, employed vs homemaking mothers & their 2nd–5th graders, 3834
memories of parental rearing practices & adult personality traits, male vs female 18–72 yr olds, 6653
parent training program, interaction with noncompliant child, parents of 3–8 yr olds, 20796
parental belief systems & teaching strategies, social-cognitive problem solving & school adjustment, intact families with 2nd graders, 25039
parental caregiving & locus of control & persistence & use of contingency information, helplessness, physically abused 8–12 yr olds, 22869
parental childrearing practices & parent child relations & family environment, children of alcoholic parents, 6952
parental educational attitudes & style, self actualization, students, 9323
parental support & control, identification with father vs mother, male vs female high school students, West Germany vs US vs Spain vs Puerto Rico vs Mexico, 25236
parental traumatization from Holocaust, perceived parental childrearing practices, 9th–11th graders, Israel, 27858
parenting discrepancy & dyadic adjustment, defensive & supportive communication in discipline situation, 23–46 yr old fathers & mothers & their 3–5 yr olds, 9396
perceived paternal & maternal childrearing behaviors, development of empathy & social sensitivity, 13–18 yr olds, 11782
perception of parents' childrearing behaviors, Anglo vs Navajo 5–8th graders, 30614
perceptions of childrearing success, children & teachers & parents, implications for parent curriculum development, 27881
perceptions of parenting, early childhood daycare staff vs parents, 22474
positive parenting, self actualization, children, 6505
quality of parenting, mothers raised in institutions & their 2–4 yr olds, 30617
race & knowledge of child development & home environment, parenting & childrearing practices, Black & White & Hispanic teenage mothers, 14174
recommendations for counseling parents on childrearing, teachers, 15930
reliability & validity & factor structure of subscales of Child's Report of Parent Behavior Inventory, assessment of childrearing behaviors, college students vs their mothers vs fathers vs siblings, 21773
religiousness & cultural complexity & childrearing practices, cross cultural study of 109 societies, 14284
replication of factor analysis of childrearing dimensions identified with EMBU, comment on M. W. Ross' analysis, 26982
satisfaction with status & perceptions of motherhood & childrearing practices & family role models, professionally employed vs unemployed mothers of 12 mo olds, Belgium, 1052
sex of child & family SES, mothers' childrearing opinions & practices & children's perceptions of practices, mothers & their 10–12 yr olds, 17179
short term intervention program in pediatric primary care setting, children's behavior problems, parents, 2-mo to 2-yr followup, 18027
social class, perception of rejection & emotional warmth & overprotection in parental rearing practices, 21–65 yr old depressed patients, 28187
societal changes & child abuse in childrearing, Nigeria, implications for prevention, conference presentation, 9792
time limited goal focused parent aide service, parenting skills & emotional adjustment & other factors, 27-yr-old single mother, 12788
traditional vs nontraditional parental involvement in childcare & security of mother- & father-infant attachment, sociability with strangers, 11–13 mo olds, Sweden, 6377
training in teaching children interpersonal cognitive problem solving skills, Black lower income inner city mothers of preschoolers, 18029
witnessing marital violence vs nonviolent marital discord & parenting style, emotional & behavioral problems, mothers of male children, 20395
women's movement, childrearing practices, literature review, 25296
Children [See Also Infants, Neonates, Only Children, Preschool Age Children, School Age Children]
absence of father, psychosocial & cognitive development, children in single parent families, Philippines, comments on N. Johnson's view, 19760
absence of father, psychosocial & cognitive development, children in single parent families, Philippines, 19769

abuse of power by caregiving adults in care of helpless ill child, 7155
accident-related behaviors & individual differences, accident liability, children, 14184
acquisition of Cantonese Chinese vs English phonology, children, 14112
aesthetic awareness & creativity & cognitive development, writing, children, 3571
age & sex & cultural & situational differences, responses to infants & young children & baby animals & cries & pictures, children & adults, literature review, 6340
age & sex, adjustment to parental separation 2 vs 6 vs 18 mo postseparation, 1–18 yr olds, 17173
age & temperament & mothers' state in postpartum period, reactions to birth of sibling, 1st-born children, 27836
age & treatment & individual variation of disease, family environment, diabetic parents & their children, 4388
aid & support, parents of children hospitalized for mental disorders, 20352
alcoholic biological vs nonbiological fathers, intellectual development & academic achievement, 2 mo to 15 yr olds, 17606
art as essential experience, encouragement of creative expression, gifted children, 11685
art of caring for children, social service workers, 18272
assessment of cognitive vs social vs verbal factors & prototypic views of intelligent functioning children, primary vs secondary vs tertiary teachers, US & Canada, 29134
assessment of physical & mental & psychosocial health, Vietnamese refugee children in adoptive vs foster vs initial family units, US, 5-yr followup, 20200
assessment of pragmatic skills in children's language, speech-language pathologists, 10330
assessment of trends in child behavior therapy, children 16 yrs and younger, 1970–82, 12583
attitudes toward disabilities, children, literature review, 23055
auditory perceptual skills & reading achievement, children, response to K. A. Kavale's comments, 16941
auditory perceptual skills & reading achievement, children, response to R. Gersten & D. Carnine's comments, 16957
behavior therapy & biofeedback training & relaxation techniques, childhood disorders, 18063
behavior therapy, children & adolescents, literature review, 10217
behavioral & self-instructional approach, verbal self-regulation, children with behavior problems, 18046
behavioral approaches, control of aggression, children, 31452
behavioral assessments & treatment, migraine headache, children, literature review, implications for research, 4451
behavioral techniques, alleviation of apprehension in dental treatment, children, 31467
bibliography, behavioral & emotional problems, children of divorced parents, 26715
bibliography for learning disabled children, 1602
biobehavioral factors of treatment compliance & arthritic pain & psychosocial adjustment & functional independence, juvenile rheumatoid arthritis patients, 17811
biological process underlying acquisition of grammar & phonetics, children, 14011
birth trauma, psychosomatic illnesses, children & adolescents, 2029
body outline drawings in art therapy, 6–13 yr olds, 31334
business practices, child welfare, 5477
care & education of children from birth to 10 yrs of age, US vs Italy, 3768
cerebral asymmetry in cognitive processing, implications for Kaufman Assessment Battery for Children, 11472
changes in Omnibus Budget Reconciliation Act of 1981, public welfare, human females & children, US, 22540
characteristics of social networks, mothers vs their children, Sweden, 30648
characteristics of 2nd families, children whose mothers have recently remarried, US, 14288
child welfare interventions by government, children with no family or at-risk due to family circumstances, France, 12739
childhood depression, literature review, 6743
children as Ss, experimental methods & contributions of social psychology, 26943
children's counting books meeting criteria regarding mathematical concept development, annotated bibliography, 7885
Chowchilla school bus kidnapping, posttraumatic stress reactions, children, 4-yr followup, conference presentation, 30894
chronic illness in context of research findings & Adlerian theory & philosophy & impact on family, 7–16 yr olds, 20497
clinical epidemiological studies & manifestations, children with epileptic syndromes, 4504
clinical use of imagery, normal & special needs children, 1935
clinical utility of cognitive behavior therapy, children, literature review, 12602
cognitive development, children, 9143
cognitive development in understanding concept of time intervals, children, 14032
cognitive processes & language & memory & emotions, schizoid vs autistic vs normal children, 28283
cognitive strategies for rationalizing patterns of change in scientific research & children's thought, 5526
cognitively & socially oriented program with emphasis on language, high risk for school failure & mild mental retardation, infants & children, longitudinal studies, 18710
communication strategies & social interactions, deaf children with early vs late sign-language experience & oral/aural training, 31233
community beliefs & health education & acceptance of & response to treatment & psychosocial implications, outpatients under 16 yrs old with leprosy, India, 28911
complex psychiatric-psychological outpatient care, behavior disorders, children, 20675
complexity of social structure, focus of valve transmission in socialization, children from diverse societies, examination of orientational expansion vs economic diversification hypotheses, 17104
computerized model for rank ordering of placement alternatives, children needing residential care, 12822
concept of paternalism & advocacy of rights, children, 30646
conceptual & methodological dimensions of research on children & divorce, 11684
concerns about children's food advertising, mothers of elementary school children, 2725
constraints of interactive discourse, acquisition of word order & case marking, Kaluli children, New Guinea, conference presentation, 14098
construct validity & application of Kaufman Assessment Battery for Children, evaluation of neuropsychological development, children, 11170
construct validity vs rater reliability of Personality Inventory for Children, comments on study by D. Lachar et al, 21750
construction of Kaufman Assessment Battery for Children & interpretation of test results, 11115
cooperative vs competitive vs individualistic learning experiences, socialization & cognitive & social development & achievement & attitudes, children & adolescents, 10716
coping strategies & reactions to divorce, children, 6368
coping strategies & reactions to divorce, children, 27725
correlation of parents' occupational status & child's IQ scores, children in IQ test standardization sample populations, 1932 vs 1947–48 vs 1972, 6295
countertransference issues & dynamics of masochism, masochistic children, 20764
creation of preconventional cultural meanings in life-world structure vs adult world view, children, 30413
criterion-related validity of Social Skills Test for Children, reply to comments by R. H. Deluty, 19108
critical review of Kaufman Assessment Battery for Children, 16297
cross cultural differences in parent-child interactional styles & cognitive capacities, individual differences in language acquisition, children, implications for language-delayed children, 926
cultural assimilation factors, language maintenance & education, parents from Samoan families with Samoan-speaking children, New Zealand, 27770

mental map of club & stone transport for cracking nuts of various hardness levels, wild chimpanzees, 24567
mother-infant separation and reunion, agitation & behavioral depression & detachment, orangutans vs gorillas vs chimpanzees, 24573
nipple contact, male vs female infant–mother dyads of captive black-faced chimpanzees, 19386
object manipulation, human vs chimpanzee infants, 6330
perceived variability & symbol use, common language-cognition interface, chimpanzees vs children, 5855
population density & nest locale & tool use & meat eating, chimpanzees, 3214
production & comprehension of sentences involving prepositions & conjunctions, 5 yr old language trained female chimpanzee, 3186
proximity matrix & range covered, chimpanzees, 16543
seasonal variations & sex differences, predatory behavior, wild chimpanzees, 8727
separation from peers, agitated behavior & heart rate, 7.5–10.5 mo old nursery-reared chimpanzees, 8896
sex differences, spontaneous coalition formation during aggressive encounters, adult & adolescent & juvenile & infant chimpanzees, conference presentation, 30021
social behavior, pygmy vs common chimpanzees, 27289
sources of behavioral variance, chimpanzees, implications for research design problems & sample size selection, 27313
temporary adoption by unrelated females, 2.4 yr old male chimpanzee separated from mother, 3244
verbal behavior at procedural level, chimpanzees, 3196
volitional nature of action in terms of cognitive psychology theory of intention & philosophy theory of action, chimpanzees, 29989

Chinese Americans [See Asians]

Chloral Hydrate
chloral hydrate induced sleep, electrocortical sleep patterns, 9–20 day old rats, 3421
exposure to chloral, motor coordination & body weight & temperature & avoidance learning, mice, 19689

Chlordiazepoxide
acute vs chronic administration of chlordiazepoxide, anxiogenic effect of benzodiazepine receptor antagonist Ro 15-1788, rats, 22162
acute vs subacute effects of haloperidol vs chlorpromazine vs clozapine vs chlordiazepoxide, operantly conditioned motor control, male rats, 24832
chlordiazepoxide & antagonism of action by benzodiazepine antagonists, DRL responding, male rats, 27625
chlordiazepoxide & benzodiazepine receptor antagonist Ro15-1788, consumption of saline, rats, 9029
chlordiazepoxide & food deprivation & familiarity with test apparatus & procedure, eating latency & time & amount eaten of familiar vs novel foods, rats, 6160
chlordiazepoxide & serotonin & GABA levels, rewarded vs nonrewarded vs punished responding in conditioned conflict procedure, male rats, 8974
chlordiazepoxide & sodium valproate & muscimol & role of GABA, anticonflict activity, male rats, 30311
chlordiazepoxide discrimination & transfer to sodium pentobarbital, male rats pretreated with convulsant bemegride & benzodiazepine antagonist RO 15-1788, 19725
chlordiazepoxide, ethanol & water intake, rats, 9013
chlordiazepoxide, familiar vs novel food preferences & rearing, rats of Roman low vs high vs control avoidance strains, 735
chlordiazepoxide, impairment of learned discrimination performance, male rats, 19662
chlordiazepoxide injections, intake of sodium chloride solution vs water, rats, 27583
chlordiazepoxide, long term behavioral effects, rats, 13907
chlordiazepoxide, novelty induced vs conditioned hyperglycemia, male rats, 24540
chlordiazepoxide, stress induced anterior cingulate cortex unit activity & gastric pathology, rats, 22172
chlordiazepoxide, time & dose characteristics of behavioral reactivity & locomotion & corticosterone responses, rats with septal lesions, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 792
chlordiazepoxide vs morphine vs naloxone vs benzodiazepine antagonist, intake of ethanol solution, male rats, 11577
chlordiazepoxide with vs without valproate, hyponeophagia, rats, implications for gamma aminobutyric acid mechanisms in benzodiazepine anxiolytics, 11619
injection of beta-carboline-3-carboxylate methyl amide alone vs in combination with chlordiazepoxide, self stimulation of midlateral hypothalamus, male rats, 22212
injections of librium prior to exposure to inescapable shock, analgesia & shuttle-escape learning, male rats, 24826
n-propyl beta-carboline-3-carboxylate & subsequent chlordiazepoxide, social interaction test of anxiety & locomotor activity & exploratory & rearing behavior, male rats, 6121
periaqueductal gray lesions vs chlordiazepoxide in fear suppression, conditioned analgesia, rats, 670
picrotoxin & pentylenetetrazole & chlordiazepoxide, social interaction & anxiety, male rats, 16758

propranolol vs chlordiazepoxide treatment, 18–55 yr old anxious neurotic patients, 4762
scopolamine vs methylscopolamine vs phentolamine vs propranolol vs chlorpromazine vs chlordiazepoxide, spatial memory & maze performance, rats, 3455
sedative effects & tolerance, chlordiazepoxide & lorazepam, rats, 6120
thyrotropin-releasing hormone, potentiation of pentobarbital & chlordiazepoxide & ethanol sedative & anxiolytic effects on suppressed responses during punished operant responding, pigeons, 22231
tolerance & dependence & withdrawal of chlordiazepoxide, spinal reflex function, male rats, 27638

Chlorimipramine

acute vs chronic administration of desipramine vs chlorimipramine, central morphine analgesia, male rats, 30257
chlorimipramine vs s-adenosyl-levomethionine treatment, depressed patients, 12637
chlorimipramine, 28–57 yr olds with obsessive compulsive disorder, 10316
chronic administration of clomipramine & mianserin & nialamide vs haloperidol & diazepam, salbutamol-induced hyperactivity, male rats, 24920
chronic desipramine vs maprotiline vs chlormipramine vs zimelidine vs iprindole, sensitivity of presynaptic alpha-2 & postsynaptic beta-adrenoceptors, rats, 791
clomipramine induced sleep deprivation during neonatal stage, adult ethanol related behavior, male rats, 16765
clomipramine or haloperidol treatment & thyrotropin-releasing hormone tests, thyroid-stimulating hormone responses as indicators of antidepressant & neuroleptic drug mechanism, female patients with depressive or paranoid hallucinatory syndrome, 28776
clomipramine or imipramine, obsessive compulsive disorder, 20–58 yr old patients, 23337
clomipramine, orthostatic hypotension as predictor of treatment response vs side effect, patients with depression & obsessive compulsive symptoms, 15328
clomipramine, repetitive behaviors, schizophrenics with obsessions & compulsions & rituals, 18134
clomipramine, sleep structure, 25–63 yr old patients with endogenous depression, 20920
clomipramine treatment, intra- & interhemispheric EEG changes, chronic schizophrenics, conference presentation, 1984
clomipramine vs clorgiline, skin conductance & heart rate responses, 19–44 yr old obsessive compulsive patients, 18157
clomipramine vs doxepine, neurotic depression, 18–64 yr old outpatients, 18121
desimipramine vs chlorimipramine vs sulpiride vs diazepam, ACTH secretion, 18–34 yr old males, 24870
imipramine or clomipramine treatment, assessment of symptom change from scores on Hamilton Depression Scale, 19–65 yr old psychiatric patients, 26146
lithium carbonate or levotryptophan augmentation, obsessive compulsive disorder, 38 yr old male & 22 yr old female resistant to clomipramine treatment, 4811
moclobemide vs clomipramine treatment of depression, 32–87 yr olds with episodic & chronic & atypical depression, 26178
prenatal clomipramine, acoustic startle & social interaction, rat pups, 3437
subjective side effects of clomipramine treatment, Ss with major depressive disorder, 18105
subtherapeutic doses of imipramine & clomipramine & dipropylacetamide, treatment of depression, 21–66 yr old depressives with history of differential responses to tricyclic antidepressants, 2008

Chlorpromazine

acute vs subacute effects of haloperidol vs chlorpromazine vs clozapine vs chlordiazepoxide, operantly conditioned motor control, male rats, 24832
cesium chloride alone vs in combination with haloperidol or chlorpromazine, acquisition & attenuation of pole-climbing conditioned avoidance response, male mice, 3413
chlormethiazole vs chlordiazepoxide treatment, acute alcohol withdrawal syndrome, patients with mean age of 44.9 yrs, 5046
chlorpromazine & oxypertine, urinary catecholamines & their metabolites, 25–51 yr old chronic schizophrenics, 10284
chlorpromazine & promazine, reversal rate & perception of ambiguous visual figures, 19–37 yr olds, 11612
chlorpromazine, development of priapism, 46 yr old male treated for schizophrenia, 18112
chlorpromazine, stereotypic & conditioned behavior, profoundly retarded 12–27 yr olds, 18092
chlorpromazine vs clonidine vs diazepam vs morphine, conditioned avoidance responses, male rats, 24841
chlorpromazine vs imipramine injections into posterior lateral hypothalamus & lateral preoptic area, muricide & catalepsy & cortical & limbic EEGs, male olfactory bulbectomized rats, 24843
chlorpromazine vs trifluoperazine vs caffeine, performance on operant conditioning & cognitive task, male albino rats, 3457
court-ordered discontinuation of thorazine treatment, institutionalized mentally retarded patient, case law, 3912
dextroamphetamine sulfate vs diazepam vs morphine sulfate vs sodium pentobarbital vs chlorpromazine, incremental repeated acquisition, male rats, 27628
efficacy of loxapine vs chlorpromazine, paranoid schizophrenic inpatients, 10302
haloperidol vs trifluoperazine vs thioridazine vs fluphenazine decanoate vs thiothixene perphenazine vs chlorpromazine, plasma neuroleptic & homovanillic acid levels, psychotic patients, 15297
in vitro chlorpromazine vs fluphenazine vs haloperidol vs imipramine vs lithium administration, microviscosity of hydrocarbon layer of blood platelet membrane, 24972
intraindividual variability in plasma chlorpromazine concentrations, adult psychiatric inpatients, 26218
loxapine vs chlorpromazine therapy, paranoid schizophrenic 19–61 yr old inpatients, 7482
morphine vs haloperidol vs chlorpromazine vs scopolamine, discriminative responding with alternating discriminative stimuli, male rats, 3471
naloxone & chlorpromazine & dibutyryl cyclic cytidine, aggression & squeaking, male mice, 11578
nortriptyline with & without chlorpromazine & dosage levels, delusional & major depression, 12–17 yr olds, 18110
oxazepam hydrochloride vs meprobamate vs chlorpromazine HCl, mouse killing, rats, 3476
scopolamine vs methylscopolamine vs phentolamine vs propranolol vs chlorpromazine vs chlordiazepoxide, spatial memory & maze performance, rats, 3455
serum levels of sulpiride vs chlorpromazine, depressive symptoms, 18–43 yr old schizophrenic patients, 26140
total vs free plasma levels of haloperidol vs chlorpromazine, schizophrenic patients under 35 yrs of age, 31546

Chlorprothixene

chlorprothixene vs haloperidol vs trifluoperazine, delayed-matching-to-sample performance, pigeons, 24915

Choice Behavior

ability to evaluate visual relation of connectedness between 2 points in path selection problem, cats, 464
abstinence vs controlled drinking goal choice vs prescribed abstinence, goal achievement & treatment outcome, problem drinkers, 31788
abstract mathematical model using complete distributive lattice to describe group choice behavior, 11239
amount & delay of reinforcement during modified fading, self control & choice behavior, pigeons, 8639
aperiodic time-based reinforcement schedules with short vs long arithmetic vs harmonic mean interreinforcement interval, schedule choice in concurrent-chain procedure, male pigeons, 21925
availability of response alternative & role of memory, sex differences in passive avoidance behavior, rats, 3210
aversiveness of long & short duration preshock signals & varied interstimulus intervals, signal preferences & choice behavior, rats, 8610
brand congruence, interpersonal relations, female college students, 13389
career education & decision making, hearing impaired, 21429
change from passive adaptation to active regulation of reproduction through technological advances, comment on article by W. B. Miller, 31597

choice as basis for mental activity in new mind model for primitive personalities, comments on M. Robbins's view, 18945
choice as basis for mental activity in new mind model for primitive personalities, reply to comments by Z. M. Linnell, 18953
choice between movements of identical vs different form with either hand, RT, 22–33 yr olds, 16400
choice for conditioned reinforcers in signaled absence of primary reinforcement, pigeons, 3166
choice in selection of activities in individual vs group setting, college & graduate students, implications for occupational therapy, 6630
choice of course work, male vs female high school students enrolled in vocational education programs, Canada, 8015
choice of situation vs congruence models, person-situation interaction, college students, 4042
choice RT task, mental representation of movement sequences, college students, test of motor-program editor model vs hierarchical decisions model of motor control, 16402
choice vs no choice & locus of control, satisfaction with assigned task, college students, test of hypothesis of P. E. Spector, 28078
choice vs no choice of treatment, outcome of behavioral weight control program, overweight 8–15.3 yr olds, 1961
choices & doubts in home vs office, working mothers, 22554
cognitive & psychophysical determinants of choice in risky & riskless contexts, 5780
computer simulated financially-based evaluation procedure, choice of appropriate supplier, retailers, 32265
concurrent operant schedules, choosing between varying amount of foods in lever press design, 1–2 yr old beagles, 13751
conditions of suppressing performance errors in choice reaction situation, college students, 24362
constrained vs unconstrained choice of collage materials, creativity, 2–6 yr olds, 17005
context effects, stochastic decision making, 22–25 yr olds, 8556
correlation of stimulus, choice & rate of primary reinforcement, male pigeons, 30006
development of general test, differentiation of moment vs dimensional risky choice strategies & demonstration of task dependence of single-peaked preference, college students, 11201
development of tests, measurement of choice of objectives & conditions & ability to grasp sequence & information & following oral instructions, 10–12 yr olds, 21480
development of values inventory, measurement of choice of surgical treatment, 40–78 yr olds with coronary artery disease & their families, 24231
discrete choice experiments & multinomial logit choice model, prediction of consumer response to new product vs competitive new product, managers, 32345
experimental factors, RT & accuracy on memory scanning & lexical decision & choice tasks, 21874
extensiveness of training & partial reinforcement, maze choice behavior, rats, 24548
factor analysis of choice RT, young vs elderly adults, 19184
fixed vs variable delays before reinforcement, indifference point of choice for key pecking, pigeons, 19333
focus on interior vs exterior attributes in choice of dating partner, high vs low self monitoring males, 28053
freedom of choice & anonymity, level of performance in reactive & proactive tasks, high school students, 27760
generalization of elimination-by-aspects model using fuzzy sets, application to political choice, 11200
group social preference strategies, 5th vs 8th graders vs college students, 992
homogeneous sexual behavior, friendship choice, male vs female 12–17 yr olds, 961
identical preferences & diverse & dependent decisional skills, group decision making rules, 16451
implementation of dilemma counseling approach to organizational behavior classroom setting, decision making, college students, 1-yr longitudinal study, 32197
index of choice & selection of naltrexone treatment, male methadone maintenance patients with mean age of 32.6 yrs, 6-mo followup study, 5058
inescapable shock with delayed shocks & task irrelevent cues, choice-escape learning, rats, 19334
information exchange, group polarization & choice shifts, college students working alone vs in 4-person group, 17313
internal vs external factors, feed/drink decision, doves, 8706
language, choice of TV program, French vs Dutch vs bilingual speakers, Belgium, 9043
life span perspective, individual & sociocultural factors in choice & well-being & quality of life, 16898
mathematical models for multiattribute evaluations of consumer choice behavior, 21662
mathematical preparation & self efficacy, choice of mathematics, 15837
measurement of antecedent conditions producing involvement, consumers, 21661
mediating cognitive processes, choice of interaction partner & activity, college students, 13676
misperception, collective decision making behavior in legislative settings, implications for social psychology rational choice theory, 17317
model of choice behavior, counselors, 21866
model of choice behavior, escape from painful stimuli & microwave irradiation & disturbed thermal regulation, rats, 13846
model of decision making process, foraging, goldfish, 8705
motive vs intention in moral choice principle of double effect, 423
need for speed of response & choice vs no choice of which limb to use, RT & response delay, right handed college students, 24376
normative expectations & individual decisions, media gratification choices, college students, 16819
offer of reward preceding vs following choice to participate, intrinsic motivation & attribution, college students, 21895
parameter nonstationarity in retail choice models, 16381
particularistic model of human beings in public choice theory, 14229
passage of time & reversibility of decision, attractiveness of alternative, 15–19 yr olds, implications for dissonance theory, 30434
patterns of choice between leading chains & other stores, consumers, UK, 13385
perceived ability, subjective probability in choice behavior, male college students, 25445
post-imprinting exposure to halothane anesthesia, choice behavior 24 & 48 hrs later, day old chicks, 8983
practical implications of matching law, comments on paper by I. Meyerson & S. Hale, 13624
practical implications of matching law, reply to criticism of R. W. Fuqua, 5681
practical implications of matching law for reinforcement schedules, 5682
predictive validity of expectancy theory model, behavioral criterion of task choice, college students, 8305
preference for forced choice FR reinforcement schedule vs free choice response chain, pigeons, 8648
presentation of alternatives having uncertain monetary outcomes, choice behavior & role of subjective probabilities, human Ss, test of expected utility model, 8586
prey choice & discrimination between species of ants & other anthropods, hatchling vs juvenile Jamaican lizards, 5947
probabilistic choice model, prediction of choice shares under conditions of brand interdependence, 13384
probabilistic maximum likelihood hierarchical disaggregate model, prediction of future choice distributions of individuals, 21791
proceptive sex choice & reproductive freedom, comments on W. B. Miller's article, 25374
processing same vs different judgments vs criteria setting, RT for positive vs negative responses in 2-choice matching tasks, 19264
psychodynamics, choice of radiation therapy as alternative to mastectomy, 25–74 yr old females with breast cancer, 12715
public choice theory & political behavior, voters, 14391
public choice theory, social interest & economic investigations, 14231
rationale for decision making, college students, West Germany, 13680
reinforcement properties of video games for choice behavior & preference reversal, college students, 425
relation of response latency & accuracy to choice in serial task, college students, 11252

relative attributes & preferences & market share, consumer choice, households, Canada, 13372
restriction of response classes in multiresponse environment, time allocation in each compartment, male rats, 8640
reward probability variation, choice behavior, college students, 5773
role of choosing among alternatives in decision to have child, comments on W. B. Miller's article, 25364
satisfaction-balance model of decision making & choice behavior, 9512
satisfaction with choice of leisure activities, 15–17 yr old Jews vs Arabs, Israel, 27843
secobarbital, choice RT in character recognition task, male college students, 8986
self perception & preferred type of housing, college students, 20122
self selected vs E-imposed goals & goal difficulty & need achievement, task performance, college students, 13716
size of stimulus choice set, consistency of choice in "pick" vs "reject" response modes, test of C. H. Coomb's unfolding theory, 21731
stochastic models, prediction of individual choice & map of cognitive processes, students, conference presentation, 21781
strategies for comparing noncomparable alternatives, consumer choice, college students, 13383
structuralist vs rational-intentional approaches vs economic constraints, mechanisms for educational choice, survey data from high school students & 14–29 yr olds not in school, Italy, 26469
success vs failure on cooperative task & levels of choice & commitment, group cohesion, college students & 13–14 yr old females, 14501
theory & dynamic choice model, variability of individual choice behavior, 13633
trial-by-trial self tracking, responses on visual or vibrotactile 2- & 4- & 8-choice RT tasks, college students, 3024
validity of scale measuring belief in free will & determinism, college students, 2954
vicarious control over vs time delay in elimination & restoration of freedom of choice, psychological reactance, 15–17 yr olds, 30537
visual vs auditory choice RT, highly practiced Ss, 27094

Cholecystokinin
bilateral dorsal midbrain transections rostral to nucleus tractus solitarius, cholecystokinin effects on feeding & exploration, male rats, 27513
bilateral lesions of terminal regions of sensory tract of vagus nerve, cholecystokinin effects on exploratory behavior, rats, implications for ascending pathway mediating satiation, 3383
catecholamine systems in peptide induced satiety, food & water intake, rats, 3532
cholecystokinin & food deprivation & injections of lithium chloride, runway performance for 10 or 30 percent sucrose solution, rats, 30216
cholecystokinin blockade by proglumide, morphine analgesia, male rats, implications for pain treatment, 27664
cholecystokinin, food intake & exploratory behavior & satiety, mice, 19663
cholecystokinin octapeptide & ceruletide & analogs & carbachol, smooth muscle stimulation in intestinal preparations & gallbladders, guinea pigs & mice, 22234
cholecystokinin octapeptide, ethanol intake, male rats, 11600
cholecystokinin octapeptide induced suppression of feeding, brain monoamine levels, rats, 27363
cholecystokinin octapeptide, lordosis, female rats treated with estradiol benzoate or progesterone, 24888
cholecystokinin octapetide & sucrose concentration, changes in taste preference & sensitivity & sucrose intake, hungry vs satiated vs fed-ad-lib rats, 8965
cholecystokinin, opiate analgesia & role as opiate antagonist & in opiate tolerance, rats inexperienced with or tolerant to opiates, 9035
cholecystokinin-related peptides & cervletide, apomorphine induced behavioral responses, rats & 25–35 yr old schizophrenics, 24959
cholecystokinin vs lithium injections, diet self selection & ingestion of protein vs fat vs carbohydrate diets, rats, 30308
cholecystokinin-8, intake of fluids varying in taste intensity & quality, male rats, 6093
icv vs iv administration of tetragastrin & pentagastrin & cholecystokinin & gastrin 17, rumination, sheep, 3458
lesions of area postrema, reduction in cholecystokinin-induced feeding, male rats, 3393
peripheral cholinergic blocker atropine methyl nitrate vs cholecystokinin, meal initiation by presentation of learned cues, rats, 6176
proglumide, effects of cholecystokinin octapeptide on exploratory behavior, male rats, 760
proglumide with vs without morphine, locomotion, male rats, 30203
weekly injections of cholecystokinin-octapeptide, 20–59 yr old schizophrenic patients receiving neuroleptics, conference presentation, 31523

Cholesterol
hypocholesterolemia, mortality from cancer & other physical illnesses, mentally handicapped adults, 17674
serum cholesterol level as mediator, psychological variables & coronary heart disease, literature review, 1738
serum cholesterol levels & aggressive conduct disorder, 9–16 yr old male with attention deficit disorder, 10021
serum cholesterol levels, violent behavior under alcohol intoxication, 20–50 yr old male homicidal offenders, Finland, 4268
social support, stress-related changes in cholesterol & uric acid levels & immune response, 61–89 yr olds, 27451

Choline
behavioral learning tasks, uptake of radioactive choline into acetylcholinergic neurons of nucleus basalis magnocellularis vs medial septal area, male rats, 24691
bilateral icv ethylcholine aziridinium ion into lateral ventricle, behavioral & neurochemical effects, male rats, 24853
choline acetyltransferase activity in precentral & temporal neocortex vs occipital cortex, female monkeys, 27374
choline deficient diet vs starvation, gastrointestinal adrenergic enzyme activity, male rats, implications for treatment of Alzheimer's disease & for patients undergoing fasting, 30154
choline enriched vs deficit diets, locomotor activity & discrimination learning & cortical release of acetylcholine in vivo, 35 wk old rats, 13844
choline production from membrane phospholipids, Alzheimer's disease & aging, conference presentation, 31208
choline, 26–29 yr old patients with tardive dyskinesia, 23343
dietary intake of choline & choline serum levels, cognitive function, 60–93 yr olds, 945
distribution of red blood cell plasma choline rations, 55–81 yr olds with probable dementia of Alzheimer type vs depression, 31168
erythrocyte choline transport, drug-free normal Ss vs lithium-treated patients with bipolar affective disorder, 18126
lecithin dosages, plasma choline concentration, 65–85 yr olds, implications for treatment of Alzheimer's disease, 8938
lithium-induced increases of red blood cell choline, memory, 53–81 yr old patients with Alzheimer's disease, 7023
lithium, red blood cell & plasma choline levels & renal concentrating ability, psychiatric patients with mean age of 40 yrs, 20910
long term choline & lecithin treatment, spontaneous alternation responses in passive avoidance conditioning, aged mice, 16787
nutrition & diet, etiology & treatment of dementia, aged, 12411
phosphatidylcholine, motion sickness susceptibility, human Ss, 19692
piracetam &/vs choline, habituation of exploratory activity & experimental model of memory, male mice, 24914
red blood cell choline concentrations & transport & methionine S-adenosyltransferase activity, drug-free & lithium-treated manic 24 & 64 yr old patients, 17491

Choline Chloride [See Choline]

Cholinergic Blocking Drugs [See Also Atropine, Nicotine, Scopolamine, Trihexyphenidyl]
anticholinergic drugs, clinical use & abuse & side effects in psychiatry, 23320
antiparkinsonian drugs, motor activity, male mice, 13887
atropine vs methylatropine vs DKJ-21 induced muscarinic receptor blockade in CNS, FI schedule-controlled operant responding & response rate-decreasing effects of physostigmine, male rats, 27598

benztropine mesylate challenge vs brief neuroleptic withdrawal, tardive dyskinesia ratings & symptom measures, 25–65 yr old neuroleptic-treated psychiatric patients, implications for prevention of tardive dyskinesia, 10268
cholinergic & adrenergic stimulation of subfornical organ, water intake, rats, 3488
cholinesterase inhibitor physostigmine & other cholinergic & anticholinergic drugs, stimulant-induced stereotypy, male rats, 3449
demographic & diagnostic characteristics, 17–35 yr old benzhexol abusers, 22805
doses of pralidoxime methanesulfonate & cimetidine, strength of conditioned taste aversion & drinking behavior & acute oral toxicity, male rats, 19699
im scopolamine vs icv hemicholinium injections, cholinergic learning deficits in position discrimination learning task, marmosets, 24926
intrahypothalamic acetylcholine synthesis inhibition hemicholinium-3, muricide & irritability & feeding, male rats, 9041
levodopa &/or anticholinergic drugs, intellectual functioning, Parkinson's disease patients with average age of 66.2 yrs, 23338
neuroleptic drugs with vs without anticholinergic drugs, performance on verbal matched-recall vs recognition tasks, mildly disturbed schizophrenics with mean age of 38 yrs, 10255
preexposure to nicotine vs mecamylamine vs hexamethonium, nicotine-induced taste aversions to saccharin, male rats, 22177
stimulation of dorsal hippocampus with carbachol & dioxolane vs electricity, head-eye-body turning, cats, 19707
trihexyphenidyl, recent vs immediate memory, Parkinsonian patients, 10285
3-quinuclidinyl benzilate dosages, spontaneous motor activity, male mice, 30265
Cholinergic Drugs [See Also Physostigmine, Pilocarpine]
cholinergic & adrenergic stimulation of subfornical organ, water intake, rats, 3488
cholinergic agonist RS 86, sleep, 21–30 yr olds, 796
cholinergic drugs, human information processing, literature review, 20945
cholinergic drugs, speed & accuracy of performance on short term memory task, 4–6 yr old monkeys, 30208
cholinergic drugs UM-1046 & physostigmine, symptoms resembling naloxone-induced opiate withdrawal in morphine dependency, rhesus monkeys, 24856
cholinergic neurotoxin AF64A, spontaneous nocturnal locomotor behavior, rats, 11618
cholinesterase inhibitor physostigmine & other cholinergic & anticholinergic drugs, stimulant-induced stereotypy, male rats, 3449
oxotremorine sesquifumarate, tremor & salivation & chromodacryorrhea & hypothermia, rats psychogenetically selected for bipolar extremes in shuttlebox avoidance, 13894
physostigmine sulfate vs pilocarpine & muscarinic vs nicotinic blocking agents, elicitation of yawning & tongue protrusion & teeth chattering, male rats, 24957
quinuclidinyl benzilate vs atropine vs kainic acid lesions of substantia innominata, neocortical & hippocampal slow wave activity, rats, implications for Alzheimer's disease, 27646
Cholinergic Nerves
bilateral coagulation of ventral noradrenergic pathways, conditioned passive avoidance response after electrical stimulation & galantamine injection, rats, 6049
cholinergic receptor binding in frontal cortex, suicide victims with mean age of 39 yrs, 9809
involvement of cholinergic & noradrenergic systems in behavioral adaptation to stress during perinatal period, anxiety, fetus or neonate & mother, 25199
microinjection of carbachol vs morphine vs methylatropine vs naloxone into periaqueductal gray, central cholinergic processes in opiate abstinence syndrome, morphine-dependent vs nondependent dogs, conference presentation, 3510
mood state dependence, noradrenergic & cholinergic activity & plasma 3-methoxy-4-hydroxyphenylglycol, female 21 yr old with rapidly cycling bipolar depression, 17539
muscarinic cholinergic receptor binding, Ss who committed suicide, 14795
nicotinic & muscarinic cholinergic systems, opiate & nonopiate environmentally induced analgesias, male rats, 8837
Cholinesterase Inhibitors [See Also Neostigmine, Physostigmine]
acute administration of isopropyl methylphosphonofluoridate, behavioral toxicity as measured by activity & taste aversion conditioning & rotorod performance, male rats, 22187
acute vs chronic diisopropylfluorophosphate, striatal dopamine metabolism & differential motor behavioral tolerance, rats, 8953
diisopropyl fluorophosphate, reduced muscarinic receptor binding & memory for passive avoidance task, rats, 27610
diisopropylfluorophosphate, passive avoidance retention & cortical quinuclidinyl benzilate binding, rats, 27587
selective breeding for sensitivity to diisoprophyl fluorophosphate, body weight & temperature & water intake, male vs female rats, 8741
viability of swimming vs rotarod task as training method & task sensitivity following exposure to ionizing radiation &/vs pyridostigmine, rats, 30142
Cholinolytic Drugs [See Cholinergic Blocking Drugs]
Cholinomimetic Drugs [See Also Acetylcholine, Arecoline, Carbachol, Neostigmine, Physostigmine, Pilocarpine]
cholinomimetic drugs, treatment of tardive dyskinesia, 12617
Chorea [See Huntingtons Chorea]
Choroid [See Eye (Anatomy)]
Choroid Plexus [See Cerebral Ventricles]
Christianity [See Also Fundamentalism, Protestantism, Roman Catholicism]
altered state of consciousness & social psychological phenomenon, Christian religious experience, Philippines, 17151
analysis of symbol of Virgin Mary from feminist-psychoanalytic perspective, 27912
approaches to psychotherapy, Christian therapist, 20738
biblical concept of hope in psychotherapy, 10156
Christian faith & assertiveness training, 23268
Christian perspective, forgiving, 14282
Christian psychoanalytic perspective, binge-eaters & addictive personality, 7276
Christian theory of personality, 30848
Christian view of prosocial behavior, 14488
communication & interpersonal skills program, self concept, Christian college students, 10722
concept of self in Christian psychology, 17134
concepts & uses & Christian assessment, neurolinguistic programing approach to psychotherapy, 1868
conflict of assumptions of determinism & inherent human goodness in psychology with Christian faith, 17156
correlates & contexts of empowerment, 19–54 yr old members of nondenominational Christian fellowship, 11891
deterministic models vs consequence of similar choices based on common values as explanation of regularities in human behavior, Christian implications, 17376
dyadic & generalized trust, dating or engaged secular vs Christian-college students, 23804
establishment of church-related professional counseling service, 15455
etiology & symptomatology & treatment of pathological narcissism from Christian & Jungian perspective, Old Testament patriarch Jacob, 23131
expectations of therapists & therapy, charismatic Christian family with 12 yr old underachieving daughter, 26010
feminist approaches to psychology of women & preferred methods of research, implications for Christianity, 16217
Freudian vs Christian identification with respect to formation & transcendence of superego, 22452
Greek origin & meaning of word "image", Christianity, 11888
history & use of hypnosis & metaphor in Christian context, 23386
implicit theory of personality & illness & cure in writings, neo-Pentecostal faith healers, 19954
inclusion of theory of morality in religious educational framework & social change, Christian religious educators, 14283
influence of religion on B. Rush's approach to care for insane, 13472
integrated approach, Christian counseling, 2130
Jesus as anti-Oedipus, 6469
need for Christian psychological apologetic, 9377
passive Christian personality pattern, 9381

patterns of ritual kinship & patron-client bonds, Christians, Philippines, 17185
perceived value of prayer in psychotherapy, 24–70 yr old Christian counselors & psychotherapists, 1842
person-centered empathic approach, Christian apologetics, 10114
psychoanalysis & Christianity, 3804
psychoanalytic interpretation of unicorn, residual oedipal guilt & female duality & Christian symbolism, 3561
psychoanalytic interpretation, role of myth of Jesus in unconscious of Christian believer, 8337
psychotherapy with theological constructs & tactics, 10157
reconciliation counseling as counseling & Christian thought & rehabilitation, mental health & relationship with God & oneself & others, 31662
religion & age & sex, death anxiety, Indian high school & university students, South Africa, 16878
religious affiliation of target, altruism regarding academic grades vs salary, Hindu vs Muslim vs Christian female college students, India, 30797
religious prosocial cuing vs amount of time before vs importance of next appointment, helping behavior, conservative Christian college students, 30793
religious vs secular cognitive-behavioral therapy, depression, 19–36 yr old Christian college students, 7380
scope & definition & criteria for Christian biblical concept of creativity, 22262
sex-role & religious attitudes, forced marital intercourse norms, community residents, 20052
spirituality & absolute value of human beings & reality of good & evil, 14243
theological perspective, integrated model of relational maturity, 9379
training programs, paraprofessional Christian counselors, 2282
types of loneliness & social alienation & spiritual formation, 14244
uses of power in Christian spirituality, 14256
values & selection of psychotherapist & mental health & therapy outcome, orthodox Christian college students, 23163
views on sexuality, Christianity vs psychology, 17138
Chromosome Disorders [See Also Downs Syndrome, Klinefelters Syndrome, Sex Chromosome Disorders, Trisomy 21, Turners Syndrome]
fragile X chromosome disorder, 2–14 yr olds with infantile autism or psychosis psychiatric or mental retardation with language or behavior disorders, 25552
fragile X chromosomes, autistic mental retardation, mentally retarded patients, 31128
fragile X-syndrome, siblings with atypical developmental disorder & moderate mental retardation & Gilles de la Tourette's syndrome & autism & seizures & attention deficit disorder, 1686
intellectual & psychological development, infant with 18q- syndrome, 17721
Chromosomes [See Also Autosomes]
cross between genetically different strains, circadian rhythms, flies, 3249
Y chromosome influences, sexual behavior, DBA/1Bg vs DBA/2Bg vs DBA/2.DBA/1-YBg male mice, 24624
Chronic Alcoholic Intoxication
chronic self administration of alcohol, disruption of menstrual cycle regularity, female monkeys, conference presentation, 3487
Chronic Pain
acultural dimensions of chronic pain, pain patients in their late 30's, 14940
analgesic activity of indalpine, chronic pain patients, 26156
analysis of questionnaire items for classification of pain & evaluation of treatment & prediction of outcome, 22–70 yr old chronic pain patients, 16304
antidepressant drug treatment, chronic pain patients, 15279
applied relaxation with vs without operant condition therapy, chronic pain patients with mean age of 43 yrs, 10231
assessment, chronic pain patients, literature review, 4433
association of chronic pain & depression, literature review, 12114
assumptions for clinical management of chronic pain syndromes, 17869
behavior vs physical therapy, physical & psychological & psychosocial functioning & pain perception, chronic low back pain 20–62 yr old patients, 17852
characteristics of chronic pain population, internists, implications for treatment education, 25990
choices for dealing with chronic pain, patients, 17870
chronic pelvic pain, depression, female patients without organic pathology, 17776
chronic shock, cooperation behaviors, rats, implications for learned chronic pain behavior, 24752
clinical usefulness as indicator of validity of Visual Analog Scale, assessment of chronic pain, reply to criticisms of M. Giuffre & T. D. Walsh, 5603
cluster analysis of items in Taylor Manifest Anxiety Scale, chronic asthma & tuberculosis & pain patients, 13583
cognitive stress vs noise vs relaxation, EMG & GSR & respiration & heart rate & mood & headache intensity, chronic headache patients, 31196
collaboration between pediatrics & psychology, behavioral treatment of intractable pain following spinal cord surgery, 13 yr old male, 31306
comments on methodology & validity & reliability of Visual Analog Scale, assessment of chronic pain, criticism of A. M. Carlsson's paper, 5621
coping strategies & perception of chronic pain & personality, Black patients with sickle cell anemia or rheumatoid arthritis or low back pain, 7003
demographic characteristics, 15–65 yr old patients with chronic pain associated with diagnosed physical illness vs with no identified organic cause, India, 7033
depression associated with chronic pain, 14601
dexamethasone suppression test & DSM-III criteria, differentiation of depression from chronic pain, 18–69 yr old chronic low back pain patients, 12104
dexamethasone suppression test as indicator of depression, patients with chronic pain with vs without depression, 30879
dexamethasone suppression test as screening procedure, rehabilitation patients with chronic pain consulting psychiatrist, 31764
diagnosis & assessment of chronic pain states, 14899
diagnostic laparoscopy & MMPI testing, etiology & psychopathology of chronic pelvic pain, 16–52 yr old females, 23027
doxepin, chronic pain & clinical depression, patients with low back &/vs cervical spine pain, 15296
doxepin vs desipramine, patients with major affective vs dysthymic disorder & chronic back pain, 15338
electroacupuncture, chronic low back pain & perception of experimental heat pain, 23–68 yr old pain patients, 7559
elimination of analgesic & psychoactive drugs in treatment, benign chronic pain patients, 18100
EMG-based relaxation training, treatment outcome, chronic pain patients, 23286
Ericksonian hypnotic techniques, intractable shoulder pain, 63 yr old male, 7510
etiology of pain as psychophysiological process, chronic pain patient, implications for treatment, 17778
evolution of chronic pain concept & evaluation & treatment & management strategies of comprehensive chronic pain management program, literature review, 23066
factor analysis of pain language & relationship to medical diagnostic categories, chronic pain patients, 9961
group hypnotic approach, coping strategies, chronic pain patients, 7507
history & evolution of psychodiagnostic methods in chronic pain assessments, 31214
hypnosis & psychotherapy, chronic myofibrositis pain & emotional adjustment, 38 yr old female, 3-mo & 1-yr followups, 23084
incidence & implications of alexithymia, chronic pain patients, 22940
intensity & quality of pain vs ache vs hurt & semantic correlates, 29–52 yr old nurses & 29–53 yr old chronic pain patients, 22961
life experiences & amount of readjustment needed & stress, children with behavior disorders vs recurrent abdominal pain, 17748
macro- vs micro-suggestions, pain, chronic pain patients, 1-yr followup study, 18162
MAO inhibitors, treatment of atypical depression due to chronic pain, 31496
Millon Behavioral Health Inventory, prediction of response to behavioral treatment, chronic headache sufferers, 31160

mindfulness meditation, perceived pain & reported medical symptoms & mood, chronic pain patients, 1.5 yr followup, 1954
narcosynthesis, posttraumatic chronic pain, 49 yr old White male, 20671
need for multiple measures, assessment of chronic pain, comments on A. M. Carlsson's study on visual analog scale, 5658
occupational therapy, chronic pain, 39 yr old male with history of spinal injury, 18346
pain complaints & psychological disturbance, chronic low back pain patients seeking vs not seeking compensation through litigation, 25876
pathogenesis & use of thermography in diagnosis & treatment, 39 & 52 yr old male & female with reflex sympathetic dystrophy, 14919
patient characteristics, outcome of relaxation vs biofeedback treatment, patients with chronic mandibular joint pain, 15246
peripheral tissue injury, long term excitability & thresholds of flexion reflex, decerebrate rats, implications for studying chronic pain, 6090
personally relevant vs general stress, EMG reactivity, chronic back pain vs non-back-pain patients, 25818
physical & vocational & emotional & marital & economic & legal characteristics, national differences in response to injury & pain, chronic low back pain patients, US vs New Zealand, 31136
potential benefits of being sick, compliance with rehabilitation, chronic pain patients, 18352
psychiatric consultation, drug-abusing hospitalized chronic pain patients, 15581
psychiatric treatment following unsuccessful drug therapy, chronic pelvic pain without apparent organic cause, female patients, 20668
psychiatry, patients with chronic pain, 15060
psychological etiology & treatment, chronic back pain, literature review, 20687
psychological interventions in treatment of chronic pain, 31317
psychological profile, chronic pain patients, 14999
psychopathology, response to graduated spinal block, chronic pain patients, 18202
psychophysical scaling of intensity vs unpleasantness word descriptors, 29 to 77 yr old chronic pain patients, 25944
psychosocial assessment, 56 yr old female with chronic headache, 25913
rehabilitation counseling, treatment of chronic pain, 21117
relaxation training & EMG biofeedback & cognitive restructuring & contingency management & social skills training, 36 yr old female with chronic pain, 23271
reliability & validity of self report, assessment of daily activity patterns, chronic low back pain patients, 16317
role of psychological factors & interpersonal communications, initiation & maintenance of chronic pain syndromes, implications for treatment, 31270
scores on MMPI & Rotter Internal-External Locus of Control Scale, Ss with chronic low-back pain vs alcoholics vs college students, 1338
self hypnotic suggestion, awareness of interpersonal aspects of pain complaints, 40 & 48 yr old males with chronic headaches, 26219
self-report depression scales vs clinician DSM III diagnoses of major depressive disorder, 21–77 yr old chronic pain patients, 1346
self reporting of cognitive-somatic anxiety response patterning, chronic & low-back pain patients vs college students & health professionals, 20500
site of pain, pain description & behavior & psychological factors, chronic pain patients, 17809
spouse involvement & outpatient group treatment, chronic pain, 23–69 yr old patients, 3- & 7-mo followups, 26079
stress management program with behavioral & cognitive & physiological emphasis, chronic pain patients, 18048
Symptom Checklist 90 & questionnaire as global ratings, assessment of psychological disturbance in pain drawings, chronic pain patients, 17802
symptoms & treatment of benign chronic vs acute pain, patients, 17779
theory & evaluation & treatment of chronic body & back pain, bibliography, 1974–83, 20630
time- vs pain-contingent oral methadone, chronic pain, inpatients, 23371
transcutaneous electrical nerve stimulation vs aspirin, reduction of chronic myofascial or musculoskeletal pain, 18–69 yr old males & 22–71 yr old females, 4855
transcutaneous electrical nerve stimulation vs aspirin, somatosensory EPs, 19–23 yr olds, implications for evaluation of analgesia treatment for chronic pain, 6041
treatment of chronic pain focusing on objective changes in function & behavior, physical therapists, 18365
types & analysis of psychological tests for clinical assessment of chronic pain, 29726
unhealthy vs healthy ways for legitimizing pain, chronic pain patients, 17780
utility of Sickness Impact Profile, assessment of disability with chronic back pain, patients, 29742
validity of Headache Assessment Questionnaire, discrimination between chronic vs occasional tension headache sufferers, college students, 29759
validity of MMPI-168 as predictor of long-term outcome, chronic pain inpatients, 6 mo to 3 yr followup, 21762
vibratory stimulation as analgesic, 24–62 yr old patients with chronic myalgia, 20992
vibratory stimulation vs transcutaneous electrical nerve stimulation vs electroacupuncture vs placebo, pain reduction, 27–63 yr olds with chronic myalgia, 20993
Visual Analogue Scale vs Duration & Intensity & Behavior Scale, self recording of chronic epigastric pain, patients with mean age of 35.8 yrs, 5686

Chronic Psychosis [See Also Chronic Schizophrenia]
factors facilitating injury, hospitalized chronic psychotics, 18320
outpatient home treatment & family therapy, 27 yr old female patient with chronic psychosis, implications for psychiatric social casework, Italy, 31573
psychoanalytic & graphological interpretation of Baum Test as psychodiagnostic technique, chronic psychotic patients, 6779
reactive psychosis & possible etiology of chronic psychosis, psychiatric patients, 2 case reports, 25544
social atoms, examination of drawings, 25–60 yr olds with chronic psychosis vs judged not guilty by reason of insanity, 2867

Chronic Schizophrenia
alliance & transfer & countertransference in psychotherapy, schizophrenic patients, 4621
apomorphine, growth hormone & prolactin & luteinizing hormone, 18–70 yr old acute & chronic schizophrenics, 7427
apomorphine, therapeutic & side effects, 39–70 yr old chronic & 18–41 yr old acute schizophrenics, 7426
atrophy in 3rd ventricle, chronic schizophrenics, 20229
autobiographical account of hope & recovery in chronic process schizophrenia from age 17–23 yrs, conference presentation, 17514
bimodal electrodermal activity, adult male acute vs chronic schizophrenics, 25570
blink rates & blunted affect, 20–63 yr old chronic schizophrenics, 9670
blood MAO activity & computerized tomography scans, differentiation between types of schizophrenia, 20–60 yr old paranoid vs residual vs undifferentiated schizophrenics, 22780
caerulein, chronic & acute schizophrenia, 21–51 yr olds, 15308
cerebral ventricular size & eyeblink reflex, chronic schizophrenic 19–51 yr olds, 9671
changes in living arrangement following hospital discharge, rehospitalization, 18–55 yr old chronic schizophrenics, 23495
chlorpromazine & oxypertine, urinary catecholamines & their metabolites, 25–51 yr old chronic schizophrenics, 10284
clinical correlates of decreased anteroposterior metabolic gradients in position emission tomography, 18–51 yr old chronic schizophrenics, 14659
clonidine &/vs mesoridazine, tardive Tourette-like syndrome, 60 yr old female chronic schizophrenic with tardive dyskinesia, 31521
computed tomography scans using ventricular-brain ratio & Ewans's index & cella media index, assessment of ventricular size, 23–48 yr old chronic schizophrenic patients, 30994
conceptual development of K. Leonhard's classification of chronic schizophrenia, 22666

contingency management, adherence to exercise program, 37 yr old male & 53 yr old female chronic schizophrenic residents of sheltered group home, 1971
conventional vs high dose of ciz(Z)-flupentixol decanoate, chronic schizophrenia, male patients, 4767
CSF interferon activity, chronic schizophrenic patients with mean age of 26 yrs, 14730
day hospital treatment program with vs without comprehensive social skills training, 18–58 yr old chronic schizophrenics, 23490
dexamethasone suppression test, 55–65 yr old chronic schizophrenic patients, comments on study by J. G. Munro et al, 22713
dichotic listening, 21–55 yr old right handed chronic schizophrenics, 12165
differentiation between hypokalemic psychosis & exacerbation of schizophrenia, 60 yr old female with chronic schizophrenia, 10272
discharge planning & community treatment compliance & interpersonal stress, prediction of days in hospital after discharge using mathematical model, 18–55 yr old chronic schizophrenics, 21062
echocardiographic measurement of heart & great vessels, chronic schizophrenics & manics, 20244
epidemiological perspective, schizophrenia & affective disorders, Canada, 17445
ethical problems in research on opioids, treatment of chronic schizophrenia, 34 yr old female patient, 28761
facial affect recognition, chronic schizophrenic 21–59 yr old inpatients, 6826
family therapy in partial hospitalization program, 38 yr old male with chronic schizophrenia & 31 yr old female with mixed bipolar affective disorder, 15504
fluspirilene, acute decompensation, chronic schizophrenic patients, 20892
group treatment, 21–28 yr old schizophrenic males, 28678
hand & eye dominance, age of onset & course of illness & premorbid functioning, 20–56 yr old newly admitted chronic schizophrenic males, 28232
hospital discharge planning process, 18–55 yr old chronic schizophrenic inpatients, 2145
hospitalization, development of psychotherapeutic alliance with staff, 20 & 27 & 39 yr old chronic & paranoid schizophrenics, 15508
hypersecretion of cortisol, dexamethasone suppression test responses, unmedicated chronic schizophrenics with mean age of 32 yrs, 14681
impact of chronic mental illness, patients & families & communities, example from 'Is There No Place on Earth for Me?', 20318
incidence of chronic schizophrenia & schizotypal & paranoid personality disorders, 1st degree relatives of chronic schizophrenics, 20219
left hemisphere dysfunction or interhemispheric integration deficit, 18–53 yr old chronic schizophrenics, 22714
left-hemisphere frontal brain density anomalies as determined by computerized tomography, chronic schizophrenics, 6794
length of illness & hospitalization, vocabulary & concept formation, chronic schizophrenic vs nonpsychiatric patients, 6799
levels of haloperidol, partial seizure with complex symptoms, 26 yr old male chronic schizophrenic, 18117
local cerebral metabolic rate of glucose before vs after somatic treatment, 28–53 yr old chronic schizophrenics, 22794
long term neuroleptic drug treatment & drug withdrawal, growth hormone peak levels after apomorphine, 29–54 yr old schizophrenic patients with vs without tardive dyskinesia, 26189
long term stages of disorder, senile schizophrenics, 4213
low dose of bromocriptine, chronic schizophrenia, medicated patients with mean age of 33.7 yrs, 15283
manual control & tracking vs oculomotor tracking, 20–45 yr old acute vs chronic schizophrenics, 22743
measurement of hemispheric cerebral tissue density, 20–45 yr old chronic schizophrenics, 22682
nadolol, neuroleptic-induced akathisia, adults with schizoaffective disorder or schizophrenia or chronic schizophrenia, 23351
narrowly defined diagnostic criteria, morbidity risk patterns, nuclear families of chronic schizophrenic probands, 28159
neuroleptics, etiology of depression, chronic schizophrenics with depressive episodes, 10306
neuropsychological impairment & associated IQ, 23–49 yr old patients with chronic schizophrenia or major affective disorder or atypical psychosis, 14664
oral haloperidol followed by im haloperidol decanoate, patients with chronic schizophrenia, 28778
patient characteristics, attempted suicide, hospitalized chronic schizophrenics, 9712
platelet aggregatory responses to adenosine diphosphate & arachidonic acid, drug-free schizophrenics vs other psychotics vs acute-on-chronic schizophrenics on neuroleptic therapy, 4271
platelet MAO activity, chronic schizophrenic 17–45 yr olds, 6735
prevocational vs sensorimotor training, work & motor & cognitive & psychological performance, chronic schizophrenics with mean age of 36.1 yrs, 10502
pimozide vs fluphenazine vs flupentixol, within-individual variation in steady state plasma & prolactin levels, 39–72 yr old male chronic schizophrenics, 12645
psychosocial intervention with reduced neuroleptic dosage strategies, positive & negative symptoms & disordered personal relationships, chronic schizophrenic patient, conference presentation, 18119
psychotherapeutic changes due to formation of new symbiotic bonds, male chronic schizophrenic, 23152
radioreceptor assay, serum levels of neuroleptics & their metabolites, 22–66 yr old refractory chronic schizophrenic patients, 4788
reliability of Scale for Assessment of Negative Symptoms, 20–55 yr olds with chronic schizophrenia, 27028
seasonal variations in blink rate & concentrations of catecholamines & their metabolites in hypothalamus & nucleus accumbens of postmortem brains, chronic schizophrenics, 12171
seasonality of birth, predisposition to schizophrenia, male vs female paranoid vs nonparanoid schizophrenics, 6823
secretion patterns & circadian rhythmicity of beta-endorphin & beta-lipotropin & ACTH & response to insulin stimulation & dexamethasone suppression tests, 23–64 yr olds with chronic hebephrenic or paranoid schizophrenia, 4136
self consciousness, acute vs chronic schizophrenics, replication of A. E. Puente & S. Morrisey's study, 17430
serum neuroleptic level & extrapyramidal side effects & level of symptoms, distractibility & RT, 19–55 yr old clinically stable chronic schizophrenics, 20941
serum prolactin levels, psychopathology & ventricular size, 18–42 yr old schizophrenic patients, 17515
Social Adjustment Scale Self Report, assessment of social adjustment, chronic schizophrenic patients, 6815
social skills training, communication & community survival skills, 29–35 yr old male chronic schizophrenics at risk for relapse, 7373
sodium valproate, visual EPs, 40–59 yr old chronic schizophrenic females treated with clozapine, 1417
Spanish translation of Whitaker Index of Schizophrenic Thinking Form A, psychodiagnosis, 18–65 yr old acute & chronic schizophrenics vs depressives, Puerto Rico, 17534
substitution of high potency for low potency neuroleptics in long term treatment, withdrawal symptoms, 40–63 yr old chronic schizophrenic outpatients, 28746
sudden withdrawal of clozapine after long term treatment, supersensitivity psychosis, 23 yr old male & 21 yr old female chronic schizophrenics, 15285
test profiles, elderly chronic vs acute schizophrenic patients, 20222
time disorientation & perceptions of own age, male vs female chronic schizophrenic patients, 4262
tobacco smoking & risk of cancer, 27–75 yr old chronic schizophrenic inpatients & deceased schizophrenics, 28225
Trail Making Test vs A. Canter's background interference procedure, classification of organicity, brain damaged schizophrenic males, 19089
use of computer tomography of brain in psychiatry, 70 yr old female with chronic schizophrenia & 59 yr old male with psychotic episodes, 12439
use of Wing rating scale, measurement of rehabilitation success, chronic schizophrenic patients, 15542
vasopressin, memory impairment, 20–54 yr olds with chronic schizophrenia, 31543

weekly injections of cholecystokinin-octapeptide, 20–59 yr old schizophrenic patients receiving neuroleptics, conference presentation, 31523
withdrawal of neuroleptic treatment after 3 yrs, decrease of CSF dopamine & metabolites & noradrenalin, chronic schizophrenic patients, 18094
Chronicity (Disorders)
adjunctive wilderness challenge community mental health program, young adult chronic patients, 10402
attitudes about body integrity & autonomy & caretaking & violence & intrusion, acutely vs chronically ill hospitalized vs healthy 2–5 yr olds, 28925
attitudes toward life & death, suicidal vs chronically ill vs normal 6–12 yr olds, replication & extension of study by I. Orback et al, 14609
behavioral medicine, management of chronic pain, literature review, 10208
case management program, deinstitutionalized young adult chronic patients, 10371
changing policies & funding & programs, community mental health center services, chronically mentally ill patients, 2103
chronic illness in context of research findings & Adlerian theory & philosophy & impact on family, 7–16 yr olds, 20497
chronic illness in 1 or more members, family organization & dynamics, 1084
chronic illness, psychological adjustment & neuropsychological performance, 18–47 yr old juvenile onset diabetics, 25927
chronic mental illness vs "chronicization" of treatable psychoses, hospitalized psychiatric patients, Italy, 31710
chronicity of drinking problems, 21–29 vs 40–49 yr old males, 4- & 7-yr longitudinal studies, 1519
chronicity of major depression, patients undergoing drug therapy, 1–4 yr followup, 20239
chronicity vs chronicization, delusions, 22785
clinical factors, chronicity of depression, patients with endogenous depression, 17498
cluster analysis of items in Taylor Manifest Anxiety Scale, chronic asthma & tuberculosis & pain patients, 13583
cognitive development, exacerbation & etiology of chronic disabilities, adolescents, conference presentation, 30878
collaborative management, chronic illnesses, couples, implications for nursing intervention, 23076
Community Connections aftercare program, reduction of hospitalization, chronic psychiatric patients, 4-yr followup, implications for extended time frame in evaluation of community based programs, 26282
community support services & case management & client characteristics, rural chronically mentally ill clients, 15404
concept of young adult chronic psychiatric patients, 9611
coping behavior & vulnerability & environmental support, children with chronic health problems, 31247
day care program, psychopathology & attitudes toward mental illness & treatment, chronic psychotic patients from lower SES backgrounds, 2141
definition & treatment guidelines, young adult chronic psychiatric patients, 10087
deinstitutionalization & community-based care services & therapist interaction, chronicity, psychiatric patients, Italy, 31644
deinstitutionalization & lack of planning, homelessness, chronically mentally ill, 21022
deinstitutionalization, affective responses & adjustment, young adult chronic patients, 10385
deinstitutionalization, chronically ill psychiatric patients, 15403
demographic characteristics & marital & family relations & illness behavior & complications & self esteem & locus of control & life satisfaction, depression, adult chronic insulin-dependent diabetics, 20612
development & reliability & validity of Chronic Illness Problem Inventory, self report assessment of severity & extensiveness of problems in daily living, chronically ill patients, 5632
development of Chronicity Impact & Coping Instrument: Parent Questionnaire, measurement of child's chronic illness effect on parents, 16331
development of typology of chronic physical or life threatening illness, implications for research & assessment & treatment, 23026
doxepin, long term maintenance treatment, 40–83 yr old outpatients with chronic depression, 15-yr followup, 15273
drug therapy, chronic endogenous depression, 60 yr old female, 10248
emotional maturity & intellectual development, understanding & concern about prognosis & functional limitations of own chronic illness, insulin-dependent 8–17 yr olds, implications for emotional support, 1625
ensuring continuity of long-term psychiatric care, male 12.5 yr old patient, 31297
epidemiology of chronic illness, children, US, 7061
evaluation of support from case managers, deinstitutionalized chronic mental clients of community support systems, 21009
family organization & sibling relations & medical system & parent-child bonding, reinforcement of sick role & chronic illness, families with chronically ill child, 4118
functioning capacity following psychiatric hospital discharge, 18–25 yr old chronic psychiatric patients, 10465
guidelines for increased medication compliance, young adult chronic psychiatric patients, 10261
health behavior & treatment compliance, prevention & management of chronic disorders, children, 17889
health promotion & independent living programs, chronically ill & disabled, conference presentation, 26354
home care vs hospitalization in psychiatric clinic, 27 yr old chronically ill female with asthenic-cenostropathic syndrome, Italy, 31589
hospitalization in psychiatric wards, chronically mentally ill patients, Italy, 31739
impact of chronic mental illness, patients & families & communities, example from 'Is There No Place on Earth for Me?', 20318
incidence & nature & treatment of psychiatric symptoms of depression, elderly patients with chronic physical diseases, 14889
incidence & prevalence & treatment of chronic vs nonchronic mental disorders, 9676
incidence of chronic mental illness, patients admitted to hospital emergency room, Italy, 31688
inpatient treatment, chronic psychiatric patients, 21070
institutionalization & "chronicization" phenomenon, psychiatric patients, Italy, 31685
long term play group psychotherapy, social interaction, 8.5–11 yr old diabetic females, 18008
models of family members' needs & family intervention in treatment, young adult chronic patients, 10187
moral treatment vs mental hygiene vs community mental health vs community support movements, development of fiscal policies, chronically mentally ill, 17872
music therapy, trait & state anxiety, chronically ill hospitalized patients with mean age of 58.4 yrs, 15065
nursing assessment, chronic childhood conditions, 31612
patient characteristics & chronicity & prognosis, young adult psychiatric inpatients, 10493
physician's affective behavior toward patient & individual & primary social resources, coping behavior & emotional adjustment, patients with chronic illness, Israel, 7012
process of defense against physical & psychological demands of chronic progressive disease, 29–85 yr old hospitalized patients, 22954
profile of chronic psychiatric patients, 20307
psychoeducational approach, preparation for community living, chronic mental patients & their families, 18211
psychosocial status in chronic illness, 18–99 yr old patients with arthritis vs diabetes vs cancer vs renal disease vs dermatologic disorder vs depression, 20174
residential educational program, young adult chronic mental patients, 15473
satisfaction with services received by disabled family members, families of young adult chronic patients, 10420
self report of cognitive dysfunction vs objective performance & illness chronicity, 19–59 yr old schizophrenic inpatients, 9741
social maturation, handicapped & chronically ill adolescents, conference presentation, 30888
stress & coping factors, individual differences in psychological adjustment to chronic illness, adults aged 40 yrs & older with hypertension or diabetes or cancer or rheumatoid arthritis, 7531

stress & coping strategies in care of elderly relatives with chronic disorders, American Indian vs White 24–74 yr olds, 14310
summary of papers on treatment of chronic mental patients, conference presentation, 23122
terminal care & uncertainty of survival & impact on family, terminally ill children, 17759
treatment process, family unit with 18–20 yr old daughters & 17 yr old son with leg removed after malignancy, 1919
1979 Italian Psychiatry Reform Laws, institutionalization vs community care, chronically mentally ill, 31590
Cichlids
cost/benefit analysis, broodcare helping behavior, cichlids, 27310
foraging on prey distributed between different patches with different prey renewal rates, cichlid fish, test of ideal free distribution theory, 499
hunger & brood care motivation, female mouthbrooding cichlids, 8711
offspring developmental stage & absence vs presence of intruder &/vs other parent, parental care, male vs female cichlid parents, 8696
regulation of brood caring & parental behavior, biparental larvophilic mouthbrooding cichlid, 5925
Cigarette Smoking [See Tobacco Smoking]
Cimetidine
cimetidine, stress ulcers induced by restraint & cold, aged male rats, 22208
efficacy of phenytoin & Vitamin C & Procaine & Lidocaine & Cimetidine & cyproheptadine & clonidine hydrochloride treatment, anorexia nervosa patients, 1-yr followup, 28787
pre- & postnatal exposure to cimetidine vs ranitidine, growth & development of testes & sexual potency & behavior, adult male rats, 24906
Circadian Rhythms (Animal) [See Animal Circadian Rhythms]
Circadian Rhythms (Human) [See Human Biological Rhythms]
Circulation (Blood) [See Blood Circulation]
Circulatory Disorders [See Cardiovascular Disorders]
Circumcision [See Birth Rites, Surgery]
Cirrhosis (Liver)
alcohol availability & beverage sales, alcohol related arrests & cirrhosis mortality rate in California, US, 6939
drinking patterns, alcoholic cirrhotic patients under medical care, literature review, 10538
Cities [See Urban Environments]
Citizenship
anthropological perspective, school literacy & reasoning & civility, 31952
community-based approach to global education, attitudes toward citizenship & participation in world affairs, college students, 5264
historical & psychological perspectives, teaching & learning reasoning & civility, 29935
poverty & electoral & political client activities, poor females, US, 22521
procedures for delimiting generalizability of research studies, Citizen Education Project, 8th & 12th graders, 21250
Civil Rights [See Also Equal Education]
agency's settlement compliance & provision of juvenile drug abuse program & quality of institutional accommodations & care of voluntary patients, case law, 14353
application of "waiver by offer of psychiatric evidence" & 5th Amendment privilege, 9453
application of 1968 law for civil protection of individuals with major disabilities, France, 1135
attitudes toward children's rights & deinstitutionalization, mental health facility administrators, 5130
attitudes toward federal spending & evaluation of government performance & civil rights, attitudes toward Blacks & disabled, participants in American National Election Study, 25344
changes in Texas mental hospitals based on Civil Rights of Institutionalized Persons Act, case law, 15459
children's rights, ethical dilemmas & changing roles, elementary & middle school counselors, 32171
civil rights & sentencing, mentally disordered sex offenders, case law, 6531
civil rights lawsuit challenging adequacy of care, mentally retarded resident of diagnostic center, case law, 3889
competence & right to refuse antipsychotic medication, involuntarily committed mental patients, case law, 3897
concept of paternalism & advocacy of rights, children, 30646
constitutional challenges to Illinois' guilty but mentally ill statute, case law, 14333
constitutional issues & legal constraints of psychological examination & adjudication, criminals, 1153
court-ordered new trial in civil rights suit for wrongful death, mentally ill prisoner, case law, 14346
court ruling on constitutional right to deinstitutionalization, mentally retarded, case law, 15467
decisions regarding right not to be forcibly medicated, patients receiving antipsychotic drugs, case law, 25330
defense of T. S. Szasz's proposal of psychiatric will, 17890
defensive behavior toward mental health advocates for patient rights, hospital staff, 31895
denial of right to refuse psychotropic medication, patient found not guilty by reason of insanity & committed, case law, 3891
development & rights & function of welfare services, children, 31659
District of Columbia court ruling concerning automatic commitment of federal criminal defendants found not guilty by reason of insanity, case law, 14379
District of Columbia court ruling on rights in psychiatric examination, defendant in murder case, case law, 14327
due process right to sufficient treatment, involuntarily committed persons, case law, 3860
equal education & employment & professional fees & parental rights & psychological environmental harm, Supreme Court decisions on disability during Burger era, US, 25350
ethical guidelines to determine patient competence for informed consent, medical & psychiatric patients, 31325
ethical issues & role conflicts & guidelines & decision making, termination of parental rights, psychiatrists, 18493
evidence of exercise of Miranda rights inadmissible to rebut insanity defense, case law, 3864
federal civil right to community living arrangements, mentally retarded persons, case law, 3870
historical development & differences between leaders of handicapped rights movement vs vocational rehabilitation program, 31749
histories & court decisions, right to privacy & prolongation of life & patient competence, K. Quinlan vs C. Conroy, 11941
human & civil rights & social equality, human females, 17238
inadequacies of state legislation & criminal enforcement procedures to deter & punish racially motivated violent crime & role of federal remedies, 17224
informed consent in treatment decisions, hyperkinetic 10 yr old, 22501
interest in & right of access to own medical records, psychiatric patients, 31321
involuntary civil commitment, legal vs psychiatric paternalistic processes, literature review, 31311
language patterns obscuring occurrence of father-daughter incest, diagnosis by child protection professionals, 7150
law on major disability, abuse of mental patients, France, 20220
laws, exploitation & definition of intellectually handicapped, Australia, 20448
mechanisms for dealing with complaints & grievances, prisoners, England & Wales & Sweden & Denmark, 4985
Mental Health Act of 1982, medical discretion & procedural safeguards & civil rights, England, 3939
Mental Health Act of 1983, patient civil rights & consent to treatment & admissions procedures, England, 3923
North Carolina Supreme Court ruling on termination of parental rights of mentally retarded couple, case law, 14380
principle of free speech in university communities, 30558
principles of variable competence & decision making, children, 6239
problems of rights in treatment, mental patients, 20641
procedural rights concerning release/retention of criminal defendants committed after being found not guilty by reason of insanity, case law, 14384
procedural rights during probation extension & certification hearings, case law, 3866

protection of rights of hearing impaired mildly mentally retarded defendant & attorney-client confidentiality, case law, 3867
psychiatric examinations to assess mental states, violation of privilege against self incrimination, defendants, case law, 3862
psychotherapist liability in case of client suicide & proposal for allowing rational suicide, 1125
recent legal activities, children's rights, 6544
reform of current statutes regarding rights of mentally ill, Israel, conference presentation, 20216
rejection of right to refuse antipsychotic medication on religious grounds, involuntary committed psychiatric patient, case law, 3893
resolution of right-to-refuse-treatment case of Rogers vs Commissioner of Mental Health, clinical implications, 14398
right to accept or refuse treatment, civilly committed patients, 1157
right to access mental health & medical records, clinical practice, psychiatric & medical patients, literature review, 31328
right to attorney during psychiatric examination, mother in parental rights case, case law, 3859
right to competency hearing, case law, 3898
right to determine & cease treatment, 54 yr old female quadriplegic, case law, 14357
right to presence of attorneys for diagnostic mental health study ordered for delivery hearing, juvenile male, case law, 14373
right to refuse antipsychotic medication, involuntarily committed patients, case law, 3934
right to refuse medical & psychiatric treatment, jail inmates, case law, 3886
right to refuse medication, case law, 14352
right to refuse treatment & adjudication of incompetence, committed mental patients, 31697
role in protection of patient's rights in guardianship proceedings, psychiatrists, 30698
ruling in Utah right-to-refuse-psychotropic-medication case, case law, 14335
severity of symptoms & attitudes toward treatment, inclination to refuse medication if given opportunity, patients admitted to locked acute treatment unit, 23515
silence following Miranda warnings as evidence of sanity, defendant, case law, 14339
specializations in impact of fictional right-to-suicide lawsuit, 25696
state hospital's violation of deceased patient's rights to minimally adequate treatment, mentally retarded patient, case law, 14366
use of qualified interpreters to protect constitutional rights, deaf criminal suspects, 17235
voluntary waiver of legal challenges to execution, prisoners facing death penalty, implications for competency & rights of 3rd party intervention, 9450

Civil Rights Movement
psychohistorical analysis, life of Malcom X, 6458
tactical interaction between movement forces & segregationists, Black insurgency, 1955–70, 1020

Civil Servants [See Government Personnel]

Clairvoyance [See Also Precognition]
beliefs regarding existence & appropriateness of research concerning ESP & performance on clairvoyance task, college students, 8288
clairvoyance & telepathy & survival after death & work of R. H. Thouless, 24091
diametric paranormal perception of most frequent card in 5 card decks, 26868
false pretense & deviant exploitation, non-Gypsy fortune-tellers, 1507
multidimensional space-time Fourier transform model of sensory & clairvoyant realities, 11
psi-missing displacement effect in general extrasensory perception vs clairvoyance vs precognition tasks, college students, 18917
relaxation & suggestion procedure with vs without music vs music alone, scores in forced choice test of clairvoyance, 17–50 yr olds, 13416

Class Attitudes [See Socioeconomic Class Attitudes]

Classical Conditioning [See Also Conditioned Emotional Responses, Conditioned Responses, Conditioned Suppression, Eyelid Conditioning, Unconditioned Responses]
age & Pavlovian conditioning, brain biogenic amine content & spiroperidol receptor binding in caudate nucleus, rabbits, 582
alcohol as CS, conditioned control of tolerance to alcohol, rats, 11592
alpha-flupentixol & haloperidol, place preferences produced by morphine vs dextroamphetamine sulfates vs cocaine, adult male rats, 30266
appetitive conditioning, arousal during positive vs negative conditioning & plasma cortisol, male rhesus monkeys, 22051
attitudes toward advertisement, brand attitudes, college students, 29584
autonomic conditioning vs cognitive learning of neurotic fears, differential treatment, 23–35 yr old agoraphobic females, 25608
autoshaping, patterning phenomena during keypecking, reinforced vs nonreinforced pigeons, 16517
baroreceptor role in control of classically conditioned decelerated heart rate responses, restrained rats, 19629
bilateral hippocampal vs neocortical lesions, acquisition & retention of CR based on simple associations vs conditional vs nonconditional discrimination, male rats, 3388
bilateral hippocampectomy, topography of conditioned nictitating membrane responses, rabbits, 27525
blood pressure changes induced by sodium nitriprusside vs phenylephrine, classically conditioned heart rate & blood pressure, male rats, 22163
classical conditioning, consumer research, 2731
classical conditioning of cardiovascular responses, literature review, 634
classical conditioning of nictitating membrane response, amygdaloid nuclei unit activity, rabbits, 583
classical conditioning, opiate dependence, conference presentation, 5049
classical conditioning, strength of orienting response during blocking, rats, 5870
classical conditioning task, evoked brain potentials & P300 amplitude & variability, autistic children, implications for role of perceptual inconstancy & psychotic thought, conference presentation, 20305
classical conditioning with rewarding brain stimulation, neural activity in dentate & hippocampus & septum & medial forebrain bundle, male rats, 3278
classical discrimination conditioning of heart rate & respiratory-motor activity, newborn & neonatal goats, 8624
classically conditioned heart rate, anesthetized rats, 24936
conditioned placing reflex formation, spike activity in limbic cortex during & after CS, cats, 27418
conditioned transformation of unconditioned limb flexion into extension, dogs, 21918
conditioning intensity of noise bursts, acoustic EP & unconscious perception, repressors vs nondefenders vs sensitizers, 16653
contextual conditioning to background cues, phasic stimuli conditioning, literature review, 2997
CS during acquisition of defensive reflex, changes in motor activity, rabbits, 3188
CS-signaled reduction in shock duration, inhibition of shuttlebox avoidance response, rats, 8616
CS-UCS contingency theory vs context & reinforcer waiting times, explanation of associative process in classical conditioning, conference presentation, 3170
CS-US intervals & CS modality, transfer of conditioned nictitating membrane response, rabbits, 8633
definition of 7 contingency theories of classical & instrumental conditioning in relation to contingency matrix & 6 derivative probabilities, 5868
delay vs trace classical conditioning, acquisition of nictitating membrane response, 6 vs 36–60 mo old rabbits, 27209
development of classical & operant conditioning & behaviorism, 8292
diprenorphine vs morphine, conditioned place preference, male rats, implications for separability of opioid analgesic vs positive reinforcement effects, 22138
discharges of single neurons in primary auditory cortex during acquisition of pupillary CR, cats, 3305
electrical activity of reticular formation during aversive & appetitive conditioning, rats, 3282
environmental & temporal cues associated with morphine administration, withdrawal symptoms, rats, 3537

fimbrial vs cortical lesions, sensory preconditioning, rabbits, implications for role of hippocampus, 13871
food-associated external stimuli in classical conditioning paradigm, meal initiation, rats, 21944
footshock stress & environmental cues & naloxone, enhancement of conditioned & morphine analgesia, male rats, 3360
functional similarity of time discrimination & classical conditioning, rats, conference presentation, 3191
immobilization stress & pairing with auditory stimulus & lesions of bed nucleus of stria terminalis, multiple unit activity in bed nucleus & escape responses & development of gastric pathology, male rats, 666
initial fear level, safety signal conditioning to fear-relevant vs irrelevant stimuli, college students, implications for preparedness theory of phobias, 27187
initial stage of alimentary conditioning, young rats, 21941
interstimulus interval, trace conditioning of nictitating membrane,, 717
intraseptal scopolamine hydrobromide, eye blink & heart rate classical conditioning, rabbits, 27630
lesion of dorsolateral interpositus nucleus of cerebellum, associative learning & memory, rabbits, 22116
linear presentation procedure, classical conditioning of "avoidance" response, goldfish, 8631
lithium- vs amphetamine-paired contextual test chamber, activation or suppression of CRs, rats, 24905
morphine vs LSD, classically conditioned nictitating membrane response, rabbits, 30290
morphine vs naloxone, conditioned place preferences & aversions, rats, 3493
naloxone, effects of morphine on associative & sensory processing of CS & UCS in classical conditioning of nictitating membrane response, rabbits, 6157
neuronal discharge plasticity in secondary auditory cortex during acquisition of pupillary CR, cats, 3268
operant & classical conditioning, alcohol tolerance, college students, 24794
pairing of immunologic challenge with neutral stimulus, histamine release, guinea pigs, 13763
pairing of odor & vibrotactile stimuli with oral milk infusion, conditioned ingestive responding to odor & vibrotactile CS, rat pups, 11414
Pavlovian conditioning of signaled presentation & signaled vs not signaled presentation of rival, aggressive CR, male fish, 19329
perforant path stimulation during classical conditioning of nictitating membrane response, responsivity of dentate gyrus granule cells, rabbits, 13817
periaqueductal gray lesions vs chlordiazepoxide in fear suppression, conditioned analgesia, rats, 670
peripheral cholinergic blocker atropine methyl nitrate vs cholecystokinin, meal initiation by presentation of learned cues, rats, 6176
place preference conditioning with morphine, male rats, 24797
predominant defensive reactions, avoidance & classical & pseudoconditioning, high vs low avoider strains of Australian rats, 24535
prior exposure to conditioning compartment, aversive classical conditioning, male rats, conference presentation, 458
prior exposure to conditioning compartment, aversive classical conditioning, rats, reply to A. Tomie's criticism, conference presentation, 459
prior exposure to conditioning compartment, aversive conditioning, rats, criticism of T. Nakaya's study, conference presentation, 468
reductions in strength of original conditioned reflex, transfer of training across sensory modalities, female rabbits, 8634
repeated pairings of immune response modifiers with immunologically inert cues followed by reexposure to cues, associative learning & regulation of immune responses, mice, conference presentation, 29999
reward amount & omission, short term retention in delayed alternation procedure, male rats, 3205
rewarding actions of saccharin & sucrose, taste preference & memory, male rats, 3185
role of drug associated environmental cues, heroin overdose, former heroin addicts who had survived overdose, 28357
signaled vs unsignaled reward in FI vs VI reinforcement schedules, salience of temporal interval offset & subsequent overshadowing, rats, 3203
stress, morphine-induced hypothermia, rats, implications for drug conditioning & tolerance development, 27671
temporal contiguity of odor & taste, taste potentiation of odor in flavor-toxicosis conditioning, male rats, 21912
tonic environmental stimuli paired with opposing UCS, blood pressure, 17–45 yr old college students, 19555
UCS-CS backward conditioning & effects on classical conditioning with other paradigms, 26934
unblocking, Pavlovian appetitive conditioning, rats, 19328
usual vs alternative drug-administration environment, drug tolerance, 9022
water as UCS & light as CS, appetitive conditioning of heart rate, thirsty pigeons, 3174

Classification (Cognitive Process)

acquisition & transfer of ill-defined categories, monkeys, 11419
acquisition of category-level information based on experience with category members vs direct presentation of prototypical values, college students, 11334
age & sex & educational category, estimates of category width, normally achieving vs learning disabled vs emotionally disturbed vs mentally impaired, 7th–9th vs 10th–12th graders, 21419
animacy/inanimacy of actors & patients & training sessions, comprehension of semantic relations & generalization to different animacy/ inanimacy patterns, 2 yr olds, 19804
application of principle of relative sensory judgment, models for magnitude estimation & category judgment, 11227
associative vs cognitive mode of identification & classification of drawings, 3 vs 4 vs 5 yr olds, 27779
basic level of categorization & early conceptual development, criticism of B. Tversky & K. Hemenway's article, 8549
calligraphy style, ratings of Japanese pictograph characters for category representativeness, college students, US vs Japan, 24465
categorical memory search, 18 yr old bilinguals, Czechoslovakia, 8559
categorical organization & lexical availability & representation of 22 French categories, college students, 5772
categorical representativeness of words & free recall vs repetition vs categorical processing instruction, word recall, 7–8.3 yr old 2nd graders vs 9.6–11.3 5th graders, 3661
categories of actor's goals, organization of inferences, female college students, 28054
categorization & metaphoric processing, male vs female 19–34 vs 64–83 yr olds, 14058
categorization, acquisition & long term retention of word pair associations, college students, 21851
categorization skills, normal vs language delayed 5.8–7.1 yr olds, implications for assessment & speech therapy, 6996
categorization strategy, retention of literary vocabulary, 10th–12th graders, 5204
categorization strategy, word recognition ability, 3rd grade remedial reader, 5238
categorization vs automatization, skill learning, criticism of W. Schneider & R. M. Shiffren's study, 29947
categorization vs automatization, skill learning, reply to P. W. Cheng's criticism, 29959
category classification task using alphanumeric vs geometric stimuli presented at various retinal locations, latent components of event-related brain potentials, human Ss, conference presentation, 19522
category detection, 14 mo olds, 6319
category recall, Ss with mean ages of 20.1 vs 67 yrs, 6333
chi-squared test, agreement between Os in categorizing objects, criticism of R. L. Brennan & R. J. Light's method, 11206
classification of objects vs events & concept formation & memory organization, computer simulation of heuristic model of human memory, 3103
classification of Umemoto's stimulus words using norm for word association data, 30338
cognitive organization of gender stereotypic categories, female vs male college students, 21867
complete vs discrete presentation & presentation rate, recall of categorized & unrelated lists, college students, 27167

comprehension of system's division of objects into categories, successful retrieval in menu-based systems, college students, implications for studying categorization problems, conference presentation, 55
concept of nature & importance to psychology, differentiation between natural & human-made environments in picture categorizing task, 6–14 yr olds, 14121
decentering & classification ability, reading ability, male 2nd graders, 16951
degree of category membership, interference with picture naming by superimposed words, college students, 11358
development & testing of distributed memory model of categorization, 24493
development of organizational classification strategies, educable mentally retarded 13.6 & 17 yr olds, 4373
development of seriation & conservation & classification, kindergartners & 1st–2nd graders, 1-yr longitudinal study, 22323
development of sex trait stereotypes & classificatory skills, 4 vs 6 vs 8 yr olds, 3591
diazepam dosages, immediate & delayed free recall of word lists & serial number learning & semantic categorization, 18–30 yr olds, 6125
dichotomous thought processes of concrete operational stage as basis for classroom behavior & student's self concept & teacher-student interactions, 29333
differences in encoding specific & categorical information, cued recall for cue-target picture & word pairs, 2nd vs 5th graders vs college students, 19789
differential representativeness of information & knowledge of base rate of different categories, prediction of individual's category membership, adults, 24458
difficulty of recognition memory & classification tasks, P300 latency & RT, 31–63 yr old alcoholics vs depressed patients, conference presentation, 20181
emphasis on form vs function during 1st experience with toy, categorization, 2 yr olds, 9167
encoding instructions & retrieval cues, recall, patients with senile dementia, 12344
evaluation of typical vs atypical product, graduate students, implications for category- vs piecemeal-based strategies, 29596
event schemas as basis for categorical structure in semantic memory, 3–3.8 yr olds, 16965
exemplar based vs prototype abstraction processes as model of category learning, extension of work of D. Homa et al, 24481
figurative feature characteristics & use of mental images, college students, 362
figurative properties & pictorial description of verbal stimuli, classification processes, college students, 29910
free classification & construction of graphic vs nongraphic collections, 3 vs 5 vs 7 yr olds, 951
global magnitude & saturation, object comparisons in classification tasks, 3 vs 4 vs 5 yr olds, 25151
grouping, word recall, 19–28 yr olds, 3099
habituation to irrelevant information, speeded classification task performance, college students, implications for automatic processing & attention, 27152
incidental vs intentional memory conditions, free recall of categorized & noncategorized lists of pictures, kindergartners vs 2nd graders, 27801
inclusive vs exclusive interpretations of Piagetian class inclusion type questions, college students & 6 vs 8 vs 10 yr olds, 17000
increase of number of objects, classification & inclusion skills, 3.5–9.8 yr olds, 30425
increased memory load, construction of linear orderings, college students, 27166
induction of category distributions as framework for classification learning, college students, model implemented as computer simulation, 5815
inductive concept-identification model of text processing as basis of instructional model, comprehension of expository text, 4th vs 6th graders with mean ages of 9.6 & 11.8 yrs, 10741
information order & category variance, schema abstraction & transfer, college students, 354
interactive computerized rating system, preprocessing of verbal protocols, 24139
interactive presentation of words in multi-trial free recall, learning, college students, 24486
interitem association & automaticity, development of organization in free recall, 3rd vs 5th vs 7th vs 9th graders vs adults, 25076
internal structure & leadership perception & individual behavior in leadership judgments, test of leadership categorization theory, college students, 9519
knowledge level & rate of presentation, categorization in learning quantitative information, students, 27174
lifespan study of classification preference, 4–70 yr olds, 14000
marihuana smoking, semantic classification performance, adult males, 16737
memory for instance information, recognition & concept learning & classification, graduate & college students, 27183
model of category judgment & implications for L. L. Thurstone's case V model, 11225
multiple simultaneously present cognitive structures, representation & recall of trait-related behaviors, college students, 5796
number of category exemplars presented in training & amount of exposure, classification of ill-defined new exemplars, college students, 21856
object name reading vs verbal naming tasks, event-related brain potentials, right handed 23–26 yr old males, conference presentation, 19524
operant conditioning of categorical judgments, distribution of judgments, chicks, 16510
order & orientation of letters & word vs nonword, RT in identification of target letter & classification of trigrams, college students, 5769
organization of semantic clusters, free recall of word lists, college students, 29956
organization of verbal stimuli, production & memorization of words, psychology students, 29907
parents' labeling of objects during communication with child, acquisition of category hierarchies, 2–4 yr olds, 22309
perception & classification of facial emotions, 23–72 yr olds with left vs right cerebral brain damage, 25813
perception of semantic relations in sorting task, college students, 6187
perceptual categorization of color, 3 vs 4 vs 18–22 vs 66–89 yr olds, 941
periodic vs aperiodic spectral input, perceptual system sorting of speech sounds, high school students & college students, 14052
phonological code & spelling of character strings, classification by physical criteria, college students, implications for computation of abstract letter identities as precursor to reading, 5767
Piagetian developmental level, clustering in free recall of pictures, 64–75 mo olds, 25094
picture naming vs word reading, time course of picture-word interference, college students, implications for relative speed hypothesis, 19253
positive vs negative affect, categorization of words or colors, college students, 11325
presentation of same object in various perspectives & states vs different objects with varying degrees of conceptual relatedness, determination of equivalency, college students & 28–60 yr olds, 5782
problem solving in natural intelligence, maintenance personnel, implications for aiding & training, conference presentation, 16256
prototype approach, analysis of cognitive processes in person & situation perception, 6639
prototype distance & range vs frequency of within category variation & feedback & differential forgetting of information values, categorization performance & uncertainty & GSR, male students, 29948
psychological approach to categorization, reply to G. Rey's criticism, 24475
race & income level & preferred category organization, category clustering in recall, Black vs White 1st vs 5th graders, 6315
ranking of words as examples of emotions, college students, implications for prototypical analysis of concept of emotion, 16442
relational vs individual item information, recall of small vs large categories, college students, 11356

reliability of retrieval of verbal knowledge about objects & word meaning from semantic memory, college students, 21882
role of categorization theories, conceptual coherence, implications for cognitive development, 30458
role of parts, basic level of abstraction in taxonomy, 8554
role of spatial & classification operations in memory for organized environment, 1st graders, 30436
Sapir-Whorf hypothesis & color perception, 3546
scaling of output regularities in free recall & assumptions underlying attempted solutions for categorized & unrelated lists, literature review, 24301
self verbalization training, free classification & matrix completion tasks, 7 yr olds, 11727
semantic knowledge, class inclusion task performance, 5.5–6.7 yr old students, Japan, 19862
semantics, classification of typical vs atypical category words, 5 yr olds, 6287
sequential presentation of 2 pictures of some category to left vs right visual field, semantic priming effect in picture naming, college students, 16633
SES & preferred category organization, category clustering in recall, Black vs White 1st vs 5th graders, 27796
SES based on parents' educational levels, classification & free recall, kindergartners & 1st graders, 19798
shifting aptitude at cognitive & motor levels, 41–71 yr old patients with Parkinson's disease, 20496
speed of verification of statements containing property vs category information, college students, implications for semantic memory, 24461
stimulus factors in previewed displays, RT & selective classification, college students, 5792
systematic property relations between category members & effect on judgments of typicality, college students, 5787
target cuing by category vs identity, errors in reporting color attribute of form target in visual search task & role of parallel vs sequential perceptual selection processes, 18–45 yr old female, 24358
taxonomic organization, free vs cued recall of 2 & 4 category lists, 2nd vs 6th graders, 19819
taxonomic vs thematic clustering during free recall of pictures, Black vs White 7 vs 10 yr olds from low- vs middle-SES backgrounds, 9230
top-down information, perceived intra-linguistic category prototypicality of obsolete Kanji, college students, Japan, 27694
training in logical foundations vs number skills, development of logical operations & number, middle-class preschool children with mean age of 4.5 yrs, 9165
typicality & category clustering in word list learning, college students, 24491
unilateral vs bilateral presentation of Japanese kana letters in different forms & simultaneously vs successively, classification, test of visual field differences, 11335
visual & hapatic perception & classification of 3-dimensional solid forms, college students, 24365
visual memory as measured by classification & comparison tasks, replication of P. Walker & E. Marshall's experiment, 11360
word frequency, RT & performance on category verification & lexcial decision & pronunciation tasks involving word recognition, college students, 5804

Classification Systems [See Taxonomies]

Classmates

crisis intervention, acceptance of death of classmate, elementary school students, 15905

Classroom Behavior

actions & interactions during learning task, 5–9 yr olds, 21351
adaptive behavior & classroom behavior, institutionalized trainable mentally retarded 8–16 yr olds, 5329
age of onset of persistent classroom misbehavior as risk factor for conduct disorders, behavior disordered junior high school students, 6941
agreement on classification of observed classroom behavior, teachers & school age children from regular & special education classrooms, 13225
alternatives to manipulative management for helping children develop self control during transitions, early childhood educators, 18553
attendance at cognitively-oriented day care program, aggression during early years in public school, children identified at birth as at risk for poor intellectual development, 26593
attention differences on classroom & laboratory tasks, learning disabled 3rd–6th graders, 18715
attitudes toward classroom behavior problems, junior high school teachers, Great Britain, 15705
behavior characteristics & intervention methods, integration of socioaffectively maladjusted students into regular classrooms, primary & secondary school, 32119
behavior modification, academically gifted students, literature review, 29340
behavior problem severity & interventionist & modality of case presentation, judgment of school-based interventions, regular vs special education teachers, 21385
behavior problems, 7–18 yr old female educable mentally retarded elementary & middle & high school students, treatment implications, 2500
behavioral characteristics & methods to enhance academic & social skills, language deficient students, list of instructional materials, 23874
causes & solutions to disruptive classroom behavior, students, 32109
class ability level, achievement & classroom behavior, junior high school students, 23817
classroom behavior problems, educable mentally retarded 13–18 yr old students, 5326
classroom behavior, 3rd–5th grade persistent absentees, South Wales, 8031
comparison of classroom behavior, decisions on placement in least restrictive environment, handicapped vs nonhandicapped high school students, 5322
compliance & noncompliance during school activities, preschool students, Taiwan, 26621
concentrations & interactions of metallic toxins, aggressive classroom behavior, elementary school children, 32098
context of parental & teacher modeling of silent recreational reading behavior, low- vs high-achieving 7.8–9.9 yr olds, 29233
contradictory norms of competition & cooperation in urban schools, students, 8043
cooperative learning, disruptive & nonmotivated 10th graders, 10730
countering racial & ethnic & sexual & social class prejudices in classroom, 5302
cultural shaping of oral discourse, American Indian & other minority children in classroom, 5291
desk arrangement, classroom behavior, 5th–6th graders, 18658
development of behavior rating scale, assessment of classroom behavior, mentally retarded children, 5374
development of Illinois Classroom Assessment Profile, measurement of behavior disorders, 2nd & 3rd graders, 21499
developmental shifts in focus of social comparison & expression of comparative & evaluative interests & conflicting goals in classroom, kindergartners through 4th graders, 21376
dichotomous thought processes of concrete operational stage as basis for classroom behavior & student's self concept & teacher-student interactions, 29333
differential validity of classroom teacher ratings on Inattention/Overactivity & Aggression subscales of Conners Teacher Rating Scale, clinic-referred male children, 21490
discrimination performance & teacher-rated behavior anomalies, trainable & educable mentally retarded 6–18 yr olds, 15892
ecobehavioral assessment of special education classrooms, severely mentally retarded 9–12 yr olds, 10831
ethnicity & classroom social status, ratings of stressful experiences, Hispanic vs Anglo 4th–6th graders, 2492
ethnographic analysis, teachers' misinterpretation of copying as indicative of low academic ability & poor work habits, Mexican American 1st–3rd graders, 18638
evaluation of classroom management course involving communication & problem solving & self esteem enhancement techniques, classroom environments & student use of drugs, teachers & 4th–6th graders, 26549
field-based secondary teacher education, classroom observation & understanding of misbehavior, junior & high school teachers, 7871

frequency & type of disruptive classroom behavior, educable vs trainable mentally retarded 11 yr olds, 15886
grade level & placement, deviant behaviors, learning disabled & behaviorally disordered elementary vs secondary school students, 18720
half-day vs all-day kindergarten schedule, academic achievement & classroom social behavior & attendance, kindergarten students, 21305
incorporation of school information into comprehensive psychiatric assessment, children, 20185
interobserver reliability of Stanford Research Institute observation system, assessment of classroom environment & behavior, 2595
limitations of sampling assumptions in low-inference measurement of classroom processes, 26918
LOGO lessons, impulsive & disruptive behavior, learning disabled students, 5318
metal levels & combinations of hair lead & arsenic & mercury & cadmium & aluminum, classroom behavior, 1st–6th graders, 26605
methodological problems, research on effects of teacher & student academic expectations & student learning & behavior, literature review, 12985
methylphenidate, classroom behavior, 6–12 yr olds with attention deficit disorder & hyperkinesis, 18091
models of counseling, reading & classroom behavior, 4th–6th graders with learning & behavioral problems & their parents & teachers, 10851
moral vs conventional transgressions, peer vs caregiver responses, 13–40 mo olds in daycare centers & their caregivers, 9332
mother's presence as teacher's aid, child's social behavior, female vs male 3–4 yr old nursery school students, 15830
natural rates of approval vs disapproval of 6th–9th graders' off-task behavior, intermediate school teachers, 29326
object & self manipulation & teacher attention & developmental age, stereotyped behavior in classroom & free play settings, severely developmentally disabled 1.3–16 yr olds, 25737
objective classroom measures vs teacher ratings, assessment of attention deficit disorder, 1st–6th graders, 18729
off-site centers for disruptive secondary school students, New Zealand, 15747
parental rejection, negative attention-seeking behavior, 3rd graders, 13111
parental rejection, negative attention-seeking classroom behavior, 3rd graders, 32102
Peacemaking strategy, reduction of violence in classrooms, teachers, 10698
peer interaction within classroom setting, preschool & kindergarten & elementary school students, literature review, 2468
predictive validity of teacher & maternal ratings of problem behavior for subsequent hyperactivity, infants through 12 yr olds, longitudinal study, 9903
prevalence of teacher identified behavior problems, kindergartners through 6th graders, longitudinal study, 10790
ratings by teachers on Classroom Behavior Inventory, classification & validation of behavioral subtypes of learning disabled children, recently identified learning disabled 1st–2nd graders, 18722
ratings of classroom behavior of Hispanic vs Black vs Anglo 5.6–11.3 yr olds, teachers, 29331
ratings of students' problem behaviors that disturb vs concern, elementary school teachers, 26597
reading comprehension & mathematics performance & classroom behavior, learning disabled vs normally achieving 6–7 yr olds, 2522
reports of classroom disturbance, regular vs special education teachers, 5179
role of silence in communication process, learning disabled 11 yr old female, 21414
school environment & organization & teacher & student characteristics, social climate in classroom, 2454
secondary school influences, reading achievement & intelligence & behavior, 10 yr old students, longitudinal study, England, 8034
self concept & locus of control, classroom behavior, students, 15843
self concept, academic achievement & choice of seating position in classroom, male vs female 4th graders from lower vs middle class, 2487
self instruction training as intervention technique, academic achievement & classroom behavior, 3–17 yr old students, literature review, 15744
severity of learning disability, severity of attention problems, 8–13 yr olds, 21443
small group counseling, attitudes & classroom behavior, 5th & 6th graders, 26711
social comparison exchanges, 3–5 yr old preschoolers, 2458
sociolinguistic methodology for research in classroom discourse, 29709
sociometric status in regular classroom, behaviorally disordered 9th–12th graders, 26665
statistical assessment of stability of behavior over time vs across content, teachers, 15714
student's blood lead levels, teachers' ratings of classroom behavior, 6–12 yr olds, 10033
tasks allocated by teacher in science instruction, task involvement, 6th–8th graders, 7943
teacher aggressive behavior, student aggressive behavior, teachers & students, implications for social-cognitive learning theory, 23803
teacher-rated incidence of behavior problems, educable mentally retarded 6–18 yr old students, implications for curriculum development, 23860
teacher-rated temperament & problem behavior & observed classroom behavior, learning disabled vs normal 3rd & 6th graders, 18673
teacher-rated vs observed social behavior in classroom vs small group room, 35–73 mo old students, 18639
teacher socialization style, students' social cognition & classroom behavior, elementary students & teachers, 15849
teacher trainer's techniques & classroom observation methodology, change in teaching behavior, junior high teachers taught by instructional supervisor vs consultant/teacher, 29121
teacher use of negative &/vs positive consequences, maintenance of on-task behavior, hyperactive 2nd & 3rd graders, 8032
temperament ratings during classroom vs mother vs teacher interactions, developmentally delayed vs Down's syndrome vs cerebral palsied vs audiovisually handicapped 7–35 mo olds, 6712
tolerance of problem behaviors in classroom, elementary teachers, 15716
validity of teacher & student scales & matching familiar figures test, assessment of aggressive classroom behavior, emotionally & behaviorally disturbed male 9–16 yr olds & their teachers, 21440

Classroom Behavior Modification

acceptability of classroom intervention strategies for inappropriate child behavior, 1st–12th grade teachers, 18552
alum po, reduction of rumination, severely retarded 8 yr old & profoundly retarded 20 yr old male, 26632
behavioral intervention program, mild emotional/behavior problems, elementary school students, 32017
classroom instruction & control of subject matter through reinforcement, teachers & students, 29118
classroom sign language training, generalization & maladaptive behavior, 11 yr old nonverbal male diagnosed as autistic, 23844
contingency management & token economy, actual classroom acting out behavior vs acting out indicators on Bender Gestalt Test, emotionally disturbed elementary school students, 26658
courses in behavioral approach to classroom management, teachers, US, literature review, 7878
covert conditioning techniques, inappropriate motor behavior, 13 & 15 yr old trainable retarded public school students, 2509
daily report card, academic & social behavior, behaviorally handicapped 10.5–11.9 yr old male special education students, 18680
definitional & parametric & procedural considerations in time out interventions & research, exceptional children, 15870
developmental stages of impulse management, students, implications for intervention with behavior disordered children, 21433
effective & efficient procedures for transfer of stimulus control, handicapped children, 8092
effectiveness & classroom use of DRO & momentary restraint procedures, reduction of stereotypic behaviors, 6–16 yr old severely or profoundly mentally retarded & multihandicapped students, 26629

effectiveness of "beat the buzzer" time limitation technique, classroom dawdling, kindergartners, 2423
efficacy of behavioral peer tutoring training, reading achievement, 12 yr old remedial readers tutored by 16 yr old low achievers, 23873
Good Behavior Game Plus Merit, reduction of disruptive behavior & improved motivation, 2nd grade males designated as high risk for placement in behaviorally impaired classroom, 15737
guidelines for classroom management, teachers, 15725
incidence & coping strategies, students' aggression, teachers of behaviorally disordered students, 18713
information on time variable research & nonjudgmental feedback, academic engagement rate of target disruptive students vs nontarget peers, junior high & high school teachers, Australia, 32021
modification of classroom social behaviors, on-task behavior & academic achievement, students, literature review, 18615
pairing with peers with similar vs higher on-task behavior, play on cooperative games, 18–19 yr old severely retarded high school students, 5260
peer initiation intervention, classroom social interaction, handicapped & nonhandicapped preschoolers, 23752
perceptions of assertive discipline, teachers vs parents vs junior high & elementary school students, 10775
private vs public goal setting, classroom on-task behavior, emotionally disturbed male 11.5–13.1 yr olds with conduct disorder, 2518
reinforcement & modification of evaluation system, aversion to school-test anxiety, comprehensive school students, 15769
reinforcement system, management of classroom behavior problems, mainstreamed learning disabled students, 21413
running program, attention span & impulse control, learning disabled 8–11 yr olds, 18672
self- vs externally-managed response-cost system, out-of-seat behavior & inappropriate verbalization, learning disabled male 2nd graders, 21436
self instructional training, disruptive behavior, preschool students, criticism of D. C. Billings & B. H. Wasik's study, 23731
self instructional training, disruptive behavior, 4.2–4.8 yr old male preschoolers, replication of P. Bornstein & R. Quevillon's study, 23729
self monitoring, on task behavior & time for assignment completion, 7.5 yr old learning disabled female in elementary school, 18711
severity of target behavior vs complexity of intervention, acceptability of positive vs reductive behavioral intervention, teachers in regular vs special education classes, 15743
student-administered group-oriented contingencies, mathematics achievement, Black male 5th graders, 23770
student-administered group-oriented contingency intervention in regular classroom, mathematics achievement, underachieving 5th grade males, 23755
student administered group-oriented contingency intervention technique, arithmetic performance & disruptive behavior, male 5th grade underachievers, 13070
student goal setting, maintenance of student-teacher contracting effects on academic productivity, high school dropouts, 7907
teacher-guided behavioral self recording, on-task & other classroom behavior, hyperactive 3rd–4th grade males, 18563
teacher proximity, modification of disruptive behavior, 10 yr old male, 21405
teacher use of negative &/vs positive consequences, maintenance of on-task behavior, hyperactive 2nd & 3rd graders, 8032
teaching of social skills, development & internalization of self controlled behavior, high risk students, 21432
time-on-task program, peer rating of classroom behavior task orientation & social acceptance, low achieving 3rd & 6th graders, 2370
type of language used in describing behavior problem intervention, evaluation of intervention acceptability, teachers with varying levels of experience, 15987
4-level token management system, behavior & classroom skills, 7–13 yr old maladjusted males, 8075

Classroom Discipline

acceptability of classroom intervention strategies for inappropriate child behavior, 1st–12th grade teachers, 18552
behavior problem severity & interventionist & modality of case presentation, judgment of school-based interventions, regular vs special education teachers, 21385
classroom management & instructional organization, student task engagement, junior high & middle school science teachers, 21391
consultation service model, discipline in schools, 15948
developments in classroom discipline, behavior problems, 5297
in-service discipline training program, educational staff, 23711
individual differences in prediction of teacher's motivation and responses to vignettes portraying inappropriate student behaviors, 1st–5th graders differing in classroom adjustment, 18657
knowledge & perceptions of seriousness & management methods for student behavior problems, 26–51 yr old teachers, 29158
making & breaking lies in pastoral care in modern mass schooling, high school students & teachers, 10893
Peacemaking strategy, reduction of violence in classrooms, teachers, 10698
perceptions of assertive discipline, teachers vs parents vs junior high & elementary school students, 10775
programs, compliance & self control & discipline, young children, implications for daycare, 29319
ratings of teachers' domain appropriate vs inappropriate responses to student social transgressions, 3rd & 5th & 7th & 9th graders, 8026
school climate & discipline & student achievement & self concept & parental attitudes, 4th & 6th & 8th graders of fundamental vs regular schools, 26624
self concept & locus of control, classroom behavior, students, 15843
severity of target behavior vs complexity of intervention, acceptability of positive vs reductive behavioral intervention, teachers in regular vs special education classes, 15743
student's gender & age & race & IQ level, choice of punishment, 22–70 female White public school teachers, 21395
teacher locus of control, use of intrinsic vs extrinsic motivational techniques in classroom discipline, teachers, 23816
teacher use of negative &/vs positive consequences, maintenance of on-task behavior, hyperactive 2nd & 3rd graders, 8032
teachers' beliefs about students' discipline & teachers' attributions of own behavior, graduate students working as teachers or administrators, 2459
videotaped presentation of disruptive vs nondisruptive classroom context, perceptions of problem behaviors, kindergarten through 8th grade teachers, 18660
years of teaching experience, attitudes toward discipline & agreement with psychologists, elementary vs secondary school teachers, 5200

Classroom Environment

adult vs peer presence, social cognitive aspects of play behavior, 3 & 4 yr old preschool students, 10788
age & homogeneous vs heterogeneous aged classroom setting, social preference ratings of other students, female vs male 8 vs 9 vs 10 yr olds, 2486
alteration of classroom desk arrangement in disruptive behavior, students, 5306
attitudes toward spacious vs space-restricted classrooms, 11 yr old students, 32082
behavioral correlates of sociometric status in teacher-led vs assigned-task classroom situations, 4th–6th graders, 26591
caregiver training, child care setting & involvement in caregiving activities, 21–30 yr old caregivers in community day care centers, 2271
class ability level, achievement & classroom behavior, junior high school students, 23817
class size, burnout, special education teachers, 2357
class size, evaluation of teacher & course, college students, 26589
classroom factors, self evaluation, students, 23807
classroom floor plan, communication & learning, 5315
classroom management & instructional organization, student task engagement, junior high & middle school science teachers, 21391
classroom seating position, frequency of receipt of teacher questions, 2nd–3rd graders, 8025
classroom socialization, Black female 1st graders in desegregated classrooms & their teachers, 8016
classroom structure & student participation, attitudes toward teacher & academic achievement, deaf college students, 29352

color & lighting & midrange ultraviolet lighting, absence due to illness, elementary school students, longitudinal study, 13125
cooperative vs competitive vs independent conditions, academic performance, behavior disordered junior high school age Pima Indian students, 32145
desk arrangement, classroom behavior, 5th–6th graders, 18658
development of group climate survey, assessment of classroom climate, 4th–6th graders, 2562
development of Learning Environment Scale, perception of classroom social & communication environment & feelings of selves in relation to others, hearing impaired college students, 18755
dimensions of classroom & family environment, scholastic achievement & self concept & satisfaction, 7th & 8th graders, 10787
environmental & lighting design based on psychodynamics of color, disciplinary problems, elementary school students, longitudinal study, 13124
environmental conditions & thought focusing & progressive relaxation & biofeedback techniques, stimulation of creativity, gifted students, 15902
evaluation of instructional program for teachers & staff to increase manual sign use of students in classroom vs ward environment, teacher & residential staff & severely/profoundly mentally retarded 11.6–14.3 yr olds, 29353
factorial structure, Classroom Environment Index, 5th graders through college students, 18761
formal vs progressive teaching methods, coping strategies, 6 & 7 yr olds & their teachers, 13112
high inference measures, study of classroom climates, literature review, 49
home- vs school-based speech stimulation programs, speech development, 3–4 yr olds, 22327
ideal teaching/learning vs effective teacher supervisory environments in meeting learners' social & psychological needs, 29242
implementation of dilemma counseling approach to organizational behavior classroom setting, decision making, college students, 1-yr longitudinal study, 32197
instructional time & processes & classroom environment, evaluation of teacher effectiveness, educational implications, 23701
internal & external contexts, understanding classroom instruction in reading, 10694
interobserver reliability of Stanford Research Institute observation system, assessment of classroom environment & behavior, 2595
learning environments for independent teaching methods, 23736
lighting & glare, academic achievement, students, literature review, 26588
location in classroom, student-teacher interaction, hearing impaired college students taking mainstream courses, 2535
measurement of classroom educational climate, comparative analysis of research, 21465
noise & classroom design & environment, academic achievement & learning, students, literature review, 32106
nontraditional educational setting, 1st & 2nd graders, 15782
perceptions of classroom psychosocial environment, 3rd graders vs their teachers, 8013
positive feedback, classroom environment conducive to success, children, 15823
relaxed approach to reading instruction, teachers, Denmark, 26518
restructuring of college classroom & cultivation of imagination and inspiration, 29323
school environment & organization & teacher & student characteristics, social climate in classroom, 2454
self contained special day class vs resource room programs, social status & socioempathy abilities, mildly learning handicapped children, 21431
social interactional contexts in adult literacy class, 18–60 yr olds, 10725
student attitudes & classroom climate, bibliography, 2464
surface pedagogical & psychological levels of analysis of classroom process, research on effective teaching, 31953
systems approach for child-study teams in classrooms, handicapped children, 26650
task & structure & teacher location & activity, responding during reading instruction, special- vs regular-education 3rd & 4th graders, 2546
teacher attitudes & teachers' & students' views of new learning interactions, effect of classroom computers on social life of teachers & students, 23762
teacher vs peer vs behavioral measures & attachment history & preschool classroom environment, peer competence, 4–5 yr olds, 15842
teaching behavior of deaf vs hearing teachers, perception of classroom environment, 14–19 yr old deaf students, 18697
teaching techniques & classroom environment, left handed male students placed in learning disabilities class, 8070
theories & practical applications for culturally pluralistic classrooms, 15787
traditional vs experimental curricula & classroom activities & teaching styles, reading achievement & related cognitive & linguistic abilities, 1st & 2nd graders, 29191
unidimensional classroom organization, perceptions of self & peers & school, students, 13114
use of microcomputers in establishing communicative context in classroom, 15763
videotaped presentation of disruptive vs nondisruptive classroom context, perceptions of problem behaviors, kindergarten through 8th grade teachers, 18660
written & talking comprehension with vs without teacher assistance in small groups, 3rd graders, 13097

Classroom Instruction [See Teaching]

Classroom Teachers [See Teachers]

Classrooms
multi-ability classroom model, 5th & 6th graders, 10695
real classroom research in reading education, 10700

Claustrophobia
hypnobehavioral therapy, 55 yr old female with claustrophobia, 12674
perception of space & illumination, agoraphobic vs claustrophobic vs social phobic patients, 9679

Cleft Palate
community-based team approach, health service delivery, neonates through adults with cleft palate & their families, 26232
early mother-infant interactions, mothers & 3 mo olds with cleft lip & palate, 12349
intensive speech therapy, articulation, 6–12 yr olds with cleft palate or velo-pharyngeal disorders, 2-yr followup study, 7511
perceived nasalization & speech movements during syllable production, 19–23 yr old females with cleft palate, 20534
psychotherapy, pathological body ego formation, 5 yr old male with cleft palate, 7206

Clergy [See Also Chaplains, Ministers (Religion), Nuns, Priests]
alternative religious structures & institutional interpenetration by media evangelists, clergy & lay leaders of Protestant denomination, 14245
art of listening to oneself & others & nature & God, clergy, implications for pastoral counseling, 14247
assessment of self esteem & psychological androgyny, 23–81 yr old clergywomen, 22548
attitudes & knowledge of near death experiences, pastoral counselors, 31926
attitudes toward desirability of religious values in therapeutic process & cooperative treatment, clergy & mental health professionals, 2289
attitudes toward role & personality of clergy, church members, 14259
counseling activities & referral practices, clergy, Canada, 21058
development of Spiritual Leadership Qualities Inventory, discrimination of old elders vs deacons vs non-Christians, 19101
ideology & occupational community, social movement participation, pastors, 25280
marketing of pastoral care & counseling & chaplaincy & clinical pastoral education in view of growing health care crisis, pastoral care persons, US, 15440
priorities & perceived effectiveness & activities in primary prevention, 26–80 yr old clergy in rural environments, 15428
role in providing care & assistance to battered wives, clergy & social workers & physicians & psychiatrists, 10336
theological themes in clinical pastoral education for delineation of different ethical assumptions, implications for pastoral care & personal growth, 14257

unidimensionality of political liberalism-conservatism, Protestant clergy, 9386
Clerical Personnel
age & job experience, responses to job analysis questionnaire, clerks & typists & secretaries, 8231
amount & format of text shown on displays, text editing performance, typists, 13351
competency appraisal by self & management before vs after training, clerical & secretarial personnel, 10952
conventional facia vs facia picture vs text annunciator systems, task performance & ratings of associated difficulty, 19–27 yr old trainee operators, 5495
input modality & command structure, editing performance & satisfaction ratings, non-typists vs skilled typists, 5496
perceived job fulfillment, Black vs White clerical employees, 2667
personality orientation of members & leader & leader-member discrepancies in organizational climate perceptions, clerical workers, 21602
reliability & validity of situational interview, prediction of job performance, female clerical workers & entry-level employees with mean age of 28.5 yrs & applicants with mean age of 29.8 yrs, 10934
social & personality factor, development of smoking habit, high school & college students & clerical workers, 3703
training wheels system, learning word processing by doing vs by manual, temporary office workers, 13272
Clerical Secretarial Skills
age & typing skill, time & accuracy of keystrokes, 19–72 yr old typists, 16403
anticipatory processing during transcription typing, skilled vs unskilled 18–43 yr old touch typists, 21871
ergonomic & operator performance & cognitive aspects in use of video display terminals in electronic data processing, 18879
handwriting vs typing in language arts instruction, speed of writing & accuracy of copying & word recognition skills, moderately mentally retarded 12.6–14.9 yr old male students, 23829
individual abilities, component skill learning in word processing, college students, conference presentation, system design implications, 412
orthographic structure, typing of letter strings, female college students, 29816
teaching methods, typing curriculum, 8–21 yr old visually impaired & multiply handicapped students, 21402
Clerks [See Clerical Personnel]
Client Attitudes
Adlerian psychotherapy, encouragement of client responsibility, 7250
agreement & perception of therapist responses, 18–45 yr old clients & therapists with mean ages of 29 & 45 yrs, 10120
amount of fee for service, evaluation of counseling & willingness to seek help, male vs female college students & 15–54 yr old former psychiatric clinic clients, 31671
analysis of 1st impressions at counseling center, clients, 18269
anticipation of stress, newly admitted elderly nursing home patients, 31735
assertion-related priorities, assertiveness training, 23–76 yr olds, 23246
assessment of health & mental health needs & satisfaction in VA psychiatric hospital, female patients, 15502
attitude toward antidepressants & anxiolytics & transference in psychotherapy, 38 yr old female with neurotic depression, 23086
attitude toward therapist & social support systems, premature termination, discharged short term psychotherapy, patients, 17913
attitudes about body integrity & autonomy & caretaking & violence & intrusion, acutely vs chronically ill hospitalized vs healthy 2–5 yr olds, 28925
attitudes of commitment, therapist's feelings of hopelessness, male & female psychotherapy patients, 20716
attitudes toward commitment, committed vs voluntary psychiatric patients, 28928
attitudes toward disabled persons in various stages of rehabilitation, physically disabled clients, 10525
attitudes toward drug abuse & treatment & expectations for clients & clients' attitudes, ex-addict vs non-ex-addict paraprofessional drug abuse counselors vs degreed professionals, 15629
attitudes toward effectiveness of treatment & recovery, recovered anorectics, 20551
attitudes toward good adjustment to chronic hemodialysis, nurses vs patients, 20988

influence of information about patient, attitudes & behavior toward patient member of stereotyped group, female nursing students, 23630
inpatient refeeding & psychotherapy & patient characteristics, outcome, male patients suffering from anorexia nervosa, 2–20 yr followup, 23071
intensive pediatric-based treatment, encopresis, 4.5–12 yr old responsive vs resistant patients, followup study, 17862
Interaction Model of Client Health Behavior, risk reduction behavior & intervention development, females aged 34 yrs & older at risk for fetal abnormalities, 9911
interracial pastoral counseling, Black clients, 2136

interview observation ratings & achievement test scores & personality traits, prediction of success in behavioral ladder program, male prisoners, 28933
level of functioning, male alcohol abusers in outpatient program lost to followup vs voluntarily terminating treatment, 7745
level of functioning, placement in continuum of residential programs of mental health center, clients with major mental illness, 5026
locus of control, decision to abort, females with mean age of 21.8 yrs, 2042
methadone rehabilitation program, health & drug usage & crime & self support, methadone maintenance patients, 12858
Millon Behavioral Health Inventory, assessment of frequent users of ambulatory health care services, 25–65 yr olds, 28834
Millon Behavioral Health Inventory, prediction of response to behavioral treatment, chronic headache sufferers, 31160
minority status & sociodemographic factors & social supports & disability condition, referral & rehabilitation process, handicapped Blacks vs Whites, 31746
model of "Tarasoff" doctrine, obligation to protect potential victims of patients, psychotherapists, 21156
models for types of group psychotherapy in hospital psychiatric unit, low- vs medium- vs high-functioning patients, 23502
mother & child characteristics & SES, outcome of behavioral parent training for modification of aggressive & oppositional child behavior, 21–38 yr old mothers & their 2–11 yr olds, 15244
motivational variables & interventions, treatment entering & compliance & outcome, people suffering from addictive behaviors & alcoholism, literature review, 31806
need for testing for human connectedness & self protectiveness in psychiatric interview, 4178
neuroendocrinological aspects of delusions, delusional vs nondelusional depressed patients, 12130
neuroleptic serum levels & admission symptoms & act leading to admission & military experience & childhood discipline as correlates of dangerous behavior, hospitalized male schizophrenics, 22795
neuropsychological deficit factors, treatment outcome, male alcoholics, implications for use of assessment measures in prediction of cognitive functioning, conference presentation, 23589
normal prescriptions & psychotropic drug responses, Asian patients, 15330
observations on Wernicke-Korsakoff syndrome, 33–75 yr old male vs 43–66 yr old female patients, 31235
occurrence of guarding vs bracing vs rubbing vs sighing during examination & prediction of patient characteristics, low back pain patients, 23409
paradoxical vs stress management vs self help treatments, stress, more vs less stress prone college students, 31476
patient & therapist factors, incidence of premature treatment termination, psychotherapists & outpatients attending private outpatient psychotherapy clinic, 26032
patient characteristics & chronicity & prognosis, young adult psychiatric inpatients, 10493
patient characteristics & contextual variables, violence in psychiatric institutions, implications for prevention & intervention programs, 31700
patient characteristics & duration of illness, patients treated with antidepressant drugs for more vs less than 3 mo, 31537
patient characteristics & hospital factors, suicide, psychiatric inpatients, England, 1972–81, conference presentation, 25645
patient characteristics & medical care utilization & expenditures, clients of psychiatrists' vs psychologists' practices, 28590
patient characteristics & receipt of outpatient services, readmission to inpatient care, suburban alcoholics, 28999
patient characteristics, attempted suicide, hospitalized chronic schizophrenics, 9712
patient characteristics, mental hospital inpatients & outpatients, Sierra Leone, 7656
patient characteristics, outcome of relaxation vs biofeedback treatment, patients with chronic mandibular joint pain, 15246
patient characteristics, utilization of mental health services, Ss aged 55 yrs & over, 10370
patient-therapist pretreatment value similarity, psychotherapeutic outcome, 19–54 yr old nonpsychotic psychiatric outpatients, 26007
pattern of separation from parents, psychotherapeutic process & outcome, adolescent & adult psychotherapy patients, 4630
patterns & frequency of drinking during last mo vs rest of yr prior to treatment, determination of length of assessment period for establishment of stable baseline, alcoholics in treatment, 31804
perceived controllabilty of patient's life-events, willingness to prescribe psychotropic drugs, medical students, 21161
perceived helplessness & locus of control & depressive symptoms & voluntary participation in therapy, male psychiatric patients, 12458
perceived likeability & competence of patients, treatment decisions, physicians, 2045
perceived physical attractiveness of pediatric patient, attribution of responsibility for hospital disturbance involving patient, female nurses, 31842
perceptions of patient's personality, physician-patient relationship, physicians, 7540
personal & environmental & systems-related variables that affect treatment, alcoholic females, 5028
personal & moral values, mental health professionals vs clients, 2273
personal & parental characteristics, negotiated vs nonnegotiated treatment termination, 11.8–16.6 yr olds in group therapy, 4673
personal characteristics using MMPI, clients of university counseling center with vs without elevated Depression & Psychopathic Deviate scales, implications for therapy, 17429
personal style, treatment outcome, 20 yr old female who died during acute exacerbation of asthma, 7160
personality & behavioral & ergonomic factors for non- & underuse of hearing aids, hearing impaired, 23400
personality & sociopsychological characteristics during illness process & premorbid state, duration of hospitalization, schizophrenic patients, 4976
personality characteristics & sex role orientation, etiology of climacteric symptoms & response to hormonal replacement therapy, 44–55 yr old postmenopausal females, 7415
personality characteristics, regularity of meditation practice, outpatients with psychosomatic & neurotic complaints, 20842
personality, choice of psychotherapy &/vs pharmacotherapy, 57 yr old female presenting with dysphoria & tearfulness & suicidal ideation & loss of energy & sexual interest & insomnia, 20656
personality traits & pet therapy, anxiety & despair, terminal cancer patients in nursing facility, 12816
physical & vocational & emotional & marital & economic & legal characteristics, national differences in response to injury & pain, chronic low back pain patients, US vs New Zealand, 31136
physical attractiveness & disability of female client, initial impressions, college & graduate students in helping professions, 5119
practice & beliefs in traditional counseling, Nigeria, 12785
pre- & posttreatment MMPI assessment of personality & treatment effectiveness, female anorexia nervosa patients with mean age of 22.6 yrs, 1810
precipitating factors & demographic & clinical features, self-inflicted gunshot wounds, 17–67 yr olds, 14820
predictors of attrition in drug-free therapeutic community, patients with mean age of 23 years, Australia, 21147
preoperative mental state & social adjustment & neuroticism & other factors, psychosocial outcome after coronary by-pass surgery, 34–65 yr old patients, 1-yr followup, 26228
presence of thoracic pain & personal & sociocultural factors, prevalence of mental illness & depression & anxiety neurosis, outpatients with ischemic heart disease, 4531
pretreatment intake of nicotine & total particulate matter & time in program & reasons for cessation & amount of self rated craving, prediction of posttreatment abstinence, participants in smoking cessation program, 31812
prevalence of self destructive stereotyped behavior & other characteristics, institutionalized mentally retarded, implications for treatment, 28372
primitive object relations & impaired structuralization, abrasive psychotherapy patients, 15148
prior marital & family adjustment & experience with therapy, prediction of outcome with direct vs videotaped communication training vs bibliotherapy approaches to marital enrichment, 25–65 yr old spouses, 1898
problems in care of difficult-to-treat cancer patients, 4563

problems with patient who is devoid of affect, psychoanalysis, 15156
profile of chronic psychiatric patients, 20307
profile of utilization of outpatient psychiatric services, females, implications for rehabilitation, 21030
prognostic factors, outcome of basal therapy with vs without therapist-directed prolonged exposure in vivo vs dynamic supportive therapy vs relaxation therapy, phobic females, 7178
proposed alternative definition of competence to consent to or refuse treatment, psychiatric patients, reply to comments by C. M. Culver & B. Gert, 1756
proposed alternative definition of competence to consent to or refuse treatment, psychiatric patients, comment on V. Abernethy's definition, 1772
provider & practice & client characteristics, clinical social workers in private sector practice, 10433
psychiatric diagnosis & demographic & clinical characteristics, patients with delirium vs other psychiatric disorders, 22757
psychiatric diagnosis & health problems & chronic illness & death in family & traumatic incidents & current functioning, client of women's psychiatric clinic, 21061
psychiatric symptoms & social adjustment & personality, males & females with angina symptoms & found to have normal vs obstructed coronary arteries, 4392
psychoanalytic care in free clinic vs national insurance paid private care vs patient paid private care & client income & education & profession, type of treatment used & treatment completion patients, France, 28628
psychological & physiological variables, headache patients from medical center vs recruited through advertisement, 1635
psychological characteristics, battered female psychiatric hospital patients with mean age of 30.5 yrs, 6888
psychosocial & psychosexual & psychiatric characteristics, middle-aged vs younger White males seeking sexual reassignment, 7566
psychosocial characteristics, unemployed patients of psychiatric emergency department, Denmark, 25558
psychosocial factors, prediction of response to weight loss behavior modification program, overweight volunteers, 4743
psychotheology of religious commitment & psychotherapy, 28 yr old female who had been denied entry into religious order, 28659
psychotherapist's personal account of experience with abrasive patients, 15106
psychotherapy, abrasive clients, 15161
psychotherapy, abrasive male in his 30's, 15181
psychotherapy over 8-yr period, abrasive 30 yr old male, 15100
psychotherapy process, abrasive clients, 15144
psychotherapy with abrasive patients, 15149
quality of counselors' written intake evaluations following interview, 17–36 yr old college students with vocational &/vs personal problems, 31867
quality of recovery from cardiopulmonary bypass surgery & personality factors & level of postoperative vocational & psychosexual readjustment, Ss awaiting open-heart surgery, 6-mo follow-up, 2051
race & aggression & uncooperativeness, transfer to high security unit, West Indian vs African vs White 16–79 yr old hospitalized psychiatric patients, England, paper presented at March 1983 meeting of Transcultural Psychiatry Society, 2142
racial & ethnic differences, involuntary hospitalization, White vs non-White patients, 7677
rate of aggressive & assaultive & destructive behavior, mentally disordered civil admission vs forensic patients, 10457
rates & patterns of assaultive behavior & patient characteristics, private psychiatric hospital patients, 4972
rational emotive therapy, abrasive 25 yr old female, 15114
registration vs nonregistration of patients with psychosocial problems in general hospital emergency room, nursing staff & 15–65 yr old patients, 10467
relationship to religious objects & image of God, psychotherapy, religious patients, 20767
religious commitment, psychotherapeutic needs & processes, religious & religious feminist clients, 28647
religious intrinsic values & perceptions of meaningfulness of life, coping behavior & well being, 20–76 yr old cancer patients, 14885
religious values, client-therapist matching in psychotherapy, 7245
repressive coping reactions, 40–65 yr old patients with malignant melanoma vs cardiovascular disease, 9960
respiratory & psychological factors, prediction of initial & final work capacity, 42–70 yr old males with chronic obstructive airways disease attending rehabilitation clinic, 5021
review of mental health center client files, determination of factors related to premature termination of psychotherapy, 26037
risk factors & lithium-carbamazepine neurotoxicity, 28–40 yr old rapid cycling manic patients, 12659
role of motivation in treatment, 21–36 yr old military pilots & fertile females & other patients with migraine, 23089
role of physical attractiveness in counseling, implications for counselors & clients, response to Z. Ponzo's discussion, 21048
role of physical attractiveness in counseling, implications for counselors & clients, 21053
role of physical attractiveness in counseling, implications for counselors & clients, reply to C. D. Claiborn's & D. K. Hollingsworth's responses, 21052
role of physical attractiveness in counseling, implications for counselors & clients, response to Z. Ponzo's discussion, 21040
satisfaction & personal factors, absenteeism, clients in vocational rehabilitation centers, Israel, 28930
selection of clients for Rogerian therapy, 4605
self efficacy, dropping out of treatment, obese participants in behavioral program, 15259
SES, cesarean delivery, birthing females, 7542
SES, psychiatric admissions in public psychiatric hospital, Spain, 15497
sex & age & level of dental anxiety & previous experience, perceived positive & negative attributes of dentists, 16–78 yr old patients, 28830
sex of active client, clinical bias apparent in treatment plan, social workers & psychiatrists & nurses & psychologists practicing psychotherapy, 15104
shared religious belief system as resistance in psychotherapy, priest psychologist & priest-client, 7233
social background & psychological variables, treatment outcome, psychopathic or personality disordered Ss in therapeutic community, 3–5 yr followup, 26321
social conflict perspective of treatment, involuntary clients, 21039
social network characteristics, 22–62 yr old alcoholic inpatients, paper presented at symposium "Alcoholism Treatment Through Systems Intervention", 1518
social support network, normalization of dexamethasone suppression test, 44 yr old depressed male, 9718
social vs health vs service-use characteristics, placement in day care vs nursing home, clients with mean age of 76 yrs, 15361
sociocultural differences, transference & countertransference, Swedish analyst & Black African analysand, 7204
sociodemographic & personality characteristics & symptom levels & treatment-related variables, prediction of treatment dropout, 16–63 yr old alcoholics in outpatient treatment program, 18384
sociodemographic & psychological characteristics, schizophrenic patients, Nigeria, 5-yr followup, 12167
sociodemographic characteristics, 20–49 yr old alcoholic patients, 7742
staff & patient characteristics & diagnosis, disposition decisions in general hospital, psychiatric emergency patients, 23508
staff discussion rounds, development of coping behavior & management techniques & treatment plans for problem patients who frequently visit emergency room, hospital emergency room staff, 7828
stages & problems in treatment process, 31–60 yr old Black vs White psychiatrists & their Black nonpsychotic patients, 28623
stressful life experiences, patients with alopecia areata & common baldness & fungal infections, 1705
suitability for insight-oriented psychotherapy, prognosis, phobic females in nondynamic therapies, 1-yr followup, 7179
technical & psychosocial & patient factors, intent to adhere to health care plan, 56–82 yr old females in nutrition centers, nursing implications, 31579
therapeutic time-course & efficacy of phenazepam in treatment of borderline states, patients with hypersthenic vs hyposthenic personalities, 15272

therapist & patient characteristics & theoretical orientation, francophone vs anglophone psychiatrists in private practice in rural vs urban environments, Canada, 10613
therapy terminations categorized by treatment duration vs therapist judgment, distinction between early dropouts vs completers, mental health center outpatients, 26060
training model, addressing spiritual issues & concerns of clients, counselors & psychotherapists, 12792
treatment outcome & family history & mortality rate, patients with chart diagnosis of hysteria, 9634
treatment participation & psychopathology & alcoholism, improvement or resistance, White male problem drinker-drivers with mean age of 38.3 yrs, 2227
typology of Black female heroin addicts entering inner city methadone maintenance program, 7733
use & effectiveness of coping behaviors at inpatient alcohol treatment intake, relapse after discharge, alcoholic patients, 6-wk & 6–12 mo followup, 23604
use of cluster analysis algorithms, formation of psychosomatic therapy groups, patients suffering from essential hypertonia, 18020
use of "organizing fantasy" concept, psychoanalysis, patients, 10144
validity of DSM-III & demographic & gender role & behavioral disturbances, preadolescent gender-referred children who did vs did not meet criteria for gender identity disorder, 4274
values & selection of psychotherapist & mental health & therapy outcome, orthodox Christian college students, 23163
values of patient & analyst, objectivity of psychoanalyst, 1833
varbatim report of mirroring technique used in single psychoanalytic session with resistant abrasive patient, comment on A. Bernstein's presentation, 15141
verbatim account of mirroring by ego-syntonic joining in single therapeutic session, abrasive resistant male psychoanalytic patient in mid 50s, 15102
views on criteria for psychiatric commitment & prediction of dangerousness, psychiatrists, Canada, 4923
ward layout & staffing & patient characteristics, suicide, 16–66 yr olds who committed suicide by jumping, conference presentation, 25673
word frequency, use of question mark responses in stress & arousal mood adjective checklist, hospital clinic outpatients with mean age of 43 yrs, 134

Client Counselor Interaction [See Psychotherapeutic Processes]

Client Education

advocacy model of client decision making, promotion of self care, health care professionals, 20997
cardiac counseling alone vs with Type A counseling, Type A behavior & cardiovascular recurrence, nonsmoking postinfarction volunteers, 18199
class vs individual tutoring vs minimal contact as psychoeducational approach, coping with depression, unipolar depressed 16–65 yr olds, 4711
client-centered health education & health care change, 21004
client education, reduction of stress, hospitalized patients, literature review, 10496
communication techniques, improvement of patient recall & comprehension of instructions, physicians, 7572
contraceptive information delivered via pamphlet &/vs audiovisual program &/vs oral presentation by physician, knowledge level & satisfaction, female patients requesting contraception, 26251
coping with depression course as psychoeducational group treatment for depression, literature review, conference presentation, 28686
development of teaching model by nurses, education in self care teaching techniques & coping, patients with hemophilia & their families, 31580
drug information &/vs side-effect management techniques, chemotherapy knowledge & self care behaviors, cancer patients in chemotherapy, 10342
drug vs breathing & relaxation therapy vs hyperventilation provocation training vs psychotherapy, hyperventilation, 18–50 yr old patients, 26110
education about reproduction & operation, negativity, patients prior to hysterectomy, 28826
educational group discussion treatment group vs traditional care, rehabilitation, postmyocardial infarction patients, 28946
educational interventions, medication noncompliance & drug misuse, elderly, 31540
evaluation of free clinic providing preventive health education & counseling, 62–76 yr old female participants, 28872
Family Stroke Education Class, anxiety & knowledge levels, stroke patients & their families, 10505
general guidelines for timing of preparation for impending hospitalization, 5–12 yr olds, 12729
group information & discussion as adjuvant to primary care, functional gastrointestinal disorders, 20–59 yr olds, 2063
importance of careful instructions about self hypnosis, author's personal experience, 10320
Lifestyle Modification Counseling Program, family practice residency, 20991
narrative hospital tour &/vs puppet modeling &/vs coping skills procedures, cost-effective presurgical preparation, 2.5–9.8 yr olds hospitalized for less than 24 hrs, 15499
parental involvement & classroom programs & play activities, preparation for hospitalization, children, 21092
patient education services of health services, female patients, 20977
plain & simple medical terminology dictionary, communication with health care professionals, patients, 26258
preadmission self instructional information, postadmission exercise performance & time to achieve mastery level, presurgical cholecystectomy & herniorrhaphy patients with mean ages of 48.4 & 47 yrs, 10358
preoperative routine care with vs without minimally vs maximally informative preparatory booklets, preoperative fear & anxiety & heart rate & blood pressure & postoperative anxiety, females undergoing minor gynecological surgery, 4874
preoperative teaching program & appropriate time to offer program, treatment outcome, 18–65 yr old cholecystectomy patients, 23511
pretherapy induction system with videotape vs pamphlet, missed appointments, family practice clinic patients, 4877
program for provision of information on legal & mental health systems & short term cognitive behavioral therapy for anger control, mentally ill offenders, 28976
programed workbook &/vs audiotaped model self instruction module, affective communications skills, college students seeking psychological or vocational counseling, 29458
provision of procedural & sensation information, anxiety responses, 28–72 yr old inpatients undergoing diagnostic cardiac catheterization, 12691
psychoeducational instruction & skill building vs group counseling, interpersonal communication & life goals & physical fitness, hospitalized male psychiatric patients, 1- & 2-yr followups, 26335
psychological preparation & preoperative intervention, reactivity to hospitalization, 3–9 yr olds undergoing tonsillectomy or adenoidectomy surgery, 12695
psychosocial intervention, child or adolescent cancer patients & their families, 28890
recognition of rights violations & protection of rights in counseling, 8.2–9.7 vs 15.2–16 vs 20.4–23.1 yr olds, 12773
relaxation & modeling & shaping procedures, pill-swallowing, 9 yr old male with lymphocytic leukemia, 18108
self management training, medical compliance, insulin-dependent diabetic 9–13 yr olds & their parents, 6-mo followup study, 26173
theoretical constructs of D. Orem & self care medication program, knowledge of medication & health locus of control & self care, Black hypertensive female patients with mean age of 66.5 yrs, 15050
therapeutic group & insulin pump, diabetic patients, 7320
therapy preparation vs placebo intervention, expectations & satisfaction & termination of treatment, immigrant clients of community mental health center, Hawaii, 10391
thought stopping, reduction of anticipatory anxiety & helplessness feelings, school age children prior to painful diagnostic or treatment intervention, 18321
treatment information received by mail vs just before vs after appointment, effectiveness of information booklet in patient preparation, cancer center outpatients, 31299

treatment of depression, comments on papers by L. P. Rehm & P. M. Lewinsohn & G. N. Clarke & R. W. Turner & C. K. Wehl & L. W. Thompson & D. Gallagher, 28556
use of printed handout on hypnosis, patients seen in general practice, 10351
verbal client-therapist contact prior to 1st appointment & pretherapy orientation, utilization of service & completion of treatment, clients at community mental health center, 2090
written home instruction sheet, knowledge & compliance with medical instructions for home care, parents of preschool age children discharged from pediatric unit, 23509
Clients
abrasiveness, psychotherapy clients, 15127
avoidance of crisis at Christmas, patients in therapy, 26033
effectiveness of psychotherapy in home or other chosen environment, clients, 31406
expectations for counseling, college student nonclients vs clients vs nonstudent clients, 15441
failure to consider negative instances & disconfirming evidence for reasonal hypothesis, counselors & their clients, 18247
intimacy in therapy relationship, female clients & female therapists, 7238
methods for assessment of cognitive competence, counseling clients, 26053
model for differentiating between clients & applicants in clinical social work practice, implications for research findings & treatment efficacy, 28885
novel hypnotic induction technique with client as hypnotist for therapist, 2024
physical & mental health status, clients referred to social workers in local social services vs general practice setting, 4844
potential dangers & prevention strategies, client violence, social workers, 12965
psychotherapist-patient privileges in criminal cases & divorce actions & child custody proceedings, case law, 3888
sex of provider, counselor-patient relationship, female patients & genetic counselors, 23486
suggestions for client participation & involvement in psychosocial rehabilitation, 15551
treatment role, nurse-psychotherapists, 28645
Climate (Meteorological) [See Atmospheric Conditions]
Climate (Organizational) [See Organizational Climate]
Clinical Judgment (Med Diagnosis) [See Medical Diagnosis]
Clinical Judgment (Not Diagnosis)
access to classification information from discriminant function weights vs clinical judgment only, clinical detection of intellectual deterioration related to brain damage, clinical psychologists vs predoctoral interns, 14953
actuarial data vs clinical judgment, courtroom prediction of violent behavior & dangerousness, US Army servicemen, 20015
assessment & management problems, suicide risk, 17–75 yr old inpatients or recently discharged psychiatric patients who committed suicide, conference presentation, 25657
assessment measures, panic disorder & agoraphobia, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1415
assessment of parent-child interactions in American vs Japanese families, US vs Japanese psychiatrists & medical students, 2310
assessment of sexual functioning, alcoholics, treatment implications, 23594
assessment process & practices in rehabilitation counseling, rehabilitation counselors, 23542
auditory &/vs visual information, reliability of clinical assessment of affect using rating scales, 20–63 yr old schizophrenics, 2919
biopsychosocial hypotheses, management of family practice patients, 23411
category system of emotion words, training of response to client emotions, counselors vs counseling students vs noncounselors, 18448
client's histrionic traits, psychiatric referral for & judgment of medically unexplained somatic complaints, physicians, 30996
clinical & statistical prediction of recidivism, male inmates, 7718
clinical judgment & problem solving processes, development of working knowledge of clinical problem solving competence, male vs female 23–40 yr old mental health clinicians, 18418
clinical judgments of "easy" vs "difficult" clients, counselor trainees with mean age of 28.4 yrs, 2235
components-discriminant function analysis, intake decisions, clinicians at urban community mental health center, 15415
conceptual issues & problems in diagnostic strategies, learning disabled in post-secondary settings, 21428
congruence of perception at beginning of therapy vs posttherapy, therapy outcome, therapists & adult clients, 12474
correlation of scores on Whole Word Accuracy with results of Arizona Articulation Proficiency Scale, assessment of articulation proficiency in conversation, 3–7 yr olds, implications for diagnosis of speech pathology, 5651
criteria for differentiation of crises, nurses, 12702
CrySOS as assessment & intervention technique, parents of crying infants, 1790
decision to recommend alcoholism treatment, driving-while-intoxicated offenders, 31805
decisions about drug treatment, child psychiatrists, 4806
development & implementation & validity of clinical problem complexity index in undergraduate medical school curriculum, physicians & educators, 12909
diagnostic vs behavior-analytic models for analysis of behavior problems. target behavior selection & treatment methods, 26106
empirical development of written case analogs, evaluation of clinical judgment, 67
endogenicity & severity, consistency between clinician- vs patient-rated depression scales, 20–62 yr old inpatients with major depression, 9739
evaluation & treatment of rapid-cycling affective disorder, 25995
evaluation of client's analyzability & course of treatment, analysts & their 20–54 yr old patients, 5-yr longitudinal study, conference presentation, 26026
evaluation of threat to community, mentally ill sex offenders in community based outpatient treatment, 2173
expert judgment & prediction of dangerousness in mentally ill, psychiatrists, 3944
family inclusion in psychiatric assessment, symptom understanding & lessening of stress, nursing home bound persons, 10454
increased familiarity & interpersonal attraction, ratings of client clinical adjustment, 22–40 yr old hospital staff members & their 13–65 yr old psychiatric inpatients, 2170
information relevant to treatment alternatives, intake decision making, rural mental health centers, 4886
interassessor agreement on hypothesized controlling variables & treatment proposals for female college student clients, clinical psychologists, implications for training & research, 12898
investment in clinical hypothesis & consistency with self schema, confirmatory bias in hypothesis testing strategy, 22–55 yr old counselors & counseling students, 7840
judgment criteria in legal testimony for homicide, adolescent psychiatrists, 11948
legal & societal pressures for involuntary hospitalization & impact on clinical decision making, dangerous patients, 31678
medical significance of complaint & other factors, prediction of patient compliance with diagnostic testing & medical treatment, junior medical residents vs staff internists, 12434
myths in diagnosis of autism, 16 yr old female, 6764
patient selection methodology for use of speech prostheses, dysarthric 13–75 yr olds, 26229
perception of symptoms of depressive disorder, patient evaluations, new vs experienced family vs general practitioners, 14759
personality, choice of psychotherapy &/vs pharmacotherapy, 57 yr old female presenting with dysphoria & tearfulness & suicidal ideation & loss of energy & sexual interest & insomnia, 20656
placement criteria in outpatient multilevel psychogeriatric day care program at state psychiatric center, elderly psychiatric patients, implications for program evaluation & implementation, 2148
positive vs negative preinformation from source of same vs different orientation, judgment of couple in therapy, psychotherapists, 28630
prediction of probability of defendants' competency to stand trial, mental health professional treatment team, 12889
predictive value of psychological tests & geriatric scales & interviews, eventual referral advice to nursing home, geriatric patients, 16312

problem in classification & diagnosis & treatment, language disordered children, 22911
prognostic evaluation, epilepsy, 4398
psychiatric labels & professional training, bias in clinical judgments, 1st- vs 2nd-yr social work students vs social workers, 10554
psychopathology & labeling in brief therapy transcript, clinical judgment, doctoral level psychologists with varying levels of experience with mentally retarded, 4359
reliability & validity of standardized case management simulation, performance, counselors vs counselor trainees with varied levels of experience, implications for evaluation of clinical problem solving skills, 31836
reliability of family structure categories, classification in structural family therapy, clinicians, 8425
score profiles on Illness Behavior Questionnaire, measurement of illness attitudes, 28–65 yr old patients suffering from affective or conversion or transient or depressive or diagnostically uncertain disorders, 6832
scoring reliability & content & construct validity of Written Treatment Planning Simulation, assessment of competence, counselors vs trainees, 21747
sex role stereotypes & androgynous alternatives, ratings of mentally healthy male vs female vs person with unspecified sex, psychotherapists, 2308
social skills training & cognitive therapy related vs unrelated to initial patient problem assessments, depression, 24–50 yr old females, 1959
steps in evaluation of patient problems, physician-clinicians, 4867
stimulus background & judge's personality & institutional norms & objectives of interview, clinical judgment & person perception in clinical interview, literature review, 26405
subjective assessment of suicide risk, malpractice liability & prevention, psychiatrists, 5091
subjective descriptions vs objective measurement, qualitative assessment of hand movements during psychiatric interview at admission vs discharge, lay judges, 25603
systems models as strategy for target behavior selection in clinical assessment, 26098
therapy terminations categorized by treatment duration vs therapist judgment, distinction between early dropouts vs completers, mental health center outpatients, 26060
type-token ratio as measure of repetition in speech, thought-disordered vs non-thought-disordered schizophrenics with mean age of 31.2 yrs, 4207
use & misuse of norm-referenced tests, assessment by speech/language clinician, 8378
use of legal standards in assessment of suicide risk & informed consent, malpractice liability & prevention, psychiatrists, 5076
use of prevalence vs incidence samples, long term prognosis of chronic illness, clinicians vs researchers, 9585
validational assessment model for justifying selection of target behaviors, treatment focus & clinical dysfunction, 26107
World Health Organization study of precision & clarity in assessment of dangerousness, Brazil & Denmark & Egypt & Swaziland & Switzerland & Thailand, 3924

Clinical Judgment (Psychodiagnosis) [See Psychodiagnosis]

Clinical Methods Training [See Also Clinical Psychology Grad Training, Clinical Psychology Internship, Community Mental Health Training, Counselor Education, Mental Health Inservice Training, Psychiatric Training, Psychoanalytic Training, Psychotherapy Training]
affectively oriented clinical training, certified occupational therapy assistant students, 21231
attitudes toward clinical clerkship feedback, faculty members vs 3rd- & 4th-yr medical students, 26417
attitudes toward interdisciplinary training program, psychiatric residents & social work graduate students & faculty members & paraprofessional case workers, 5122
clerkship involving home examinations of senior citizens, medical students, 2250
clinical issues in supervision, geriatric mental health trainees, 31883
clinical research as training for staff clinicians, 2257
clinical training for specialization in behavioral health psychology, 31928
content outline for transactional analysis training & supervision with attention to critical theoretical thinking, transactional analysts, 12887
corrective reinforcement through standardized feedback form, history taking & physical examination skills, medical students in orthopedic clerkship, 29022
cotherapy as social work training method, 5108
crisis intervention as mechanism for supervision, clinical social work interns, 31851
development of model psychological clinic manual for training purposes, 26414
evaluation of systematic group training approach, verbal use & discrimination of leadership skills, female graduate students in counseling & guidance, 29036
experience of hypnosis vs pretense & difficulties in hypnosis training workshops, trainees, reply to comments by D. Waxman et al, 31869
family-of-origin tasks as adjunct teaching tool in systemic/strategic therapy training, 12901
family therapy training & supervision, 10605
focus on family of origin, therapy training, family therapists, 12881
hypnosis research & training, Hungary, 4830
importance of feedback in clinical supervision, supervisors & students in social work, implications for direct practice, 31865
microcounseling training, literature review, 15647
model for clinical teaching & supervision, psychosocial nurses, 23641
model for evaluation of supervisory interactions, family therapy training, supervisors & therapist trainees, 26441
model of group process as drama, implications for group psychotherapy & training of group facilitators & therapists, 10181
need for training in interpersonal & diagnostic components of clinical skills in medical education, 29081
need for training in scientific approach to outcome selection in behavior therapy, applied behavior analysts, 2236
occupational therapy teaching model, integration of classroom work with clinical fieldwork, community college students, 29025
pretense of hypnosis & difficulties in hypnosis training workshops, trainees, 31870
pretense of hypnosis & difficulties in hypnotic training workshops, trainees, comments on H. B. Gibson's article, 31938
pretense of hypnosis & skepticism in hypnosis training workshops, trainees, comments on work by H. B. Gibson, 31863
pretense of hypnosis in hypnotic training workshops, trainees, response to comments by D. Waxman, 31871
program development & retrospective survey of student attitudes toward family therapy training program, 2253
psychiatric clinic as teaching & research center, outpatients, 23457
purpose & methods & evaluation practices in clinical education, medical students, 29070
rankings of aspects of educational psychologists' training & characteristics, teachers in international vs county schools, England, 7875
role of master-pupil relationships of ancient times, psychotherapeutic supervision, 12912
scope & nature & impact & problems of evaluation of client treatment research, psychology training clinics, 16269
scope & status of neuropsychological assessment training opportunities, American Psychological Association-approved counseling psychology programs, 18498
scores on Part II of National Board of Medical Examiners test & attitudes, medical students from university hospital vs rural training sites, 31939
skepticism in hypnotic training workshops, trainees, comments on work by H. B. Gibson, 31935
skepticism regarding hypnotic experience in hypnosis training workshops, trainees, comments on work by H. B. Gibson, 31937
supervision session 4 hrs vs 1 vs 2 days before counseling session, supervisor & counselor performance & counselor & client satisfaction, 18–45 yr old clients & counselors & supervisors, 26410
techniques for teaching projective assessment, graduate psychology students, 2306
training as supervisees in clinical practice seminars, rehabilitation counselors, 12896

training course, diagnosis of psychopathology from paintings, graduate students, conference presentation, 15626
training group model as preferred experiential aspect of training, group therapists, 18399
training in identification of key concepts in family interaction & observational skills, social work students & experienced therapists, 15654
tutored videotape instruction vs live lectures in clinical decision making, 2nd yr medical students, 2305
12-hr caregiving program of Black churches, caregiving to home elderly, Black caregivers, 18447
Clinical Psychologists
attitudes & issues in working with couples, psychiatrists vs clinical psychologists vs social workers, Scotland, 1900
client's age as source of bias, diagnosis of depression vs senile dementia, 26–49 yr old clinical psychologists, 4109
commentary on professional & personal growth, female clinical psychologist, 21162
concept of normal adolescent, clinical psychologists & psychiatric residents & psychiatric nurses & psychiatric social workers, diagnostic implications, 7816
Continuing Professional Education Development Project, professionalism, clinical psychologists, 12929
delineation of roles, clinical vs administrative tasks, clinical psychologists, 18426
demographics & private practice activities, clinical vs counseling psychologists, 21158
development of clinical psychology as seen through personal experience of L. D. Cohen, conference presentation, 25969
history of inspection of practices, Virginia clinical psychologists, 12910
interassessor agreement on hypothesized controlling variables & treatment proposals for female college student clients, clinical psychologists, implications for training & research, 12898
patient characteristics & medical care utilization & expenditures, clients of psychiatrists' vs psychologists' practices, 28590
perceptions of psychotherapeutic work & related stress, clinical psychologists, 21176
perceptions of spirituality & religious affiliation & belief & theoretical orientations & educational & training experiences, clinical psychologists, 31932
professional activities & opportunities, clinical psychologist, 31942
role & functioning of clinical psychologists in sports training institute, 18767
roles & functions, counseling vs clinical psychologists, reply to comments by C. E. Watkins, 16504
RT & agreement & level of experience, diagnosis of personality disorders in DSM-III using prototype model, psychiatrists vs clinical psychologists, 30906
sex of S & witness & experience level & status of witness, perceived credibility & expertness of testimony by psychiatrist vs clinical psychologist vs social worker vs neighbor in child-custody hearing, college students, 11952
status of projective assessment techniques as seen from perspective of academic community & clinical psychologists & internship centers & applied clinical setting & private practitioners, 15643
variety in clinical practice, psychologist who is also minister & lawyer, 7780
Clinical Psychology [See Also Medical Psychology]
automated assessment systems in school & clinical psychology, 15914
behavioral oriented program, implementation of community & clinical psychological intervention skills, undergraduate psychology students, 10715
clinical psychology & formulation of all illness as deviancy, implications for research, 20191
clinical psychology & mental health services, People's Republic of China, 4589
clinical psychology & research, 13507
clinical psychology & use of Q-methodology & theory, 29774
clinical utility of event-related brain potentials in psychiatry & clinical psychology & importance of dissociating aging effects & behavioral measures, conference presentation, 20195
computer-based library of references on management of clinical psychology problems, England, 5075
development of clinical psychology as seen through personal experience of L. D. Cohen, conference presentation, 25969
development of model psychological clinic manual for training purposes, 26414
developments in professional practice & social trends & organizational structures, relationship between clinical psychology & public interest, 15637
divergent & convergent models, clinically relevant research, 19002
ecological factors in psychological problems, implications for clinical psychology, 12427
educational goals of osteopathic medicine & implications for practice of clinical psychology, 20640
history of clinical psychology & training, Canada, comments on article by J. B. Conway, 10588
integration of sociological & psychological & lifestyle concepts, development of clinical social psychology, implications for research & practice, 23091
meta analysis, policy research in clinical psychology, 21798
meta analysis, treatment outcomes in clinical psychology, literature review, 21812
methodology, outcome research in clinical psychology, 11100
microcomputer hardware & software, psychodiagnosis & treatment, 2842
preferences for specificity level in written recommendations in school psychological reports, Head Start teachers & aides with median ages of 37.5 & 30 yrs, 12977
problems & limitations of meta analysis in literature reviews of clinical psychology, 21815
psychometrics & psychotherapy in sports, implications for sports-oriented psychologists, 17858
reassessment of clinical psychology as applied science, 18913
repeated measures analysis of means in clinical research, 24330
right to engage in clinical practice, social psychologists, criticism of C. Hendrick's article, 2283
role in enforcement efforts to combat drug smuggling, clinical psychology, 10082
status of projective assessment techniques as seen from perspective of academic community & clinical psychologists & internship centers & applied clinical setting & private practitioners, 15643
training & practice of clinical psychotherapy, 18401
women's movement, incidence of mother-blaming for psychological problems reported in major clinical journal articles, offspring, 1970 vs 1976 vs 1982, 30367
Clinical Psychology Grad Training
admissions' competitiveness for American Psychological Association approved vs nonapproved clinical vs industrial vs organizational psychology doctoral vs masters programs, 7846
American Psychological Association accredited doctoral programs in professional psychology, 1984, 29018
attitudes toward interpersonal therapeutic skills of self vs "typical behaviors therapist", postgraduate clinical psychology trainees, 29046
British Psychological Society diploma syllabus, clinical teaching on subject of children & adolescents, 5113
broad-based scientific-professional programs within universities vs free-standing professional schools, clinical psychology training, 21239
clinical neuropsychological training in clinical & counseling psychology internships, directors of predoctoral internship programs, 21198
development & current status & prospects for accreditation, clinical psychology graduate training, Canada, comments on article by J. B. Conway, 10561
development & current status & prospects for accreditation, clinical psychology graduate training, Canada, comments on article by J. B. Conway, 10634
development & current status & prospects for accreditation, clinical psychology graduate training, Canada, post WW II to present, 10567
development & current status & prospects for accreditation, clinical psychology training, Canada, comments on article by J. B. Conway, 10568
development & current status & prospects for accreditation, clinical psychology training, Canada, professional criticism reply, 10566

development & current status & prospects for accreditation, clinical psychology training, Canada, comments on article by J. B. Conway, 10570
development & current status & prospects for accreditation, clinical psychology graduate training, Canada, comments on article by J. B. Conway, 10575
development & current status & prospects for accreditation, clinical psychology training, Canada, comments on article by J. B. Conway, 10641
development & current status & prospects for accreditation, clinical psychology graduate training, Canada, comments on article by J. B. Conway, 10616
development & current status & prospects for accreditation, clinical psychology training, Canada, comments on article by J. B. Conway, 10592
development & current status & prospects of accreditation, clinical psychology training, Canada, comments on article by J. B. Conway, 10612
developmental stresses of psychology internship training, implications for staff, 21192
ethnic differences & current status & prospects for accreditation, clinical psychology training, Canada, comments on article by J. B. Conway, 10577
history of clinical psychology & training, Canada, comments on article by J. B. Conway, 10588
knowledge & application of criteria recommended to evaluate performance as psychotherapist during 1st yr of psychotherapy training, graduate clinical psychology students & clinical faculty members, 2299
need for commitment on part of American Psychological Association to cultural diversity in training programs for clinical psychologists, comment on article by M. E. Bernal & A. M. Padilla, 5096
preferences for specificity level in written recommendations in school psychological reports, Head Start teachers & aides with median ages of 37.5 & 30 yrs, 12977
procedures & criteria for evaluation & dismissal, unsuitable clinical psychology graduate students, 12879
prospects for national clinical psychology program accreditation system, Canada, comments on article by J. B. Conway, 10580
role & importance of supervision in clinical Doctor of Psychology training programs, US, 18402
selection & attainment of predoctoral clinical internships, 18414
strategies for inclusion of nonbehavioral methods in training, behavioral clinicians, 23660
survey of tests recommended for clinical graduate training, hospital psychologists, New Zealand, 26423
training & practice of clinical psychotherapy, 18401
training clinicians to be tolerant of other therapeutic orientations, graduates & directors of behaviorally-oriented clinical training programs, 21177
training model, competency in administration of WAIS-R, graduate clinical psychology students, 2255

Clinical Psychology Internship
American Psychological Association accredited predoctoral internships for doctoral training in psychology, 1984, 29019
clinical neuropsychological training in clinical & counseling psychology internships, directors of predoctoral internship programs, 21198
cost efficiency of psychology internship programs, mental health center, 18487
developmental stresses of psychology internship training, implications for staff, 21192
emotional adjustment, transition from graduate school to internship, psychology graduate students, 18499
psychotherapy training program emphasizing interpersonal skills & self awareness & clarification of attitudes & values, clinical psychology interns, 12947
selection & attainment of predoctoral clinical internships, 18414

Clinicians
clinical judgment & problem solving processes, development of working knowledge of clinical problem solving competence, male vs female 23–40 yr old mental health clinicians, 18418
clinical research as training for staff clinicians, 2257
clinicians' diagnostic decisions using perceptual lens model, children with hyperactivity, 15007
cognitive structures & processes & schemata, psychodiagnosis & treatment, clinicians, implications for research, 15093
components-discriminant function analysis, intake decisions, clinicians at urban community mental health center, 15415
content outline for transactional analysis training & supervision with attention to critical theoretical thinking, transactional analysts, 12887
contributions of clinicians, history of adolescent group psychotherapy, 12555
countertransference processes to victims of natural vs human-induced violence, clinicians, conference presentation, 23618
ethical principles of psychiatric patient autonomy & medical paternalism & role integrity in advocacy situations, clinicians & advocates, 23652
experiential group process, development of sensitivity to cultural identity & dynamics of power that affect treatment, clinicians, 23666
importance to higher education of dual role of teacher & clinician in private practice, psychologists, 26448
rules of evidence applicable to clinician as expert witness, conference presentation, 1137
single-case investigative research, efficacy of clinical treatment, nonoperant clinician, 11087
theoretical orientation, clinicians, 21208
use of metaphors in talk about antipsychotic medication, patients & clinicians, 12656
use of prevalence vs incidence samples, long term prognosis of chronic illness, clinicians vs researchers, 9585

Clinics [See Also Child Guidance Clinics, Psychiatric Clinics, Walk In Clinics]
changes in staffing & types of services offered, type of patient population referred to geriatric evaluation clinic, elderly patients, 1979–82, 28921
client characteristics, 19–55 yr old opiate-addicted attendees at drug clinic, 10536
clinic for assessment & treatment of chronic pelvic pain of obscure origin, female gynecology patients, 7553
description of perceptual-motor development clinic, 4900
development of model psychological clinic manual for training purposes, 26414
participant-observation needs assessment of use of psychiatrist in primary-care medical setting, 15367
pretherapy induction system with videotape vs pamphlet, missed appointments, family practice clinic patients, 4877
pulse rate at beginning vs end of prenatal clinic visit as index of autonomic arousal, recall of information about pregnancy, 17–36 yr old females, 4872
referrals from general medical clinic to psychiatric social work, patients, 7625
role of social worker in polyclinic, mentally & physically handicapped outpatients & their families, Cuba, 2129

Cliques [See Social Groups]

Clomipramine [See Chlorimipramine]

Clonidine
acute vs chronic ip desipramine vs amitryptiline vs mianserin, clonidine effects on EEG synchronization & behavioral depression, male rats, 24864
alpha-2 receptor blockers yohimbine vs rauwolscine vs alpha-2 agonist clonidine, food intake, genetically obese vs lean mice, 8942
change in intensity of electrical shock & morphine & clonidine, stimulus discrimination & conditioned responses & response latency, male squirrel monkeys, 8881
chlorpromazine vs clonidine vs diazepam vs morphine, conditioned avoidance responses, male rats, 24841
chronic clonidine administration, tolerance to alpha-2-adrenergic agonists in vascular system, rats, 24850
clonidine- & methadone-assisted detoxification, withdrawal symptoms & side effects, opiate-addicted 21–50 yr olds, 18391
clonidine &/vs alpha-adrenergic &/vs yohimbine &/vs prazosin, response rates under FI vs FR schedules, adult pigeons & male mice, 6137
clonidine &/vs mesoridazine, tardive Tourette-like syndrome, 60 yr old female chronic schizophrenic with tardive dyskinesia, 31521
clonidine administered at onset of daily light, EEG activity associated with sleep, male rats, 9001

clonidine, akathisia induced by neuroleptic drug therapy, 18–68 yr old psychiatric patients, 28807
clonidine, growth hormone response, 8–17 yr olds with Tourette's syndrome vs 4–16 yr olds with short stature, 4787
clonidine, growth hormone, 23–59 yr old patients with endogenous vs reactive depression, 30915
clonidine infusions after desipramine treatment, sedative & hypotensive effects of clonidine & growth hormone response, male Ss, 16747
clonidine, mania & mixed bipolar disorder, 18–32 yr old psychiatric patients, 12667
clonidine, noradrenergic receptor system, depressed Ss with mean age of 44 yrs, 6854
clonidine, prostaglandin-induced spawning behavior, female goldfish, 9024
clonidine, secretion of growth hormone & beta endorphins, 17–30 yr old heroin addicts, 31022
clonidine, treatment of passive narcotic addiction induced by maternal methadone maintenance, neonates, 28989
clonidine vs alprazolam, cigarette craving & smoking withdrawal, heavy smokers, 26170
clonidine vs apomorphine, adenosine receptor activities in aggressive behavior, male mice, 24958
clonidine vs apomorphine, growth hormone response, 40–62 yr old drug-free patients with endogenous depression, 12630
clonidine vs lofexidine, alcohol withdrawal, male rats, 16764
clonidine vs prazosin vs propranolol, short- & long-term habituation of acoustic startle response, rats, replication of study by M. Davis et al, 8982
clonidine withdrawal, catecholamine metabolism & cardiovascular & behavioral changes, 53–67 yr old male patients treated for alcohol amnestic disorder, 26186
concurrent clonidine & antipsychotic drugs, severe hypotension, agitated hypertensive 51 yr old chronic schizophrenic male & 88 yr old disoriented female, 15289
consistent methadone vs abrupt switch from methadone to clonidine treatment, 21–50 yr old outpatient opiate addicts, 21138
depressive symptoms, prediction of unsuccessful clonidine vs methadone detoxification, ex-addicts of opiates, 23603
detoxification from methadone using clonidine with vs without naltrexone, treatment outcome & relapse rate, adult Ss, 18389
discrimination of clonidine vs saline & generalization to antihypertensive drugs in operant conditioning paradigm, spontaneously hypertensive rats, 27606
efficacy of phenytoin & Vitamin C & Procaine & Lidocaine & Cimetidine & cyproheptadine & clonidine hydrochloride treatment, anorexia nervosa patients, 1-yr followup, 28787
excretion of 6-hydroxymelatonin, males with Korsakoff's psychosis treated with clonidine, 14959
improvement of naltrexone retention during induction & stabilization phases of treatment, narcotic addicts, 23601
menstrual cycle or alcohol consumption habits, growth hormone response to clonidine, 23–37 yr olds, implications for clinical studies of depression, 16782
mianserin, effects of clonidine on plasma 3-methoxy-4-hydroxyphenylethyleneglycol & blood pressure & sedation, depressed 31–61 yr olds, 7412
naloxone &/vs clonidine, drinking behavior, female rats, 19737
normorphine & clonidine & adenosine, mechanisms of dependence in ileum, guinea pigs, 30212
parotid salivary response to clonidine as indicator of adrenergic responsivity, 9–21 yr old males with Tourette's syndrome, 18145
pretreatment with phentolamine vs theophylline vs adenosine vs dipyridamole, clonidine-induced self biting, mice, 8980
prior administration of clonidine, drinking induced by isoproterenol or angiotensin II, female rats, 11589
REM sleep latency & dexamethasone suppression & clonidine & apomorphine tests as biological markers, 28–61 yr old patients with major depression with endogenous subtype, 17432
self administration of clonidine vs oxazepam, withdrawal symptoms, 23–41 yr old methadone maintenance patients, conference presentation, 5052
sequential use of clonidine & naltrexone in drug rehabilitation, opiate addicts, 18377
stereotactic subcaudate tractotomy, growth hormone & hypotensive responses to clonidine, drug-free 48–71 yr old severely depressed patients, 7416
Closed Circuit Television
videotapes & closed circuit TV, self observation & therapeutic & teaching tool, 7164
Closedmindedness [See Openmindedness]
Closure (Perceptual) [See Perceptual Closure]
Clothing Fashions
ambiguity of judgment & self consciousness & influence of others' opinions, conformity in judgments of fashionability, female college students, 1227
attitudes toward dress habits & appearance, rehabilitation professionals, 23659
attractiveness & attire & gender of E, performance on psychological tasks, female vs male college students, 19165
clothing preferences & knowledge of sexual impact on males, female college students, 9458
clothing, professional image, male vs female rehabilitation counselors & administrators, 12935
clothing, professional image, rehabilitation counselors & administrators, comments on survey by R. E. Matkin et al, 12931
consumer satisfaction with automobile & clothing products, leisure involvement, 5432
daily selection & care & purchase of clothing & influences of others, 9–12 vs 13–15 vs 16–19 yr olds, 17064
female applicant's dress, selection decisions for management, personnel administrators, 23948
formal vs informal attire of neophyte counselor, perception of counselor expertness & trustworthiness & attractiveness, college students in group counseling sessions, 7631
inclusion of researcher's picture in cover letter & status & role-clothing consistency & similarity between researcher & respondent, willingness to return survey form, college alumni, 11094
physical size & quality of dress of shoplifter, report of shoplifting, bystanders, support for equity theory, 4020
sex & apparel of stimulus S, duration of visual attention, college students, 4006
sex & dress of stranger, willingness to help, adults, 1229
sexual differentiation & sexual inequality via color codes in dress, males vs females from birth through formal education, Spain, 850
symbolism in choice of clothing attire, psychodiagnosis & treatment, mentally ill, 4228
type of sweater as cue to perception of personality type, female college students, 12018
Cloze Testing
awareness of cohesive relationships in text during cloze comprehension, 9th grade good vs poor readers, 6279
cloze procedure vs K. Weltner's guessing procedure, scaling of comprehension & information & imagery of sentences, 5593
cloze vs maze instructional procedures in reading education, 5258
evaluation of elementary school's implementation of whole language approach to reading instruction using nonverbatim responses to cloze procedure, 7–15 yr old hearing impaired students, 2513
inter-rater reliability of Cloze Reading Inventory, reading comprehension, elementary & junior & high school students, 32010
measurement of metacognition in reading by detectability of cloze accuracy, 5778
page format & grade level & sex & content, ability to read science material measured by cloze readability method, 4th vs 5th vs 6th graders, 29299
reading comprehension using cloze procedure, 3rd & 6th & 9th grade speakers of Black English vernacular vs standard English, 7994
reliability of single rater judgments of cloze test responses, assessment of reading comprehension, 3rd & 5th & 7th & 9th & 11th graders, 23887
review of theory behind cloze procedure & cognitive complexity test & relation among advertisement recall & enjoyment & prediction of verbal structure, college students, 18908
scoring procedure allowing credit for synonyms, cloze test protocols of 4th & 6th grades, college students, 13192
validity of cloze procedure as alternative to readability formulas, measurement of reading comprehension, adolescents vs young adults, 26677

Clubs (Social Organizations)
psychoanalytic interpretation of food & feces in speech play at camp, 11–18 yr old Boy Scouts, 14187
Cluster Analysis
approximations to probability distribution of categorical clustering in free recall of words, 24341
cluster analysis & MMPI, identification of heterogeneous diagnostic groups, 20–30 yr old psychiatric inpatients, 16389
cluster analysis, acoustic analysis of speech characteristics, 25–60 yr old college students vs dysphonic speakers, 25757
cluster analysis in educational research, 19126
cluster analysis of Brief Psychiatric Rating Scale data, profile patterns, 61–90 yr old geropsychiatric patients, 4129
cluster analysis of items in Taylor Manifest Anxiety Scale, chronic asthma & tuberculosis & pain patients, 13583
cluster analysis of results from measures of work content vs process, analysis of managerial work, manufacturing vs hospital vs bank managers, 32277
cluster analysis of visual EPs induced by variously-directed moving lines, cats, 16651
cluster analysis of WAIS-R subtests & age norms, 13522
cluster analysis, validation of coin-skills curriculum, educable mentally retarded children with mean age of 116.6 mo, 5347
depressive symptoms & expectations & locus of control for health assessed with cluster analysis, patterns of response to rehabilitation, medical patients, 21127
evaluation of stability of single-linkage clusters, 8452
finite & asymptotic formulas for 4 external criterion measures, validation of cluster structure of data, 13630
grouping respondents with similar preferences, predictive accuracy of conjoint analysis in consumer research, 27066
hierarchical clustering of questionnaire responses, evaluation of organizational climate, 18839
personality variables & locus of control & treatment clinic orientation, differentiation of personality types by cluster analysis, alcoholics, 31802
preliminary taxonomy using cluster analysis for psychological benefits of participation in leisure activities, adults, 18772
pros & cons of spatial & cluster analysis & row-column models of sociometric analysis, 19144
ratings of desirability outcomes & multiple regression & cluster analysis, assessment of social values, 6–10 yr olds & college students, 27857
use of cluster analysis algorithms, formation of psychosomatic therapy groups, patients suffering from essential hypertonia, 18020
validity of C. O. Houle's typology of learning orientation using cluster analysis, adult learners, 32158
validity of stopping rules for determining number of clusters in data set, 27071
Clustering [See Cluster Analysis]
CNS Affecting Drugs [See Also Amobarbital, Amphetamine, Barbital, Bemegride, Caffeine, Chlorpromazine, Clonidine, CNS Depressant Drugs, CNS Stimulating Drugs, Dextroamphetamine, Ephedrine, Haloperidol, Methamphetamine, Methylphenidate, Pemoline, Pentylenetetrazol, Scopolamine, Strychnine]
behavioral mechanisms & cross tolerance to psychoactive drugs, tolerance to N6-(levophenylisopropyl) adenosine, rats, 11620
centrally active drugs & evoked potentials, hippocampal EEG, freely moving rats, 30262
clonidine vs prazosin vs propranolol, short- & long-term habituation of acoustic startle response, rats, replication of study by M. Davis et al, 8982
drug challenges & role of serotonin receptors in regulation of aggressive behavior, rats, 9030
minaprine vs carpipramine, event-related slow cortical potentials, 26–49 yr olds, implications for evaluation of psychotropic drug effects, conference presentation, 19713
phencyclidine vs 2-methyl-3,3-diphenyl-3-propanolamine, discriminative stimulus control of conditioned lever press & maze shock avoidance & anesthetic properties, rats & monkeys, 3518
photic stimulation in conjunction with ethimizole treatment, stuttering, patients, 4543
psychotropic drugs, sleep, 1981
scopolamine vs N-methyl-4-piperidinol benzylate vs tropine, memory & motor activity, rats, 9032
CNS Depressant Drugs [See Also Amobarbital, Barbital, Chlorpromazine, Haloperidol, Scopolamine]
dose of ip cesium chloride, depressant effects in CNS, male mice, implications for use as antipsychotic, 24801
methods for assessment of abuse liability of stimulants & depressants, animals, conference presentation, 4357
sensation seeking, 21–40 yr old Black vs White polydrug vs opiate & depressant drug abusers, 1524
CNS Stimulating Drugs [See Also Amphetamine, Bemegride, Caffeine, Clonidine, Dextroamphetamine, Ephedrine, Methamphetamine, Methylphenidate, Pemoline, Pentylenetetrazol, Picrotoxin, Piracetam, Strychnine]
addictive & psychosocial factors, amphetamines & amphetamine substitutes, 31041
central stimulant administration, performance on vigilance tests & psychophysiological recordings of autonomic functions, female 29–60 yr old narcoleptic vs 24–51 yr old psychiatric inpatients, 30263
centrophenoxin vs placebo, neurasthenic syndrome, 20–50 yr old outpatients, 20931
CNS affecting drugs, adults with attention deficit disorder, literature review, 18109
CNS stimulating & anticonvulsive & tranquilizing drugs & benzodiazepines, detail discrimination ability, human Ss, implications for psychopharmacological research, 19706
conditioning, reinstatement of opiate & stimulant self administration, humans & laboratory animals, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 798
dextroamphetamine vs phencyclidine vs amfonelic acid, release of dopamine in striatum, rats, 19684
dosage level of cathinone vs amphetamine vs apomorphine as discriminative stimulus, operant lever press task performance, rats, 3505
harmaline, conditioned nicitating membrane responses, rabbits, 24955
intra-accumbens injection of magnesium vs calcium, hypermotility response to N-methyl-aspartic acid vs kainic acid vs quisqualic acid, rats, 3429
iv self administration of dopamine agonists apomorphine vs piribedil vs propylbutyldopamine vs bromocriptine vs SKF 38393, monkeys, implications for reinforcing properties of CNS stimulants, 22232
methods for assessment of abuse liability of stimulants & depressants, animals, conference presentation, 4357
methylphenidate vs McNeil 4612 vs dextroamphetamine, maintenance of drug self administration behavior, rats, 3497
psychostimulant sydnocarb, brain GABA & aspartate levels & latent period of GABA-deficient thiosemicarbazide induced seizures, 749
sex & age & time in US, drug use prevalence, Nigerian college students, US, 14454
stimulant medication, children with attention deficit disorder, 7470
stimulus discrimination of S(levo)-cathinone vs R(dextro)-cathinone vs (dextro)-cathine vs structural modifications, rats trained to discriminate between stimulus properties of racemic cathinone & its vehicle, 27588
use of CNS stimulant challenge to catecholamines in etiological research on schizophrenia, 25507
Coaches [See Teachers]
Coagulation (Blood) [See Blood Coagulation]
Coalition Formation
amount of power of individual members, coalition formation & behavior in decision making groups, graduate students, 20083
coalitions in ignorance in game theory, 3 persons, 25395
concept of coalition in organizational theory & research, 24030
games & secrecy & experience & culture, formation of blocs & outcome of negotiations, male college students, US vs West Germany, 17307
number of coalitions & assigned resources, coalition bargaining, female vs male college students, validation of coalition formation theories, 4000
Cocaine
addictive patterns & health effects, chronic intranasal & free base & iv cocaine abusers with mean age of 30 yrs, 12288

alcohol-cocaine combinations, sexual dysfunction, patients in detoxification treatment program, 18393
alpha-flupentixol & haloperidol, place preferences produced by morphine vs dextroamphetamine sulfates vs cocaine, adult male rats, 30266
assessment of dependence potential, cocaine, animals, 11598
behavior modification & therapy techniques, marihuana & cocaine addiction, 21–23 yr old males, 3-yr followup, 31793
behavioral pharmacology of cocaine, human Ss, 11587
biological & psychological effects of cocaine usage, college students, 11985
changing patterns & consequences, cocaine use, social-recreational users, 1975–83, 11989
chronic cocaine administration, catecholamine-independent behavioral & neurochemical effects, rats, 30230
chronic cocaine usage, ego states, 21–44 yr old drug abusers, 12281
cocaine abuse, adverse effects on health & psychosocial functioning, 22–39 yr olds, conference presentation, 4355
cocaine addiction of S. Freud & development of psychiatry as medical science, 2763
cocaine, dopaminergic synapse & neuronal activity & reinforcement properties & abuse potentials, 11627
cocaine dose, ataxic & anxiolytic effects of ethanol, male rats, 24787
cocaine use, methadone maintenance clients vs addicts not in treatment, 9778
contingency contracting & supportive psychotherapy, cocaine abuse, 12864
decrease in heroin & increase in cocaine as treatment method, heroin addiction, 24–42 yr old heroin addicts, 18380
demographic characteristics & drug use & attitudes toward health & law, marihuana vs cocaine use, criminals vs students, 31053
diagnosis & group therapy & aftercare, cocaine abuse, 26392
diagnosis & treatment of cocaine smoking disorders, 12279
discrimination of im vs iv vs intragastric administration of cocaine & dextroamphetamine during avoidance/escape procedures, rhesus monkeys, conference presentation, 3156
efficacy of desipramine vs lithium carbonate, cocaine abusers, 7726
epidemiology, cocaine usage & abuse, 12226
health & psychiatric complications of cocaine abuse, 12232
historical & contemporary approaches to treatment of cocaine abuse, 31814
history of cocaine usage, 18–25 yr old college students, 11986
intensity of use & psychiatric symptoms & treatment, cocaine abusers, conference presentation, 28329
iv injection of cocaine, generalized seizures, 20–25 yr old patients, 6933
morphine vs apomorphine vs LSD vs procaine vs pentobarbital, discriminative stimulus properties of cocaine, male pigeons, 16766
nucleus accumbens lesions, role of mesolimbic dopamine neurons in iv heroin vs cocaine self-administration, male rats, 24775
patterns & treatment of cocaine abuse, 31059
pharmacology of cocaine, 11599
physiological & psychological & neurochemical & behavioral correlates of cocaine abuse, 12268
psychological predisposition in cocaine addiction, 12256
psychopharmacology of cocaine, implications for existence & treatment of dependence or abuse, 11591
survey of cocaine use & abuse, 22–59 yr old helpline callers, 20429
trazodone hydrochloride & cocaine interactions, 19–29 yr old males, 6153
use of Alcoholics Anonymous concepts & reality oriented therapy in development of cocaine recovery support groups, 19–58 yr olds, 31795
ventral tegmentum priming with morphine, reinstatement of iv heroin & cocaine self administration behavior, rats, implications for activation of mesolimbic appetitive motivational systems, 9025

Cochlea
acoustic trauma in critical vs sensitive period, auditory behavior & cochlear functions & audiogenic seizures, auditorically abnormal vs normal-hearing mice, 27471
alternating rarefaction & condensation clicks, summating potential & auditory nerve compound action potential of electrocochleogram, 15–45 yr olds, 19443
assessment of candidacy for cochlear implants, profoundly deaf, 10339
cochlear hearing device implants, profoundly deaf, 10355
cochlear implants, deaf children, implications for education, 26257
cochlear nucleus evoked potentials & surface responses, quivering mutant mice, 21999
development of implantable cochlear prothesis, deaf with inner ear damage to sensory hair cells, 20665
extra- vs endocochlear electrode stimulation, auditory perception, hearing impaired & deaf patients, 20493
induced transient neonatal hyperthyroidism, maturation of peripheral auditory system, rats, 16700
Melbourne multichannel cochlear implant, recognition of consonants & vowels & words & speech tracking & lipreading, hearing impaired 33 & 45 yr old males, 15396
neonatal cochlear ablation, neuronal thresholds in inferior colliculus to tone stimuli, adult gerbils, 16725
noise vs carbogen, cochlear blood supply & blood flow, albino guinea pigs, 19577
perfusion of perilymphatic space with solution containing high potassium ion concentration, auditory evoked response threshold in brain stem, cats, 6095
pure tone, maturation & decline in cochlear microphonic & action potential thresholds, normal-hearing vs hearing impaired mice, 16632

Cockroaches
communication components during courtship, hissing Madagascar cockroach, 493
periplanone concentration, activity of pheromone-sensitive neurons in antennal lobes of brain, adult male American cockroaches, 27337
removal of antennae, communication during courtship, hissing Madagascar cockroach, 494
sex-specific activity patterns, mate selection, cockroaches, 19402

Codeine
levo- & dextro-opiates, inhibition of codeine binding & cough reflex & blood pressure & heart rate, guinea pigs & cats, conference presentation, 3420

Codeine Sulfate [See Codeine]

Coeds [See College Students]

Coeducation
coeducation in institution, adults with polyhandicaps & epilepsy, conference presentation, 32124
sex differences & single sex vs coeducational school setting, subject preference & perception of importance, high school students, 29315

Coffee [See Beverages (Nonalcoholic)]

Cognition
activities as political Os vs market participants, cognition, citizens, 11938
aerobic exercise, mood & cognition & movement, 18–35 yr olds, 19561
amitriptyline & benzodiazepine antidepressants, beliefs & depressive symptoms, depressed inpatients, 4-yr study, 26197
biology of cerebral dominance, implications for cognition, 24647
cognition & cognitive development, mathematical ability, 14022
cognition vs convergent vs divergent thinking, achievement, adolescents, 27806
cognitive & psychosocial & intrapsychic processes accompanying psychological regression, patients in intensive care units, implications for staff intervention, 28913
concepts of cognition & status of folk psychology, implications for A. Bandura's theory of self esteem, 29934
curiosity, need for cognition, college students, 1299
deduction of Boolean model of ethical cognition from principle of complementarity, 16157
desmethylimipramine, cognitive functioning, 20–25 yr old college students, 13903
discussion of Freud's observations of primary & secondary process cognition from Piagetian perspective, 8301
final tone extrapolation, implications for melody cognition, 3060
general model of language comprehension based on theories of cognition & communication, literature review, 350
logics of cognition, implications for influence of computers, 27150
methodology for generation of set of cognitive & psycholinguistic operations & structures, 2809

perceived variability & symbol use, common language-cognition interface, chimpanzees vs children, 5855
perceptual vs cognitive groundings, consistency theories in social psychology, 17295
philosophical approach to scientific laws based on structure of universe & applicability to mental activity, 15
psychology & survival & nuclear arms race, 19938
research on cognition & learning, elderly, literature review, implications for educational programs, 14116
restriction of perceived dimensions of inner space, anxiety & narcissistic personality, 1441
status of folk psychology, criticism of W. A. Rottschaefer's study, 29919
test of theoretical model of loneliness, social network & background variables & personality characteristics & cognition & experience of loneliness, 25441
verbalization, structural vs semantic processing of art, 19256
Cognitions [See Also Expectations, Irrational Beliefs]
altered cognitions of passage of time, mood & fatigue & performance, examination of cognitive theory of emotions, 5836
attention & understanding & cognitive processes & affect during mathematics instruction, 5th graders, 23785
beliefs & attitudes, decisions & actions & feelings, physicians & social workers in training, 18507
cognition vs autonomic arousal vs expressive behavior theories of emotion, 26901
cognitions, ability to resolve conflicts, married couples, 3826
cognitions related to attributions & coping reactions, depression, 37–85 yr old spousal caregivers of Alzheimer's disease patients, 31142
cognitions surrounding relapse episodes & effects of relapse on self efficacy, ex-smokers, 11988
cognitive adaptations to stress associated with newborn intensive care, mothers of high risk infants, 25488
construction of Cognitive Bias Questionnaire for Children, assessment of cognitive bias & depression relation, psychiatrically disturbed 8–16 yr olds, 29746
depressed vs neutral mood induction conditions, negative cognitions with mood changes, recovered unipolar depressed vs anxious adults, 20226
facilitative vs debilitative cognitions during job interview, perceptions of interview performance, vocational counselors, 26744
fear of negative evaluation & irrational thinking & stressful events, self reported thoughts & anxiety, college students, 1270
functions of ego with regard to consciousness & thought & language, 19297
in vivo vs imaginal cognitive assessment vs thought listing procedure, measurement of cognitive aspects of anxiety, 25–39 yr olds with agoraphobia, 29752
interior speech & holographic thought & poetic process, personal growth, 1264
introductions with rhetorical questions vs statements & high vs low issue involvement, processing of message content & thoughts & attitudes, college students, 11317
locus of control & cognitive set for success-failure & interpersonal assertion & depression & irrationality on Irrational Beliefs Test, female college students, 13539
mentalities & mental representations, psychoanalysis, 15142
naturalistic test taking conditions, cognitions, test anxious 5th–6th graders, 26730
negative thoughts about self vs others in depression, female college students, 20328
network position's function & tenure, cognition, software firm employees, 26813
normal & abnormal obsessions, college students, replication of work by S. J. Rachman & P. de Silva, 9564
pain expectations & experiences, fearful vs fearless dental patients, 10364
physical attractiveness vs need for intimacy vs self disclosure vs thoughts about dating partner, romantic love, college students, 20089
positive vs negative thoughts about stressful event outcomes, perceived psychological well-being, college students, 17373
private vs public self awareness, self consciousness, college students, 28073
reliability & validity of Automatic Thoughts Questionnaire, frequency of depressive thoughts & absenteeism, factory workers, 24220
self esteem & composition of success vs failure explanations for task performance & stated expectations for future performance, college students, 22619
self instructional training vs skills training vs flooding & home practice & role of cognitions, public speaking incompetence & generalization of treatment effects, Ss with speaking anxiety, 10222
sex differences, ratings of stressful events & depression & cognitive distortion, 24–56 yr olds, 14590
sleep deprivation, thought content of self concept, 31–60 yr old depressed inpatients, 12176
slides of fire-setting vs non-fire-setting scenes, physiological & cognitive responses, 12 yr old fire-setting male, 31044
Social Introversion scale of MMPI vs Social Interaction Self Statement Test, prediction of shyness at intake, 18–49 yr old mental health center clients, 14707
test anxiety, performance & thought content during test, college students, 11388
validity of tripartite model, affect & behavior & cognitions as components of attitude, 12049
willpower & beliefs, overcoming problems, college students, implications for treatment, 31301
Cognitive Ability [See Also Mathematical Ability, Reading Ability, Spatial Ability, Verbal Ability]
academic underachievement & cognitive processing deficits & emotional difficulties, learning disabled adolescents, special education implications, literature review, 2542
activities as political Os vs market participants, cognition, citizens, 11938
activity level & cognitive impulsivity, cognitive task performance & academic achievement, 2nd graders, 7999
age & anxiety & cognitive ability, perception of death in humans & animals, 6–11 yr olds, 25130
age & sex & intellectual capacity & length of hospitalization & presence of somatic disease, frequency of Schneider's 1st rank symptoms, hospitalized schizophrenics, 9681
age & sex & spatial knowledge, mechanics & memory for computer programing language, 2.9–4.11 yr olds, 6327
age, causal attributions & failure expectations & effects on intelligence test performance, 18–28 vs 60–84 yr old females, 22293
age-irrelevant vs age-sensitive tests, test familiarity & difficulty & intellectual performance, 18–39 vs 40–59 vs 60–89 yr olds, 2855
aggressiveness &/vs hyperactivity, behavioral & developmental & cognitive characteristics, 7 yr olds, 2-yr longitudinal study, 9972
alterations in cognitive performance & affect-arousal state during fluctuations in motor function, 39–73 yr old patients wth idiopathic Parkinson's disease, 20489
amitriptyline vs imipramine, cognitive functioning, 5.5–16 yr old depressed patients, 26217
ascorbic acid, performance on visuomotor coordination & complex RT & digit-symbol substitution tests, 19–35 yr old females, 24908
assessment of cognitive vs social vs verbal factors & prototypic views of intelligent functioning children, primary vs secondary vs tertiary teachers, US & Canada, 29134
assessment of intellectual functioning, diabetic patients with mean age of 38.3 yrs, 22989
assessment of intellectual impairment, 5–45 yr olds of family with benign familial chorea, 20547
attention dysfunction, affective disorders & hyperactivity & cognitive deficiency, male college students, 20232
behavioral adjustment, partially sighted & blind students with mean age of 11.5 yrs, 8089
bench-stepping exercise, state anxiety & cognitive performance on backward digit test, female college students, 11518
benzodiazepines, psychomotor & cognitive performance while driving, 30225
bilateral carotid endarterectomy, cognitive functioning, patients with internal carotid artery stenosis, conference presentation, 20994
biological & psychological effects of cocaine usage, college students, 11985

brief antidepressant treatment with amoxapine vs amitriptyline, cognitive ability, depressed outpatients, 12646
bromvincamine vs vincamine, regional cerebral blood flow & verbal & sequence memory & CFF & digit span & color word performance & visual RT, 52–76 yr old patients with mental deterioration due to cerebrovascular disease, 26174
canonical correlation analysis of WISC-R & Woodcock-Johnson Tests of Cognitive Ability, evaluation for learning disabilities, 7.3–12.8 yr olds, 15927
cerebral oxygen utilization & cognitive function & presence of cerebral atrophy, 17–53 yr old multiple sclerosis patients, 25787
cognitive & personality functioning, female inpatient adolescents with anorexia nervosa vs conduct disorders, 25492
cognitive ability & achievement in reading & mathematics, 1st & 5th graders, US vs Japan vs Taiwan, 26580
cognitive ability & formal operational thought, reading comprehension & ability, 11–14 yr olds, 6316
cognitive ability & instructional outcome in computer managed course, US Navy trainees, comment on findings of P. Federico, 32042
cognitive ability, accuracy of self efficacy prediction, preoperational vs concrete vs formal operational thinkers with mean ages of 7.2 vs 10.1 vs 15.2 yrs, 14049
cognitive capabilities & role of cerebral dominance in development of antisocial behavior, female juvenile delinquents, 9795
cognitive capacity, styles of learning to add & subtract, 4–8 yr olds, 16985
cognitive competencies, aggressive behavior, kindergartners to 2nd graders & 4th–6th graders, longitudinal study, conference presentation, 25041
cognitive deterioration & dementia before vs after levodopa treatment, patients with idiopathic Parkinson's disease, 8–10 yr followup, conference presentation, 20582
cognitive functioning as measured by Wechsler-Bellevue Intelligence Scale, head-injured adults, 20599
cognitive functioning, communication development, mentally retarded children, 9832
cognitive functioning in depression, 1960–1984, literature review, 31008
cognitive impairment, patients with carotid lesions with vs without heart disease vs with generalized cerebrovascular disease with vs without heart disease, 20597
cognitive impairment, schizophrenic patients with vs without tardive dyskinesia, 20189
cognitive performance during simulated deep sea dive, 25–34 yr old males, 30158
cognitive performance over 24-hr period, workers on 8-hr & 12-hr shifts, 16052
cognitive processes & memory & semantics, performance on awele game, 9–15 yr old males, 22343
cognitive skills & motor performance & age, motor readiness potentials & reliability of cortical evoked waveforms during voluntary movements, 6–9 vs 10–12 vs 16–19 normal vs 15–21 yr old mentally retarded males, conference presentation, 19869
cognitive skills, chimpanzees vs monkeys, 5866
cognitive style & ability & aptitude, visual & auditory & bimodal & brain event-related-potentials, right handed males, 24643
cognitive style & performance, 12–15 yr old males vs females from different income levels, India, 25105
communicative & cognitive-social abilities, autistic 6.9–11.8 yr olds, 1493
competence & socioeconomic deprivation & caste system, cognitive performance & persistance, 12 & 13 yr olds, India, 30473
computer analysis of cognitive function, alcoholics, 28286
concepts of causality & logical structures, task for assessment of chance, 25–60 yr old formal operational female members of spiritual community, 22331
construction & validation of test battery, measurement of differentiated cognitive abilities, 3–4 yr olds, 2945
continuous work & exercise over 45 hrs with 3 hr nap, cognitive performance, US marine reconnaissance personnel, 26765
correlations between WISC-R & Developing Cognitive Abilities Test, gifted 5th–8th graders, 159
cortical brain dysfunction test scores, 20–39 vs 40–72 yr old male psychiatric patients, implications for use of cognitive tests with aged, 11191
cortical disinhibition, cognitive impairment, patients with diffuse cerebral dysfunction, 12362
critical psychometric properties of & systematic profile interpretation procedures for Woodcock-Johnson Tests of Cognitive Ability, psychoeducational assessment, 1st & 3rd & 5th & 8th & 12th graders, 10879
deprenyl, cognition & emotion, 58–74 yr olds with Parkinson's disease undergoing long term levodopa treatment, 10298
depression-associated focal cognitive deficits, brain damaged 28 yr old male, 17733
depressive severity & history of drug abuse & cognitive impairment & outcome, inpatient alcoholics, 6-mo followup, 17600
determination of contribution of WAIS verbal & performance IQ variables to performance on Halstead-Reitan Neuropsychological Battery, psychiatric vs brain damaged patients, response to findings of G. J. Chelune, 24274
development & factor analysis of 3-level model of intellectual abilities, 6th graders, 22316
dietary intake of choline & choline serum levels, cognitive function, 60–93 yr olds, 945
different levels of aerobic fitness, heart rate & skin conductance & cognitive ability under demanding tasks, 35–45 yr olds, 11525
differential classification based on cognitive profiles, 5.6–17.5 yr olds with autism & other pervasive developmental difficulties, 20262
dopamine agonist mesulergine, motor disability & psychomotor & cognitive abilities, Parkinson's disease patients, conference presentation, 20914
drug treatment, cognitive deficits in senile dementia, 28769
duration of chronic hypoxemia, cognitive function, children with mean age of 5.8 yrs with d-transposition of great arteries & intact ventricular septum, 9983
emotional experiences & attribution style & intellectual performance, depressed 5th graders, 30908
encephalotropic & psychotropic properties of actovegin hemoderivative, vigilance, performance on psychometric tests, Ss with mean age of 65 yrs, implications for therapy, 27640
environmental & occupational complexity, cognitive functioning, literature review, 30863
epidemiologic assessment of cognitive impairment in adult community population, 9589
ethnicity & socioeconomic status & home language, verbal & reasoning & quantitative & memory & motor abilities, Chicano vs non-Hispanic White 2.5 yr olds, 14061
etiology & neuropathology & cognitive deficits in Wernicke-Korsakoff syndrome, 22938
evidence & determinants & interpretations, sex differences in cognitive functioning, 6281
exposure of brain to nuclear magnetic resonance imaging, cognitive ability, 26–51 yr olds, 13791
factor analysis of teacher ratings, identification of 2 dimensions of cognitive deficits, 2nd–5th graders, 15955
family background & status, prediction of cognitive performance, Mexican American preschoolers, 27748
field dependence, performance on Piagetian Tasks & rod & frame test, young adult vs retired elderly males, 22333
formal reasoning capability, balancing chemical equations, 20–41 yr old college students, 29285
formation of ability conceptions, children, literature review, 6322
framework & methodology for assessment of cognitive abilities, Native Alaskan children, 19831
frontal lobe lesions, cognitive ability & memory, patients, literature review, 28472
functional hemidecortication, cerebral plasticity, 4–28 yr olds with gestational vs neonatal unilateral infarction vs malformation, 20481
happiness vs distress, mental task performance, 16–80 mo olds, US vs China, 14074
height & actual vs attributed social & cognitive competencies, male vs female 19–20 mo olds, 16863
high vs low IQ, performance in learned helplessness experiment involving cognitive tasks & noncontingent rewards, college students, 24478
impaired perceptual speed & visuospatial sequencing & visual attention span, 9–17 yr olds with immunodeficiency disorders, 31158

individual intellectual aptitude & father's occupational level & expectations, occupational aspirations, adolescents of lower-upper vs middle-upper SES, 958
information processing abilities, adult reared-apart monozygotic & dizygotic twin pairs or triplets, 21995
informed instruction, use of comprehension skills & reading awareness, 3rd & 5th graders, 15780
integration of experimental cognitive information processing theory & psychometric intellectual abilities tradition in cognitive impairment model, 20197
intellectual & memory & perceptual functions, patients with dementia of Alzheimer's type, 3-yr longitudinal study, 25854
intellectual abilities & motivation & personality traits, foreign language abilities, 5th–8th graders, Czechoslovakia, 18665
intellectual ability & reattribution training through observational learning, persistence behavior, male vs female learned helpless 5th–6th graders, 30423
intellectual efficiency & impairment of functions, 23–60 yr old inpatients with alcoholism, 31025
intellectual functioning, patients with Turner's syndrome, literature review, 14974
intellectual organization & personality characteristics, males with XYY vs Klinefelter's syndrome, 28506
interpersonal values & critical thinking ability, preservice professionals in elementary vs special education vs speech therapy, 31976
judgments of basic cognitive skill requirements for selected Army occupational training courses, military instructors, 16035
learning potential training procedure, cognitive performance, high- vs low-achieving hearing vs deaf 12–15 yr olds, 21311
levodopa &/or anticholinergic drugs, intellectual functioning, Parkinson's disease patients with average age of 66.2 yrs, 23338
levodopa, improvement of automatic vs effortful memory processes, 61–67 yr olds, 6145
long term anticonvulsant therapy, behavioral problems & cognitive impairment, 5–18 yr olds with complicated epilepsy, 28747
long-term glue sniffing, memory & nonverbal intelligence & attention & concentration, male adolescents, 17588
long term memory retrieval efficiency & individual & developmental differences in cognitive functioning, 4th vs 8th graders vs adults, 16964
low monoamine diet, platelet MAO activity & psychoeducational & impulsivity correlates, normal 6–12 yr olds, 11765
maternal behavior & cognitive abilities & affective tone of mother-child interaction, school readiness & 6th grade vocabulary & mathematics achievement, 1st born children evaluated at ages 3.7 & 4 & 5 & 6 & 12 yrs, longitudinal study, 9191
maturation & class structures, cognitive level & linguistic performance, 1st vs 8th graders vs younger vs older children not in school, Brazil, 22277
mean score discrepancy between WISC-R & Woodcock-Johnson Tests of Cognitive Ability, comments on papers by J. A. Cummings & E. M. Moscato & P. L. Thompson & M. R. Brassard, 5426
measurement of mental & physical ability, 55–71 yr old workers & students, Japan, 32253
measures of field dependence as measures of cognitive style vs ability, 2863
medical & demographic factors & continued cigarette smoking & depression & cognitive functioning, 3-yr survival rate, chronic obstructive pulmonary disease patients in pulmonary rehabilitation program, 4421
melatonin, mood & cognitive performance, 18–45 yr olds, 19698
memory & posttraumatic amnesia & cognitive performance, adult patients with severe closed head injuries, 20480
memory vs use of rule governed calculations as explanations for calendrical calculating performance, 17–36 yr old idiot savants, 31094
mental ability & symbolic play & expressive & receptive language, 19–90 mo olds with Down's syndrome, 25708
mental deterioration, Parkinson's disease, patients with mean age of 61.4 yrs treated vs not treated with levodopa, conference presentation, 20524
mental task performance, EEG measurement, 11–13 yr olds, 22341
meta-analysis, sex differences in cognitive abilities, criticism of R. Rosenthal & D. B. Rubin's study, 9532
metalinguistic & cognitive abilities, bilingual vs unilingual 6 vs 8 vs 10 yr olds, India, 16977
methods for assessment of cognitive competence, counseling clients, 26053
model of intellectual development & early experiences & intellectual functioning, 27802
moral & cognitive reasoning, socioculturally mildly retarded vs organically impaired mildly vs moderately retarded children, support for similar-structure hypothesis of J. R. Weisz et al & partial support for E. Zigler's 2-group approach, 14855
moral judgment & role taking & cognitive processes & self concept, 10–11 vs 14–15 yr old delinquents & nondelinquents, 4304
mother-child relations & cognitive ability, mathematics & reading achievement & conversation & vocabulary & block design performance, mothers & their 3 mo olds studied at 6 yrs of age, longitudinal study, 9166
multivariate analysis of psychological & clinical & computerized axial tomography scanning measures, detoxified male chronic alcoholics, 22799
naloxone, cognitive function, Alzheimer's patients, 31542
need for expanded public policy to encourage schools & agencies & industry & military to provide programs to teach cognitive skills, adolescents, literature review, 6298
need for rating scale for assessment of cognitive function in multiple sclerosis, conference presentation, 23269
neuropsychological assessment of cognitive function, elderly, 9884
neuropsychological deficits & childhood hyperkinesis &/or minimal brain dysfunction, 25–59 yr old primary & secondary alcoholics, 22812
neuropsychological rehabilitation program, cognitive & emotional functioning, 18–44 yr old closed head injury patients, 21115
nutritional & health care & educational treatment program, cognitive ability, chronically deprived preschool age children, 10078
overview of Vineland Adaptive Behavior Scales & Kaufman Assessment Battery for Children & PPVT-R measurement of adaptive behavior & cognitive functioning in pediatrics, 27048
parent vs teacher assessment of intellectual & behavioral functions, maltreated children with mean age of 11 yrs, 17645
parental intelligence & home environment, rate of communicative development, infants, comparison with adoption study, 16872
parental perception of vs actual cognitive abilities, 4 mo to 9 yr olds with cerebral palsy, 4389
perceived cognitive competence, subjective standards & expectancies & internal-external motivation orientation & classroom achievement behavior, academically competent 5th graders, 15848
performance on E. Weigl's sorting test vs Raven's Progressive Matrices vs color-figure matching test, left hemisphere damaged patients with Broca's vs Wernicke's aphasia, 31127
peripheral & autonomic neuronal damage, cognitive impairments, 30–50 yr old chronic hospitalized alcoholics, 25629
photograph &/vs scenario design &/vs editing in filmmaking courses, improvement in cognitive skills, 5th graders, Israel, 10740
physical maturation rate, cognitive abilities, 3rd grade females vs 5th grade males, 2-yr longitudinal study, 30481
Pigetian & psychometric assessments of personality & memory correlates of intellectual functioning, 17–23 & 37–43 & 61–80 yr old college students, 22319
po vs iv administration of diazepam, memory & cognition & mood & psychomotor performance, 18–30 yr olds, 24835
power & speed components, letter matching & word reading tests, female 15–20 yr olds, support for J. B. Carroll's formula for prediction of standardized test scores, 6691
predictive validity of cognitive skill tests, academic success, 23–55 yr old postbaccalaureate females in engineering training program, 8144
prenatal hormones, gender identity & sex role behavior & sexual orientation & cognitive ability, 5958
program guide for senior health care centers, development & redevelopment of motor skills & cognitive functioning, aged, 26374
prostacyclin vs placebo, postoperative cognitive deficits, open heart surgery patients, 4804

psychic status & cognitive processes & attitudes toward work & social adaptation during remission, epileptic patients, 4478
psychological complications, recovery from head trauma, 12376
P300 component of event-related auditory EP & dementia rating scale, evaluation of cognitive dysfunction in multiple sclerosis, conference presentation, 23046
relationship of interviewing behaviors to scores on aptitude & achievement & intelligence measures, taxonomic problems in classification of social & cognitive abilities, medical students, 30845
religious symbols worn by examiner, performance on WISC—R, Catholic 5th–7th graders, 16988
review of drug therapies, Alzheimer's type senile dementia, 15293
scholastic ability & success & intelligence, 16–17 yr old students, 18624
Scholastic Aptitude clusters vs Broad Cognitive Ability Cluster of Woodcock-Johnson Psycho-Educational Battery, evaluation of aptitude-achievement discrepancies, comments on paper by J. A. Cummings & E. M. Moscato, 5427
semiology of intelligence disorders, 30881
shifting aptitude at cognitive & motor levels, 41–71 yr old patients with Parkinson's disease, 20496
short term program of cognitive stimulation tasks, cognitive ability, 4–5 yr old preschool students, 5212
social cognition & sex & age & IQ & social class & competence, 4th–7th graders, 16889
standardized mental status examination vs nursing assessment techniques, identification of cognitive impairment, elderly patients, 28574
subtest scatter on Tests of Cognitive Ability for Woodcock-Johnson Psycho-Educational Battery, 1st–12th graders, 13198
sustained work tasks administered by minicomputer, physical & cognitive task performance, US Marines, 21626
temperament & behavioral factors & intellectual ability & time on task, mathematics achievement, 2nd & 4th graders, Israel, 32067
temporal lobectomy for relief of focal seizures, cognitive functioning, adults with left vs right seizures, 26255
temporal stability of Woodcock-Johnson Tests of Cognitive Ability, learning disabled 2nd–5th graders, 23880
terminal decline of intellectual functioning, aged, 30471
test of C. Spearman's hypothesis regarding ethnic test performance correlations with factor loadings, Americans of Japanese vs Chinese vs European ancestry, Hawaii, 28100
traditional vs experimental curricula & classroom activities & teaching styles, reading achievement & related cognitive & linguistic abilities, 1st & 2nd graders, 29191
twin situation vs environment, similarity for abilities, mono-vs dizygotic twins, 16601
underdiagnosis of cognitive impairment, 17–86 yr olds hospitalized in rehabilitation hospital with physical disorders, 12837
use of cognitive impairment model in assessment of intellectual functioning & personality characteristics, 30–40 yr old Vietnam veterans, Australia, 20176
use of cultural relativism to study folk & psychologists' conceptions of cognitive competence in cross cultural psychology, 27902
utility of WAIS subtests as predictors of performance on Halstead-Reitan Neuropsychological Battery, psychiatric & brain dysfunctional patients, 24273
validity of cognitive & achievement test batteries vs single measures, diagnosis of learning disabilities, 3rd graders, 32193
validity of H. C. Mahan's method of assessing intellectual impairment, left vs right hemisphere vs diffuse brain damaged, 19070
validity of higher-order ability constructs in structure-of-intellect tests with semantic content & operations of cognition or evaluation, high school students, 27025
values & cognitive vs emotional elements in environmental decision making & relation between self & nature, male vs female 12 yr olds, Finland, 27753
verbal vs performance IQs, homosexual vs heterosexual males vs females, 17279
visual-discrimination paradigm, assessment of perceptual-cognitive abilities, neurologically impaired 26 mo old male with quadriplegia, 14903
WAIS assessment of intellectual function, 20–61 yr old patients, multiple sclerosis, conference presentation, 22999
work of R. B. Cattell in development of intelligence tests, measurement of relationship between heredity & cognitive abilities, 131

Cognitive Behavior Therapy [See Cognitive Therapy]

Cognitive Complexity
attitudes toward sexual expression & sex role attitudes & occupation & religion & politics, identity status & cognitive complexity, male college students, 3737
cognitive complexity & consistency in making interpersonal judgments, 19–57 yr old thought disordered schizophrenics vs 18–59 yr old nonschizophrenic psychiatric outpatients, 4200
cognitive complexity & social interactional patterns & development of ego identity, male college students with mean age of 22.1 yrs, 4084
cognitive complexity, listening comprehension, college students, 6185
cognitive coordinate systems & strategies for spatial tasks, college students with low vs high spatial ability, 19255
cognitive role-taking status & channel of communication & age, production of oral vs written persuasive messages, 1st vs 3rd vs 5th graders, 27799
computer-based algorithm, simulation of human ratings of Paragraph Completion Method as measure of cognitive complexity & socialization, 70
conceptual level, identification of giftedness, high school students, 13145
counselor-offered metaphors & cognitive complexity, perception of counselor empathy & regard & expertness & attractiveness & trustworthiness, college student clients, 15185
hemisphere dominance & cognitive complexity, nonverbal sensitivity, college students, 261
level of schema development, generalizability to meaningful social stimuli, college students, support for B. Hayes-Roth's theory of structure & development of social schemata, 19272
positive vs negative vs mixed occupational information & vocational decision status, cognitive complexity, college students, 5294
psychological differentiation, phenomenon of pain, implications for nursing, 12348
relationship between innovativeness & cognitive complexity, college students, 17372
review of theory behind cloze procedure & cognitive complexity test & relation among advertisement recall & enjoyment & prediction of verbal structure, college students, 18908
sex & college major & other factors, cognitive complexity, college students, 30861
sex role consistent vs inconsistent information, person perceptions, complex vs noncomplex vs androgynous vs sex typed college females, 20047
similarity of cognitive complexity, marital satisfaction, married couples, 25300
terminal drop hypothesis, decline in integrative complexity in yrs prior to death, examination of selected published correspondence of eminent individuals, 11772

Cognitive Contiguity
examination of molar theories of conditioning, 5832

Cognitive Development [See Also Intellectual Development, Language Development, Perceptual Development]
ability to construct 3-dimensional models from diagrams, 6 vs 8 vs 10 vs 12 yr olds, England vs Nigeria, 22347
ability to understand sincere vs deceptive vs sarcastic remarks, 6 vs 9 vs 13 yr olds vs college students, 9169
absence of father, psychosocial & cognitive development, children in single parent families, Philippines, comments on N. Johnson's view, 19760
absence of father, psychosocial & cognitive development, children in single parent families, Philippines, 19769
acculturation, cognitive development, urban & rural 7–12 yr olds, Philippines, 19791
acquisition of number conservation & possible role of counting, 6 yr olds, replication of G. S. Halford & T. J. Fullerton's experiment, 11750
aesthetic awareness & creativity & cognitive development, writing, children, 3571
affective & cognitive-motivational development, abused/neglected & perinatal-risk infants, 9106

age & cognitive development & structured inductive vs semideductive content inquiry, science achievement, 6.2–11.3 yr old elementary school students, 21365
age & intelligence, creativity, preschoolers with mean age of 4.1 yrs, 9114
age & sex differences, logical reasoning in proportion & probability & correlation tasks, 8th vs 10th vs 12th graders, 25161
age at time of noncompound skull fracture, behavioral & cognitive functioning & personality/temperament, monozygotic twin with fracture occurring between 12 & 36 mo vs 36 & 48 mo of age vs uninjured twin, 2–5 yr followup, 14957
age vs social-cognitive development, comforting skill, 1st–12th graders, 16857
algebraic structures & crystallographic representation of Piagetian logical operations, 27754
"Alice in Wonderland" & teaching with examples, adolescents, 5229
analysis of work of N. Galifret-Granjon, symbolic representation & ideo-motor processes, 13470
animacy/inanimacy of actors & patients & training sessions, comprehension of semantic relations & generalization to different animacy/ inanimacy patterns, 2 yr olds, 19804
application of majority rule in group decision making, 8 vs 10 vs 12 vs 14 yr olds, 3593
approaches to research in cognitive development, 22328
art therapy in preschool through senior high school, cognitive & emotional development, children with special needs, 31329
assessment of mother-infant interactions & neonatal medical complications, mental development, premature infants, longitudinal study, 16911
assimilation & accommodation & closed aspects of mind in works of Freud & Piaget, reply to comments by J. R. Morss, 16867
associative vs cognitive mode of identification & classification of drawings, 3 vs 4 vs 5 yr olds, 27779
attachment & object permanence comprehension measured in, naturalistic setting 341–380 day olds, 13982
attention to quantitative & configural properties of abstract visual patterns, 2nd vs 4th vs 6th graders vs college students, 9209
attentiveness & vocal excitability & irritability & activity in infancy, IQ & reading ability & reflection-impulsivity, 10 yr olds, longitudinal study, 9195
attribution of second-order beliefs, 5–10 yr olds, 25133
basic level of categorization & early conceptual development, criticism of B. Tversky & K. Hemenway's article, 8549
biological & behavioral & cognitive indices, development of capacity & content of attention, adolescents, literature review, 3633
birth status & early mother-child interaction, cognitive & social ability, 3 yr olds, longitudinal study, 6225
birth stress & intellectual ability, development of hand preference, children studied at birth & 2 & 4 & 7.5 yrs, 22290
carbohydrate intake & hair trace elements & EEG measures, reading ability, 5–16 yr olds, implications for development of causal model of ecological factors influencing child development & reading ability, 25154
Catholic school education, cognitive development & ability, high school students, 13026
change in scores on Griffiths Mental Development Scales, infants under 2 yrs, 1950 vs 1980, 29747
changes in memory demands, memory performance, 30 vs 40 mo olds, 14087
classic pendulum problem in study of formal operations, criticism of Inhelder & Piaget's terminology, 19874
classical Genevan procedure for testing liquid quantity conservation as inherently artifactual, college students, Ghana, 24453
clinical model based on cognitive developmental stages of social perspective-taking by R. Enright & S. Deist, enhancement of adolescent ego identity, college students, 14151
cognition & cognitive development, mathematical ability, 14022
cognitive & behavioral development, infants born to methadone-maintained mothers, 2-yr longitudinal study, literature review, 26386
cognitive & developmental & personality & social policy issues, TV, children & their families, 30393
cognitive & perceptual & personal-social development, 3 yr olds who were born prematurely, 859
cognitive & social development, infants & preschool age children with parent with bipolar illness, 22796
cognitive ability & formal operational thought, reading comprehension & ability, 11–14 yr olds, 6316
cognitive ability, accuracy of self efficacy prediction, preoperational vs concrete vs formal operational thinkers with mean ages of 7.2 vs 10.1 vs 15.2 yrs, 14049
cognitive capacities involved in speech processing, neonates & infants, conference presentation, 25123
cognitive development & acquisition of words encoding success/failure, 15–21 mo olds, 9186
cognitive development & career retraining, older adults, 10930
cognitive development & cognitive readiness for school, 1–7 yr olds, 6-yr longitudinal study, 30441
cognitive development & conceptualizations of health & illness & understanding of their disability, 6–13 yr olds with spina bifida, 25815
cognitive development & emotional excitability, behavioral development in early childhood, infants, 19785
cognitive development & evolution of concept of "sleeper effects", children, implications for early intervention, 27764
cognitive development & IQ, attitudes toward suicide, female vs male gifted vs nongifted 9th vs 12th graders vs college students, 25235
cognitive development & locus of control as predictors of understanding of safety & prevention, 33–73 mo olds & their parents, 25085
cognitive development & logical reasoning, 4–7 yr olds, 30461
cognitive development as processes of spontaneous expertise, 917
cognitive development, children, 9143
cognitive development, exacerbation & etiology of chronic disabilities, adolescents, conference presentation, 30878
cognitive development in understanding concept of time intervals, children, 14032
cognitive development, organic vs nonorganic failure-to-thrive infants, 3-yr longitudinal study, 4113
cognitive development, understanding own feeling, 4–5 yr olds vs 8–9 yr olds, 9090
cognitive development, 0–6 yr olds, Mexico, 6336
cognitive functioning & early experiences, competence & persistence at mastery tasks, 13 mo olds, 6334
cognitive level, syntactical maturity, middle SES 10th graders from suburban & rural areas, 937
cognitive levels matching program, understanding of cognitive development of students, teachers, 18533
cognitive maps & search strategies in large-scale environments, 3.3–6.6 yr olds, 9145
cognitive stage, matching of pitch, kindergartners vs 4th graders, 16916
cognitive strategies for rationalizing patterns of change in scientific research & children's thought, 5526
cognitive style & conceptual matching abilities, preschool vs primary school students, 9215
cognitive style & lifestyle variables, prediction of individual differences in pattern & rate of decline of intellectual functioning, Ss assessed at middle & old age, longitudinal study, 14097
combinatorial structure, double reversibility in formal thought, 10–16 yr olds, 11716
comprehension of proximity reference, 4–7 yr olds, 3628
comprehension of relational terms "more" & "less" & "same" in conservation & seriation tasks, 54.2 vs 62.6 vs 68.6 mo olds, 27777
comprehension of relationships between speed & duration & distance, 1st–5th graders, 14009
computational model, stages of object constancy development, infants, 24159
conception of sources of memory development, 16921
concepts of assimilation & accommodation & closed aspects of mind in work of Freud & Piaget, comments on article by H. Furth, 16884
concepts of causality & logical structures, task for assessment of chance, 25–60 yr old formal operational female members of spiritual community, 22331
concrete & formal operational thought & field dependence & locus of control & interpersonal relations & academic achievement & SES, junior high school students, 11689

concrete operational reasoning strategies, nonconserving preschool & kindergarten children, 16944
consistency of performance on field dependence, college students vs school children, Nigeria, 16938
construction & validation of group test of formal operational logic in content area of environmental science, 13–18 yr old science students, 21512
construction of human object representation through integration of psychoanalytic theory & Piagetian concepts & attachment literature, infants in 1st yr of life, 14065
cooperative vs competitive vs individualistic learning experiences, socialization & cognitive & social development & achievement & attitudes, children & adolescents, 10716
correlation between temperament & home environment & cognitive functioning, infants, 12-mo longitudinal study, 9125
creation of preconventional cultural meanings in life-world structure vs adult world view, children, 30413
cross cultural differences in parent-child interactional styles & cognitive capacities, individual differences in language acquisition, children, implications for language-delayed children, 926
cultural factors, psychic development, discussion of D. W. Winnicott's criticism of Freud's work, 14085
cultural influences on early 20th century research conducted at Iowa Child Welfare Research Station, cultural & environmental influences & intellectual development, children, 27766
decentering & classification ability, reading ability, male 2nd graders, 16951
decoding, reading acquisition, 16978
defining zone of proximal development, effective treatment planning, children, 5005
definition & development of emotions & relation to cognitive development, 6271
degree of concordance for growth spurts & mental development, 3–6 mo old mono- vs dizygotic twins, 6-yr longitudinal study, 16603
development of analogical problem solving skill, nursery school students vs kindergartners vs 1st vs 5th–6th graders, 14046
development of causality, infants, conference presentation, 11673
development of cognition & social perspective & moral judgment & development of helping behavior, 10–11 yr olds, 30366
development of Concepts in Secondary School Mathematics & Science test, assessment of generalized arithmetic comprehension, 13–15 yr olds, 8415
development of conservation & mathematics achievement, learning disabled 9–12 yr olds with mathematics deficiencies, 26643
development of counting & early number knowledge, literature review, 27765
development of counting, 2.6–6 yr old nursery school & kindergarten students, 23773
development of formal thought at beginning vs end of science course, high school students, Papua New Guinea, 8001
development of gender constancy, number conservation, 7.5–8 yr olds, 17016
development of irreversibility & nonfunctionality & universality components of death concept, 2–20 yr olds, literature review, 9235
development of logical thinking & verbal ability to justify transitive inferences, middle- vs lower-class children, Brazil vs England, 948
development of memory & habit formation assessed in matching-to-sample & discrimination learning tasks, infant monkeys, 21909
development of memory strategies, children, educational implications, 16934
development of pragmatic negation, female from birth to 24 mo of age, 16948
development of reversible operations on balance scale task, preschool students vs 2nd vs 5th vs 8th graders vs college students, 3669
development of rule structures on balance-scale & inclined-plane tasks, 1st–6th graders, 19806
development of sentence understanding, 2.5–6 yr olds, Hungary, 30450
development of seriation & conservation & classification, kindergartners & 1st–2nd graders, 1-yr longitudinal study, 22323
development of seriation & correspondence & transitivity task performance, kindergartners & 1st–6th graders, 22324
development of skills for selectively using conflicting sources of information about object location, 9 vs 16 mo olds, 22350
development of time-sequence cognition, 4–7 yr olds, 14036
developmental changes in event-related cortical potentials, 11–18 yr olds, conference presentation, 19810
dialectic exchange in social adaptation & cognitive & ethical development, 13993
differentiation in human cognitive development in work of T. G. Bower, 30457
discussion of Freud's observations of primary & secondary process cognition from Piagetian perspective, 8301
divergent thinking, 9–17 yr olds, Hong Kong vs US, 3642
dogmatism & empathy & nonverbal behavior of fathers, cognitive development, 12–13 yr old sons, 27811
drawings of person under Draw-A-Person Test, fluctuations in IQ, female assessed between 4.6–10 yrs of age, longitudinal study, 19028
dynamic testing procedures, scores on Coloured Progressive Matrices Test, 8–9 yr olds, 16309
early educational intervention program & individual differences, cognitive development, 4 yr olds identified before birth as at risk for developmental retardation, longitudinal study, 10822
early mother-child interaction, cognitive development, 11 & 12 yr olds, Japan vs US, followup study, 25106
ecological approach to infant knowing, reply to criticism by F. D. Horowitz, 11738
emphasis on form vs function during 1st experience with toy, categorization, 2 yr olds, 9167
encoding processes & development of face recognition, 4–16 yr olds, examination of S. Carey's theory, 30432
environmental noise, academic performance & cognitive development & hearing & health, children & teachers, literature review, 31950
evaluation of potential effectiveness of cues for remembering or relocating hidden objects, kindergartners through 3rd graders, 25072
extreme deprivation in early childhood, cognitive & emotional & social development & prognosis, children, literature review, 6721
factor analytic study of items to measure forethought development, 3–14 yr olds, 3664
familiar vs novel vs significant object, object permanence, infants aged 7 mo 9 days to 7 mo 26 days, 9238
family environment, psychosocial & cognitive development, educable mentally retarded children, 6964
family size & sibling age spacing, intelligence test scores, 6th graders vs older siblings tested in 6th grade, 9115
fantasy vs realistic vs contractual passages, syllogistic reasoning, 6th vs 12th graders, 30469
father absence, cognitive development, children, literature review, 9229
field dependence & operational development, male vs female 3rd graders, 30410
field dependence, cognitive task performance, 5.5–6.5 vs 7.5–8.5 yr olds, implications for distinction between cognitive style & cognitive development, 30435
field dependence/independence & development of operational thinking, 3640
form & content of TV, cognitive processes, implications for pluralistic society, 913
formal reasoning capability, balancing chemical equations, 20–41 yr old college students, 29285
formation of scientific world outlook & personality correlates, adolescents, Czechoslovakia, 27886
forms of assessment for linguistic & mental ability & development, deaf children, 29475
framework for analysis of coordinated action system development, literature review, 13652
free classification & construction of graphic vs nongraphic collections, 3 vs 5 vs 7 yr olds, 951
full-day/alternate day vs half-day/every day kindergarten program & IQ & age & sex, cognitive & language development, 50–71 mo olds, 21295
fuzzy-trace theory of transitivity development, solution of thinking & reasoning problems, kindergartners & 1st & 2nd graders, 11721
gender concepts & cognitive maturity, 3–6 yr olds, 848

general event representation & relationship between general & specific memories, 4.8–5.5 yr olds, 9177
generation & use of cueing strategies in spatial memory task, 3.2–9.8 yr olds, 25163
global magnitude & saturation, object comparisons in classification tasks, 3 vs 4 vs 5 yr olds, 25151
heart period patterns at 40 wks conceptual age, developmental outcome at 8 & 12 mo, premature vs term infants with vs without medical complications during postnatal period, 16939
home advisory service, mental development, Down's syndrome children during 1st yrs of life, 10422
hyperammonemic coma, brain damage & cognitive function, 12–74 mo olds with inborn errors of urea synthesis, 9980
image formation ability, thinking & learning, 16961
imitation & emergence of symbols & cognitive & communication, infants, discussion of theories of Guillaume & Wallon & Bates & Piaget, 27771
immediate vs deferred imitation, 14 vs 24 mo olds, 16971
impairment of social cognition, 7–10 yr olds with minimal cerebral dysfunction, 7056
importance of cognitive development, instructional design, 15732
increase of number of objects, classification & inclusion skills, 3.5–9.8 yr olds, 30425
individual differences in responsiveness to visual novelty as predictive of individual differences in intelligence later in life, infants, theoretical implications, 6292
infant care patterns, cognitive performance, 4.6–5.1 yr olds in subsistence-level horticultural community, Kenya, longitudinal study, 16973
inference task with vs without contradiction training & cognitive style, generalization of training to conditional reasoning task, 8th vs 10th vs 12th grade males, 30467
information processing load of task, synchronic development of concrete operational structures, children, 11769
inner speech & role of logic of dialog, development of creative thinking, 346
intellectual development, battered children with mean age of 8.9 yrs, 5.5-yr followup, 6936
intellectual giftedness, performance in Piagetian stages, 10–16 yr olds, 27762
intentional & social aspects of concept learning, children, 11678
intentionality of perception in development, infants, 22308
interaction & cooperation with age mate & interaction with mother, 8–32 mo old twins vs familiar peers & their mothers, longitudinal study, 16574
interface between cognitive development & everyday problem solving, adults, 27763
interitem association & automaticity, development of organization in free recall, 3rd vs 5th vs 7th vs 9th graders vs adults, 25076
invariable vs variable factors, development of thought, 21689
knowledge of animate being vs inanimate objects, 3 vs 4 vs 5 vs 7 vs 9 yr olds vs college students, 9171
language, cognitive development, intellectually & sensorially handicapped children, 10019
learning computer programing, cognitive ability & educational enhancement, children, comments on paper by R. D. Pea & D. M. Kurland, 21362
learning computer programing, cognitive ability development, comments on article by R. D. Pea & D. M. Kurland, 21357
learning computer programing, cognitive style vs metacognitive ability vs cognitive development vs ability to describe directions, 1st graders, 15733
learning computer programing, development of general higher mental functions, students, 21356
learning experiences, development of concept of evaporation, 5 vs 7 vs 9 yr olds, 19796
level of cognitive development, comprehension of complex sentences, 1st vs 4th vs 7th graders, 19788
level of communication with adults & peers, change in cognitive activity, preschoolers, 14039
lexical development & relational word use, 12 mo olds observed from stage 5–6 of object permanence development, 9240
logical reasoning & memory & personality, 17–23 vs 37–43 vs 61–80 yr old college students, 3585
Logo "turtle graphics", problem solving & learning strategies, children, 29189
long term stability or variability in individual reading achievement, 6th graders, development & educational implications, 10744
manifestations of learning disabilities in adolescence, 15–17 yr old special vocational school students vs regular grade 10 & 11 students, educational placement implications, 9865
mastery motivation & cognitive functioning, children at 1 & 3.5 yrs of age, longitudinal study, 14047
maternal childrearing practices, child's cognitive development, middle or upper SES urban mothers & their 5 yr olds, Philippines, 19865
maternal psychiatric illness, cognitive & socioemotional development, infants & young children, 20245
maturation & class structures, cognitive level & linguistic performance, 1st vs 8th graders vs younger vs older children not in school, Brazil, 22277
memory & free recall capabilities, cooperative vs competitive vs individualistic social values, 3–10 yr olds, 13994
merger of development psychology & cognitive science, study of educational uses of information technology, comments on article by R. D. Pea & D. M. Kurland, 21359
metacognition skills, implications for school curriculum, 3090
metamemorial development, study time & behavior in looking vs recognition vs reading readiness tasks, mentally retarded children with mental ages of 6 vs 10 yrs, 22898
metaphonological skills of sound blending & segmentation, reading & spelling, 1st graders & dyslexic elementary school students, 15901
model of preoperational cognitive functioning in terms of Piaget's theory of role of invariants in learning, children, 27768
modeling of thinking aloud & use of cues to stimulate self questioning during planning monologs & direct strategy instruction, 2-way reflective process in written composition, 6th graders, 14096
mother child interaction & home environment & demographic variables & maternal attitudes, development of causal models for classroom & achievement test performance, Mexican American 7–9 yr olds, 27789
naming strategies & description of object purpose & agents involved in their use, 3–6 yr olds, implications for cognitive & language development, 14070
need for expanded public policy to encourage schools & agencies & industry & military to provide programs to teach cognitive skills, adolescents, literature review, 6298
neo-Piagetian models of cognitive development, 6274
neurobehavioral effects of retrolental fibroplasia, cognitive development & intellectual functioning, literature review, 4509
noninstitutional rehabilitation program, cognitive & verbal & functional performance, 15–41 yr olds with Down's syndrome, 10500
nonmaternal care, maternal attachment & intellectual development & social emotional behavior, preschool children, literature review, 6236
object & age & cultural/social background, reasoning of aliveness & animism, 5–9 yr old northern Unitarians vs southern Baptists, 25148
object & personal knowledge & processes of equilibration in cognition, adults, extension of Piaget's subject-object equilibrium model, 16959
object permanence, animals at various zoological levels, 5850
observation of cognitive-linguistic deficits & passivity & inhibition in early developmental stages, at-risk infants at 9 vs 12 vs 18 vs 24 mo, implications for earlier recognition of handicaps, 17424
parents' labeling of objects during communication with child, acquisition of category hierarchies, 2–4 yr olds, 22309
performance of WISC subtests & Raven Progressive Matrices, 8–13 yr old mono-vs dizygotic twin kibbutz school children, 16591
performance on Boehm Test of Basic Concepts, educable mentally retarded with mean age of 9.5 yrs, implications for psychoeducational assessment, 2587
phonological & morphemic & visual impairments, reading development, 11–25 yr olds with developmental dyslexia, 14866
photograph &/vs scenario design &/vs editing in filmmaking courses, improvement in cognitive skills, 5th graders, Israel, 10740

physiological & cognitive developmental aspects of normal event-related brain potentials, literature review, conference presentation, 19485
Piagetian developmental level, clustering in free recall of pictures, 64–75 mo olds, 25094
Piagetian task performance & cognitive growth & sex, 1st graders, 1-yr longitudinal study, 17001
Piagetian tasks, cognitive development, male vs female 16.3–16.8 vs 16.8–17.3 yr olds, 6289
Piaget's & alternative theories of object concept development, infants, literature review, 6324
plasticity of human development, physically handicapped children, 9906
precausal thinking, literature review, 22340
predictors & sources of individual differences in reading acquisition, Ss during kindergarten & 1st grade, Australia, 15817
prenatal & postnatal maternal & child caloric supplement intake social & emotional & cognitive development, chronically malnourished 6–8 yr olds, 7008
prenatal sex hormones, gender identity & sex role behavior & sexual orientation & cognitive ability, 27330
pretraining knowledge level or development, learning logical operations & number skills, 3.9–4.9 yr olds, 25084
prevalence & cognitive & neurological & motor & speech & family characteristics, general reading backwardness or reading retardation, 9 yr old males, 6-yr followup, 25760
problem-solving activities & cognitive development, young children, 27772
process of learning hierarchy of levels of concepts using conjunction of features of objects & abstractions, 16475
production of definitions for common nouns, kindergartners vs 1st vs 4th graders, implications for theory of definition, 19870
psychodynamics & age & parallels with emotional & perceptual development & ethnic status, development of ethnic attitudes, children, literature review, 3570
psychomotor vs cognitive vs linguistic development & family environment, reading & writing readiness, 4 vs 5 vs 6 vs 7 yr olds from city vs small town vs village, 19799
purposes of "little people" & role of imagery in cognitive development, children, conference presentation, 30463
questions about real & apparent properties vs identities of objects, errors of phenomenism vs intellectual realism, 3–4 yr olds, 9239
Raven Coloured Progressive Matrices as measure of Piaget's cognitive developmental stages, 201
reasoning/remembering dependencies in short term memory, kindergartners & 2nd graders, 30417
reformulation of metaphor as habitual organization of action & fantasy & language behaviors that follow developmental principles, children, implications for personality development, 28650
rehearsal frequency & set size & short- & long-term memory recall, 7 yr olds, 2-yr longitudinal study, 30446
relationships between subtests of Conceptual Systems Test & Piagetian measures, 17–55 yr old college & graduate students, 8377
research on cognitive development, sub-Saharan Africa, 950
respiratory distress syndrome with vs without intraventricular hemorrhage vs bronchopulmonary dysplasia vs hydrocephalus, intellectual outcome, premature infants assessed at 6 & 12 & 24 mo of age, 4472
responses to different types of questions, low vs middle SES 3.5–5.2 yr olds, 27773
review of recent studies of cognitive development, United States, 14068
role of affective information in social-cognitive development, discrimination of moral vs conventional events, 1st & 3rd graders, 25027
role of cognitive deficits in pathogenesis of autism, children, conference presentation, 30985
role of cognitive manipulation processes in serial ordering, 3–5 yr olds, 30475
role of mathematics & science instruction vs development, reasoning skill, 6th vs 8th vs 10th vs 12th graders, 7910
role of memory & strategies, solution of length-transitivity task, 4 vs 5 yr olds, 27785
rule guided vs stimulus driven judgments of liquid inequality, 3.3–3.9 vs 4–4.5 vs 4.6–5.2 yr olds, 22335
rules used for interpretation of "big" & "little", 3.2–6.2 yr olds, 14088
rules used for time quantification, 6.5–7.5 vs 9.5–10.5 vs 12.5–13.5 yr olds, 14067
S sex & science teaching strategy, development of logical thinking, elementary school students, 29182
self esteem & overcompensation & nondefensiveness & structure & self discipline in social & educational development, learning disabled children, 25726
semantic knowledge, class inclusion task performance, 5.5–6.7 yr old students, Japan, 19862
sentence variation task, development of concept of truth-functional negation, English-speaking 3–6 yr olds vs Korean-speaking 4–5 yr olds, 25108
seriation training, kindergartners, 22322
SES & conservation training, performance on Piagetian conservation tasks, 4–6 yr olds, 910
SES & severity of parental psychopathology, cognitive & emotional functioning, children of mothers with vs without psychiatric disturbances followed from birth to 4 yrs of age, longitudinal study, 20337
SES & work experience, development of economic concepts, male 7–9 vs 11–13 yr olds, Egypt, 3676
sex & cognitive development, locus of control, college students, 28112
sex typing, life adjustment & self defensiveness & dogmatism & creativity & formal & concrete operational thought, junior high school students, Taiwan, 11816
short term program of cognitive stimulation tasks, cognitive ability, 4–5 yr old preschool students, 5212
simultaneous vs successive information integration & performance on Piagetian tasks, male & female 4.9–9.1 yr olds vs male preschoolers vs 2nd vs 5th graders, Canada vs India, 30459
simultaneous/successive synthesis & concrete operational thought, 7–9 yr olds, 30424
single vs repeated massed vs spaced presentation of pictorial stimuli, free recall performance, 4–7 yr olds, 6329
social & environmental deprivation, growth & development deficits, 3–6 yr olds, US vs Guatemala, 25146
social interaction as causal factor, cognitive development, children, 3578
social interaction in classroom, development of cognitive processes, elementary school teachers & students, 29224
solemnity clinical risk index for iron deficiency, mental development, 9–12 mo old infants, 17752
spatial concept development, understanding of spatial prepositions, preoperational 2–7 yr olds, 9249
spatial perception & coordination, 5–11 yr olds, replication of Piaget & B. Inhelder's 3-mountain task study, 9225
specific articulation disorders & mental retardation, 7.6–15 yr olds, 7000
speech & cognitive & psychosocial development, 13–34 mo olds, 6243
stage of cognitive development, choice of strategy in Piagetian spatial decentering task, 8–9 vs 12–13 yr olds, 893
stage of cognitive development, memory & search for hidden objects, 8–12 mo olds, 897
stage-related patterns of early cognitive development, mentally retarded vs at-risk 4–42 mo olds, 6977
stages & individual differences in cognitive development, literature review, 16936
stimulus complexity & intervals, visual fixation, 4 mo olds, implications for 2-process theory, 25071
strategic interaction & recursive thinking, comprehension of TV commercials, kindergartners vs 3rd vs 6th graders vs college students, 935
strategies for matching instruction to students' cognitive levels, teachers, 18555
subject-object division in language acquisition & ego development, 9130
tactile & auditory & visual stimulation & interpersonal communication for 5 min per day, mental & psychomotor development, orphanage-raised 4–13.6 mo olds, 6-mo followup, 7659
task encoding load, development of seriation & ordinal correspondence & cardination tasks, kindergartners & 1st graders, Netherlands, 14054

task requirements, attribution of life to inanimate objects, 4–11 yr olds, 9224
taxonomic organization, free vs cued recall of 2 & 4 category lists, 2nd vs 6th graders, 19819
teaching method of L. F. Obuchova, performance on conservation & seriation tests, kindergartners, 22325
teaching of reading & Piagetian theory of cognitive development, 14089
temperament & test taking & cognitive development, preterm vs full term infants, 11704
temperament, responsiveness to environment & cognitive-intellectual development, 6 mo olds, 30399
theoretical explanations for "sleeper effects" in development, implications for early intervention, 6286
theoretical framework based on cognitive development, social studies curriculum, 15771
theoretical principles & research strategies for cognitive development & social interaction, infants, 26942
theories & research on sequential changes in intellectual functioning during adolescence & adulthood, longitudinal studies, literature review, 898
theories of cognitive development, infants, literature review, 6282
theories of nature-nurture in early mental development & individual differences, 27787
theory of J. Piaget, cross cultural study of intelligence, children, Africa, 27767
therapeutic insight & Piaget's stages of cognitive development, implications for artificial intelligence & information processing, 15186
thinking flexibility in verbal & nonverbal answers & cognitive development levels, preschool children, 25122
training in logical foundations vs number skills, development of logical operations & number, middle-class preschool children with mean age of 4.5 yrs, 9165
transformation from concrete to abstract & abstract to concrete thought, 4–7 yr olds, 6306
transformation of coordinate system in spatial representation, 6–10 yr olds, 25104
transparent occlusion of object, Piagetian Stage IV error, 258–299 day olds, 27758
understanding & use of Euclidean spatial relationships, 4–6 yr olds, 25152
understanding of economics & development of complex cognitive structures, 7–17 yr olds, Israel, 925
understanding of sentences describing familiar vs impossible vs possible but unfamiliar events, 4–8 yr olds, 899
understanding of spatial points of view, correct comprehension & production of I/you pronouns, 2 yr olds, 9205
understanding vs reproduction of order of meaningful sequences, 20 vs 24 vs 28 vs 36 mo olds, 25129
use of different cues & strategies in area matching, 4–5 yr olds, 11767
use of Hollingshead's SES indices & interrelationships among contemporary SES indices & cognitive development, 12–42 mo olds, 24232
use of matching vs objective rules, intentionality judgment of action outcomes, 2.8–12.2 yr olds, 14105
validity of CA & standardized algebra prognosis test & standardized scales of verbal & quantitative abilities & measure of Piagetian cognitive development, prediction of success in algebra, 9th–10th graders, 13172
validity of developmental scale for seriation, kindergartners & 1st–2nd graders, 27020
variation in operational development, children, implications for analytical research, 3649
visit of Black Santa, beliefs about race of "real" Santa, Black vs White 49–73 mo olds, support for cognitive developmental theory, 6263
vocabulary test performance, 17–23 vs 67–83 & 19–24 vs 35–52 vs 60–75 yr old college students, 30462
word order awareness, reading readiness, 1st graders vs 5–7 yr olds, 9156
X chromosome abnormalities & cognitive development, children, implications for understanding normal human development, 25950

Cognitive Discrimination

abstract vs concrete word recognition in dichotic listening paradigm, right handed 18–45 yr olds, 8817
age, performance on tachistoscopically presented verbal & nonverbal matching tasks, 25–80 yr olds, 8812
age, stimulus comparison judgments made from memory vs with standard stimulus present & use of specific details vs global perceptual information, preschoolers vs college students, 22336
alphabetic letter identification confusions, human Ss, test of template overlap vs geometric features vs Fourier transformation models, 19252
association & similarity ratings for concepts of familial & occupational relationships, adults, implications for A. Tversky's contrast model, 374
conceptual vs visual similarity of peripherally-presented pictorial information, perceptual integration of pictures during saccade, college students, 16415
consistent stimulus-response mapping in visual search tasks, analysis of central capacity limits, college students, test of visual information processing model, 27145
cross-comparison of simultaneously presented bilateral visual stimuli, commissurotomized patients, 8799
difficulty level of word discrimination counting task, hemispheric asymmetries in P3 potentials, right handed males, conference presentation, 19434
error types in picture naming as diagnostic tool, aphasic 30–82 yr olds, 20537
evaluation of presupposed & asserted information & pictorial encoding & referential continuity of presupposed information, referential verification of sentence-picture association, college students, 27146
experimental factors, RT & accuracy on memory scanning & lexical decision & choice tasks, 21874
geometrically transformed words & consequent slower reading speed, Stroop inference effects, college students, 19249
lateral asymmetries in lexical decision making, college students, 16614
letter pair case, letter-name matching, experimental replication, implications for 2-code hypothesis of matching, 348
level of perceptual & cognitive decisions about visually presented words, EP waveforms, Ss with mean age of 29.6 yrs, 11468
lexical access speed during code-switching vs monolingual speech modes, 20–35 yr old bilingual Portuguese-English vs monolingual English speakers, 24451
lexical priming, contextual effects in word naming & recognition, college students, 24506
linguistic processing task using mathematical equation stimuli, contingent negative variation & slow positive cortical potentials, 21–40 yr olds, conference presentation, 19472
memory & stimulus processing difficulty & distortions of common images vs images comprised of unusual components, differences in processing stimuli & image comparisons, college students, 24464
model of cognitive appraisal dimensions to differentiate emotional experience, college students, 19287
multiletter comparison with simultaneous vs sequential presentation, same-different judgment time, college students, 5784
numbers & letters presented to left vs right visual field, naming of stimuli, forebrain commissurotomized patients, 8800
oddball stimulus evaluation time, event-related P300 & its latency, college students, 8865
order & orientation of letters & word vs nonword, RT in identification of target letter & classification of trigrams, college students, 5769
perceptual conjunction errors, illusory conjunctions, college students, 13689
performance on E. Weigl's sorting test vs Raven's Progressive Matrices vs color-figure matching test, left hemisphere damaged patients with Broca's vs Wernicke's aphasia, 31127
phonological ambiguity, naming of words, 3rd & 5th grade beginning readers learned in Roman & Cyrillic alphabets, Yugoslavia, 25088
pre-experimental semantic relations vs newly-learned episodic associations, speed & accuracy of discriminations of memory recency, 27144

preference for color vs form in discrimination task, 25–80 yr old left- vs right-brain-damaged aphasics, 1677
presentation of letter pairs to left vs right visual field, development of differences in latencies of "same"/"different" letter judgment, college students, 16661
presentation of peripherally vs centrally masked words to right vs left visual field, recognition, 18–25 vs 62–77 yr olds, 25081
presentation of same object in various perspectives & states vs different objects with varying degrees of conceptual relatedness, determination of equivalency, college students & 28–60 yr olds, 5782
recognition time of meaningful photic stimuli, spatiotemporal correlations of brain potentials, humans, 3296
repetition of priming stimulus & word frequency attenuation, lexical decision tasks performance, college students, 24459
retinal location of letter presentation & perceptual load, sensitivity of functional field of view in cognitive-visual perceptual task, 27127
sex differences & response mode, asymmetry of lexical decisions with visual half field stimulation, 19–35 yr olds, 8789
single word vs pairs, semantic priming without association in word naming & lexical decision tasks, college students, 24995
speed of verification of statements containing property vs category information, college students, implications for semantic memory, 24461
successive vs individual presentation formats using F. Grosjean paradigm, spoken word recognition processes, 8481
tachistoscopic presentation of characters embedded in word vs nonword vs character vs pseudocharacter context, perception of Chinese characters, 11318
tachistoscopic presentation, recognition of words varying in imagery vs part of speech vs frequency, 18–30 yr old right vs left handed college students, 29809
transient vs sustained presentation of word & nonword contexts, identification of embedded target letter, college students, 21845
verification of truth or falsehood of self referential statements, late negativity in event-related EPs & long term memory strength, college students, 24644
visual field, letter pair "same" vs "different" RT discrimination judgments, criticism of visual comparison model of S. Bagnara et al, 19517
visual field, letter pair "same" vs "different" RT discrimination judgments, reply to J. Sergent's criticism, 19436
visual search for letters with digit background vs search for digits with letter background, role of conceptual- vs physical-level differences in category effect, college students, 19207
word frequency & repetition & stimulus intensity, discrimination between word vs nonword letter strings, college students, 19214
word recognition under normal vs reversed vs inverted orientation, 9–11 yr old mentally retarded vs normal readers, 4371
words presented to right vs left visual field, semantic priming effects, high school & college students, 22039
words vs pronounceable nonwords in usual horizontal vs unusual formats & word length, left vs right visual hemifield performance in word naming, 19535

Cognitive Dissonance
boomerang effects following persuasive communication & discrepancy, opinion change, male college students, Japan, 20124
choices, post-decision regret & dissonance-reduction behavior, 5–8 yr olds, 11730
concepts of "idiosyncracy credit" & cognitive dissonance & credibility induction, practice of clinical psychology, 18478
discrepant feedback on values & behaviors of peers & superiors, value change, US Army infantry officers, 12032
manifestation of cognitive dissonance & psychological reactance in decision making situation, 10–12 yr olds, 6227
passage of time & reversibility of decision, attractiveness of alternative, 15–19 yr olds, implications for dissonance theory, 30434
simple vs difficult task in presence of friendly vs rude experimenter, effort justification, college students, 22592
stereotyped sex role behavior as maladaptive & androgyny as preferred mode of being, reference to theories of cognitive dissonance & consistency, 17255
text structure & cognitive consistency, attitude change & recall of information, college students, support for cognitive dissonance theory, 21850

Cognitive Functioning [See Cognitive Ability]

Cognitive Generalization
magical vs explicit & realistic explanations of remote occurrence, logical reasoning & generalization, 5 yr olds, 14057
specific experience of weaving vs schooling, generalizability of cognitive skills, 16–75 yr old Navajo females, 27155

Cognitive Hypothesis Testing
attribute coding training & separability & compatibility of attributes, logical rule learning & transfer, 10th graders, 22330
biopsychosocial hypotheses, management of family practice patients, 23411
cognitive self instruction strategy vs clinical hypothesis knowledge instruction, internal dialog & quality of clinical hypothesis formulation, counselor trainees, 18459
expectations concerning target person's personality, number of questions asked of unknown person, college students, reexamination of G. R. Semin & F. Strack's & M. Snyder & W. B. Swann's studies, 30826
externalization of mental models, syllogistic reasoning & memory for premises, college students, 19259
group vs individual hypothesis testing task, role of social combination & sequential transition & instructions in performance, college students, 20078
hypothesis testing approaches, processes of arrival at explanation, college students, 20115
information feedback, control of observing response during visual discrimination learning, kindergartners vs 2nd vs 5th graders vs college students, implications for cognitive hypothesis testing, 19872
information-gathering strategies, hypothesis testing of anothers' personality, female college students, 13675
instructional strategies, formulation & evaluation of hypotheses concerning reading text, readers, 29208
kinds of questions formulated, testing hypothesis about another's personality, college students, 14529
memory for intratrial events in concept formation, college students, support for frequency theory over hypothesis-testing models, 11380
target search task, cognitive hypothesis testing & information seeking, college students, 11297
unawareness of problem structure & rule existence, rule determination in probabilistic vs disjunctive rule learning task, 18–27 yr olds, 29909
use of morphophonemic & morphographemic spelling rules, learning disabled 37 yr old male with severe reading & spelling difficulties, 17664
verbal rules, learning & problem solving, adults, 13693

Cognitive Maps
age, verbal vs location memory for urban landmarks, 26–45 vs 60–80 yr olds, 14031
central processing of locational information during locomotion in acquisition of cognitive maps of large scale environment, high school & college students, 300
cognitive maps & search strategies in large-scale environments, 3.3–6.6 yr olds, 9145
deprived vs enriched environment following adult vs neonatal hemidecortication, acquisition of spatial mapping task, rats, 27540
direct distance estimation in large & complex environment, 1st vs 4th yr college students, 11321
dorsal hippocampal lesions, reference & working memory, male rats, 27523
familiarity with campus, spatial information acquisition, college students, 21858
fimbria-fornix lesions, cognitive mapping vs spatial working memory, male rats, evaluation of 2 theories of hippocampal function, 3394
general event representation & relationship between general & specific memories, 4.8–5.5 yr olds, 9177
individual difference vs cognitive representational approach, analysis of pointing & mapping tasks as measure of representations of large-scale environment, college students, 5768

map boundary type & recall delay, spatial memory of cities & states, college students, 27177
map vs direct learning of routes, methods of storage of spatial information, college students, 24504
mental map of club & stone transport for cracking nuts of various hardness levels, wild chimpanzees, 24567
mental rotation of contour-mapped landforms, map-practiced vs untrained college students, 3071
orientation of cognitive maps, college students, 3084
pathway-grid configuration & landmark placement & stress from noise, environmental cognition, 16–36 yr olds, 32337
performance in environment vs a perspective-taking task in laboratory, configurational knowledge of their university campus, male vs female college freshmen vs upperclassmen, 11328
problem solving performance using 3 table-problem apparatus, acquisition of cognitive maps, male rats, 8623
recognition priming & distance estimation, mental representation of knowledge acquired from maps, college students, 24466
schema expectancy & item saliency, memory for items in room, college students, 408
semantic mapping vs verbal readiness instruction, reading comprehension & recall of concepts, 2nd–8th grade reading disabled students, 26668
sequential property in route knowledge & utilization of other reference frames, judgment of camera direction of real-world scenes, college students, 24369
sex differences, cognitive maps of college campus, college students, 8548
slide presentation vs videotape vs walking with guide, route learning, kindergartners vs 2nd graders, 3625
spatial knowledge, blind female tested from 2.6–4.5 yrs of age, 17762
spatial mapping, place navigation in water, rats, 11428
spatial perception & coordination, 5–11 yr olds, replication of Piaget & B. Inhelder's 3-mountain task study, 9225
theme shifts in orally presented passages, schema shifts & comprehension, 3rd grade good vs poor readers, 7996
theory of mobility, nonvisual stimuli & cognitive control processes in visual guidance, blind vs sighted, 20614
unified coherent mental representation of problem, reasoning, 17–48 yr old college students, 24477

Cognitive Mediation

age & attention to & verbal labeling of target & nontarget stimuli, question asking in referential communication, 5 vs 8 yr old dyads, 6318
announcement of planned research on cognitive variables affecting social anxiety, facilitation vs inhibition of social interaction, physically disabled vs able bodied college students, 28428
cognitive mediational paradigm, counseling, 7628
concepts of willingness & prospective intention & retrospective evaluation, reply to criticism of W. A. Davis, 26905
high vs low person focus testimony presentation, cognitive processing & verdicts & memory for inconsistent information, mock jurors, 30812
intentionality of perception in development, infants, 22308
interval & associability level, change in verbal mediators generated for CVC pairs, college students, 5788
learning grammatically structured or unstructured & color coded or black strings of letters, verbal reports of causal roles of stimuli in learning, college students, implications for accuracy of introspection, 27171
magnitude production vs magnitude estimation vs comparison judgments & feedback, measurement of numerosity perception & role of cognitive vs perceptual factors, college students, 19177
mediating cognitive processes, choice of interaction partner & activity, college students, 13676
mediational sentences, paired associate learning of picture list, mentally retarded children, 12302
melody duration & cognitive vs structural vs affective vs associative processing style, affective responses, college students, implications for noncognitive mediation theory, 27089
plan for high- vs low-calorie dinner, eating patterns, college student chronic dieters vs unrestrained eaters, 5693
positioning task with vs without verbal label, motor short term memory, college students, 406
role of neural & optical vs cognitive strategy mechanisms, formation of Mueller-Lyer illusion, college students, 8480
verbal mediation in number concept attainment, mentally retarded children, 22901
verbal mediation of impulsive responses, kindergarten students & 1st graders, 11722
visual mask size & stimulus onset delay, eye movement control during reading & role of direct control & preprogramming, college students, 19211

Cognitive Processes [See Also Abstraction, Anagram Problem Solving, Associative Processes, Choice Behavior, Classification (Cognitive Process), Cognitive Contiguity, Cognitive Discrimination, Cognitive Generalization, Cognitive Maps, Cognitive Mediation, Concentration, Concept Formation, Connotations, Contextual Associations, Decision Making, Divergent Thinking, Group Decision Making, Group Problem Solving, Ideation, Imagination, Inductive Deductive Reasoning, Inference, Intuition, Logical Thinking, Management Decision Making, Problem Solving, Reasoning, Thinking]

abstract vs concrete nouns, lateralized memory search rate, right-handed male college students, 369
acoustic vs semantic similarity of words, repetition avoidance in sequential response production, college students, 6201
acquisition of plans vs syntax, cognitive compiling in language, 4.3–6.2 yr olds, 22317
action- & state-oriented cognitions during success vs failure, solution strategies & performance in figure discrimination task, college students, 27140
adult vs peer presence, social cognitive aspects of play behavior, 3 & 4 yr old preschool students, 10788
advancement through hierarchical instruction, changes in cognitive correlates of learning, US Navy trainees who had completed computer-managed course, 8179
advertising noise, cognitive workloads, comments on article by A. G. Woodside & G. B. Glenesk, 29585
advertising noise, cognitive workloads & brand choice, reply to comments by J. M. Hunt & E. H. Bonfield, 29597
age & depression, intellectual & mental efficiency, 49–86 yr old males, 20319
age & methylphenidate dosage & practice, EEG & RT & event-related brain potentials in visual detection task, hyperactive 88–150 mo olds, conference presentation, 20911
age dymamic model of information processing task latency, reply to M. Witten's comments, 29917
age dynamic model of information processing task latency, comments on V. Greene's hypothesis, 29941
age-related change in sensory processing, well-being in later life, implications for assessment & intervention & help seeking behavior, 11711
aging, cognitive processes & intelligence, 955
alternatives to computational view of mind, comments on P. A. Kolers & W. E. Smythe's article, 8535
ambiguity of recognition memory tests, assessment of function & consequences of schemata for information processing, 27151
amitriptyline vs imipramine, cognitive functioning, 5.5–16 yr old depressed patients, 26217
amount of space separating letters, eye fixation duration during search task, adults, implications for control of eye movements during reading by information processing, 21863
analysis of mindlessness in compliance with confederate request, reply to comments by V. S. Folkes, 20116
analysis of traditional decision making theories, 16440
anticipatory processing during transcription typing, skilled vs unskilled 18–43 yr old touch typists, 21871
application of composite holographic associative recall model to issues in cognitive processing & memory, 13697
application of information processing approach to Freudian psychoanalysis, 7217
artificial intelligence, behaviorism vs information-processing models of psychology, 16159
assertiveness & cognitive processing in heterosexual interpersonal situations, female college students, 25409
assessment of cognitive changes, 51–74 yr old patients with transient global amnesia, conference presentation, 20542
assessment of processing demands in series of orienting tasks, college students, 27147

assumptions underlying research on learning & memory, 19278
attention & understanding & cognitive processes & affect during mathematics instruction, 5th graders, 23785
attentional effort & cognitive strategies, processing of temporal information, literature review, conference presentation, 3082
auditory EPs with meaningful Japanese nouns vs nonsense syllables vs tone pips, hemispheric asymmetry in language processing, Japanese 23–26 yr olds, 5993
auditory stimuli, event-related potentials & RT, 12 yr olds with Down's syndrome, 14859
availability heuristic & retrieval processes & interference, predictive judgments about uncertain events, graduate students, 24462
bilingual performance requiring alternation of languages & language switching mechanisms, French-English speaking college students, 30330
biofunctional model, distributed mental content & mental structures & awareness & attention, 11324
biological basis of mind, 24635
bupropion vs alprazolam, cognitive processing & learning ability, children with attention deficit or conduct vs anxiety disorders, conference presentation, 31498
categorization & metaphoric processing, male vs female 19–34 vs 64–83 yr olds, 14058
central processing of locational information during locomotion in acquisition of cognitive maps of large scale environment, high school & college students, 300
cerebral asymmetry in cognitive processing, implications for Kaufman Assessment Battery for Children, 11472
cerebral laterality, auditory processing of prose, college students, 5973
chlorpromazine vs trifluoperazine vs caffeine, performance on operant conditioning & cognitive task, male albino rats, 3457
choice RT task, mental representation of movement sequences, college students, test of motor-program editor model vs hierarchical decisions model of motor control, 16402
cholinergic drugs, human information processing, literature review, 20945
classical conditioning task, evoked brain potentials & P300 amplitude & variability, autistic children, implications for role of perceptual inconstancy & psychotic thought, conference presentation, 20305
clinical vs psychometric evaluation of intellectual state, 33–81 yr olds with Parkinson's disease, 31221
cognitive & liver function, alcoholic inpatients with mean age of 38.3 yrs, 6904
cognitive approach to communicative behavior, 29916
cognitive aspects of environmental stress, 14607
cognitive asymmetry, manual vs vocal RTs for visual Kana letter processing tasks, college students, conference presentation, 603
cognitive asymmetry, visual Kana letter processing, criticism of T. Toshima's article, conference presentation, 549
cognitive asymmetry, visual Kana letter processing, reply to M. B. Bryden & D. Besner's criticism, conference presentation, 602
cognitive bias & illusory correlations, college students, 8542
cognitive contents & logic & motivation in inferences derived from epistemic models of attribution theory, reply to M. Effler, 29626
cognitive distortion, depression, college students, Hong Kong, 14651
cognitive explanation of communication, 3074
cognitive factors, athletic performance, 21526
cognitive functioning & disordered thinking & drive-dominated thinking, acutely hospitalized patients with paranoid vs nonparanoid schizophrenia, 1-yr followup, 17506
cognitive impairment in effort-demanding & automatic processing dimensions, Parkinson's disease patients with mean age of 65.5 yrs, 7143
cognitive impairment prior to resistant depression, 48 yr old male attorney with multiple sclerosis, 31275
cognitive models of intelligence & creativity, 15669
cognitive motor activity operations during keyboard task, heart rate, high- vs low-anxiety 18–55 yr olds, 644
cognitive performance under different water & land conditions, 21–33 yr old divers, 19594
cognitive process models of mental arithmetic, 16452
cognitive processes & associationism, learning, animals, 13765
cognitive processes & language & memory & emotions, schizoid vs autistic vs normal children, 6879
cognitive processes & language awareness & reading, 2nd vs 4th graders, 7973
cognitive processes & metaphor interpretation, 8545
cognitive processes & technology & artificial intelligence, 8370
cognitive processes in multiplication & division of fractions, 6th & 8th & 10th graders, implications for teaching objectives, 26569
cognitive processes in solving physics problems, students & physicists, 16438
cognitive processes involved in difficulties in solving Tower of Hanoi problem, college students, 29923
cognitive processing of frequency information, Spanish-English bilingual college students, 11646
cognitive processing of word meaning & sentence comprehension, college students, 5761
cognitive processing task, components of EPs, human Ss, conference presentation, 622
cognitive psychology-based guidelines for video display design, cognitive integration of data across successive screens, computer display system users, 13357
cognitive rhythms in speech, criticism of M. J. Power, 24454
cognitive rhythms in speech, reply to G. W. Beattie's criticism, 24470
cognitive schemata levels & organization & operation, self instruction, 15767
cognitive set, message processing, implications of prose memory research on rumor theory, 27164
cognitive strategies, probability judgments of cumulated risk over different exposure times, college students, 29938
cognitive structures & processes & behavior modification & role of affect, 15268
cognitive structures & processes & schemata, psychodiagnosis & treatment, clinicians, implications for research, 15093
cognitive task performance, ocular accommodation & perceived size, 18–30 yr olds, implications for aircraft pilots, 16411
cognitive task performance, P300 & visual EPs, Huntington's chorea patients & Ss genetically at risk, conference presentation, 20545
colored surroundings, affective processes, adolescents, support for R. B. Zajonc's assumption, 27800
combination of schools & methods & change in psychotherapy, 28644
communicative theories of cognitive processing, teaching reading in foreign language, 29251
comparison of processing time measures, assessment of mental processes during reading, college students, 26917
component process theory of emotion, 3123
component skills approach to building theory of cognitive organization & integrating reading research, 27761
computational & alternative approaches to symbol manipulation, reply to comments by D. A. Allport & L. R. Brooks, 8546
computational approach to symbol manipulation, comments on P. A. Kolers & W. E. Smythe's article, 8538
computationalism & symbol manipulation, 8547
computer analysis of cognitive function, alcoholics, 28286
computer applications, testing cerebral asymmetry & timing of central processes, normal adults, 24169
computer metaphors of human information processing, 26948
concept of schema in cognitive psychology, 29939
conceptual & perceptual processing, reading rotated passages, college students, 8544
conceptually acceptable cognitive theory, criticism of T. Herrmann's article, 377
conceptually acceptable cognitive theory, reply to T. B. Seiler's criticism, 361
connectionist theories of neural basis & short-term information processing, 19248
construction & evaluation of cognitive dysfunction questionnaire, epileptic 6–13 yr olds, educational implications, 11118
construction of synthetic index of mental activity within stimulation demand conception, 8552
construction of text representation in semantic memory, 353
context & realistic disjunctive statements, reasoning, college students, 24467

context, word recognition, hospitalized schizophrenic patients with mean age of 55.8 yrs, 14663
contextual influences & differing processing strategies, facial memory, college students, 29945
controllable vs uncontrollable reason for use of copying machine 1st, compliance with request & role of verbal behavior as cognitive vs automatic, criticism & partial replication of study by E. J. Langer et al, 20109
convolution analysis of RT distribution, analysis of cognitive processes & differential behavior of analysis parameters in different tasks, college students, 24150
critical path network theory & additive factor method & mathematical model, duration & organization of cognitive processes during task performance, conference presentation, 3088
cross cultural differences in language acquisition & processing of simple sentences & lexical structure, children, literature review, 6300
cues in processing cleft sentences, 5–8 yr olds, 22353
cultural-historical theory of higher vs lower psychological processes of L. S. Vygotsky, 16457
data- vs concept-driven processing, development of correct percepts of consonants & vowels, normal Ss, Korea, 11327
declarative knowledge & reflexive access to current memory states & flexible control of cognitive processes, text comprehension & retention, elementary school students, 29276
declarative vs procedural knowledge, philosophy & artificial intelligence & cognitive & social psychology, 8550
decoding, reading acquisition, 16978
definitional & interpretational issues surrounding negative components of event-related cortical potentials in relation to cognitive processes, conference presentation, 19512
deictic vs nondeictic interpretations of "in front of" & "behind" in fronted object tasks, 6 & 8 & 10 yr olds & young adults, 30422
deprivation of REM sleep, right hemisphere processing & performance on cognitive/perceptual tasks, 17–38 yr old right handed males, 30148
depth of information processing, mental representation & retention of problem solving & recall tasks, female secondary school students, 11761
depth of processing & lexical access of mono- & polymorphemic words, college students, 5793
desirability of self rating on trait, prediction of information processing during perception of others, college students, 12022
desmethylimipramine, cognitive functioning, 20–25 yr old college students, 13903
development & procedures & theory of probe EP method, assessment of regional cerebral activation during cognitive processing, literature review, 24166
development of Alzheimer's Disease Assessment Scale, rating of severity of cognitive & behavioral dysfunction, 55–73 yr olds with Alzheimer's disease, 8430
development of conceptual framework using cognitive & instructional science interpretations of human information processing & acquisition of cognitive competence, counseling practice, 28900
diazepam dosages, psychomotor & cognitive functions & mood, 18–30 yr olds, 6126
dichotic presentation of spoken digits, recall & event-related potentials, right handed college students, implications for differential mobilization of brain hemispheres, 8835
differential cognitive hemispheric activation, bilateral electrodermal activity, 17–44 yr old right handed males, 556
distortion of information in favor of tentative decision, action- vs state-oriented college students, 5765
distractor words, intralingual vs interlingual interference in automatic processing of word meaning, French-English bilingual elementary & junior high school students, 16945
divided attention during performance of simultaneous visual search tasks, slowing of processing stages, college students, 5791
early life experiences, composites of strategic behavior to address problematic & cognitive aspects of daily grocery shopping tasks, mildly & borderline mentally retarded adults, 31089
EEG parameters, prediction of working capacity, 19–24 yr old operators participating in psychophysiological tests after physical exertion, 30130
efficiency of visual information processing & associated event-related potentials, 9–13.5 yr old schizophrenics, 1480
electrical fields, mental performance & feelings of well-being, soldiers, 30170
electrodermal responses to tones & bimanual cognitive processing times, cerebral hemispheric asymmetries under hypnosis, 18–22 yr old medical students & 45–62 yr old cardiac patients & 35–55 yr olds, 29970
electrophysiological evidence for involvement of prefrontal cortex neurons in short term memory & anticipatory set, behaving primates, 27351
elicitation & instruction tasks, study of relationship between language acquisition & cognitive processing development, 4–9 yr olds, literature review, 949
encephalotropic & psychotropic properties of vinconate, 54–77 yr olds, 16800
encoding of prototypical events, acquisition of grammatical forms, children, conference presentation, 14106
epistemological legitimacy of ascribing mentalistic states to animals & machines, comments on article by M. Boden & A. Sloman & J. Margolis, 16224
error detection protocols in statistical problem solving, college students, 27138
ethological approach to instrumental & expressive use of nonverbal communication, implications for role of cognitive processes, 29903
evolutionary model of information processing, humans, 5771
excretion of adrenaline vs noradrenaline in urine, discrimination of involvement in physical vs mental test, 21–29 yr old males, 13832
executive activity during toy construction task, educable mentally retarded adults, 25721
experiment design problems in use of cortical event-related potentials to study neural organization of development & cognition & motivation, conference presentation, 19467
experimental analysis of behavior, methodology & comparison with cognitive psychology & aspects of radical behaviorism & contributions of B. F. Skinner in study of cognitive processes, 29629
explicit counting, duration discrimination, conference presentation, 3023
eye movement analysis system, identification of cognitive processes on figural tasks, applications to Embedded Figures Test & Hidden Figures Test, 2846
eye movements & response time in information processing & job performance, video display operators, Japan, 32252
familiarity of letter strings, interference with visual word recognition, college students, implications for specialized mechanisms in cognitive processes, 5766
finger tapping with vs without solving of block design problems, lateralized processing of block design solutions, right handed college students, 8803
flurazepam vs temazepam doses, subjective assessment of sleep quality & subsequent performance, 19–31 yr olds, 27666
formal model of macro- and microprocess representation, extraction & summarization of text information & meaning, 16446
frame based knowledge of mathematics, 18 yr old calculus students, 16463
functional descriptions vs biological causal accounts of psychological processes, 13396
generation of random vs unpredictable digit strings, college students, 356
generative text processing strategies, recall & retention of textual material, college students, 29921
gravitationally-defined vertical & mental rotation & discrimination between left & right turns in maps, 29824
haloperidol & fluphenazine decanoate treatment, information processing, acute vs stabilized schizophrenic patients, 23336
heart valve replacement surgery, postoperative psychic behavior, patients, 12692
hemispheric asymmetry, global vs analytic information processing, college students, 16609
hemisphericity, literature review, 8753
high- vs low-SES, processing of stimuli presented to right vs left visual field, 5th & 7th graders, 9246
high vs average vs low student performance, wait-time in developing answers vs revisions to answers in classroom solicitation, high school foreign language students, 29293
high vs low idealism & high vs low relativism, information integration during moral judgment, college students, 30844

high vs low noise, consumer information processing of magazine advertisement, college students, 13394
high vs low person focus testimony presentation, cognitive processing & verdicts & memory for inconsistent information, mock jurors, 30812
higher nervous activity, psychiatric patients, 20215
human experimentation on rationality & concepts of probability, reply to comments by D. Kahneman & A. Tversky, 29908
hypobaric hypoxia, psychic acti /ity, 11535
identification of problem space, prediction of decision making responses, college students, 13683
image vs frame rotation & experimental conditions, choice of strategy in mental rotation tasks, college students, 11330
individual & group differences in reaction time of elementary cognitive processes, Black vs White male vocational college students & college students, 20167
individual differences & processing components in mental imagery ability, 17–48 yr olds, 29922
individual differences in cognitive processing, episodic memory & incidental learning, mentally retarded, 17687
individual differences in cognitive synthesis & role of attentional reserve, 5.4–6.8 yr olds, 6276
information processing & attentional functioning & prediction of disease course & outcome, schizophrenia, literature review, 1447
information processing abilities, adult reared-apart monozygotic & dizygotic twin pairs or triplets, 21995
information processing account of use of analogs in innovation process, engineering managers & contractors, 23987
information processing analysis of depression, 14684
information processing aspects of spatial skills, 13 yr old technical school students, 19866
information processing deficits, event-related potentials, 19–39 yr old schizophrenics, conference presentation, 1405
information processing load of task, synchronic development of concrete operational structures, children, 11769
information processing model of animal timing behavior, effect of unbalanced stimulus probabilities & predictive cue on CR temporal criterion & response rule, rats, implications for human information processing, conference presentation, 3183
information processing models, prediction of leadership & social power perceptions, college students, 22606
information processing theory & subtests & scores & scales & interpretation & applications of Kaufman Assessment Battery for Children, 11146
information processing theory & validity of Kaufman Assessment Battery for Children, measurement of intelligence, 11189
information processing theory of attention, 13725
information processing theory, teaching practices, learning disabled 6–16 yr old students vs normal 6–12 yr old students, 2539
integration of affect & cognition in behavior, comments on article by L. Greenberg & J. Safran, 15152
integration of affect & cognition in therapeutic change, comments on theory of S. Rachman, 15128
integration of experimental cognitive information processing theory & psychometric intellectual abilities tradition in cognitive impairment model, 20197
intellectual deficits & rate of recovery & personality or occupational change, 16–58 yr olds with minimal to mild closed head injuries without neurological signs, 4497
intellectual efficiency & impairment of functions, 23–60 yr old inpatients with alcoholism, 31025
intelligence & impulsiveness & free-floating anxiety & stimulus occurrence guessing task, event-related brain potentials, college students, conference presentation, 19449
intelligence, cognitive control, psychopaths & normal prisoners with mean age of 29 yrs, 6950
intensive design methods, analysis of individual differences in text processing, 57 & 65 yr old proficient readers, 27153
inter-individual correlation in elementary information processing, organisms, 3086
internal representation of linguistic information, Hindi-English bilingual college & graduate students, India, 16455
interpretation of restructuring & related concept of insight in information processing terms, 16470
introductions with rhetorical questions vs statements & high vs low issue involvement, processing of message content & thoughts & attitudes, college students, 11317
knowledge of sequential vs parallel mental activities, synthesis of partial orders in critical path networks using transitive orientation algorithm, implications for RT data analysis, 21811
level of expertise, abstract vs concrete task representations during problem solving, college students, 11314
levels of frontalis tension, discrimination & RT task performance, headache sufferers, 25883
limitations in influence of cognitive processes on perceptual processes as indicated by stimulus probability effects, 16447
long term diazepam & meprobamate abuse, cognitive & memory & motor function deficits, 53 yr old male, 1509
loprazolam vs triazolam, impairment in manual dexterity & card sorting, 43–62 yr old poor sleepers, 7463
meaning errors in syntactic text processing, 16–55 yr old schizophrenics, 25548
memory processes, reading disabled children, literature review, 25738
mental operations associated with Block Design subtest of WAIS, children with cerebral palsy, 12400
mental rotation imitative of physical rotation of objects, adults, 11320
mental rotation of contour-mapped landforms, map-practiced vs untrained college students, 3071
metacognitive & cognitive & affective processes & skills, development of intrinsic motivational skills training program in education, 29219
metacognitive training, reading comprehension, 8th grade male, implications for classroom instruction, 7916
methodology for generation of set of cognitive & psycholinguistic operations & structures, 2809
minicomputer-administered tasks in study of effects of sustained work periods & fatigue, physical & cognitive task performance, Marine Corps personnel, conference presentation, 94
mode of testing & speed of information processing & complexity & intelligence & creativity, 25–35 vs 45–55 vs 65–75 yr old males & females, 25145
model of speech perception, memory structures & functional processes & evaluation & integration & classification of sound patterns & duration, conference presentation, 3078
modified Stroop Color-Word Test, spontaneous reading & decoding of word information & concomitant interference, aphasic patients, 31141
modular organization of prefrontal cortex, implications for physiological analysis of cognitive functions at cellular level, literature review, 27356
mood & feedback favorability, cognitive processing of feedback information, college students, 364
mood changes, cognitive & psychomotor task performance, college students, 27088
mutual contact, memory control processes, children, 9221
neural processes of information processing & storage & neurobiological basis of childhood disorders, 16613
neuropsychological assessment, inference of patterns of deficit lateralization, schizophrenics, 25569
neuropsychology & role of hippocampus in anxiety, comments on article by J. A. Gray, 30103
noise & task-induced distraction & sex differences, cognitive processes, cigarette smokers vs non-smokers, 5783
novel auditory information processing, autistic 13–21 yr olds, 17460
object & personal knowledge & processes of equilibration in cognition, adults, extension of Piaget's subject-object equilibrium model, 16959
operant factor structure of subjective communicability, function of mind in terms of interpretation & understanding, 11340
parental divorce & environmental changes, cognitive & behavior changes, psychopathology, 6–16 yr olds, 881
passive listening vs covert tone counting vs pitch discrimination, bilateral distribution of EEG O-wave, right vs left handed Ss, conference presentation, 19514
pathological cognitive disharmony syndrome, psychiatric & nosological categories, severely mentally disturbed 13–19 yr olds, conference presentation, 31096

perceptual reactance to simple vs complex stimuli, information processing & recall, female college students identified as augmenters vs reducers, 360
performance on semantic-processing & speed-of-processing tasks, examination of difficulties in reading comprehension, good vs poor comprehending 4th & 6th graders, 6297
peripheral catecholamine enzyme function & cognitive impairment, 57–96 yr old institutionalized patients & outpatients with schizophrenia, 12138
phonetic coding, oral free recall & serial reconstruction of rhyming vs nonrhyming letter sets, 42–50 vs 60–68 mo olds, 14063
phonological processing & speech comprehension, 31 yr old right handed female with left hemisphere damage & reduced auditory verbal span, 10016
planning & decision making in cognition, storage & retrieval of information, trainable mentally retarded with mean age of 14.8 yrs, 14-wk followup, 1585
playing of note vs melody, readiness cortical potential amplitude & latency, right handed female pianists, conference presentation, 19484
positive-negative asymmetry processing mechanisms in evaluative & descriptive information, 19258
positive vs negative brain potential shifts, facilitation of paired associate learning & concept identification task performance, human Ss, conference presentation, 19469
pragmatic factors, strategies used in processing & comprehension of relative sentences, college students, 5764
predictive value of Cognitive Failures Questionnaire vs Test Anxiety Scale, assessment of cognitive interference & test anxiety in group testing situation, female college students, 21522
prefrontal cortex, organization & activation of brain activity, 27396
presentation & evaluation of cognitive theories of mental representation, 16465
prior knowledge of linguistic context, time during reading processing, college students, 5790
probabilistic cognitive information processing theory, 3073
processes of acquisition of new information from texts, literature review, 380
processes of understanding & memorizing texts, 7–11 yr olds, test of cognitive story-schemata hypothesis, 905
processing of temporal information, 5–11 vs 20 vs 60 yr olds, conference presentation, 3641
processing of verbal vs pictorial descriptions of tokens, right handed aphasic vs right hemisphere brain damaged 14–25 yr olds, 22965
processing same vs different judgments vs criteria setting, RT for positive vs negative responses in 2-choice matching tasks, 19264
programing language & indentation, learning & use of nested vs branch-to-label conditional statements, college student novice programmers, implications for design of computer software, 7944
provisional model for description of cognitive processes involved in solving algebraic & more complex mathematical problems, 27142
psycholinguistic view of writing as cognitive process of translation of concepts into sentences, 27689
psychometrics & information processing research & spatial relations & visualizaton as components of spatial ability, 27120
psychopharmacological & physical effects of dimethyl heptyl pyran, animals & humans, 19719
pupillary response as indicator of activation of CNS, implication for studies of cognitive processes, 252
P3 component of EP as time marker of duration of perceptual & cognitive processes in RT task, 18–31 yr olds, 11491
P300 & negative slow-wave brain potential deficits, anhedonics, conference presentation, 20314
qualitative deficits in verification of negative sentences by pictures, alcoholics, 12244
rate of sensory motor processes vs higher order processes, college students vs aged, 30421
rational powers required by standardized high school science tests, 21492
reading familiar vs unfamiliar words, successive recoding of graphemes into phonemes, 2nd vs 3rd vs 4th grade good vs poor readers, 22345
recall & manipulation of information in working memory, college students with good vs poor writing skills, 10774
regional cerebral blood flow during coronary bypass surgery, cognitive performance, 47–67 yr old patients undergoing bypass grafting, 15370
regulatory functions of mental representations, operator training, 16040
responses to different types of questions, low vs middle SES 3.5–5.2 yr olds, 27773
rest vs mental activity with vs without incentive induced arousal, diffuse & regional cerebral blood flow, 20–67 yr olds, 30402
review of longitudinal studies on factors relating to stability of aggressive behavior, children, 25200
right vs left visual field superiority in letter recognition vs local-global processing task, volunteers with high vs low schizotypal characteristics, 28105
role of affect in human behavior & therapeutic change, reply to comments by S. Rachman & M. J. Mahoney, 15129
role of cognitive processes & prosocial development, inhibition & control of aggressive behavior in children, review of papers by S. Feshbach et al & L. D. Eron et al & G. V. Caprara, conference presentation, 25223
role of subjective probability & event relevance to task & task variables in modulation of P300 amplitude in event-related potentials, conference presentation, 19481
roles of "executive" & "destabilizer" in functioning of personality & cognition & treatment strategies for multiple personality disorder, 37 yr old female, 26006
schema-consistent vs inconsistent information, memory for behaviors, college students, replication of study by R. Hastie & P. A. Kumar, 16466
scopolamine &/vs nicotine, information processing & Stroop testing, college students, 24963
scopolamine vs methscopolamine vs nicotine, information processing performance, college students, 3529
scopolamine vs methylphenidate & age, information processing stages, 8943
scores on WAIS Picture Completion & Vocabulary & Block Designs subtests, patients with schizophrenia vs depression vs personality disorders, 1372
self perception of intellectual aging, 45–64 yr old psychologists, 9119
self report of cognitive dysfunction vs objective performance & illness chronicity, 19–59 yr old schizophrenic inpatients, 9741
semantic priming during sentence processing, adults with mean ages of 25.1 vs 68.5 yrs, 903
semantic processing, serial recall, adolescent educable mentally retarded, 25717
semantic relationship of priming word to target, RT in lexical & nonlexical decision tasks & strategic control of processing depth, 27139
semantic vs nonsemantic orientation & associative processes, levels of processing & facilitation of pronunciation & recall, college students & staff members, 3085
sensory vs cognitive information processing levels, production of asymmetries in average EP & power spectral measures of EEG, right handed 19–33 yr olds, 11499
sequential vs simultaneous information processing & speech lateralization, normal vs learning disabled 7.7–12.1 yr olds, 22892
serial position of semantically-related words, free recall of words & role of semantic processing, learning disabled 7 vs 10 vs 13 yr olds, 4363
serial somatosensory decision tasks, cortical positive event-related potentials, 22–25 yr old females, conference presentation, 19453
shift in levels or dimensions of processing, release from proactive inhibition, human Ss, 19275
simple & choice RT tasks, cognitive processing & habituation of amplitude & latency of auditory EPs, 19–40 yr old neurotic depressives, conference presentation, 20329
simple concept combination with complex prototype concepts, 27157
simultaneous analytic vs nonanalytic levels of processing, concept learning & schema abstraction, college students, 19266
simultaneous vs successive information integration & performance on Piagetian tasks, male & female 4.9–9.1 yr olds vs male preschoolers vs 2nd vs 5th graders, Canada vs India, 30459
simultaneous vs successive information-processing tasks, good vs poor 9–11 yr old 5th grade readers, 13086

simultaneous/successive synthesis & concrete operational thought, 7–9 yr olds, 30424
single channel theory & recent theoretical variations of cognitive central capacity & concurrent information processing, 27156
single-level vs 2-level hierarchical delimiters, cognitive processes in command construction & interpretation, adults, 813
size congruity, duration of mental comparison stage or other stages, college students, replication of A. Paivio's experiment, 11322
sleep & temperature & motor & cognitive performance & perception of depth of sleep, 22–44 yr old insomniacs, 17781
smoking cigarettes with varying nicotine yields, rapid information processing, male college students, 6177
space flight, mental & physical activity, 29 yr old male astronaut, 11015
specificity & meaningfulness of command names, text editing performance, comments on study by J. Grudin & P. Barnard, 13346
specificity & meaningfulness of command names, text editing performance, 21–50 yr olds, 13344
speed & accuracy of visual & phonemic & semantic recognition processes, 18–29 yr olds vs 58–79 yr olds, 6305
speed of retrieval from short term memory & processing of permanently stored semantic information, mentally retarded adults, 31092
spontaneous attribution activity, literature review, 12038
stimulus novelty & preference, visual attention & information processing, 3 mo olds, 27792
stochastic models, prediction of individual choice & map of cognitive processes, students, conference presentation, 21781
structural deficiencies, information processing, mentally retarded with mean age of 30.9 yrs & mentally retarded schizophrenics with mean age of 30.5 yrs, 4111
subjective representation of velocity in German verbs of motion, college students, 835
support for lexical hypothesis of information processing, humans, 21880
syndrome of retardation in organization of reasoning, 8–15 yr olds, conference presentation, 31085
syntactic processing & comprehension & recognition of sentences, manics vs schizoaffectives vs hebephrenic vs paranoid schizophrenics, 14675
systematic observation method, study of cognitive processes, 16275
tachistoscopic presentation of depressed- vs neutral- vs manic-content words, response latency in task performance, depressed vs nondepressed college students, implications for understanding of construct accessibility, 1396
tasks involving calculations & manipulations of spatial information & games vs reading & memory & time telling, paroxysmal EEG activity, 40 yr old female with epileptic seizures, 17823
test of additive stage process model of answering yes-no questions, college students, 5800
text complexity & action content, external information storage, human Ss, 19262
thematic structure processing procedures, discourse relations in language development, French & English speaking 4–9 yr olds, conference presentation, 14050
theory & methodology for inference of mental processes from analysis of RT data, 19157
theory & practice relationship & trends in reading process & instructional research, 26914
theory of cognitive schema of sex, acquisition of culturally specified sex role behaviors & attributes, children, 17072
theory of simultaneous & successive processes and utility of Kaufman Assessment Battery for Children, 11130
theory of transitional space, treatment of retardation of organization of reasoning, conference presentation, 31105
thinking flexibility in verbal & nonverbal answers & cognitive development levels, preschool children, 25122
time & cognitive processing & memory, comments on papers by J. A. Michon & J. L. Jackson & J. E. R. Staddon & W. A. Roberts & P. J. Kraemer & C. P. Shimp & E. G. Heinemann & D. W. Massaro & D. L. Medin, conference presentation, 3080
time for natural code switching vs unilingual speech, implications for bilingual language processing, 378
time-linked information-processing dysfunction, schizophrenic inpatients with mean age of 29 yrs, 14642
time order error & perceptual & judgmental phenomena, literature review, 11262
timing mechanisms in solo & duet musical performances, pianists, conference presentation, 3029
tofisopam, anxiety & cognitive & psychomotor performance, anxious patients with mean age of 34.3 yrs, 7460
tone vs bell vs mental arithmetic stimuli, cephalic & digital vasomotor orienting responses, 20–35 yr old college students, 30135
trait & state anxiety & cognitive behavior & mathematics performance under stress, 4th graders, 15840
transcoding of numbers from digital to alphabetic code, 20–75 yr old French speaking aphasics, 7122
treatment of retardation in organization of reasoning & pathological disharmony, 6–7 yr olds with cerebral palsy, conference presentation, 31765
two-system theory of information processing, children with autism & other psychoses, 14676
unconscious vs conscious syntactical learning, grammatical judgments, college students, 29949
unilateral decortication by means of spreading depression, parallel vs sequential information processing & motor-food conditioned reflexes, male rats, 16693
use of backward masking, assessment of visual information processing, schizophrenics with positive vs negative symptoms, 4175
use of cognitive psychological theory in cross cultural anthropological research on cognitive consequences of education, 9384
use of graphemic vs phonemic characteristics of words, good vs poor readers with mean age of 10 yrs, 14114
use of odd-event rule, RT in sum verification tasks, college students, 5785
use of psychology of human information processing in information science for correcting retrieval problems, 21531
usefulness of self report as experimental method in research on mental processes, reply to M. H. Birnbaum & S. E. Stegner, 26947
validity of depth-of-processing model, text recall in intentional vs deep vs shallow semantic orienting conditions, 17–35 vs 36–59 vs 60–82 yr olds, West Germany, 11349
validity of discrimination nets as models of access to permanent memory in simulations of human cognitive processes, 5805
validity of repertory grid technique, representations of individual cognitive structures, female students, 16361
verbal report immediately after task vs 3 days later, self report of reading-summarizing strategies, college students, 5774
verbalization, structural vs semantic processing of art, 19256
visual & auditory & biomodal event related potentials & lateral asymmetry indices, individual differences in hemispheric asymmetries & cognitive processes, right handed male US Navy recruits, 27346
visual backward masking as measure of information processing speed, patients with borderline personality vs major depressive vs schizoaffective vs manic disorder, 14735
visual information processing task, variability of contingent negative variation during interstimulus interval vs indicator of information contained in 1st vs 2nd stimulus, right handed college students, conference presentation, 19460
voice initiation times & pauses & disruptions in story continuation task, college students, 24463
vowel vs consonant presentation in printed vs script forms, lateralization of EPs, male college students, 11488
willpower & beliefs, overcoming problems, college students, implications for treatment, 31301
zopiclone, sleep & EEG & psychological test performance, 22–45 yr old males, conference presentation, 3475
zopiclone, sleep & next-day performance on digit symbol substitution test, 21–33 yr old males, conference presentation, 3495

Cognitive Psychology

analysis of cognitive sciences, 11023
behavior as constituent of conduct in psychology, implications for debate between behaviorism vs cognitivism, 8320
behavioral vs cognitive analysis, comment on articles by M. G. Wessells & S. R. Coleman & J. Moore, 8332
behaviorism & persistence of cognitive explanation, 11060
biofunctional model, distributed mental content & mental structures & awareness & attention, 11324

cognitive & conditioning theories of behavior therapy in biologically-based framework, 23276
cognitive psychology, 8279
cognitive psychology & artificial intelligence, 5779
cognitive psychology & artificial intelligence, identification of laws of logic, 2759
cognitive psychology & consciousness & information technology, 26938
cognitive psychology & T. S. Kuhn's conception of knowledge, 29913
cognitive psychology influence on mathematics education & study of 4-card selection task by P. C. Wason, 10690
cognitive psychology of religious-mystical experience & significance of phenomenal overlap with schizophrenia, literature review, 431
cognitive terminology & interpretations in behavior-analytic theory, 26899
cognitive theories of problem solving & suggestions for instruction, 23735
cognitivism as rival to Skinner's environmentalism, implications for analogy with natural selection, 8338
comments on Skinner's view of cognitive theories, reply to K. Landwehr's criticism, 8344
concept of schema in cognitive psychology, 29939
concepts of cognition & status of folk psychology, implications for A. Bandura's theory of self esteem, 29934
current social & educational climate & research & theory in cognitive psychology, intelligence testing, 29407
declarative vs procedural knowledge, philosophy & artificial intelligence & cognitive & social psychology, 8550
educational & developmental & cognitive psychology research publications that publish articles on reading, 26844
guide to norms & ratings & lists, research in cognitive psychology & memory & psycholinguistics & neuropsychology, 5558
history & scope & major components, cognitive psychology, 2764
MBASIC computer program subroutine, counterbalanced assignment of stimuli to conditions across Ss in cognitive psychology experiments using verbal materials, 29677
modularity in neuropsychology & cognitive research, 24663
new cognitive approach in social psychology, importance of perceiver vs actor, 22569
organism-environment functional relation approach, study of attention in psychology, 13726
single-case design structure, applied cognitive research, 11088
Skinner's view of cognitive theories, comment on M. G. Wessells's critique, 8317
social & political & economic influences, social learning theory as dominant approach in behavioral psychology, 11068
status of cognitive psychology based on research of M. J. White & R. Lachman & E. Tulving, 29940
status of folk psychology, criticism of W. A. Rottschaefer's study, 29919
summarization of R. M. Gagne's work on learning hierarchies & conditions of learning, 1962–80, implications for instructional psychology, 13696
theory of cognitive hedonics, 2765
use of cognitive methodology & structures, study of reading comprehension, 16219
volitional nature of action in terms of cognitive psychology theory of intention & philosophy theory of action, chimpanzees, 29989
work of J. A. Fodor on modularity in cognitive research, 24474
work on modularity concepts in cognitive psychology by J. A. Fodor, 24471

Cognitive Rehabilitation

behavior modification techniques, cognitive rehabilitation, mentally handicapped & head injured, 20852
cognitive reintegration therapy as neuropsychological treatment, cerebral integration & interaction processes, patients with cerebral lesions, 4986
costs & benefits of cognitive retraining programs, aged, 12847
efficacy of EMG biofeedback vs group psychotherapy vs cognitive retraining, stroke patients, 10062
Greenery's interdisciplinary team approach, assessment of stages of cognitive recovery & physical ability, head injured patients, 2174
group therapy in cognitive rehabilitation program, patients with head injuries, 28945
interdisciplinary cognitive rehabilitation, cognitive deficits, school age children with head injuries, 18347
memory skill practice, generalization of improvement to dissimilar memory tasks & length of treatment gains, amnesiac alcoholic patients, 31797
neuropsychological rehabilitation program, cognitive & emotional functioning, 18–44 yr old closed head injury patients, 21115
professional jargon & patient accessible records, cognitive rehabilitation staff with brain damaged clients, 15617
remediation, memory losses, elderly, literature review, 23582
team approach to home therapy in cognitive rehabilitation, head trauma outpatients, 28968

Cognitive Restructuring

behaviorally-based rehabilitation approach using relaxation & desensitization therapy & cognitive restructuring & stress management & activity scheduling, depression & anxiety, post-myocardial infarction patients with mean age of 57 yrs, 4710
cognitive restructuring & cognitive & behavioral self control & cognitive rehearsal procedures, depression, 67–80 yr old nonpatients, 18044
cognitive restructuring & exposure & vomiting prevention, 19–31 yr old females with bulimia nervosa, 23283
cognitive structures & processes & behavior modification & role of affect, 15268
cognitive structures & processes & schemata, psychodiagnosis & treatment, clinicians, implications for research, 15093
cognitive theory, restructuring of students' negative personal axioms, teachers, 29220
exposure & cognitive restructuring & homework assignments, social phobia, 23–40 yr olds, 3- & 6-mo followup, 23265
field dependence, performance with easy vs difficult anagrams constructed from "social" vs "nonsocial" words, female college students, 13677
interpretation of restructuring & related concept of insight in information processing terms, 16470
personal construct approach to group therapy, depression, depressed patients, 20828
rational behavior training, beliefs & attitudes, hostile former criminals, 10524
reframing vs self control directives, loneliness & depression & controllability, female college students, 15241
relaxation training & EMG biofeedback & cognitive restructuring & contingency management & social skills training, 36 yr old female with chronic pain, 23271
social skills training & anxiety reduction & cognitive restructuring, social performance & social anxiety & self esteem, 18–40 yr old outpatients, 2-yr followup, 12593

Cognitive Style [See Also Cognitive Complexity, Conceptual Tempo, Field Dependence, Impulsiveness]

academic achievement & cognitive skills & creativity & personality, gifted/learning disabled children, 2545
age & sex & cognitive style, visual search strategies to locate stimulus discrepancies, children with mean age of 3.1 vs 4.9, 933
analysis of learning styles, 13–16 yr old juvenile delinquents & junior high school students, 12266
associative vs cognitive mode of identification & classification of drawings, 3 vs 4 vs 5 yr olds, 27779
attentional & cognitive styles, hyperactive 1st & 2nd grade females, 7039
authoritarianism personality & cognitive style, comments on study by K. Rigby & E. E. Rump, 6684
bilateral vs unilateral ECT vs antidepressant drugs, performance on rod & frame test, depressive patients, 12453
cognitive capacity, styles of learning to add & subtract, 4–8 yr olds, 16985
cognitive competency vs preference construct of field dependence/independence, 9571
cognitive script theoretic analysis, industrial purchasing behavior, purchasing managers/directors & agents & buyers, 13386
cognitive strategic preferences in problem solving, male vs female medical students, 2242
cognitive style & ability & aptitude, visual & auditory & bimodal & brain event-related-potentials, right handed males, 24643
cognitive style & attitude toward firm growth & motivation, internalization of firm's ideals, management personnel, 16058

cognitive style & concept attainment activities & teaching method, social studies achievement, 5th graders, 15726
cognitive style & conceptual matching abilities, preschool vs primary school students, 9215
cognitive style & lifestyle variables, prediction of individual differences in pattern & rate of decline of intellectual functioning, Ss assessed at middle & old age, longitudinal study, 14097
cognitive style & performance, 12–15 yr old males vs females from different income levels, India, 25105
cognitive style & systematic desensitization vs stress inoculation training, test anxiety, female nursing students, 10240
cognitive style & task variables, assessment of reading comprehension, hearing students with mean age of 12 yrs & deaf students with mean age of 15 yrs, 15924
cognitive style, learning maximal vs minimal contrast words, kindergartners, 29266
cognitive style, political ideology & consistency of voting, US Supreme Court justices, 1964–78, 22535
cognitive style, visual inspection task performance, 18–35 yr olds, 24428
cognitive styles & learning strategies, 2437
consistency of Matching Familiar Figures Test performance, children assessed at 3 & 4 & 5 & 11 yrs of age, longitudinal study, implications for validity of test as cognitive style measure, 17046
construct validity of Learning Styles Inventory, assessment of learning styles & instructional preferences, educators & health professionals in continuing education program, 27005
cooperative learning in pairs, acquisition of knowledge & skills, college students, 10748
curriculum format, learning style & preference, 19–50 yr old occupational therapy students, 23622
definition of accuracy based on raters' cognitive schema & signal detection theory, behavioral assessment ratings, 13499
disclosure of cognitive style information & suggested learning strategies, academic achievement, college students, 5277
discovery-learning vs exposition-application teaching formats, productive learning, college students with independent vs dependent learning styles, 29260
discrimination & validity of time series design, learning achievement in earth science, 8th graders with formal vs concrete cognitive tendency, 7961
errors & response latencies on Auditory Cognitive Style Task, 1st vs 3rd graders classified as good vs poor readers, 14107
extraversion & hemispheric cognitive style & encoding of emotionality, face recognition, college students, 16664
factor analysis of Learning Styles Inventory, planning of individualized instruction, gifted 3rd–10th graders, 18692
features of cognitive style, implications for education, 15673
feedback strategies & cognitive style, performance in computer-based instruction, field dependent vs field independent college students, 13057
field dependence, cognitive task performance, 5.5–6.5 vs 7.5–8.5 yr olds, implications for distinction between cognitive style & cognitive development, 30435
field dependence, performance on Piagetian Tasks & rod & frame test, young adult vs retired elderly males, 22333
field dependence vs independence, academic achievement, male vs female 1st vs 3rd graders, 13087
field dependence/independence & development of operational thinking, 3640
field independence-dependence & reflection-impulsivity & language-optional/language-bound perception & aural discrimination, college student music majors, 29896
flexibility vs nonflexibility, sentence completion & comprehension, college students, 25480
Gestalt Completion Task & Myers-Briggs Type Indicator & visual attention & picture completion tasks, correlation with results of Group Embedded Figure Test as measure of field dependence, 9th graders, 3609
handedness, rationalistic vs intuitive style of information processing, college students, 16624
hemispheric specialization, creative & learning styles, verbally & nonverbally gifted & young children, educational implications, 10825
high speed visual search task performance, indication of attentional process & strategy defects, distractible vs not distractible hyperactive vs normoactive males, 23034
indirect suggestion, response & perceptions, susceptible vs unsusceptible college students, 19298
induction of depressed vs elated mood state, depressive cognitive style, 17–38 yr old normal vs naturally depressed females, 6729
inference task with vs without contradiction training & cognitive style, generalization of training to conditional reasoning task, 8th vs 10th vs 12th grade males, 30467
integrative & hemispheric learning styles, 10 vs 14 vs 19 yr olds, 30440
internal vs external schema orientation & learning strategy, acquisition of new computer skills, computer users, conference presentation, 389
interpersonal contact between S & experimenter & thinking styles & current concerns, task-irrelevant thought & imagery in auditory signal detection experiment, 20–39 yr olds, 20075
item & internal consistency reliability of Your Style of Learning & Thinking-Form CC, assessment of hemispheric laterality, 9–12 yr olds, 11177
item analysis & test-retest reliability of Your Style of Learning & Thinking, 18–25 yr old postgraduate students, India, 16321
learning computer programing, cognitive style vs metacognitive ability vs cognitive development vs ability to describe directions, 1st graders, 15733
learning LOGO in 3 person groups, abilities predictive of programing outcomes, 11–14 yr old junior high school students, 15819
learning style & apprehensiveness & family life & parental support & school attendance, prediction of future achievement, 5–6 yr olds, followup study, 32056
learning style preferences, 7th & 10th grade gifted students, 26647
learning styles & preferred instructional strategies, 4th–6th grade regular vs gifted students, 26576
learning styles, college physical education vs dance majors, 2453
lifespan study of classification preference, 4–70 yr olds, 14000
measures of field dependence as measures of cognitive style vs ability, 2863
mentalities & mental representations, psychoanalysis, 15142
meta-analysis, cognitive preference research & learning, students, 27807
neurolinguistic programing approach for classroom teaching, 23747
problems in use of cognitive style & brain laterality, conceptualization of intelligence, 27409
random introjection of derogatory remarks during problem solving, emotional responses & physiological arousal, 14–25 yr olds, implications for etiology of psychosomatic disorders, 13841
reflection-impulsivity & activity level & sex & personality, prediction of behavioral impulsivity, 43–79 mo olds, 14007
relationship of differences in artistic vs cognitive style, graduate art students vs faculty members, 13960
reliability & construct validity of A. A. Canfield's Learning Styles Inventory, measurement of preferences for specific learning styles in selected teaching-learning situations, nursing students, 16346
research on cognitive style & reading comprehension & instruction, 3069
search for market information & perception of market opportunities & risks, export performance & behavior of firm, marketing executives, 13392
self reference as learning style, memory, college students, 410
sex differences, cognitive styles, implications for man machine systems design, 29563
simultaneous-successive information processing, academic achievement, college students, 13084
social desirability & normative scoring, Kolb's Learning Styles Inventory, college students, 11203
teacher-student cognitive style, reading & mathematics achievement, 4th graders, 5285
teaching method with vs without feedback & cognitive style, retention & transfer of science information, 6th graders, 1-yr longitudinal study, 29250
thinking style, creativity, 9–11 yr old males vs females with gifted vs average IQs, 19822

validity of Edmonds Learning Style Identification Exercise, evaluation of relation between preference for sensory modality in learning & achievement in beginning Spanish, college students, 10847
visual sequential memory tasks, holistic vs verbal analytic cognitive strategies, 9–11 yr old dyseidetic vs dysphonetic males, 25699
Cognitive Techniques [See Also Cognitive Restructuring, Cognitive Therapy, Self Instructional Training]
alcohol education module integrated into environmental physiology course, attitudes & knowledge & alcohol drinking behavior, college students, 1-mo followup, 21294
arousal vs attention vs imagery vs self efficacy & reading as cognitive preparation, strength performance, male college students, 21539
association vs dissociation vs positive self talk strategy, endurance in round-the-track & leg lift tasks, male college students, 646
behavioral control & cognitive revolution, 20869
biased interaction technique based on D. J. Bem's self perception theory vs imaginal technique & expectancy, heterosocial anxiety, male college students, 12587
cognitive & physiological & behavioral system approach, modification of stress symptoms, 20883
cognitive intervention program, problem solving skills, hearing impaired secondary students, 10815
cognitive methods, counselor training, literature review, 18439
cognitive retrieval mnemonics vs hypnosis interview, memory performance, eyewitnesses, 22506
cognitive self instruction strategy vs clinical hypothesis knowledge instruction, internal dialog & quality of clinical hypothesis formulation, counselor trainees, 18459
content & methods of program of group lessons & activities, cognitive planning abilities & social skills, 9–16 yr old students, 29203
EMG biofeedback & coping skills training, subjective perception & muscular tension level, 20–50 yr olds with migraine & tension headaches, 4753
experimentally induced stress expectations, self-generated cognitive activities in dental treatment analog setting, female college students high vs low in self-reported dental fear, 20879
group cognitive-behavioral coping skills training, responses to dental treatment, 50–66 mo olds, 26130
group self efficacy lessons with vs without intensive training, self confidence, 17 yr olds, 10192
inference task with vs without contradiction training & cognitive style, generalization of training to conditional reasoning task, 8th vs 10th vs 12th grade males, 30467
information & nitrous oxide & tooth-pulp shock, perception of stimulus intensity & aversiveness & pain, 19–26 yr old females, 16696
mental conditioning in preparation for oral psychiatry board examination via role playing & self hypnosis & desensitization, anxiety & fear & inhibition, candidates, 10615
paradoxical intention vs rational self statement vs self observation, coping with pain in cold pressor task, college students, 11521
relationships between self efficacy & stress responses & cognitive feedback manipulation & anxiety & physiological arousal, female college students performing easy vs difficult task, 13835
response- vs stimulus-oriented imagery training, physiological arousal, 21–58 yr old phobics, 23282
self control techniques & relaxation therapy & biofeedback, reduction of stress associated with cardiovascular arousal, 28720
self questioning procedure modeled on cognitive behavior modification, sentence elaboration & recall, 5th–7th graders, replication of research by J. D. Bransford et al, 2422
seriation training, kindergartners, 22322
spaced retrieval technique, treatment of memory disorders, 29–68 yr olds, 20679
teaching method of L. F. Obuchova, performance on conservation & seriation tests, kindergartners, 22325
thought stopping, reduction of anticipatory anxiety & helplessness feelings, school age children prior to painful diagnostic or treatment intervention, 18321
training in speech skills alone vs with anxiety control skills with vs without paradoxical instructions, public speaking anxiety, college students, 20889
workshop with cognitive & phenomenological perspective, coping with stress, 21057
Cognitive Therapy
Beck cognitive therapy, reduction of intensity of depression, mildly depressed college students, 26087
behavioral vs cognitive etiology & treatment of depression, children, implications for school psychologists, 28712
behavioral vs cognitive social skills training, 18–46.5 yr old moderately mentally retarded, 23546
characteristics & treatment with cognitive behavioral group therapy with vs without behavioral instruction, bulimia, females, 10031
class vs individual tutoring vs minimal contact as psychoeducational approach, coping with depression, unipolar depressed 16–65 yr olds, 4711
clinical utility of cognitive behavior therapy, children, literature review, 12602
cognitive &/or behavioral therapy, depression, inpatient alcoholics, literature review, conference presentation, 29003
cognitive behavior modification program & 1-hr presentation on working with Type A personality, coronary prone college faculty & their support staff, 10896
cognitive-behavior modification with vs without assertion training, Type A behavior & related characteristics, college faculty, 6-mo & 1-yr followups, 31479
cognitive behavior therapy, anorexia nervosa, 17–26 yr old females, 28713
cognitive behavior therapy, depression, literature review, 10106
cognitive behavior therapy, treatment of depression, 26–61 yr old patients with multiple sclerosis, 28723
cognitive behavior therapy vs interpersonal psychotherapy vs pharmacolotherapy in NIMH collaborative research program, treatment of depression, 21–60 yr old depressed outpatients, 20648
cognitive behavioral analysis system of psychotherapy, 26–32 yr old dysthymics, 7244
cognitive-behavioral anger coping &/vs goal setting intervention, aggressive behavior & self esteem, 9–12 yr old males, 4731
cognitive behavioral approach, group psychotherapy, adolescents, 10167
cognitive behavioral interventions, children, 15253
cognitive-behavioral marital restructuring program, chronic tension headache, 21 yr old female married to enlisted Navy sailor, 23236
cognitive behavioral model of treatment, inhibited sexual desire, couples & males without partners, 12552
cognitive behavioral model, stress management problems, conference presentation, 7376
cognitive behavioral modification with vs without assertiveness training, Type A coronary prone behavior, 31–64 yr old college faculty, 15267
cognitive behavioral therapy, 18–30 yr old females with bulimia, 26119
cognitive behavioral training, academic performance, emotionally disturbed 8.1–13 yr olds, 26672
cognitive-behavioral treatment & self observation, wife abuse, battering males, 12540
cognitive behavioral treatment, bulimia, female 16 yr old, case report, 10221
cognitive-behavioral treatment, depressed affect, epileptics with mean age of 33.1 yrs, 1942
cognitive-behavioral vs experiential problem solving intervention training, marital discord, couples seeking therapy, 23209
cognitive-behavioral vs nondirective group treatment, 18–46 yr old females with bulimia, 3-mo followup study, 20861
cognitive group therapy, depression, depressed patients, 20793
cognitive structures & processes & schemata, psychodiagnosis & treatment, clinicians, implications for research, 15093
cognitive therapies, depression, 10234
cognitive therapy as changing goals vs approach to goal vs assessment of relationship to goal, 26118
cognitive therapy as evolutionary vs revolutionary development in behavior therapy, 18057
cognitive therapy, depression, 7364
cognitive therapy, depression, 18–60 yr old general practice patients, 7390

cognitive therapy, enhancement of remission, patients with schizophrenia & bipolar illness, 1787
cognitive therapy, obesity, 40 yr old female, 1-yr followup, 1939
cognitive therapy vs systematic desensitization, literature review, 23251
cognitive therapy with vs without amitriptyline, attrition & magnitude & universality of response & stability of improvement, 20–65 yr old depressed patients, 6- & 12-mo followup, 15023
cognitive vs interactional group therapy, therapeutic gains, male vs female psychiatric patients in private mental hospital, 15200
counseling programs & relaxation training & modifying inappropriate expectations, learning disabled college students, 15926
desensitization vs self efficacy treatment models, behavioral functioning, 22–68 yr old acrophobics, 23291
effectiveness of cognitive behavior therapy, treatment of depression, literature review, 23289
factors affecting treatment attrition in outcome study of cognitive &/vs pharmacotherapy, 18–60 yr old depressed patients, 7189
future of cognitive behavior modification, learning disabled children, 23863
high vs low score on Self Control Schedule, response to nortriptyline vs cognitive therapy, 18–60 yr old depressed outpatients, 15176
hypnotherapy & transactional analysis & cognitive therapy techniques, depression, 31562
hypnotherapy vs cognitive therapy, enuresis, 22 yr old female, 23381
in vivo exposure with vs without cognitive component, 16–35 yr old agoraphobics, 7369
intervention based on cognitive therapy principles, compliance with lithium drug therapy regimen, manic depressive 24–60 yr old outpatients, 4765
marital therapy combined with cognitive behavioral treatment of depression, couples with depressed spouse, 12549
methylphenidate &/vs cognitive therapy, attention & behavior & academic achievement, 6.3–11.8 yr old hyperactive males, 17832
motivational & interpersonal factors in H. S. Sullivan's concepts of interpersonal psychotherapy, cognitive behavior therapy, 1866
outpatient group treatment & cognitive-behavioral therapy & combined individual & group treatment, bulimic patients, 10088
partly automated treatment method including desensitization & EMG biofeedback & cognitive reattribution, dental fear, 21–65 yr old patients, 10205
problem solving skills training, 20–40 yr olds, implications for psychologically disturbed, 26105
program for provision of information on legal & mental health systems & short term cognitive behavioral therapy for anger control, mentally ill offenders, 28976
psychoanalysis & cognitive therapy & behavior therapy, theory of treatment effectiveness, patients, 20678
psychodynamic vs cognitive behavioral vs self help approaches to group therapy for bulimia, implications for membership & time frame & leadership & contract & content & goals, 28674
reinforcement vs reinforced self evaluation with vs without methylphenidate, social behavior, hyperactive 8–13 yr old males, 4561
religious vs secular cognitive-behavioral therapy, depression, 19–36 yr old Christian college students, 7380
role of therapy, changing personal frames & labels & perceptions of world & behavior, elderly male nursing home resident, 7355
self control therapy, changes in symptoms of depression over 10-wk period, 22–60 yr old females, 15261
severity of psychiatric symptoms, outcome of paraprofessional drug counseling &/vs cognitive-behavioral or supportive-expressive psychotherapy, 18–55 yr old male opiate addicts, 5066
short term interpersonal vs behavioral vs cognitive psychotherapy, nonbipolar nonpsychotic depressed patients at outpatient clinics, 23151
single-session cognitively based intervention program, fear of needles, 6–9 yr old hospitalized patients, 31450
social cognitive therapy, neurotic children in special schools, 32142
social skills training & cognitive therapy related vs unrelated to initial patient problem assessments, depression, 24–50 yr old females, 1939
somatically oriented & cognitive treatments, 20–54 yr old patients with panic vs anxiety disorders, 10202
stress-inoculation therapy with vs without cognitive & relaxation therapies, plasma-cortisol value in morning vs evening, duodenal ulcer patients, 18035
stress inoculation training, anger control, 27 yr old Black female hospitalized for extreme anger & aggressive behavior, 15238
stress inoculation training, test anxiety, 50–67 yr old college students, 21481
thematic content in cognitive-oriented group treatment, depression, 27–44 yr old lower SES Puerto Rican females, 17981
theoretical & empirical bases & therapeutic effectiveness, cognitive behavior therapy, 20847
theoretical & research & clinical issues, cognitive-behavioral therapy, literature review, 10227
therapist reinforcement of positive & challenge of negative self statements & use of self disclosure & personal opinions in group cognitive-behavioral therapy, problem drinkers, 7740
tranylcypromine & thought-stopping, obsessional ruminations, 48 yr old male with obsessional disorder, 7192
treatment of depression, comments on papers by L. P. Rehm & P. M. Lewinsohn & G. N. Clarke & R. W. Turner & C. K. Wehl & L. W. Thompson & D. Gallagher, 28556
Cohabitation
group counseling program, young married couples & cohabitants, 12564
nature of & changes in violent events, males & females in marital & cohabitation relationships, 14778
validity of abbreviated form of Spanier Dyadic Adjustment Scale, measurement of marital adjustment, married vs cohabiting vs separated vs divorced Ss with mean age of 37 yrs, Australia, 11188
Cohesion (Group) [See Group Cohesion]
Coitus [See Sexual Intercourse (Human)]
Coitus (Animal) [See Animal Mating Behavior]
Cold Effects
biofeedback training of heart rate & pain expectancy & aversive cold pressor water temperature, heart rate control, 17–32 yr old college students, 26128
cold ambient temperatures, hoarding behavior, food deprived vs nondeprived rats, 3340
cold exposure, wheel running & food intake & body weight & fatty acid synthesis, Syrian hamsters, 22087
cold water swims, cervical probing & cold water swim analgesia, rats, 654
combat anxiety, predisposition to cold injury, military soldiers, 1714
cross tolerance between cold water stress analgesia & morphine analgesia, male rats, 8962
finger temperature feedback with vs without cold stress, patients with Raynaud's disease, 2- & 3-yr followup studies, 20851
indoor vs outdoor thermal biofeedback training, digital skin temperature for outdoor sports & accuracy of estimation of outdoor skin temperature, college students, 20860
induced hypothermia by cold water immersion, changes in EEG frequency & amplitude of visual EP, conscious male with mean age of 24.6 yrs, 13850
information load & analgesics & rate of cooling, RT, 19–45 yr old males, 16697
ischemic block, perception of cutaneous thermal stimuli at threshold intensity, 20–35 yr olds, implications for role of myelinated vs unmyelinated axons, 30152
mental & cold stress, finger temperature, female 20–55 yr olds with Raynaud's disease, 9951
noncompliance with cold weather medical guidelines, well-being, US marines in cold weather survival skills training, 13284
noxious cold stimulation, release of endorphins & cortisol & prolactin & growth hormone & opioids & relationship to pain appraisal & coping, normal adult volunteers, 16679
reduced ambient temperatures, dexterity performance, male industrial workers & college students, 2705
temperature & wearing of gloves & task characteristics, performance of manual tasks, US marines, 11271
vibration vs cooling, pain induced by intraneural electrical stimulation, 24–55 yr olds, 8876
Colitis [See Also Ulcerative Colitis]
play & talk in psychoanalytic treatment, 3 yr old male with regional entercolitis, 1872

psychological & social functioning pre- vs post-stoma surgery, patients with cancer & colitis & diverticular disease, 18204
Coll Ent Exam Bd Scholastic Apt Test
counseling & special arrangements & preparation plans for taking Scholastic Aptitude Test, learning disabled students, 21488
essay vs multiple choice portions of SAT, assessment of English writing ability, Mexican-American & Puerto Rican college candidates with English vs Spanish as most fluent language, 29403
ethnic group & yr, performance on SAT, American Indian vs Black vs Mexican American vs Oriental vs Puerto Rican vs White high school students, 1976–82, 10901
self report of physical & mental condition & perceived condition of others while taking SAT, reasons for decline in SAT scores over last 20 yrs, college freshmen, 23920
sex & ethnic status & birth order & father's absence & occupations, scores on Scholastic Aptitude Test, high school seniors, 7956
use vs nonuse of SAT scores in admissions practices, prediction of academic achievement, college students, 23915
Collaboration [See Cooperation]
Collective Behavior [See Also Riots]
application of theoretical framework of collective activity to analysis of teamwork, electricians, 23963
cohesiveness vs behavioral style in majority vs minority groups, manifest vs latent influence, female college students, 20098
collective behavior & migration from urban to rural areas, US, 1960's through 1970's, 3776
collective responses to layoffs & plant closings, workers & community groups, 13251
comparative analysis of traditional crowd psychology & lay accounts of crowd events during street disturbances, England, 22589
content analysis of collective behavior in official newspaper of Cuban Communist Party, Cuba, 14242
control of self help & self help groups by political institutions, West Germany, 17986
definition of joint activity in group work, 20088
developmental progress of self help group, disabled, 17971
dynamics of power, group environment, 14491
ethnographic analysis, teachers' misinterpretation of copying as indicative of low academic ability & poor work habits, Mexican American 1st–3rd graders, 18638
friendship vs nonfriendship grouping, verbal behavior & collaborative learning, 7 yr old females, implications for group work in classroom situations, 27851
hostile polemics resembling those found in compulsive-obsessional neuroses, groups of citizens caught in 1975–1976 civil war, Lebanon, 1350
materialistic & cultural explanations, collective behavior in revolutionary situations, 9353
misperception, collective decision making behavior in legislative settings, implications for social psychology rational choice theory, 17317
moral & values education, socialization & development of prosocial & collective behavior, children, USSR vs Hungary, literature review, 25179
number of expected participants & effectiveness of collective action, readiness to participate, revision of "free-ride dilemma", 22583
participant observation techniques & group dynamics, self help groups, 17994
relative deprivation vs pragmatic theories of collective behavior, prediction of relationship between magnitude of inequality & feelings of deprivation, disadvantaged females, 22608
reorganization of dissolved criminal gangs, Japan, 25658
self help groups & relations to social systems, 17999
sentient dynamics, collective emotion, 12010
social identity model, crowd behavior in riot, England, 6421
use of media by political action groups, examination of Camp David agreements, 6560
College Academic Achievement
academic performance & attitudes & social relations, students in intergenerational college classes, literature review, 10785
academic preparation, academic performance during 1st 2 years of college, male college football players, implications for role of peers & career & academic counseling services, 32073
academic preparation at college entrance, academic performance, male college football & basketball players, 32054
academic support services, reading skills & college GPA, 18–19 yr old high-risk college students, 8047
achievement motivation & performance & personality, female high vs low achieving college students, 29281
algebra proficiency vs need for remediation, grades in calculus & statistics courses, Master's level business administration students with mean age of 32.3 yrs, replication of authors' previous study, 2447
attribution of academic success & failure to effort & ability, positive vs negative effects, college students, 13126
attributions for academic success & failure, low achieving Anglo vs Black vs Hispanic vs Native American community college students, 10789
career maturity & GPA, community college students vs freshmen in academic advancement program for disadvantaged minority students, 18645
college academic achievement, androgynous vs nonadrogynous college males & females, 26567
college academic achievement, prediction of occupational success, meta analysis of review articles, 7988
college grades & career success, adults, 15802
congruence between teacher & student field dependence-independence, student academic achievement, community college students & their instructors, 5309
contingency contracting within personalized-system-of-instruction psychology class, study habits & attitudes & final examination scores & withdrawal & procrastination, college students, 2375
cultural affiliation & adaptation & academic adjustment, male Mexican-American college students, 26590
disclosure of cognitive style information & suggested learning strategies, academic achievement, college students, 5277
discovery-learning vs exposition-application teaching formats, productive learning, college students with independent vs dependent learning styles, 29260
effort & expectancy & goal setting & college entrance exam grades, academic achievement, college students in psychology, Sweden, 10769
employment status & type of employment & relevance to major & course satisfaction, academic performance, college students, 5283
establishment of minimum sample size requirements for calculating prediction equations for GPA, college students, 13221
feedback strategies & cognitive style, performance in computer-based instruction, field dependent vs field independent college students, 13057
frequency & social desirability of 1st names & college academic achievement & sex roles, college students, 25440
given names, academic success, college students, 2446
goal setting, test performance, college students, 29297
GPA & paranormal beliefs, college students, 2489
grade variables, instructor evaluations, college students, 7985
grouping by formal reasoning ability, science content achievement & formal reasoning ability & learning environment & relationships between individuals in group, preservice elementary teachers in science laboratory, 21269
high school GPA & College Board Scholastic Aptitude Test scores, prediction of freshman GPA, freshmen regularly admitted vs in developmental studies program, 2559
high school GPA & number of college preparatory courses & high school teachers' ratings, class absences & prediction of performance in developmental studies courses, college students, 15812
high school GPA & ranking & other variables suited to prediction of freshmen GPAs & subsequent academic performance, college students, 15807
human "biorhythmic" cycle, academic performance & neuroticism, college students, 10755
institutional & student characteristics, effective learning, college students, literature review, 23788
institutional & student characteristics & Scholastic Aptitude Test scores, prediction of grades, college students, 29261
leader centered directive vs group centered behavioral vs short span counseling, study habits & achievement, 21–27 yr old female teacher trainees, 21263
mastery context, achievement & effort & perceived ability, college students, 21303

mastery learning procedures, achievement & internal attributes, college students, 21307
norm- vs criterion-referenced grading system & single test vs retest, performance & motivation, college students, 15734
notetaking over extended period, course performance, college students, 7968
optimism about college life, academic achievement, college students, 18656
paired Hoffman reflex & academic achievement, college students practicing transcendental meditation, 24724
patterns of college honor degrees awarded, female vs male college students, 1967 vs 1978 vs 1979, Great Britain, 2445
perception of teacher effectiveness, sex differences & educational level, upper- vs lower-division college students expecting high vs low grades, 8044
perceptions of achievement & occupational choice vs actual academic achievement, college students, Lebanon, implications for guidance, 15853
performance on mathematics pretest, prediction of physics achievement & identification of potential dropouts, college students, 8003
personality & academic factors, attrition rate, college of education students, 4-yr longitudinal study, implications for counseling, 8009
prediction of academic performance in weekend college program, females with mean age of 35 yrs, 10767
presentation of information on causes of low GPAs, short & long term performance, college students, experimental replication, 32074
psychosocial factors & academic performance, college freshmen assessed with semi-structured interview, 7972
relationship of construct of academic comfort as assessed with Strong Campbell Interest Inventory to educational level & performance & aspirations & prediction of college major choice, college students, 21510
reliability & discriminant validity of institutional integration scales, measurement of academic & social integration, disadvantaged college students, 13180
response-outcome contingency training & expressiveness of instructor, student achievement & causal attribution, college students, 10762
self report of adjustment problems & academic performance, native vs Malaysian university students, New Zealand, 29310
semantic knowledge & problem solving ability & other factors, prediction of computer science course performance, college students, 7981
sex & age & veteran status & parent occupation & high school rank & high school class size, prediction of graduation in college students, 1977–82, 13077
simultaneous-successive information processing, academic achievement, college students, 13084
smoking & academic performance, smoking vs nonsmoking college students, England, 26583
structured learning skills intervention, long term academic performance by comparison of predicted vs obtained GPA, college students, 3-yr followup, 18558
study skills & self concept, prediction of academic achievement, college students, 5278
teacher enthusiasm, achievement & evaluation of teacher effectiveness, college students, 21355
teaching of introductory psychology course in traditional college vs nontraditional inner city setting, performance, college students, 2383
trait anxiety & use of objectives, state anxiety & academic performance, college students, 13104
tutoring, academic & personal improvement, 23 yr old learning disabled female college student, 21430
use vs nonuse of SAT scores in admissions practices, prediction of academic achievement, college students, 23915
verbal ability & heterogeneous vs homogeneous pairing, performance in cooperative learning tasks & individual learning transfer, college students, 32062
visual-spatial ability, introductory physics achievement, college students, 7982

College Degrees [See Educational Degrees]

College Dropouts
academic ability & sex & SES & goal & institutional commitment & academic & social integration, prediction of persistence vs withdrawal from college, college students admitted under open admissions criteria at Virginia State University, 29334
educational experience & goal & institutional commitment & social & academic integration, differentiation of college students who dropped out vs continued study, test of V. Tinto's model of institutional attrition, 15834
interracial contact experiences, school persistence & attrition, Black students in predominantly White college, 15821
personality & academic factors, attrition rate, college of education students, 4-yr longitudinal study, implications for counseling, 8009
psychosocial factors & interrupted university attendance, college freshmen, 8023
sex differences, community & technical college persisters vs nonpersisters, 8038

College Education [See Undergraduate Education]

College Environment
academic aptitude & parental educational level & secondary school achievement & entering aspiration level & institutional environment, educational aspirations, college students, 26611
campus experience & parental socialization, occupational preferences & personal goals, college students, 21393
college size & rural vs urban environment & religious affiliation, premarital sexual standards, college students, 18649
demographic data & interracial interactions & attitudes & job characteristics, White faculty members at Black colleges, 31994
interracial experiences, Black vs Hispanic college students from 2 campuses, implications for student affairs administrators, 26612
neutral third party, academic negotiations & campus climate, community college administrators & union faculty members, 26479
peers as group leaders, college orientation programs, college students, South Africa, 15984
person-environment fit, distress assessed by physical complaints & help seeking behavior & anxiety measures, college students, 29335
personality & situational factors & attitudes toward social environment & communication anxiety & social support, communication with administration & faculty & students, Black college students attending White college, 26623
personality vs environment vs person-environment congruency, satisfaction, college students, 26626
predominantly Black vs White academic setting, assertiveness when interacting with teachers, Black college students, 18632
Project PAIR, promotion of sense of community through performing arts, college students, 26703
restructuring of college classroom & cultivation of imagination and inspiration, 29323
structural & interpersonal & psychological correlates, successful adaptation to college, Black college students attending White universities, 32075
written behavioral prompts, littering behavior, college cafeteria patrons, 26834

College Graduates
analysis of think-aloud decision process, preselection of graduates based on application forms, recruiters from transport & computer & manufacturing organizations, 13277
factors influencing adjustment & attitudes toward family life & social relations & political & economic issues, returnee engineering graduates, Jordan, 9547
monetary contributions & athletic success of university football & basketball teams, alumni, 25422
perceptions & importance of nontraditional degree program & negotiability of degree, alumni of external degree program, 5300
placement, college student personnel graduates, survey of programs, 1976–83, 32156
recruiters' selection criteria & prediction of job applicant's success, recent college graduates & organizational recruiters, implications for occupational guidance, 21571
sex & precollege ability scores & high school grades & vocational interest scores, traditional vs nontraditional field of study, college graduates, 29428

student biographical data, prediction of occupational choice, college graduates, 16013
values, University of Michigan alumni, 1969 vs 1979, 9484
College Major [See Academic Specialization]
College Students [See Also Community College Students, Education Students, Junior College Students, Nursing Students, ROTC Students]
academic ability & sex & SES & goal & institutional commitment & academic & social integration, prediction of persistence vs withdrawal from college, college students admitted under open admissions criteria at Virginia State University, 29334
academic aptitude & parental educational level & secondary school achievement & entering aspiration level & institutional environment, educational aspirations, college students, 26611
academic peer counseling program, college students, 15963

academic preparation, academic performance during 1st 2 years of college, male college football players, implications for role of peers & career & academic counseling services, 32073
academic preparation at college entrance, academic performance, male college football & basketball players, 32054
academic self concept, undergraduate vs graduate special education vs non-special education majors, 31974
academic support services, reading skills & college GPA, 18–19 yr old high-risk college students, 8047
academic vs financial vs family vs personal stressful events & preferences for sources of help, male vs female Black vs White vs Hispanic vs Asian-American college students, 32104
achievement motivation & intellectual abilities & choice of academic major & occupational expectations, beginning college students, 29324
achievement motivation & performance & personality, female high vs low achieving college students, 29281
achievement striving & time urgency & hostility, male vs female college students of arts vs commerce vs science faculties with Type A vs Type B behavior pattern, India, 26601
active vs passive motivational set, learning, college students, 29263
adaptation to college life & student characteristics, foreign college students, US, 10793
aerobic running alone vs with running facilitator, counseling technique, college students with low self esteem, 29448
affect & expectancy shift, attributions for academic achievement, high school & college students, 13078
age & career progress, career attitudes, 18–30 yr old college students, 18775
alcohol consumption, female vs male college students, England, 6596
alcohol consumption patterns, American Indian vs White college students, 22564
alcohol drinking patterns, college fraternities, 26600
alcohol education module integrated into environmental physiology course, attitudes & knowledge & alcohol drinking behavior, college students, 1-mo followup, 21294
analysis of complexity of academic advising tasks, college students, 10897
anonymity, rating of teachers & course quality, college students, 29309
ANOVA vs MANOVA vs multiple regressions vs canonical correlations, prediction of GPA & attrition/persistence, college freshmen, 8123
anticipated vs experienced barriers to adult learning, 25–54 yr olds enrolled in college evening certificate or degree programs, 29330
anxiety about teaching & learning to identify minerals & rocks in geology course, preservice college teachers & students, 29120
anxiety levels, female vs male higher education students, Wales, 1-yr followup study, 32108
apprehension & GPA, writing performance, college students, 7983
art therapy, intake interview at university counseling center, college students, 8124
assessment of career development course, junior & senior college students, 32043
assessment of counseling needs, ethnic & minority college students, 10882
attitudes & needs of college students, directors of college counseling centers, 10878
attitudes toward Black African college student males & interracial marriage, 20–25 yr old female college students, France, 30612
attitudes toward body disposal preferences, college students, implications for death education, 5296
attitudes toward energy, college students, implications for college educators, 10776
attitudes toward fundamental human rights, college students, Nigeria, 26584
attitudes toward leader-follower relations, New Left activists on college campus, 1967–77, 25348
attitudes toward smoking & smokers, college students, Czechoslovakia, 20065
attitudes toward socialist political/economic system & perceived inequities, college students vs skilled workers, Poland, 17115
attitudes toward teaching methods & learning difficulties, college students, South Africa, 13099
attitudes toward university & faculty & peers, college students, Saudi Arabia, 26599
attitudes toward university-sponsored death & dying symposium & its effects, 18–58 yr old college students & faculty, 21298
attribution of academic success & failure to effort & ability, positive vs negative effects, college students, 13126
availability & attitudes toward counseling services for college athletes, athletic directors & counseling center directors, 26679
awareness & perceptions & knowledge of counseling center services, faculty & college students, 29421
awareness group experience & ethnic student walk-in service & cultural diversity & monthly discussion group & orientation program, creation of inviting atmosphere, college students from ethnic minority groups, 29443
awareness of expository text structure, reading comprehension & writing & recognition & production of relevant information, college students, 10752
Beck cognitive therapy, reduction of intensity of depression, mildly depressed college students, 26087
behavioral observation vs behavioral expectation scales, measurement of observation ratings of teachers, college students, 13193
biological & psychological effects of cocaine usage, college students, 11985
birth order, intelligence, college students, 12084
Black vs White skin color intensity, prejudice, college students, 6463
brief psychotherapy, college students, 7259
campus experience & parental socialization, occupational preferences & personal goals, college students, 21393
captioned videotape vs classroom instruction vs connected prose wth high vs low content structure, immediate learning performance, profoundly deaf college students, 18681
career & family plans, female college students, 30622
career & lifestyle expectations & perceptions of academic environment, male vs female college students, implications for higher education, 23802
career & self exploration course, increase in self awareness & values clarification & decision making & goal setting & use of resources & knowledge of physical strengths & interests, college students, 29181
career attitudes & values & expectations, liberal arts vs science vs business vs engineering college students, 32105
career development & services in higher education, college students, 29424
career development program, learning disabled college students, 21435
career maturity & GPA, community college students vs freshmen in academic advancement program for disadvantaged minority students, 18645
Career Occupational Preference System Interest Inventory-Form P vs Strong Campbell Interest Inventory as validation procedure, college students, 5391
career workshop on high technology industries, college students, 7906
causal inferences & externalization of cheating, college students manipulated vs not manipulated to cheat vs Os, 15831
causes of admission & retention problems in postsecondary education, Hispanic students, implications for counseling, 8024
change in alcohol & drug use during school attendance, male vs female college students, 22562

change of career aspirations during college, male vs female Mexican-American vs Anglo students in 2- vs 4-yr colleges, 8020
changes in attitude toward Blacks on campus, White University of Alabama students, 1963–1982, 9375
changes in emotions & coping during 3 stages of examination, college students, 18642
characteristics, elderly college students in Georgia vs Idaho, 10783
choice of professors as role models & mentors, male vs female college students, 8010
Christian beliefs, Methodist college ordinands vs conservative vs liberal Anglican college students vs graduate teacher trainees, 15832
cigarette smoking attitudes, college students, Nigeria, 6610
class size, evaluation of teacher & course, college students, 26589
classification of vocational interest profiles into hierarchical clusters based on academic major, college students, 21476
classroom demonstration of encoding specificity, college students, 2417
classroom structure & student participation, attitudes toward teacher & academic achievement, deaf college students, 29352
Client Satisfaction Questionnaire, evaluation of university counseling center, college students, 8109
cognitive & morale & family correlates of participation in college classes, 45–81 yr old married persons, 10779
college academic achievement, androgynous vs nonadrogynous college males & females, 26567
college course on holistic health, 2414
college experience & rate of skill development & variation in sources of influence, perception of academic skill development, college students, 18666
college experience, personal growth & development & self concept, disabled college students, 23798
college size & rural vs urban environment & religious affiliation, premarital sexual standards, college students, 18649
communication & interpersonal skills program, self concept, Christian college students, 10722
communication problems in advising & counseling, college students & professional faculty, 8141
community-based approach to global education, attitudes toward citizenship & participation in world affairs, college students, 5264
community-based group residence, recently discharged psychiatric patients & psychology & social work college students, 23665
comparison of alcohol-related policies & data & services for students, colleges, US, 1979 vs 1982, 18513
compulsive eating & dieting & stress & hostility, college students, 10782
computer assisted instruction, development of prose-writing ability, college students, 23734
computer-generated formative vs professor evaluation, anxiety, college students, 16227
computer literacy course, students & professionals in human services, 32006
conceptual problems in mathematics, learning statistics, psychology undergraduates, 5280
consistency of performance on field dependence, college students vs school children, Nigeria, 16938
construct validity of Self Description Questionnaire III, multidimensional self concept assessment, college students & female 11th graders, 10877
construct validity of sentence verification technique, measurement of reading comprehension, college students, 29452
construction & evaluation of College Descriptive Index, assessment of satisfaction with academic & nonacademic college experiences, college students, 15967
construction & factor analysis of short form of University Residence Environment Scale, college students, 29470
construction & reliability & validity of Meier Burnout Assessment, assessment of burnout & relationship to measures of memory & learning & self esteem & sensation seeking & vocational self concept, college students, 29435
content & structure of career center & cooperative education program at the American University, college students, US, 26725
content & structure text manipulations, quality of written summaries, college students, 21350
contract career counseling, college students, 13175
conversion of career counseling center to provide individual & group counseling of developmental & preventative nature, college students, 18753
corrective testing feedback vs multiple choice, attributions & rating of test difficulty & evaluation of own performance, high- vs low-test-anxious college students, parametric extension of S. L. Pressley's procedure, 10837
counseling programs & relaxation training & modifying inappropriate expectations, learning disabled college students, 15926
counseling strategies, Black college students, 13189
counseling techniques & interventions, Nigerian college students on US campuses, counselors, 21474
counselor characteristics, preferences for counselors in personal vs vocational concerns, disabled vs disadvantaged college students, 31778
counselor gender preferences & presenting problems, college students using counseling center services, 10846
cross cultural considerations, adjustment, newly arrived Asian college students, US, 8021
cultural affiliation & adaptation & academic adjustment, male Mexican-American college students, 26590
dating violence, college students, replication of study by J. Makepeace, 23808
definitions of behaviors indicative of problem drinking, college students, 6927
deletion of accompanying passages, scores on multiple choice reading comprehension questions, college students, 5393
democratic attitudes, college students, US vs Great Britain, 8030
demographic characteristics, adult college students enrolled in open learning courses, 5293
depression symptoms & negative life events & family social support, returning female college students with mean age of 35 yrs, 9710
description of services of psychological consultation program, learning disabled adult college students, US, 18746
development & evaluation of self guided career exploration kit, college students, 32188
development & reliability & construct validity of scale measuring optimism about college life, 15–22 yr old college students, 2590
development & validation of Life Event Scale for Students, college students, 18747
development of interpersonal relationships, male vs female college students, 4-yr study, 26617
development of Learning Environment Scale, perception of classroom social & communication environment & feelings of selves in relation to others, hearing impaired college students, 18755
development of measurement of home-career conflict, female college students, implications for relation to career motivation, 8400
development of true-false test items, assessment of knowledge of relationships between concepts in undergraduate psychology course, college students, 2557
development related to autonomy & purpose of life & education & interpersonal relations, hearing & hearing impaired college freshmen, 13121
developmental differences, homosexuality, male vs female college students, 9463
developments of skits highlighting major issues related to campus alcohol use, 29442
dimensionality & reliability & validity & bias & utility of evaluations of teaching effectiveness, college students, literature review, 10875
direct instruction, comprehension of implied messages & reading between lines, college students, 5214
directed overt activity notetaking strategy, spatial & simple & complex concept learning, college students, 21347
discovery-learning vs exposition-application teaching formats, productive learning, college students with independent vs dependent learning styles, 29260
discussion of causes & effects of premedical syndrome, premedical vs nonpremedical students & faculty, 8035
discussion of development of spontaneous social networks & interpersonal relationships in terms of structural indexes & theories of structural balance & biased networks, college freshmen, 14486
disparities between reading & writing teaching methods, underprepared college students, 29229

drinking attitudes, college students, 1970 vs 1982, 1209
drug abuse, college students, India, 12273
dyadic & generalized trust, dating or engaged secular vs Christian-college students, 23804
educational experience & goal & institutional commitment & social & academic integration, differentiation of college students who dropped out vs continued study, test of V. Tinto's model of institutional attrition, 15834
educational vs professional plans, decision to enroll in psychology program, students predominantly 17–20 yrs old, 21388
effectiveness of intrauterine device vs high dosages of estrogen vs estrogen/progestin combination, college students, 11975
effectiveness of note taking, learning outcome, college students, 29279
efficacy of life career development course, college students, 7931
effort & expectancy & goal setting & college entrance exam grades, academic achievement, college students in psychology, Sweden, 10769
ego development, male vs female technical institute vs liberal arts college students, 19904
employment status & type of employment & relevance to major & course satisfaction, academic performance, college students, 5283
English proficiency & context, lexical guessing of foreign words, college students taking English as 2nd language, 13072
epidemiology & toxicity of nontherapeutic use of amphetamines, college students, 20412
erotophobic vs erotophilia emotions, condom usage, male college students, 1179
error analysis, spelling, 5th graders vs learning disabled college students, implications for spelling development, 1587
establishment of individual & occupational & sexual identities, college students, 6224
establishment of minimum sample size requirements for calculating prediction equations for GPA, college students, 13221
evaluation of course in personal development psychology & assessment of performance in experiential group activities, assessment of effectiveness of techniques for grading performance in experiential activities, college students, 2551
evaluation of national demonstration project on service-learning in aging, faculty & college students, 10703
evaluation of preparatory seminar for Law School Admission Test, college students, 29187
evaluation of tutoring program using college students in elementary & junior & senior high science & mathematics & engineering courses, students & tutors & teachers, 32014
evaluation of Unique System of Practice, education for psychological practice, college students, Mexico, 31902
expectancies vs demographic background in prediction of alcohol drinking patterns, college students, 20064
expectations & perceptions of self assessed adjustment, 1st yr college students, 15820
expectations for counseling, college student nonclients vs clients vs nonstudent clients, 15441
expectations of learning disabled students, college teachers, 7879
exposure to pre- & posttest versions of reading games vs similar games, improvement of comprehension-monitoring skills, 4th–5th graders & college students with different levels of reading ability, 13076
factor analysis of Barron-Welsh Art Scale & Adjective Checklist & 3 original measurement instruments, measurement of creativity & energy activity preference, dance & music & drama college students, 29395
factor analysis of student ratings of college instructors, college students, 8121
factor structure of attitudes toward satisfaction with college instruction, nursing & physical therapy students, 31864
factor structure, Study Process Questionnaire, college students, 29440
factorial validity of Mathematics Attribution Scale-Algebra, college students, 5363
factors influencing degree-seeking, 25–69 yr old college students, 18662
factors responsible for low & high study rates & delays, slow college students, Netherlands, 29318
factual vs conceptual vs relational note-taking behavior, academic achievement & test performance, education students, 32060
Faculty Fellows Project, faculty-student interaction in student residence halls, college students & faculty, 26618
family & academic background & institutional & student characteristics as factors in model of Black educational attainment, Black college students, 32072
family background & mathematics aptitude & need for power, choice of science major, female vs male college freshmen, 23818
family systems perspective, counseling, college students, 13182
fear of intimacy, college females, 17384
feedback strategies & cognitive style, performance in computer-based instruction, field dependent vs field independent college students, 13057
field independence-dependence & study techniques, learning from lecture method of instruction, female college students, 23780
Flesch-formula-derived reading ease rankings vs student ratings of readability of introductory psychology textbooks, college students, 2388
formal reasoning capability, balancing chemical equations, 20–41 yr old college students, 29285
formulation of educational & career plans, high vs low level college student athletes attending schools that do vs do not award athletic scholarships vs nonathletes, 32078
frequency & cognitive & behavioral & affective components, procrastination on academic tasks, college students, 7993
freshman-yr experience, perceived importance of gaining liberal education & developing career knowledge & skills & enhancing personal knowledge & improving interpersonal skills, college freshmen, 10794
friendship development, college students, 1-yr longitudinal study, 21379
gender, career choice, college students, counseling implications, 26698
given names, academic success, college students, 2446
goal instability & achievement motivation & study behavior, college students in learning skills classes, 32071
goal setting, test performance, college students, 29297
GPA & paranormal beliefs, college students, 2489
grade level & academic major, sex role orientation, undergraduate vs graduate students, 2479
grade variables, instructor evaluations, college students, 7985
group psychotherapy, bulimia, college students, 10904
guidelines for consultation with college mental health staff & deans, college students with psychiatric emergencies, 18750
health habits & burnout & social support & job performance & psychological distress, college student resident assistants, 31988
high school GPA & number of college preparatory courses & high school teachers' ratings, class absences & prediction of performance in developmental studies courses, college students, 15812
high school GPA & ranking & other variables suited to prediction of freshmen GPAs & subsequent academic performance, college students, 15807
Hilltop Health Club as model for encouraging health awareness, residence hall college students, 10684
history of cocaine usage, 18–25 yr old college students, 11986
holistic approach of delivery of centralized personnel services, college athletic departments, 8134
human sexuality classes, sexual behavior, college students, 18567
humorous multiple-choice items, test performance, male & female introductory psychology students, 32195
hypnotic training, reduction of test anxiety & recall & reading comprehension performance, college students, 5388
identification of learning disabilities in university counseling centers, college students, 5364
identification of suitable users of computer assisted guidance program, college students, 26687
identity status & crises & commitment, male vs female college students, 2472
implementation of dilemma counseling approach to organizational behavior classroom setting, decision making, college students, 1-yr longitudinal study, 32197
imposed vs freely chosen field of study & sex differences in fields studied & reasons given for anticipated success or failure, 1st yr college students, Togo, 29268
income expectations & labor market prospects, decision to enter or continue higher education, male vs female college students in various disciplines, England, 32079

individual training activities, perception of creativity levels, female freshman & senior college students, 29188
informal faculty-student contact & educational aspirations, White vs non-White commuter college freshmen, 32093
information gained in environmental studies course, defensibility of attitudes toward environmental issues, college students, test of F. E. Williams' connective vectors theory, 21314
informational programs, prevention of alcohol misuse, college students, 7908
initial evaluation & implementation & research & evaluation, plan for recruitment & retention, minority college students, 29256
inserted questions, studying behavior of course related materials, college students & 5th graders, 10737
institutional & applicant characteristics & family attributes & cooperative education plan, matriculation decision, college applicants, 29115
institutional & student characteristics, effective learning, college students, literature review, 23788
institutional & student characteristics & Scholastic Aptitude Test scores, prediction of grades, college students, 29261
integration of study skills instruction into orientation course, freshman college students, 26536
intelligence & achievement motivation, students of Santal tribe with mean age of 19.5 yrs, India, 10792
intensive group workshop, coping with transition & problems of new culture, foreign college students, 26678
interactional approach to family therapy, symptomatic disabled college students leaving home, 7342
interdisciplinary support service, learning disabled college students, 29339
interracial contact experiences, school persistence & attrition, Black students in predominantly White college, 15821
interracial experiences, Black vs Hispanic college students from 2 campuses, implications for student affairs administrators, 26612
interviewing model for crisis intervention with college students, counselors, 21469
introductory communication course, self rating of communication skills, hearing impaired college students, 15884
involuntary structured therapy group, college students who violated school's no-drinking policy, 26713
involvement approach, collection of student evaluations of instructors & feedback to instructors, 2576
Jungian approach to participation in confrontation with alien Latin American literature, college students, 15755
Jungian personality types, prediction of attendance at Black College Day March, college students, 4047
leadership potential as measured by 16PF, college student leaders vs nonleaders, 18650
learning strategies & cyclical plan for studying, college students, 15752
learning styles, college physical education vs dance majors, 2453
Learning to Live With Others program, practical knowledge & problem solving & human relations & conflict resolution skills, college students, 8110
lecturer expressiveness & content coverage & external incentives, examination performance, college students, 29283
lecturer expressiveness & incentives, academic motivation & examination performance, college students, 2438
leisure activities, career development, college students, 21368
level of behavioral activism, college students, 1973–74 vs 1974–75 vs 1975–76, 32088
level of identity formation in religious ideology & occupational decision & overall ego, female college students, 32103
levels of stress & coping behavior, male vs female freshman vs senior Anglo vs Mexican American college students, 15844
living status & sex & year in college, self esteem & life change experience, college students, 26606
location in classroom, student-teacher interaction, hearing impaired college students taking mainstream courses, 2535
locus of control, college students, US vs India, 5298
long-term outcomes of participation in student government, college students, 10780
markedly elevated MMPI schizophrenia scale scores, college students & university employees & community residents attending university counseling center, diagnostic implications, 1352
marriage-role expectations, college females enrolled in introductory marriage & family course, 1961 vs 1972 vs 1978, 20060
mastery context, achievement & effort & perceived ability, college students, 21303
mastery learning procedures, achievement & internal attributes, college students, 21307
mathematical preparation & self efficacy, choice of mathematics, 15837
mathematics anxiety, prediction of mathematics grades, male vs female college students, 18620
mental hygiene & relaxation courses, college students, 26542
method of personalized vocabulary development, college students, 26530
microcomputer spelling program, 5th & 6th graders vs learning disabled college students, 2540
model of cross cultural adaptation to mismatches between norms & behavior & self concept, foreign college students, Canada, 11910
model of program to deal with crises & emergencies, college students, 29460
modern dance class, college students, 5228
motivation & political conservatism, social work vs psychology undergraduates, Australia, 13110
multiple audience rating form strategies for evaluation of college teaching, college students, 15959
multivariate prediction, academic performance, college students, Hong Kong, 32186
multivariate statistical technique for separation of individual & group effects, application to data on crowding in university residential environments, college students, 19136
music instruction, vocabulary in descriptions of music, 3rd–4th graders vs college students, 21349
nature of psychiatry emergencies, college students, 7605
need for comprehensive college program, learning disabled students, 21446
nonprofessional human service experience, subsequent career choices & attitudes toward education & client population & social service systems, college students, 2-yr followup, 32226
notetaking over extended period, course performance, college students, 7968
occupational aspirations, urban Black male vs female college students, implications for career guidance, 29314
occupational choice & academic comfort & introversion-extraversion & responses to Strong-Campbell Interest Inventory & comparison with test norms, 18–42 yr old college students seeking vocational counseling, 29473
older vs newer disciplines & chronological age & level of awareness, crystallization of choice of career, college students, Nigeria, 16007
operant conditioning based motivational technique, examination performance, college students, 32176
optimisic attitudes toward life & preferred values, college students, Poland, 18664
oral instruction of faculty vs administrative use of course evaluations, global course & instructor items, college students, 15928
organization & maintenance of groups at college counseling center, 2550
orientation & assessment leadership training series for incoming chairpersons of Pitt Program Council, college students, 29226
paired Hoffman reflex & academic achievement, college students practicing transcendental meditation, 24724
paranormal & religious beliefs & GPA, high school vs college students, 13120
parental & church & peer influences, sexual attitudes & behaviors & contraceptive behavior, male vs female college students, 17249
parents' SES & willingness to use financial aid, students' options to attend college, parents, 12982
participation in eating disorders group, anorexic & bulimic female college students, 10903
past academic performance & intelligence & study skills & personality traits, scheduled caste or tribe high vs low achieving college students, India, 5271
patterns of college honor degrees awarded, female vs male college students, 1967 vs 1978 vs 1979, Great Britain, 2445
patterns of coping & defense, well-being while facing stress of annual examinations, college students, India, 23797

patterns of sedative & tranquilizer use & abuse, college students, 17634
peer adjustment program, college adjustment, freshmen, 29446
peer helper training & timing of training, perceived stress, college student resident assistants, 29164
peer tutoring questionnaire, evaluation of tutoring training course & assessment of competence, college students, 21460
peers as group leaders, college orientation programs, college students, South Africa, 15984
perceived advantages of growing older, college students & faculty working with elderly, 30380
perceived authoritarianism in self vs others, male college students vs police officers, 14526
perceived comprehension of text, ability to predict future test performance on material, college students, 24496
perception of self actualization as major purpose of higher education, university students vs faculty vs administrators, 29107
perception of teacher effectiveness, sex differences & educational level, upper- vs lower-division college students expecting high vs low grades, 8044
perceptions of achievement & occupational choice vs actual academic achievement, college students, Lebanon, implications for guidance, 15853
perceptions of activity & participation in college student role, older persons auditing college courses & other older persons, 10778
perceptions of competency of psychology graduates, employees & faculty & 3rd-yr college students, Australia, 10649
perceptions of education & professional roles & attitudes toward psychologists vs psychiatrists, Mexican-American vs Anglo-American college students, 32081
perceptions of mathematics lecturers, college mathematics students, Papua New Guinea, 15825
perceptions of psychology & psychologist, 1st yr psychology students, 21377
perceptions of winning vs dominating others vs involvement, female participants in division 1 vs 2 vs 3 of Association for Intercollegiate Athletics for Women basketball, 13116
performance on mathematics pretest, prediction of physics achievement & identification of potential dropouts, college students, 8003
person-environment fit, distress assessed by physical complaints & help seeking behavior & anxiety measures, college students, 29335
personal & social problems & appropriateness for discussion with counselor, college students, Nigeria, 29394
personality & situational factors & attitudes toward social environment & communication anxiety & social support, communication with administration & faculty & students, Black college students attending White college, 26623
personality correlates, psychotropic drug & alcohol use, female vs male French- vs English-speaking college students, Canada, 20066
personality correlates, self reported lapse of attention during lecture, college students with mean age of 37 yrs, 13092
personality, learning of BASIC, college students, 5281
personality traits & informal contact with faculty & other factors as perceived influences on personal development during college, college students, 32111
personality traits, students majoring in physical therapy vs clinical dietetics vs medical technology, implications for college & high school counseling, 8033
personality variables, 2nd language learning, 1st yr college students learning French, 13083
personality vs environment vs person-environment congruency, satisfaction, college students, 26626
personalized system of instruction, improvement of writing skills, college students, 2369
physical attractiveness & sex of ratee & previous performance, judgments in academic performance appraisal context, college faculty, 2322
policies & procedures for human service agency practicum program, college students, 23765
political mood on campus, college students, 32089
politicosocial characteristics, college students from different academic departments, Finland, 29320
positive vs negative vs mixed occupational information & vocational decision status, cognitive complexity, college students, 5294
prediction of commitment to their college, college students majoring in physics vs economics vs political science, test of power of equity measures, 15847
predictive value of Cognitive Failures Questionnaire vs Test Anxiety Scale, assessment of cognitive interference & test anxiety in group testing situation, female college students, 21522
predominantly Black vs White academic setting, assertiveness when interacting with teachers, Black college students, 18632
preferences for specific vs nonspecific & external vs internal causal feedback from professor, college students, 32097
prenotification vs personalization vs stamped return envelopes vs follow-up mail questionnaires, response rates, college students, 23901
prescriptive vs personalized instruction programs, reading attitudes & self confidence, college students, 15745
presentation method & response format, responses on Piagetian reasoning problem, college students, 8138
presentation of information on causes of low GPAs, short & long term performance, college students, experimental replication, 32074
previous experience with mental health services, utilization of school psychological services, college students, 23889
primogeniture & birth order & predominance of eldest children, 1st & 4th yr college students, Canada, 6515
prior interracial experience, adjustment to predominantly White college, Black college students, 1-yr longitudinal study, 15835
prior knowledge & comprehension & metacomprehension in reading, implications for classroom instruction with college students, 5209
problems & counseling needs, Black vs White female reentry college students, 10889
program for development of leadership skills, college students, 32023
program for educational awareness of relationship violence & courtship partner abuse, college students & residence hall workers & campus peer helpers, 10887
Project PAIR, promotion of sense of community through performing arts, college students, 26703
proposal of theory of student involvement as quantity & quality of physical & psychological energy investment, college students, 18630
proposal of 2 stage least squares model, estimation of educational production function for college course grades, college students, 15808
provision of living arrangements on college campuses & reciprocal volunteer work in departments of their expertise, retired & elderly professionals, 23732
psychiatric emergencies, college students, 10886
psychiatric issues, female college students, 8102
psychological consultation, athletic team development, college swim team members, 10859
psychosocial factors & academic performance, college freshmen assessed with semi-structured interview, 7972
psychosocial factors & interrupted university attendance, college freshmen, 8023
question type in textual reading, understanding retention of biology concepts, college students, 7912
questioning cueing before reading, reading flexibility & attention allocation in question answering, 4th vs 6th graders vs college students, 10763
racial identity level, self esteem, Black college students, test of W. E. Cross' model of positive shift, 32101
rater-ratee familiarity, halo error in evaluation of instructors, college students, 19025
rater's sex & college type & educational level, rating of teacher effectiveness, college students at good vs average vs poor colleges, 18759
rating instructions & students' affect & self esteem & liking, primacy & recency effects in rank ordering of 4 lecture quality sequences, college students, 10899
rating scale format & rater training & personal characteristics, rating errors in instructor & course evaluation, college students, 18735

rational emotive vs progressive relaxation vs study skills treatment, test anxiety, college students, 2591
reading anxiety scales vs non-anxiety reading measures & prequestions, prediction of reading comprehension & reduction of anxiety, reading-anxious college students, 15915
reading scientific material, change in stereotyped attitudes toward lions & ticks, college biology students, 10784
realistic vs unrealistic criteria for perfomance, studying behavior, college students, 7951
reasons for failure to apply for college admission, students over 21 yrs old who had inquired about mature student matriculation program, England, 2465
reasons for higher education & perceptions of self & family support & employment expectations, female college students aged 50–81 yrs, 15839
recall & manipulation of information in working memory, college students with good vs poor writing skills, 10774
recollection of teacher's & peer's evaluations, self evaluation of communication in classroom, college students, 2482
relationship of construct of academic comfort as assessed with Strong Campbell Interest Inventory to educational level & performance & aspirations & prediction of college major choice, college students, 21510
relationship skills workshop, roommate relationship, college students, 6-wk followup, 31441
relativistic vs dualistic beliefs about nature of knowledge & immature vs mature concepts of prose coherence, college students, 15850
reliability & discriminant validity of institutional integration scales, measurement of academic & social integration, disadvantaged college students, 13180
reliability & validity of Academic Motivation Scale, college students, 29398
repeated measures on same vs different Ss, validity & reliability of investigations of study time, college students, 10850
reported fear of animals, college students who had vs had not taken biology in high school, 2456
residence hall resource teams, cooperation & efficiency in counseling activities, residence hall staff & university counseling center staff & campus ministers, 18756
response-outcome contingency training & expressiveness of instructor, student achievement & causal attribution, college students, 10762
role of extracurricular activities, promotion of cross-race contact from high school to college, White students, 26587
S verbal ability & task instructions, standards of evaluation for expository prose comprehension, college students, 23775
"schooling" socialization process, identity & behavior & mental health, Black primary & secondary & college students, 29316
scores of Rotter's Internal-External Locus of Control Scale, attitudes & values, college students graduating in 1958 vs 1978, Poland, 13106
scores on MMPI & Rotter Internal-External Locus of Control Scale, Ss with chronic low-back pain vs alcoholics vs college students, 1338
self consistency vs self enhancement needs, reactions to performance evaluations on important examination, college students, 13109
Self-Management of Alcohol Consumption of Students program, alcohol abuse, college students, 21141
self questioning vs summarizing, free recall & performance on objective & essay tests, college students, 21313
self report of adjustment problems & academic performance, native vs Malaysian university students, New Zealand, 29310
self report of physical & mental condition & perceived condition of others while taking SAT, reasons for decline in SAT scores over last 20 yrs, college freshmen, 23920
self vs expert assessment procedures, career decision making, college students, 5402
semantic knowledge & problem solving ability & other factors, prediction of computer science course performance, college students, 7981
seminars taught by faculty vs senior undergraduate student, evaluation of seminar content & leader, college students, 13051
sensation seeking & anxiety & antecedents/consequences of drinking & attitudes toward alcohol use, male vs female light vs heavy drinking college students, 1211
sentence meaningfulness & length & presentation mode, sentence-demonstration performance, reading disabled vs nondisabled college students, 9840
severity of depression & propensity to seek help & availability of alternate resources & demographic characteristics, help seeking behavior, depressed college students, 6828
sex & age & time in US, drug use prevalence, Nigerian college students, US, 14454
sex & religion & educational background & residence & major, linguistic attitudes toward English vs Arabic, Arab college students, Jordan, 23819
sex bias, project evaluations by faculty, male vs female college students, 15909
sex differences & religiosity, sexual behavior, unmarried college students, Colombia, 5-yr followup, 6563
sex differences, achievement-related motivation & confidence, college students, 23814
sex differences in mathematics achievement, college algebra students, 23791
sex differences, judgments of morality, college students & their parents, 14002
sex differences, smoking behavior, college students, Nigeria, 6611
sex for grades vs transference as explanatory models of sexual relationships, college students & faculty members, 5316
sex role stereotyping, teacher effectiveness evaluation, college students, 2478
sexual attitudes & behavior, male vs female college students, 1969 vs 73 vs 77 vs 81, 26594
sexual scripts & perceived sexual behavior, premarital coitus, college students, 9470
situational test anxiety & mathematics performance & avoidance & physiological arousal, mathematics anxiety, college students, 8007
smoking & academic performance, smoking vs nonsmoking college students, England, 26583
social & personality factor, development of smoking habit, high school & college students & clerical workers, 3703
social class & religion & study destination, female vs male beginning college students, Northern Ireland, 1973 vs 1979, 12983
social desirability & achievement motivation & attribution of academic outcomes, female vs male high school & college students, Nigeria, 13098
social support networks & value of relationships, disabled college students in wheelchairs, implications for counseling services, 21509
sociocultural beliefs & problems in learning Western psychology, college students, Algeria, 32051
sociodemographic characteristics, resistance to peer pressure to drink, college students, 15852
spontaneous writing, learning disabled male college student, implications for remediation, conference presentation, 10805
stereotypes of Black vs White Americans, Black college students, 1048
strategies for helping students overcome sophomore slump, student personnel administrators, 32194
stress & belief systems & assertiveness training & time management & lifestyle & stress reducers in group weight loss & control program, college students, 29427
stress & reactions to parental divorce, college students, implications for treatment, 8112
stress inoculation training, test anxiety, 50–67 yr old college students, 21481
stress management class, sustained lessening of stress, college students, 1-yr followup, 2411
stress management interventions, college students, 10894
stressful life events & developmental histories & needs & descriptive data, differentiation of students rated by classmates as "high normal" vs "normal" in personality development, college students, Iran, 14541
structural & interpersonal & psychological correlates, successful adaptation to college, Black college students attending White universities, 32075

structured learning skills intervention, long term academic performance by comparison of predicted vs obtained GPA, college students, 3-yr followup, 18558
student role demands & family roles & academic pressure, patterns of alcohol consumption, college students, 3978
students' self evaluation, curriculum development, college students, 15765
study habits & attitudes & locus of control characteristics, college honors students, 32099
study habits, performance on intelligence test with limited vs unlimited time, college students, 2556
study processes assessed by Biggs's Study Process Questionnaire, college students, England, 2588
study skills & self concept, prediction of academic achievement, college students, 5278
study skills programs to aid transitional demands of higher education, 16–19 yr old high school & college students, 2415
subjective & clinical effects & toxicity & diagnosis & treatment, phencyclidine usage, college students, 6609
support group, self expression & coping with academic & social pressures, gifted college students, 26690
systematic desensitization vs self control treatments, test anxiety reduction, test anxious college students, 10229
take-home vs in-class examination, learning performances, college students, 29429
teacher enthusiasm, achievement & evaluation of teacher effectiveness, college students, 21355
teaching characteristics best predictive of overall judgments of teaching effectiveness, high- vs low-performing educational psychology students, 2481
teaching methods for metacognitive awareness & monitoring, adult & college student readers, 15786
teaching of introductory psychology course in traditional college vs nontraditional inner city setting, performance, college students, 2383
temperament, initial adjustment to living in residence hall, college students, 29322
tension, educational & vocational aspirations, college students, 8022
text structure & reader's background knowledge & goals, text processing & memory, college students, 23776
topic-centered group counseling, academic reinforcement & transition, 2nd yr college students in 2 yr liberal arts college, 23919
traditional vs alternate reward system, classroom attendance, college students, 23793
training in balance beam, knowledge of balance rules & understanding of weighted mean, 17–36 yr old college students, 10710
training program, planning & facilitation and evaluation of developmental workshops for college students, undergraduate paraprofessionals, 26484
trait anxiety & use of objectives, state anxiety & academic performance, college students, 13104
trait indecisiveness, vocational uncertainty & career indecision & interpersonal characteristics, college students, 18636
treatment of test anxiety & study problems, college students, 10873
types of experiential learning in colleges, 7963
types of problems presented to university counseling service, residence hall vs commuting college students from different academic years, 32203
unsolicited telephone call, helping interview & extension of orientation by peers, freshmen college students, 29447
use of College Outcome Measures Project, assessment of outcome of traditional vs nontraditional programs, graduating college seniors, 5414
use of computer database to track advisement caseloads & academic progress of students, counseling center advisors, 32155
use of mental health services & prevalence of emotional disorders & suicide rates, college students, US, 8133
use of My Vocational Situation, 23–65 yr old college students, 32184
use of student reaction cards, student feedback & teacher-student interaction in reading/study skills programs & laboratories, college students, 5301
use vs nonuse of SAT scores in admissions practices, prediction of academic achievement, college students, 23915
usual vs reassuring test instructions & anxiety level, cognitive & emotional & physiological factors, test anxious college students, 26684
utility of computerized career information system, college students, US, 16225
utilization of computer assisted instruction in university learning center, students, 32016
utilization of postcoital contraceptive methods, female college students, 11974
validation of classification of attributions of classroom motivation, undergraduate education vs psychology vs graduate education majors vs naive Ss over age 35, failure to support B. Weiner's theory, 15824
validation of 42-item Mooney Problem Check List scale for counseling, college students who sought vs did not seek counseling, implications for student outreach programs, 10898
validity & reliability of Student Developmental Task Inventory-Revised, female college students, 32174
validity of Comprehensive Ability Battery tests, college students, 29417
validity of PPVT as initial screening test, college freshmen & sophomores, 26680
validity of Student Study Time Survey, assessment of study time, graduate & undergraduate students, 13214
value of Nelson Denny Reading Test, measurement of reading comprehension, college students, 15958
variables associated with satisfaction with school performance, 30–49 yr old females entering or reentering college, 21390
verbal ability & heterogeneous vs homogeneous pairing, performance in cooperative learning tasks & individual learning transfer, college students, 32062
verbal instruction alone vs with line drawings & visual vs nonvisual testing & cued vs free recall & order of testing, academic achievement, college students, 5275
view of nations in terms of their current & future affinity of Japan, college students with sociology vs international relations majors, Japan, 26627
views on knowledge & science & ignorance, 14–23 yr old high school vs college students, 32107
violence in dating relationships, college students, 25411
visual-spatial ability, introductory physics achievement, college students, 7982
vocational counseling, university students, Sweden, 15907
vocational guidance, conflicts between employers' demands & individual choices, college students, West Germany, 16015
volunteer work with exceptional children, college students in course on psychology of developmental disabilities, 2384
workshop for enhancement of interpersonal relationships, college student couples, 29439
workshop on role expectations & coping style & joint planning & problem-solving, dual career college couples, 10835
Wrenn Study-Habits Inventory, identification of need for academic assistance, college students, 8106
2nd language attrition, high school & college students, implications for programmatic research, 3093

College Teachers

analysis of definitions of sexual harassment, university personnel, criticism of P. L. Crocker's study, 2330
attitudes toward & practice of writing for publication, college faculty, 26480
attitudes toward college instruction, prediction of attitudes toward student ratings, college teachers, 29122
attitudes toward external degree programs, college faculty, 13001
attitudes toward merit pay, arts & sciences vs business college faculty members, 13008
attitudes toward teaching & students & school administration, part-time teachers of management courses, 12991
attitudes toward university-sponsored death & dying symposium & its effects, 18–58 yr old college students & faculty, 21298
availability & attitudes toward counseling services for college athletes, athletic directors & counseling center directors, 26679
awareness & perceptions & knowledge of counseling center services, faculty & college students, 29421
Black educators, educational change & instillation of morality, college students, 13005

career socialization experiences & current career attitudes, 3 generations of highly active vs regular faculties, 10661
choice of professors as role models & mentors, male vs female college students, 8010
clinically based instruction in teaching skills &/vs writing productivity, teaching ability & scholarly productivity, self reported blocked writers & distressed teachers on college faculty, 31966
cognitive behavior modification program & 1-hr presentation on working with Type A personality, coronary prone college faculty & their support staff, 10896
cognitive-behavior modification with vs without assertion training, Type A behavior & related characteristics, college faculty, 6-mo & 1-yr followups, 31479
communication in terms of invisible college hypothesis & work patterns, 30–70 yr old prolific scholars in psycho-educational research, 23726
communication problems in advising & counseling, college students & professional faculty, 8141
computer-generated formative vs professor evaluation, anxiety, college students, 16227
congruence between teacher & student field dependence-independence, student academic achievement, community college students & their instructors, 5309
construct validity of teaching effectiveness measures, college teachers, 21472
construction of instructor/course evaluation instrument, college students, 32162
contingent approach to strategy & tactics in formative vs summative program evaluation, assessment of modifications to teacher education curriculum, teacher educators & evaluators, 23698
correlates of scholarly productivity, 27–69 yr old faculty members of doctoral level counseling psychology training programs, 31925
demographic data & interracial interactions & attitudes & job characteristics, White faculty members at Black colleges, 31994
discouraging factors of writing & measures for improvement, academicians, literature review, 18532
distribution of behavioral science faculty in medical schools, 1968–69 vs 1978–79, 7838
economic & noneconomic factors, prediction of voting preferences in union representation election, college faculty, 23727
expectations of learning disabled students, college teachers, 7879
explanations for decision to accept or reject early retirement option, university faculty, 29131
factor analysis of student ratings of college instructors, college students, 8121
factors affecting voting behavior in union decertification election, university faculty members, 2331
Faculty Fellows Project, faculty-student interaction in student residence halls, college students & faculty, 26618
faculty sex composition, job satisfaction, 25–65 yr old female college teachers, 15697
history of & need for reform of publication & academic tenure process, 31980
locus of control & level of conflict as correlates of immortality orientation, 35 vs 45 vs 55 vs 65 yr old college professors, 6682
marital dysfunction in academic setting, 9415
model 1 vs model 2 Theory-in-Use governing values, reaction to Recommendations for Learning report of National Study into Future of Higher Education, college teachers, England, 2338
motivations to conduct & pressures from & satisfactions with academic research & number of publications, college students, 1973–83, 31995
multiple audience rating form strategies for evaluation of college teaching, college students, 15959
multitrait-multimethod matrix, measurement of faculty teaching & research competence, 23705
neutral third party, academic negotiations & campus climate, community college administrators & union faculty members, 26479
oral instruction of faculty vs administrative use of course evaluations, global course & instructor items, college students, 15928
organization of emeritus college for utilization of skills & experience & knowledge, retired professors, 31964
organizational characteristics, sex discrepancies in faculty employment, university vs college professors, 18527
perceived advantages of growing older, college students & faculty working with elderly, 30380
perceived burnout, male vs female college athletic coaches, 21256
perceived change in unionized vs nonunionized campus functioning, college faculty, 18515
perception of self & social role, college professors, Brazil, 13009
perception of student teachers' competence, student teachers vs university supervisors vs sponsor teachers, 23724
perceptions of academic requirements, Black college staff & students, South Africa, 18520
perceptions of competency of psychology graduates, employees & faculty & 3rd-yr college students, Australia, 10649
perceptions of mathematics lecturers, college mathematics students, Papua New Guinea, 15825
physical attractiveness & sex of ratee & previous performance, judgments in academic performance appraisal context, college faculty, 2322
predominantly female occupations, academic sexism, 15701
presence of faculty union, pay & job satisfaction, college faculty members, 2345
procedures & barriers & attitudes toward academic writing, arts vs sciences university professors, Canada vs UK, 12997
ratings of student teaching performance, college supervisors vs supervising teachers vs elementary school students, 13207
reactions to retirement, 59–73 yr old professors from liberal arts vs comprehensive colleges vs major research university, 2335
research statistics & student ratings of teaching ability, promotion & salary decision, senior psychology faculty members, 18545
response rates to requests for information on salaries, full-time university faculty, 5171
response to career disruption, doctorate level faculty who were denied tenure vs terminated vs underemployed, 32000
self assessment of competence & skill in in- & outpatient treatment, 1st vs 2nd vs 3rd yr internal medicine residents vs medical school faculty members, 18428
seminars taught by faculty vs senior undergraduate student, evaluation of seminar content & leader, college students, 13051
sex & rank & departmental affiliation & student evaluations, prediction of teaching performance, college teachers, 23709
sex bias, project evaluations by faculty, male vs female college students, 15909
sex for grades vs transference as explanatory models of sexual relationships, college students & faculty members, 5316
sex role traditions, attitudes toward pre- & post-retirement experiences, male vs female emeriti officers in urban university, 18542
sex, type of appointment vs tenure vs rank vs salary, administrators & faculty of public comprehensive college, 15694
sources of resistance to management-by-objectives, college teachers, 26508
strategies for creation of incentives for teaching underprepared students, college teachers, 31963
stress in academia, public vs private university faculty, 21264
students' perception vs Os' ratings of college teachers' ability, 2581
teacher enthusiasm, achievement & evaluation of teacher effectiveness, college students, 21355
tenure & productivity & academic freedom, 21271
territoriality in seat-taking, college faculty members, 13016
Type A personality & self efficacy & performance goals & work on multiple projects, research productivity, college faculty, 10682
videotape of male vs female actor giving lecture using expressive vs nonexpressive communication, teacher evaluation ratings, male vs female college students, 18529
work satisfaction & personality & stress management techniques, stress, accounting educators, US, 29154

Colleges [See Also Community Colleges]
academic institution quality ranking by psychologist J. M. Cattell published in 1910, 8343
American Council on Education Fellows Program, ascent toward administrative posts, women & minorities, 16008
analysis of computer-assisted testing system for college assessment resource center, 29441
attitudes toward disabled persons, employed collegiate coordinators for disabled students, 10668
attitudes toward grade inflation, deans of colleges of education at private & public institutions, 13020

career guidance in continuing & higher education institutions, UK, 32199
college enrollment, high school seniors from public vs Catholic vs other private schools, 7852
comparison of alcohol-related policies & data & services for students, colleges, US, 1979 vs 1982, 18513
content & structure of career center & cooperative education program at the American University, college students, US, 26725
convergent & discriminant validity of ratings on Employee Problem Appraisal Form of common presenting problems at college counseling center, college employee clients vs school counselors, 5421
delineation of psychological knowledge transmitted by universities & impact on development, Kuwait & Qatar & Saudi Arabia & Bahrain & United Arab Emirates, 10655
development of Department of Psychiatry at McGill University, Canada, 28540
elements & issues in management planning process in organizations & academic institutions, 10670
history & goals of American College Personnel Association, 21190
history & philosophy & organizational & financial structure & programs of university child care centers, 5389
history & structure of Institute for Social Research at University of Michigan, 25386
involvement of university in campus child care center, 5365
management philosophy of Institute of Extra Mural Studies, creation of university environment in remote areas, Lesotho, 31990
models of data-based consultation in student affairs organizations, 10885
open entry to universities, New Zealand, 5163
organization of emeritus college for utilization of skills & experience & knowledge, retired professors, 31964
organizational characteristics, sex discrepancies in faculty employment, university vs college professors, 18527
paradigm concept & development, scientific communication & performance, university biology, chemistry & physics researchers, 12886
parent education in campus child care centers, 5403
perceived change in unionized vs nonunionized campus functioning, college faculty, 18515
perceptions of university counseling center functions & institutional size, counseling center directors, 10838
preparation for college admissions essay by guidance counselors or teachers, 11th–12th graders, 5375
preventive psychiatry & mental health promotion on college campuses, 8101
principle of free speech in university communities, 30558
provision of living arrangements on college campuses & reciprocal volunteer work in departments of their expertise, retired & elderly professionals, 23732
role in higher education counseling & guidance, professional careers advisers, UK, 26723
role in science, government vs colleges vs industry, 18911
roles & functions of chairperson of department of psychology, psychologist, 10681
sex & race & inside vs outside appointment & proportional representation, institutional selection patterns & trends, chief student affairs officers, 29116
stress & stress management, university & college campus police, 13012
suggestion of combined government & industry & college support of basic scientific research, 18912
support of university-based research & training by National Institutes of Health, 18914
survey of peer counseling activities in colleges, US & Canada, 13220
teaching experiences at predominantly Black college, 8004
use of human development theory in professional work, entry level college student personnel administrators, 26494

Colombia

attitudes toward self vs foreigners, college students, Colombia vs Venezuela, 1973 vs 1980, 30606
development of extension urban health center for cost efficiency & use of auxiliary nurses, self-rated improvement & adjustment, patients, Colombia, 26269
psychiatry & therapeutic trends, Colombia, 23140
sex role attitudes, working class married females, Colombia vs US, 17272

Colon Disorders [See Also Colitis, Constipation, Diarrhea, Fecal Incontinence, Ulcerative Colitis]

perception of stigma, rectal cancer patients, 25863
phantom rectum syndrome, 34 yr old female who was operated on for rectal cancer, 31262
psychosomatic & social & genetic factors in etiology & treatment, peptic ulcers & irritable bowel syndrome & inflammatory bowel disorders & anorexia nervosa, 4386

Color [See Also Achromatic Color, Hue]

brightness of red & orange & green stimuli, foveal visual EPs, 25–35 yr olds, 16648
change in substance from fluid to solid, toxicosis-associated color & flavor aversions, leghorn chickens, 3182
color & lighting & midrange ultraviolet lighting, absence due to illness, elementary school students, longitudinal study, 13125
color & luminance, Mueller-Lyer illusion, college students, 5739
color cues, discrimination learning, mentally retarded 27–44 yr olds, 9835
color, detection rates in instrumental visual displays, 5751
color, emotional responses, college students, 13719
color, epileptogenesis, 12–48 yr old photosensitive epileptics, 28402
color harmony & scaling of color preferences on interval or ratio scale, 5th graders & college students, 19848
color in dreams, psychoanalytic patients, 7253
color, luminance-difference thresholds for subjective contours, humans, 290
color preferences, perceived potency of medication capsules of various hues, males & females with mean ages of 26.3 & 24.1 yrs, implications for patient compliance, 2998
color, visual discrimination of geometric symbols, severely & profoundly mentally retarded Ss with mean age of 23.2 yrs, 9852
color vs black & white visual displays, bombing & landing performance in 2B35 TA-4J flight simulator, US Navy instructor pilots, 29566
colored-letter synesthesia, 25 yr old female, 8474
construction & reliability of objective eye color chart, college students & spouses, 2802
description of nongustatory stimuli in terms of 4 primary tastes & colors, college students, psychophysical measurement implications, 5703
direct photographic recording of ocular monochromatic aberration using crossed-cylinder aberroscope, humans, 16276
elicitation of basic color terms & lexico-semantic development, Japanese-English bilingual 10–11 yr olds, 14111
environmental & lighting design based on psychodynamics of color, disciplinary problems, elementary school students, longitudinal study, 13124
Eysenck's theory of personality, aesthetic preference for colors & shapes, 4078
familial sinistrality, speed of color naming, female vs male 5–7 yr olds, 16982
female reproductive coloration, male sex recognition, lizards, 27237
full color vs black & white wide screen flight simulator, bombing & landing performance, US Navy & Marine Corps pilots, 18878
hemispheric asymmetry in "chromesthesia" involving color images & auditory stimuli, degree of listening enjoyment, college students, 16434
intelligence & speed of color naming, male vs female 5–7 yr olds, 16955
interocular transfer & dark adaptation to long-wave test lights, 25–32 yr old males, 24382
isolation by color, recall of printed words, Ss with mean age of 9 yrs vs mentally retarded Ss with mean age of 18 yrs, 9866
knowledge of others' choices in same situation, explanation for target person's reactions to tasks involving color evaluations, college students, 19219
luminance of blue vs green vs yellow vs red vs white colors, CFF, 27 & 37 yr olds, 24380
manifold model of color perception vs Munsell solid, evolution of color terms, criticism of H. Zollinger's explanation, 30344
object category, individual differences in judgment of architectural color, 1–25 vs 26–40 vs 41–60 yr olds, 13369
perceptual categorization of color, 3 vs 4 vs 18–22 vs 66–89 yr olds, 941

position of focal colors in Munsell solid & diachronic & synchronic linguistic data, evolution of new basic color terms, 30345
presentation mode & color, teaching visualization of rotation in diagrams of molecular structure, 15–16 yr old high school students, 26551
red-green vs blue-yellow vs gray-white color combinations, performance on Embedded Figures Test, 15–25 vs 40–50 vs 65–75 yr olds, 25083
room temperature & wall color, psychological comfort, interior design college students, Japan, 32341
selective attention to color vs location, event related EPs, 19–39 yr olds, 24652
sexual differentiation & sexual inequality via color codes in dress, males vs females from birth through formal education, Spain, 850
short term memory for colors vs color names without vocalization, college students, replication of previous experiment, 11342
stimulus size & eccentricity & color, N100 & N130 amplitudes in pattern onset visual EPs, human Ss, 19457
test performance on nonverbal color association, 8–12 yr old dyslexic vs 3–8 yr old normal children, 25739
validity of Luscher Color Test, assessment of personality, male vs female college students, 154
variations in pure color & luminance grating stimuli, spatial frequency tuning of striate cortex V1 neuron responses, macaques, 8829

Color Blindness

age & sex & performance time & intelligence & academic achievement, typical & atypical errors in pseudoisochromatic plate tests of color vision defects, 8–14 yr olds, conference presentation, 25895
age, performance on Farnsworth Dichotomous Test for Color Blindness, 10–70 yr olds, conference presentation, 25782
bleaching, dark-adaptation thresholds, complete rod monochromat, 19213
clinical color vision testing, conference presentation, 25898
clinical utility of color matching of purple, Ss with congenital & acquired color vision deficits, conference presentation, 25911
color blindness, alcohol consumption, 18–70 yr old males, 7057
color matching equations, diagnosis of color vision deficits, conference presentation, 25899
correlations between visual EPs & chromatic saturation psychophysical functions, protan vs deutan vs normal vision Ss, conference presentation, 24395
development & evaluation of portable anomaloscope, diagnosis of color vision defects, conference presentation, 25780
development & evaluation of pseudoisochromatic plates, identification of color vision deficits, conference presentation, 25934
development & evaluation of Saturation Discrimination Test, assessment of color perception along tritanopic confusion line, 10–76 yr olds with congenital vs acquired color vision defects, conference presentation, 25880
device to measure strength & decay of McCollough effect, testing for neuroophthalmological disease & visual fatigue & color defects, conference presentation, 25948
evaluative selection of color vision test batteries, conference presentation, 25833
familial genetic aspects of color vision defects, males, conference presentation, 25953
foveal color vision defect, 59 yr old with congenital stationary night blindness, conference presentation, 25958
heterochromatic brightness matching, color vision deficient Ss, conference presentation, 25907
large field mesopic color matching performance, deuteranopes, conference presentation, 25920
light absorbance spectra of photoreceptors of enucleated eye & relation to psychophysical functions of color vision, 75 yr old male deuteranope, conference presentation, 25881
monocular vs binocular presentation of Farnsworth-Munsell 100-Hue Test, color vision scores, healthy Ss vs multiple sclerosis patients, conference presentation, 25923
objective & quantitative evaluation of Farnsworth-Munsell 100-Hue Test, assessment of color vision defects, conference presentation, 25845
ocular & macular pigment absorption, loci of chromaticity neutral points, protanopes vs deuteranopes vs tritanopes, conference presentation, 25847
Pickford-Nelson anomaloscope, assessment of color vision & validity of 4 pseudoisochromatic tests, 4–11 yr old males, 3651
practical aspects of metameric matches in diagnosis of color blindness, conference presentation, 25910
Rayleigh color matching equation, Ss with acquired color vision defects resulting from optic nerve & retinal disease, conference presentation, 25871
revision of 3-Light Test, diagnosis of color vision deficits, conference presentation, 25817
Rodenstock test disk, diagnosis & differentiation of color vision deficits, Ss with protanomalous vs deuteranomalous vision vs protanopia vs deuteranopia, conference presentation, 25947
screening & diagnostic & scoring efficiency of City University Colour Vision Test, protanopes vs deutanopes vs tritanopes, conference presentation, 25778
screening & diagnostic & scoring efficiency of Standard Pseudoisochromatic Plates vs New Color Test of Lanthony, screening & differentiation of color vision defects, conference presentation, 25779
small vs large field color matching performance, deuteranopes & protanopes, conference presentation, 25840
spatial summation, protanopes vs deuteranopes, conference presentation, 25803
spectral response pattern of electroretinogram, normal vs deutan vs protan Ss, conference presentation, 25943
transient color blindness associated with cerebral ischemia, 58 yr old patient, conference presentation, 25915
validity of color vision test OSCAR, classification of color deficiencies, deutans & protans & anomalous trichromats, conference presentation, 25795
validity of various color vision deficit tests, 18–61 yr olds with acquired color vision deficits, conference presentation, 25924
viewing time restriction on City University Colour Vision Test, red/green color defective males, 4522
visual flicker sensitivity, 18–40 yr olds with red-green color blindness or Vitamin A deficiency or other pathologies, conference presentation, 25877
visual stimulus size, color vision, Ss with acquired color vision defects, conference presentation, 25870
wavelength discrimination & spectral sensitivity & color matching performance of fovea & at eccentricities in peripheral retina & relationship to congenital color blindness, adult Ss, 29875

Color Constancy

color constancy under phases of daylight vs primary color light source, human Os, 5719
magnitude of pattern contingent color aftereffects, 6 vs 8 vs 10 vs 20 yr olds, implications for development of perceptual learning, 30414

Color Contrast

dichoptic metacontrast masking, monoptic chromatic induction & role of central nonretinal mechanisms, experienced Os, 8509
hue shifts, color discrimination, normal Ss, 294
White vs monochromatic background surround, flicker fusion spectral thresholds, humans, implications for cone-cone interaction & independence of achromatic & chromatic channels, 16413

Color Perception [See Also Color Constancy, Color Contrast]

Abney effect, 25–32 yr olds, 3104
absence of luminance component in difference stimulus, color discrimination, test of vector-difference hypothesis of color discrimination as based on line-element theory, 27126
adaptation to dim long wavelength background, relative supersensitivity in red-green & yellow-blue equilibrium hues, human Ss, implications for mechanisms other than cone sensitivity & postreceptor effects, 8517
adaptation to red-vertical & green-horizontal stripes, orientation-contingent & chromatic aftereffects, pigeons, 30012
age & disease duration & blood glucose, scores on Farnsworth-Munsell 100-Hue Test for Examination of Color Discrimination, 20–82 yr old diabetics, prognostic implications for retinopathy, conference presentation, 25867
aging & figure ground complexity, performance on color vision tests, 20–79 yr old females, 19861
ambiguous stimuli, color-contingent organizational aftereffects, college students, 19215
brief or flickering vs long-steady test preparation, interocular transfer of chromatic effect, human Ss, 29842

brightness of red & orange & green stimuli, foveal visual EPs, 25–35 yr olds, 16648
chromatic vs achromatic mechanisms, detection & discrimination of small brief lights, naive vs experienced Ss, 5711
clinical utility of transient tritanopia effect, localization of site of retinal damage, patients with various eye diseases, conference presentation, 25838
color & luminance contrast, parvocellular & magnocellular cells in lateral geniculate nucleus, rhesus monkeys, 587
color-dependent errors in performing urine glucose test, 19–75 yr old diabetics with vs without color vision deficiencies, conference presentation, 25784
color discrimination, mentally retarded 30–82 mo olds & 91–154 mo olds with Down's syndrome, 20456
color-opponent r–g units of X-cell pathway, spatial & spectral sensitivity, primates, 567
color perception, infants, comments on article by M. H. Bornstein, 22356
color rendering index of light source & color contrast of stimulus, visual acuity, 16121
color selectivity & unique binocular color detectors & tilt aftereffect, 18–43 yr olds, 19204
color-specific discrimination training on only or both matching-to-sample & oddity-from-sample, categorical coding of colors from different tasks, pigeons, 24560
color vision & perception, infants, reply to comments by J. S. Werner & B. R. Wooten, 22306
color vision, 65 yr old with unilateral nuclear cataract, conference presentation, 25957
color visual function, diabetics less than 2 yrs old to 31 yrs old, 17-yr longitudinal study, conference presentation, 25786
contralateral & binocularly fused chromatic adaptation, color perception, 21 & 22 yr olds, 24430
contrast-induced brightness, perception of colors of monochromatic lights, 27111
correlations between visual EPs & chromatic saturation psychophysical functions, protan vs deutan vs normal vision Ss, conference presentation, 24395
CRT display saturation & contrast & field size & adaptation level, color discrimination under conditions of ambient illumination, 18881
development of algorithms, color perception by computers & humans, conference presentation, 104
dichotomy of psychophysical responses, 9–36 yr olds with retrobulbar neuritis, 4387
duration of chromatic vs achromatic stimuli, dichoptic masking, human Ss, 8476
duration of short vs long wavelength vs achromatic stimuli, colorimetric purity thresholds as measure of temporal integration functions of cone mechanisms, human Ss, 8518
effective length of isotemperature lines on Commission Internationale de L'Eclairage Uniform Chromaticity Standard diagram, 5663
electroretinogram & visually evoked cortical potentials in studies of electrophysiology of color vision, conference presentation, literature review, 24695
electroretinographic indices of color vision variations, monkeys, conference presentation, 24655
experimental design & psychophysical method & inspection procedure, measurement of orientation-contingent color aftereffects, college students, 2787
exposure to achromatic grids & colored field, aftereffects, college students, 11301
flash timing & spacing of like- vs unlike-colored mates, perception of apparent motion, 27114
foveal & extrafoveal distribution of macular pigment, humans, conference presentation, 24420
geographic & individual differences, color perception, feral squirrel monkeys from Bolivia vs Columbia vs Guyana vs Peru, 24528
glaucoma damage, color vision deficiencies, 20–84 yr old patients, conference presentation, 25929
hue shifts, color discrimination, normal Ss, 294
illuminance level, red-green vs yellow-blue opponent-color responses, human Os, 29841
illuminance level, scores on Panel D-15 Desaturated D-15 vs H-16 Panels of Farnsworth Dichotomous Test for Color Blindness, Ss with senile macular degeneration, conference presentation, 25781
intensity relationships, perception of transparency with achromatic colors, volunteer Ss, test of F. Metelli's model, 11282
light wavelength & intensity, perceived color, implications for trichromatic theory, 21834
luminance & adaptive state, additivity of small-field short-wavelength light color matches, dichromats, 27119
manifold model of color perception vs Munsell solid, evolution of color terms, criticism of H. Zollinger's explanation, 30344
mesopic visual acuity & color vision & threshold sensitivity of central retina, 29–65 yr old patients with slight macular degeneration, diagnostic & treatment implications, conference presentation, 25940
nonlinear codes for opponent yellow/blue mechanism, adult Os, 24397
object & color incongruence, Stroop color/form perceptual interference, 19–35 yr olds, 21839
pattern & movement & color processing in visual cortex, macaques, 3140
patterned color vs black & white stimuli, visual EPs, conference presentation, 24648
perceptual conjunction errors, illusory conjunctions, college students, 13689
peripheral color vision, bibliography, 27101
physiology of color vision, 13803
pi-mechanisms & color increment thresholds, humans, 3287
Pickford-Nelson anomaloscope, assessment of color vision & validity of 4 pseudoisochromatic tests, 4–11 yr old males, 3651
position of focal colors in Munsell solid & diachronic & synchronic linguistic data, evolution of new basic color terms, 30345
preference for color vs form in discrimination task, 25–80 yr old left- vs right-brain-damaged aphasics, 1677
presence & development of retinal drusen & color vision deficiencies as indication of potential subsequent macula degeneration, patients over 50 yrs old, conference presentation, 25949
presence of color-sensitive visual pigment, phototactic archaebacteria, 27334
presentation of congruent vs incongruent color words, role of awareness in color naming task performance, 16–30 yr olds, 29836
psychophysiological & neurophysiological & color perception studies at Neurophysiological Laboratory of the Institute of Defectology, visually impaired, USSR, 23012
radiance of monochromatic surround, perception of black in central annulus & relation to spectral luminosity, humans, implications for achromatic & chromatic channel independence, 16419
rainbow as pure visual illusion, 19190
ratio of luminances among surfaces in room & its furnishings, achromatic color perception, college students, 24399
retinal detachment surgery, color discrimination deficiencies, patients, conference presentation, 26227
role of blue fundamental in foveal color-matching functions, 8497
same vs different color stimuli, RT for discrimination & matching within & between hues, Os, 19188
Sapir-Whorf hypothesis & color perception, 3546
severity of retinopathy, scores on Farnsworth-Munsell 100-Hue Test for Examination of Color Discrimination, insulin-dependent vs nondependent diabetics, conference presentation, 25868
shape of matching field & duration of stimulation, color matching functions & chronicity coordinates, conference presentation, 24438
spatial frequency channels as aid to attention shifts in vision, comments on A. R. Gellatly's experiments, 29847
spatial frequency of equiluminous red-green & blue-yellow drifting sine-wave gratings, perceived velocity of grating & role of luminance & chrominance, humans, 16410
spatial properties of red/green & yellow/blue perceptual opponent color response, humans, 24434
special sensitivity of red & yellow retinal fields, pigeon, 24693
species differences, color perception, squirrel monkeys, 29986
spectral properties of retinal ganglion cells & neurons of geniculostriate pathway, color vision, monkeys, conference presentation, 24638

spectral response pattern of electroretinogram, normal vs deutan vs protan Ss, conference presentation, 25943
spectral sensitivity, goldfish, implications for cone mechanisms, 30090
stimulus duration, detection by chromatic vs achromatic system, college students, 24429
study of speech perception using primary color associations, 11–14 yr old students, 30431
subadditivity & superadditivity in heterochromatic brightness matching, 23–28 yr olds, 333
temporal modulation sensitivities of red- & green- sensitive cone systems, protanopic vs deuteranopic vs normal 20–36 yr olds, 29853
test field size, color discrimination, 1 vs 3 mo olds, 30468
test stimulus duration & adaptation level, temporal integration in W. S. Stiles's blue-sensitive pathway, trichromatic vs dichromatic Ss, 8489
theory of color perception, infants, reply to comment in article by M. H. Bornstein, 22357
type of object described, color preference ratings, college students, 28083
validity of City test vs 100-hue test, diagnosis of color deficiencies, 16–62 yr olds with normal vs impaired color vision, 27036
visual preference for color over form, male vs female 16 yr olds, Nigeria, 16994
wavelength & retinal illuminance of lines added to Ehrenstein pattern, neon color effect, 29840
wavelength discrimination & spectral sensitivity & color matching performance of fovea & at eccentricities in peripheral retina & relationship to congenital color blindness, adult Ss, 29875
White vs monochromatic background surround, flicker fusion spectral thresholds, humans, implications for cone-cone interaction & independence of achromatic & chromatic channels, 16413

Colostomy
emotional & physical adjustment, ostomy patients, 31601
ostomy surgery, body image & perceived sexual attractiveness, 23–71 yr old patients, 12704
perception of stigma, rectal cancer patients, 25863
phantom rectum syndrome, 34 yr old female who was operated on for rectal cancer, 31262
psychic factors & long term psychosocial adaptation, colostomy & ileostomy patients, 7545
psychological & social functioning pre- vs post-stoma surgery, patients with cancer & colitis & diverticular disease, 18204

Coma
atropine coma therapy, mentally ill patients, followup study, 4556
family's personal account of family member in coma for 45 days following sporting accident, 1645
hyperammonemic coma, brain damage & cognitive function, 12–74 mo olds with inborn errors of urea synthesis, 9980

Comfort (Physical) [See Physical Comfort]

Commerce [See Business]

Commissioned Officers
ability to recognize & response to & recommended treatment, battle stress reaction, US Army medics & officers & enlisted personnel, 1464
adjustment to postgraduation roles as officers, 1st women to graduate from US Military Academy at West Point, 16115
attitudes toward Army & Army programs & benefits & duty environment, career intentions, officers & enlisted personnel, 8233
development of Precommissioning Leadership Assessment Program, gauge of leadership potential, applicants to US Army precommissioning programs, 8184
minority status & health risks, Black vs White male vs female US Navy officers, 1331

Commissurotomy
analysis of split-brain insanity defense, 1111
corpus callosum lesions, unilateral neglect, monkeys, neurosurgical implications for unilateral brain damage, 6089
cross-comparison of simultaneously presented bilateral visual stimuli, commissurotomized patients, 8799
infrequency of right-hemisphere language capacity, human split-brain cases, reply to criticism of J. J. Myers, 27354
numbers & letters presented to left vs right visual field, naming of stimuli, forebrain commissurotomized patients, 8800
sectioning of posterior corpus callosum, binocular interaction of single neurons in cortex Areas 17 & 18, cats, 24773

Commitment
attitudes of commitment, therapist's feelings of hopelessness, male & female psychotherapy patients, 20716
attitudes toward Army & Army programs & benefits & duty environment, career intentions, officers & enlisted personnel, 8233
capacity for commitment as therapeutic task, comments on article by L. Tirnauer, 20700
commitment & purchasing decisions, sales people, 26843
commitment generation conceptual framework, sociological explanation for therapeutic success of Alcoholics Anonymous, 28982
commitment to self vs ego, psychotherapy patients, 20712
committed vs uncommitted psychotherapy patients, comments on D. S. Doane's article, 20780
comparison of French translation of commitment questionnaire by R. T. Mowday et al & J. D. Cook & T. D. Wall's commitment scale, assessment of organizational commitment, 17–19 yr old cadets, 11169
defensiveness, progress in psychotherapy, schizoid patient, comment on N. James's article, 20747
dynamic commitment design in group therapy, reversal of stagnation, involved vs uninvolved participants, 23204
ego identity & commitment age & recent life change stress, 27–34 yr old Roman Catholic professional men, 19922
Eriksonian life cycle personality development analysis, uncommitted psychotherapy patients, comment on article by S. R. Heyman, 20710
fear of commitment to psychotherapy & life, psychotherapy patients, 20721
fear of death & religious commitment, 18–30 yr old Jewish males, Israel, 27909
feelings of insecurity as 16th psychotherapist, psychotherapist of 43 yr old female with borderline personality, 20737
identity status & crises & commitment, male vs female college students, 2472
illustration of A. Angyal's holistic view, neurotic complaint of obsessive-compulsions as "pattern of noncommitment", 37 yr old neurotic male psychotherapy patient, 20773

role in Third World development projects, psychologists, 12963
social & attitudinal & knowledge factors, senior center utilization, Blacks aged 60 yrs old & older, 4896
social & psychological characteristics, rural vs urban daycare program participants aged 50 yrs & over, Canada, 10417
spousal & community social support, anxiety & depression & mobilization & general mental health, mothers of preschool & school age children, 25290
strategies in helping families with special needs, 4902
survey of New York's community residences for developmentally disabled, 9598
survival skills workshops, decreased social dependency & increased reentry to education & work settings, low-income & minority urban females, 10419
training curriculum & approaches, respite care providers, 5136
use of noncommercial promotional strategies, enhancement & maintenance of utilization of telephone support service, ex-smokers, 12868
use of Title XIX waiver provision, community program planning & promotion of deinstitutionalization, 12752
Community Welfare Services
Fuzzy Quantification Theory Type II, analysis of structure in consciousness of volunteers, urban females, Japan, 2069

Commuting (Travel)
types of problems presented to university counseling service, residence hall vs commuting college students from different academic years, 32203
Companies [See Business Organizations]
Comparative Psychiatry [See Transcultural Psychiatry]
Comparative Psychology
acquisition of concepts through symbolic matching of 2-word name, chimpanzees, 16515
associative learning to obtain water by barpressing following ad libitum water access, pack rats from barren & rocky terrain vs those from moist habitats, implications for behavioral economics, 5848
comparative approach to genetic determination & physiological correlates, sensation seeking, humans, 8743
definitions & research paradigms in neuroethology, vertebrates, literature review, 27360
encouragement of new types of cross cultural comparative research, conference presentation, 29678
epistemological legitimacy of ascribing mentalistic states to animals & machines, comments on article by M. Boden & A. Sloman & J. Margolis, 16224
evolutionary trends & origins & comparative psychology theory, 3254
exposure to odor of pig sex pheromone, ratings of photographs of human male stimulus & mood, college students, 6571
food recognition task, test of convergence of human & nonhuman memory strategies, rats, 5865
object manipulation, human vs chimpanzee infants, 6330
object permanence, animals at various zoological levels, 5850
perceived variability & symbol use, common language-cognition interface, chimpanzees vs children, 5855
proximity seeking, exposure to objects & social events & species & individual differences, human & animal infants, literature review, 6367
theories of I. Meyerson, history & time & human mind, 5531
Compatibility (Interpersonal) [See Interpersonal Compatibility]
Compensation (Defense Mechanism)
self healing strategies to compensate for basic disorders, 20–52 yr old schizophrenics in remission after acute episode, 7157
Compensatory Education
affective characteristics, prediction of preschool achievement, female vs male 3.11–4.11 yr old children of migrant workers, implications for preschool program planning, 23779
court ruling on claim for compensatory education by handicapped child, case law, 14329
high school GPA & College Board Scholastic Aptitude Test scores, prediction of freshman GPA, freshmen regularly admitted vs in developmental studies program, 2559
remediation & compensation/accommodation education, learning disabled elementary & secondary school students, 5324
view of child's failure in parent vs compensatory education & working class mothers, Israel, 2427
Competence
academic & social competence vs incompetence, behavior problems, 2nd–6th graders, 14766
accuracy of eyewitness in recall & identification of criminal suspect & attitudes, young adults vs elderly, 22539
adaptive processes of coping & defending & mastery, 14586
assessment of competence, social workers, 7812
attitudes & competence, participation in psychoeducational decisions, 7–20 yr old students with learning & behavior problems, 21448
capacity to make wills & undue influence, case law, 14356
cardiovascular responsivity to behavioral role play test of assertiveness, social competence, 19–45 yr old borderline hypertensives, 23006
child's behavior pattern & gender & grade level, perception of teacher & parent competence, mothers vs fathers vs teachers of kindergarten through 5th graders, 15713
cigarette smoking, perceptions of health & self esteem & social contacts, severe cigarette smokers, implications for theory of subjective competence, 9475
clinical judgment & problem solving processes, development of working knowledge of clinical problem solving competence, male vs female 23–40 yr old mental health clinicians, 18418
cognitive competencies, aggressive behavior, kindergartners to 2nd graders & 4th–6th graders, longitudinal study, conference presentation, 25041
cognitive competency vs preference construct of field dependence/independence, 9571
cognitive functioning & early experiences, competence & persistence at mastery tasks, 13 mo olds, 6334
communicative competence in sociolinguistic area, kindergarten students, 14062
community-building activism & competence, females, literature review, 17271
competence & right to refuse antipsychotic medication, involuntarily committed mental patients, case law, 3897
competence & socioeconomic deprivation & caste system, cognitive performance & persistance, 12 & 13 yr olds, India, 30473
competence to give informed consent to medical procedures, male nonpsychiatric hospitalized patients with mean age of 59.1 yrs referred for psychiatric consultation, 2066
competency & undue influence in sale of real estate & execution of deed & signing of promissory note & making of will, case law, 3904
competency as witnesses & jurors, mentally disabled, case law, 3873
competency assurance, psychologists, 12976
competency of nursing home residents to testify in voting fraud case, case law, 14315
counselor's self disclosure, client's impression of counselor's empathy & competence & trustworthiness, college students, 25988
cross cultural differences, adult competency standards governing child socialization, 6506
cultural-ecological model of childrearing practices & development of competency, 27948
decisional competencies & expert resolution problem in uncertain dichotomous choice model, 29930
definition & performance-based assessment of social competence, handicapped preschool students in special education class, 18707
development & reliability & validity of social competence survey, socially rejected vs adaptive 3rd–5th graders, 26686
development of doctrine of testamentary competency, implications for role of expert witness in cases involving wills, 27978
development of spontaneous mastery measure, prediction of functioning over 6-mo period, 12 mo olds retested at 18 mo of age, 16330
downward extension & factor analysis of Perceived Competence Scale for Children, measurement of perceived cognitive & physical competence & peer & maternal acceptance, 1st–2nd graders, 13558
ethical guidelines to determine patient competence for informed consent, medical & psychiatric patients, 31325
ethical issues & models for evaluation of patient competence to refuse treatment, nursing, 12711
framework for assessment of competence based on course objectives, social work students, UK, 12905
guardianship & conservatorship, case law, 3845
handicapping conditions, social competence, infants & preschoolers, 17407
histories & court decisions, right to privacy & prolongation of life & patient competence, K. Quinlan vs C. Conroy, 11941
locus of control & parental influences, perceived competence, 5th–8th graders, 27816
managers' specialized vs general competence, employee performance, graduate business students, 18813
material influence, competence assessed by lock box, Down's syndrome children with mean age of 45.5 mo, 17665
motivation & self esteem & reduction of learned helplessness, discarded homemaker despair, female 27–47 yr olds, 2–11 yr followup, 9398
multiple sources of favorable feedback, self perceived task competence & accuracy of feedback, college students, implications for feedback systems in performance appraisal, 8196
multitrait-multimethod matrix, measurement of faculty teaching & research competence, 23705
occupational socialization & competence, police personnel, longitudinal study, 29494
peer friendships as manifestation of social competence, special needs of preschool age children, 17418

perceived competence & length of involvement in interscholastic sports, female vs male 12–18 yr old participants vs dropouts, 18641
perceived competence, job performance & role clarity, lower level managers with mean age of 39 yrs, 10972
perceived likeability & competence of patients, treatment decisions, physicians, 2045
perceived relative competence, behavioral conformity, male vs female college students, 25484
perception of ability & attitudes toward mainstreaming, provision of medical services to developmentally disabled children, general practitioners vs family practitioners vs pediatricians, 15638
perception of competency in research & intervention skills, recent MA vs PhD graduates of community psychology training programs, 12973
perception of student teachers' competence, student teachers vs university supervisors vs sponsor teachers, 23724
perceptions of competency of psychology graduates, employees & faculty & 3rd-yr college students, Australia, 10649
performance-contingent reward vs evaluation & feedback on pinball competence, intrinsic interest, college students, 422
performance contingent rewards & competence valuation, intrinsic motivation, male vs female high school students, 30507
performance information, perceived competence & intrinsic motivation, high vs low achieving male 15–18 yr olds, 19894
performance on National Board of Medical Examiners Part III examination, clinical competence, medical school graduates, 31850
prevention program focusing on development of personal & social competence, alcohol misuse, 7th graders, 29173
principles of variable competence & decision making, children, 6239
project to develop role definition & competency statements for family court counselors, Canada, 1159
proposed alternative definition of competence to consent to or refuse treatment, psychiatric patients, reply to comments by C. M. Culver & B. Gert, 1756
proposed alternative definition of competence to consent to or refuse treatment, psychiatric patients, comment on V. Abernethy's definition, 1772
psychiatric assessment of competence to care for newborns, 18–38 yr old mothers, 28147
relationship between verbal skills & social competence, 4.8–5.4 yr olds with Downs syndrome & other handicaps, teaching implications, 18689
relative task ability, relationship between group sex composition & motivation, college students, 12002
resolution of right-to-refuse-treatment case of Rogers vs Commissioner of Mental Health, clinical implications, 14398
self assessment of competence & skill in in- & outpatient treatment, 1st vs 2nd vs 3rd yr internal medicine residents vs medical school faculty members, 18428
self assessment of instructional competence, special education student teachers, 31973
sense of efficacy & superintendent's ratings of competency & selected demographic background data, superior vs average vs low ability teachers, 29161
sex & competence, interpersonal attraction & leadership choice & sex role stereotyping, college students, 14445
sexual stereotyping, ratings of competence of individuals whose sex was consistent vs inconsistent with gender occupational stereotype, 61–78 vs 79–95 vs 96–114 mo olds, 17023
situational performance constraints & perceived competence & self determination, intrinsic motivation & satisfaction, college students with internal vs external locus of control, implications for business settings, 25446
social cognition & sex & age & IQ & social class & competence, 4th–7th graders, 16889
strategic communication, nursing theory & research, 18454
subjective ratings vs standardized measures, evaluation of vocational competency, 21–63 yr old mentally retarded, 12848
supervisor & subordinate competence & role stress, supervisor-subordinate dyads in social service organizations, 32273
voluntary waiver of legal challenges to execution, prisoners facing death penalty, implications for competency & rights of 3rd party intervention, 9450

Competence (Social) [See Social Skills]
Competency To Stand Trial
admissible evidence in competency hearing, case law, 3883
childhood cruelty to animals & firesetting & enuresis, competency vs incompetency to stand trial, offenders, 6540
competency to stand trial in felony cases, 1973–76, 1119
competency to stand trial, mentally ill defendants, case law, 14323
court ruling on competence to plead guilty, mentally ill defendant, case law, 14322
criminal commitment, group home resident hospitalized after finding of incompetency for trial, case law, 14338
description of persons found incompetent to stand trial &/or not guilty by reason of insanity, male & female criminals, Canada, followup study, 3925
development of Court Competency Inventory, assessment of competence to stand trial & subsequent program to enhance competency, 30 & 60 yr old males, 128
differences in use by profession & reliability of Fitness Interview Test, assessment of fitness to stand trial, lawyers/law students vs social workers vs psychiatrists vs psychiatric nurses, 27044
evaluation of competency to stand trial with vs without neuroleptic medication, mentally ill defendant, 30673
factual circumstances requiring further inquiries into competency to stand trial, defendants, case law, 14336
improvements in psycholegal assessment & diagnosis, legal testimony, forensic mental health specialists, 1104
incompetence, admissibility of confessions, case law, 3901
Interdisciplinary Fitness Interview, assessment of competency to stand trial, pretrial defendants, 1115
issues related to trial incompetency ruling, case law, 3877
posttraumatic stress disorder, ability to stand trial, male Vietnam veteran, 28179
prediction of probability of defendants' competency to stand trial, mental health professional treatment team, 12889
review of trial competency evidence, case law, 14337
right to competency hearing, case law, 3898
standards for competency determinations, murder defendant in death penalty case & 7.5 & 9.5 yr olds charged with drowning other children, case law, 3854
sufficiency of psychiatric testimony as evidence in issue of competency to stand trial, case law, 3902
trial fitness determination issues, case law, 25319
trial fitness issues, case law, 6526
Competition
ability & experience, causal attributions, winners vs losers in squash vs racquetball tournaments, implications for concept of self serving bias in attributions, 14516
age differences & type of competition, track-golf performance, male vs female players, Sweden, 9083
behaviorist & social incentives & competition & evocation of expectations & attributions & enhancement of intrinsic motivation as motivational techniques & developmental factors, achievement motivation, middle school students, 3660
competition & role of health care marketer, 8269
competition & test ownership & growth, binturong cubs, 19401
competition, effect of advertising on sales response, 13378
competition motive, school achievement, 4th graders, 18619
competitive behavior, female vs male 1st–3rd graders, US vs Mexico, 6231
competitive state anxiety inventory, assessment of somatic & cognitive anxiety & confidence prior to competition, college wrestlers & female high school volleyball players, 19062
competitive vs noncompetitive conditions, fear of success as motive, 5th–8th grade females, 3691
concern with profit vs expenses & existence of profit constraints, bargaining in free market context, college students, 26732
contradictory norms of competition & cooperation in urban schools, students, 8043
conversation type & turn completeness & sexual composition, switching pause durations in conversation, same sex vs mixed sex college student dyads, 11656
cooperation vs competition vs altruism, 5.4–13.28 monozygotic vs dizygotic twin pairs, 22396
cooperative vs competitive vs independent conditions, academic performance, behavior disordered junior high school age Pima Indian students, 32145

cooperative vs competitive vs individualistic learning experiences, socialization & cognitive & social development & achievement & attitudes, children & adolescents, 10716
cooperative vs competitive vs individualistic science laboratory interaction patterns, science achievement & acquisition of practical skills, 9th graders, 26543
cultural script matrix of competition vs cooperation in interpersonal & international relationships, 9349
desire for competition, development of endogenous conflicts within games, 20073
development of Sports Competition Trait Inventory, high school & college & graduate students & college varsity athletes, 5614
ego involvement, attribution for competition success vs failure, alpine ski racers, 30831
experimental analysis of interpersonal relations & cooperation & competition, 30795
games with rules emphasizing interindividual competition vs cooperation, interactive regulation processes, primary school students, 19875
high vs low power & cooperative vs individualistic vs competitive situation, superior-subordinate interaction, college students, 25412
hypnotic suggestion & modified autogenic training, dance & competitive athletic performance, 8–35 yr old dancers & athletes, 23382
individual difference & situational factors, pre- & postmatch competitive stress, 9–14 yr old wrestlers, 14201
interaction involvement, emotional state & recall during conversation vs competitive negotiation, college students, 30766
intergroup cooperation & competition, in- vs outgroup cross-handicap relationships, learning disabled vs emotionally disturbed vs handicapped 4th graders, 32136
intergroup cooperation vs completion, cross-ethnic relationships, Black vs White 4th graders, 29321
level of endorsement of feminine sex role, level of sport competitive trait anxiety, male vs female college students, 14452
maternal reinforcement style, prosocial motives & behaviors, Anglo American vs Mexican American 5–12 yr olds, 9298
measures of anxiety during training session & before competition event & performance, high jumpers vs sprinters, 8161
nest-site competition, male adelie vs chinstrap penguins, 21983
norm- vs criterion-referenced grading system & single test vs retest, performance & motivation, college students, 15734
orienting instructions, competitive vs noncompetitive FI performance, college students, 8461
perception of equity & competition, interpersonal attraction, college student football players, 30830
perceptions of winning vs dominating others vs involvement, female participants in division 1 vs 2 vs 3 of Association for Intercollegiate Athletics for Women basketball, 13116
positive role of cooperation over competition in games & sports, psychosocial development, children, 27844
psychical impetus, physical strength, competitive weightlifters, 8152
reduction of competition anxiety, increase in athletic performance, 14–18 yr old volleyball players, 8154
reliability of Competition Knowledge Test, college students, 2917
removal of singing male indigobirds from their territories, species identity of male replacements, test of relative importance of interspecific competition & intraspecific sexual selection, 11448
scarce resources & competition for socially desirable males & their economic support, aggression, females, Zambia, 1049
self handicapping, practice effort & performance during meet, college swim team members, 2609
sexual selection & competition for mates, biological vs evolutionary explanations, males vs females, 20051
social behavior within family groups & with pairs of opposite sex twins & competition for mate & breeding success, same sex twin common marmosets, 3248
strictness of parents, competitive & cooperative attitudes, male vs female 3rd–5th & 7th graders, 3680
subliminal activation of oedipal fantasies, dart-throwing performance, male 22–46 yr olds, replication & extension of study by L. H. Silverman et al, 11528
success vs failure at competitive vs individual task, performance attributions, female college students as actors vs active vs passive Os, 17349
theoretical work during 1949–82 on cooperation & competition & conflict resolution & distributive justice, M. Deutsch, 11993
turn-taking & competition & listening activity in conversations, males vs females in factory director & janitor headed households, 25399
unequal power in competitive vs cooperative context, influence strategy & perspective taking in negotiation, college student dyads, 4012
Complexity (Cognitive) [See Cognitive Complexity]
Complexity (Stimulus) [See Stimulus Complexity]
Complexity (Task) [See Task Complexity]
Compliance [See Also Treatment Compliance]
account analysis as indicator of operation of social norms & investigation of foot-in-the-door paradigm, 25428
age & dosage of methylphenidate, compliance & mother-child interactions, hyperactive 4–5.9 vs 6–7.9 vs 8–9.9 yr olds, 4758
aggressive vs assertive vs apologetic expressive style & high vs low sacrifice of request, compliance, female college students, implications for assertion trainers, 15234
altered traffic light contingencies, stop signal compliance, urban drivers, 24037
analysis of mindlessness in compliance with confederate request, reply to comments by V. S. Folkes, 20116
application of linear structural equation models to compliance theory, effect of powerlessness to school involvement on juvenile delinquency, 10th graders, 2463
assessment of self evaluative vs adaptive rules, explanation of compliance behavior as function of actual vs potential context, college students, test of contingency rules theory, 14497
behavior therapy consisting of precision commands with compliance cues, coercive patterns between parents & children & compliance, parents & children, 12605
compliance & noncompliance during school activities, preschool students, Taiwan, 26621
compliance with handicapped parking regulations, suburban shopping center shoppers, 1160
compliance with mediated vs adjudicated outcomes, defendants in small claims court, 3932
compliance with order to reimburse victims of crime, 18–52 yr old offenders, test of applicability of L. Kohlberg's moral development theory, 31072
controllable vs uncontrollable reason for use of copying machine 1st, compliance with request & role of verbal behavior as cognitive vs automatic, criticism & partial replication of study by E. J. Langer et al, 20109
defensive vs offensive object-related interactions & compliant vs spontaneous prosocial behaviors, high- vs low-dominance 2.5–3 vs 4–5 yr olds, 969
demand eye contact by teachers, compliant behavior, 11 yr olds, 18643
development of social cooperation & self control & compliance in relation to childrearing style & infant-mother attachments & compliance to adults, children, 22374
early maternal behavior & infant temperament, negativistic behavior, 4 yr olds, longitudinal study, 30509
evaluation of program effectiveness with nonparticipators assigned to program, 5557
high vs low benefit to self vs other, effectiveness of persuasive message, college students, 14478
level of status vs familiarity of requestee & size of request, utility of compliance-gaming approach, college students, 14500
maternal distress, interactions during parent training program for child compliance, mother-child pairs, 7357
maternal verbal & nonverbal techniques & responses to compliance vs noncompliance, dyads of 23–43 yr old White middle class mothers & their 42–75 mo olds, 22386
meta analysis of literature on foot-in-the-door vs door-in-the-face message strategies & effects of statistical artifacts & moderator variables, 13489
noncompliance with cold weather medical guidelines, well-being, US marines in cold weather survival skills training, 13284

parental refusal to cooperate in survey & incidence of psychiatric disorders in their children, parents & their 8 yr olds, implications for interpretation of multistage surveys in child psychiatry, 26915
parental use of threat "God will punish", compliance, 4th–8th graders, replication of C. Z. Nunn's study, 19911
politeness as tactic in compliance-gaining phenomenon, college students, 6623
programs, compliance & self control & discipline, young children, implications for daycare, 29319
reasoning about compliant adult- vs peer-directed prosocial vs nonprosocial behavior, 45–65 mo olds, 17037
reciprocal concession vs perceptual contrast vs worthy person theories, compliance with requests in door-in-the-face procedure, adults, 25424
SES & perception of surveyor, return rate of racial attitude survey, White neighborhood residents, 47
sex & age & altruistic behavior & perception of authority, compliant behavior, adults, 25418
situation types, compliance gaining, college students, replication of study by M. Cody & M. McLaughlin, 17343
target's compliance vs noncompliance vs countercompliance, attribution of agent's influence, agent vs O, 22609
tranquilizing medication with vs without behavioral intervention, stereotypic & noncompliant behavior, mentally retarded living in community setting, 20680
verbal rationales &/vs modeling adjuncts, child compliance, mothers of 3–4.5 vs 5.5–7.5 yr olds, 9271
Comprehension [See Also Number Comprehension, Verbal Comprehension]
ability to comprehend idiomatic expressions, kindergartners vs 2nd vs 4th vs 6th graders, 30418
ability to recognize comprehension difficulties & implementation of strategies for resolving them, 31–51 mo olds, 25140
ability to understand sincere vs deceptive vs sarcastic remarks, 6 vs 9 vs 13 yr olds vs college students, 9169
abstract religious thinking & interpretation of Bible, Roman Catholic vs Nazarene 3rd–12th graders, 14025
analysis of W. Stafford's poem "Traveling Through the Dark" in relation to readings based on story grammars & natural narrative structures & reader-response method, 6205
BORIS, organization & retrieval of information from narrative memory & comprehension, 56
Cassel Computer Literacy Test, assessment of understanding of computer & its function, 2881
cognitive development & locus of control as predictors of understanding of safety & prevention, 33–73 mo olds & their parents, 25085
cognitive-structured vs serial teaching methods, learning & motivation & comprehension, teachers & students, 2391
communication techniques, improvement of patient recall & comprehension of instructions, physicians, 7572
comprehensibility & recall of miniature computer programs, nonprogramer college students, 5492
comprehension of & memory for TV vs radio vs book version of story, 3rd & 6th graders, 14084
comprehension of emotional vs propositional prosody, 36–72 yr olds with right vs left hemisphere brain damage, 14936
comprehension of metaphorical sentences, 1st vs 3rd graders vs preschoolers, 9245
comprehension of movie & use of cohesion in spoken narratives, normal vs language disordered 7.5–10.5 yr olds, 20465
comprehension of TV version of "Different Strokes", 3–5 yr olds vs college students, 25135
concept of distance in formal & psychological & institutional models of criticism, 13955
description & understanding of technical matters, male vocational students, 2442
development of Concepts in Secondary School Mathematics & Science test, assessment of generalized arithmetic comprehension, 13–15 yr olds, 8415
facilitation of juror comprehension & recall of trial events & creation of favorable impression, persuasion of jury, attorneys, 11940
general instructions with vs without specific instructions vs no instructions following presentation of videotaped burglary trial, jury instruction comprehension errors, jury duty eligible college students, 17228
general model of language comprehension based on theories of cognition & communication, literature review, 350
imageability, ratings of metaphoric quality, college students, 19741
importance of understanding concepts & principles & processes in secondary education, high school students, literature review, 32069
incomplete pictorial instructions, questions asked & awareness of lack of understanding, 5.4–6.9 vs 8.10–9.6 yr olds, 6320
information processing model, understanding & solving word arithmetic problems, children, 14055
interdependence of understanding of task goals & personal qualities, partners in joint activity, 14503
interpretation of pictures & perceptual verbs, tendency to indicate entire object array although instructed to report only parts visible, 3 & 4 yr olds, 25134
interpretation of written numbers, 4–6 yr olds, 25149
language of instruction, understanding of print-related concepts, 1st graders, 13048
lower vs middle class background, recall of picture story, 4–5 yr olds, 19794
material implication in concrete vs arbitrary form, logical reasoning 16–25 yr old students, implications for selection task paradigm, 29926
misconceptions in letters & notation & convention & symbolization of method leading to errors in elementary algebra, 1st–5th graders, 10746
nonverbal enactment vs verbal paraphrase of narrative, normal vs learning disabled 6–7 yr olds, 3-yr longitudinal study, 10803
perceptual structure cueing aspects of spatial layout & typeface in command language design, college students, 5497
potential referents, understanding of ambiguity & response to ambiguous messages, 4.6–7.3 yr olds, 25142
quality of schooling & exposure to pictures, pictorial comprehension, 9–11 yr olds, India, 6312
questions about real & apparent properties vs identities of objects, errors of phenomenism vs intellectual realism, 3–4 yr olds, 9239
recall & structure assessments, measurement of comprehension of concepts vs nonspecific facilitative transfer, college students, 13695
recognition of rights violations & protection of rights in counseling, 8.2–9.7 vs 15.2–16 vs 20.4–23.1 yr olds, 12773
reliability of Competition Knowledge Test, college students, 2917
repeated trials to master simulated classroom tasks representing knowledge & comprehension & application domains of learning from taxonomy of B. S. Bloom, 7th–8th graders, 18621
responsiveness in dyadic interaction & irrelevant response, processing & retention of response content & attributions concerning speaker, college students, 22599
review of approaches to nature & interpretation & formation of concepts, 5798
short PASCAL program with varying amounts of indentation, program comprehension, college students, 21709
standardization of Bus Puzzle Test, assessment of development of expressive language & comprehension & shape recognition & spatial orientation, 1.5–4.5 yr olds, 142
story grammar approach, understanding & memorization of story structure, literature review, 368
story maps vs directed reading activity, comprehension of narrative & expository basal lesson text, 5th graders, 15785
story retelling & strategies for reading stories to children, recall & comprehension, kindergartners, 26541
strategic interaction & recursive thinking, comprehension of TV commercials, kindergartners vs 3rd vs 6th graders vs college students, 935
structure of expository prose, learning & comprehension, college students, 11364
study of knowledge level as prerequisite to development of didactic strategies, children, 27814
tables &/vs graphic presentations of data, comprehension & recall of information, college students, human factors implications, 405
topographic inhibitory theory, functions of corpus callosum, implications for language production & understanding, 553

understanding of & reaction to psychiatric hospitalization, 6–8 vs 9–12 yr olds, 2165
understanding of adoption, adopted 4–14 yr olds & their mothers, implications for adoption revelation, 6226
understanding of meaning of words, comprehension of expression, 363
understanding of nuclear war, children, US & Europe, literature review, 22301
use of multiple choice test of lexical understanding with visual & semantic distractions, measurement of semantic comprehension, patients with neuropsychological disorders, 17708
verbal vs pictorial stories, constructive comprehension abilities, language disordered 7.8–8.9 yr olds, 28388
verbal vs pictorial test modality, comprehension score for material presented in TV program, 6th graders, 30482
visual vs auditory presentation of text, memory & comprehension, 3rd vs 6th graders, 946
Comprehension Tests
interrelationship & interchangeability of PPVT & Test for Auditory Comprehension of Language, assessment of language comprehension, 4.6–16.3 yr olds with infantile autism, 25601
standardization of Auditory Comprehension Test for Sentences, 7–12 yr olds, 21774
Compressed Speech
contextual redundancy variation, recall accuracy for time-compressed real sentences, college students, 3063
discrimination of compressed vs noncompressed speech, normal hearing vs hearing impaired 21–68 yr olds, 14969
gradually increasing vs continuously fast speech rate with vs without extrinsic reward, listening to time-compressed speech, enlisted US Army personnel, 16026
time-compressed sequenced rhyming words under contralateral multitalker masking vs no-masking conditions, time & order errors in perception, 7–8 vs 9–10 vs 11–12 yr olds, 11759
unmasked vs masked & order of word sequence presentation, item & order errors of time-compressed rhyming phonemes, normal-hearing 18–26 yr olds, 16435
Compulsions [See Also Compulsive Repetition]
assessment of personal compulsivity & running injuries & training style, runners with mean age of 31 yrs, 17368
behavioral rigidity & obsessive compulsiveness & authoritarianism, college students, 25466
compulsive checking behavior, memory deficits, college students, 9720
diagnosis & treatment, compulsive behavior, mentally retarded, 12298
elation & hypermusia & spontaneous whistling & musicophilia, musically naive 57 yr old male with aphasia, 14941
hoarding of inedible objects, 24 yr old female with anorexia nervosa, 1668
relationship between compulsive gambling & major depressive disorder, exiles with survivor syndrome, comments on article by R. A. McCormick et al, 14608
relationship between compulsive gambling & major depressive disorder, exiles with survivor syndrome, reply to criticism by W. G. Niederland, 14606
religious compulsions, 25–35 yr old males & 60 yr old female with obsessive compulsive neurosis, Israel, 6778
Compulsive Neurosis [See Obsessive Compulsive Neurosis]
Compulsive Personality Disorder [See Obsessive Compulsive Personality]
Compulsive Repetition
clomipramine, repetitive behaviors, schizophrenics with obsessions & compulsions & rituals, 18134
repetition compulsion as self preservation mechanism, 20331
Computer Applications [See Also Artificial Intelligence, Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Simulation]
advancement in flexible voice output techniques for man-machine communication, 21649
ambiguity of suggested causal structure & stability of results under selection of variables, applications of LISREL, 16268
analysis of cognitive sciences, 11023
analysis of computer-assisted testing system for college assessment resource center, 29441
APL system, support & processing functions for file-oriented interactive data analysis, 29680
application of microcomputer technology in education, handicapped children, 15862
application of 16 bit one-board microcomputers to animal psychological experiments & computer communication, 72
applications for personal computer software in psychology, 16230
applications of computer technology to therapy, 23078
assembly language routines for C/80 compiler to address 8080 processor ports, laboratory microcomputer programing, 29679
automated assessment systems in school & clinical psychology, 15914
automated cuing vs evaluative performance feedback, delivery of service, staff members in community mental health center, 23450
automated measures from animal-activity monitoring system vs observation, assessment of rearing behavior, 10–30 day old vs adult rats, 13784
automated 24-channel event-logging system, measurement of spontaneous behavior, animals, 11099
automation, piloting & airplane technology, 26829
availability of occupational information in interest inventory, reliability & validity of computerized career decision program, high school students, 13224
Behavioral Assessment & Rehabilitative Training System, computer automated biofeedback training, 29697
changing roles in career guidance in higher education & use of computers in counseling, counselors, conference presentation, 29471
combining poetic expression with computers for positive mental health, implications for counseling, 23474
commercial computerization of interpretation of Millon Clinical Multiaxial Inventory, reply to comments by T. Millon & K. L. Moreland, 24233
computational model, stages of object constancy development, infants, 24159
computer-aided pupil-teacher decision making system, adaptation of teaching-learning alternatives to decision making factors, 21392
computer-aided tracking system for recording & analyzing location patterns of teachers, 12995
computer analysis of cognitive function, alcoholics, 28286
computer applications & attitudes toward computerized drug review system, clinical psychiatrists, 16262
computer applications, achievement & aptitude testing, US, 18984
computer applications, file maintenance on materials & tests & prescriptive instructional suggestions, schools & reading centers, 13036
computer applications in counseling, 18964
computer applications in educational diagnosis, 29434
computer applications, program generation for scoring psychological tests, 5564
computer applications, sport simulation & control of exercise equipment & sports research & statistical analysis of sporting events, 21711
computer applications, testing cerebral asymmetry & timing of central processes, normal adults, 24169
computer applications, testing response to critical in-flight events, pilots, 13286
computer assisted career exploration with vs without counselor assistance, high school students, 32187
computer-assisted long-time-average-spectrum analysis, measurement of breathiness & overpressure in pre- vs postsurgical speech segments, patients with spastic dysphonia, 6991
computer-based administration procedure, reliability & validity of 16PF, college students, 13556
computer-based apparatus, measurement of eating & drinking behavior, dogs, 13511
computer-based guidance in higher education, US, 10867
computer-based library of references on management of clinical psychology problems, England, 5075
computer-based portable keyboard monitor, data collection for timing studies of piano performance, conference presentation, 2824
computer-based procedures & ecological validity, reading research, conference presentation, 41

computer-generated formative vs professor evaluation, anxiety, college students, 16227
computer integrated manufacturing, job-related activities, 1st-line supervisors, literature review, 23973
computer metaphors of human information processing, 26948
computer model of individual & sex differences, electric organ discharge, electric fishes, 27412
computer programs for record maintenance in token economy program & patient data entry, behavioral development, chronic psychiatric patients, conference presentation, 81
computer system, manipulation of conflict structure in air traffic control displays, 24034
computer technology, dance & choreography, 26932
computer vs human personality feedback, acceptance of favorable vs unfavorable personality statements, French-speaking college students, 43
computer vs in-person interviews, self-reported alcohol consumption, males, Scotland, 22561
computerized adaptive testing, mastery testing & assignment of grades & measurement of changes in achievement, 29472
computerized behavioral assessment, headaches, patients 22 yrs of age or younger, 22992
computerized diagnostic system, comparison of alternate classification systems of depression, 18970
computerized model for rank ordering of placement alternatives, children needing residential care, 12822
computerized path diagraming of drug abuse theories & causal models, 5570
computerized register, geographical analysis of psychiatric services, Sweden, 24181
computerized symptomatic profile & semi-standardized letter for use by general practitioners & medical inspectors, 5576
computerized workplace using phonetically spoken input & output, visually handicapped workers, implications for teaching and learning of blind people, 29684
computers & counseling process & need for reconceptualization of "core conditions" of interpersonal counseling, 10442
computers, training affective vs cognitive approaches, counselors, 18449
construction of machine-scored social studies examinations & multiple true–false vs complex multiple-choice formats, students, 16242
cost effectiveness in computer applications in personnel administration, 18811
databases, program evaluation & educational improvement, 11074
DEBUGGY computer program, analysis of errors in subtraction procedural skills, 3rd–5th graders, 18629
decentralized mental health reporting system, 31618
description of Computerized Aphasia Treatment System, 4565
design & implementation & evaluation of decision support systems, literature review, 29700
development & implementation of district-wide instructional information systems, 13069
development of algorithms, color perception by computers & humans, conference presentation, 104
development of high accuracy text-independent algorithmic speaker recognition system, literature review, 24177
development of wide-field-of-view helmet-mounted infinity display system for use in combat mission training, US Air Force pilots, 29562
developments in automated testing, personnel selection, 2785
digital speech recording system based on multiprocessor architecture, speech & linguistic research, 29666
effective management of new computer technology & development of skills & motivation, 23967
efficacy of rapid serial visual presentation on CRT as reading aid & information processing research tool, conference presentation, 106
ethical considerations in use of computers in psychological testing & assessment in schools, 21515
ethical issues, computerized psychological assessment, psychologists, 12955
evaluation guidelines, computerized adaptive tests, 29414
evaluation of scientific computer-based conference, scientists, 22239
extraction of information from continuously masked successive visual & verbal stimuli, 3005
factors affecting implementation of computer-based office information systems, literature review, 24011
generalization of computer based learning, 8 yr old male, 16960
guidelines for educational research by P. Levy, computerized testing of individual differences in learning achievement, 15913
hand-held computers, recording timed behavior observations, 2796
human vs computer interviewing, survey response differences, college students, 26923
identification of suitable users of computer assisted guidance program, college students, 26687
impact of computers on education system, need for conceptual frameworks for education, 15674
implementation of automation, management practices & organizational structure & productivity, white collar workers in life & health insurance company, 24000
implementation of medical information system, attitudes toward computerization & job satisfaction & role tensions & work activities, 21–59 yr old hospital employees, 23998
improvement of selection for pilot training by measurement of skills & personality traits & cognitive abilities via computer, US Air Force trainees, 18790
influence of computers & word processors in Black Studies, communication & curriculum & program effectiveness, faculty & students & staff, 18987
information search & computerized decision aid in choice of holiday destination, human Ss, conference presentation, 21852
interaction with computer & information search & evaluative processes in decision making, 20–40 yr olds, conference presentation, 21854
interactive computerized rating system, preprocessing of verbal protocols, 24139
interactive graphic computer programs, transportation planning, 24141
interfacing PET & CBM with DynaPort of Coulbourn Instruments, experiment control & data exchange with laboratory computers, 29657
issues & concerns for microcomputer use in school psychology, 15679
item banks, educational testing, 29476
key-word-in-context concordance program, social science language studies, 105
median or ulnar nerve stimulation, bit-mapped color imaging of somatosensory EPs from neck & esophagus & scalp, 21–27 yr old volunteers, 30059
micro-controlled stepping-motor, motion control in behavior research, animals & humans, 2800
microcomputer & on-line graphical displays, dispatching demand-responsive vehicles for pickup & delivery of passengers & parcels, 24185
microcomputer analysis of long term stability of sleep, rats, 16678
microcomputer applications in school psychology, 15672
microcomputer as tool for self efficiency & learning, aged, 8358
microcomputer-based EEG technique using hippocampal EEG & nuchal EMG for automatic online sleep-wake classification, rats, 26958
microcomputer data management software package, neuropsychological record filing & report generation & clinical decision making, 16238
microcomputer-driven CRT graphics system, stimulus preparation & presentation & storage in visual information processing research, 29688
microcomputer hardware & software, psychodiagnosis & treatment, 2842
microcomputer presentation & response media, digit span task performance, college students, 24189
microcomputer technique, analysis of behavior, animals, 18986
microcomputer version of ELIZA program, computer simulation of psychotherapy, college students, 1857
microcomputers & assessment of academic achievement & instructional performance, 2586
microcomputers & educational measurement, 2553
microcomputers & problems in assessment of academic achievement & instructional performance, teachers, 2592
microcomputers & test administration, 2600

microcomputers & test administration, comments on W. Ward's thesis, 2585
microcomputers & test development, 2567
microcomputers & test development, comments on R. Hambelton's article, 2561
microcomputers as management aid & therapy tool in occupational therapy, 18972
microprocessor-based experiment controller, conference presentation, 103
microprocessor-controlled interface unit for disabled, 8350
minicomputer-administered tasks in study of effects of sustained work periods & fatigue, physical & cognitive task performance, Marine Corps personnel, conference presentation, 94
multilingual text-to-speech conversion system & applications in telecommunications, 810
need for information management skills & ability to access & build computerized information systems, medical students, implications for medical education, 29052
need for research into impact of microcomputers on intrinsic motivation & educational programs & social equality, children, 29690
overview of DISCOVER II & SIGI & Micro-SKILLS software, occupational guidance, 18988
package of statistical programs written in Applesoft BASIC, 2803
peak & latency voltage measurement in syllable recognition system, recognition of Cantonese phoneme vocabulary, 16243
perceived impact of computerized office information systems, management & workers, 24004
player-computer game relationship, 13503
problems & prospects of provision of humanistic computer-assisted counseling, review of & comments on articles by 9 authors, 18246
problems created by use & misuse of computers, 21723
problems with computerization of psychological tests & questionnaires published originally in printed form, 16267
product type & electronic vs catalog shopping method, shopping behavior, college students, 8272
progress in automated speech recognition technology & relevance for human-machine interfaces, 21647
rehabilitation automated information system, psychic patients, 4993
RIXRATE computer program, estimation of text readability, 13490
SIGI vs DISCOVER II vs C-LECT vs CHOICES vs Micro-SKILLS vs GIS vs Career/College Scan systems software for career guidance, 32185
social psychological aspects of electronic communication, 27678
software & hardware of Apple II-based slide projector laboratory, visual perception experimentation, 29691
SPEAK-EASY computer program, mediation for communication dysfunction, 15521
spelling performance on standard written vs computer-administered test, underachieving 3rd graders from regular class & learning disabled 8.8–12.9 yr olds from self contained class, 2598
standardized computer data base, evaluation & followup, outpatients with dementia, 26959
therapeutic & research applications of computers, behavioral medicine, 2060
therapeutic applications of microcomputers, occupational therapy, 16236
training in data-based decision making, managers of community mental health center, 8207
use of AY 3–8910 sound-generator chip in pilot research or laboratory demonstrations, 2783
use of computer-based medical information systems, physicians in private group practice, 23395
use of computer database to track advisement caseloads & academic progress of students, counseling center advisors, 32155
use of computer programs for transformation of behavioral sequences into transition matrices, description of ACTH-induced grooming, male rats, 19004
use of computers for training school psychologists, 15687
use of computers, university psychology departments, Great Britain, 18516
use of home-based microcomputer for analysis of community data from reported cases of child abuse & neglect, 21697
use of microcomputers for clerical & administrative tasks & assessment & treatment & research in behavior therapy, 75
use of personal computers in vocational evaluation & rehabilitation, 13486
utility of computerized career information system, college students, US, 16225
validity of computer-controlled magnitude scaling to measure emotional impact of stimuli, college students & 25–54 yr old nonstudents, 85
video games, reading speed & scanning skills, children, educational implications, 29236
videotext technology & application to banking & shopping & other consumer transaction processes, 811
window pointer technique, measurement of word processing time in reading, college students, conference presentation, 54
word reading time as indicator of interclause integration, adults, conference presentation, 91
work & nonwork aspects of working at home with computers, 24020

Computer Assisted Diagnosis

abnormality in computerized axial tomography head scan & expectations of referring psychiatrists, diagnosis & treatment & prognosis, psychiatric patients, 17550
adaptation of German computerized diagnostic system in psychiatry, France, 1454
anatomical-pathological vs pneumoencephalographical vs tomodensitometrical studies of cerebral atrophy, schizophrenic inpatients under 60 yrs old, 28233
attentional & clinical & biochemical & computed tomographical & genetic factors of electrodermal nonresponding, 18–42 yr old schizophrenics, 4121
cerebral atrophy measurements using computed tomography scanning & neuropsychological tests, patients with Alzheimer's disease, 25814
comparison of 3 computer programs, automated interpretations of variants of Halstead-Reitan Neuropsychological Test Battery, brain damaged Ss & Ss with cerebrovascular disease with mean age of 60.7 yrs, 5553
computed axial brain tomography, 23–76 yr old long term benzodiazepine users, 3474
computed axial tomography for measurement of degenerative morphological brain changes, Alzheimer's patients, 25776
computed tomographic brain scanning, children with autism & deveopmental & attention deficit & language disorders & Tourette's syndrome, 6705
computed tomography criteria of cerebral dimensional asymmetrics & prediction of language laterality, right handed aphasics with left vs right hemisphere language dominance, 25830
computed tomography findings & histological verification, Creutzfeldt-Jakob disease, deceased patients, 25821
computed tomography scans using ventricular-brain ratio & Ewans's index & cella media index, assessment of ventricular size, 23–48 yr old chronic schizophrenic patients, 30994
computer aid to history taking & diagnosis in hospital outpatient clinic, physicians, 2788
computer applications & attitudes toward computerized drug review system, clinical psychiatrists, 16262
computer axial tomography & structural pathology of brain in schizophrenia, conference presentation, 28277
computer-based measures of EEG alpha amplitude & validity in diagnosis, depressed patients & healthy volunteers, conference presentation, 102
computer-managed vs traditional pencil & paper versions of Preschool Speech & Language Screening Test, assessment of communication disorders, 3–6 yr olds in Head Start, 2856
computer tomographic scans, 9–16 yr old autistic males, 6835
computerized axial tomography scan, patients with mean ages of 10.5–19.6 yrs with infantile autism vs attention deficit disorder vs developmental language disorder vs Tourette syndrome, 28138
computerized tomographic brain scanning, children with developmental neuropsychiatric disorders, 28132
computerized tomographic characteristics, 8 mo to 30 yr olds with schizencephaly, 25879
computerized tomography scans, learning disabled 7–14.6 yr olds with right vs left hemisyndromes, 17670

computerized tomography scans of 3rd ventricle region & memory loss, 45–60 yr old male chronic alcoholics, 12247
computerized tomography vs nuclear magnetic resonance imaging, differentiation of types of dementia, 55–75 yr old patients, conference presentation, 20261
correlation between computerized axial tomography & psychological test scores, patients with severe head injuries, 25866
correlational analysis of computerized tomographic measures & neuropsychological performance, normal vs demented 60–88 yr olds, 28425
development & implementation of US Navy Mental Health Information System Mental Status Examination, US Navy outpatient mental health clinic patients, 17834
development of computer based algorithm for tardive dyskinesia diagnosis, 21719
diagnosis using computerized tomography, patients with senile dementia of Alzheimer's type, 17754
evaluation of computer-based psychodiagnostic methods, 5565
human & computer steps of Present State Examination of psychiatric diagnosis according to J. K. Wing & J. E. Cooper & M. Sartorius, 28270
indications for computerized axial tomographic scan, psychiatric patients, 12122
microcomputer assisted method for development of composite drawings of brain infarction, implications for use with computed tomography & other imaging systems, 24142
microcomputer data management software package, neuropsychological record filing & report generation & clinical decision making, 16238
microcomputer hardware & software, psychodiagnosis & treatment, 2842
microcomputer version of Continuous Performance Test, assessment of attention & neuropsychological function, college students & patients with thought disorders or brain damage or learning disabilities, 27039
mnesic scales of A. Rey vs computerized tomography as diagnostic tools, patients with cerebral atrophy, 23002
multivariate analysis of psychological & clinical & computerized axial tomography scanning measures, detoxified male chronic alcoholics, 22799
online computer scoring of auditory brain stem response, estimation of hearing threshold, 2 mo to 16 yr olds with suspected hearing impairment & normally hearing 17–42 yr olds, 7084
practical & ethical issues, computerized testing & interpretation, psychologists, 16259
problems with computerization of psychological tests & questionnaires published originally in printed form, 16267
results of WAIS vs brain computerized tomography scan, patients with cerebral atrophy, 28470
role of computer diagnostic aids in clinical psychiatric practice, 26933
technical aspects of computerized tomography as diagnostic test, affective disorders, 21696
use of computer tomography of brain in psychiatry, 70 yr old female with chronic schizophrenia & 59 yr old male with psychotic episodes, 12439
use of computerized axial tomography scanning in psychiatry, 23398
use of computerized tomography scan in psychiatry, 60 yr old female & 48 yr old male psychiatric patients, 31300
use of computers in Present State Examination, classification & diagnosis of depressive disorders, conference presentation, 4128
validity & reliability of analog nasal/voice accelerometric assessment system, 5–12 yr olds with hypernasality, 26951
value of computerized tomography in diagnosis & treatment, psychiatry, 15082
ventricular enlargement or other computerized tomography features as neuropsychiatric markers, understanding biological basis of schizophrenia, acute vs chronic adult schizophrenics, 11463
ventricular volume & cerebral cortical atrophy as measured by computed axial tomography & neuropsychological test performance, post-head-injury patients, 25775

Computer Assisted Instruction

advancement through hierarchical instruction, changes in cognitive correlates of learning, US Navy trainees who had completed computer-managed course, 8179
advantages & limitations of computer-assisted & computer-managed instruction, reading education, 29175
artificial intelligence, intelligent computer-assisted personnel training, 10931
AuthorAssist computer program, development of modules for computer assisted instruction, conference presentation, 2382
BALSA algorithm simulation & Apollo DN300 workstations in electronic classroom, teaching, conference presentation, 16274
BASIC computer programs, classroom demonstration of personnel selection principles, industrial/organizational psychology students & teachers, 32027
basic considerations of computers in instruction & as productivity tools in composition instruction, 18557
categorization & evaluation of educational software, 24151
classroom uses of microcomputers in elementary reading program, 5202
cognitive ability & instructional outcome in computer managed course, US Navy trainees, comment on findings of P. Federico, 32042
computer as threat to tradition of education, 5250
computer assisted &/vs behavior modeling performance appraisal training, learning & job performance, midlevel managers, 2647
computer assisted instruction & school learning process, 10731
computer assisted instruction, adult basic education & general education development programs, literature review, 29235
computer assisted instruction, automated writing instruction & encouragement of creative exploration, 13041
computer assisted instruction, development of prose-writing ability, college students, 23734
computer assisted instruction for foreign language learning, 7930
computer assisted instruction, reading & mathematics achievement & attitudes toward school & self esteem & locus of control, 4th & 5th graders, 29200
computer assisted instruction, remedial English teaching & attitudes, female 8th graders, 18608
computer assisted instruction, technical & managerial skills, management trainees, 21591
computer-assisted instruction, visually handicapped, 8051
computer assisted laboratory exercises for introductory psychology, 2376
computer-assisted vs small group learning, spelling skills, 8–9 yr olds, 21292
computer-automated reading in reading instruction, word recognition & phrase reading & reading comprehension, 1st & 2nd graders, implications for role of school psychologist, 26539
computer-based approach, teaching of word decoding skills, mildly mentally & physically handicapped children, application of cognitive model, 8062
computer-based courseware modules in psychology education, conference presentation, 2412
computer-based drill & practice instructional strategies, paired associate & multiple discrimination learning, 7921
computer-based instructional techniques for application of psychological knowledge, conference presentation, 2403
computer-based response-sensitive sequencing, concept learning, high school students, 7928
computer-based speech training sequence with visual or tactile aids, remediation of intonation contours, 14 & 17 & 18 yr old students with congenital severe-to-profound hearing loss, 32127
computer graphic techniques, terrain visualization training, military personnel with high vs low spatial ability, 26751
computer instructional dialogs, science education, 5554
computer-managed instruction, individual differences in achievement & learning, US Navy trainees, 5455
computer play, development of language & computer skills & symbolic thought, kindergarten students, 21326
computer programs for mathematics education, school age children, 32003
computerized activities in language experience approach, reading instruction, 26529
computerized grammar kit written in PROLOG, children interested in exploring language, 10718
computerized Patient Management Simulation as instructional tool, medical students & pediatric residents, 31874
courseware development & screen display design & instructional management, computer-based personnel training, 10932

current applications & issues & problems & future prospects of automation in training & education, 26535
design of computer-based learning programs in terms of courseware ergonomics, 11010
effectiveness of computer assisted instruction, writing evaluation reports, graduate students in rehabilitation training, 21167
effectiveness of computer graphics in improving estimates for algebra word problems, college students, 29239
efficacy of computer assisted instruction, 32009
efficacy of computer assisted instruction & microcomputers as instructional aids, mentally retarded adults & secondary school students, 7926
electronic chalkboard as computerized teaching method, conference presentation, 2413
evaluation SUMS computerized instruction program, addition & subtraction & multiplication & division skills in traditional setting, 8 yr old, 15775
feedback strategies & cognitive style, performance in computer-based instruction, field dependent vs field independent college students, 13057
FORTRAN programs for 2-party mixed-motive games on physically isolated terminals, implications for teaching & research, conference presentation, 2410
implementation of computer-assisted instruction & attitudes toward robots, children, 29212
instructional support vs incentives vs context of presentations with computer-managed instruction vs teacher-managed systems, individualized learning of statistical concepts, 13058
instructional use of computers in psychology, conference presentation, 2378
intelligent tutoring systems & applications of teaching strategies to problem solving, 18562
interactive videodisc instructional technology, conference presentation, 2398
LOGO lessons, impulsive & disruptive behavior, learning disabled students, 5318
Logo "turtle graphics", problem solving & learning strategies, children, 29189
manual with vs without demonstration vs manual & lecture methods of microcomputer training, performance & attitude toward computer technology, rehabilitation counseling students, 31916
microcomputer based instruction, autistic students, literature review, 13157
microcomputer-based learning package, diagnosis of multiplication errors, children, 10686
microcomputer drill programs in reading instruction, special education students, 5319
microcomputer equipment & software & training in educational programs, hearing impaired, 26663
microcomputer programs, classroom testing, 29438
microcomputer spelling program, 5th & 6th graders vs learning disabled college students, 2540
microcomputer/videodisc-based instructional system, time telling, 7–9 yr old learning disabled & educable mentally retarded 1st & 2nd graders, 8057
microcomputers in education, 3–5 yr olds, 5211
microcomputers in psychology laboratory courses, conference presentation, 2371
microcomputers, motivation for learning to read & write, students, 15739
microcomputers, reading & writing education, learning disabled children, 15885
model for developing & implementing microcomputer education program, 26560
model for teaching with microcomputers, 10735
natural language usage & laser videodisk technology, authorizing system for computer assisted instruction, in medical education, 18963
need for microcomputer tools & courseware, undergraduate psychology curriculum, conference presentation, 2379
options for creation or modification of computer assisted instruction, handicapped, 18693
perception of future impact of microcomputers on classroom instruction, school administrators & teachers, 26556
Piagetian theory, effect of computer assisted instruction on child development, 5265
problems & artificial intelligence solutions, technical training, US Navy personnel, conference presentation, 18786
ratios of questions & highlights to text in computer assisted instruction modules, performance on objective tests derived from formats, college & graduate students, 32035
reliability & validity of structural & traditional analysis of computerized cognitive tasks, 8366
reliability of Leeds modeling system, computerized assessment of algebraic understanding, 14 yr old students, 26956
research issues & directions for use of microcomputers in aid to instruction, children, literature review, 2374
retention of computer keyboard symbolic communication skills, institutionalized severely retarded 14.3–21.8 yr olds, 18-mo followup, 14864
role & contribution of information technology in learning & training, implications for adult education, 24162
role of microcomputers, instruction, gifted students, 29169
selection of additional instructional options, field dependent vs field independent 7th graders in computer-based concept lesson, 13034
selection of computer software programs for learning disabled students, 8084
skills learned through children's computer program LOGO, transfer to other problem solving contexts, literature review, 13082
speaking tablet, acquisition of reading skills, dyslexic vs normal readers with mean age of 12.7 & 8.7 yrs, 21449
SPELLMASTER program, microcomputer-based spelling instruction, learning disabled children, 2531
structural learning theory in computer-based instruction, 13061
support by B. F. Skinner for computer assisted instruction, 2380
teacher attitudes & teachers' & students' views of new learning interactions, effect of classroom computers on social life of teachers & students, 23762
theory & research for intelligent Minnesota Adaptive Instructional System, 7941
use of microcomputer in introductory psychology, conference presentation, 2401
use of microcomputers, kindergarten students with developmental & socialization problems & high intellectual capabilities, 2498
use of speech-output system, foreign language learning, 15–19 yr old secondary school students, 21290
use of word processing in writing instruction, postinstructional scores, learning disabled 4th–6th graders, 13146
use of word processors, language experience approach to reading & writing instruction, 26553
user friendly statistical package for Apple II microcomputers, data analysis & tutorial routines for introductory statistics, 21345
utilization of computer assisted instruction in university learning center, students, 32016
5-stage model of skill acquisition in classroom, implications for computer-assisted instruction & computer as tutee, 5213

Computer Peripheral Devices [See Also Video Display Units]
attitudes, mobile data access terminals, police officers, Canada, implications for police safety & police-community interaction, 24021
bit-addressable input/output interface for microcomputers, conference presentation, 42
circuit design, interface of experimental response signals with logic apparatus that controls experimental events, 2797
interface to connect Commodore microcomputers with single operant chamber, control of experimental events & data collection, 2792
natural language usage & laser videodisk technology, authorizing system for computer assisted instruction, in medical education, 18963
role of content & adaptation, user interfaces, conference presentation, 16228
variation of dot density vs intensity in printing of gray-scale graphics on conventional dot matrix printers, assessment of visual sensitivity, patients with multiple sclerosis, 2845

Computer Programing Languages
age & sex & spatial knowledge, mechanics & memory for computer programing language, 2.9–4.11 yr olds, 6327

application of FORTH computer language, control of experiments, conference presentation, 86
assembly language routines for C/80 compiler to address 8080 processor ports, laboratory microcomputer programing, 29679
comprehensibility & recall of miniature computer programs, nonprogramer college students, 5492
computerized grammar kit written in PROLOG, children interested in exploring language, 10718
consistency between language rules, new guiding principle for design of easily-learned computer languages, 2806
Goal Restricted Production System, model of learning to program in LISP, adults with little or no prior programing experience, 13478
learning computer programing, cognitive style vs metacognitive ability vs cognitive development vs ability to describe directions, 1st graders, 15733
learning LOGO in 3 person groups, abilities predictive of programing outcomes, 11–14 yr old junior high school students, 15819
LOGO computer language, learning disabled children, 2519
natural language control of computer, college students, 24035
natural language usage & laser videodisk technology, authorizing system for computer assisted instruction, in medical education, 18963
perceptual structure cueing aspects of spatial layout & typeface in command language design, college students, 5497
personality, learning of BASIC, college students, 5281
problems in studies of robustness of maximum likelihood estimation with LISREL, 27060
problems in use of Microsoft Basic software for statistical analysis, 8446
programing language & indentation, learning & use of nested vs branch-to-label conditional statements, college student novice programmers, implications for design of computer software, 7944
recursive algorithms in computer programing, problem solving, 59
single-level vs 2-level hierarchical delimiters, cognitive processes in command construction & interpretation, adults, 813
skills learned through children's computer program LOGO, transfer to other problem solving contexts, literature review, 13082

Computer Programs [See Computer Software]

Computer Simulation

amount of capital on hand, betting & savings decisions under risky vs riskless conditions & proportion of capital saved, college students, 3985
Army Training Battle Simulation System, command group performance, battalion command groups, 13283
classification of objects vs events & concept formation & memory organization, computer simulation of heuristic model of human memory, 3103
computational techniques for graphic simulation of curved surfaces, 18991
computer-based algorithm, simulation of human ratings of Paragraph Completion Method as measure of cognitive complexity & socialization, 70
computer model of language development, 2 yr olds, 5567
computer simulation model, cognitive analysis of WAIS subscale, comments on S. C. Fulkerson & J. L. Cartwright, 16319
computer simulation model, number of attributes & abstraction score of word pairs from WAIS subscale, college students, 16318
computer simulation, movement in 1–3 lane corridors, pedestrians, 24056
computer simulation of praise vs reprimand in modification of child's behavior, specious learning & ratings of effectiveness, college students, 28051
computer simulation of relations between memory & operant behavior, pigeons, 11426
computer vision research & relation to psychology & neuroscience, 13481
computerized Patient Management Simulation as instructional tool, medical students & pediatric residents, 31874
computerized video training techniques, driving-related perceptual skill deficits, 17–49 yr olds with acquired brain damage, 31777
design of maze using computer graphics, simulation of problem solving behavior in fire emergencies, 11102
determination of stereotypes for lever control of object motions using computer generated graphics, college students, 5494
development of Project Simulation, instruction in psychological research methodology, psychology students, 32018
Goal Restricted Production System, model of learning to program in LISP, adults with little or no prior programing experience, 13478
induction of category distributions as framework for classification learning, college students, model implemented as computer simulation, 5815
microcomputer-based gaming assessment system, recognition of Soviet fighters & bombers, F-14 pilots & radar intercept officers, 29569
microcomputer version of ELIZA program, computer simulation of psychotherapy, college students, 1857
MINERVA 2 as simulation model of human memory, conference presentation, 68
reinforcement schedules & timing & learning & forgetting, computer simulation of pigeon associative learning, conference presentation, 3199
reliability & computer simulation & development of speech material, assessment of speech reception thresholds in noise, hearing impaired, 17741
reliability & validity of standardized case management simulation, performance, counselors vs counselor trainees with varied levels of experience, implications for evaluation of clinical problem solving skills, 31836
reliability of Leeds modeling system, computerized assessment of algebraic understanding, 14 yr old students, 26956
validity of computer program EPAM-III, simulation of human verbal learning, 26929

Computer Software

ANATEST computer software, generation & presentation of geometric analogies & recording of responses & response latencies, 2827
ANSEC BASIC software package for microcomputers, lag sequential analysis of observational nonconcurrent sequential data, 2832
APL computer program, assessment of equality of 2 independent correlation matrices, 18997
applications for personal computer software in psychology, 16230
assembly language program for 6502 CPU for implementation of multitasking on small microcomputer, conference presentation, 66
assembly language routines for C/80 compiler to address 8080 processor ports, laboratory microcomputer programing, 29679
AuthorAssist computer program, development of modules for computer assisted instruction, conference presentation, 2382
automated 24-channel event-logging system, measurement of spontaneous behavior, animals, 11099
BASIC computer program, calculation of factor comparison indices of congruence & salient variable similarity & chi-square tests of factor differences in size & pattern, 18999
BASIC computer programs, classroom demonstration of personnel selection principles, industrial/organizational psychology students & teachers, 32027
BASIC computer programs, comparison of factor matrices for invariance, 18978
BASIC microcomputer program, computation of estimates of item difficulty & person ability parameters for Rasch model, 18998
BASIC microcomputer program, principal component analysis using varimax solution, 29672
BASIC microcomputer program, principal components analysis, 2830
BASIC microcomputer system, canonical correlation analysis, 29671
BASIC program for CBM & PET & C-64 microcomputers, spectral analysis technique with graphics for detection of biological rhythms, 29669
BASIC program, plotting data on Apple II series of computers, 29711
behavioral research, design & use of decision-making assistance computer software, 8362
categorization & evaluation of educational software, 24151
central composite design methodology, development of prediction equations for computerized speech recognizer performance, 11095

comparison of 3 computer programs, automated interpretations of variants of Halstead-Reitan Neuropsychological Test Battery, brain damaged Ss & Ss with cerebrovascular disease with mean age of 60.7 yrs, 5553
COMPLEX Applesoft BASIC program, assessment of preference for visual complexity & application to psychology instruction, 2794
computer applications, program generation for scoring psychological tests, 5564
Computer-Assisted Analysis System, analysis of conversation, conference presentation, 61
computer-based courseware modules in psychology education, conference presentation, 2412
computer instructional dialogs, science education, 5554
computer program, aircraft procedure & checklist management, 18985
computer program, annual review of special education needs, 10804
computer program, recording of sexual behavior, male rats, 21708
computer programs, comparison of spatial & temporal order in left vs right hemispheres, 29703
computer programs for mathematics education, school age children, 32003
computer programs, simulating spontaneous conversation, schizophrenics & analysts, 16229
computer software, data acquisition for multidimensional scaling analysis, 2779
computer software for calculation of content validity & repeatability & homogeneity coefficients, analysis of reliability & validity of ratings, 19111
computer software for 6502-based microcomputer, data collection & period analysis of EEG, 2822
computer software, generation of auditory stimulus tapes, 2839
computer software selection & evaluation for school psychology, 15670
computer software that accommodates user input errors & abbreviations, 2702
conceptual model & computer software, design & implementation of flexible human-computer dialogs, 5556
consistency between language rules, new guiding principle for design of easily-learned computer languages, 2806
DEBUGGY computer program, analysis of errors in subtraction procedural skills, 3rd–5th graders, 18629
description of RABBIT system, information retrieval, conference presentation, 16277
design of computer-based learning programs in terms of courseware ergonomics, 11010
electronic chalkboard as computerized teaching method, conference presentation, 2413
EMDISP software, control of visual stimulus displays & sensitivity to manual responses & capability for digital & analog sampling, 2838
evaluation SUMS computerized instruction program, addition & subtraction & multiplication & division skills in traditional setting, 8 yr old, 15775
eye movement analysis system, identification of cognitive processes on figural tasks, applications to Embedded Figures Test & Hidden Figures Test, 2846
FIT LISP nested parameter-estimation program, applications in artificial intelligence & cognitive psychology research, 2833
Flasher 80 modification of PET Flasher computer software, timing of visual displays & response latencies, 2808
FORTRAN computer program, application of linear procedures within 4 test equating designs, 18995
FORTRAN computer program, item-analysis & test-reporting using readily conceptualized statistics & descriptors in educational measurement, 21498
FORTRAN IV computer program, assessment of reliability of nominal scales using varying sets of multiple raters, 2791
FORTRAN IV computer program, provision of causal modeler with standard errors of indirect effects for recursive causal models, 19014
FORTRAN IV program, computer analysis of spelling & vocabulary in written prose, children, 21482
FORTRAN IV program, Stuart-Maxwell test for change in categorical measures using repeated measures or matched groups, 29676
FORTRAN programs for 2-party mixed-motive games on physically isolated terminals, implications for teaching & research, conference presentation, 2410
FORTRAN subroutines & algorithms for exact chi-square test & Fisher exact probability test, 19115
generalized kappa coefficient Microsoft BASIC program, measurement of nominal rating agreement among observers or raters, 29701
Goal Restricted Production System, model of learning to program in LISP, adults with little or no prior programing experience, 13478
HIPS software or Human Information Processing Laboratory's Image Processing System, study of vision & perception of American Sign Language, conference presentation, 78
HIPS software system or Human Information Processing Laboratory's Image Processing System, visual information processing, conference presentation, 93
human-computer interaction in knowledge-based inference, 32330
HYPAG Search program, analysis & construction of aptitude assessment batteries in personnel selection, 11089
information technology, British Psychological Society's Alvey & ESPRIT computer programs, 29663
input modality & command structure, editing performance & satisfaction ratings, non-typists vs skilled typists, 5496
interactive computer program to test significance of differences between 2 proportions, 19007
interactive FORTRAN program, computation of Tukey's pairwise comparison of means following significant F ratio, 2819
interactive graphic computer programs, transportation planning, 24141
interfacing PET & CBM with DynaPort of Coulbourn Instruments, experiment control & data exchange with laboratory computers, 29657
internal vs external schema orientation & learning strategy, acquisition of new computer skills, computer users, conference presentation, 389
learning computer programing, cognitive ability & educational enhancement, children, comments on paper by R. D. Pea & D. M. Kurland, 21362
learning computer programing, cognitive ability development, comments on article by R. D. Pea & D. M. Kurland, 21357
learning computer programing, development of general higher mental functions, students, 21356
Logo "turtle graphics", problem solving & learning strategies, children, 29189
MBASIC computer program subroutine, counterbalanced assignment of stimuli to conditions across Ss in cognitive psychology experiments using verbal materials, 29677
merger of development psychology & cognitive science, study of educational uses of information technology, comments on article by R. D. Pea & D. M. Kurland, 21359
micro-controlled stepping-motor, motion control in behavior research, animals & humans, 2800
microcomputer & on-line graphical displays, dispatching demand-responsive vehicles for pickup & delivery of passengers & parcels, 24185
microcomputer-based propositional analysis system using Pascal language, conference presentation, 64
microcomputer equipment & software & training in educational programs, hearing impaired, 26663
microcomputer version of ELIZA program, computer simulation of psychotherapy, college students, 1857
microprocessor-based experiment controller, conference presentation, 103
Microsoft BASIC program, accurate integration of t density function in parametric probabilities, 29715
Microsoft BASIC programs for IBM PC, statistical analysis, 29659
modification of "Probabilistic Predictor Program" software, testing random target generators in ESP experimentation, 29710
Multiparameter Biofeedback Experimental Research Tool program in BASIC, reduction of E effect in biofeedback research, 101
online HELP & tutoring, user interface, conference presentation, 16255
optimization of design of computer systems menu page index, naive computer users, 13347

overview of DISCOVER II & SIGI & Micro-SKILLS software, occupational guidance, 18988
package of statistical programs written in Applesoft BASIC, 2803
Pascal computer program, determination of replicable factor structure in factor rotation, 19009
PASCAL program, assessment of recall & recognition of general information facts & subjective certainty, 29714
PASCAL program to administer MMPI, 2801
picture stimuli & computer software for Apple II microcomputer, 2831
problem decomposition strategies in computer program design, college students, 24168
problem solving in computer programing, 16235
problems in use of Microsoft Basic software for statistical analysis, 8446
program for automatic understanding of stories in natural language, 95
programing language & indentation, learning & use of nested vs branch-to-label conditional statements, college student novice programmers, implications for design of computer software, 7944
psychological issues, interactive computer system design, 29565
recursive algorithms in computer programing, problem solving, 59
reusable template for computer calculation of chi squared with more than 1 degree of freedom, 228
RIXRATE computer program, estimation of text readability, 13490
role of content & adaptation, user interfaces, conference presentation, 16228
SAMPLE & TEST FORTRAN IV computer programs, analysis of discrete-state time-varying data using 1st-order Markov-chain techniques, 2782
SAS & FORTRAN IV computer programs, correction of criterion standard deviations & zero-order validities, 2958
SAS computer program, analysis of group differences based on profile data, 2815
SAS computer program, scoring of Vocational Preference Inventory, 21553
selection of computer software programs for learning disabled students, 8084
semantic complexity of program modules, recall & hand execution performance, college students, 7978
semantic knowledge & problem solving ability & other factors, prediction of computer science course performance, college students, 7981
short PASCAL program with varying amounts of indentation, program comprehension, college students, 21709
SIGI vs DISCOVER II vs C-LECT vs CHOICES vs Micro-SKILLS vs GIS vs Career/College Scan systems software for career guidance, 32185
skills learned through children's computer program LOGO, transfer to other problem solving contexts, literature review, 13082
software & hardware of Apple II-based slide projector laboratory, visual perception experimentation, 29691
software & interface hardware to operate KIM-1 microcomputer as 8-channel data logger, measurement of walking activity, field crickets, 2789
SPEAK-EASY computer program, mediation for communication dysfunction, 15521
SPELLMASTER program, microcomputer-based spelling instruction, learning disabled children, 2531
STEP, generation of English utterances with plausible overall pitch contour, 19012
teaching programing of microcomputers, preschoolers & school age children, 13045
transducer & electronic circuit for continuous measurement of radial pulse & computer algorithm for calculation of pulse transit time, 18965
TRS-80 programs, control of experiments involving paired associate verbal learning procedures, 92
use of control statements in natural language procedure specification, college students & staff without computer programming experience, 24144
use of database management & word processing computer programs, learning disabled students, 2511
use of LISREL software package in path analysis, comparison of income attainment, Black vs White males, 16234
use of Tinker to graphically display results of each step of programming, conference presentation, 16247
user friendly statistical package for Apple II microcomputers, data analysis & tutorial routines for introductory statistics, 21345
validity of computer program EPAM-III, simulation of human verbal learning, 26929
variation of dot density vs intensity in printing of gray-scale graphics on conventional dot matrix printers, assessment of visual sensitivity, patients with multiple sclerosis, 2845
voice vs keyboard input & error rate in language-directed editing environment, computer programming, college students, 24156
VOLTWIN computer software, establishment of criteria for reinforcement of stable levels of EMG activity in biofeedback training, 2836
ZOG human computer interface system, conference presentation, 16250

Computers [See Also Digital Computers, Microcomputers]
acquisition of complex skills, implications for experimentation & computer revolution, conference presentation, 401
Cassel Computer Literacy Test, assessment of understanding of computer & its function, 2881
comprehension of system's division of objects into categories, successful retrieval in menu-based systems, college students, implications for studying categorization problems, conference presentation, 55
computer file search task environment, information retrieval strategies, college students, 2695
computer games, cooperative play behavior, 4–5 yr olds, 11835
computer literacy, college Army ROTC freshmen vs seniors vs cadre, 32086
computer literacy course, students & professionals in human services, 32006
computer phobia vs addiction, treatment implications, 22639
computers & human productivity, 21712
computer's unconscious significance in terms of object relations theory, 16183
cultural model of socialization, novice encounters with computers, college students, 22414
development of computerized national information network in mental retardation field, 22897
employment opportunities in computing, physically handicapped, Great Britain, 5444
historical perspective, social effects of computers, 22406
logics of cognition, implications for influence of computers, 27150
logotherapy & discovering meaning, rehumanizing computer age, 13435
management control vs professional negotiations vs institutional control as models for social control in computerized work settings, 24007
methods for teaching technical computer information, anxiety & resistance centered around computers, employees, 16023
operational vs structural vs active learning approaches to use of metaphors, learning computer technology, 24135
personal computers, rehabilitation & employment efforts, handicapped, 12833
positive & negative impact of video game playing on social & academic life, 10–20 yr olds, 22274
production-system-based formalism to describe knowledge of how to operate computer system & user friendliness, conference presentation, 89
projected transition in evolution of human knowledge in relation to population growth, 24105
psychological issues, interactive computer system design, 29565
research in human-computer interaction, human factors engineering, 11011
role of content & adaptation, user interfaces, conference presentation, 16228
specificity & meaningfulness of command names, text editing performance, comments on study by J. Grudin & P. Barnard, 13346
specificity & meaningfulness of command names, text editing performance, 21–50 yr olds, 13344
stages of activities in human-computer interaction, conference presentation, 16252
training wheels system, learning word processing by doing vs by manual, temporary office workers, 13272

TV viewing & videogame playing, gratification of needs, 10–14 yr olds, 3741
use of computers, moral questions & individual rights about privacy & property & power, 22410
values, cognitive & affective computer literacy, 11th & 12th graders in business education classes, 32085
videogame playing & watching violent TV programs & SES, aggression & self esteem, 10–11th graders, 3697
workshop for reduction of computer anxiety, university secretarial staff, 31965
Concentration
concentration & visual perception & motor coordination developmental levels, learning game & accelerated acquisition of perspective-operations, 4–6 yr olds, 25118
construction & evaluation of cognitive dysfunction questionnaire, epileptic 6–13 yr olds, educational implications, 11118
level of extraneous auditory stimulation, response latency & glances away from visual discrimination task, preschool vs 2nd vs 6th graders, 9192
physiological correlates & family & teacher & student expectations & stress, disturbances of concentration & performance & learning disorders, students, 7970
retest reliabilities of concentration performance tests & taxonomy of concentration performance, 16487
Concentration Camps
analysis of literature on individual responses to government brutalization during Holocaust & Stalinism, 11855
attitudes toward genocide, Jews who did not experience Holocaust, 22409
belated psychological problems, concentration camp survivors, 17442
clinical profiles of children of Holocaust survivors in M. S. Bergmann & M. E. Jacovy's "Generations of the Holocaust", 6219
communication behavior & sharing of past traumas, Holocaust survivors & their offspring, Israel, 1018
coping behavior & social & family & work life & cognitive functioning, 46–65 yr old Holocaust survivors vs inhabitants of Israel during World War II, Israel, 12089
coping with conflict of Nazi past & persecution & fascism, collective resistance & repressed fears, 22416
defense mechanisms & stress reactions & survival syndrome, survivors of Nazi concentration camp, 12117
emotional distress symptoms, concentration camp survivors aged 25 yrs & older, Israel, 4197
externalization of aggression, adult children of holocaust survivors, 25467
Holocaust & subsequent forced immigration, characteristics of physical & mental disorders, immigrant vs native psychiatric patients, Israel, 22637
late onset psychosis, Nazi concentration camp survivors 35 yrs after trauma, 25512
parental communication of Holocaust experiences, personality characteristics, adult children of Jewish Holocaust survivors, 1295
parental survival of Holocaust, psychological & emotional development, offspring of survivors, 4506
parental traumatization from Holocaust, perceived parental child-rearing practices, 9th–11th graders, Israel, 27858
past vs future time orientation, 50–60 yr old Nazi concentration camp survivors vs non-Holocaust Jews, 20300
psychiatric concerns, Holocaust survivors & their children & Sephardim immigrants & those raised in kibbutzim, Israel, 7167
psychoanalytic treatment, children & grandchildren of Holocaust survivors, 15191
psychodynamic treatment, children & grandchildren of Holocaust survivors, comments on article by T. Virag, implications for understanding survivor syndrome, 15101
psychodynamics, survivors of Nazi concentration camps, 3763
psychohistorical analysis, meaning of 1933–45 Holocaust to Jewish people, 11907
psychohistory, depersonalization in G. M. Kren & L. Rappoport's "The Holocaust and the Crisis of Human Behavior", 6423
psychological coping behavior, Holocaust cancer patients with mean age of 58.8 yrs vs cancer patients with mean age of 59.5 yrs, Israel, 12326
psychotic symptoms & delusional themes, schizophrenic 28 & 35 yr old offspring of Holocaust survivors, 17510
study of writings on holocaust as means of experiencing crucial events & restoration of representation of victims & their lives, Jews, 22451
suicide, Holocaust survivors, 31062
therapist attitudes & misunderstanding of survivor terminology, misdirected psychiatric treatment, Holocaust survivors & their children, 23104
unconscious guilt & transference phenomena in psychotherapy, posttraumatic stress disorder, survivors of Cambodian concentration camps, comments on study by J. D. Kinzie et al, 12203
Concept Formation [See Also Cognitive Discrimination, Cognitive Generalization]
ability to learn concept of 3rd, female rhesus monkey, 24556
ability to represent properties of weight, 3–9 yr olds, 27769
acquisition of addition & subtraction concepts, 1st–3rd graders, 3-yr longitudinal study, 10747
acquisition of concept of inverse proportion in balance equilibrium task, 3–14 yr olds, 6294
acquisition of concepts through symbolic matching of 2-word name, chimpanzees, 16515
acquisition of number conservation & possible role of counting, 6 yr olds, replication of G. S. Halford & T. J. Fullerton's experiment, 11750
"Alice in Wonderland" & teaching with examples, adolescents, 5229
appreciation for conceptual distinction between adjectives & nouns, 2.5–5 yr olds, 19811
assessment for concept retention after 1.3–4.7 yrs, squirrel monkeys, 21910
Ausubelian vs Piagetian vs traditional instruction methods, development of logical concepts, preschoolers, 25115
causes of difficulty in development of concept of subtraction, children, 9149
classification of objects vs events & concept formation & memory organization, computer simulation of heuristic model of human memory, 3103
cognitive development in understanding concept of time intervals, children, 14032
cognitive style & conceptual matching abilities, preschool vs primary school students, 9215
comprehension of proximity reference, 4–7 yr olds, 3628
comprehension of relational terms "more" & "less" & "same" in conservation & seriation tasks, 54.2 vs 62.6 vs 68.6 mo olds, 27777
comprehension of relationships between speed & duration & distance, 1st–5th graders, 14009
computational model, stages of object constancy development, infants, 24159
computer-based response-sensitive sequencing, concept learning, high school students, 7928
concentration & visual perception & motor coordination developmental levels, learning game & accelerated acquisition of perspective-operations, 4–6 yr olds, 25118
concept formation & object permanence, infants, 14076
concept formation at school, 9201
concept formation, monkeys, 19338
concept identification & memory & transfer of dot pattern prototypes, college students, 3055
conceptions of unemployment & economics, 11–12 vs 15–16 yr olds, 3612
concepts & imagery of common objects, congenitally blind 3–9 yr olds, 12322
concepts of adulthood, college students, 3581
concepts of body parts & their relationships, 3 vs 4 vs 5 yr olds vs college students, 922
conceptual conflict, conceptual change & design of science instruction, 10th graders & college students, 10713
conceptual structure, hypochondriasis vs arthritic vs neurotic patients, replication of study by F. Makhlouf-Norris et al, 25504
conceptualization of relationships & statistical & design issues, relationships between adult speech to children & language development, 19855
contingency model of concept formation, 24473

coupling of counting & measurement procedures with training based on Piagetian mechanisms of identity & reversibility & compensation, conservation concept learning, 4–6 yr olds, teaching implications, 16963
creation of preconventional cultural meanings in life-world structure vs adult world view, children, 30413
cultural-historical vs cognitive-behavioral approaches to thinking & knowledge acquisition, 11354
design of integrated structure of knowledge, learning & education, 18626
deterministic vs stochastic modeling, concept identification behavior, 5670
development of concept of death, 5 vs 6 vs 7 vs 8 vs 9 yr olds, 22329
development of concept of God, Jewish vs Protestant vs Catholic 5–16 yr olds, 9216
development of concept of time, advantaged Western vs disadvantaged Eastern 3rd vs 5th vs 7th graders, Israel, 9204
development of construct "word", 3–6 yr olds, implications for reading instruction, 3635
development of family role concepts, White middle class 6–13 yr olds, 887
development of irreversibility & nonfunctionality & universality components of death concept, 2–20 yr olds, literature review, 9235
development of religious concepts, children, implications for religious education, literature review, 30386
development of reversible operations on balance scale task, preschool students vs 2nd vs 5th vs 8th graders vs college students, 3669
development of spatial-movement concepts, multiply handicapped 5–21 yr olds, 4104
development of time-sequence cognition, 4–7 yr olds, 14036
educational & general ability level, strategy & type of hypothesis used in concept learning, 20–25 yr old vs 45–50 yr old males, 8573
ego & moral & conceptual development, 18–65 yr old college students, 3592
experiences & conceptions of reading, 3–5 yr olds, 14095
field dependence/independence & development of operational thinking, 3640
formation of ability conceptions, children, literature review, 6322
free word association, analysis of concept of nature, visually handicapped students, 22921
identification of oral & silent reading & role of print in reading & perceptions of own reading ability, 3 vs 4 vs 5 yr olds, 3637
importance of understanding concepts & principles & processes in secondary education, high school students, literature review, 32069
incidental vs intentional learning conditions, acquisition of family-resemblance vs criterial attribute categories, kindergartners & 5th graders & college students, 25127
integrated constructive processes & networks, evaluation of conceptual learning, graduate psychology students in apprenticeship program, 18468
intentional & social aspects of concept learning, children, 11678
knowledge & understanding of pain & pain experience, 5–12 yr olds in hospital & clinic & school settings, 25909
knowledge of distinctions between animate & inanimate moving objects, 3–5 yr olds, 16917
language training, conceptual problem solving, chimpanzees, 5874
learning experiences, development of concept of evaporation, 5 vs 7 vs 9 yr olds, 19796
length of illness & hospitalization, vocabulary & concept formation, chronic schizophrenic vs nonpsychiatric patients, 6799
low vs medium vs high teacher enthusiasm level, concept acquisition, 1st graders, 5235
matching-to-sample operant discrimination training, transfer of figure-matching to novel samples in multiple key discrimination task, pigeons, 21932
memory for instance information, recognition & concept learning & classification, graduate & college students, 27183
memory for intratrial events in concept formation, college students, support for frequency theory over hypothesis-testing models, 11380
music concept development, 4 yr olds, criticism of L. P. Young's study, 912
noninstructional concept learning, later knowledge acquisition in school, preschoolers, 11679
notions of belief vs knowing in relation to medicine & human sciences, 21672
number of category exemplars presented in training & amount of exposure, classification of ill-defined new exemplars, college students, 21856
object & age & cultural/social background, reasoning of aliveness & animism, 5–9 yr old northern Unitarians vs southern Baptists, 25148
object concept development, 4–22 mo olds, 11780
patterned sentence story writing, development of print concepts, kindergarten through 2nd grade students, 7892
performance on Boehm Test of Basic Concepts, educable mentally retarded with mean age of 9.5 yrs, implications for psychoeducational assessment, 2587
personality factors, concept learning test scores, 20–25 & 45–50 yr olds, 9561
pictorial & verbal depiction of meaning of death, 4–8 yr olds, 14118
positive vs negative brain potential shifts, facilitation of paired associate learning & concept identification task performance, human Ss, conference presentation, 19469
problems in understanding concept of subtraction, children, 9180
process of learning hierarchy of levels of concepts using conjunction of features of objects & abstractions, 16475
question type in textual reading, understanding retention of biology concepts, college students, 7912
representation of nasality in nonstandard spelling, 1st graders, 22405
review of approaches to nature & interpretation & formation of concepts, 5798
role of function in conceptual development, 3 vs 5 vs 7 yr olds, 6288
rules used for interpretation of "big" & "little", 3.2–6.2 yr olds, 14088
rules used for time quantification, 6.5–7.5 vs 9.5–10.5 vs 12.5–13.5 yr olds, 14067
sentence variation task, development of concept of truth-functional negation, English-speaking 3–6 yr olds vs Korean-speaking 4–5 yr olds, 25108
SES & work experience, development of economic concepts, male 7–9 vs 11–13 yr olds, Egypt, 3676
simple concept combination with complex prototype concepts, 27157
simultaneous analytic vs nonanalytic levels of processing, concept learning & schema abstraction, college students, 19266
simultaneous vs delayed cues, conditioned discrimination of concepts & role of working memory, squirrel monkeys, 24536
spatial concept development, understanding of spatial prepositions, preoperational 2–7 yr olds, 9249
spatial vs symbolic stimulus presentation, discovery of mathematical function, college students, 24501
spontaneous classroom discussion according to process of notion formation, mathematics education, 26531
spontaneous conceptions of good & bad acts & differences in ability to define good & bad, 17–40 yr old mentally retarded, implications for adequacy of rating criteria of K. A. Hill & C. I. Hill, 25712
task requirements, attribution of life to inanimate objects, 4–11 yr olds, 9224
understanding of comparative sentences, 4–7 yr olds, 25075
understanding of vector concepts of position & displacement & velocity, 10th graders, 7950
use of different cues & strategies in area matching, 4–5 yr olds, 11767
verbal mediation in number concept attainment, mentally retarded children, 22901
visual arts, facilitation of student perception & concept formation, art teachers, 29167
visual identity matching training, generalization of matching rule to new samples, monkeys, 29998

Concept Learning [See Concept Formation]

Concept Validity [See Construct Validity]

Concepts

analog tasks, analysis of difficulties in mole-concept tasks, high school students, 29273

association & similarity ratings for concepts of familial & occupational relationships, adults, implications for A. Tversky's contrast model, 374
concept representation in memory & cognitive performance, 399
data- vs concept-driven processing, development of correct percepts of consonants & vowels, normal Ss, Korea, 11327
divergent values & decision making models, interdisciplinary miscomprehension in psychiatry & law, 31875
intimacy, similarity of understanding meanings of concepts, college students & unrelated males & females & couples married for 5 yrs or more, 14587
knowledge representation models of concept theory, implications for psychology & linguistics & artificial intelligence, 5770
language of instruction, understanding of print-related concepts, 1st graders, 13048
lexical decision task & associative relations of concepts in metaphors, college students, 24984
origin of concept of latency period in works of Freud, 18934
paradigms & conceptual relativism, experimental & theoretical scientific activity, 36
problem of philosophical analysis of religious concepts of punishment & reward, 8296
process of learning hierarchy of levels of concepts using conjunction of features of objects & abstractions, 16475
ranking of words as examples of emotions, college students, implications for prototypical analysis of concept of emotion, 16442
role of categorization theories, conceptual coherence, implications for cognitive development, 30458
Conceptual Imagery
analysis of Preliminary Scholastic Aptitude Test geometry problem solving, 16460
construction of mental models from text structure & cues & general knowledge & spoken vs written discourse, text comprehension ability, preschool children, 27757
figurative feature characteristics & use of mental images, college students, 362
image & power politics, domestic & international politics, 17232
individual differences in word imagery types, short & long term memory, college students, 13698
norms as imagery & meaningfulness of Swedish nouns, college students, Sweden, 24997
perceptual vs conceptual attributes, semantic priming, college students, 6198
qualitative deficits in verification of negative sentences by pictures, alcoholics, 12244
Conceptual Tempo [See Also Impulsiveness]
conceptual tempo & problem solving efficiency, 2nd & 4th & 6th graders, 14019
conceptual tempo, reading task performance, 2nd graders, 29275
reflection-impulsivity, short term memory, emotionally disturbed with mean age of 11.6 yrs, 4165
Conceptualization [See Concept Formation]
Concussion (Brain) [See Brain Concussion]
Conditioned Emotional Responses
acquisition & extinction of conditioned emotional response, 150 vs 600 day old male rats, 8628
acute vs chronic amphetamine administration, latent inhibition learning using conditioned emotional response procedure, rats, 11625
diazepam, conditioned anxiety response assessed by suppression of drinking, male rats, 8995
exposure to 60-Hz electrical field, conditioned emotional response, rats, 27494
feedback stimulus, fear conditioned with escapable vs inescapable shock, yoked vs not yoked rats, 11420
pretest amphetamine, forgetting of conditioned emotional responses, rats, 6156
self verbalization, physiological & cognitive & motoric aspects of conditioned anxiety reactions to snakes, 19–58 yr olds, implications for therapy, 7370
Conditioned Inhibition [See Conditioned Suppression]
Conditioned Reflex [See Conditioned Responses]
Conditioned Responses [See Also Conditioned Emotional Responses, Conditioned Suppression]
ACTH, amnesia & memory for CRs, 2–6 wk old rats, 3523
acute & chronic electrical stimulation of caudate nucleus head, conditioned postural reorganization, dogs, 22102
alimentary deprivation or conditioned reaction, fluorescence of dopaminergic nuclear receptors, in nigrostriate & mesolimbic systems, rats, 22041
analysis of D. Premack's theory of value in reinforcement vs W. Timberlake & J. Allison's response-deprivation hypothesis, 24123
analysis of neuronal mechanisms of conditioned reflex switching in hippocampus, rabbits, 601
attentional shifts during compound matching-to-sample procedure, response accuracy, pigeons, 3150
behavior during painful stimulation of another animal, parameters of alimentary instrumental CR, rats, 8635
bilateral hippocampal vs neocortical lesions, acquisition & retention of CR based on simple associations vs conditional vs nonconditional discrimination, male rats, 3388
bilateral lesions of substantia innominata, conditioned & unconditioned alimentary & other reflexes, cats, 22109
bilateral of dentate & interpositus cerebellar nuclei, conditioning of heart rate & nictitating membrane/eyelid responses, rabbits, 11568
change in intensity of electrical shock & morphine & clonidine, stimulus discrimination & conditioned responses & response latency, male squirrel monkeys, 8881
chlordiazepoxide, impairment of learned discrimination performance, male rats, 19662
chlordiazepoxide, novelty induced vs conditioned hyperglycemia, male rats, 24540
coffee vs apple juice with vs without caffeine, inhibition of salivation, 19–35 yr olds drinking 2–11 cups of coffee/day for at least 1 yr, 3504
cognitive behavior psychotherapy & extinction & relaxation training, reduction of conditioned withdrawal-like responses, opiate-dependent male methadone patients, conference presentation, 5035
combinations of CS & UCS applied to neurons, postsynaptic membrane function, mollusk, 22010
conditioned learning, Phormia regina vs Drosophila melanogaster vs Musca domestica, literature review, 27213
conditioned respondents as factor in stimulus control of drinking, alcoholic Ss, conference presentation, 4310
conditioned responses, 27216
"conditioned responses" of electrically excitable membranes of isolated neurons, snails, 27496
conditioned-suppression paradigm & extinction of conditioned excitation, deactivation of conditioned inhibition, male rats, 30004
conditioning context as CS, insulin induced hypo- vs hyperglycemic CRs, male rats, 24539
CS & commercial video game as UCS, arterial pulse & EKG initiated transit time & interbeat interval response, college students, 30127
CS-UCS vs context-UCS associations, autoshaping, pigeons, 11410
discharges of single neurons in primary auditory cortex during acquisition of pupillary CR, cats, 3305
discrimination of external duration vs regulation of action schedules, operant performance level, cats, conference presentation, 3180
DRL vs FR appetitive conditioning, species-specific behavior in form of scratching & biting, rats & gerbils, 13760
duration of stimulus-reinforcer relationship & response-reinforcer relationship, keypeck response rates under multiple schedule conditions, pigeons, conference presentation, 3163
electrical stimulation of optic chiasm, leverpress conditioned response & visual EPs during sleep, mongrel dogs, 27217
electrical stimulation of optic chiasm as CS, leverpress conditional response & visual EPs, mongrel dogs, 27218
expectancy for airpuff, conditioned eyeblinks, 19–35 yr olds, 27179
extirpation of frontal &/vs parietal association cortical areas, alimentary CRs, cats, 8912
FI schedule vs FI schedule changed to extinction, temporal distribution of responses, pigeons, 16504
food or nonfood presentation vs barpressing vs food acquisition & ingestion stages of operant feeding task, electrical activity of neurons in globus pallidus, monkeys, 30091

formation of delayed conditioned reflex before vs after neocortex lesion, spatial-temporal EEG characteristics, cats, 22122
frontal cortex vs caudate nucleus lesions, dopamine- vs choline- vs GABA-ergic brain systems in organization of conditioned reflex to time, cats, 22025
genotype, defeat induced learned submissiveness & analgesia & unconditioned & conditioned behaviors & potential role of endogenous opioids, male C57BL/6 vs DBA/2 mice, 24557
harmaline, conditioned nicitating membrane responses, rabbits, 24955
higher nervous activity, psychiatric patients, 20215
icv injections of dextroamphetamine sulfate into nucleus accumbens, behavioral control by conditioned reinforcers, rats, 24950
individual vs group housing & age, RT & open field behavior & weight & longevity & activity & operant responding, rats, 22082
information processing model of animal timing behavior, effect of unbalanced stimulus probabilities & predictive cue on CR temporal criterion & response rule, rats, implications for human information processing, conference presentation, 3183
level of classically conditioned responding & blood levels of serotonin, normal vs neurotized dogs, 8845
light paired with nonoccurrence of regularly scheduled shocks, approach to light in T-maze, rats, results consistent with M. R. Denny's contiguous approach conditioning model, 11412
lithium- or dextroamphetamine-paired flavor, conditioned avoidance response patterns & activity level, male rats, 19712
lithium- vs amphetamine-paired contextual test chamber, activation or suppression of CRs, rats, 24905
naloxone, effects of LSD & 2,5-dimethoxy-4-methylamphetamine & quipazine on operant behavior, rats, 27620
naloxone, effects of morphine on associative & sensory processing of CS & UCS in classical conditioning of nictitating membrane response, rabbits, 6157
naloxone, perceived intensity of shock & active vs inactive components of postshock reaction, female rats, 3339
naltrexone, extinguishing conditioned drug responses, opiate addicts, 23607
neocortex electrical stimulation, CRs in delayed spatial choice task, cats, 27492
neuronal discharge plasticity in secondary auditory cortex during acquisition of pupillary CR, cats, 3268
noradrenaline, development of conditioned responses to sound in neurons of sensorimotor cortex, rabbits, 786
normobaric hypoxia, acquired temporal response regulation, rats, implications for behavioral & pharmacological analysis of cerebral circulatory insufficiency, 6054
number & duration of post-response-prevention escapes, resistance to extinction of avoidance responses, rats, 24534
pairing of different levels of nociceptive stimulation with placebo, conditioned positive vs negative placebo responses, college students, clinical implications, 16476
perceived & nonperceived sound stimuli, formation of motor CRs, human Ss, 27411
positive & negative stimuli, formation & reproduction of trace CRs, 15–17 yr olds, 27368
postconditional devaluation of reinforcer, instrumental responding, male rats, 29996
presentation of morphine-associated stimuli alone or extinction training following conditioning, conditioned place preference, male rats, 22134
quipazine vs fluoxetine, extinction of operant response, male rats, 22140
reinforced serial compound stimuli, latency of CR of nictitating membrane, rabbits, 451
reinforcement schedule & sucrose concentration, concurrent FR bar-press responding, rats, 8654
reinforcement strength of redundant stimuli, keypecking, pigeons, 8644
scalar expectancy theory vs proximity decision rule, signal duration for long vs short responses & performance in temporal bisection tasks, rats, conference presentation, 3200
stimulation of midbrain reticular formation, neuronal activity in visual cortex during CR, rabbits, 27499
stimulus frequency & distribution & reinforcement schedules, response-specific learning in signaled punishment procedure, rats, 19324
temporal properties of reinforcement schedule, spatial organization of behavior in experimental chamber, pigeons, conference presentation, 3151
tetanic stimulation of cerebral cortex, cats, theoretical implications of results, 11557
thyrotropin releasing hormone & MK-771, punished responding, squirrel monkeys, 11581
tone cue followed by stimulation to medial forebrain bundle, conditioning-related frontal cortex neuronal activity, anesthetized rats, 30176
training, conditioned tactile placing of forelimbs, cats after spinal cord hemisection & unilateral neo-cortication, 11575
trial duration & cycle time & CS duration, strength of autoshaped CR, pigeons, conference presentation, 3147
tryptophan & serotonin, conditioned reflexes, wild bees, 27614
UCS-CS backward conditioning & effects on classical conditioning with other paradigms, 26934
unilateral decortication by means of spreading depression, parallel vs sequential information processing & motor-food conditioned reflexes, male rats, 16693
vasopressin & time of application, retention of learned submissive behavior, DBA/2 vs C57BL/6 mice, 6162

Conditioned Stimulus

absence of preconditioned context, acquisition of conditioned suppression to discrete CS, rats, test of context-blocking hypothesis, 29992
alcohol as CS, conditioned control of tolerance to alcohol, rats, 11592
autoshaping, associations between Pavlovian CS & context, female pigeons, 465
binding potency for 5-HT1 vs 5-HT2 sites of putative 5-HT antagonists, blockade of discriminative stimulus properties of quipazine, male rats, 8961
classical conditioning, strength of orienting response during blocking, rats, 5870
conditioned-suppression paradigm & extinction of conditioned excitation, deactivation of conditioned inhibition, male rats, 30004
CS during acquisition of defensive reflex, changes in motor activity, rabbits, 3188
experimental paradigm for study of discriminative stimulus properties of drugs illustrated by dextroamphetamine, 22–34 yr olds, 2790
food anticipation & lever-directed activities, male rats, 8618
food reinforcement vs visual vs auditory stimulus events in immediately preceding schedule sample, stimulus control in forced-choice variable time schedule, pigeons, 21923
number & duration of post-response-prevention escapes, resistance to extinction of avoidance responses, rats, 24534
pairing of light & auditory stimuli with feeding, development of secondary reinforcement as measured by learning of new unrelated runway response & role of associative mechanisms, rats, 21920
polarization of thalamic median center, response of caudate nucleus neurons to CS, cats, 22099
presentation of morphine-associated stimuli alone or extinction training following conditioning, conditioned place preference, male rats, 22134
random replacement of rewarded vs unrewarded stimulus with meaningless stimulus, 2-choice pattern discrimination performance, chinchilla rabbits, 469
reinforcement strength of redundant stimuli, keypecking, pigeons, 8644
role of frontal cortex in differentiation of conditioned stimuli, cats, 577
shared stimulus modality, association between 1st & 2nd order stimulus presented sequentially or simultaneously, rats, 24555
temporal arrangement of discriminative stimuli relative to R-wave, heartbeat discrimination, 16–35 yr olds, 8856
tone & novel stimulus & stimulus change paired with positive & negative reinforcement, oriented exploratory behavior, male rats, 16496
trial duration & cycle time & CS duration, strength of autoshaped CR, pigeons, conference presentation, 3147
UCS-CS backward conditioning & effects on classical conditioning with other paradigms, 26934

water as UCS & light as CS, appetitive conditioning of heart rate, thirsty pigeons, 3174
Conditioned Suppression
absence of preconditioned context, acquisition of conditioned suppression to discrete CS, rats, test of context-blocking hypothesis, 29992
acute vs chronic amphetamine administration, latent inhibition learning using conditioned emotional response procedure, rats, 11625
chlorophenylpiperazine in conjunction with trazodone or pimozide, depression of conditioned avoidance responses, mice, 11624
conditioned-suppression paradigm & extinction of conditioned excitation, deactivation of conditioned inhibition, male rats, 30004
conditioned suppression technique, behavioral determination of olfactory thresholds to amyl acetate, beagles, 13746
context specificity, conditioning & extinction & latent inhibition, rats, 11416
contingency interpretation of conditioned inhibition, male rats, 452
degree of response-response compatibility in choice RT task, interference & inhibition, college students, 3003
dorsal ascending noradrenergic bundle lesions, acquisition & steady state & extinction of response suppression maintained by conditioned suppression vs discriminated punishment, male rats, 24777
dorsal ascending noradrenergic bundle lesions, latent inhibition in conditioned suppression procedure, male rats, 30191
fear conditioning with signaled vs unsignaled intertrial shocks in presence vs absence of light, rats, 8653
hippocampal theta-driving septal stimulation, proactive behavioral effects on conditioned suppression & punishment, rats, 27498
hippocampectomy, overshadowing & blocking, male rats, 11564
interval between pairs of unsignaled shocks, conditioned suppression & acceleration of positively reinforced operant baseline, male rats, 19321
length of repetition & rate of inhibitory stimulation, inhibition of startle reflex, rats, 474
manipulation of central serotonergic transmission through 5,7-dihydroxytryptamine lesioning of dorsal raphe & substantia nigra & benzodiazepine receptor antagonist Ro 15-1788, antipunishment effects of diazepam, rats, 6059
methods for extinction of Pavlovian conditioned inhibitions, rats, 8665
postconditioning of habituation & counterconditioning aversive effects transfer of conditioned inhibition, rats, 30007
preexposure to tone & context-stimulus associations, latent inhibition in acquisition of conditioned suppression, rats, 5867
presentation vs omission of expected shock UCS, conditioned suppression of barpress & freezing as indices of fear, male rats, 3368
pretest reminder treatment & tone-lithium chloride association, conditioned lick suppression & cue-to-consequence deficit, rats, 3197
relative duration of CS-UCS gap & intertrial interval, excitation & inhibition in trace autoshaping, female pigeons, 449
serial vs simultaneous feature negative discrimination procedure, effects of postconditioning reinforcement of inhibitory feature stimulus, rats, 19327
shock location & duration, punishment-induced facilitation vs suppression, rats, 13756
stimulus frequency & distribution & reinforcement schedules, response-specific learning in signaled punishment procedure, rats, 19324
strength of thirst & shock intensity, conditioned suppression of licking, male rats, 11544
transfer of conditioned inhibition across different aversive reinforcers, male rats, 8645
UCS-CS backward conditioning & effects on classical conditioning with other paradigms, 26934
unblocking, Pavlovian appetitive conditioning, rats, 19328
Conditioning [See Also Autoshaping, Aversion Conditioning, Avoidance Conditioning, Classical Conditioning, Conditioned Emotional Responses, Conditioned Responses, Conditioned Stimulus, Conditioned Suppression, Escape Conditioning, Eyelid Conditioning, Operant Conditioning, Unconditioned Responses, Unconditioned Stimulus]
conditioning, reinstatement of opiate & stimulant self administration, humans & laboratory animals, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 798
contributions of conditioning principles to constructional behavior therapy, 26085
methodological & theoretical issues in biochemical & neurohistological & physiological & behavioral approaches to analysis of higher nervous activity, 558
nigro-striatal dopaminergic system, adaptive conditioned behavior, rats & dogs, 597
phosphorylase kinase, biophysical changes of type B photoreceptors, mollusk, implications for biophysical effects of associative conditioning, 718
response-independent reward, acquisition of runway task, male albino rats, 442
rewarding natural vs intracranial self stimulation & cue signals, integrated lateral hypothalamic unit responses, rats, 27504
role of learning in development of ethanol tolerance, animals, criticism of study by J. R. Wenger et al, 9026
role of learning in development of ethanol tolerance, animals, reply to criticism by B. Tabakoff et al, 9038
shared stimulus modality, association between 1st & 2nd order stimulus presented sequentially or simultaneously, rats, 24555
training, food consumption time & preference, male albino rats, 473
Conditioning (Avoidance) [See Avoidance Conditioning]
Conditioning (Classical) [See Classical Conditioning]
Conditioning (Escape) [See Escape Conditioning]
Conditioning (Eyelid) [See Eyelid Conditioning]
Conditioning (Operant) [See Operant Conditioning]
Conditioning (Verbal) [See Verbal Learning]
Cones (Eye)
light adaptation, cone response latency & log sensitivity, humans & turtles & monkeys, 8774
orientation dependence & visual hyperactivity in discrimination of spatial frequencies & role of hexagonal symmetry of foveal photoreceptor organization, experienced Ss, 3279
photopic background stimulation, time course of rod-cone interaction, human Ss, 8478
pi-mechanisms & color increment thresholds, humans, 3287
spatial properties of red/green & yellow/blue perceptual opponent color response, humans, 24434
spectral sensitivity, goldfish, implications for cone mechanisms, 30090
test stimulus duration & adaptation level, temporal integration in W. S. Stiles's blue-sensitive pathway, trichromatic vs dichromatic Ss, 8489
velocity of moving stimuli, activation of rod vs cone systems & structural & functional organization of ganglion receptive fields, frogs, 24646
White vs monochromatic background surround, flicker fusion spectral thresholds, humans, implications for cone-cone interaction & independence of achromatic & chromatic channels, 16413
Confabulation
developmental differences in interhemispheric information transfer ability & confabulatory responding, 4 vs 7 vs 10 yr olds, 22320
Conference Proceedings [See Professional Meetings and Symposia]
Confession (Religion)
views of Jung on act of religious confession & forgiveness, 29650
Confidence Limits (Statistics)
bootstrap & jackknife techniques, estimation of ellipsoidal confidence regions of group stimulus points for INDSCAL, 13644
knowledge & confidence & skills before vs after childbirth classes vs after labor, male & female participants, 12737
point estimates & confidence intervals in measures of association, 29790
tolerance vs confidence intervals, score interpretation in educational measurement, 21477
Confidentiality of Information [See Privileged Communication]

Conflict [See Also Arguments, Riots, Violence, War]
application of evolutionary models to decisions made during object possession conflicts, 47–83 mo olds, conference presentation, 30553
attitudes toward authority & kinds of conflicts in school & at home & preferred conflict resolutions & ideal authority figure, working-class 14.3 vs 15.3 yr olds, England, 14138
childhood emotional development & conflict-coping behavior, psoriasis patients, 4487
coercive vs noncoercive power sources, conflict & satisfaction & marketing channel performance, manufacturer's district managers & dealers' general managers, 29582
conceptual conflict, conceptual change & design of science instruction, 10th graders & college students, 10713
conflict & quality & time in information use, program evaluation & decision making, graduate students simulating school board members, 2363
conflict in patriarchical society, self understanding & growth & wholeness, females, 11967
conflict of interest in psychiatric consultation, 4588
conflict polarities of avoidance & approach vs attachment & exploration vs earth & eternity & catharsis, 18959
conflicts in vocational choice, 2617
contemporary moral theory & practice & conduct in conflicts & cooperation, young adults, 22291
continued familial conflict, adjustment & self concept & self esteem & anxiety, adolescents from divorced families, 3748
desire for competition, development of endogenous conflicts within games, 20073
development of social conflict & dominance relations, 6–18 vs 19–30 vs 31–42 vs 43–54 vs 55–66 mo olds, 27880
development of social understanding & emotional behavior in conflict with sibling & mother during 2nd yr of life, infants & their mothers & siblings, 22364
empirically based treatment employing individual &/or family therapy, parent-adolescent conflict, literature review, 12546
expectations of parental sex differences in responses to encountering interpersonal problems, male vs female 4th–8th graders, 17033
false paradoxes & psychopathological behavior, 14652
family conflict & stress, child's development, traditional vs nontraditional families, conference presentation, 30372
framing of conflict vs negotiator overconfidence, bargaining behavior & outcomes, college students, 21588
generational conflict in business organizations, entrepreneurs & managers of public & private sector companies, India, 18827
group size & neighborhood heterogeneity, intergroup conflict & interpersonal crime, examination of P. M. Blau's theory of social structure, 1973–78, 1239
humor & conflict in collective social movements, 3764
impact of psychoanalytic theories of conflict on treatment, 47 yr old female with German-Jewish background, 10155
inadequate family environment & emotional conflict, 5–16 yr olds with conversion neurosis vs neurosis vs aggressive behavior disorders, 1439
leadership style & group conflict, 20085
methodology, analysis & simplification of paradoxical structures, 14482
onset of delinquent behavior because of acute unresolved conflicts & personality disorders vs developmental factors, continued criminal activity, children, 31074
potential influence structures, sources of interpersonal conflict in groups & organizations, 32305
reliability & validity of conflict arousal scale, examination of role of conflict in family decision making, partners, 11187
restoration of normal body weight, luteinizing hormone releasing factor responses & adolescent conflict, 15–31 yr old females with anorexia nervosa, 1997
sequential organization of naturally occurring verbal conflict & importance of social structure, video & audio recordings of family interactions, 25311
sex & sex role taking of conflict situation, aggressive retaliation, 8–9 yr olds, 9320
sexual conflict, anorexia nervosa, female adolescents, 4507
sexuality & class & conflict in workers' strike, lesbian employees of auto repair shop, 8237
social conflict perspective of treatment, involuntary clients, 21039
social face in conflict & group values & relative status & social milieu, literature review, 25413
structure of conflict behavior & systemic war, crisis decision making, 11849
task-goal attributes, internal work motivation & job satisfaction & perceptions of inter- & intradepartmental conflict, nonsupervisory employees of large firm, 32317
uncertainty & conflict & conciliation in bargaining, 6636
verbal vs nonverbal communication during conflict situation, preschoolers vs kindergartners vs 2nd graders, conference presentation, 30494

Conflict Resolution
attitudes toward authority & kinds of conflicts in school & at home & preferred conflict resolutions & ideal authority figure, working-class 14.3 vs 15.3 yr olds, England, 14138
attributions for confrontational behavior, resolution of organizational conflict, college students, 32280
child custody dissatisfaction, fathers, 1143
cognitions, ability to resolve conflicts, married couples, 3826
communication theory model of conflict resolution, training in conflict management, 9504
conflict management in organizations, India, 10970
conflict management program with organizational behavior focus, 16059
conflict management training practices in large organizations, 32272
conflict resolution in child custody disputes in divorce court, parents, 30688
conflict resolution outside court, implications for role of applied social psychology, 17217
conflict resolution style during marital problem discussion, distressed vs nondistressed married couples, 25306
construction & validation of Relational Behaviors Survey, assessment of heterosocial conflict resolution skills, college students, 19048
couple-coder & intracouple agreement in evaluations of videotaped couple's problem solving, distressed vs nondistressed husbands & wives & trained coders, 11912
creative & peaceful approaches to interpersonal & interorganizational & international levels of conflict resolution, 30776
divorce mediation & emotional impact, couples & their children, 20022
eating disorder as maladaptive conflict resolution, families, 20495
ethical considerations of bargaining in family mediation, 6536
experiential training program, conflict management competence, rehabilitation counselor trainees, 7801
extreme vs compromise resolutions to personal value conflict, female vs male 18–57 yr olds, 6670
factor analysis of measures of androgyny & leadership & conflict resolution, male college students, support for hypothesis of similarity of measured constructs, 4090
factors associated with assessment vs arbitration vs mediation procedures in child custody & access dispute cases, parents, 7312
gender of arbitrator & grievant, decisions in cases of alleged work rule violations, college students, 32209
government & business & religion & education & family & human nature as components in social ecology of peace, 6425
high vs low conflict of ideology vs conflict of interest, conflict resolution, college students, 4001
interpersonal communication workshop, conflict management, college students, Beirut, 20829
interpersonal 3-component I-message confrontation, behavior change, 18–22 yr old males, 4005
Jungian personality dimensions, decision making & conflict-handling behavior, college students, 9534
Learning to Live With Others program, practical knowledge & problem solving & human relations & conflict resolution skills, college students, 8110
legal principles, mediation & conflict resolution, 6545
management of group conflict in group counseling, 18006
management of intergroup conflict in organizations, literature review, 10959
management strategies for conflict resolution in complex organizations, 23982

mediation as alternative to litigation in potential crisis situations, 25349
mediation standards & divorce, 6533
mediation technique, extra-legal resolution of marital conflicts, 1897
negotiation as judgmental process, 17319
neutral vs facilitative vs midrange positions in family mediation, mediators, 6532
non-binding mediation & resolution of property division disputes during divorce, 20802
objectives & types of escalative interventions, conflict management, small groups, 18873
origins & philosophical basis of divorce mediation, 1099
parental hypertension associated with hostile affect & inhibition of affect, family conflict management & susceptibility to hypertension, 8–13 yr olds with hypertensive fathers, 1630
personality & conflict handling modes of behavior, group task effectiveness, Masters of Business Administration students, 30783
psychological/mediation intervention, resolution of immediate & prevention of future interpersonal conflict, 17954
questions most often asked about divorce mediation, practicing mediator, 1107
reactions to court mediation programs, divorcing clients contesting child custody, 1146
reconciliation program as alternative to incarceration, victims & offenders, 23558
role of therapist in management & resolution of aggression in group therapy, 18009
similarities & differences of consultation vs mediation vs coercive bargaining, 20096
situation mediation, conflict resolution in custody cases, 1142
situational factors & type of neighborhood, decision to arrest in interpersonal disputes, police officers, 14416
static & dynamic noncooperative game theory & dynamic contract theory of conflict resolution, 30768
structure of conflict behavior & systemic war, crisis decision making, 11849
structured fantasy & drama in Clown Club, expression & resolution of conflict & interpersonal relationships, 8–10 yr old girls, 31438
symmetrical model of G. Bateson, evaluation of parent-school relationship in resolving conflict, 10 yr old male with poor handwriting & his parents & teacher, 23909
theoretical work during 1949–82 on cooperation & competition & conflict resolution & distributive justice, M. Deutsch, 11993
therapeutic mediation model, child custody dispute resolution, divorcing or divorced parents, 1163
time pressure & expected relations & impact of settlement, interventions in 3rd party dispute resolutions, managers, 18818
uncertainty & conflict & conciliation in bargaining, 6636
use of media by political action groups, examination of Camp David agreements, 6560
utilitarianism & conflict of interest in helping situations, 17318

Conformity (Personality)
ambiguity of judgment & self consciousness & influence of others' opinions, conformity in judgments of fashionability, female college students, 1227
assertiveness, conformity to high- vs low-status confederates, college students, 17330
conformity by omission in autokinetic effect task, college students who believed they were alone vs with 2 others reporting no movement, 17325
conservatism & authoritarianism & achievement motivation & self esteem & anxiety & attitudes toward Blacks & conformity, urban Afrikaners, South Africa, 6685
cross cultural differences in conformity, literature review, 12060
cultural aspects of interpersonal relations & conformity in Bell System telephone company, employees, 1-yr longitudinal study, 23999
deception methodology in social psychology research vs role playing & choice technique, conformism, 24–28 yr olds, replication of E. Asch's study, 26957
deindividuation & group salience, attitudes & behaviors regarding vivisection, college students majoring in science vs social science, 28049
fear, conformity & fixation of escape behavior, college students, 27186
legitimacy of supervisor & reward contingency, conformity & performance of technical task, temporary employees, 16054
locus of control & group opinion, individual judgment & time to make decision, college students, 4083
parental influence, development of conformity & self direction, children, verification of M. L. Kohn's theory, 11918
perceived relative competence, behavioral conformity, male vs female college students, 25484
SES, social conformity, 18–21 yr old graduate students, India, 14588
validity of Objective Measure of Ego Identity Status, predictive relation between ego identity status & conformity behavior & personality, college students, replication of study by N. Toder & J. Marcia, 14532

Confusion (Mental) [See Mental Confusion]

Congenital Disorders [See Also Cleft Palate, Drug Induced Congenital Disorders, Hermaphroditism, Spina Bifida]
acceptance vs refusal of alpha-fetoprotein screening, anxiety about fetal malformations in early vs mid vs late pregnancy, females, 7518
applicability of Halstead-Reitan Neuropsychological Test Battery vs Luria-Nebraska administration, 9–20 yr olds with congenital brain disorders, physical handicaps, 24221
auditory brain stem response, 8–18 yr old patients with congenital/early acquired sensorineural hearing loss & abnormal stapedius reflex thresholds & speech retardation, 9897
brief psychoanalytic psychotherapy, parents of congenitally handicapped neonate, 7222
computerized tomographic characteristics, 8 mo to 30 yr olds with schizencephaly, 25879
congenital heart disease vs respiratory infection mortality, deceased Down's syndrome patients, 25705
congenital rubella, mental retardation & behavior disorders & neurosis & autism & neurologic damage, preschool age children, 4–5 yr follow up, 9907
critical period, development of vision & visual acuity, 1–35 yr olds with unilateral congenital or traumatic cataract, 1691
duration of chronic hypoxemia, cognitive function, children with mean age of 5.8 yrs with d-transposition of great arteries & intact ventricular septum, 9983
emotional characteristics, mentally retarded & hyperactive 10 & 13 yr old female & male with congenital insensitivity to pain, 15015
life history model of adaptation, 33 yr old female with congenital quadralateral limb deficiencies, 22955
long-term psychological consequences of congenital heart disease following corrective surgery, young adult patients, 14-yr follow-up, 18178
macrocephaly & minor congenital anomalies, learning disabled 6.6–12.2 yr olds, 6979
Marden-Walker syndrome, 29 yr old female mentally retarded patient, literature review, 25719
mental & growth retardation, 7.4 yr old female with congenital atrichia & papular lesions, 25706
nursing care, infants with congenital heart disease receiving prostaglandin E1, 31610
perception of & reaction to intense stimulation, 10 & 13 yr old female & male with congenital insensitivity to pain, 15014
plasticity of human development, physically handicapped children, 9906
repetition vs imagery instructions, success of paired associate learning & number of images made & content of images, congenitally blind vs deaf adults, 31211
research of New York State Psychiatric Institute's child development program, children born with cosmetic & orthopedic anomalies studied at 9 & 12 & 18 & 25 mo & their mothers, 7142
theories of family development & parenting, dealing with child born with congenital disorder, 12393
ultrasound exposure, birth weight & hearing loss & congenital anomalies & dyslexia, human fetuses, 20998

Congenitally Handicapped
concepts & imagery of common objects, congenitally blind 3–9 yr olds, 12322

congenital handicaps & repeated operations, emotional & psychic damage & E. Bick's concept of "psychic skin," 4 & 15 yr old males, 6707
German measles during pregnancy, fetal development & multiple impairments in childhood, 28476
initial occupational therapy assessment & treatment & equipment & adaptations to school & home, 9 yr old male with multiple congenital limb deformities, 15540
locus of control, noncongenitally vs congenitally visually handicapped female vs male 18–55 yr olds, India, 4514
Conjoint Therapy
conjoint family therapy, hysteria, 18 & 14 & 13 yr old brothers & 15 yr old sister & 18 yr old male cousin, rural Kenya, 23224
conjoint vs concurrent therapy, inter- & intra-personal change, couples experiencing marital discord, 12548
couple therapy in therapeutic community setting, 1911
experiences in conjoint individual & group therapy with different therapists, 26–57 yr olds, 31411
indications & counterindications for conjoint therapy, marriage partners, 23212
intervention techniques, therapeutic growth & facilitation of ward-appropriate behavior, 17 yr old female inpatients in love with each other, 18288
transference between each spouse & therapist & resistance in conjoint marital therapy, 12544
Connective Tissues [See Also Bones]
finger-temperature biofeedback vs frontalis EMG biofeedback vs autogenic training, finger temperature control, patients with Raynaud's phenomenon in scleroderma, 12585
Connotations
description of nongustatory stimuli in terms of 4 primary tastes & colors, college students, psychophysical measurement implications, 5703
sexual significance of number 31 in idiomatic expressions in various languages, 6191
Conscience
contributions to modern rationales of conscience, Freud vs M. Weber, comments on article by D. N. Levine, 11056
ethics, sexuality & masochism & egoism & responsibility & freedom, 11057
modern rationales of conscience, Freud vs M. Weber, 11051
Conscious (Personality Factors)
concept of conscious personality, 20152
conceptual framework of consciousness derived from combination of Freud's conception of mind & theory of consciousness, 5542
defensive style & Jewish religiosity, conscious & preconscious & unconscious death anxiety, college students, Israel, 6689
functions of ego with regard to consciousness & thought & language, 19297
history of human consciousness & personhood, 13449
nature of music therapy & consciousness of self, children & adults, 20683
prayer & psychology of consciousness, 30591
validity of sentence completion method in assessment of death anxiety, conscious & covert death anxiety, female vs male 19–64 yr olds in death-related vs non-death related occupations, 6674
Consciousness Disturbances [See Also Autohypnosis, Delirium, Hypnosis, Insomnia, Narcolepsy, Sleep Disorders, Sleepwalking, Suggestibility, Time Disorientation]
gravity induced loss of consciousness causing incapacitation & amnesia & clonic spasms, US Air Force aircraft crew, 32324
psychobiological functions of dissociation, 12180
Consciousness States [See Also Attention, Awareness, Divided Attention, Monitoring, Selective Attention, Vigilance, Wakefulness]
absorption & individual differences in various states of consciousness, college students, 16486
altered state of consciousness & social psychological phenomenon, Christian religious experience, Philippines, 17151
analysis of nonsymbolic mystical experiences, 27190
attribution of moods as perceived interactions between dreaming vs waking divisions of consciousness, male vs female graduate students, 19303
author's personal experiences of transcendental insight, 1284
behavioral manifestations & consciousness & resolution of traumatic event, transitional vs long-term recovery of moderate vs severe head injury, 1676
co-consciousness in hypnosis & multiple personality & normalcy, 11393
cognitive psychology & consciousness & information technology, 26938
cognitive psychology of religious-mystical experience & significance of phenomenal overlap with schizophrenia, literature review, 431
cognitive skill vs traditional trance hypnotic inductions, college students, 19302
concept of state, neonates, 9081
consciousness & pre-reflection in infancy, development of self & autonomy, 9325
content of conscious awareness of dreaming during lucid vs nonlucid dreaming, 8587
control of endogenous psychoactive substances, altered states of consciousness, 3130
definition & diagnosis & treatment of unusual states of consciousness as spiritual emergency, 32 yr old male, 28621
experimental methodology & current conceptions & dual nature of consciousness, 5844
functionalism & analysis of mental states, 8312
Fuzzy Quantification Theory Type II, analysis of structure in consciousness of volunteers, urban females, Japan, 2069
history of "consciousness movement" & relation to science, theory of quantum of action as 4th parameter of universe, 40
incidence & operational definition of deja vu, 24096
lucid dreaming & waking intrusions during REM sleep, 3129
narrow field of consciousness, memory, 21894
neurosyntergic approximation of levels of consciousness, 30070
nitrous oxide, mechanized cognitive sets, 18–55 yr old dental patients, 20912
phenomenological classification of deja vu, normals vs neuropsychiatric patients vs epileptics, 24098
precognitive dreams, deja vu, 24092
preliminary model for cross-cultural analysis of altered states of consciousness, 29973
procedural & semantic & episodic memory systems, anoetic & noetic & autonoetic states of consciousness, male amnesic patient & normal college students, 27196
psychodynamic approach to psychotherapeutic processes of meditation & altered states of consciousness, 15198
psychophysiological test of RT & time estimate & touch discrimination subtest of Halstead-Reitan Neuropsychological Test, assessment of effects of benzodiazepines on attention & sleepiness states, 21–29 yr olds, 11586
rebirthing, potential psychological & physiological harm, 27913
religious experiences & altered states of consciousness, 14262
self report of physical & mental condition & perceived condition of others while taking SAT, reasons for decline in SAT scores over last 20 yrs, college freshmen, 23920
temporal factors & internal state of S during psychokinesis, influencing output of random number generator, 13415
theory of altered states of consciousness & out of body experiences as models of reality, 26853
unity of consciousness, literature review, 16485
Conservation (Concept)
ability to represent properties of weight, 3–9 yr olds, 27769
acquisition of number conservation & possible role of counting, 6 yr olds, replication of G. S. Halford & T. J. Fullerton's experiment, 11750
classical Genevan procedure for testing liquid quantity conservation as inherently artifactual, college students, Ghana, 24453
comprehension of number conservation, pretransformation & posttransformation judgments, 3–4 vs 6–7 yr olds, 16947
comprehension of relational terms "more" & "less" & "same" in conservation & seriation tasks, 54.2 vs 62.6 vs 68.6 mo olds, 27777
concrete operational reasoning strategies, nonconserving preschool & kindergarten children, 16944
coupling of counting & measurement procedures with training based on Piagetian mechanisms of identity & reversibility & compensation, conservation concept learning, 4–6 yr olds, teaching implications, 16963

development & validation of rhythmic conservation task, assessment of conservation of rhythm, 4–8 yr old violin students, 11752
development of conservation & mathematics achievement, learning disabled 9–12 yr olds with mathematics deficiencies, 26643
development of gender constancy, number conservation, 7.5–8 yr olds, 17016
development of seriation & conservation & classification, kindergartners & 1st–2nd graders, 1-yr longitudinal study, 22323
difficulties in administering Piagetian conservation tests, preoperational children, 2883
judgment only vs judgment plus explanation criteria of M. L. Goldschmid vs Piaget, conservation performance, kindergartners to 6th graders, 16285
perceptual contrast in Piagetian task, assessment of conservation of quantity, 3.7–4.7 yr olds, 27798
Piagetian task performance & cognitive growth & sex, 1st graders, 1-yr longitudinal study, 17001
rule guided vs stimulus driven judgments of liquid inequality, 3.3–3.9 vs 4–4.5 vs 4.6–5.2 yr olds, 22335
SES & conservation training, performance on Piagetian conservation tasks, 4–6 yr olds, 910
task familiarity, conservation ability, 5 vs 7 vs 8 yr olds from pottery vs nonpottery making families, India, 27755
teaching method of L. F. Obuchova, performance on conservation & seriation tests, kindergartners, 22325
training on length &/vs number discrimination, conservation, 3.5–4.5 yr old nonconservers, 3674

Conservation (Ecological Behavior)

artificial imprinting, olfactory-based orientation in establishment of new nesting population, sea turtles, implications for conservation of endangered sea turtles, 3135
attitudes toward energy, college students, implications for college educators, 10776
cable TV public access program on energy consumption, energy conservation, household viewers, 13930
captive propagation of endangered species, conservation & distortion of behavior, birds, 24598
conservation vs development movements & survival, 24050
construction & assessment of reliability & validity of Likert-type scale, assessment of attitudes toward energy conservation, preservice elementary teachers, 19075
critique of evaluations of energy conservation programs by California's major utilities, 1977–80, 8262
economic & demographic & structural & psychological factors, energy efficiency improvements & conservation, residential customers, 16122
energy conservation attitude-behavior relationships, rural & urban community residents, Netherlands, implications for policy making, 29575
evaluation of utility energy conservation programs, 8258
government-sponsored financial incentive for home energy conservation, consumer reactions, single family households, Canada, 2716
identification of consumer behavior research not cited by S. M. Yates & E. Aronson's paper on lack of consumer response to residential energy conservation programs, 13362
income levels & present electricity use, preferences for conservation-promoting electricity-rate structures, households, 5501
information preservation format, ecological resource use in field studies, 2736
knowledge level of S & 1- vs 2-sided persuasive videotape, change of attitudes toward energy conservation immediately vs 4 wks later, preservice elementary teachers, 21655
occupational stress, game conservation officers vs land managers vs law enforcement division supervisors in rural areas, 11006
persuasion using information booklets with vs without counterarguments, gasoline saving behavior, Ss with internal vs external locus of control, 18889
prompt with & without feedback, dropping & tilting venetian blinds to reduce heat loss, college faculty, 10233
psychological research on energy policy & energy conservation in industry & homes & transportation, 24047
reliability & validity of survey response data on household electrical conservation, surveyed households, 29682
research designs, evaluation of lifeline electricity rates, 11081
self reported vs actual water saving during conservation campaign, customer households, 26835
social learning based TV programs, residential energy conservation, 25–70 yr old homeowners, 24088

Conservatism

achievement motivation, ethnocentrism & conservatism & authoritarianism, Australia, 25470
age & liberal vs conservative social attitudes, fantasy frequency & content, females vs males aged 18 yrs & older, 25451
conservatism & authoritarianism & achievement motivation & self esteem & anxiety & attitudes toward Blacks & conformity, urban Afrikaners, South Africa, 6685
conservatism vs liberalism, appreciation of joke, 25473
generalized expectancies & conservative attitudes, drug related vs non drug related delinquent males, 31040
life satisfaction & locus of control, conservatism, college students, Queensland vs South Australia, analysis of T. F. Pettigrew's hypothesis, 9513
model of psychotherapy, increase in conservative attitudes & social change, 6412
religious orthodoxy, other-worldly approach to life & involvement in secular affairs, US & Canadian & British & Australian Protestant missionaires, Kenya & Tanzania, replication of study by R. Stark et al, 6442
self esteem & locus of control & conservatism, male vs female college students, 25455

Conservatism (Political) [See Political Conservatism]

Consistency (Measurement)

internal & external consistency of measures of social stratification, 2911
within- & between-occasion consistency of responses to inventory of psychopathology, person reliability & item consistency, college students, implications for interpretation of individual test item responses, 19067

Consonants

ability to phonemically analyze syllable-initial consonsant clusters & conception of spoken language, reading & spelling ability & alphabet acquisition, children, 27810
auditory perceptual potency of initial 10 msec "time window", 20–29 yr old female listeners, 334
classification & recognition of sonorant consonants in continuous speech, speakers, 24989
concurrent auditory verbal vs nonverbal vs motor tasks, detection of stop consonants, right handed male college students, 27133
consonant clusters in English syllables, college students, 9059
consonant identification patterns & rates in filtered or attenuated natural speech simulation of hearing impairment, 3rd & 6th graders, classroom noise implications, 23872
contextual effect of neighboring consonants, vowel perception, college students & volunteers, 3064
dichotic stimulation, cerebral lateralization in consonant vs speaker identification, right handed native English speakers, 598
discrimination of handedness & language laterality, dichotic CV task, left- vs right-handed college students, 19493
discrimination training on "r" & "l" sounds in synthetic speech, perception in synthetic vs natural speech, 25–33 yr old Japanese speakers learning English, 26557
extended transitions in CV syllables, perception of stop consonant place of articulation, aphasic 36–66 yr olds, 20587
final consonant generalization training, articulation, hearing impaired 10.2–13 yr olds, 20968
formant locus frequencies in production & perception of English glides "w" & "r" & "l" & "j", speakers, 22240
fricative noise & matched vs mismatched vocalic formant transitions, processing time for consonant percept, expert & novice listeners, 8534
identification of burst & voicing & place of articulation of voiced vs voiceless stop consonants at various speech rates & rule for vocal tract size normalization using time varying linear prediction spectra, 9051
mandibular displacement during production of "s" sound, 7–8.5 yr olds with articulation disorders, 31122
matching of syllable & consonant sound & congruence between articulatory information & auditory input form, speed of naming syllables & short term recall, college students, 11305

modelling temporal relations within English syllables, adult males & 15 yr old female, 834
peak & latency voltage measurement in syllable recognition system, recognition of Cantonese phoneme vocabulary, 16243
perception & production of voice-onset time-cued stop consonant voicing, 5 yr olds with multiple-phoneme misarticulation, 1617
rounded vs unrounded vowels & speech development, perception of fricative consonants, 5–5.9 vs 7–7.9 vs 18–33 yr olds, 19236
rule-synthesized speech using dyadic concatenation, intelligibility of initial & final consonants in monosyllabic CVC utterances, 16–18 yr old & adult listeners, 30340
segmented alternated CVC words, word recognition, Ss with mean ages of 21.4 & 26.3 & 25.4 yrs, 343
silent closure duration & release burst amplitude cues, perception of stop consonant manner & place of articulation, college students, 25001
single word responses from articulation test, assessment of consonant articulation & phonological processes, Ss with articulation disorders, 22912
vowel duration, perceived loudness in CV syllables, college students & laboratory staff, 27134
vowel vs consonant presentation in printed vs script forms, lateralization of EPs, male college students, 11488

Constipation
coping with hospitalization & pediatric clinic visits, 6 yr old female with chronic constipation due to Hirschsprung's disease, 15481

Construct Validity
age differences & construct validity of Wechsler Memory Scale, 20–79 yr olds with suspected neurological disorders, 13617
assessment of Jalowiec Coping Scale, measurement of coping behavior, hypertensive & emergency room patients, 8411
Career Occupational Preference System Interest Inventory-Form P vs Strong Campbell Interest Inventory as validation procedure, college students, 5391
concurrent & construct validities, measures of psychological equity/inequity by E. Walster et al & J. Traupmann et al, college students, 204
concurrent & construct validity of Expressive One-Word Picture Vocabulary Test & WISC-R & Illinois Test of Psycholinguistic Abilities, 6–12 yr old learning disabled students, 5378
concurrent & construct validity of MacAndrew Alcoholism Scale, assessment of alcohol abuse & polydrug & marihuana use, at-risk male 16–20 yr old offenders, 5639
confirmatory factor analysis & multitrait-multimethod procedure, assessment of discriminant validity of diagnostic reading tests, 10876
construct & concurrent validity of Dimensions of Self-Concept-Form H vs Total Score of Academic Self-Concept Scale, measurement of academic self concept, Hispanic community college students, 13187
construct & concurrent validity of Hamilton Endogenomorphicity Scale, diagnosis of endogenomorphic depression, 21–60 yr old patients, 2950
construct validation of Objective-Analytic Test Battery, measurement of ability & personality traits, college students, UK, 11164
construct validity & application of Kaufman Assessment Battery for Children, evaluation of neuropsychological development, children, 11170
construct validity & factor analysis, Sequential & Simultaneous Processing & Achievement scales of Kaufman Assessment Battery for Children, 2.5–12.5 yr olds, 8414
construct validity, construct of egocentrism, 22314
construct validity, effort avoidance tendency, response to B. Rollett's reaction to criticism, 424
construct validity, effort avoidance tendency, response to U. J. Jopt's criticism, 420
construct validity, measurement of teacher efficacy & observable teaching behavior, elementary school teachers, 10856
construct validity of Activity Vector Analysis using 16PF, 18–62 yr olds who worked full-time for 1 yr, 16355
construct validity of Boder Test of Reading-Spelling Patterns, classification of dyslexia subtypes, dysphonetic vs nonspecific vs normal readers, 8423
construct validity of burnout analyzed with multitrait-multimethod approach, college faculty members, 5481
construct validity of chronic & situational self esteem measures, 17–52 yr old college students, 11171
construct validity of Concern for Appropriateness Scale, female college students in small groups, 26996
construct validity of Exploratory Piers-Harris Academic Self-Concept Scale, measurement of academic self concept, community college students, 13188
construct validity of factor analytic estimation procedure & log-linear-based capture-recapture method, estimation of prevalence of heroin abuse, 13524
construct validity of figural & symbolic & semantic dimensions of Structures-of-Intellect Learning Abilities tests, 2nd graders, 5411
construct validity of general & academic self concept, literature review, 23883
construct validity of generalized self efficacy scale, assessment of self efficacy, college students, 8439
construct validity of Impulsive scale of Interpersonal Style Inventory & correlation with Eysenck Personality Inventory, extraversion, male high school students & delinquents, 27023
construct validity of indicator scales for Comprehensive Assessment & Referral Evaluation interview schedule, assessment of medical & psychiatric & social problems, informants of aged, 2948
construct validity of indices of social class/status & number & nature of underlying social status factors, high school students, Sweden, 25185
construct validity of J. L. Holland's Self-Directed Search Inventory, assessment of perceived vocational interests, male college applicants & students, Israel vs US, 24281
construct validity of Kaufman Assessment Battery for Children vs WISC-R & Stanford-Binet Intelligence Scale, school age children, 16337
construct validity of Kaufman Assessment Battery for Children, gifted 8–12 yr olds, 27030
construct validity of Kaufman Assessment Battery for Children, learning disabled & educable mentally retarded kindergartners through 5th graders, 26712
construct validity of Learning Styles Inventory, assessment of learning styles & instructional preferences, educators & health professionals in continuing education program, 27005
construct validity of Machiavellianism scale, 19–42 yr olds, Netherlands, 215
construct validity of Maslach Burnout Inventory & Staff Burnout Scale for Health Professionals & self reported burnout, female human service professionals, 19039
construct validity of McCarthy Scales of Children's Abilities, preschoolers, criticism of E. O. Watkins & M. J. Wiebe's regression analysis techniques, 26991
construct validity of McCarthy Scales of Children's Abilities, 4.3 yr olds, 5657
construct validity of Multivariate Personality Inventory, personality correlates of societal groups, salespersons vs fundamentalist vs church members vs medical technologists vs computer programmers vs members of social or sports groups, 27026
construct validity of Mutuality of Autonomy Scale, assessment of developmental level of object relations based on Rorschach test, 4th–6th graders, 27045
construct validity of perceptual measures of Cerebral Vascular Accident Evaluation Battery, relationship of scores to discharge disposition status, patients, 2904
construct validity of phonological awareness assessment, reading achievement prediction, kindergarten students with mean age of 6.2 yrs, 5419
construct validity of PPVT-R as screening measure for intellectual functioning, 2.5–5.9 yr olds, 26980
construct validity of Rorschach space response, assessment of relationship between stress-coping reactions & aggression, medical students, 2880
construct validity of Sandoz Clinical Assessment-Geriatric scale, senile patients 60 yrs & older, 13589
construct validity of Self Description Questionnaire III, multidimensional self concept assessment, college students & female 11th graders, 10877
construct validity of sentence verification technique, measurement of reading comprehension, college students, 29452

construct validity of Stanford Achievement Test-Level 1, assessment of academic progress, 1st graders, 13229
construct validity of synchrony measure, assessment of synchrony in mother-infant interactions, 14–36 yr old lower middle-class mothers & their 10–12 mo olds, comparison with R. H. Karger's method, 46
construct validity of teaching effectiveness measures, college teachers, 21472
construct validity of Tennessee Self Concept Scale, 18–65 yr old offenders & college students, 19103
construct validity of Wechsler Memory Scale subtests & Benton Visual Retention Test & memory factor scales of Luria-Nebraska Neuropsychological Battery, cerebrally dysfunctional & psychiatric patients, 24255
construct validity, studies of intelligence using Rorschach test, literature review, 11185
construct validity vs rater reliability of Personality Inventory for Children, comments on study by D. Lachar et al, 21750
construction of new MMPI scales, identification of psychoticism & extraversion & neuroticism factors & lie scale on Eysenck Personality Questionnaire, college students, cross validation of Friedman Overlap Scales, 24229
contrived vs noncontrived response conditions, ability to "fake good" on Profile of Mood States, college students, implications for construct validity, 16347
contruct validity of Developmental Profile II & condensed Learning Accomplishment Profile, measurement of adaptive behavior, 4.1–6.9 yr old Head Start students, 23900
convergence among Liking & Love Scales & Interpersonal Jealousy Scale & Sexual Attraction Scale, interpersonal attraction, 18–19 yr old dating couples, 8420
convergent & construct validity of Kohn & Greenwood's scales of social competence, kindergartners, 21744
convergent & discriminant validity, concept of egocentrism, 22354
convergent & discriminant validity of measures of job & leisure & dyadic & general life satisfaction using causal modeling methodology, 16290
convergent & discriminant validity of selected masculinity & femininity scales, college students, implications for research on sex roles & psychological androgyny, 8428
convergent validity of total life stress construct & positive & negative job & life stress, job satisfaction & alienation & turnover & absenteeism & commitment, white collar workers, 13529
correlation between Creative Imagination Scale & Revised Art Scale & M scale of 16PF, college students, 27021
correspondence between self report vs peer vs objective report measures of energetic personality trait & energetic performance, college students, 19022
criterion-based construct, evaluation of insanity for defense, "insane" patients with mean age of 26 yrs, 189
description & validity of concept of attachment, 957
development & reliability & construct validity of scale measuring optimism about college life, 15–22 yr old college students, 2590
dimensionality of Inventory of Socially Supportive Behaviors, prediction of social support, male vs female college students, 4010
discriminant validity of related constructs using Q-sort definitions of social competence & self esteem, 3–5 yr olds, 24306
empirical content & validity of constructs & Hannibal's crossing of Alps, 29698
factor & correlational analysis of ethical behavior rating scale, 7th vs 9th vs 12th graders, 27014
factor structure & reliability & constant validity of Sleep Questionnaire, sleep assessment, 28–86 yr olds, 11134
interrater reliability & criterion-related & construct validity, revised version of comprehensive therapy scale, psychiatric patients observed by occupational therapists, Taiwan, 11158
kinaesthetic figural aftereffect test & stimulus intensity reducers vs sensation seekers, behavioral & physiological aspects of augmenting-reducing dimension & construct validity of A. Vando's Reducer-Augmenter Scale, 19–54 yr olds, 26997
MMPI Schizophrenia-Organicity & Psychiatric-Organic scales, differentiation of brain damage & schizophrenia, literature review, 217
multitrait-multimethod methodology, convergent & discriminant validity of depression measures, emotionally disturbed 7.1–15.7 yr olds & 2nd–8th graders, 13595
partial correlation & canonical correlation analysis, control for effects of social desirability in self report inventories, alcoholic inpatients with mean age of 41.5 yrs, 13554
predictive & face & construct validity of animal models of depression, literature review, 6876
presence of random measurement error, validity assessment of thematic apperceptive measures of achievement motive, adult males, 11181
principles of latent trait theory, construct validity, 11232
psychometric evaluation of Hostility & Direction of Hostility Questionnaire, 15–76 yr old psychiatric outpatients, 8388
rational item & test construction procedure in content valid tests, 13567
reliability & construct validity of A. A. Canfield's Learning Styles Inventory, measurement of preferences for specific learning styles in selected teaching-learning situations, nursing students, 16346
reliability & content & construct validity of measurement of internal & external influences, job satisfaction & efficiency, small & large environment production workers, 32302
rule-governed construction of test items, content validity, 13598
scoring reliability & content & construct validity of Written Treatment Planning Simulation, assessment of competence, counselors vs trainees, 21747
self reported vs peer-reported voting & intake measures & multiple analytic criteria, assessment of construct validity of reports of alcohol & marijuana & cigarette use, college students, 30757
structural modeling, estimation of construct validity & error components of survey measures, 2850
test validation procedure using information on means of scores to discriminate across groups known to be different, 8407
validity & reliability & construct validity of scale of perceived occupational opportunity, high school students assessed again 4 yrs later, 11152
validity & reliability of Newcastle Endogenous Depression Diagnostic Index, depressed patients, 2888
validity & utility of construct of attributional style & validity of Attributional Style Questionnaire, pregnant females & college students, 13546
validity of A. Bannatyne's recategorization of WISC—R subtests, 24262
validity of hedonism construct of P. K. Burgess, assessment of propensity to commit criminal acts, college students, 14575
validity of higher-order ability constructs in structure-of-intellect tests with semantic content & operations of cognition or evaluation, high school students, 27025
validity of Lewis Counselling Inventory, identification of students in need of guidance & counseling, 4th form secondary school students, 21497
validity of M. Mobley's employee turnover model, 5475
validity of specificity doctrine vs general intelligence construct in psychometrics, reply to R. J. Sternberg, 16333
validity of specificity doctrine vs general intelligence construct in psychometrics, 16332
validity of specificity doctrine vs general intelligence construct in psychometrics, comments on A. R. Jensen's article, 16364
Consultation (Professional) [See Professional Consultation]
Consumer Attitudes
adding vs averaging model of impression formation vs attribution theory, prediction of results of information processing & impression formation, college student consumers, 32347
advertising noise, cognitive workloads, comments on article by A. G. Woodside & G. B. Glenesk, 29585
advertising noise, cognitive workloads & brand choice, reply to comments by J. M. Hunt & E. H. Bonfield, 29597
attitude toward advertisement & brand-related beliefs, brand attitude formation, college students, 29581
attitudes toward advertisement, brand attitudes, college students, 29584
attitudes toward food shopping & preparation, working wives vs housewives, 29586
attitudes toward supermarkets & consumer goods, upper class 41–50 yr olds, India, 18901

buying style attitudes & behavior using simultaneous latent structure models, White married full-time employed females, 21658
celebrity-source physical attractiveness & likability & participant product involvement, attitude change & purchase intentions, college students, 24068
cognitive information processing vs behavioral learning perspectives, consumer behavior & research, 11019
comparative vs noncomparative advertising, perceptions of challenger vs leader brands, consumer with mean age of 28 yrs, 2724
conceptual framework for understanding & analysis of person-to-person service encounters, implications for service marketing, 24083
consumer beliefs, cereal & washing powder brand usage, housewives, UK, analysis of study data by C. Chakrapani et al & British Market Research Bureau, 26841
consumer complaints & management response, 2722
consumer confidence, Denmark vs Ireland vs Italy vs UK, 2733
consumer life status & brand preferences & satisfaction with products & services, urban population, 13371
consumer satisfaction with automobile & clothing products, leisure involvement, 5432
copy characteristics or advertising approaches in TV commercials, viewer irritation, 24057
country of origin, beliefs vs attitudes in evaluation of automobile alternatives, college students, 2720
customer assistance via telephone hotlines & efforts to improve consumer satisfaction, General Motors Corporation, 13390
definitions & models, satisfaction with primary health care services, clients, literature review, 7557
demographic characteristics, perception of risk/return characteristics of stocks, investors, 24073
demographic variables, preference for sweepstakes vs gift promotions, consumers, 29592
design of safety warnings, perception of brand safety & memory of product information, consumers, 26828
distraction in radio commercial, cognitive response & message acceptance, male college students, 24075
economic & demographic & structural & psychological factors, energy efficiency improvements & conservation, residential customers, 16122
evidence in advertising, persuasion, females aged 25–40 yrs, 13376
exposure to adult TV commercials for lipstick & diet soft drinks, future consumer behavior & attitudes, 10 yr old females, 24065
government-sponsored financial incentive for home energy conservation, consumer reactions, single family households, Canada, 2716
integrated information response model, exploration of conditions under which advertising may or may not have direct impact on purchaser's attitudes, 2721
learning of consumption-related behaviors, mothers vs 8th grade males, India, 16146
linking brand & retailer images, quality perception, college students & shoppers, 21660
loyalty to existing suppliers & characteristics of buying situation & perception of procurement problem, perception of risk in buying decision, industrial buyers, 23981
methodology of social utility assessment, survey of consumer preferences related to air conditioners, 11022
need for consumer input into medical care delivery system, patients & parents & case coordinators, multivariate analysis of survey data, 26261
overall uncertainty rating vs matrices, measurement of consumer uncertainty associated with product attributes, college students, 18896
patient/package inserts about information on drug side effects, perceived risk of prescription drugs, college students & physicians, implications for consumer drug information, 2728
perceived quality of generic vs private label vs national brand grocery products, household grocery purchasers, 32348
perception of nature & scope & internal structure of health insurance plan, users, 18903
perceptions of bank service, bank customers vs employees, replication of B. Schneider & J. J. Parkington's study, 32349
pricing policy, perceived buyer satisfaction & selling pressure, retailers, Asia vs Africa vs South America, 16149
product trial, pricing & demand & expectations, consumers, 29583
quality &/vs price information, expected satisfaction with purchase, college students, proposal of averaging model, 234
reasoned action theory by T. Ajzen & N. Fishbein, consumer coupon usage, households, 13391
recruitment & monetary incentive to return surveys, return rates of hotel ratings, hotel guests, 11101
reference price claims, beliefs about ordinary prices in advertising contexts, consumers 21 yrs & older, 24071
relative attributes & preferences & market share, consumer choice, households, Canada, 13372
return of rating forms at checkout vs by mail & rate of return, rating of hotels, guests, 2735
satisfaction with mental health treatment, clients, literature review, 7597
seller's trustworthiness & bargaining toughness, preconceptions during exchange processes, business graduate student buyers, 24081
sex & type of advertising spokesperson, consumer attitudes generated by advertising, college students vs adults, 8266
similarities & differences in evaluation studies, satisfaction with mental health & health care services, consumers, 7550
subjective meaning of consumption, 20–52 yr old college student majoring in psychology & education vs economics vs homemakers vs workers, 24076
subliminal messages for highly advertised vs unknown product, preferences, college students, 29579
support for citizen involvement in health planning, health care professionals vs general public, 7525
test-retest reliability & predictive validity of conjoint analysis vs self explicated weights, assessment of preferences for calculators, college students, 11228
usefulness of global measures & cognitive structure measures of brand attitudes in prediction of purchase intentions, college students, 21659
validity of surveys, measurement of consumer confidence, consumers, South Africa, 24085
varying appliance brand information, brand choice & consumer confidence & satisfaction & assumptions, female homemakers, 16150

Consumer Behavior

advertising noise, cognitive workloads & brand choice, reply to comments by J. M. Hunt & E. H. Bonfield, 29597
analysis of newspaper & aluminum can disposal, study of factors in motivation to recycle, households of differing socioeconomic levels, 13364
assessment strategies & critical issues of cigarette brand switching, 32346
attitudes toward food shopping & preparation, working wives vs housewives, 29586
behavior at bulk food bins, consumers, economic & safety implications, 29587
brand congruence, interpersonal relations, female college students, 13389
brand loyalty & preference for familiar businesses & products & price consciousness, Mexican American vs non-Hispanic consumers, 29595
buying style attitudes & behavior using simultaneous latent structure models, White married full-time employed females, 21658
cable TV public access program on energy consumption, energy conservation, household viewers, 13930
celebrity-source physical attractiveness & likability & participant product involvement, attitude change & purchase intentions, college students, 24068
channel switching & time shifting as response to TV advertising, TV viewers, 24069
cognitive information processing vs behavioral learning perspectives, consumer behavior & research, 11019
cognitive script theoretic analysis, industrial purchasing behavior, purchasing managers/directors & agents & buyers, 13386
commitment & purchasing decisions, sales people, 26843
common & repeat purchases, consumer decision making, 18–54 yr olds, 13379
competition, effect of advertising on sales response, 13378

conceptual framework for understanding & analysis of person-to-person service encounters, implications for service marketing, 24083
consumption & shopping behaviors & media usage & durable goods ownership, French- vs English-speaking families, Canada, implications for advertising & marketing, 24080
contextual effects, cue utilization in judgment under uncertainty, college students & adult consumers, 2732
cooperation & communication networks, market place behavior, wholesale traders & retailers in fruit & vegetable market, 24064
cultural influences, purchase decisions, 20–50 yr old females of Lokele & Topoke tribes, Africa, 32344
decision types in structure of perceptual product space with multiattribute rating data, consumer research implications, 29580
degree of extraversion-introversion, number of retail centers used & personally known, Ss from low vs high income households, 26842
demand for fossil fuels, demand for turbomachinery for fuel production, implications for marketing, 13373
determinants of exploratory brand switching, homemakers & students, 24078
discrete choice experiments & multinomial logit choice model, prediction of consumer response to new product vs competitive new product, managers, 32345
economic & demographic & structural & psychological factors, energy efficiency improvements & conservation, residential customers, 16122
envelope stuffing at home as quasi confidence game & consumer fraud, 24072
estimation & testing of autoregressive current effects model, assessment of sales response, 11244
European Economic Community consumer surveys, forecast of consumer behavior, France vs West Germany vs United Kindgom vs Italy, 24077
evaluation of typical vs atypical product, graduate students, implications for category- vs piecemeal-based strategies, 29596
exposure to adult TV commercials for lipstick & diet soft drinks, future consumer behavior & attitudes, 10 yr old females, 24065
garbage analysis, assessment of consumption of red meat & milk, households, 11900
garbage analysis vs self report, measurement of usual vs period-specific food consumption, 11076
identification of consumer behavior research not cited by S. M. Yates & E. Aronson's paper on lack of consumer response to residential energy conservation programs, 13362
impact of guilt arousing marketing communications, college students, 18891
incentives for containment of health care costs, 15365
incidence of cyanide-laced Extra-Strength Tylenol capsules, attitudes toward use & administration of over-the-counter drugs, parents, US, 17285
income levels & present electricity use, preferences for conservation-promoting electricity-rate structures, households, 5501
information seeking & innovativeness & personality traits, consumer exploratory behavior, college & graduate students, criticism of P. S. Raju's framework, 13382
introduction & retraction of substantial price reduction for artificial brands, penetration & repeat buying, households, longitudinal study, 18898
labeling & dependency on contribution appeals, contributions to nonprofit organization, consumers, 29590
learning of consumption-related behaviors, mothers vs 8th grade males, India, 16146
lifestyle vs tombstone advertising of imported beer, alcohol consumption, 19–45 yr old male drinkers, 2729
loyalty to existing suppliers & characteristics of buying situation & perception of procurement problem, perception of risk in buying decision, industrial buyers, 23981
marital relationship, purchasing decisions, husbands & wives, Austria, 24087
market characteristics, purchasing involvement, male & female consumers, 24082
mathematical models for multiattribute evaluations of consumer choice behavior, 21662
measurement of antecedent conditions producing involvement, consumers, 21661
measurement of temporal variety in purchasing behavior, consumers, implications for managers, 13388
microcomputer-based model, prediction of new product performance, 24090
offer of survey results & questionnaire interest, male survey response, business students, 18894
pagtawad & haggling behavior & strategies, consumers, Philippines, 18895
parameter nonstationarity in retail choice models, 16381
parent-child interaction, consumer learning, children & adolescents, 24074
patterns of choice between leading chains & other stores, consumers, UK, 13385
perceptions of object attributes, attitude formation & change, housewives deciding on purchase of rice cookers, Japan, 5511
power & group size, bargaining behavior, college students, 2719
preference hierarchy, allocation of time & commodities in consumer behavior, 29578
prequestioning, recall of brand names of advertised products, graduate students, 29589
pricing policy, perceived buyer satisfaction & selling pressure, retailers, Asia vs Africa vs South America, 16149
prior product class knowledge, information search behavior, female consumers, 29576
probabilistic choice model, prediction of choice shares under conditions of brand interdependence, 13384
product information gathering, consumers of electrical appliances & car accessories & hardware equipment, 18902
product trial, pricing & demand & expectations, consumers, 29583
product type & electronic vs catalog shopping method, shopping behavior, college students, 8272
profiles of cognitive vs sensory stimulation vs novelty vs overall experience seeking, adult consumers, 16147
reasoned action theory by T. Ajzen & N. Fishbein, consumer coupon usage, households, 13391
relative attributes & preferences & market share, consumer choice, households, Canada, 13372
research designs, evaluation of lifeline electricity rates, 11081
reward/measurement model of organizational buying behavior, 23994
satisfaction & dissatisfaction with doctors & medical care services, care seeking behavior, consumers, 7581
self reported vs actual water saving during conservation campaign, customer households, 26835
seller's trustworthiness & bargaining toughness, preconceptions during exchange processes, business graduate student buyers, 24081
sex & attractiveness of human models, sales response to advertising displays, consumers, 2717
situation-specific ideal points model, explanation of multiple dissimilar brand usage, consumers, 16148
situational aspects, perceptions of industrial buying center influence, purchasing agents of large industrial manufacturing firms, 13322
static vs dynamic estimates, behavioral response to change in family composition or income, 27073
strategies for comparing noncomparable alternatives, consumer choice, college students, 13383
structural information factors, use of nutrition information, supermarket customers, 29591
subjective meaning of consumption, 20–52 yr old college student majoring in psychology & education vs economics vs homemakers vs workers, 24076
touch on shoulder vs hand by waitress, tipping, male vs female diners, 30769
trends & consequences of buying health & life insurance & pension or annuity plans through employers, consumers & service providers, 10915
TV advertisement with celebrity endorsement, product preference & understanding, 8–14 yr old males, 9129
usefulness of global measures & cognitive structure measures of brand attitudes in prediction of purchase intentions, college students, 21659

varying appliance brand information, brand choice & consumer confidence & satisfaction & assumptions, female homemakers, 16150
video cassette recorders & remote control TV, response to TV commercials, TV viewers, 24089
viewer characteristics, TV channel changing & commercial "zapping", surveyed TV viewers, 24067
Consumer Protection
behavior at bulk food bins, consumers, economic & safety implications, 29587
complaint & grievance regulations of Massachusetts Department of Mental Health, 15422
Consumer Psychology
Consumer Oriented Relations Education, conception of & relations with patients, hospital staff, 31882
Consumer Research [See Also Consumer Surveys]
assessment strategies & critical issues of cigarette brand switching, 32346
classical conditioning, consumer research, 2731
cognitive information processing vs behavioral learning perspectives, consumer behavior & research, 11019
cognitive script theoretic analysis, industrial purchasing behavior, purchasing managers/directors & agents & buyers, 13386
commercial practices, American popular language through brand name use in best-selling novels, 1940's–70's, 24062
consumer beliefs, cereal & washing powder brand usage, housewives, UK, analysis of study data by C. Chakrapani et al & British Market Research Bureau, 26841
decision types in structure of perceptual product space with multiattribute rating data, consumer research implications, 29580
diffusion theory & consumer behavior & research, 24063
effect sizes in consumer behavior research, meta-analysis, 1970–82, 29594
factor congruency analysis, cross cultural marketing research, US vs Canada vs Norway, 24317
foot-in-the-door telephone manipulations, mailed questionnaire response rate & quality, 18907
garbage analysis as tool for market research, 11092
identification of consumer behavior research not cited by S. M. Yates & E. Aronson's paper on lack of consumer response to residential energy conservation programs, 13362
information preservation format, ecological resource use in field studies, 2736
interactions among value orientations & segment membership & marketing variables, implications for advertising, 13374
job & personal characteristics, organizational commitment, marketing managers & researchers, 23974
latent class analysis, measurement of motivation, retail newsagents, 24328
mall intercept method vs telephone interviewing, response quality & rates & lifestyle characteristics & shopping behavior, respondents, 26922
mathematical models for multiattribute evaluations of consumer choice behavior, 21662
measurement of antecedent conditions producing involvement, consumers, 21661
methodological concerns & social influence of public opinion polls, 8268
overall uncertainty rating vs matrices, measurement of consumer uncertainty associated with product attributes, college students, 18896
product type & electronic vs catalog shopping method, shopping behavior, college students, 8272
proposal for payment to respondents to polls & surveys & market research, 2835
rest weeks, carryover effect in retail experimentation, 26714
rhetorical questions, target of receiver elaborations & source processing & persuasion, college student business majors, replication of study by R. E. Petty et al, 24086
validity of surveys, measurement of consumer confidence, consumers, South Africa, 24085
Consumer Surveys
European Economic Community consumer surveys, forecast of consumer behavior, France vs West Germany vs United Kindgom vs Italy, 24077
lack of standard definition of survey response rates in marketing research, 2737
offer of survey results & questionnaire interest, male survey response, business students, 18894
postal research, market researchers, conference presentation, 18906
recall of past merchandise fads, college students, 18905
recruitment & monetary incentive to return surveys, return rates of hotel ratings, hotel guests, 11101
reliability & validity of survey response data on household electrical conservation, surveyed households, 29682
respondent identification, response rate & quality, respondents to mail surveys, 18892
response patterns & rates, mail surveys, Netherlands vs US, 18899
response to threatening lifestyle questions, 18–54 yr olds surveyed in shopping mall vs by telephone, 24060
validity of surveys, measurement of consumer confidence, consumers, South Africa, 24085
Content Analysis
analysis of W. Stafford's poem "Traveling Through the Dark" in relation to readings based on story grammars & natural narrative structures & reader-response method, 6205
computerized content analysis, assessment of melodic structure & tone transition probabilities in classical musical themes, 19759
content & music analysis, instructions for development of children's voices, teachers' editions of 1st & 3rd & 5th grade music series, 1945–75, criticism of J. M. Kavanaugh's study, 2396
content analysis, Journal of Educational Psychology, 1910–81, 15663
content analysis of collective behavior in official newspaper of Cuban Communist Party, Cuba, 14242
content analysis of gender role stereotypes in art history textbooks, 3564
content analysis of models of communication, 30343
content analysis of nonverbal behavior & emotions in person descriptions, prose written by males vs females, 9070
content analysis of sexism in Newbery Medal Award books, 1977–84, 25010
content analysis of speech samples, 4–12 yr old hyperactive males with attention deficit disorder, 7055
content analysis of values in presidential inaugural addresses, support for M. Rokeach's 2-factor theory of political ideology, 25252
descriptive taxonomy of compliments, 14490
evaluation technique to provide quantitative index of fit between training curriculum content & job task performance requirements, US Coast Guard, 21569
image of life in advertisements of popular magazines, 1900–80, US, longitudinal study, 24059
myth of family tranquility & nonviolence & female role in family, articles from women's magazine, Canada, 1939–80, 30626
reliability & validity & scoring norms of content analysis scales of psychosocial maturity, measurement of constructs at E. H. Erickson's stages of psychosocial development, aged, 27054
sex role stereotyping in TV commercials for children, graduate students & trained judges, 13387
sex stereotyping in School Journal, New Zealand, 1979–82, comments on article by M. A. Townsend et al, 29252
sex stereotyping in school textbooks based on review of School Journal, New Zealand, 1979–82, reply to comments by G. B. Thompson, 29254
sources of awe & unchangeableness in S. Kierkegaard's sermon "Guds Uforanderlighed", 6214
victim's age, analysis of protocol sentences in suicide notes as reflecting aspects of Freud's formulations on suicide, 18–74 yr old suicide attempters & completers, 14800
Content Analysis (Test)
operational set of rules for content validation of tests, 13566
Contextual Associations
absence of preconditioned context, acquisition of conditioned suppression to discrete CS, rats, test of context-blocking hypothesis, 29992
accounts in problematic situations & management of meanings & reconfiguration of context, college teacher & student in conference, 30765
acquisition of meaning of stimulus words presented in isolation vs context, 8th graders, 29269

acquisition of word meaning through context, 5th graders assigned to high vs low ability groups, 32066
age & context, strategic time-monitoring in prospective memory task, 10 vs 14 yr olds with high vs low sex role expectations, 16918
age differences, contextual facilitation in sentence completion task, 7.8–9 yr olds vs college students, 19853
application of principle of relative sensory judgment, models for magnitude estimation & category judgment, 11227
assessment of self evaluative vs adaptive rules, explanation of compliance behavior as function of actual vs potential context, college students, test of contingency rules theory, 14497
associative vs cognitive mode of identification & classification of drawings, 3 vs 4 vs 5 yr olds, 27779
autoshaping, associations between Pavlovian CS & context, female pigeons, 465
availability of contextual information & strategy instructions, oral reading performance, 3rd–4th graders, 3621
bilateral hippocampal vs cortical lesions & context, discrimination learning & retention & reversal learning, male rats, 715
biofeedback in presence of music vs pure tone vs silence, heart rate, college students & nurses, 22062
communication setting & syntax, flexibility & efficiency in speech processing, literature review, 336
conditioning context as CS, insulin induced hypo- vs hyperglycemic CRs, male rats, 24539
content & context & knowledge & experience & presentation, comprehension & memorization of broadcast news, 355
context & conditional search, face recognition memory, college students, 21889
context & linguistic processing, reading-related differences, highly skilled vs skilled vs less skilled 3rd & 4th grade readers, 11753
context & realistic disjunctive statements, reasoning, college students, 24467
context cues, eyewitness identification responses, college students, 14415
context effects, stochastic decision making, 22–25 yr olds, 8556
context of interaction & presence vs absence of personal contact & input dimension, allocation, college students, test of J. S. Adam's theory, 25391
context, perceived physical attractiveness of faces, college students, 22577
context specificity, conditioning & extinction & latent inhibition, rats, 11416
context, word recognition, hospitalized schizophrenic patients with mean age of 55.8 yrs, 14663
contextual conditioning to background cues, phasic stimuli conditioning, literature review, 2997
contextual effect of neighboring consonants, vowel perception, college students & volunteers, 3064
contextual effects, cue utilization in judgment under uncertainty, college students & adult consumers, 2732
contextual factors, calibration of probabilistic judgments, auditors, 29937
contextual factors, comprehension of pragmatic indicators "even" & "also" & "essentially", French speaking adults, 22247
contextual influences & differing processing strategies, facial memory, college students, 29945
contextual information & processing difficulty, ability to make & modify excuse inferences about speaker's use of utterance, 3rd graders vs college students, 19790
contextual information, eyewitness identification performance, store clerks, 30823
contextual information, language remediation, mentally retarded children, 10334
contextual similarity training & transfer phases of performance, transfer of novel timing, male college students, 11280
contextual stimuli, conditioning & performance of responding to discrete stimulus in UCS preexposure paradigm, rats, 8651
contextual variables, experimental vs applied behavior analysis, 24172
CS-UCS vs context-UCS associations, autoshaping, pigeons, 11410
development of oral & written language in narrative vs persuasive genres, 1st vs 3rd vs 5th graders, 9218
diprenorphine vs morphine, conditioned place preference, male rats, implications for separability of opioid analgesic vs positive reinforcement effects, 22138
dissimilarity & redundancy of lines-in-context stimuli, object-line effect, human Ss, 8487
duration of contextual cuing & cuing-test interval, forgetting of maze performance, male rats, 8620
efficacy of 2 nonlinear formulae, prediction of contextual intelligibility from isolated word intelligibility measures, 13636
environmental & temporal cues associated with morphine administration, withdrawal symptoms, rats, 3537
experience with environmental print, context-free word reading skill, 2–5 yr olds, 32065
exteroceptive contextual cues during CS & UCS intervals, later development of conditioned saccharin aversions, rats, 27207
familiar contextual odor, discrimination learning, 16 vs 28 day old rats, 16520
footshock stress & environmental cues & naloxone, enhancement of conditioned & morphine analgesia, male rats, 3360
imagery & contextual organization, associative memory & recall, college students, 384
incidental learning from context during reading, vocabulary acquisition, 8th graders, 14078
insertion of tone between CS & UCS, CS responding, pigeons, 8632
intrasentence context & content difficulty, oral reading of isolated words vs sentences, 3rd–5th graders, 3622
lexical priming, contextual effects in word naming & recognition, college students, 24506
linguistic context, comprehension of complex syntactic structures, 38–91 yr old aphasics, 25897
lithium- vs amphetamine-paired contextual test chamber, activation or suppression of CRs, rats, 24905
medium of presentation & evaluative context & observer sample, environmental perception, county vs local residents vs urban professionals, 8255
minimization of subvocal vs frontalis EMG activity & size of distortion & lexical & contextual constraint, listening for mispronounced words, college students, 5803
morphine vs naloxone, conditioned place preferences & aversions, rats, 3493
naloxone or pimozide, place-specific sensitization of conditioned activity increase induced by morphine administered into ventral tegmental area, rats, 9031
naltrexone, latent inhibition in conditioned taste aversion to methadone, rats, 3482
noise levels during learning & recall, word recall, college students, 3094
object & color incongruence, Stroop color/form perceptual interference, 19–35 yr olds, 21839
perceptual breakdown & reintegration of characters in reading Chinese, 13681
place preference conditioning with morphine, male rats, 24797
preexposure to tone & context-stimulus associations, latent inhibition in acquisition of conditioned suppression, rats, 5867
presence of contextual detail, picture recognition, college students vs 65–69 yr olds, 3659
presence of odors of previously shocked conspecifics in pretreatment & test chambers, deficits in leverpress & shuttle escape performance, rats pretreated with inescapable shock, 456
prior exposure to conditioning compartment, aversive classical conditioning, male rats, conference presentation, 458
prior exposure to conditioning compartment, aversive classical conditioning, rats, reply to A. Tomie's criticism, conference presentation, 459
prior exposure to conditioning compartment, aversive conditioning, rats, criticism of T. Nakaya's study, conference presentation, 468
prior knowledge of linguistic context, time during reading processing, college students, 5790
reading ability, functional sight vocabulary, 2nd–5th graders, 22303
reading ability, use of context in identification of words, children, 372
reading skill, incidental learning of word meanings from context, 5th graders, 29280
reflexive test-context relationship in A. Lincoln's "Gettysburg Address" & E. Kennedy's "Television Statement to People of Massachusetts", 27674

role of chroma & scalestep, recognition of melodic vs harmonic musical intervals in & out of context, college students, 16421
rule-governed serial contexts, melody recognition of transposed vs untransposed comparison sequences, college students, 16423
school vs everyday use of mathematics, 9–15 yr olds with 1–8 yrs of schooling selling goods on street, Brazil, 22310
segmentation of acoustic speech signal into phonemes, perception of context-sensitive phonemic allophones, college students, 29890
self- vs other-referencing during trait encoding vs retrieval, trait recognition, college students, 29962
semantic constraint, role of word frequency in word recognition, college students, 8564
semantic constraints of sentence structures, elaborative learning, 2nd & 6th graders, 11776
semantically related vs unrelated contexts, recognition memory, young adults vs aged, 14044
sentence context of word vs pseudohomophone, target recognition, 9–10 yr olds who were good vs poor readers, test of interactive-compensatory model of reading, 9162
sentence contexts, word-nonword decision latency, deaf vs hearing college students, 14920
sentential speaking rate vs semantic congruity & task demands, word identification, college students, implications for speech processing models, 29893
situation context, interpretation of symptoms of mental illness, alternative to T. Parsons' illness role therapy & T. J. Scheff's labeling theory, 28279
spatial context, recall of items, 3–4 yr olds, 9190
successive vs individual presentation formats using F. Grosjean paradigm, spoken word recognition processes, 8481
syntactic context, lexical decision making with ambiguous stimulus words, college students, 24476
syntactic processing during sentence comprehension in isolation vs discourse context, college students, 5777
systematic vs inconsistent association of source & attitude statements, memory for statement-source relations, college students, replication & modification of study by J. R. Eiser et al, 13691
tachistoscopic presentation of characters embedded in word vs nonword vs character vs pseudocharacter context, perception of Chinese characters, 11318
touch behaviors & contextual factors, cultural meanings of everyday interactions, participant Os, 30760
transient vs sustained presentation of word & nonword contexts, identification of embedded target letter, college students, 21845
type of adult model's description & visual presentation of toy interactions, paired associate learning, 4.9–5.3 mo olds, 14125
understanding of meaning of words, comprehension of expression, 363
verbal statements of context & photographs of facial expressions, perceptions of emotions depicted, college students, 9514
verbal vs pictorial context, comprehension of semantic vs syntactic components of spoken sentences, 40–81 yr old aphasic patients, 28482
word contexts, identification of tachistoscopically presented words, college students, 5813
word frequency & predictability, lexical access & content-dependent word interpretation in reading of prose, college students, 24360

Contiguity (Cognitive) [See Cognitive Contiguity]

Contingency Management [See Also Token Economy Programs]
amount of contingent reinforcement, daytime smoking reduction, 21–61 yr old female smokers, 18394
auditory or visual body-position feedback, postural control, 38 yr old female with spasmodic torticollis, 20856
brief contingent procedures, severe behavior disorders, developmentally disabled 8 & 11 yr olds in special classroom setting, 13152
contingency contracting in family therapy, delinquent & substance abusing adolescents, 15580
contingency contracting within personalized-system-of-instruction psychology class, study habits & attitudes & final examination scores & withdrawal & procrastination, college students, 2375
contingency management & token economy, actual classroom acting out behavior vs acting out indicators on Bender Gestalt Test, emotionally disturbed elementary school students, 26658
contingency management, adherence to exercise program, 37 yr old male & 53 yr old female chronic schizophrenic residents of sheltered group home, 1971
contingency management in modernization & increased productivity of industry & decreased birthrate, People's Republic of China, 29550
contingency management, treatment of orofacial dysfunction, 11 yr old male & 24 & 26 yr old females, 18068
contingent contact procedure, mealtime behavior, 32 yr old disruptive profoundly mentally handicapped female in residential home, 7354
contingent reinforcement intervention methods, fiscal responsibility & clinic payment habits, 27–36 yr old methadone maintenance patients, 18395
contingent vs contingent-interrupted music, target behaviors, profoundly mentally retarded 10 & 11 yr olds, 20832
contingent vs noncontingent rewards, seat belt usage, drivers, 10225
dextroamphetamine vs thioridazine vs contingency management, behavior problems, severely & profoundly mentally retarded 11–21 yr olds, 23070
food & praise & self approval contingent on increasing meal duration, decrease in rapid eating habits, 43 & 42 & 20 yr old family members, 31444
free time, grammar skills, 12–16 yr old mildly handicapped male students, 2496
noncontingent vs contingent positive practice, self injurious behavior, 15 yr old mentally retarded male, 31456
reinforcement contingency & independent grading, maintenance of task accuracy, 6 yr old male with conduct disorders & learning delays, 18671
relaxation training & EMG biofeedback & cognitive restructuring & contingency management & social skills training, 36 yr old female with chronic pain, 23271
self directed behavior change, children, 10220
self monitoring & token economy points, reduction of chronic throat clearing, behaviorally disordered 10 yr old, 12592
social skills training & contingency management, interpersonal functioning, seriously emotionally & socially impaired 7.5 yr old male with conduct & attention deficit disorder, 21093
stimulus control & contingency management techniques, modification of bedtime disruptions, 2–5 yr olds, 2-mo followup, 7385
structure & implementation of home-school contingency plan using reports & parent-teacher cooperation, learning & problem behaviors, junior high school students, 29386
student-administered group-oriented contingencies, mathematics achievement, Black male 5th graders, 23770
student-administered group-oriented contingency intervention in regular classroom, mathematics achievement, underachieving 5th grade males, 23755
student administered group-oriented contingency intervention technique, arithmetic performance & disruptive behavior, male 5th grade underachievers, 13070
thermal biofeedback & spouse contingency management training, cluster headaches, 69 yr old male, 26108

Contingent Negative Variation
auditory EPs & contingent negative variation, schizophrenic patients, conference presentation, 1370
auditory stimulus interval in go/no-go discrimination paradigm, contingent negative variation & slow-wave relationships, human Ss, conference presentation, 19448
auditory vs visual discrimination stimuli, parieto-occipital alpha activity attenuation during vertex contingent negative variation development, 24–32 yr olds, conference presentation, 19452
contingent negative variation & catecholaminergic receptor sensitivity, psychiatric patients, conference presentation, 1485
contingent negative variation as technique for differential discrimination, opioid & alcohol & alcohol dependent vs neurotic vs schizotypic vs nonschizophrenic psychotic vs schizophrenic patients, 22788
contingent negative variation, patients with obsessional compulsive disorder, 1461
contingent negative variation, sociability & impulsivity, inpatients with diagnosis of antisocial personality vs other personality disorders, 6785

degree of neurological impairment, average event-related brain potentials & contingent negative variation, 33–59 yr old chronic alcoholics, conference presentation, 20423
divided attention in RT task, correlation between contingent negative variation & EMG activity of extensor muscles, 17–32 yr olds, conference presentation, 19528
lead exposure, developmental changes in contingent negative variation & role of axodendritic vs axosomatic connections, children less than 5 yrs old, conference presentation, 20576
linguistic processing task using mathematical equation stimuli, contingent negative variation & slow positive cortical potentials, 21–40 yr olds, conference presentation, 19472
longterm withdrawal from cigarette smoking, conventional & quantitative EEG & visual EPs & contingent negative variation, adults, 24679
manual & speech tasks, early & late components of contingent negative variation, 19–59 yr old stutterers vs nonstutterers, 31121
minaprine vs carpipramine, event-related slow cortical potentials, 26–49 yr olds, implications for evaluation of psychotropic drug effects, conference presentation, 19713
muscular force required for response, correlation between contingent negative variation & EMG amplitude, 18–32 yr old females, conference presentation, 19529
personality, caffeine vs diazepam effects on contingent negative variation magnitude & mood, 20–27 yr olds, 24896
playing of note vs melody, readiness cortical potential amplitude & latency, right handed female pianists, conference presentation, 19484
positioning-movement task & sensory modality of delayed knowledge of results, hemispheric asymmetries in contingent negative variation, right handed males, conference presentation, 19468
psychopathology category & measured psychotic load, P3 event-related potential measures to construct baseline for negative components, conference presentation, 20365
sensitivity to psychopathology & nosological category selectivity & reliability of contingent negative variation & spiral aftereffect, psychotic inpatients, conference presentation, 20356
state-trait anxiety & painful electrical stimulation, contingent & post imperative negative variation & pain perception, college students, conference presentation, 19513
state-trait anxiety & stress associated with ego threat vs pain anticipation, early & late contingent negative variation during go/no-go task, right handed males, conference presentation, 19466
stimulus conditions involving various emotional & motivational levels, contingent negative variation, depressed patients, conference presentation, 20242
storage & comparison of phonological information vs rhyme judgment tasks, event related potentials, adults, 13807
successive reversals of warning & imperative stimuli, stability of contingent negative variation, introverts vs extraverts, 27392
trait anxiety, establishment of expectancies & contingent negative variation amplitude during stimulus association learning, females, conference presentation, 19511
Ukhtomsky dominanta theory, contingent negative variation of EEG, 24656
visual information processing task, variability of contingent negative variation during interstimulus interval vs indicator of information contained in 1st vs 2nd stimulus, right handed college students, conference presentation, 19460
warning & imperative stimuli & distraction effect, contingent negative variation, 22–30 yr old introverts vs extraverts, 27341
Continuing Education [See Also Inservice Training]
attendance vs non-attendance at seminar on clinical teaching, attitudes toward & implementation of new approaches in clinical teaching, physicians, 29079
circumcision refresher course, behavior & attitude change toward circumcision, 27–78 yr old family physicians, 18435
construct validity of Learning Styles Inventory, assessment of learning styles & instructional preferences, educators & health professionals in continuing education program, 27005
Continuing Professional Education Development Project, professionalism, clinical psychologists, 12929
continuing professional education in occupational therapy, 15619
development & evaluation of home-based family intervention training, gerontological practitioners, 31892
development of Deterrents to Participation Scale, identification of reasons for not participating in continuing education, health professionals, 5137
effectiveness of continuing education program, job performance, recently hired nurses, 5078
expectations & evaluation of & training in career guidance in higher & continuing education, conference presentation, 29431
Gerontology Journal Club as continuing education modality in acute hospital setting, social workers, 31841
guidelines for training workshops in behavior therapy, professionals, 2277
maintaining competency through continuing education, psychologists, 26435
model for identification of salient variables, assessment of curriculum implementation, program directors of continuing education pediatric nurse practitioner programs, 23676
participation in continuing medical education, general practitioners, New Zealand, 18406
preferences for continuing education activities, elementary & junior & senior high school teachers, 29138
Continuous Reinforcement [See Reinforcement Schedules]
Contour [See Form and Shape Perception]
Contraception [See Birth Control]
Contraceptive Devices [See Also Intrauterine Devices, Oral Contraceptives]
choice of contraceptives after legal abortion & psychological masculinity vs femininity & psychosexual functions, 14–42 yr old females, 1-yr followup, 17262
development of attitudes toward condoms scale, measurement of self-reported views on condoms as contraceptive devices, college students, 19040
family planning attitudes & practices, low income Hispanic female contraceptive users, 19967
Contribution (Professional) [See Professional Criticism]
Controls (Instrument) [See Instrument Controls]
Convergent Thinking [See Inductive Deductive Reasoning]
Conversation
acquisition of meanings of ordinal & cardinal number words & number conversation, 4–6 yr olds, 25068
acquisition of speech-act conversation & utterance relation, mothers & their Down's syndrome children, 25730
adequacy of responses in structured adult-child conversations, low- vs middle-income kindergartners, 911
adult vs peer vs toddler as conversation partner, language use, language impaired 4.6–6.2 yr olds vs normal language 4.4–5.6 vs 2.9–3.4 yr olds, 1616
age differences, understanding of conversational principles, preschoolers vs 1st vs 3rd graders, 11725
analysis of argumentative conversation during sociolinguistic interviews as cultural form of sociability, urban lower-middle class Jewish-American adults, 19749
analysis of conversations with handicapped vs nonhandicapped peer, 12–15 yr olds with Down's Syndrome, 6972
analysis of dialog & interaction, discourse, 36 mo old males, 19858
analysis of dialog during play, 3 vs 4.5 yr olds in same-age & same-sex dyads, 11803
analysis of powerful linguistic features of TV interviewers, college students, 24998
articulation characteristics, judgment of adequacy of spontaneous conversational speech, 8–12 yr olds with severe hearing impairment, 4485
characteristics of satisfying conversations with member of own ethnic group, Black vs White vs Hispanic college students, 11883
communication reticence, nonverbal behavior patterns & relational communication perceptions, college students who are friends vs strangers, 14479
Computer-Assisted Analysis System, analysis of conversation, conference presentation, 61
computer programs, simulating spontaneous conversation, schizophrenics & analysts, 16229
conversation behavior, married couples, 25292
conversation type & turn completeness & sexual composition, switching pause durations in conversation, same sex vs mixed sex college student dyads, 11656

conversation with same-sex stranger vs roommate, conversational style & interpersonal interaction, lonely male college students, 17324
conversational patterns, normal vs thought-disordered schizophrenic 6.6 & 9.1 yr olds, 22733
conversational time patterns, Japanese-American children vs adults in same vs mixed gender dyads, 25240
correlation of scores on Whole Word Accuracy with results of Arizona Articulation Proficiency Scale, assessment of articulation proficiency in conversation, 3–7 yr olds, implications for diagnosis of speech pathology, 5651
developmental trends in quality of conversations, children vs young adults, comments on study by B. Dorval & C. Eckerman, 19888
developmental trends in quality of conversations, children vs young adults, reply to comments by S. Ervin-Tripp, 19884
dialoged syntax, children vs adults at work vs during work break, Romania, 20090
dyadic verbal interaction, 31–45 yr old spinal-cord-injured veterans & nondisabled military staff, 31228
ethnicity & SES & age, sociolinguistic variation & accommodation, 5–12 yr olds, Hawaii, 939
ethnicity & sex differences, conversational time patterns, 8 yr olds, Hawaii, 25162
expressive function of eye flash, Ss from TV programs & videotaped interviews, Australia, 11657
feedback vs self monitoring, small group conversational behaviors & generalization, 22 yr old male head trauma patients, 7359
frequently named emotions in everyday conversations, college students & 20–50 yr old married couples, 832
hydromorphone, changes in conversational speech & role as reinforcing drug effect, 25–35 yr old males with history of opiate abuse, 26393
induced anterior open bite, fricative productions in conversational speech, 24–30 yr olds, 19246
inner speech & role of logic of dialog, development of creative thinking, 346
interaction involvement, emotional state & recall during conversation vs competitive negotiation, college students, 30766
interturn pauses between questions varying in content & level of difficulty & answers, facilitation of communicative elements of conversations, 11635
language-action paradigm, temporality of rhetorical conversation, 28024
language behavior with child, mothers of normal vs language delayed 2.5–5 yr olds, 6988
level of self monitoring in observers vs participant conditions, utterances & conversation topics & acts in initial interaction, college students, 28017
level of uncertainty in initial vs later stages of interpersonal communication, linguistic diversity & verbal immediacy, male vs female radio program interviewees, 28036
linguistic analysis of conversational repairs using R. Brown's model of linguistic development, Ss with mean ages of 2.5 vs 3.3 yrs vs 5–6 yr olds, 3647
listener's indication of communication breakdown, revision behavior & repetition, deaf 5.9–8.9 yr olds, 31180
listening to adult speaker, development of use of responsive listener cues & relevant comments, 29–67 mo olds, 25053
management of interpersonal communication & interaction, mothers & their 1–2 yr olds, 9099
maternal facial movements during children's speech, mothers & their children, 6270
mother's conversational expansions, spontaneous imitations & productions, 23.5–24 mo olds & their mothers, 947
multiple goals, conversational relevance & topic shift, college students, 25005
participation in conversation, recognition & identification of speakers' voice, female college students, implications for witnesses' voice identification in legal proceedings, 20016
peer judgment, identification of problems in conversational behaviors, college students reporting high social avoidance & distress, implications for social skills programs, 23255
perceived politeness & likeableness of male vs female speaker in simulated telephone conversation, college students, 3543
perceived satisfaction with conversation, college student in same- vs mixed-sex dyads, 9460
pragmatic role of frequently repeated utterance "it's gone" within multiple context conversational interactions, specifically language impaired 4 yr old male, 9874
preference for "self-repair" vs "other-repair" conversations, Ss with vs without previous history of interaction, 6202
quality of conversations, 2nd vs 5th graders vs young adults, 19885
rate & segmental duration of speech to infant vs adult, vowel duration & formant frequency, mothers of 1 yr olds, 27680
recognition of self- vs other-generated utterances in conversation, law students, 29961
referencing dialogs of naturally occurring dyadic conversations, test of component model of relational competence, 14498
relational significance, conversational content, 3998
role of repeated & echoed utterances in conversation, 3 yr old blind female, 7073
self monitoring, heterosexual conversational behaviors, 20 & 21 yr old males recovering from head trauma, 31474
sex of physician, interruption of conversation by patients vs physicians, 16–82 yr old patients & their doctors, 10101
social interactional contexts in adult literacy class, 18–60 yr olds, 10725
social-organizational constraints of dyadic verbal interaction, acquainted vs unacquainted college sociology students, 30786
social skills training, conversational skills, employed mentally retarded 27 & 28 & 33 yr old males, 12834
topic manipulation during conversation, dyads of 5–5.9 vs 9–9.9 vs 22–26 yr olds, 963
turn-taking & competition & listening activity in conversations, males vs females in factory director & janitor headed households, 25399
usage in discourse & sexual inequality in conversations, development of sexist connotations to lexical structures, 24996
use of broad conversational targets in social skills training, generalization to actual interactions, 45 yr old male, 1969
use of conversational features for research, mother-infant vocalization behavior, mothers & their infants observed at 13 & 20 & 27 & 35 wks of age, 1061
visual information in conversation, impression formation, participants in conversation vs Os, 14513
vowel articulation in conversational speech to adult vs child listeners, mothers & daughters at preverbal or holophrastic or more advanced stages of language development, 9153
written vs oral recall & memory expectancies, memory for conversation, college students, 6199
Conversion Hysteria [See Conversion Neurosis]
Conversion Neurosis [See Also Hysterical Paralysis]
aggression, language development & creativity & therapy of conversion symptoms, children, 7212
characteristics of somatoform & conversion & psychogenic pain disorders & hypochondriasis, literature review, 6786
comparison using case reports & records, 6–15 yr olds with conversion disorder vs adjustment disorder, 17578
conversion disorders in general hospital, patients, 9643
conversion symptom & transference neurosis in psychoanalysis, female graduate student, 26029
depression & conversion hysteria in chronic inflammatory polyradiculoneuropathy, 29 yr old female, 25808
hypnosis with relaxation procedures & posthypnotic symptom-relief suggestion, hysterical spasmodic dystonic pain, 61 yr old female, 7508
hypnotherapy, psychogenic laryngeal stridor, 16.5 yr old male, 20962
hysterical blepharospasm, 52 yr old female, 4240
inadequate family environment & emotional conflict, 5–16 yr olds with conversion neurosis vs neurosis vs aggressive behavior disorders, 1439
injuries in work setting, treatment for resulting psychiatric problems, patients with posttraumatic stress disorder vs reactive depression vs hysterical neurosis vs psychogenic pain disorder, 25579
lateralized conversion symptoms, 4–17 yr olds referred for psychiatric consultation, 4231
management of conversion reaction, 12–16 yr old females, 31287
neuropsychological aspects of conversion disorder & hypochondriasis, literture review, 7093

neutral vs sexually charged stimuli during learning, recognition memory, female patients with conversion hysteria, implications for psychodynamic vs neurobiological theories of hysteria, 28178
psychosomatic approach to treatment in day hospital & psychotherapy, 40 yr old female patient in mourning, 7237
reinforcement & suggestion procedures in multicomponent behavioral treatment, 22 yr old male with conversion visual loss, 20885
treatment outcome & family history & mortality rate, patients with chart diagnosis of hysteria, 9634
Conviction (Criminal) [See Criminal Conviction]
Convulsions [See Also Audiogenic Seizures]
abrupt discontinuation of alprazolam, grand mal seizures, 19 yr old female & 35 yr old male psychiatric patients, 12623
achievement & school behavior, children with tic syndromes & seizure disorders & minor physical anomalies, 23854
acoustic trauma in critical vs sensitive period, auditory behavior & cochlear functions & audiogenic seizures, auditorically abnormal vs normal-hearing mice, 27471
age & onset of puberty & severity of symptomatology, incidence of seizures, children with autistic symptoms, 28184
age & onset of puberty & severity of symptomatology, incidence of seizures, children with autistic symptoms, 6756
analysis of medical records, 2–76 yr olds with drug induced seizures, 26187
antiseizure medication, theme of death in depersonalization phenomena & complex partial seizures, 36–67 yr old medical patients, 12638
ascorbic acid, threshold for pentylenetetrazol-induced seizures 15 vs 60 min after administration of apomorphine, male mice, 6179
beta-carboline ZK 93426 as benzodiazepine receptor antagonist, 13890
carbamazepine, psychopathology between seizures, epileptic 18 yr old female with ictal fear, 7438
cerebral asymmetry, understanding of attitudes conveyed through prosodic cues & lexical content, 19–38 yr olds with right vs left hemisphere temporal lobe seizure foci, 20622
chlordiazepoxide, long term behavioral effects, rats, 13907
chronic early postnatal exposure to CGS 8216, social interaction & exploratory behavior & startle responses & pentylenetetrazole-induced convulsions, adult male rats, 6123
chronic exposure to toluene for 30 days, brain function & pentylenetetrazol seizure properties & response to flash EP's, male rats, 27581
chronic sc or ip administration of CGS 8216, social interaction & exploratory behavior, neonatally treated rats studied at adolescence, 6122
clinical & EEG evaluation, seizures & seizure-like disorders, children, 28501
clorazepate, treatment of complex partial seizures with psychiatric symptomatology, adults, 20909
color, epileptogenesis, 12–48 yr old photosensitive epileptics, 28402
cortically applied morphine vs dextro-ala 2-methionine-enkephalinamide, nonspecific convulsions, male rats, 8959
diaphragmatic respiration training with percent end-tidal carbondioxide biofeedback, moderate to severe chronic hyperventilation & idiopathic seizures, 10–42 yr olds, 18043
differential diagnosis, psychic vs epileptic seizures, 9948
early seizure control & educational-therapeutic intervention, subsequent normal development, female child diagnosed with severe tuberous sclerosis with prognosis of mental retardation, 12373
ethotoin, psychomotor seizures, 7–21 yr old patients, 7411
etiology & outcome of seizure disorders, hospitalized 12–19 yr olds with seizures related to head trauma or behavioral problems or intracranial neoplasms or epilepsy, 28433
etomidate vs Althesin vs methohexitone, seizure duration in unilateral ECT, 41–71 yr old severely depressed patients, 17847
gravity induced loss of consciousness causing incapacitation & amnesia & clonic spasms, US Air Force aircraft crew, 32324
history of withdrawal seizures, intellectual & neuropsychological differences, White vs Black male alcoholics, 17613
hypnosis treatment, psychogenic seizures, 14–48 yr olds, 2030
induced limbic seizures, aggression & defensiveness, cats, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 546
interaction between pentobarbital sodium & other modulators of GABAergic transmission, maximal electroshock seizures & righting reflexes, male rats, 30283
intrahippocampal ibotenic acid injection, EEG changes & seizures & stereotypic behavioral activity & reversal by levo-2-amino-7-phosphonoheptanoic acid, rats, implications for epilepsy, 719
intranigral muscimol administration, ethanol withdrawal seizures, rats, 753
intrathecal administration of methadone vs dextro-ala 2-methionine-enkephalinamide, hindlimb catalepsy, male rats, 9036
isonicotinic hydrazide, speed of induced tonic/clonic seizures as indicator of effect on GABAergic system, scrapie-infected hamsters, 30279
iv injection of cocaine, generalized seizures, 20–25 yr old patients, 6933
levels of haloperidol, partial seizure with complex symptoms, 26 yr old male chronic schizophrenic, 18117
mecamylamine vs nicotine vs physostigmine pretreatment, phencyclidine-induced locomotor activity & convulsions, male mice, 8944
morphine vs methadone vs dextro-ala 2-methionine-enkephalinamide, convulsive & cataleptic behavior, rats, implications for mediation by opiate receptors, 8958
nicotine-induced seizures & nicotine receptors, C3H/2lbg vs DBA/2lbg mice, 24891
nomifensine, precipitation of seizures, implications for management of patients with epilepsy & neurological diseases associated with lowered seizure threshold, conference presentation, 7481
occupational exposure to tetrahydrofuran & use of enfluran anesthesia in surgery, cerebral convulsion, 45 yr old male, 26242
opioid agonists, modulation of seizures mediated by mu & kappa & omega opiate receptors, seizure-sensitive gerbil, 6139
orienting reaction to auditory stimulation, 6–48 yr old post-meningoencephalic epileptic patients, 7113
phenytoin & phenobarbital, treatment of emotional instability, 24 yr old male with personal & family history of rage attacks & mood disturbance & epileptiform EEGs, 10296
pilocarpine dosages, behavioral & EEG & forebrain neuropathological changes, male mice, 27655
pseudoepileptic seizures, 12–16 yr olds with vs without epilepsy, 28436
psychostimulant sydnocarb, brain GABA & aspartate levels & latent period of GABA-deficient thiosemicarbazide induced seizures, 749
rapid withdrawal from long-term ingestion of lorazepam, multiple seizures, depressed 81 yr old female, 15302
REM sleep deprivation & stress & enkephalinase inhibitor phosphoramidon, handling-induced convulsions, male mice, 13856
seizure duration & anesthetic dose, verbal recall & depression following ECT, depressed patients, 28570
seizures during 1st yr of life, prognosis, child patients, 5-yr followup, 14907
somnambulism & night terrors, 5–21 yr old patients with Gilles de la Tourette syndrome with seizure disorders vs learning disabilities, 7006
temporal lobectomy for relief of focal seizures, cognitive functioning, adults with left vs right seizures, 26255
zimelidine, grand mal seizure, 37 yr old White female with endogenous depression, 10277
Cooperating Teachers
ratings of student teaching performance, college supervisors vs supervising teachers vs elementary school students, 13207
Cooperation
alliance & transference in psychotherapeutic relationship, 15120
bonus for cooperative choice vs penalty for noncooperative choice, rate of cooperation in social dilemma situations, college students, 20114
chronic shock, cooperation behaviors, rats, implications for learned chronic pain behavior, 24752
collaboration model for special education of gifted students, physicians & teachers, 8072
collaborative management, chronic illnesses, couples, implications for nursing intervention, 23076
collaborative practice, professional & agency boundaries, social workers & other formal helping agents, 10436
computer games, cooperative play behavior, 4–5 yr olds, 11835

contemporary moral theory & practice & conduct in conflicts & cooperation, young adults, 22291
contradictory norms of competition & cooperation in urban schools, students, 8043
controversy & concurrence seeking in cooperative learning groups, oral interaction, engineering college students, 5830
conversation type & turn completeness & sexual composition, switching pause durations in conversation, same sex vs mixed sex college student dyads, 11656
cooperation & communication networks, market place behavior, wholesale traders & retailers in fruit & vegetable market, 24064
cooperation between mental health professionals & family members, treatment of severely mentally ill, 23134
cooperation of S & target, attribution for target's cooperation in modified prisoner's dilemma game, college students, 4028
cooperation theory & research, organizations, 2692
cooperation vs competition vs altruism, 5.4–13.28 monozygotic vs dizygotic twin pairs, 22396
cooperative experiences in structured vs unstructured class activities vs home activities, cross-ethnic & cross-sex relationships, 4th & 6th graders, 18606
cooperative games, interracial interactions, Black & White 5th & 6th graders in desegregated schools, 10786
cooperative-group intervention, interracial friendships, male vs female White vs Black 5th & 6th graders, 30506
cooperative group tasks, subsequent cooperation & peer acceptance, learning disabled 10–15 yr olds, 15854
cooperative incentives vs tasks, academic achievement, students, 13063
cooperative learning in pairs, acquisition of knowledge & skills, college students, 10748
cooperative small groups vs individualized learning, creativity in science education, 5th–6th graders, 29194
cooperative tendencies, rate of advancement, middle managers from different national groups, 23985

theoretical work during 1949–82 on cooperation & competition & conflict resolution & distributive justice, M. Deutsch, 11993
unequal power in competitive vs cooperative context, influence strategy & perspective taking in negotiation, college student dyads, 4012
verbal ability & heterogeneous vs homogeneous pairing, performance in cooperative learning tasks & individual learning transfer, college students, 32062
visual communication in Prisoner's Dilemma game, cooperation, rats, 24584

Cooperative Therapy [See Cotherapy]

Coordination (Motor) [See Motor Coordination]

Coordination (Perceptual Motor) [See Perceptual Motor Coordination]

Coping Behavior

ability to deal with psychological stress & to communicate effectively & to establish interpersonal relationships, intercultural effectiveness, comments on studies by H. Abel & R. Wiseman & W. B. Gudykunst & M. R. Hammer & R. Wiseman, 3787
acceptance & facilitation of productive consultation with professionals & coordination of communication between agencies & services, parents of severely handicapped children, 28835
active & passive coping under stress, cardiac sympathetic system & urinary & plasma catecholamines, male college students, 8860
actual problem solving appraisals vs hypothetical problem solving, college students, 25471
adaptation to 1 wk through 36 mo old infant's heart surgery, mothers, 21001
adaptive behavior & ability-achievement discrepancy criteria, determination of learning disability severity subtypes, learning disabled 8–11 yr olds, 25733
adaptive behavior as designator of severity of learning disability, implications for social adjustment & education & career counseling, literature review, 25743
adaptive processes of coping & defending & mastery, 14586
adult learning orientation strategy, coping with stress & absorption of information, social work students in new hospital field placement, 15646
advances in treatment of & coping with hemophilia & its effects on education & employment, 9968
age differences & inescapable vs escapable aversive early training experience, heart & respiration rate & amplitude & somatic activity during classical conditioning, kittens, 30008

analysis of literature on individual responses to government brutalization during Holocaust & Stalinism, 11855
anxiety & coping mechanisms, terminal illness, 6–13 yr old males with leukemia & their 30–40 yr old mothers, 17747
applied relaxation technique & perceptual restructuring, treatment of tinnitus, male in late 50's, 15257
appraisal of divorce & coping options, home & school adjustment & academic performance, female vs male 8.5–12 yr olds in separating or divorcing families, 14175
art therapy, expression of regression & intrapsychic reactions to disease, 58 yr old female patient with Alzheimer's disease, 10100
assessment of attitudes & stressors & coping strategies relating to role adoption & work environment & personal life, physicians in residency training, 23619
assessment of Jalowiec Coping Scale, measurement of coping behavior, hypertensive & emergency room patients, 8411
attitudes & coping patterns, ministers' wives, 1040
attribution & meaningfulness of pregnancy & expectations for coping, females undergoing 1st trimester abortion, 20054
available resources as moderator variables, stress, mothers of handicapped 1–19 yr olds, 25501
behavioral & stress management strategies, coping behavior, hospitalized adolescents & young adults with cystic fibrosis, 15513
biological & psychological & familial & extrafamilial & health care factors, control of insulin-dependent diabetes mellitus, adolescents, literature review, 4559
burden of care & coping behavior of families, 52–100 yr olds with senile dementia & their families, 14951
causes & modes of coping with stress, mediation professionals, 10598
changes in emotions & coping during 3 stages of examination, college students, 18642
characteristics & coping behavior & treatment considerations, posttraumatic stress disorders, Vietnam veterans & their families, implications for social work, 15433
childhood emotional development & conflict-coping behavior, psoriasis patients, 4487
cognitions related to attributions & coping reactions, depression, 37–85 yr old spousal caregivers of Alzheimer's disease patients, 31142
cognitive adaptations to stress associated with newborn intensive care, mothers of high risk infants, 25488
cognitive problem solving educational intervention model, parents of learning disabled children, 18723
collaborative management, chronic illnesses, couples, implications for nursing intervention, 23076
communication behavior & sharing of past traumas, Holocaust survivors & their offspring, Israel, 1018
conceptions & feelings & treatment of "cabin fever", 17–84 yr olds, 26083
constraining iterative treatment & group therapy, spouses of dialysis patients, 7325
construct validity of Rorschach space response, assessment of relationship between stress-coping reactions & aggression, medical students, 2880
coping & adjustment, wife of patient with Alzheimer's disease, 31172
coping & childrearing behavior, parents of dyslexic male, conference presentation, 9837
coping ability & responsibility of rape, victims, reply to criticism by G. B. Wieder, 25659
coping as positive developmental characteristics, aged, 25203
coping behavior & social & family & work life & cognitive functioning, 46–65 yr old Holocaust survivors vs inhabitants of Israel during World War II, Israel, 12089
coping behavior & vulnerability & environmental support, children with chronic health problems, 31247
coping behavior, outcome, females with breast cancer, 10-yr followup, conference presentation, 28481
coping behavior, 8–17 yr olds diagnosed with lymphocytic leukemia & their siblings, implications for nursing intervention, 12350
coping ideology for medical mistakes, medical interns, 23664
coping mechanisms & blame & social support & psychological adjustment, Ss with genital herpes & mean age of 33.4 yrs, 12378
coping skills package vs group relaxation training, 17–58 yr old anxious patients in psychiatric outpatient setting vs general practice, 7356
coping strategies & perception of chronic pain & personality, Black patients with sickle cell anemia or rheumatoid arthritis or low back pain, 7003
coping strategies & psychosexual behavior from childhood to adulthood, 22–31 yr olds with micropenis, followup studies, 31219
coping strategies & reactions to divorce, children, 27725
coping strategies & reactions to divorce, children, 6368
coping strategies for anger & sadness, male vs female 6–11 yr olds, 19891
coping strategies, migraine headaches, 20–58 yr old patients, longitudinal study, 10007
coping strategies, 3 yr old male hospitalized for abdominal surgery, 7689
coping style & reactions to & experience with physical assaults by patients, nurses, followup study, 7805
coping style & relaxation training &/vs information giving, levels of postoperative pain & anxiety, 19–70 yr old surgical patients, 25999
coping style & renal failure adjustment, dialysis patients, 28403
coping styles & extraversion & neuroticism, development of behavior disorders, children & juveniles in psychiatric clinic, 14822
coping styles, adolescents with cerebral palsy attending regular vs special schools & their families, 8-yr followup study, 9977
coping styles for psychiatric symptoms, schizophrenic outpatients, 30919
coping techniques for occupational stress, 22–64 yr old hospice staff members, 31945
coping with daily stress, 14–19 yr old pregnant or parenting females from urban vs rural vs suburban environments, 16855
coping with deinstitutionalization, families, 15418
coping with hospitalization & pediatric clinic visits, 6 yr old female with chronic constipation due to Hirschsprung's disease, 15481
coping with new experiences & feelings, beginning teachers vs new mothers, 15721
coping with stress during crisis of martial law imposition, citizens, Poland, 14234
coping with work-related stress, professional engineers, 6-mo followup, 24019
coronary heart disease, family adjustment, families of cardiac patients over 60 yrs of age, 17728
creation of book to deal with feelings about death of family member, intact vs divorced family experiencing recent death of father, 31428
creative modes of confrontation with phenomenon of death, 1021
crisis intervention, acceptance of death of classmate, elementary school students, 15905
cystoscopy, stress & coping behavior, 36–70 yr old males with chronic genitourinary cancer, 25922
definition of terms sick role & illness behavior & coping, 9591
demographics vs type of family vs coping style vs locus of control vs fear of success, role stresses, female entrepreneurs, India, 18868
development of Chronicity Impact & Coping Instrument: Parent Questionnaire, measurement of child's chronic illness effect on parents, 16331
development of coping behavior, children in intensive care units, 4936
development of Utrechtse Coping Scale, 8432
direct action vs optimistic comparisons vs selective ignoring vs restricted expectations as coping behaviors, reduction in occupational stress & problems, 22–69 yr olds, 29551
disasters & personal traumatic events, psychological mechanisms & manifestations, survivors of trauma, implications for diagnosis & treatment, 28622
disasters induced by human errors of omission vs commission, emotional phases & psychological manifestations & social processes, victims, 28162
dominance & expression of affect & sensitivity to feelings within marital relations, prediction of problems in bereavement period following death of spouse, couples, 1089
dying child, stages of adjustment & mutual pretense, parents & family, 31212

educative model with emphasis on coping rather than curing, group psychotherapy, psychiatric inpatients, 12814
efficacy of extensive cognitive attention vs avoidance, adjustment to specific stressful life events 1 wk vs 3 mo vs 6 mo poststress, 45–60 yr old females, 28583
EKV survey of feelings & thoughts & attitudes & plans, patients confronting cardiovascular or cerebrovascular diseases, 22951
elderly as caregivers for elderly family members at home, females vs males with mean age of 75.8 yrs, Canada & England, 15383
EMG feedback, attitude change, 28 yr old female with congenital Marcus-Gunn phenomenon, 15255
emotional health, bereaved parents 5 yrs after death of 0–12 yr old child, Israel, 25305
emotional issues & reactions, parents raising a handicapped child, 7108
emotional reactivity, coping behavior & adjustment, 12–20 yr old daughters of mothers who underwent mastectomy due to breast cancer, 1007
evaluation of treatment program, wives with mean age of 45 yrs with alcoholic husbands, 1-yr followup study, 15561
experience of cancer during early & advanced stages & coping behavior, 30–44 yr old female patients with cervical or breast or gynecological cancer & their mates, 4440
facilitation of coping & goals for drug use intervention, intervention agents & agencies, 18374
failure & expectations of parents & teachers & coping techniques, gifted students, 15877
failure to achieve goals, suicide, Ss under 35 yrs of age, 1555
family reactions & reorganization patterns, families with husbands previously hospitalized for myocardial infarction, guidelines for use of family therapy, 4406
fear of loss of enjoyment & self sufficiency due to cataract extraction, cataract sufferers with median age of 70 yrs, 12405
flooding & coping skills training, fear & avoidance of dental treatment, 17–51 yr olds, 15247
formal vs progressive teaching methods, coping strategies, 6 & 7 yr olds & their teachers, 13112
generalization of adaptive coping behavior skills to home & school environment, mildly & severely mentally retarded 11–20 yr olds in self contained special school, 2493
grieving patterns & psychosocial functioning, families of neonates whose life support was withdrawn, 27958
group cognitive-behavioral coping skills training, responses to dental treatment, 50–66 mo olds, 26130
group hypnotic approach, coping strategies, chronic pain patients, 7507
guidelines to assist children in coping with divorce, parents, 30638
hand behaviors during crisis situation of childbirth, 17–34 yr old primigravida & multigravida Ss from different ethnic groups, 23425
hardiness & Type A behavior, distress & rated desirability & controllability & foreseeability of life events, college students, 6687
hospitalization & life change, severity & ability to cope with chronic asthma, 19–72 yr olds, 18316
humor preference, coping with stress, female vs male college students, 12087
identification of social support network for decisions about child custody & visitation, parents undergoing divorce, 19996
impact of & coping with dementia in older relatives, families, literature review, 23009
income level, parent–child interaction, dyads of maltreated 16–78 mo olds & maltreating adults, 25637
individual differences in coping styles, 14–42 yr old females who have had abortion of dilation or evacuation type, 12693
individual potential & social institutions in coping with unemployment, comments on study by D. Fryer & R. Payne, 29497
integration of frustration management component into language arts/reading curriculum, students, 21301
intensive group workshop, coping with transition & problems of new culture, foreign college students, 26678
interactionist role of lawyers & pediatricians & psychiatrists, difficulty of coping with divorce, children, 23098
internal consistency of short form of Questionnaire on Resources & Stress, parents of handicapped & nonhandicapped children, 25502
intervention group on coping with life challenges, reported illness & disability days, college students previously having high life change & high illness ratings, 26078
intervention strategies, coping with teacher's sudden death, latency-age 3rd graders, 32080
intra-institutional relocation of long term care facility, changes in behavior patterns, residents with median age of 71 yrs & staff, 23519
length of illness & diagnostic setting, coping behavior & emotional state after hospitalization, myocardial infarction patients under 40 yrs of age, 4473
level of perceived job stress, number of representational & coping strategies used, 19–84 yr old mental health workers, 10607
levels of stress & coping behavior, male vs female freshman vs senior Anglo vs Mexican American college students, 15844
life events & familial stress & coping behavior, etiology of schizophrenia & onset of schizophrenic episodes, literature review, 1434
living with cancer, 50 yr old surgeon, 28459
locus of control & interpersonal trust & coping style & family pattern of unwed parenthood, 15–19 yr old Black unwed fathers, 27889
locus of control, preoperative coping behavior, 8–12 yr old minor surgery patients, 7548
maintenance care & developmental needs & emotional support & coping behavior, children with gastrostomy tubes & their parents, 18198
maintenance of self worth & coping with dangers & strain & monotony of dehumanizing work & coworker interaction, assembly line workers in slaughterhouse of beef processing plant, 5487
management of personal identity in group home, elderly, Norway, 23491

willpower & beliefs, overcoming problems, college students, implications for treatment, 31301
work related stressors & means of coping, crisis intervention workers & their spouses, 26461
work satisfaction & personality & stress management techniques, stress, accounting educators, US, 29154
workshop with cognitive & phenomenological perspective, coping with stress, 21057
writing, coping with grief, bereaved Ss cared for by hospice followup services, 7549
Copper
link between copper & endorphin hypotheses of schizophrenia, 4190
plasma zinc & copper levels, Alzheimer's patients, etiological implications, 25812
serum & hair concentrations of copper & zinc & magnesium & calcium & albumin & manganese, 55–79 yr old outpatients with Alzheimer's disease vs 55–72 yr old healthy spouses, 28495
serum zinc & copper & ceruloplasmin levels, 29–69 yr old male alcoholics, 22880
zinc deficiency & copper toxicity & CSF & serum vitamin B12 level, elderly patients with Alzheimer's disease & alcohol brain damage & dementia & multi-infarct dementia, 4530
Copulation [See Sexual Intercourse (Human)]
Copulation (Animal) [See Animal Mating Behavior]
Coronary Disorders [See Cardiovascular Disorders]
Coronary Prone Behavior
achievement striving & time urgency & hostility, male vs female college students of arts vs commerce vs science faculties with Type A vs Type B behavior pattern, India, 26601
age, coronary prone behavior, 30–39 vs 40–49 vs 50–59 yr olds, 12066
aggression & motor hyperactivity & overambition & overachievement, Type A behavior, 13 & 27 yr olds, longitudinal study, 17015
anger & neuroticism & Type A behavior, symptoms of angina pectoris & functioning, 29–70 yr old cardiac patients, 20607
angered vs not angered by confederate in problem solving task, levels of punishment vs reward given to confederate, male college students with Type A vs B behavior patterns, 20143
anxiety management training & anger control, Type A behavior, college students, 26100
arithmetic task difficulty & Type A personality, heart rate & systolic & diastolic blood pressure, college students, 27439
arrival & test completion times, Type A vs Type B college students, 12097
arrival time & watch wearing & time estimation, Type A vs Type B college students, 9575
assessment & intervention, hostility associated with Type A behavior, 28102
assessment of personal compulsivity & running injuries & training style, runners with mean age of 31 yrs, 17368
attribution for success vs failure in video game task, Type A vs Type B college students identified by structured interview vs Jenkins Activity Survey, 30856
behavioral assessment, middle aged males with Type A behavior pattern, 22618
biostatistic approach & addition of measure of anger to Videotaped Structured Interview, assessment of Type A behavior, criticism of M. Friedman & L. H. Powell's paper, 1745
cardiac counseling alone vs with Type A counseling, Type A behavior & cardiovascular recurrence, nonsmoking postinfarction volunteers, 18199
change in self perception of Type A behavior, 30–39 vs 40–49 vs 50–59 vs 60–69 yr olds, 22617
cognitive behavior modification program & 1-hr presentation on working with Type A personality, coronary prone college faculty & their support staff, 10896
cognitive-behavior modification with vs without assertion training, Type A behavior & related characteristics, college faculty, 6-mo & 1-yr followups, 31479
cognitive behavioral modification with vs without assertiveness training, Type A coronary prone behavior, 31–64 yr old college faculty, 15267
completion of Jenkins Activity Survey for measurement of Type A behavior & measure for telic dominance, college students, 17402
coronary bypass & Type A behavior & depression & anxiety, postoperative arrhythmias, male patients, 18188

coronary prone behavior, heart rate & blood pressure, female 18–25 yr olds, 16683
correlation & interchangeability of various measures of extraversion & sensation seeking & stimulus screening & Type A behavior, 17–69 yr olds, 8403
definitions of Type A & B coronary prone behaviors & Jenkins Activity Survey, reply to comments on article by C. D. Jenkins & S. J. Zyzanski, 28106
development & validity of measures of beliefs & fears underlying Type A behavior, 23–59 yr olds, 127
diagnosis & quantitative assessment of Type A behavior & coronary heart disease, questions regarding standardization of Videotaped Structured Interview, criticism of M. Friedman & L. H. Powell's paper, 1703
diagnosis & quantitative assessment of Type A behavior, reply to comments by R. B. Williams & D. Wheatley & D. S. Kornfeld & A. Steptoe & O. Paul, 25447
ego strength & stress as measures of lifestyle & physiological & electrophysiological correlates, Ss with Type A vs Type B personalities, 25438
employment status, Type A behavior pattern & coronary heart disease, females, 28441
erotophilia vs erotophobia & Type A vs B behavior, erotica viewing time & content recall, college students, 20130
evaluation of measures of Type A behavior & anger & hostility, assessment of cardiovascular disease risk, 27029
hardiness & Type A behavior, distress & rated desirability & controllability & foreseeability of life events, college students, 6687
heart rate & pupillary response to cold pressor vs ego threat, Type A vs Type B 18–24 yr old males, 6675
hostile vs instrumental aggression, Type A vs Type B male college students & females in treatment for child abuse, 12091
impatience & competitiveness as components of Type A behavior in choice RT task, cardiovascular reactions, Type A vs Type B college students, 22061
increasing noise, sensitivity during cognitive task, Type A vs Type B coronary prone Ss, implications for coping with stress, 21849
individual differences in cardiovascular & neuroendocrine reactivity, coronary heart disease, 20552
Involvement & Drivenness subscales of Jenkins Activity Survey, measurement of relation between self actualization & self esteem, college students, 13572
load stressors & cognitive complexity & Type A coronary prone behavior, visual motor task performance, adult working males, 20162
masculinity & femininity & Type A behavior & psychosocial adjustment, female vs male medical students, 21243
masculinity vs femininity, Type A behavior, college students, 14591
maximum exercise stress test as behavior modification tool, reduction of risk factors for coronary artery disease, healthy males, 4718
medical school training, Type A behavior, female vs male medical students, 2-yr longitudinal study, 12917
meditation training, sense of time urgency & hostility, college students, 1964
need for redefinition of structured interview & further study of Type A behavior & heart disorders, Videotaped Structured Interview for assessment of Type A behavior, criticism of M. Friedman & L. H. Powell's paper, 1689
need for refinement of rating scale & statistical analysis & culture-bound scoring technique, Videotaped Structured Interview for assessment of Type A behavior, comments on M. Friedman & L. H. Powell's paper, 1728
need for study of development of cardiovascular disorders & stress reduction for recovering patients, Videotaped Structured Interview for assessment of Type A behavior, commentary on M. Friedman & L. H. Powell's paper, 1678
negative air ions, mood & memory & aggression, male college students with Type A vs B behavior, 20129
nonverbal expressiveness & personality & health, 42–64 yr olds with Type A vs Type B personality, 22625
overlap between Type A behavior pattern & psychoanalytic anal character, male college students, 14574
overview of Type A behavior, conference presentation, 28061
pace of life & punctuality & coronary heart disease, Japan vs Taiwan vs Indonesia vs Italy vs England vs US, 17767
pattern of urinary excretion of testosterone glucuronide, 36–66 yr old males with Type A vs Type B behavior pattern, 6040
personality, self initiated competition behavior & physiological fatigue, Type A vs Type B 19–29 yr olds, 12053
pro-self vs anti-other arguments in group discussion, Type A Ss, 25486
psychological traits & uses of body & forms of social relationships as factors in coronary heart disease, 31237
psychophysiological correlates of Type A behavior & reliability of Structured Interview vs Jenkins Activity Survey, male college students, 27449
psychosocial stress, Type A behavior pattern & development of cardiovascular disease, 28465
questions regarding reliability & validity of Videotaped Structured Interview, assessment of Type A behavior, criticism of M. Friedman & L. H. Powell's paper, 1746
relationship of coronary prone behavior to forearm blood flow & vascular resistance & epinephrine & cortisol & role of hostility in coronary heart disease, male college students & patients, conference presentation, 20632
reliability & validity of German version of Jenkins Activity Survey, coronary prone behavior, employees & students, 16352
risk factors & Type A behavior & life changes, cardiovascular disease, participants in health-promotion program, 17800
self attribution reactance, recovery from running related injuries, 21–42 yr olds with Type A behaviors, 31243
self involvement & self attribution & Type A behavior, 22–62 yr old health care professionals, implications for self evaluative model, 4073
self reported coping preferences, Type A vs Type B 25–40 yr old males, 1319
sensitivity to noise, Ss with Type A vs Type B behavior, 20151
serum cholesterol level as mediator, psychological variables & coronary heart disease, literature review, 1738
sex differences in catecholamine reactions, coronary heart disease, 10018
simple vs complex task, sensitivity to noise, female college students with Type A vs B behavior types, 23004
stress & Type A personality, health, Polynesian immigrants to New Zealand, 17374
stress management training, locus of control & self confidence & Type A behavior, police officers, 28724
temperament & classmate likability & social perspective coordination & parent-rated Type A behaviors, 3rd–8th grade males vs females, 26602
tension as link between polarizing personality & heart attack, 10017
test-retest reliability & psychometric correlates of Bortner scale, assessment of Type A behavior, patients with chest pain & possible coronary heart disease, 24208
Type A & Type B behavior, driving habits, college students, 25479
Type A & Type B behavior patterns, coping & appraisal of on-the-job stress, 23–69 yr old police officers, 32307
Type A behavior & physiopathological stressors, onset of cardiopathy, humans vs animals, literature review, 31148
Type A behavior as means of coping with fears & anxieties, college students & 23–59 yr olds in police work, Canada, test of cognitive social learning model, 17362
Type A behavior, breast cancer, females, 17720
Type A behavior, illness in general, female college students, 12416
Type A behavior, job satisfaction & sales performance, life insurance agents with mean age of 45 yrs, 5479
Type A behavior pattern & fear of death & manifest anxiety, male vs female college students, 1317
Type A behavior pattern, relationship between paced work & mood disturbance, male vs female paced vs nonpaced postal service employees, 21606
Type A behavior pattern, task-related ectopy, middle aged male patients with coronary artery disease, 28450
Type A personality & percentage of soluble anagrams in task set, systolic & diastolic blood pressure & heart rate, male college students, 19556
Type A personality & self efficacy & performance goals & work on multiple projects, research productivity, college faculty, 10682

Type A personality, carotid artery atherosclerosis, 40–65 yr olds, 7127
Type A vs B behavior, need for control, male college students, 20163
Type A vs B personality & demographic variables, coronary heart disease, Australia, comments on article by J. J. Ray & L. Simons, 28487
Type A vs Type B behavior patterns & work environment, occupational stress, employees, presentation of model, 2680
Type A vs Type B behavior, time perception for decisions when time is invested resource, college students, 28118
Type A vs Type B personality & age, psychological well-being, 18–89 yr olds, 30396
Type A vs Type B personality, selective attention to negative feedback, college students, 14546
validity & utility of Type A personality assessment, prediction of coronary heart disease, 26998
Videotaped Structured Interview, assessment of Type A behavior, comments on M. Friedman & L. H. Powell's paper, 1743
Videotaped Structured Interview, assessment of Type A behavior, postinfarction patients, 1670
work & marital & leisure variables & social support & stress & tension & health, Type A vs Type B behavior, 21–62 yr old full time employed females, 20144
Coronary Vessels [See Arteries (Anatomy)]
Corporal Punishment [See Punishment]
Corporations [See Business Organizations]
Corpus Callosum
callosotomy, hemispheric control of writing hand, 20 yr old left handed male with intractable seizures & left hemispheric language, 15373
corpus callosum lesions, unilateral neglect, monkeys, neurosurgical implications for unilateral brain damage, 6089
corpus callosum sectioning, visuomotor responses during interocular transfer of visual discriminations, rats, 705
corpus callosum stimulation, activity of precentral neurons in distal limb & proximal limb & trunk representation areas, monkeys performing motor task, 27502
corpus callosum transection, changes in proportion of binocular neurons in area 17, cats, 16729
critical period in development of corpus callosum, visual development of corpus callosum, visual development & acuity, cats with surgically lesioned corpus callosum at 1 vs 2 vs 3 vs 4 vs 29 wks of age, 44, 6076
hemispheric specialization in visual task, 9 & 18 yr old siblings with callosal agenesis, 28457
interhemispheric transfer of haptic information, 12–38 yr old partially callosotomized patients, 25774
interruption of classical & commissural visual input to nucleus caudatus, visual EPs, cats, 11573
lateralized visual stimulation, visual EPs from parietal midline & occipital & central sites, right handed young adults, implications for corpus callosum transmission, 8818
midline division of optic chiasm & corpus callosum & anterio & hippocampal commissures, viewing time & facial expressions during videotape recordings, rhesus monkeys, 19632
sectioning of posterior corpus callosum, binocular interaction of single neurons in cortex Areas 17 & 18, cats, 24773
topographic inhibitory theory, functions of corpus callosum, implications for language production & understanding, 553
transection of classical & commissural pathways, visual EPs in hippocampus, cats, 11563
unilateral eye removal at birth, development of corpus callosum axonal projections to cortical area 17, rats, 11569
visual recognition of patterns, spatiotemporal correlation between momentary frequencies of neuronal electrical activity in thalamus & internal capsule & corpus callosum, humans, 3289
Corpus Striatum [See Basal Ganglia]
Correctional Institutions [See Also Prisons, Reformatories]
adult education in correctional settings, prisoners & instructors & prison & educational officials, 5160
age vs sex vs race, activation of stereotyped & biased staff attribution, juveniles institutionalized in correctional facilities, 23564
attitudes toward innovative vs traditional approaches to juvenile delinquency prevention, community correctional program staff members, 26370
delivery of mental health services in juvenile corrections facilities, 10509
intervention program, emotional maturity & psychological adjustment, male work release residents with mean age of 29.4 yrs, 28952
lack of measurable effects & vague definitions & dissatisfaction with welfare & medical models of treatment, juvenile & adult corrections, implications for changing treatment programs, 28939
medical & mental health needs in correctional facilities, juvenile delinquents & children, 28938
psychodrama & role playing, correctional institution residents, 2194
purpose & detainees & personnel & procedural & program information, juvenile detention facilities, late 1960's–70's, 15547
rate of commitment to residential community corrections programs, convicted adult offenders, 2176
response from corrections system, influx of mentally disordered offenders, comment on paper by L. A. Teplin, 12840
sexuality education, knowledge & attitudes & self esteem, 14–17 yr olds in juvenile detention, 10506
stress factors leading to crises in correctional situations, implications for crisis intervention, 10499
use of behaviorally based evaluations, evolution of design prototype of correctional facilities over 3 generations, 16143
use of benzodiazepines in correctional facilities, literature review, 21123
Correlation (Statistical) [See Statistical Correlation]
Cortex (Auditory) [See Auditory Cortex]
Cortex (Cerebral) [See Cerebral Cortex]
Cortex (Motor) [See Motor Cortex]
Cortex (Somatosensory) [See Somatosensory Cortex]
Cortex (Visual) [See Visual Cortex]
Cortical Evoked Potentials [See Also Contingent Negative Variation]
abnormal development of event-related brain potentials, implications for use in diagnosis of developmental disorders & study of ontogeny of brain, conference presentation, 20577
age & dominant vs nondominant hand movement & motor control, cortical motor-readiness potentials, right vs left handed 8–19 yr olds, conference presentation, 19801
age & methylphenidate dosage & practice, EEG & RT & event-related brain potentials in visual detection task, hyperactive 88–150 mo olds, conference presentation, 20911
age & motor control & mental status & IQ, EEG movement related potentials, 6–12 yr old vs 16–19 yr old normal vs 15–21 yr old mentally retarded males, 25159
age & skilled self-paced motor task, amplitude of cortical readiness & motor cortex potentials & P200 & skilled performance positivity, 8–13 yr old males, conference presentation, 19800
age, electrophysiological measures, male hyperactive vs normal 6–12 yr olds, 4-yr follow up, 23029
auditory & visual EP amplitude & urinary homovanillic acid, autistic children, implications for dopamine metabolism, conference presentation, 20267
auditory brain stem vs middle latency vs late cortical EPs, children with language vs motor speech disorders with mean age of 9 yrs, 17696
auditory evoked P300 brain potential amplitude, college students at risk for development of schizophrenia, conference presentation, 20369
auditory stimulus detection task, nasopharyngeal potentials vs scalp event-related potentials, human Ss, conference presentation, 19509
auditory stimulus interval in go/no-go discrimination paradigm, contingent negative variation & slow-wave relationships, human Ss, conference presentation, 19448
auditory target localization tasks, short-latency event-related brain potentials, 17–30 yr old males, conference presentation, 19490
bargaining task & facial expressions, P300 amplitude in event-related potentials, female college students, conference presentation, 19482

brain function abnormality measured by EEG & event-related potentials, 6–12 yr old hyperactive delinquent vs nondelinquent males, followup at age 14–20 yrs, 1717
cadmium & lead exposure, amplitude & latency of auditory & visual EPs, 5–16 yr olds, implications for learning disabilities, conference presentation, 20621
centrally active drugs & evoked potentials, hippocampal EEG, freely moving rats, 30262
circadian rhythms in synaptic excitability of dorsal lateral geniculate nucleus, rats, 11554
classical conditioning task, evoked brain potentials & P300 amplitude & variability, autistic children, implications for role of perceptual inconstancy & psychotic thought, conference presentation, 20305
clinical utility of event-related brain potentials in psychiatry & clinical psychology & importance of dissociating aging effects & behavioral measures, conference presentation, 20195
cognitive style & ability & aptitude, visual & auditory & bimodal & brain event-related-potentials, right handed males, 24643
cortical field potentials preceding visually-initiated & self paced hand movements, monkeys, 16623
curare, EPs & spike discharge recordings from single afferent fibres of posterior canal nerve, frogs, 19732
definitional & interpretational issues surrounding negative components of event-related cortical potentials in relation to cognitive processes, conference presentation, 19512
definitional & methodological issues & principal components analysis in event-related potential research, conference presentation, 19525
degree of neurological impairment, average event-related brain potentials & contingent negative variation, 33–59 yr old chronic alcoholics, conference presentation, 20423
development & procedures & theory of probe EP method, assessment of regional cerebral activation during cognitive processing, literature review, 24166
developmental changes in event-related cortical potentials, 11–18 yr olds, conference presentation, 19810
difficulty of recognition memory & classification tasks, P300 latency & RT, 31–63 yr old alcoholics vs depressed patients, conference presentation, 20181
discrimination of acoustic & semantic aspects of speech, cortical EPs, right handed 14–17 yr old males, 30092
efficiency of visual information processing & associated event-related potentials, 9–13.5 yr old schizophrenics, 1480
electrical stimulation of right hemisphere, evoked language responses, right handed adult patients undergoing surgical treatment for seizures, 547
ethanol & auditory stimulus presentation rate & target detection task difficulty, event-related brain potentials, 20–32 yr olds, conference presentation, 19659
event-related brain potentials, 7–13 yr old sons of alcoholic fathers, implications for alcohol abuse predisposition, 22804
evoked neuromagnetic brain potentials & relevance for event-related potential research, conference presentation, 19483
experiment design problems in use of cortical event-related potentials to study neural organization of development & cognition & motivation, conference presentation, 19467
extraversion & intensity of auditory stimulus, auditory EPs from frontal sites, college students identified as perceptual augmenters vs reducers, conference presentation, 19440
future psychopathology-related research issues for event-related brain potentials in areas of diagnosis & positron emission tomography & neurochemistry & psychopharmacology, conference presentation, 20205
goal directed & imposed limb movements, activity of neurons of caudate nucleus, cats, 8762
hemispheric asymmetry of movement-related potentials preceding foot vs finger movement, right handed 18–26 yr olds, 13793
injected substance P, behavior & neuronal activity in cerebral cortex, rabbits, 9021
intelligence & impulsiveness & free-floating anxiety & stimulus occurrence guessing task, event-related brain potentials, college students, conference presentation, 19449
inter- & intrahemispheric distribution aspects of cortical event-related potentials to Stroop color & word stimuli, conference presentation, 19426
ipsilateral vs contralateral finger vs foot flexions, amplitude of cortical readiness potentials, 18–26 yr olds, conference presentation, 19441
latency & amplitude of P3 component of auditory vs visual EPs, cognitively impaired vs medicated vs drug-free depressed vs schizophrenic patients, implications for differential diagnosis, 6718
lead exposure, developmental changes in contingent negative variation & role of axodendritic vs axosomatic connections, children less than 5 yrs old, conference presentation, 20576
light stimulation, phase relations among EEG waves in sensorimotor & visual cortical areas, rabbits, 8751
linguistic processing task using mathematical equation stimuli, contingent negative variation & slow positive cortical potentials, 21–40 yr olds, conference presentation, 19472
memory size in auditory vs visual CV syllable memory scanning task, RT & EPs, human S, conference presentation, 19463
methylphenidate, performance & event related potentials on vigilance vs paired-associate tasks, college students, 27648
motor skill acquisition, electrocortical activity, 18–21 yr olds with varying levels of athletic participation, conference presentation, 19464
movement & motor control-related brain potentials, conference presentation, 19451
object name reading vs verbal naming tasks, event-related brain potentials, right handed 23–26 yr old males, conference presentation, 19524
orienting reflex & effects of stimulus novelty & surprise on event-related cortical potentials, literature review, conference presentation, 19455
perceptual demands & practice of visual tracking task, amplitude of P300 component of event-related brain potentials, college students, conference presentation, 19531
physiological & cognitive developmental aspects of normal event-related brain potentials, literature review, conference presentation, 19485
positive & negative verbal reinforcement, latency & amplitude of evoked cortical activity, human Ss, 27370
presentation of food vs aversive stimulation during instrumental responding for food, long term neuronal unit activity in orbitofrontal cortex, female monkeys, 685
presentation of novel visual stimuli during sentence processing task, event-related cortical potentials, 18–27 yr old males, conference presentation, 19486
presentation to right vs left hemisphere, recognition of short time intervals between visual stimuli, 21837
psychopathology category & measured psychotic load, P3 event-related potential measures to construct baseline for negative components, conference presentation, 20365
P300 & negative slow-wave brain potential deficits, anhedonics, conference presentation, 20314
recognition task manipulating cognitive load & event rate, event related desynchronization of alpha rhythm, college students, 30110
repetition vs alternation random stimulus series, P300 cortical potential amplitude & RT during auditory discrimination task & role of trial-to-trial expectations, 21–54 yr old male schizophrenics, conference presentation, 20255
role of subjective probability & event relevance to task & task variables in modulation of P300 amplitude in event-related potentials, conference presentation, 19481
saccadic eye movements, neuronal activity in striate cortex, cats, 19530
scalp topography of P3 component of auditory &/vs visual event-related EPs, 18–90 yr olds, 5996
selective attending to color vs word dimensions of Stroop & non-Stroop stimuli, hemispheric asymmetries & time course & scalp distributions of visual event-related potentials, right handed 28–40 yr olds, conference presentation, 19427
selective attention for information at different vs single point in visual space, hemispheric asymmetry in event-related potentials in occipital cortex, human Ss, conference presentation, 19470
selective attention to dichotic speech stimuli, event-related brain potentials, 17–32 yr olds, 27416

stimulus presentation contingent on occurrence of positive vs negative spontaneous shift in frontal lobe slow potentials, RT performance, right handed young adults, conference presentation, 19437
stimulus probability & learning contextual vs single-trial information processing, choice RT & cortical event-related potentials, human Ss, conference presentation, 19432
stress of ether-pentobarbital anesthesia or longterm sexual conflict, EEG activity of hypothalamus, rats, 8892
sustained selective attention, forebrain & electroretinogram potentials, human Ss, replication & extension of study by R. G. Eason et al on early sensory filtering, 22059
systemic glucose injection vs natural vs operant feeding, unit activity in orbitofrontal cortex & role of interoceptive information in satiety, monkeys, 578
temporal probability & discriminability of unpredictable auditory stimuli, event-related potentials during target-standard discrimination, young adults, conference presentation, 19461
use of biofeedback of event-related brain potentials in research on learning theory & nociception & as index of learning & as means to study event-related potentials of unknown origin, conference presentation, 19515
value & inferential limitations of anatomical & physiological basis of auditory N1-P2 & P300 & associated event-related brain potentials, conference presentation, 19532
visual & auditory & bimodal event-related potential stability, US Navy recruits & laboratory personnel, 30079
visually-cued normal- vs anti-saccades, RT & event- vs response- vs movement-related brain potentials to foveal vs peripheral stimulus, human Ss, conference presentation, 19438
visuospatial task, rapidly shifting spatial patterns of EEG interelectrode correlation in move & no move trial of task, human Ss, 30065
voluntary manual tracking, anticipatory activity of limbic & frontal cortex as measured by readiness potential & conditioned premovement positivity & directed attention & relaxation potentials, right handed Ss, conference presentation, 19450
voluntary positioning movement task, event-related changes of beta EEG rhythm, right handed males, conference presentation, 19504
warm & painful stimuli, event related potentials, 21–28 yr old right handed medical students, 22024

Corticoids [See Corticosteroids]

Corticosteroids [See Also Aldosterone, Corticosterone, Deoxycorticosterone, Hydrocortisone]
aerosol triamcinolone actonide vs beclomethasone dipropionate, vocal functioning, chronic steroid-dependent asthmatics, 3-yr longitudinal study, 28803
bronchodilator drugs with vs without corticosteroids, children under 15 yrs of age with asthma or bronchitis, 2007
corticosteroid-binding globulin, depressed 28–76 yr old patients, 28212
frequency of shock received & availability of behavioral control over stimulus, corticosteroid response, female rats, 27497
housing, stress & plasma corticosteroids & health, adult pigs, animal welfare implications, 5846
hydrocortisone vs desoxycorticosterone, fear reactions & aggressive-defensive behavior, adult male rats, 8988
social isolation for 4 wks vs 50 bites in breeding tank, androgen & cortical levels in blood & tissues, low- vs high-ranking swordtail males, 22077
standard opponent test vs social isolation vs new environment, blood androgen & corticoid levels, high- vs low-ranking swordtail males, 30022
stress, secretion of catecholamines & corticosteroids & ACTH from adrenal medulla & adrenal cortex & anterior pituitary respectively, 8852
synthetic vs ovine corticotropin releasing factor iv, ACTH & adrenal corticosterone & 11-deoxycortisol & cortisol & cortisone & dexamethasone suppression responses, 27–65 yr olds with severe endogenous depression, 17487

Corticosterone
ACTH vs corticosterone vs arginine vasopressin & vasotocin, memory retention, white-Leghorn black-Australorp cockerels, 750
acute & chronic noise, serum pituitary hormones, male rats, 16692
acute immobilization stress, secretion of corticosterone & testosterone, male rats & mice, 652
adrenalectomy & corticosterone replacement, fat source diet selection & weight loss, obese vs lean rats, 30144
adrenalectomy &/vs corticosterone treatment, pain threshold, female rats assessed during pregnancy & 10–14 hrs postpartum, implications for adrenal gland role in opioid analgesia, 27509
age differences & ORG 2766 active analog of ACTH, spatial learning & hippocampal corticosterone receptor system, 6 mo vs 26 mo old male rats, 19721
aldosterone &/vs estradiol & corticosterone, food ingestion & weight gain & growth & fluid retention, adrenalectomized & ovariectomized female rats, 27463
basal vs medial vs cortical nuclei lesions vs global lesions of amygdala, plasma corticosteroid level before vs after dexamethasone, female rats, 676
castration, corticosterone levels, subordinate vs dominant male lizards, 697
chlordiazepoxide, time & dose characteristics of behavioral reactivity & locomotion & corticosterone responses, rats with septal lesions, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 792
chronic footshock stress & hemispherectomy with vs without thalamic lesions, adrenocortical response, pigeons, 19612
clorazepate, plasma corticosterone levels & schedule-controlled behavior, male rats pretreated with benzodiazepine receptor antagonist Ro 15-1788, 30272
defeat by lactating females, plasma prolactin & luteinizing hormone & corticosterone, male mice, 19539
dexamethasone dosage levels & age, suppression of serum corticosterone, male rats, implications for experimental animal model of dexamethasone suppression test, 9000
dexamethasone suppression test, plasma cortisol & corticosterone, depressed patients, 14753
electrolytic vs 6-hydroxydopamine hippocampal lesions vs electrolytic cortical lesions, schedule-induced drinking & plasma corticosterone levels, rats, 8924
exposure to electric shock individually vs in pairs, pituitary adrenal activity & prolactin & catecholamine synthesizing enzymes, male rats, 19611
feeding & stress induced by access vs no access to running wheel, serum levels of testosterone & luteinizing hormone & corticosterone & brain monoamines, male rats, 27469
hypophysectomy vs adrenalectomy vs thyroidectomy vs gonadectomy, feeding induced by paraventricular nucleus administration of norepinephrine, male rats receiving vs not receiving corticosterone, 19590
immobilization stress, plasma corticosterone levels & brain part monoamines & neuroendocrine system, rats, implications for etiology of endogenous depression, 11548
low vs medium vs high discriminability of safe area, passive-avoidance task performance & plasma corticosterone levels, male spontaneously hypertensive vs normotensive rats, 24549
neonatal 6-hydroxydopamine, disruptive effects of dexamethasone vs metyrapone on pituitary-adrenal system & avoidance acquisition, male rats with vs without norepinephrine depletion, 725
postnatal ACTH vs corticosterone, reproductive functioning, mice, 6147
predictability vs nonpredictability of shock in presence vs absence of tone, blood pressure & heart rate & plasma levels of norepinephrine & epinephrine & corticosterone, male rats, 30172
presumptive stress, courtship behavior & plasma corticosterone levels, male rough-skinned newts, 27474
probability of meal provision, plasma corticosterone levels, male rats, 22045
prolonged exposure to nicotine vs footshock stress & exposure to novel stress, pituitary-adrenocortical response, rats, 3415
repeated vs acute desmethylimipramine injections, anorectic & plasma corticosterone responses to acute stress, rats, conference presentation, 30303
restraint stress, total serum immunoreactive neurophysins & corticosterone levels, male rats, 661
social experience, corticosterone response to pup cues, rat mothers & nonlactating adults, 627

stress of running & immobilization & footshock, levels of pituitary cyclic adenosine monophosphate & plasma corticosterone & prolactin & growth hormone, male vs female rats, 618
systemic fenfluramine & parachloroamphetamine & parafluroamphetamine, pituitary-adrenocortical activity, male rats, 8993
uncontrollable & unpredictable shocks, cerebral biogenic amines & serum levels of luteinizing hormone & corticosterone & testosterone, male rats, 21993
ventromedial hypothalamic lesions, plasma corticosterone & insulin levels, female rats food restricted vs fed ad lib, 19635

Corticotropin
ACTH & alpha-melanocyte stimulating hormone, performance on operant task, pigeons with bilateral lesions of hippocampus, 30161
ACTH, amnesia & memory for CRs, 2–6 wk old rats, 3523
ACTH analog ORG 2766, habituation as measured by EEG & auditory EPs & heart rate & blood pressure & behavioral performance during vigilance task, 25–40 yr old males, 22143
ACTH analog vs methylphenidate, attention deficit disorder, 6–12 yr old hyperkinetic males, conference presentation, 31493
ACTH, grooming & rearing & defecation & learning, mice, 3527
ACTH, iv dextroamphetamine self infusion & brain dopamine activity, male rats, 22188
ACTH, recovery of previously extinguished avoidance response, male rats, 30284
ACTH vs corticosterone vs arginine vasopressin & vasotocin, memory retention, white-Leghorn black-Australorp cockerels, 750
ACTH 4-9 derivative, event-related brain potentials & autonomic responses & response latency under distraction conditions, male college students, 6149
beta-endorphin & ACTH plasma levels, 15–61 yr olds with classical vs common migraines vs daily vascular headaches, 31157
brain stem microinjection of N-terminal fragments of ACTH vs ACTH 1–39, dystonia-like postural asymmetry, male rats, implications for role of ACTH mutation in dystonia, 8976
chronic preoptic-anterior hypothalamic injections of beta-endorphin & ACTH, thermoregulation, male rats, 22225
concentrations of CSF corticotropin-releasing factor, 25–70 yr old depressives vs 27–66 yr old schizophrenics vs 73–92 yr olds with senile dementia, 25573
corticotropin releasing factor, open field & grooming behavior & active & passive avoidance behavior, male rats with adrenalectomy & hypophysectomy, 24743
crowding or ACTH treatment during mother's pregnancy, copulatory behavior, adult male offspring mice, 8884
desimipramine vs chlorimipramine vs sulpiride vs diazepam, ACTH secretion, 18–34 yr old males, 24870
dexamethasone suppression test, cortisol & 11-deoxycortisol & adrenocorticotropic hormone concentrations, depressed 19–72 yr olds & normal 20–44 yr olds, 1408
dopamine denervation of frontal cortex vs nucleus accumbens, ACTH-induced grooming behavior, male rats, 19623
exposure to electric shock individually vs in pairs, pituitary adrenal activity & prolactin & catecholamine synthesizing enzymes, male rats, 19611
icv sauvagine vs urotensin I vs corticotropin-releasing factor, response to open field & environmental novelty & release of pituitary ACTH & vasodilitation & food consumption, male rats, 8940
ip vs icv ACTH vs epinephrine vs beta-endorphin, retrieval of inhibitory avoidance task, female rats, 737
iv naloxone after 6.3 mi run, pain sensitivity & mood & plasma endocrine levels, male long-distance runners with mean age of 38.8 yrs, 6020
neonatal 6-hydroxydopamine, disruptive effects of dexamethasone vs metyrapone on pituitary-adrenal system & avoidance acquisition, male rats with vs without norepinephrine depletion, 725
plasma cortisol & ACTH levels following dexamethasone suppression test, psychiatric inpatients, 14631
postnatal ACTH vs corticosterone, reproductive functioning, mice, 6147
prolonged exposure to nicotine vs footshock stress & exposure to novel stress, pituitary-adrenocortical response, rats, 3415
secretion patterns & circadian rhythmicity of beta-endorphin & beta-lipotropin & ACTH & response to insulin stimulation & dexamethasone suppression tests, 23–64 yr olds with chronic hebephrenic or paranoid schizophrenia, 4136
stress, role of vasopressin in ACTH secretion, rats, reply to criticisms of A. J. Baertschi et al, 576
stress, role of vasopressin in secretion of ACTH, rats, criticism of P. Mormede's conclusion, 548
stress, secretion of catecholamines & corticosteroids & ACTH from adrenal medulla & adrenal cortex & anterior pituitary respectively, 8852
synthetic vs ovine corticotropin releasing factor iv, ACTH & adrenal corticosterone & 11-deoxycortisol & cortisol & cortisone & dexamethasone suppression responses, 27–65 yr olds with severe endogenous depression, 17487
unilateral intrahippocampal injections of ACTH & dextro-Ala 2-Met-enkephalinamide, spreading depression & EEG & DC potentials & locomotor activity & grooming, male rats, 16788
vasopressin neuropeptides & ACTH fragments, functional state & capacity of cardiovascular & respiratory systems at rest vs during exercise & memory, human Ss, 6092

Cortisol [See Hydrocortisone]

Cost Effectiveness [See Costs and Cost Analysis]

Costs and Cost Analysis
accountability for 3rd party payment, psychiatric confidentiality, literature review, 31848
advantages & disadvantages of special vs mainstreamed schools, handicapped primary & secondary students, Portugal, 13135
analysis of treatment methods & helping programs, adolescents with behavior problems in school systems, 5420
application of capital budgeting models to selection utility methodology, financial benefits of selection programs, 19121
assessment of cost & benefit effectiveness, vocational rehabilitation programs, 15525
attitudes toward increased local taxes for community mental health services, community residents, 2089
benefit-cost analysis of amniocentesis programs, 28814
block grants, services & staffing & clientele of community mental health centers, 28861
budget & program planning in early childhood special education, 29342
changes in health care financing away from cost reimbursement toward government criteria & market devices, implications for psychologists, 10353
changes in organization of psychiatry & mental hospitals & costs & politics, Netherlands, 23092
characteristics & types of & motivation of countertrade, 13240
child support policies & enforcement, adolescent parents, 11830
concern with profit vs expenses & existence of profit constraints, bargaining in free market context, college students, 26732
contingent reinforcement intervention methods, fiscal responsibility & clinic payment habits, 27–36 yr old methadone maintenance patients, 18395
contribution to corporate profit through cost containment & sales, management personnel, 21581
cost & lack of medical insurance & lack of childcare & difficulties in speaking English, use of health services, Hispanics, US, 7552
cost analysis of inpatient & outpatient treatment, alcoholics vs other mental health patients, 2-yr followup, 29000
cost-benefit analysis, family guidance work, child guidance centers, Finland, 12566
cost-benefit evaluations of potential interventions, reduction of iron-deficiency anemia, developing countries, 26246
cost containment & quality of substance abuse treatment programs, 5031
cost effectiveness & cost benefits, psychology practice, Norway, 18400
cost effectiveness analysis, choice of tests for identification of learning disabled students, 6–11 yr olds, 2601
cost-effectiveness analysis of religion vs health vs social studies curricula in educational drug abuse prevention program, 9th graders in parochial school, 5- & 9-mo followup, 21318
cost-effectiveness analysis structure & cost elements list, evaluation of US Department of Defense training courses & devices & programs, 29507

cost effectiveness at home- vs hospital-based treatment, psychiatric patients, 2-yr longitudinal study, 17844
cost-effectiveness evaluation of Channel One as alternative approach to drug abuse prevention, youths, 20682
cost effectiveness in computer applications in personnel administration, 18811
cost efficiency of psychology internship programs, mental health center, 18487
cost sharing & use of ambulatory mental health services, families of nonelderly noninstitutionalized civilian population, implications for health insurance, 28870
cost sharing & use of ambulatory mental health services, implications for health insurance, reply to comments by R. P. Ellis & T. G. McGuire, 28871
cost sharing & use of ambulatory mental health services, implications for health insurance, comments on article by W. G. Manning, 28860
costs & benefits of cognitive retraining programs, aged, 12847
costs & benefits, shift scheduling of work, industrial & developing societies, 10995
costs & feasibility of using trained volunteers, community vs hospital speech therapy program, 51–82 yr old dysphasia patients, 18174
court award of reimbursement for damages & attorney's fees & cost of private school placement, parents of handicapped child, case law, 14318
decline in funding from public & private sector, teaching, research, psychiatrists, 12906
definition & description of cost-effective & cost-benefit analysis & criticism of literature relevant to consultation-liaison psychiatry, 15081
development of extension urban health center for cost efficiency & use of auxiliary nurses, self-rated improvement & adjustment, patients, Colombia, 26269
direct & indirect costs associated with schizophrenia vs myocardial infarction, Australia, 30898
economic & clinical outcomes of treatment by nurse therapist vs general practitioner, neurotic patients, 23262
economic & demographic & structural & psychological factors, energy efficiency improvements & conservation, residential customers, 16122
economic & social factors, consumption of distilled spirits among political jurisdictions, 6608
economic & technological barriers to medical & psychiatric care, conference presentation, 23083
economic constraints & quality assurance, mental health services, 10376
economic marketing study, health care services supply & demand, rural community, 7570
efficacy issues & cost effectiveness & other data on early intervention, handicapped preschool children, literature review, 21403
establishment of multifacility patient registry system, documentation of problems associated with substance abuse, adult inpatients, implications for program evaluation & funding, 18379
evolution of federal support for academic research, US, 18910
expense of bell & pad training program, enuresis, comments on article by S. Sacks & G. DeLeon, 10214
extra costs of daily living, mentally handicapped adults & children, 9828
financial impact of pregnancy program on university hospital, teenage mothers, 28914
geographic patterns of funding for community mental health centers, 28879
implementation of low cost school improvement strategies, 26499
incentives for containment of health care costs, 15365
integration of cost awareness & professional ethics in medical school curriculum, 31866
introduction & retraction of substantial price reduction for artificial brands, penetration & repeat buying, households, longitudinal study, 18898
mental health treatment, subsequent cost of medical utilization, meta-analysis of cost-offset studies & analysis of health insurance claims files, 4861
method of estimation of costs of mandatory private health insurance coverage of outpatient mental health care, 31624
methods of estimation of dollar value of performance, US Army tank commanders, 21574
model involving financial & friends/family & living/environment & new job environment costs, affective responses to plant closing, displaced workers, implications for intervention, 21611
money paid for marriage licenses, funding for community based family violence prevention programs, 18227
multicriterion approach for evaluation of large-scale supervisory training program of major oil company & cost effectiveness, US, 23989
narrative hospital tour &/vs puppet modeling &/vs coping skills procedures, cost-effective presurgical preparation, 2.5–9.8 yr olds hospitalized for less than 24 hrs, 15499
need for stable relationship in government-university relationship in academic research, 18909
per-service vs per-case payment methods, length of hospital stay, patients with mental disorders, 31727
perceived economic & psychological costs & restrictions of having children, high school students, Australia vs Papua New Guinea, 3757
policies & procedures of Grants Committee for Behavioral Sciences of Canadian Medical Research Council, review & adjudication of applications by psychologists, Canada, 7796
policies & procedures of Psychology Grant Selection Committee of Natural Sciences & Engineering Research Council, Canada, 7802
policies & procedures of Social Sciences & Humanities Research Council, adjudication of applications from psychologists for research grants, Canada, 7760
politely stated message with appeal to internal/rule-governed control vs demanding & promising aversive consequence anti-theft message, theft of newspapers from racks, 12586
prediction & estimation of enrollment redistribution effects of closure of higher institutions, high school students, administrative cost implications, 2325
predictive factors, costs in behaviorally oriented residential treatment, emotionally disturbed children, 31719
procompetition & market-based solutions, costs of mental health & psychiatric services, 10414
professional vs self help behavioral weight control program at worksite, weight loss & attendance & cost effectiveness, 22–65 yr old workers, 21622

coping with stress during crisis of martial law imposition, citizens, Poland, 14234
crisis period in training programs due to separation individuation issues, psychotherapy trainees, 26446
crisis theory, suffering & death, 12099
crisis virilis in 6th decade of life, aging men, 16888
criteria for differentiation of crises, nurses, 12702
description of midlife crisis & depression, G. Rossini, 22678
film industry & cinema, expression of social crises, application of D. W. Winnicott's theories of transitional objects, 13978
PM leadership conditions, escape behavior in simulated panic situation, college students, 14496
preparedness & reactions to warnings & knowledge of crisis relocation for nuclear attacks, adult citizens, US, 26837
prevalence of psychiatric emergencies, Japan, conference presentation, 18242
psychoanalytic viewpoint, mobilization of artistic creativity of J. Conrad by midlife crisis, 6220
psychological crises of aging, older males, 3750
role in employee's midlife crisis, companies, 16099
school crises as symptom of deeper problems, adolescent female students, implications for counseling, 10891
sense-making crisis in political revolution, leaders, 20044
sociocultural & psychological & psychiatric aspects of migration & acculturation, 19960
stress factors leading to crises in correctional situations, implications for crisis intervention, 10499
stressful life events as precipitating factors, psychiatric crisis, implications for treatment, conference presentation, 17537
transference & countertransference factors, patient in therapy with psychotherapist undergoing life-threatening crisis, 26049

Crisis (Reactions to) [See Stress Reactions]

Crisis Intervention [See Also Suicide Prevention]
attitudes toward & diagnostic evaluation of suicide attempters, emergency room physicians, 26449
circumstances & procedures & responsibility in team crisis intervention, 10394
classroom & practical training in crisis intervention techniques, professionals in mental health & medicine & law enforcement & education & counseling & business & clergy, 10548
complaints at initial interview, type of therapeutic strategy, therapists in psychiatric setting, 28549
concept of crisis & crisis intervention, nursing, 12690
counseling problems & issues & techniques, school class that witnessed murders of 6 classmates, 31655
countertransference issues in crisis intervention, rape & sexual assault victims, 12743
crisis intervention & management techniques in rural areas, Alaska, 10384
crisis intervention & prevention of suicide, 4899
crisis intervention, acceptance of death of classmate, elementary school students, 15905
crisis intervention as mechanism for supervision, clinical social work interns, 31851
crisis intervention counseling, short vs long term change in anxiety & anger & self perceptions & depression, 18–60 yr old hospitalized patients, 12-mo followup, 15516
crisis intervention, family relations, prisoners & their children, 10528
crisis intervention, police officer, 26275
crisis intervention, reliving of incest situation 24 yrs after incident, female, 10393
crisis intervention training, community psychologists, 12919

definition & diagnosis & treatment of unusual states of consciousness as spiritual emergency, 32 yr old male, 28621
development of psychiatric emergency & crisis services, West Germany, 18220
development of training laboratory for dealing with crisis situations, police personnel, 13282
drop-in crisis intervention support group, cancer patients & their families, implications for clinical social work in hospital oncology units, 28910
drug abuse & depression & suicide as factors in DADS syndrome among 15–24 yr olds, crisis strategies & training methods for crisis intervention workers, 26271
drug therapy, acute psychotic symptomatology, patients in psychiatric emergency service, 31622
emergency mental health quiz, education of hospital & police & ambulance personnel & general public on problems of mental illness & procedures for treatment, crisis team members, 10633
emergency treatment & drug therapy, affective & acute psychosis & schizophrenia, 10247
facts & misconceptions about rape & characteristics & motives of rapists & intervention strategies for victims, 12760
family therapy, family crisis intervention, implications for social services management, 1912
home visits, crisis situation, male 27 yr old undergoing psychotic crisis, 10421
hypnotherapeutic crisis intervention, patients with multiple personality, 12676
interviewing model for crisis intervention with college students, counselors, 21469
large vs 1-person office, safety procedures in crisis intervention, 10381
making referrals in crisis intervention, probation officers, 10498
model of program to deal with crises & emergencies, college students, 29460
neuroleptic therapy, psychiatric emergency patients, 1975
nursing intervention, crisis of mate loss, aged, 12726
Peacemaking strategy, reduction of violence in classrooms, teachers, 10698
physical aggression control techniques, prevention of physical attack from client, crisis intervention personnel, 10399
policlinical crisis therapy, suicide attempts, Austria, 18216
regional mental health center & concept of crisis & compulsory hospitalization, Italy, 31617
relaxation response, successful coping behavior, implications for crisis intervention, 10411
school crises as symptom of deeper problems, adolescent female students, implications for counseling, 10891
single-consultation assessment clinic, treatment outcomes & liaison between mental health services, 16–72 yr olds, 26268
style of helping behavior in crisis intervention, psychotherapists vs untrained vs experienced crisis interveners, 23454
theory & practice of crisis intervention, psychiatric disorders, literature review, 2088
therapeutic intervention, sexually abused children, 2078
videotape presentation with guided participation vs other training methods, development of positive attitudes toward crisis intervention, community college students in paraprofessional education program, 12927
work related stressors & means of coping, crisis intervention workers & their spouses, 26461

Crisis Intervention Services [See Also Hot Line Services]
assessment & treatment & crisis intervention strategies, disaster victims, 28597
community intervention via mental health education & crisis intervention strategies, prevention & education on sexual assault & rape, 4905
crisis intervention, homosexual males with acquired immune deficiency, 7601
description of 24-hr family-oriented psychiatric crisis service, 2106
efficacy of crisis intervention center, parents at risk for child abuse & neglect, 31639
factors in decision to return to batterer vs live apart, 20–49 yr old females leaving battered women's shelter, 20397
incidence of psychiatric emergencies & need for psychiatric aid, Spain, 18210
nature of psychiatry emergencies, college students, 7605

Criterion Referenced Tests
appropriate vs inappropriate uses of norm-referenced tests of reading comprehension, 5412
criterion-referenced grading models, Germany, 8116
criterion-referenced interpretation of norm-referenced examination grades, 2575
criterion-referenced testing & learning theory, 21471
development of criterion-referenced test of basic writing skills, 7th & 9th & 12th graders, 13212
mathematical model for optimal use of criterion referenced tests, retention in educational setting, 23922
norm- vs criterion-referenced test, assessment of receptive language skills, 3–5.5 yr olds with Down's syndrome or cerebral palsy or delayed development, 28378
norm vs criterion-referenced test scores, interpretation of test scores to clients, counselors, 21050
subjective vs objective tests, evaluation of medical ethics content knowledge, medical students, 7795

Critical Flicker Fusion Threshold
CFF threshold & double flash discrimination in upper vs lower & nasal vs temporal perifoveal retinal locations, 19–32 yr olds, 29873
fluorescent tube lighting, flicker response in retina & lateral geniculate nucleus, cats, 24642
foveal vs peripheral visual field presentation, thresholds for onset asynchrony between vertical line stimuli & flicker, male 23–24 yr olds, 11290
low luminance levels, light & flicker detection & visual adaptation, 24 & 33 yr old males, 11304
luminance of blue vs green vs yellow vs red vs white colors, CFF, 27 & 37 yr olds, 24380
luminance with natural vs linearly polarized light & different retinal location, CFF, trained Os, 19185
lysine-vasopressin, cortical arousal & mnesic function, males with mean age of 64.3 yrs, 6144
perception of flashing lights, animals vs humans, 3043
spatial &/vs temporal frequency parameters at threshold vs subthreshold stimulation levels, role of sustained vs transient mechanisms in pattern vs flicker perception, human Ss, 5741
stimulus intensity, visual persistence in temporal integration of different light patterns in successive flashes, comment on V. DiLollo & C. M. Bourassa's study, 29870
temporal modulation sensitivities of red- & green- sensitive cone systems, protanopic vs deuteranopic vs normal 20–36 yr olds, 29853
visual field & stimulus size & retinal illuminance, monocular CFF, 25–38 yr olds, 29869
visual flicker sensitivity, 18–40 yr olds with red-green color blindness or Vitamin A deficiency or other pathologies, conference presentation, 25877
visual sensitivity to flickering sinusoidal grating, multiple sclerosis patients with normal visual acuity, 9899
White vs monochromatic background surround, flicker fusion spectral thresholds, humans, implications for cone-cone interaction & independence of achromatic & chromatic channels, 16413

Critical Scores [See Cutting Scores]

Criticism
concept of distance in formal & psychological & institutional models of criticism, 13955
perception of parental criticism of criticizable behaviors & self image, high school students, 25194
self esteem & vulnerability to criticism & tendency to fantasize, private self consciousness & social anxiety, 12–19 yr olds, 27840
training program, dealing wth ridicule & derogation & harassment, children with leukemia, 12395

Criticism (Professional) [See Professional Criticism]

Crocodilians
displacement from home range & vegetation density, navigational & homing ability, 10–32 mo old alligators, 6055

Cross Cultural Differences
ability to construct 3-dimensional models from diagrams, 6 vs 8 vs 10 vs 12 yr olds, England vs Nigeria, 22347
aboriginal double-headed images in religious art of northern Eurasia & New World, cross-cultural analysis of religions in prehistory, critical comments & author's reply, 11894

acculturation & health & illness beliefs, Mexican vs Mexican-American vs Anglo-American females, 30582
active vs passive therapist role in psychotherapy, 20–35 yr old students & staff members referred to university counseling center, Nigeria, implications for Western-trained therapists treating African patients, 28665
address usage in dyadic relationships, native Greek vs Chinese vs 15–76 yr old Korean speakers from Korea vs Canada, test of R. Brown's invariant norms of address theory, 19746
age & sex & cross cultural differences, self concept & self esteem & attitudes toward bodily physical attractiveness & effectiveness, 7th graders through college students, Japan vs US, 6379
age & sex & cultural background, problem disclosure, 12–16 yr olds, England & Ireland, 25222
age at family formation, family size, US vs India, 17189
alcohol drinking habits & beliefs, high school students, Australia vs New Guinea vs US, 27888
analysis of behavior types, 3 mo olds & their mothers, Japan vs US, 30390
analysis of dream content & establishment of dream norms, college students, India vs US, 24523
analysis of value orientation assessment tool, Annang, Nigeria, 17132
annotated materials for adding international dimension to undergraduate courses in developmental & social psychology, bibliography, 21341
anthropological & cultural contexts of family life, family therapy, criticism of book edited by M. McGoldrick et al, 23217
anthropological & cultural contexts of family life, family therapy, response to criticism by T. Maranhao, 23220
anthropology of death, literature review, 11896
assessment issues, culturally diverse exceptional children, literature review, 13204
assessment of parent-child interactions in American vs Japanese families, US vs Japanese psychiatrists & medical students, 2310
attitudes toward & evaluation of social interaction at work, male workers, US vs England vs Ghana, 29539
attitudes toward aging & needs of elderly, college students in Taiwan vs students of Chinese descent living in US, 3784
attitudes toward breast feeding, 14–18 yr old female high school students, United States vs Israel, 27869
attitudes toward mental illness, Mexican Americans vs Whites aged 18–34 vs over 35 yrs, 1449
attitudes toward self vs foreigners, college students, Colombia vs Venezuela, 1973 vs 1980, 30606
attitudes toward stuttering & stutterers, speech language clinicians, US vs UK, 18425
attributions & achievement motivation & locus of control & relation to self esteem, implications for economic & social underdevelopment, 17130
beliefs & attitudes toward children & childrearing, 16–46 yr old primiparous vs multiparous pregnant females, Costa Rica vs West Germany, 17177
beliefs in extraordinary phenomena, college students, Canada vs Singapore, 2747
calligraphy style, ratings of Japanese pictograph characters for category representativeness, college students, US vs Japan, 24465
care & education of children from birth to 10 yrs of age, US vs Italy, 3768
childrearing attitudes & expectations, native vs guestworker parents of kindergartners & 1st graders, West Germany, 30647
child's gender vs birth order vs ethnic background, expectation of developmental timetables, Australian vs Lebanese mothers, Australia, replication of study by R. O. Hess et al, 16869
claim of L. Kohlberg of cross cultural university of moral development, literature review, 1969–84, 19924
cognitive ability & achievement in reading & mathematics, 1st & 5th graders, US vs Japan vs Taiwan, 26580
comparison of mean scores from Extraversion & Neuroticism & Psychoticism & Social Desirability subscales of Eysenck Personality Questionnaire individually & conjointly, male & female Ss from 25 countries, 28060
competitive behavior, female vs male 1st–3rd graders, US vs Mexico, 6231
conception of culture for cross cultural psychology, 17147
conceptualization of intelligence from social attribution viewpoint, implications for comparative cultural context, 28121
construct validity of J. L. Holland's Self-Directed Search Inventory, assessment of perceived vocational interests, male college applicants & students, Israel vs US, 24281
contrast of behavior in 2-person power game, college students, India vs Canada, 6625
cooperative tendencies, rate of advancement, middle managers from different national groups, 23985
correlation of affective & cognitive & moral school motivation & approaches to studying & attainment, male vs female 13–17 yr olds, Great Britain vs Hungary, 32053
cradling & transport of infants, Black vs Coloured vs Indian mothers & their 1–52 wk olds, South Africa, 1088
cross cultural art therapy, 17868
cross cultural differences & sociocultural & ethnic factors, belief in external control & associated distress & depression & anxiety, adults, Mexico vs US, 6456
cross cultural differences & work-family linkages & sex roles, occupational guidance, 21563
cross cultural differences, adult competency standards governing child socialization, 6506
cross cultural differences, determination & categorization & psychodiagnosis of mental disorder, mental health professionals from 10 countries, 9615
cross cultural differences in bereavement, 22436
cross cultural differences in conformity, literature review, 12060
cross cultural differences in language acquisition & processing of simple sentences & lexical structure, children, literature review, 6300
cross cultural differences in parent-child interactional styles & cognitive capacities, individual differences in language acquisition, children, implications for language-delayed children, 926
cross cultural differences in special education, children of foreign guest workers, Switzerland, 15872
cross cultural differences, incidence & symptoms of postpartum depression, 17–41 yr old mothers, Japan vs Scotland, 14710
cross cultural differences, time spent shopping vs viewing scenery vs taking photographs, Japanese vs French vs European tourists at Grand Canyon National Park, 6451
cross cultural difficulties in consensus of diagnosis & classification in psychiatry, third world countries, 20211
cross cultural educational ministries, Pueblo Indian & Spanish American & Anglo families, 6453
cross cultural factors, supervision in psychotherapy training, 5123
cross cultural perspectives of slavery within society & status, females, 22423
cross cultural (psychology) knowledge through cross-indigenous methods & perspective, 17133
cross cultural psychotherapy, immigrant clients from rural areas of Morocco & Turkey, Netherlands, 4609
cross cultural research, influences of culture on aging, 3600
cross cultural training, empathic responses & attending behavior & anxiety during interviews with culturally dissimilar Black clients, 23–44 yr old White graduate trainees in counseling, 7764
cross cultural training, health care delivery & health care utilization by minorities, mental health professionals, 26425
cross cultural validation of Visual Aesthetic Sensitivity Test, 9–40 yr olds, Singapore vs England, 24222
cross cultural validity of Developmental Test of Visual—Motor Integration, mildly retarded 13–15 yr olds, Japan, 218
cross cultural validity of structured interview & Attributed Power Index, measurement of supervisory characteristics, Black vs White managers, South Africa, 16365
cross-national differences, effect of industrialization & educational enrollment & social democracy & income inequality, social mobility, males, 1026
cross validation of acculturation scale, Mexican Americans, 8421
cultural & socio-political influences, counseling & career guidance, Jewish vs Arab students, Israel, 18749
cultural awareness & self awareness training, counselors, New Zealand, 15609
cultural collectivism & Ss' input, reward allocation with in- vs out-group members, college students, US vs Hong Kong, 12005

cultural differences & sex & age, scores on Templer/McMordie Death Anxiety Scale, elderly vs 9th–12th graders vs 30–45 yr old males vs college students, US vs Australia vs India vs Canada, 4064
cultural differences between social environments in countries of origin, school & societal adjustment, Soviet vs American & Canadian 8th graders, Israel, 27853
cultural differences in verbal interaction, implications for teachers of English as 2nd language, 5222
cultural differences, sexual & nonsexual interactions, males & females, 30720
cultural-ecological model of childrearing practices & development of competency, 27948
cultural factors in adjustment to rehabilitation counseling programs, Mexican American clients, 28954
cultural influences, perception of & confidence in maternal role, pregnant 20–30 yr old females, Japan vs US, 22489
cultural shaping of oral discourse, American Indian & other minority children in classroom, 5291
culture & sex & home environment, perceptions of architectural building styles, adults, West Germany vs South Africa, 18890
culture & technology, cross cultural counseling, 23475
culture, alcohol ingestion patterns & drinking approaches & psychological & social damage & somatic disturbances, 18–65 yr old alcoholics, West Germany vs Spain vs Ecuador, 31032
culture, degree & direction & magnitude of sex difference in psychological differentiation, Jewish 10 yr olds differing in fidelity to cultural patterns of Eastern-European Jews, 30585
culture, stressful life events, Japan vs Korea vs Indonesia vs Thailand vs Shanghai vs China, 27920
culture, utilization & acceptance of psychiatric services, mentally ill 18–60 yr old Persian vs Ashkenazi vs Moroccan Jews, Israel, 23116
demographic characteristics & consequences of long life span, Japan vs West Germany, colloquium, 17139
demographic characteristics & diagnoses & referral patterns, 11–59 yr old psychiatric patients, Micronesia, 22636
demographic characteristics & personality & attitudes, 20–72 yr old female entrepreneurs, US vs Puerto Rico, 18776
development & structuralization & functioning of self, India vs Japan vs US, implications for psychoanalysis, 30536
development of health & psychiatric services, Iran vs China, 1792
development of logical thinking & verbal ability to justify transitive inferences, middle- vs lower-class children, Brazil vs England, 948
development of stereotype measure using bipolar adjectives, English vs West Indian vs Pakistani vs Indian 14 yr old secondary school students, 21775
dialectic tension of works of art as both pansocial & socially relative, cross cultural perspectives on art in education, 7901
dimensions of extraversion & agreeableness & conscientiousness & emotional stability, behavior intentions, male college students, Hong Kong vs Australia, 19953
divergent thinking, 9–17 yr olds, Hong Kong vs US, 3642
early cross-gender behavior & familial factors, heterosexual vs homosexual males, US vs Guatemala vs Brazil vs Philippines, 25379
early mother-child interaction, cognitive development, 11 & 12 yr olds, Japan vs US, followup study, 25106
Eastern vs Western objectives for achieving well-being, implications for role of university, 3780
Eastern vs Western philosophies & lifestyles & values & impact on psychotherapy, 7279
eating attitudes & disorders, 14–27 yr old females, Great Britain vs West Germany vs Canada, 23038
eclecticism & Western models, counseling in universities, Asia, 10907
economic factors & family values, child abuse & neglect, Hispanic families, US, implications for intervention, conference presentation, 9800
education of culturally & ethnically different children, elementary teachers, 5172
educational diagnosis & approach to education, students with special needs, US vs USSR, 7853
encouragement of new types of cross cultural comparative research, conference presentation, 29678
epidemiology & cross cultural & family studies of panic & anxiety disorders, conference presentation, 20342
ethnic origin of S & victim & power to retaliate, administration of electric shocks to Western vs Middle Eastern Jewish vs Arab-Israeli victim, Middle-Eastern vs Western male 11th graders, Israel, 3684
ethnopsychiatric approach to reporting forensic psychiatry evidence, 27967
etiological correlations & symptoms, children with Gilles de la Tourette's syndrome, France vs US vs Malaysia vs Siberia, conference presentation, 4408
evaluation of M. Mead's vs N. Chodorow's explanations of female personality traits, Iatmul vs Tchambuli cultures, New Guinea, 20050
existential philosophy, cross cultural counseling & psychotherapy, 23167
expectations of vocational & personal/social & family counseling, adolescent vs adult Anglo-European vs East Indian residents, Canada, 18280
experience of success vs failure, moods & affects, Chinese vs American graduate students, US, 19974
experiences during & attitudes about postpartum period, American-born vs Soviet immigrant females, US, 3827
experiential group process, development of sensitivity to cultural identity & dynamics of power that affect treatment, clinicians, 23666
Eysenck Personality Questionnaire, assessment of cross cultural differences in personality, males vs females, Puerto Rico vs Great Britain, 29723
factor analysis & cross cultural differences, symptomatology, depressed 21–65 yr old outpatients, Turkey, 9616
factor analysis of empathy scale formulated by A. Meherebian & N. Epstein, Mexico, 16288
factor comparisons of Junior Eysenck Personality Inventory, males vs females, Greece vs Great Britain, 25188
factor congruency analysis, cross cultural marketing research, US vs Canada vs Norway, 24317
factors affecting psychology in countries other than US, 21215
family attitudes, Japanese American vs White families with unmarried 13–20 yr old children, implications for family assessment & therapy, 30635
family therapy, identity & marital problems, 31–50 yr old cross cultural couples, 1892
family vs peer content, performance on distributive justice scale, 5–11 yr olds, US vs Sweden, 1-yr longitudinal study, 9277
female sex role attitudes, Japan vs West Germany vs US, 9473
first-rank symptoms, diagnosis of schizophrenia, Nigeria vs Saudi Arabia vs Europe, 1450
folk biological taxonomies & nomenclature, hunter-gatherers & small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22450
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22441
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22442
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22444
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22438
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22433
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, criticism of C. H. Brown's cross cultural study, 22435
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, criticism of C. H. Brown's cross cultural study, 22443
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22449

folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22445
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, reply to criticisms of C. H. Brown's cross cultural study, 22431
folk biological taxonomy & nomenclature, hunter-gatherers vs small-scale agriculturalists, criticism of C. H. Brown's cross cultural study, 22425
folk biological taxonomy & nomenclature, hunter-gatherers vs small-scale agriculturalists, 22432
frequencies of auditory & visual & olfactory hallucinations, English vs African vs Asian vs Caribbean vs Indian schizophrenic patients, England, 28237
frequency of anxiety, hospitalized patients of various cultural backgrounds, England, 17530
funding & organization of psychiatric services, mentally ill aged, Canada vs US, 4890
garbage analysis, assessment of food utilization, low- vs middle- vs upper income families, Mexico, comparison with US data, 11898
geriatric depression, Peoples Republic of China vs Western societies, conference presentation, 20274
gynemimesis, 16 yr old male, 10-yr followup, implications for cross cultural manifestations, 4330
hand difference in face touching, college students, Japan vs Great Britain, 16631

patterns of recreation, Mexican-Americans vs Americans, comment on study by J. B. McMillen, 27917
patterns of resting, EEG asymmetry, bilingual Japanese vs Western females, 30087
perceived economic & psychological costs & restrictions of having children, high school students, Australia vs Papua New Guinea, 3757
perceived vs actual parent-child agreement, 12–14 yr olds & their Anglo- vs Italian-Australian parents, Australia, 22461
perception & description of & response to painful experiences, 9–12 yr old Arab- vs Asian- vs Latin Americans, implications for assessment of children's pain coping strategies, 13981
perception of desert urban residential quality, male Saudi Arabian vs US students & city residents, US vs Saudi Arabia, 26840
perception of nature of supportive & controlling behavior of parents, 15–19 yr old Catholic high school students, US vs Brazil, 22275
perception of parents' childrearing behaviors, Anglo vs Navajo 5–8th graders, 30614
perceptions of & reactions to rehabilitation & patient behaviors, female physiotherapists & occupational therapists & nurses, Australia vs Sweden, 29090
perceptions of intercultural effectiveness, Americans vs Japanese, reply to comments by W. B. Gudykunst & M. R. Hammer, 3806
perceptions regarding future socioeconomic development, young adults, Asian-Pacific nations, 1970 vs 1983, paper presented at Third Asian Regional Conference of International Association for Cross Cultural Psychology, 1028
person perception in cross cultural settings, literature review, 3795
person similarity, perceptions of affective states, 4–6 vs 10–12 vs 14–16 vs 18–20 vs 30–35 vs 45–55 yr olds vs aged, US vs India, 17032

personal & educational & professional characteristics, physiotherapy educators, Great Britain vs Nigeria vs US, 31912
personality & interpersonal predictors of loneliness, college students, US vs Puerto Rico, 28086
personality characteristics, college students, Canada vs US vs Great Britain, 1310
personality traits, 9–15 yr olds, England vs US, 9295
perspectives on use of psychotropic medication, hyperkinesis, children, North America vs Asia vs Europe, literature review, 15320
physical & vocational & emotional & marital & economic & legal characteristics, national differences in response to injury & pain, chronic low back pain patients, US vs New Zealand, 31136
positive aspects & limitations of cross-cultural counseling, 12789
powerlessness, socially desirable responses & agreement with statements regardless of content, Anglo vs Mexican American vs Mexican 18–65 yr olds, mental health implications, 14581
preference for sons vs daughters & their distribution, spouses, Asia vs US, 17160
preliminary model for cross-cultural analysis of altered states of consciousness, 29973
prevalence & sources & consequences of stress, elementary & junior high school teachers, Canada vs Sweden, 26478
primary vs secondary feeling of control, Japan vs US, 19980
primary vs secondary forms of control, US vs Japan, comments on article by J. R. Weisz, 19964
primary vs secondary forms of control, US vs Japan, comments on article by J. R. Weisz, 19950
primary vs secondary forms of control, US vs Japan, reply to comments by H. Kojima & H. Azuma, 19979
problems & tactics in cross cultural measurement of mental retardation & treatment possibilities & etiology & restrictions, 27033
problems in & recommendations for cross cultural counseling, Canada, 12797
problems in cross cultural counseling, college students, Philippines, 26308
Protestant work ethic beliefs, 29–30 yr olds, Malaysia vs Britain, 8167
psi phenomenon in daily experience of primitive cultures, 8
psychiatric hospital admission & cross cultural comparison, 16–58 yr old Asians vs indigenous patients, England, 23530
psychic healing, USSR vs Eastern vs Western Europe vs North America vs Asia vs Brazil, 5524
psychodynamics, Lowenfeld Mosaic Test, Navaho vs Hispanic vs Japanese vs Jewish-Iranian vs Iranian 18–41 yr olds, conference presentation, 119
quality circles, increasing productivity, employees, US vs Japan, 26778
racial & ethnic differences & sociocultural factors, psychological distress, 21–60 yr olds, Mexico vs US, 6437
racial distribution & sexual history & family background, male-to-female preoperative transsexual prostitutes aged 15–35 yrs & older, New Zealand vs Australia, 17265
rating of posture expressions on semantic differential scale, college students & workers, Japan vs US, 28045
ratings of sex role stereotypes, male vs female college students, India vs US, 17274
reanalysis of culture dimensions in studies by S. H. Ng & G. Hofstede, college students & corporate employees, Asian & Pacific countries, 27916
relations between perpetrators & victims of homicide, East Germany, 4351
reliability & validity of questionnaire formats, assessment of image of US vs UK vs Japan vs West Germany vs Israel, managers, Israel, 11154
reliability of G. C. Elliott's pacifism scales, Afrikan vs Indian college students, South Africa, 16325
reliability of translated Self-Esteem Inventory, Puerto Rican Spanish speaking 15–18 yr olds, mainland US vs Puerto Rico, 2940
religiousness & cultural complexity & childrearing practices, cross cultural study of 109 societies, 14284
requirements of love & friendship, male vs female college students, Australia vs Brazil, 9556
response patterns & rates, mail surveys, Netherlands vs US, 18899
response sets in study of stereotyping, male expatriate vs local managers in American vs British vs Japanese firms, Singapore vs Britain vs Hong Kong vs Indonesia vs Malaysia vs Philippines vs Thailand, 8209
restrictive vs permissive environment, thoughts & attitudes, preschoolers & 6–7 & 9–14 yr olds, China vs Sweden, 27839
role functions & interpersonal perceptions involving potential conflict between mother & teacher about mother's child, mothers of preschoolers & preschool teachers, Japan vs US, 21249
satisfaction with choice of leisure activities, 15–17 yr old Jews vs Arabs, Israel, 27843
scores on Test of Scholastic Abilities vs Progressive Achievement Tests, ability group placement, Maori vs European students, New Zealand, 29461
self concept & perception of physical & social & cultural aspects of new vs old environment, 14–18 yr old migrants returned from US, Puerto Rico, 19913
self report of adjustment problems & academic performance, native vs Malaysian university students, New Zealand, 29310
sentence completion method in cross cultural group counseling, group discussion & interaction, 18012
sentence variation task, development of concept of truth-functional negation, English-speaking 3–6 yr olds vs Korean-speaking 4–5 yr olds, 25108
SES, morbidity, 22–80 yr olds, Belize vs Kenya vs Nepal vs American Samoa, 25275
sex & age & cultural differences, individualism, Anglo American vs Mexican American 1st–5th graders, 9289
sex & age & religion & SES & political preference & perception of nations, college students, Australia vs New Guinea, test of H. Tajfel's functional perception hypothesis, 17136
sex & age differences, sensation seeking, 17–60 yr olds, Australia vs Canada vs United States vs England, 9529
sex & cultural differences, sex-typing, Fijian vs Indo-Fijian vs part-European vs Chinese secondary school vs university students, Fiji, comparison with US study by J. T. Spence & R. L. Helmreich, 9455
sex & culture & location, seating arrangement preferences, college students & teachers, US vs Taiwan, 11879
simultaneous vs successive information integration & performance on Piagetian tasks, male & female 4.9–9.1 yr olds vs male preschoolers vs 2nd vs 5th graders, Canada vs India, 30459
social & cultural dimensions of human brain function, implications for neuropsychological research, 13806
social & environmental deprivation, growth & development deficits, 3–6 yr olds, US vs Guatemala, 25146
socio-emotional development, infants, US vs Japan, 1000
sociocultural differences, transference & countertransference, Swedish analyst & Black African analysand, 7204
sociocultural factors, health care utilization & health locus of control beliefs, US vs other Western Countries, 3771
sociocultural processes, external vs internal organizational control, 16094
sociocultural success, reproductive success, socially stratified vs unstratified human societies of varying levels of wealth, 11846
stages of moral development proposed by L. Kohlberg, 14–15 yr olds from Algeria vs UK, 11787
standards of aggressive motivation, Finnish vs Polish adults, 6626
status levels & inconsistencies between status levels, job satisfaction, Mexican-American head-of-household vs general-population males, 13320
stereotyped alcohol drinking attitudes, 15.7–16.7 yr olds, Papua New Guinea vs Australia vs US, 14215
strategies for providing for special education needs, school psychologists & educators & parents, US vs Denmark, 32154
structural relationships & degree of meaningfulness in word associations, concept of death, college students, Puerto Rico vs US, 17393
subcultural differences, alcohol use, 16–22 yr old White vs Black vs Hispanic vs Indochinese Job Corps members, 11825
symptom formation & evolution of cultures & disease patterns, literature review, conference presentation, 28139
teaching task & cultural differences, interactional behaviors, American vs African mothers with their children aged 6–8 & 12–14 & 19–25 mo, 9397

test of C. Spearman's hypothesis regarding ethnic test performance correlations with factor loadings, Americans of Japanese vs Chinese vs European ancestry, Hawaii, 28100
theories & practical applications for culturally pluralistic classrooms, 15787
theories of cultural differences, cultural assimilation, 25279
theory of distribution of alcohol consumption & cultural differences, 30756
theory of J. Piaget, cross cultural study of intelligence, children, Africa, 27767
theory of moral development reflecting Oriental vs Western cultural values, 6232
tradition & cultural patterns & drug availability, prediction of drug usage, 11–18 yr olds, Malaysia vs Iran, 30542
transcultural interface between therapist & ethnic family, 1907
translated versions of Eysenck Personality Questionnaire, cross cultural comparison of personality factors, 16–70 yr olds, 26 countries, 9538
translation of Eysenck Personality Questionnaire into Sinhala language & examination of factors of psychoticism & extraversion & neuroticism & social desirability, adults, Sri Lanka vs England, 19094
trends in research on marital separation & divorce, US vs Canada, 3809
TV viewing, diversity of activities, Navajo vs Mexican American vs Euro-American families, 22237
TV violence viewing & identification with aggressive characters, aggression, 1st–5th graders, Finland vs US, 3-yr longitudinal study, 984
understanding myths & superstitions, cross cultural counseling, Africa, 28897
use of cognitive psychological theory in cross cultural anthropological research on cognitive consequences of education, 9384
use of Cultural Attitudes Repertory Technique, assessment of cross-cultural counseling style, counselors, 21044
use of cultural relativism to study folk & psychologists' conceptions of cognitive competence in cross cultural psychology, 27902
use of Syndrome Check List, frequency of 1st-rank symptoms of schizophrenia, English vs African vs Asian vs Caribbean vs Indian patients, England, 28238
use of syntactic vs semantic denials, 4–5 yr olds, US vs Japan, 16907
validity & reliability of Eysenck Personality Inventory, adults & children, China vs England vs Greece, 19061
validity, cross cultural differences on Lowenfeld Mosaic Test, college students, Japan, reply to K. Hirano's criticism, conference presentation, 120
validity, cross cultural differences on Lowenfeld Mosaic Test, college students, Japan, criticism of T. M. Abel's study, conference presentation, 152
value systems & anomie, 17–21 yr old Africans vs Indians vs Europeans, South Africa, 30587
values, 17–61 yr old college students, US vs West Germany, 25276
view of elderly as portrayed on TV, children, US vs Japan, 30511
vocational rehabilitation, US vs UK, 15531
ways in which information about people living in rest of world enters undergraduate psychology curricula, US, 21297
Western mind-body dualism & Eastern concept of self as ground of being, implications for psychosomatic medicine, 24112
work-related attitudes & social outlook, Japan vs US, 9385
work value goals & instrumentalities, West-coast Anglophone vs Quebec City Francophone managers, Canada, 2657

Cross Disciplinary Research [See Interdisciplinary Research]

Crossed Eyes [See Strabismus]

Crowding

arousal induced by crowded situation &/vs emotion-provoking slides, perception of crowding & rating of stimulus emotionality, high school students, 13720
crowding or ACTH treatment during mother's pregnancy, copulatory behavior, adult male offspring mice, 8884
crowding, suicide & violent & nonviolent death & assaults & psychiatric commitments & self mutilations, inmates in state prison, 28931
experience & conceptualizations of crowding, 17357
exposure to threatening behavior & constrained physical movement, perceived crowding at heavily used outdoor recreation site, recreationists, 8256
high population density, territory defense footdrumming, kangaroo rats, 27297
household crowding & loneliness, suicide ideation, urban residents with mean age of 31.3 yrs, 25691
human density & crowding, literature review, 4014
images & experiences of high-rise housing, urban middle-class females, Israel, 8253
large vs small idling area, aggressive behavior & locomotion & sexual interaction, cows, 5921
mood & power over enjoyable vs unenjoyable activities, perception of crowding, college students, 4025
multivariate statistical technique for separation of individual & group effects, application to data on crowding in university residential environments, college students, 19136
perception of crowded interpersonal situations, behavioral & affective responses, college students, 4024
river use & visual encounters & crowding expectations & feelings, perceived crowding, innertube floaters ages 14 yrs & over, 5433
social density & violent behavioral sink phenomena in prisons, literature review, 23554
work in overcrowded secondary school, school psychologist, Brazil, 5423

Cruelty

childhood cruelty to animals & firesetting & enuresis, competency vs incompetency to stand trial, offenders, 6540
interrelationship between firesetting & enuresis & cruelty to animals, 4–16 yr old psychiatric patients, 30936
predictive value of enuresis & firesetting & cruelty to animals, sex offenses, 18–68 yr old male incarcerated sex offenders, 17641

Crustacea [See Also Crabs, Crayfish]

ability to delay moults to mate with suitable female, male Gammarus pulex, 19411
body size, mating behavior, freshwater amphipod, 5949
efferent innervation, retinal function, horseshoe crab, 19433
electrophysiological coding of stimulatory & inhibitory components of natural food odor, spiny lobsters, 21949
ethanol & valinomycin & cycloheximide, endogenous rhythm of swimming activity, estuarine amphipods, 8972
molecular weight fractions of mussel tissue extract as cues, stimulation of feeding, lobsters, 8680
salinity changes in sea water, endogenous rhythm of swimming activity, estuarine amphipods, 8883
simulated sunrise/sunset illumination seasonal changes, phototaxis, Daphnia magna, implications for laboratory lightning, 27467
spatial & temporal coordination during walking & role of peripheral receptors, rock lobster, 19445

Crying

attribution for failure to stop infant's cry, learned helplessness in later opportunity to stop cry, 21–40 yr old mothers & their 6–8 mo olds, 25291
biosocial model of crying, pre- & full-term infants, 11688
communicative characteristics of discomfort vs protest vs call cry, 4–9 mo olds, 14146
CrySOS as assessment & intervention technique, parents of crying infants, 1790
cumulative cry score system, differentiation of healthy vs sick infants, full-term & premature infants, 25498
first oral cue & first sustained cry, newborn infants with mean age of 64 min, 16943
heel lance vs noninvasive tactile stimulation, changes in heart rate & crying, male vs female neonates, implications for clinical assessment of pain, 22338
initial vs middle vs final segment of pain vs hunger cry of neonate, ratings of urgency vs arousal vs aversion vs sickness, male vs female nonparent college students, 25067
levodopa, treatment of pathologic laughing & crying, patients with cerebrovascular disease & brain trauma, 10312
maternal attitudes toward child's temperament, crying behavior in stressful situation, 11 mo olds, 19896
own- vs other-cry stimuli, amount of crying, infants, 942
patient characteristics & pathophysiologic mechanisms & family behavior, crying-induced bronchospasm, 6 mo to 19 yr old asthmatics, 15011

patterned vs unpatterned auditory stimulation, crying behavior, neonates, 30403
phonation of cry & communicative context, infants from 4–10 mo of age, longitudinal study, 22315
physiological & communicative aspects of crying, infants, literature review, 14156
social conditioning, crying as expression of sadness, 18–65 yr old males, 9563
violation of learned expectancy, temperamental characteristics of crying response, 92–130 day olds, 30503
within group vs between group methodologies, distinguishing of infant cry patterns, college students, 8372
Cuba
applicant characteristics & reasons for seeking abortion, females, Cuba, 1979–80, 1185
content analysis of collective behavior in official newspaper of Cuban Communist Party, Cuba, 14242
homosexuality & homophobia before & after revolution, Cuba, 6565
inadequate social & psychological & medical assistance, 12–14 yr olds living in group homes for physically handicapped, Cuba, 2156
inadequate socialization & childrearing practices, Cuba, 9421
knowledge & use of contraceptives, 21–30 yr old females, Cuba, 1167
psychosocial characteristics, 12–18 yr olds, Cuba, 9286
role in group homes for mentally & physically handicapped children & adolescents, social workers, Cuba, 2128
role of social worker in polyclinic, mentally & physically handicapped outpatients & their families, Cuba, 2129
Cuban Americans [See Hispanics]
Cues
activation under semantic vs nonsemantic processing conditions, free & cued recall & word recognition, college students, 24488
assumed size as cue for distance & depth perception, 24388
attentional cuing, identification & localization of displaced letter in visual display, college students, 27109
behavior descriptions & dispositional cues, recall of sentences, college students, implications for spontaneous attribution of personality traits, 1259
category vs letter vs no cue, word recall, Alzheimer's disease patients with mean age of 76.9 yrs, 7038
causal cues, obfuscation of relevance of mathematical laws of probability & statistically biased judgment, college students, 21865
cognitive & physiological & situational cues, emotion attribution, criticism of S. Schachter's & J. Singer's & S. Valins's theories, 9525
color cues, discrimination learning, mentally retarded 27–44 yr olds, 9835
compatible single-element training, attention to multiple cues, severely mentally retarded adults, 32133
concrete vs abstract item lists, degree of temporal order retention, college students, 29952
concreteness of memory vs elaboration prompts, noun recall, college students, 8567
constructibility & associability of internal cues composed of personal experiences vs names of body parts, recall in self reference task, college students, 3095
context & realistic disjunctive statements, reasoning, college students, 24467
contextual conditioning to background cues, phasic stimuli conditioning, literature review, 2997
contextual effects, cue utilization in judgment under uncertainty, college students & adult consumers, 2732
cue interpretations of interposition, perception of subjective contours, 73 yr old male with visual agnosia, 1729
cue predictiveness vs stimulus salience, flavor aversion learning, female rats, 453
cue saliency in briefly presented vs upside down faces, college students, 24398
cue to selectivity process stimuli, detail encoding & facilitation of picture recognition, college students, 27182
cue validity & cost, information search in judgment tasks, college students, 8539
cues of aircraft motion & delays in visual scene & movement of ship model, ability to hover simulated helicopter near ship, US Navy aircraft pilots, 8248
cues, testwiseness, 21–45 yr old professional paramedics, 15602
cues to post-vocalic voicing in speech to preschool age children & infants, mothers, 22252
cues underlying context-associated variation in agonistic behavior during territory disputes, spiders, 529
decortication with vs without hippocampectomy, place learning vs cue learning in navigation, rats, 714
duration of contextual cuing & cuing-test interval, forgetting of maze performance, male rats, 8620
emotional facial expressions, extinction of emotional reactions, college students, 8584
evaluation of potential effectiveness of cues for remembering or relocating hidden objects, kindergartners through 3rd graders, 25072
experience with environmental print, context-free word reading skill, 2–5 yr olds, 32065
food-associated external stimuli in classical conditioning paradigm, meal initiation, rats, 21944
generation & use of cueing strategies in spatial memory task, 3.2–9.8 yr olds, 25163
goal specificity & temporal cues, pain tolerance, female college students, 275
identification of "potent" testing cues in science testing, high vs low test anxious college students, 21479
imagery-base mnemonics & returned cues, acquisition of French article-noun pairs, English-speaking college students, 5272
immediate vs delayed temporal vs thematic cues, recall of paired items conforming to underlying order, college students, 27165
inescapable shock with delayed shocks & task irrelevent cues, choice-escape learning, rats, 19334
interactive effects of social cues & task experience, task related attitudes, college students, 20092
internal & external cues, habituation of auditory stimulus, rats, 13750
level of test anxiety & memory cues, immediate & delayed recall, college students, 19276
lexical access & recognition strategies & cues & recognition of vowels & methods of phonetic decoding, conference presentation, literature review, 27132
light as cue for orientation on vertical orb-web, orb-weaving spider, 487
lithium- vs amphetamine-paired contextual test chamber, activation or suppression of CRs, rats, 24905
matching of behavioral cues with salient standard before achievement situation, self regulatory behavior, 9th graders, 18612
micromomentary movement, decoding nonverbal facial & body cues, high school & college students, 22286
overshadowing of interitem associations & associated reduced interference among items due to phrasing cues, facilitation of chunking & serial learning & resistance to extinction, male rats, 3152
perceptual cue validation & speech perception, conference presentation, literature review, 27131
perceptual equivalence of temporal & spectral cues in differentiation of words say vs stay, 2–4 mo olds, 30427
pictorial &/or textual visual cuing strategies, reading scores, 4th graders with average vs low reading ability, 26515
precuing & response specification, discrete finger responses, college students, 13655
precuing, attention to auditory vs visual signals, preschoolers vs 1st vs 2nd vs 3rd graders vs college students, 25096
precuing, focused search for retrieval of facts in sentences, college students, 24509
preference for length vs spontaneous counting as cues in number judgments, 3 & 4 yr olds, 9210
priming on specific attribute, tendency of attribute toward halo error in social perception task, college students, 20126
priming, paired-associate learning, alcoholic adults with Korsakoffs syndrome, 31256
reading skill & text structure & paragraphing vs color cueing, oral reading speed & free recall & comprehension, 7th & 8th graders, 26513

redundant shape & color cues, retrieval time, female college students, 5829
relative number judgments of small vs large number displays with vs without perceptual aids, 5–6 yr olds, 11728
remember & forget cues, memory for pictorial stimuli, monkeys, 3193
repetition of priming stimulus & word frequency attenuation, lexical decision tasks performance, college students, 24459
role of part-set cuing in organization of memory for chess piece placement, casual vs tournament chess players, 21892
roll motion & false cues in moving flight simulators, pilots, 5491
stimulus identity or location cue, visual laterality, right handed college students, 21998
stimulus salience & validity, cue selection in discrimination task, mice, 3169
task importance & visual &/vs auditory presentation mode & cue order, probability judgments, 23–56 yr old auditors, 21870
task representation & experience in predictive learning, accuracy of judgments, college students, 21859
teacher- vs student-directed instruction & visual & verbal cues, spelling performance, 8–13 yr old poor spellers, 29195
thematically related cue information presented before vs after reading, prose processing & recall, 411
underlining cues, prose comprehension & memory, 59–84 yr old high vs low scorers on vocabulary test, 30477
verbal cues, response to drawings of activities in present progressive vs past tense, monolingual vs bilingual 5–6 yr olds, 16914
visual vs linguistic feedback vs procedural cues, encoding of length series & transitive reasoning, 5.5–9.1 yr olds, 25132
vowel length vs transition as cues in voiced & voiceless postvocalic stops, literature review, 22254
weak vs strong cues, recognition & recall, male college & graduate students, 5833
words presented with vs without environmental context, ability to read words, preschoolers, 3629

Cultism
characteristics before vs after intensive psychoanalytic psychotherapy, 17–27 yr old cult devotees, 4641
counseling & educational services of cult clinic, family dysfunction, families with cult-involved children, 12532
cultism, young adults, 6439
cults & new religions, sociology of religious creativity, Western world, 11895
ESP in Umbanda ritual dance consultation, Brazil, 13408
family therapy, cult members & their families, 12559
need for sense of security & antiauthoritarian education, cult membership, 19940
psychodynamics of ritual trance consultation, shamen & members of Umbanda cult, Brazil, 13407
spiritual possession as emotional reaction to change in environment & use of "tromba", military recruit psychiatric patients from primitive backgrounds, Madagascar, 3802
therapeutic community of now-defunct Center for Feeling Therapy, iatrogenic symptoms, psychotherapy patients, 15138

Cultural Assimilation
ability to deal with psychological stress & to communicate effectively & to establish interpersonal relationships, intercultural effectiveness, comments on studies by H. Abel & R. Wiseman & W. B. Gudykunst & M. R. Hammer & R. Wiseman, 3787
acculturation & biculturalism, 19 & 20 yr old White vs Hispanic US Navy recruits, 6468
acculturation & health & illness beliefs, Mexican vs Mexican-American vs Anglo-American females, 30582
acculturation & intrinsic vs extrinsic reinforcement, field deprivation, Chicano 4th graders, 19773
acculturation, cognitive development, urban & rural 7–12 yr olds, Philippines, 19791
acculturation, MMPI performance, Anglo vs Mexican American college students, 17144
acculturation, psychological impairment, Mexican American adults, implications for melting pot vs bicultural hypotheses, 1399
acculturation, psychological stress & concern for parental health & financial support & housing needs of parents, male & female Chinese American adults, 3844
adjustment & assimilation & learning needs, Asian immigrant students, implications for counselor education, 32113
age vs level of education & degree of assimilation, fertility patterns, 15–49 yr old migrant Hispanic farm females, 19976
bicultural effectiveness training, intergenerational conflicts & conduct disorders as result of intercultural adjustment, Cuban American adolescents & their families, 31672
counseling & guidance in vocational integration, 17–22 yr old immigrant high school graduates in preparatory educational program, Israel, 15971
cross validation of acculturation scale, Mexican Americans, 8421
cultural affiliation & adaptation & academic adjustment, male Mexican-American college students, 26590
cultural assimilation factors, language maintenance & education, parents from Samoan families with Samoan-speaking children, New Zealand, 27770
cultural assimilation, 1st & 2nd generation Indian immigrant vs British adolescents, Great Britain, 25232
cultural differences between social environments in countries of origin, school & societal adjustment, Soviet vs American & Canadian 8th graders, Israel, 27853
description & assessment of associative group analysis, assessment of conceptual development & changes in belief systems, 29689
discrimination & assimilation & preservation of language, Italian- & Romansh-speaking peoples, Switzerland, implications for psycholinguistics, 30609
enculturation & acculturation, school adjustment, American Indian children entering school, 26604
factors for success in bicultural socialization, minority individuals, 6440
family characteristics & acculturation levels, Mexican-American families with inhalant abusing child, 31020
host & ethnic interpersonal & mass media communication patterns & intent to live in host society, male vs female Korean immigrants, US, 30594
interaction of Western culture & primitive cultures, Australia & New Zealand & US, 19958
key concepts & definition of culture, Jewish cultural integration & polyaesthetic education, Israel, 6436
key factors in cross-cultural adjustment process, expatriate managers, literature review, 16067
merging of multicultural & global education, 5157
model of cross cultural adaptation to mismatches between norms & behavior & self concept, foreign college students, Canada, 11910
perception of food flavor & health value & prestige of foods, acculturation to Canadian foods, 14–16 yr old Chinese males, Canada, 22280
perception of meaning of cultural identity, third-world students aged 20 yrs & older, France, 18633
perceptions of intercultural effectiveness, Americans vs Japanese, reply to comments by W. B. Gudykunst & M. R. Hammer, 3806
process of readjusting to home culture after extended stay abroad, literature review, 11890
reliability & validity of Children's Hispanic Background Scale, assessment of acculturation level, Chicano 4th graders, 19082
responses to policies for incorporation into White capitalistic society, aborigines, Australia, 27901
social & cultural adaptation to federal prison, Mexican migrant inmates, 28944
sociocultural & psychological & psychiatric aspects of migration & acculturation, 19960
sociocultural impacts of immigration, Algerian Jewish family, Israel, 30610
sociodemographic factors, influences on & obstacles to adjustment, Indochinese refugees, US, 30602
theories of cultural differences, cultural assimilation, 25279

Cultural Differences [See Cross Cultural Differences]

Cultural Familial Mental Retardation [See Psychosocial Mental Retardation]

Cultural Psychiatry [See Transcultural Psychiatry]

Cultural Test Bias
aptitude test scores & job performance, White vs Black vs Hispanic police officers, 18794
comparison of California Test of Mental Maturity-Short Form with WISC-R, Black vs White 6–15 yr olds referred for suspected mental retardation or learning disorders, 13545

content bias of McCarthy Scales of Children's Abilities, dominant English- vs Spanish-speaking Mexican American preschoolers, implications for test translation & nonbiased assessment, 19104
efficacy of test bias detection procedures, Black vs White college students, 2596
factor structure of Kaufman Assessment Battery for Children, Black vs White children, 11155
intelligence testing, traditional & accultural American Indian children, 16280
item bias on Peabody Picture Vocabulary Test, White vs Black 2.5–7 yr olds, 23910
item bias on PPVT-R forms L & M, Anglo American & Mexican American 1st–4th graders, 5357
iterative logit model, test item bias detection, students, Tanzania vs Kenya, 10900
long term stability of System of Multicultural Pluralistic Assessment's Health History Inventories, 6–12 yr old middle- & lower-class Anglos & Blacks & Mexican-Americans, 4-yr longitudinal study, 8443
nonbiased language assessment for speakers of nonmainstream English dialects, Black children, literature review, 32192
performance on Arrow-Dot subtest of Id-Ego-Superego Test, medical students vs medical professionals vs psychiatric inpatients, Nigeria, 181
performance on Black Intelligence Test of Cultural Homogeneity vs Anglo-oriented Vocabulary subtest of California Achievement Test vs WISC-R, Black vs White 10th graders, implications for test construction & administration, 109
problems & tactics in cross cultural measurement of mental retardation & treatment possibilities & etiology & restrictions, 27033
problems related to ability & attainment & prediction & bias in Test of Scholastic Abilities, educational classification, New Zealand, comments on reply by N. Reid et al, 29437
profile analysis, identification of culturally biased test components in state bar examination, 29755
reliability & bias of Revised Children's Manifest Anxiety Scale & Child Anxiety Scale, Anglo- vs Mexican-American vs Black 1st–3rd graders, 29729
social context of ability testing & cultural bias, 27009
Test of Scholastic Abilities, educational classification, students, New Zealand, reply to R. Nash's criticism, 8126
WISC-R Performance scale metrics & subtest factor loadings, deaf, implications for role of language acquisition in cultural test bias, 19037

Culture (Anthropological) [See Also Society, Subculture (Anthropological)]

alternative to anthropological cultural adaptationism theory, critical comments & author's reply, 11873
arousal & stimulus-seeking as psychobiological mechanisms underlying cultural rules & rituals associated with mate selection, literature review, 20055
behavior rules & cultural beliefs & values, instructional materials & practices & art education, Navajo students, 7933
comparison of R. P. Rohner's conceptualization of culture & G. Jahoda's analysis of Rohner's concept, 17150
conception of culture for cross cultural psychology, 17147
criticism of concept of "Mediterranean culture area", 11884
criticism of data supporting linkage between genetic & cultural evolution, comments on precis of book by C. J. Lumsden & E. O. Wilson, 30042
cultural & intracultural variation, form & function & needs & resources of households, human females, Kenya, 22407
cultural & social expectations of role in society, human females, China, 27992
cultural explanation, epilepsy, 24 yr old female, Malaysia, 4501
cultural factors, "bebainan", descendant of former royal family, Bali, 12213
cultural influences on early 20th century research conducted at Iowa Child Welfare Research Station, cultural & environmental influences & intellectual development, children, 27766
cultural materialism, critique of method & theoretical assumptions of M. Harris's model, 14233
culture & meaning of suffering, 14281
culture & mutation & natural selection of memes, discussion of hypothesis of R. Dawkins, 22427
culture & paradigms & consciousness in relation to A. Deikman's "The Observing Self: Mysticism & Psychotherapy", 19951
culture & self concept, aesthetic appreciation, implications for education, 6471
culture, organizational development & management practices, Latin countries, 18851
debate on authenticity of works of C. Castaneda, 2761
development of dimensional analytic method for measurement of similarity between sociocultural systems, 24319
distinctions between culture & social system in cross cultural psychology, comments on article by R. P. Rohner, 17140
ethnography & early program planning & implementation, oral rehydration therapy for diarrheal disease, families, Honduras, 18190
evaluation of M. Mead's vs N. Chodorow's explanations of female personality traits, Iatmul vs Tchambuli cultures, New Guinea, 20050
garbage project household refuse analysis, understanding of cultural phenomena, 11886
genetic programing & cultural norms, social behavior & culture, 3783
ideals of liberal vs multicultural education, 23690
individual responsibility, world population problems, conference presentation, 17105
influence of psychopathology on culture, 22738
inseparability of genetic & cultural evolution, comments on precis of book by C. J. Lumsden & E. O. Wilson, 30030
methodology used in garbage project, 11082
natural forces & cultural antecedents, behavior, Japan, 3788
nature & evolution of folk biological categories, comments on C. Brown's hypotheses, 14272
nature of dream reality before vs after European colonization, dream development & cultural consciousness & peace, 17149
objections to application of Darwinian theory to analysis of human culture, 19978
objectives of Council for National Academic Awards faculty resource package on multicultural education emphasis in Bachelor of Education degree program, Great Britain, 29157
occult & magic & witchcraft in culture, US, conference presentation, 19972
painted Bogolanfini mud dyed cloth as knowledge coded in irregular geometric patterns, females of Bamana tribe, Mali, 19752
presentation of model of ecological (cultural) evolutionary neuropsychiatry, 1046
process of readjusting to home culture after extended stay abroad, literature review, 11890
psychoanalytic analysis of concepts of cultural lag & survivals in operational terms, 14249
psychoanalytic interpretation, Western influence on Japanese culture, 9371
psychoanalytic view of development of Western culture in relation to Hellenic & Judaic thought, 17129
reanalysis of culture dimensions in studies by S. H. Ng & G. Hofstede, college students & corporate employees, Asian & Pacific countries, 27916
relationship of nature & culture, 16209
responses to policies for incorporation into White capitalistic society, aborigines, Australia, 27901
role of anthropologist, planning & implementation of mental health plan & research on health systems & conditions & service utilization, Brazil, 17875
scope & focus of cultural studies, England, 3794
shared symbols in culture, social psychiatry, 12446
socioanthropological perspective of belief in occult in popular culture, implications for psychiatric pathology, 30586
sociocultural information & health planning, assistant nurse-midwife program, females, Nepal, 18451
technology, societal culture & knowledge, conference presentation, 3772
theoretical appraisal of tribal astronomy, Caribs, Surinam, 25272
theory of genetic & cultural coevolution, reply to comments by J. S. Alper & R. V. Lange & J. P. Rushton & R. J. Russell & A. Vetta & J.-M. G. Almeida, 30035
theory of genetic & cultural evolution as inseparable, comments on precis of book by C. J. Lumsden & E. O. Wilson, 30031

theory of national culture & education & interpretation of history of N. F. S. Grundtvig, 29117
traditional patterns of socialization in Chinese society, children & adolescents, 11807
transcultural communication & knowledge development, ecological implications, 3540
transpersonal psychology's perspective on African American view of transcendence, 30578
types of rites & ceremonials, study of organizational culture, 11005
use of cultural relativism to study folk & psychologists' conceptions of cognitive competence in cross cultural psychology, 27902
use of cultural scenes & themes in organizational research, transit employees, 24016
Culture Change
acculturation & biculturalism, 19 & 20 yr old White vs Hispanic US Navy recruits, 6468
advertising as cultural discourse, UK, 8271
culture change, intergenerational relations & conflict, Arab families, implications for family therapy, 6482
demographic & personal variables & number of years in France, social representations of Venezuelans, Venezuelan students, France, 6432
description & assessment of associative group analysis, assessment of conceptual development & changes in belief systems, 29689
ecological factors associated with residential setting, activity & social interaction & freedom from constraint & life satisfaction & attachment to ethnic community, elderly Filipino males, Hawaii, 17157
exposure to sociocultural change & demoralization of community, 25970
implications & consequences & social values, antidowry legislation, India, 9382
life change & adaptation & health status, Vietnamese refugees, 3-yr longitudinal study, 12109
maintenance of & changes in traditional family structure & values, 1st generation Armenian immigrant families, Australia, 30627
psychoanalytic analysis of concepts of cultural lag & survivals in operational terms, 14249
social & cultural changes affecting middle class families, behavior problems, adolescents, 1542
sociodemographic factors, influences on & obstacles to adjustment, Indochinese refugees, US, 30602
Culture Shock
emigration & acculturative stressors, paranoid delusions & suicide attempt, 23 yr old male Vietnamese refugee, 1412
intensive group workshop, coping with transition & problems of new culture, foreign college students, 26678
sociocultural & psychological & psychiatric aspects of migration & acculturation, 19960
sociological aspects of identity disorders, Maghrebian immigrants, France, 17572
spiritual possession as emotional reaction to change in environment & use of "tromba", military recruit psychiatric patients from primitive backgrounds, Madagascar, 3802
Curare
curare, EPs & spike discharge recordings from single afferent fibres of posterior canal nerve, frogs, 19732
Curiosity
arousal & stimulus-seeking as psychobiological mechanisms underlying cultural rules & rituals associated with mate selection, literature review, 20055
curiosity & sex & activity level & SES, performance on discrimination learning task, 1st graders, 9199
curiosity, need for cognition, college students, 1299
curiosity, 25–35 vs 45–55 vs 65–75 yr olds, 30493
development of Children's Science Curiosity Scale, 5th graders, 5626
development of curiosity & role in child psychiatry, 17012
factor analysis, curiosity measures, adults, 180
sex & age & hands-on vs no-touch exhibit, attention & curiosity, adult vs child museum visitors, 6248
Curricular Field Experience
adult learning orientation strategy, coping with stress & absorption of information, social work students in new hospital field placement, 15646
anthropological fieldwork as symbolic quest for immortality, 9387
evaluation of national demonstration project on service-learning in aging, faculty & college students, 10703
evaluation of Unique System of Practice, education for psychological practice, college students, Mexico, 31902
framework for assessment of competence based on course objectives, social work students, UK, 12905
participation in field placement program, interpersonal attitudes & career maturity, psychology majors, 18605
policies & procedures for human service agency practicum program, college students, 23765
special education classroom experience, ability to work with handicapped, preservice elementary teachers, 29139
therapeutic verbal & nonverbal communication with elderly nursing home residents with dementia, social work & nursing students, 15613
time study of costs & benefits of occupational therapy fieldwork program, students vs professors, 31847
Curriculum [See Also Affective Education, Art Education, Business Education, Career Education, Compensatory Education, Driver Education, Drug Education, Foreign Language Education, Health Education, Language Arts Education, Mathematics Education, Music Education, Phonics, Physical Education, Psychology Education, Reading Education, Science Education, Sex Education, Social Studies Education, Spelling, Vocational Education]
academic vs vocational tracking & ethnicity, secondary school students, Israel, 7936
actual & preferred instructional areas in rehabilitation education programs, rehabilitation educators, 7776
adaptation of productive thinking program, creative problem solving, 10–12 yr old educable mentally retarded students, 2507
age & sex & curriculum & personality & memory span, formal reasoning, college students vs 63–75 yr olds, 3620
annotated materials for adding international dimension to undergraduate courses in developmental & social psychology, bibliography, 21341
assessment of career development course, junior & senior college students, 32043
attitudes toward teaching methods & organization of learning & curriculum, junior high school teachers, UK, 31979
British Psychological Society diploma syllabus, clinical teaching on subject of children & adolescents, 5113
change in occupational therapy curriculum, 18417
choice of course work, male vs female high school students enrolled in vocational education programs, Canada, 8015
completion of "new basics" curriculum, academic performance, high school seniors, 7883
components of precrisis curriculum for providing stress immunization to hospitalization, healthy nursery & elementary school children, 29234
conceptual clarification of concepts of instruction & curriculum, 23686
contingent approach to strategy & tactics in formative vs summative program evaluation, assessment of modifications to teacher education curriculum, teacher educators & evaluators, 23698
cost-effectiveness analysis of religion vs health vs social studies curricula in educational drug abuse prevention program, 9th graders in parochial school, 5- & 9-mo followup, 21318
curricular intervention, sex role flexibility & decision making & academic achievement, 6th–8th graders, 18592
curriculum & exceptional instructional practices of educational therapy, behavior change, predelinquent & delinquent youth, 21406
curriculum aspects of drama on education, 21324
curriculum on discussion of nuclear arms race & other controversial issues, high school students, 7938
curriculum suggestions for aiding transition from preschool to kindergarten, implications for parental involvement, 29337
customizing norm-referenced achievement tests, local curricular validity & objective measurement, 10868
decision curriculum with in-basket simulation, decision making knowledge & proficiency, graduate students in educational administration, 26507
degree of desired vs actual freedom to determine curriculum content & perceptions of other potential influences on curriculum, 21–50 yr old teachers, 29130

development of core curriculum in living with disability, 1st-yr medical students, 7811
educational activities involving use of child's name, preschool students, 21334
educational objectives in engineering design courses, Australia, 23759
emergence of experimental music in classroom curriculums, 18604
employment status & type of employment & relevance to major & course satisfaction, academic performance, college students, 5283
essential knowledge needed for specialized & continuing education, curriculum content in medical education & student evaluation methods, 29097
evaluation audit, behavioral curricula, 5401
evaluation technique to provide quantitative index of fit between training curriculum content & job task performance requirements, US Coast Guard, 21569
future-oriented studies in secondary education, Sweden, 18554
gender segregation in high school course enrollment, female students, Canada, 32013
gerontological content in curricula of graduate schools of social work, US, 15636
graduate level course description, family therapy research, 18501
high school curriculum, decisionmaking approach to nuclear education, high school students, 23763
implementation & evaluation of medical school geriatric programs, medical students, 7836
inclusion of ageism in school curriculum, 5254
influence of computers & word processors in Black Studies, communication & curriculum & program effectiveness, faculty & students & staff, 18987
information gained in environmental studies course, defensibility of attitudes toward environmental issues, college students, test of F. E. Williams' connective vectors theory, 21314
instructional program, reduction of classroom obstacles in implementation of social concerns curricula, 7th graders, Canada, 26540
integration of death related content pertaining to elderly into academic curricula, educational gerontologists, literature review, 21284
integration of study skills instruction into orientation course, freshman college students, 26536
interpretation of public education policy regarding handicapped students, curricular decisions, special education teachers, 32125
introductory psychology course, 10721
issues & trends regarding role in development of play curriculum, teachers, 21304
knowledge & use of social studies curriculum materials, elementary school teachers, Australia, 7917
language of instruction & use of locally developed mathematics curriculum, mathematics test scores, 3rd grade English-speakers in English vs French immersion programs, Canada, 7898
local curriculum & national standardized tests, 10881
mainstreaming, curricular & staffing modifications, 32130
metacognition skills, implications for school curriculum, 3090
model for identification of salient variables, assessment of curriculum implementation, program directors of continuing education pediatric nurse practitioner programs, 23676
model for teaching music, primary school students, England, 18578
model of elementary school science curriculum based on learning processes & skills, 29223
music therapy curriculum at conservatory, Brazil, 21160
need for & identification of psychogeriatric skills teaching in psychiatry, 26453
need for commitment on part of American Psychological Association to cultural diversity in training programs for clinical psychologists, comment on article by M. E. Bernal & A. M. Padilla, 5096
need for laboratory courses in behavior analysis in curricula of nonpsychological human service professions, 5147
need for linguistic study of American Sign Language in educational curriculum, self concept & academic success, deaf students, 26640
objectives of Council for National Academic Awards faculty resource package on multicultural education emphasis in Bachelor of Education degree program, Great Britain, 29157
opportunities to observe models & receive feedback, interviewing skills, social work students, implications for curriculum needs, 7756
problem-oriented approach in analytic medicine course, medical students, 26403
recommended poetry skills, poetry therapists, 5098
relevance of basic medical science course content, preparation for clinical practice, Australia, 21206
religious education in schools & crises of literacy, children & adolescents, England, 29227
responsibility for educating children about sexual abuse, teachers, 26532
revival of common learning as remedy for national crisis & provider of common core experiences, colleges, US, 15678
revolving door identification model & program planning, gifted & talented children, 23862
role of child psychiatry in undergraduate medical curriculum, child psychiatrists vs general psychiatrists vs family doctors vs pediatricians, 5103
sex & general vs college preparatory curriculum & evaluation of Career Development Survey, career skills, 12th graders, 29423
sexual concerns & questions & sex education program, high school juniors, 5253
single father families, implications for early childhood educator's curriculum, 29177
structured learning skills intervention, long term academic performance by comparison of predicted vs obtained GPA, college students, 3-yr followup, 18558
teacher in-service course, environmental science achievement test performance, teachers vs college graduates vs high school graduates vs 7th graders, 7862
temporal importance & duration of frequency of activities in nursery classes, privileged vs nonprivileged children, Belgium, 18588
theory-practice relationship in teacher education programs, 23716
traditional vs experimental curricula & classroom activities & teaching styles, reading achievement & related cognitive & linguistic abilities, 1st & 2nd graders, 29191
tutorial approach to improvement of interviewing skills, 1st-yr medical students, 7757
use of picture books in elementary school curriculum, 7935
3 vs 4 yr medical curriculum, attitudes & medical practice, physicians, 7788

Curriculum Development

alcoholism curriculum development in medical school, 23625
application of brain growth periodization research in middle school education, comments on C. Toepfer's & H. Epstein & C. Toepfer's studies, 21325
cluster analysis, validation of coin-skills curriculum, educable mentally retarded children with mean age of 116.6 mo, 5347
computer-based instructional techniques for application of psychological knowledge, conference presentation, 2403
content & development of course in public service company, evaluation of learning ability & upgrading of study skills, management trainees, 23968
curriculum extension from activities developed in classrooms, gifted children, 13164
curriculum issues & socialization of students, community psychology training programs, 12970
design of health education techniques & strategies & methods for reduction of drug use, secondary schools, 18586
development & philosophy & structure of Manhattanville Music Curriculum Project, children, 21344
development of IMPACT Problem Solving program, grade school students, 13028
development of training module on child abuse & neglect, preservice & inservice school psychologists, 26492
development perspective & teaching suggestions for play & games & sports, children, 25033
expectations of psychology graduates skills & ability in information technology, managers, implications for changes in curriculum of psychology departments, 32223
forensic medicine curriculum in family practice residency, 26444
human studies curriculum for adult college students, 5246
individual science curriculum extension projects, gifted high school students, 13166

instruction of social skills & role of task analysis, 23738
instructional program, reduction of classroom obstacles in implementation of social concerns curricula, 7th graders, Canada, 26540
interface between psychiatry & family practice, medical education, 10552
issues in development of literacy education, 18597
model for developing & implementing microcomputer education program, 26560
modification of instruction to include study of professional demeanor, 2nd-yr medical students, 5149
modification of standard elementary school curriculum, gifted students, 2536
need for microcomputer tools & courseware, undergraduate psychology curriculum, conference presentation, 2379
need for research-based assessment & curricula, early intervention, visually impaired infants, 20658
neuropsychology of learning & curriculum development, 18598
nonsexist curricula & teacher's sex, sex role learning, male vs female 3–5 yr olds, implications for early childhood programs, 15761
practical guidelines for development of curriculum extension activities, gifted students, 13165
procedures for development & implementation of curriculum for shaping functional skills, profoundly & severely mentally retarded preschool students, 8073
program guide for senior health care centers, development & redevelopment of motor skills & cognitive functioning, aged, 26374
rationale & procedural guidelines for curriculum objectives, social & motor & vocational & academic skills, hearing impaired students with additional handicaps, 18718
role in curriculum development & classroom instruction, psychologists, 2366
role in curriculum implementation, school principal, 26558
students' self evaluation, curriculum development, college students, 15765
study skills program designed by school counselors within English curriculum, high school students, 13035

Cursive Writing
instruction using D'Nealian alphabet vs Zaner-Bloser manuscript forms, cursive handwriting, 1st graders, 18601

Cushings Syndrome
metyrapone, depression & delirium, 51 yr old male with Cushing's syndrome, 23332
neuropsychoendocrinologic treatment approach, psychic symptomatology, patient with Cushing's disease, 7154

Cutaneous Receptive Fields
cutaneous receptive fields, detection of hamstring flexor reflex, rats, 8841
organization of sensorimotor overlap zone & motor cortex, rats, 586
receptive fields, 2-point tactile acuity, 20–55 yr olds, 30061
single-unit activity from regeneration of primary afferents innervating skin of hand, 16–61 yr old patient with transection of median or ulnar nerve, 30081
stimulation of lumbar cutaneous & high threshold muscle afferents, polysynaptic multiunit responses, urethane-anesthetized rats ovariectomized at 2.5 mo, 11558

Cutaneous Sense [See Also Tactual Perception, Vibrotactile Thresholds]
discrepant visual vs haptic form information, identification of object with visual match, college students, 5695
haptic scanning behavior, blind vs mentally retarded adults vs children, 30877
hemineocortex injury & bilateral cutaneous stimulation of somatosensory system, simultaneous extinction, male rats, 8920
interhemispheric transfer of haptic information, 12–38 yr old partially callosotomized patients, 25774
noxious thermal pulse stimulation of single cutaneous fibers, nocifensive response behaviors, cats, 30174
stimulus intensity & duration, electrocutaneous sensitivity, adults, 24374
tactile/kinesthetic length disordance between arms, adaptation & aftereffect, college students, 260
visual & hapatic perception & classification of 3-dimensional solid forms, college students, 24365
voluntary contractions of eyelid or forearm muscle in RT task, excitability of cutaneous eyeblink reflex, right handed 17–39 yr olds, 27397

Cutting Scores
application of statistical ranking & selection tables in diagnosis, learning disabled students, 8135
development of testing methods with focus on determination of pass vs fail criteria, 15917
direct vs indirect methods, establishment of minimum passing scores, 19151
errors of overinclusion vs underinclusion, screening gifted students, 1st–11th graders, 23898
normative vs absolute methodologies, setting passing points on Examination for Professional Practice in Psychology, 11182

Cybernetics
applications of cybernetic epistemology, counseling research, criticism of G. S. Howard's study, 26044
cybernetic approach, cancer, 31213
deviation-amplifying feedback processes, family treatment, families with encopretic children, 12570
expert & knowledge-based systems & decision technology, conference presentation, 21701
human-computer interaction in knowledge-based inference, 32330
natural language interface for instructable robot, 32329
possibilities for low-cost voice-input aids, severely physically disabled, 26818
projected transition in evolution of human knowledge in relation to population growth, 24105
psycholinguistic approach, man-machine communication, 13352
teaching space approach for pattern classification training of linear machines, 24032
use of psychology of human information processing in information science for correcting retrieval problems, 21531
validity of discrimination nets as models of access to permanent memory in simulations of human cognitive processes, 5805

Cyclic Adenosine Monophosphate
CSF homovanillic acid & cyclic adenosine 3',5'-monophosphate & serum prolactin, 40–60 yr old male chronic paranoid schizophrenics with tardive dyskinesia vs symptoms of chronic neuroleptic parkinsonism, 6732
icv dibutyryl cyclic-adenosine monophosphate vs aminophylline & phentolamine & yohimbine vs haloperidol vs naloxone vs propranolol pretreatment, behavioral excitation, rats, implications for role of dopaminergic & adrenergic brain receptors, 771
platelet binding of tritiated dihydroergocriptine & plasma norepinephrine levels & norepinephrine inhibition of prostaglandin in E1 stimulation of cyclic adenosine 3',5'-monophosphate production, depressed patients, 6853
restraint, cyclic adenosine monophosphate response to norepinephrine in cerebral cortex, male rats, 6058
stress of running & immobilization & footshock, levels of pituitary cyclic adenosine monophosphate & plasma corticosterone & prolactin & growth hormone, male vs female rats, 618

Cycloheximide
cycloheximide administration at various times before vs after learning, amnesia for discriminated passive avoidance task, 1 day old chicks, 11590
cycloheximide, retention of passive avoidance task, male rats, 13908
cycloheximide vs diphenylhydantoin, memory retention in passive avoidance learning, day-old white-Leghorn black Australorp cockerels, 751
ethanol & valinomycin & cycloheximide, endogenous rhythm of swimming activity, estuarine amphipods, 8972
intracranial injections of actinomycin-D or cycloheximide or anisomycin in conjunction with estrogen or progesterone, lordosis, female rats, 6141
pretraining administration of cycloheximide vs anisomycin, memory impairment induced by cycloheximide & anisomycin, male mice, replication of studies by W. J. Kasprow et al & T. C. Rainbow et al, 3426

Cyclothymic Personality
behavioral response to stress, cyclothyme patients, 25539

cortisol functioning & biologic concordance with bipolar affective disorder, 18–20 yr olds with cyclothymic personality, 14660
delirium theme fluctuations & cyclothymia, 36 yr old female, 20345
prevalence of cyclothymia, 15–21 yr old offspring of patients with bipolar affective disorder, 25555
Cynicism
psychoanalytic interpretation of Shakespeare's "Timon of Athens", 3567
subscales of scale measuring cynicism, prediction of job satisfaction, police officers, 165
Cystic Fibrosis
behavioral & stress management strategies, coping behavior, hospitalized adolescents & young adults with cystic fibrosis, 15513
continuity & change in psychological disturbances, 6–18 yr olds with cystic fibrosis or cerebral palsy or myelodysplasia or other physical handicaps with neurological and brain damage, 5-yr followup, 25783
cystic fibrosis, emotional disturbance, 16–19 yr olds vs patients age 20 & older, 17723
detection sensitivity for odor stimuli, 13–53 yr old cystic fibrosis patients, 23053
impact of cystic fibrosis on family, 26–64 yr old parents of 1–21 yr old patients, 31232
incidence of color-shading responses & their implications in Rorschach responses, cystic fibrosis patients with mean age of 25.9 yrs, 8383
incidence of psychiatric disorders, 3–18 yr olds with cystic fibrosis vs cerebral palsy vs myelodysplasia vs multiple physical handicaps, 28407
parents' group, coping with child's illness, parents of 9 mo to 17 yr olds with cystic fibrosis, 10426
self acceptance & self concept, 9.6–18 yr olds with asthma & cystic fibrosis & emotional difficulties, 1337
spontaneous drawings, understanding of psychologic & physiologic correlates of cystic fibrosis, 3–22 yr old patients, 9964
Cytochrome Oxidase
cytochrome oxidase activity in hypothalamus before vs after fasting, hypertensive vs normotensive rats, 27372
Cytoplasm
light &/vs depolarizing current, cytoplasmic calcium levels in photoreceptors, mollusks, 8765
Czechoslovakia
academic performance in basic school, scores on secondary school entrance examinations, students, Czechoslovakia, 10771
construction of Czech version of MMPI Panic-Fear scale, implications for use in psychosomatic medicine, 8413
educational processes, social patriotism & proletarian internationalism, Czechoslovakia, 15797
effectiveness of mathematics education, primary school students, Czechoslovakia, 15722
foreign approaches, prevention & resocialization, juvenile delinquents, Czechoslovakia, 21116
incorporation of Marxist-Leninist world outlook theories into basic subjects, technical high school students, Czechoslovakia, 10720
integration of subjects based on facts & relation to each other & time sequence, natural sciences, high school students, Czechoslovakia, 10707
marriage & family counseling, Czechoslovakia, 1948–51, 20819
pedagogical science & education & bourgeois ideology & propaganda, moral awareness, children vs adolescents vs adults, Czechoslovakia, 27713
SES & ethnic group membership, values, gypsy apprentices, Czechoslovakia, 25282
structured evaluation system, teachers in socialist education system, Czechoslovakia, 15689
typology of unsuitable foster care, Czechoslovakia, 7603
values & attitudes, adolescents, Czechoslovakia, 9133
Daily Biological Rhythms (Animal) [See Animal Circadian Rhythms]
Dance
computer technology, dance & choreography, 26932
factor analysis of Barron-Welsh Art Scale & Adjective Checklist & 3 original measurement instruments, measurement of creativity & energy activity preference, dance & music & drama college students, 29395
identification of emotion & dance in dynamic light displays, female vs male college students, 27706
learning styles, college physical education vs dance majors, 2453
modern dance class, college students, 5228
unusual content of kinesthetic perception in Rorschach protocol, dance instructors vs physical education vs visual arts majors, 5591
Dance Therapy
body-ego identity in humanistic dynamic psychiatry, dance therapy, 23062
combined music & movement & art therapy, body awareness & self concept & self acceptance, emotionally handicapped 6–8 yr olds, 10036
dance therapy group structure, individual reactions, schizophrenic vs character disordered Ss, 12550
movement & drama therapy, representation of internal world, 18 yr old male catatonic schizophrenic, 15056
Dark Adaptation
adaptation mechanism, prediction of visual thresholds during dark adaptation, 292
analysis of photoreceptor thresholds in isolated skate retina, 8816
bleaching, dark-adaptation thresholds, complete rod monochromat, 19213
dark vergence & dark accommodation, infants vs adults, 841
headlight beams & glare & use of retroflective tag, actual vs estimated night time visibility of pedestrian, 18–55 yr olds, 5498
interocular transfer & dark adaptation to long-wave test lights, 25–32 yr old males, 24382
light & dark adaptation, binding of flunitrazepam to benzodiazepine receptors in retina & lateral geniculate nucleus & superior colliculus & visual & frontal cortex, rats, 30099
monocular deprivation effects & prolonged dark rearing, visual cortical cell response, kittens, 24746
ocular accommodation & binocular vergence during resting state of eyes, 3051
Darwinism
biographical sketches & heredity vs environment controversy, F. Galton vs C. Darwin, 8331
cognitivism as rival to Skinner's environmentalism, implications for analogy with natural selection, 8338
contribution of Malthus to Social Darwinism, 29611
evolution of process of reconciliation of opposing forces at physical & biological & behavioral & spiritual levels, 38
mutationist & Darwinian theories of evolution & Piaget's tertium quid, 5529
natural selection, belief in other minds, adult humans vs other creatures, 31
objections to application of Darwinian theory to analysis of human culture, 19978
Data Collection
additional information from adolescent-adult interaction in interviews with adolescents, implications for use of conversation in interviews as supplementary data, 5555
analytic adjustments of existing databases, evaluators & policy analysts, 24153
application of data analysis framework generating ground theory, effects of science teaching method on classroom behavior, teachers, 8137
application of naturalistic paradigm to research in content area reading, secondary school social studies classes, 2798
automated 24-channel event-logging system, measurement of spontaneous behavior, animals, 11099
characteristics & disadvantages of laryngeal radiotransmitters, collection of vocalization data, monkeys, 2804
comparison of composite crime indexes across alternative data sources, US, 17218
computer based clinical data gathering & storage & retrieval system, case histories for children's psychiatric clinic, 13513
computer programs for record maintenance in token economy program & patient data entry, behavioral development, chronic psychiatric patients, conference presentation, 81
computer software, data acquisition for multidimensional scaling analysis, 2779
computer software for 6502-based microcomputer, data collection & period analysis of EEG, 2822

conflicts between needs in access to & protection of stored data, researchers vs authorities, 29662
cross-situational consistency, personality, reply to J. Conley's criticism, 4070
data acquisition via intermittent direct observation, 3 yr old male, 24167
data collection methods & verification efforts & sample sociodemographics, survey response rate, deaf adults, 21718
data collection of Project 12-Ways for measuring outcome of large in-home service for treatment & prevention of child abuse & neglect, conference presentation, 23106
data collection procedures in experimentation on teacher-student interaction, 16263
data construction & empirical analysis of social interactions, 1218
decentralized mental health reporting system, 31618
deficient reporting quality, meta analytic data & conclusions, 11234
description of L. E. Rhine's qualitative analysis of "spontaneous cases", 13428
design & data collection & analysis as stages in clinical trials, 2784
development of formula for mean & variance of run-score variance of binary data in presence of stacking effect, 11207
discharged patient data vs current active patient data, analysis of community mental health center services, 28878
essential data collection for prediction of ability to return to premorbid state, 42 yr old male severe accident victim, 28 mo followup, 25807
foot-in-the-door telephone manipulations, mailed questionnaire response rate & quality, 18907
guidelines for documentation of elderly abuse, 14782
interface to connect Commodore microcomputers with single operant chamber, control of experimental events & data collection, 2792
interfacing PET & CBM with DynaPort of Coulbourn Instruments, experiment control & data exchange with laboratory computers, 29657
involvement approach, collection of student evaluations of instructors & feedback to instructors, 2576
local level use of survey data, impact of research results on farmer's markets, 4-yr followup study, 19003
merits of randomized response technique, reduction of response error & potential use with multivariate approaches in social science survey research, 16380
method of defining co-occurring constellations of maternal facial-visual engagement & head vs hand stimulation during face-to-face play, 4 mo old male & his mother vs stranger, 14129
methodological differences in approach to study of spontaneous cases of psi, implications for study of L. E. Rhine's case collection, 13423
methods & uses of interval & time-sampling direct observation techniques, measurement of response dimensions within well-defined time frame, 13479
microcomputer-based testing system, collection & administration & storage of data in behavioral tasks, conference presentation, 60
models of data-based consultation in student affairs organizations, 10885
need for monitoring collateral effects of leisure skill instruction, severely handicapped vs mentally retarded 12–14 yr olds, implications for multiple baseline methodology, 21714
PASCAL program, assessment of recall & recognition of general information facts & subjective certainty, 29714
police accident reports vs hospital emergency room monitoring service records, extent of motor vehicle occupant injuries, children, 23924
questionnaires vs observation methods, collection of data on behavioral mapping in unrestricted outdoor environments, pedestrians, 2810
reliability & validity of government-funded data-gathering Drug Abuse Warning Network, literature review, 14834
repeated measures on same vs different Ss, validity & reliability of investigations of study time, college students, 10850
response rates to requests for information on salaries, full-time university faculty, 5171
software & interface hardware to operate KIM-1 microcomputer as 8-channel data logger, measurement of walking activity, field crickets, 2789
survey data on mental health services, implications for assessment of federal funding of services & design of new research, 28867
survey research design using triangulation of 3 types of interviewing, development of comprehensive profile, Ss 65 yrs & over living at home, 13485
temporal stability & cross-situational consistency, personality, criticism of W. Mischel & P. K. Peake's study, 4041
think aloud method in descriptive research, 2778
training in data-based decision making, managers of community mental health center, 8207
use of home-based microcomputer for analysis of community data from reported cases of child abuse & neglect, 21697
validity of official vs self report data for offense status, birth cohort members, US, 16245
validity of qualitative data in educational research, 26940
variations in data collection procedures, results concerning public attitudes toward mental illness, 24161
videotape vs cartoon vs verbal bogus-pipeline procedures, velocity of self reported tobacco & alcohol & marihuana use, 7th graders, 16223

Data Processing
APL system, support & processing functions for file-oriented interactive data analysis, 29680
decentralized mental health reporting system, 31618
ergonomic & operator performance & cognitive aspects in use of video display terminals in electronic data processing, 18879

Dating (Social) [See Social Dating]

Daughters
age & educational level, sex role attitudes, college students vs their mothers vs maternal grandmothers, 22544
attitudes toward alcohol, male vs female college students vs their parents, 17294
characteristics of offenders & incestuous relationships, fathers & daughters vs stepfathers & stepdaughters, 28321
comparison of 2 schools of thought in family therapy, families with anorexic daughters, Italy, 20820
court affirmation of father's conviction for molestation of his deaf daughter, case law, 14375
cultural influences & patriarchical society, mother-daughter relationship, 11921
emotional reactivity, coping behavior & adjustment, 12–20 yr old daughters of mothers who underwent mastectomy due to breast cancer, 1007
family background & interaction with parents, pregnant vs nonpregnant 13–19 yr olds, Jamaica, 3603
father-daughter incest, sex role functioning & attitudes toward heterosexual interaction, female college students, 28332
incestuous relationship with father, long range psychosocial impact & self devaluation & heterosexual aversiveness, 15–23 yr old females, 6938
income level & race, childrearing attitudes & dependency, Black vs White mothers of adolescent females, 9400
Kleinian perspective on feminism & early mother-daughter relationships, 22487
need for reliable & nurturing & attuned relationship with father during pre-Oedipal period, females, 14207
privacy & legal & treatment issues, father-daughter incest, 6901
psychodynamics & treatment, father-daughter incest, 28361
relations with mothers, pregnant vs nonpregnant junior & senior high school females, 9409
seductive mother-daughter vs mother-son relationships, mothers & their 24–42 mo olds, 22490
sex role attitudes & mother's & grandmother's career statuses, career plans, female 16–18 yr olds, 3756
systems theory conceptualization of father-daughter incest, 31013
victim choice & personality traits & family history, incestuous behavior, fathers, 9776

Day Care (Child) [See Child Day Care]

Day Care (Treatment) [See Partial Hospitalization]

Day Care Centers
caregiver training, child care setting & involvement in caregiving activities, 21–30 yr old caregivers in community day care centers, 2271
child-staff ratios, quality of day care centers, 18–50 mo olds, 18212
development of cooperative child day care program at community college, 5379

history & philosophy & organizational & financial structure & programs of university child care centers, 5389
infant care center, mother-infant relationship & child development, 16 yr old mother & infant, 4894
integration, behavior & attitudes, staff of integrated day care center & physically & mentally & psychiatrically handicapped clients, 10527
involvement of university in campus child care center, 5365
milieu & activity based therapy, clients in adult day centers, 31647
model for technical assistance to partial care rehabilitation programs, 4995
New Horizons Day Program, success in reaching target group & attendance & length of participation & resolution of psychosocial & health problems, elderly, 26349
parent education in campus child care centers, 5403
rationale & operation of New Horizons Day Program, maintenance of independence & quality of life, elderly, 26350
Day Hospital [See Partial Hospitalization]
Daydreaming
daydream as nondirective method of supportive & creative psychotherapy, 10138
daydreaming & IQ, moral reasoning ability, gifted vs average 9th–12th graders, experimental replication, 980
retrospection & life review, understanding of self, 9112
Deaf
ability to transform active & passive forms in Chinese sentence structure, normal vs deaf vs retarded vs deaf mute 9–18 yr olds, China, 14603
acoustic stimulation of vestibular apparatus, generation of frequency-following response, deaf 7–19 yr olds, 20583
actual vs perceived attitudes toward deafness, deaf vs hearing adults, 9930
adapted strategies, reading education, deaf children, 15860
advantageous museum characteristics for education, deaf, 2524
application of traditional assessment methodology & assessment of reading skills, hearing impaired children, 29390
assessment & special education needs, deaf-blind children, 29341
assessment of candidacy for cochlear implants, profoundly deaf, 10339
assessment of vocationally relevant personality factors, prelingually profoundly deaf 28–56 yr olds, 2175
attachment behavior, 12–40 mo old deaf children of dual deaf parents, 31217
attitudes toward interpreters in psychotherapy, deaf clients & therapists, 1849
auditory brain stem evoked response vs conditioned orienting response testing, diagnosis of deafness caused by bacterial meningitis, infants under age 2 yrs, 8361
auditory EPs & speech & pure tone thresholds, 82 yr old female who became deaf following stroke, 1747
behavior & adjustment problems & revision of classification systems, deaf adolescents & adults, implications for treatment, 14984
beliefs about abnormality, mother-child relationship & socialization, mothers over 20 yrs old & their deaf children, Nigeria, 30649
captioned videotape vs classroom instruction vs connected prose with high vs low content structure, immediate learning performance, profoundly deaf college students, 18681
cerebral asymmetry in processing of verbal vs nonverbal signs vs manual letters, congenitally deaf, 17790
cerebral hemispheric specialization as measured by event-related brain potentials during reading, congenitally deaf adults, conference presentation, 20570
cerebral lateralization, performance on dichhaptic task, deaf vs normal-hearing children with mean ages of 10.6 & 11 yrs, 1673
circadian rhythms of carbon dioxide emission, genetically deaf vs nondeaf mice, 19424
classroom structure & student participation, attitudes toward teacher & academic achievement, deaf college students, 29352
cochlear hearing device implants, profoundly deaf, 10355
cochlear implants, deaf children, implications for education, 26257
cognitive style & task variables, assessment of reading comprehension, hearing students with mean age of 12 yrs & deaf students with mean age of 15 yrs, 15924
communication problems, development, early adolescent deaf males, implications for use of biopsychosocial approach in psychiatric intervention, 4434
communication strategies & social interactions, deaf children with early vs late sign-language experience & oral/aural training, 31233
computer-based speech training sequence with visual or tactile aids, remediation of intonation contours, 14 & 17 & 18 yr old students with congenital severe-to-profound hearing loss, 32127
contingent water mist, stereotypic responding, severely handicapped deaf-blind 15 yr old female, 26121
correction of temporal structure errors, intelligibility of speech, deaf 12–14 yr olds, 25862
current problems & attempted solutions, deafness, rural Asia, 28569
data collection methods & verification efforts & sample sociodemographics, survey response rate, deaf adults, 21718
demographics, rubella-deafened population, 4391
denial of disability & communication problems, treatment of families with deaf child, 1910
development & validition of Severely Handicapped Progress Inventory, individual program planning & progress assessment, deaf-blind Ss aged 21 yrs & younger, 11135
development of education, deaf & hearing impaired children, Denmark, 32123
development of gestural communication, deaf infants & preschoolers, criticism of S. Goldin-Meadow & C. Mylander's study, 28400
development of gesture systems, deaf vs hearing 10 mo to 4.1 yr olds, 31162
development of implantable cochlear prothesis, deaf with inner ear damage to sensory hair cells, 20665
development of residential treatment in community-based home & educational program & social support system, schizophrenic 15 yr old male with congenital hearing loss, 31627
development of sound production, socially isolated vs deafened kittens, 24610
dissemination of information according to dramatization/discussion model, deaf adults using American sign language, 15425
education & psychological services, deaf children, 32149
education services, preparation for parenting, deaf adults, 2178
educational assessment & test selection for skill & ability, profound sensorineural hearing loss children, 29359
ethnicity & SES, mainstreaming, profoundly deaf 13–14 yr olds with normal intelligence, 5325
evaluation of frequency transposing hearing aid &/or training aid, sensory neural deaf adults with high frequency losses, 23426
extra- vs endocochlear electrode stimulation, auditory perception, hearing impaired & deaf patients, 20493
eye movements, deaf vs hearing 7–19 yr olds, 1750
forms of assessment for linguistic & mental ability & development, deaf children, 29475
guidelines for effective communication in small group meetings, hearing impaired & hearing professional educators, 26497
hemispheric localization of visual-spatial vs language functions, 38–81 yr old unilaterally brain damaged deaf signers, 17792
language flexibility & creativity in sign language, deaf vs hearing 12.6–15 yr olds, 20555
learning potential training procedure, cognitive performance, high- vs low-achieving hearing vs deaf 12–15 yr olds, 21311
learning sign vs oral language & oral speech development, deaf preschoolers, 20623
listener's indication of communication breakdown, revision behavior & repetition, deaf 5.9–8.9 yr olds, 31180
manual communication, language learning & educational performance, deaf children, 14917
mathematics education, deaf elementary school students, 10808
mathematics performance, deaf & hearing impaired students from regular classrooms vs special education, 8094
medical & social & psychological aspects, deafness & hearing impairment, literature review, 12388
memory, deaf children vs adults, 1721
mental health needs & mainstreaming into normal hearing culture, hearing-impaired individuals, 20609

methodological issues in study of parental input in development of gestural communication, deaf infants & preschoolers, comments on study by S. Goldin-Meadow & C. Mylander, 28423
methodology for assessment of language &/or system most beneficial in learning academic material, deaf 6–7 yr old White females, experimental replication, 2516
methodology for electrical stimulation of auditory nerve, humans, implications for deaf, 19610
microcomputer equipment & software & training in educational programs, hearing impaired, 26663
modified alarm & pad procedure, treatment of nocturnal urinary incontinence & generalization to untreated normal hearing 12 yr old brother, deaf 14 yr old male, 20868
monopolar electrical pulses applied to modiolus vs round window, evoked single unit activity of contralateral inferior colliculus, congenitally deaf mice vs normal littermates, 16635
motivation for TV viewing, deaf college students aged 16–40 yrs, 1629
multi- vs single-channel auditory implants vs tactile aids, speech perception, profoundly deaf, literature review, 20999
multicomponent behavioral program, assaultive behavior, deaf & visually impaired 15 yr old male, 18062
mystery box modeling strategy, comprehension & use of question forms, profoundly hearing impaired 16–17 yr old students, 5338
need for linguistic study of American Sign Language in educational curriculum, self concept & academic success, deaf students, 26640
needs & rights, deaf hospitalized dying patients, implications for hospital staff, 12820
normative data for Bennett Hand-Tool Dexterity Test, hearing impaired or deaf 14–21 yr olds attending school for deaf, 13575
Oral Deaf Adults Section of Alexander Graham Bell Association for Deaf, hearing impaired individuals, 2195
Oralism vs Total Communication philosophies, educational strategies, deaf children, 2494
oral/aural vs total communication programs, development of oral vs sign English, deaf 5–8.9 yr olds, 10327
parent training, parents of deaf children, 20523
parental input, development of gestural communication systems, deaf infants & preschoolers, reply to comments by J. de Villiers & E. Bates & V. Volterra, 28435
parental input, development of gestural communication, deaf 1.3–4.1 yr olds, 28434
perception & training of tones, deaf Cantonese 7–20 yr olds, 18170
personal computers, rehabilitation & employment efforts, handicapped, 12833
personality characteristics, deaf 13–14 yr olds, longitudinal study from early childhood through adolescence, 7034
prediction for future of deaf-blind adolescents, mothers vs state coordinators, 15008
presentation of meaningful passages in print vs signed English vs American Sign Language, recall & preference & comprehension, hearing vs prelingual deaf 15–19 yr olds, 10819
principles of G. Dalgarno on education & rehabilitation of deaf, 23823
problems of deaf alcohol abusers & development of community-wide workshop on alcohol information for professionals in deaf education & rehabilitation, 15565
psychological care in hearing & speech rehabilitation, deaf children, 5025
reading vs total vs manual vs oral communication skills, severely & profoundly deaf 9–20 yr olds, 17738
recall of story propositions & inferences & written narratives, hearing vs deaf high school students, 20593
recognition task response, deaf vs hearing children with mean age of 9.6 yrs, 4496
rehabilitation & vocational planning, clients affected by rubella virus epidemic of 1963–65, implications for inservice training of professionals, 5011
rehabilitative sports, physical & psychological benefits, physically handicapped, 2196
rehearsal during delay between stimulus presentation & recall, verbal short term memory performance, 5–15 yr old deaf students, 12327
reliability of auditory function tests, 12–20 yr old severely hearing impaired vs deaf Ss, 20543
reliability of Behavior Problem Checklist, deaf 3–17 yr olds vs blind 6–21 yr olds, 198
repetition vs imagery instructions, success of paired associate learning & number of images made & content of images, congenitally blind vs deaf adults, 31211
representational development & creation of images, deaf & blind children, 1732
self control procedure, elimination of stereotyped behavior, institutionalized 15 yr old schizophrenic deaf male with severe behavior disorders, 2157
sentence contexts, word-nonword decision latency, deaf vs hearing college students, 14920
sign language acquisition & language development, infants of deaf parents, 18-mo longitudinal study, 30465
sinusoidal rotation, quantitative analysis of visual vestibulo-ocular reflex, patients with Meniere's disease vs benign paroxysmal positional vertigo vs sudden deafness, 23003
social network & personal resources & attitudes & reactions to hearing impairment, outcome of counseling program, parents of deaf or hearing impaired children, 28887
social skills training, 17 yr old deaf female, implications for educational placement, 4729
spatial decentration skills, deaf 6–10 yr olds, 4429
speaking & writing & comprehension of sentences, prelingually deaf 11–15 yr olds, implications for teaching, 4390
speech perception, speech production & auditory discrimination, profoundly hearing impaired 5–7 yr olds, 4494
speechlike vocalizations, deaf female at 8–13 mo of age vs hearing infants, implications for role of audition in metaphonological development, 20574
survey of language methods used in programs for hearing impaired, preschool through high school students, 26654
teaching behavior of deaf vs hearing teachers, perception of classroom environment, 14–19 yr old deaf students, 18697
use of qualified interpreters to protect constitutional rights, deaf criminal suspects, 17235
use of visual matching test-taking strategies in testing situations, normal vs prelingually profoundly deaf 10–18 yr olds, 20544
verbal & nonverbal communication & mime play, special education, deaf children, 10802
verbal & nonverbal maternal controls during interaction, mothers of deaf vs hearing 3–6.8 yr olds, 14938
willingness to communicate & social & cognitive & emotional development, deaf children & adolescents with hearing vs deaf parents, 1.5-yr followup of previous study, 31187
WISC-R Performance scale metrics & subtest factor loadings, deaf, implications for role of language acquisition in cultural test bias, 19037

Death and Dying [See Also Euthanasia]
abnormal grief reactions following perinatal death between 20 wks gestation through 1st mo of life, mothers, early & 1–2-yr followups, 4192
age & cause of death & length of hospital stay, medical treatment orientation & amount of work effort expended, 18–86 yr old patients who died, 28922
alcohol & fatal accidental hypothermia, Ss with mean age of 48 yrs, Sweden, 6883
all myths & religious stories through generations as monomyth, 13952
altruism as basic human trait in death studies, 4050
anthropology of death, literature review, 11896
antipsychotic drug therapy, sudden death as cardiovascular side effect, clinical preventative implications, 7409
antiseizure medication, theme of death in depersonalization phenomena & complex partial seizures, 36–67 yr old medical patients, 12638
attitudes toward need for death counseling training & confidence in providing psychosocial support to dying patients & families, resident physicians in postgraduate pediatric specialty training, 26400
belief in ancestral spirits & reincarnation, matrilineal vs patrilineal & bilineal societies, 1050
caring & intimacy & family feeling & commitment & reciprocal identity support as aspects of persistent marital tie with deceased spouse, elderly widows & widowers, 27946

clinical intervention with children's books & stories as metaphors, fears of communication with seriously ill children, families & hospital staff, 21076
concurrent & predictive validity of indicator scales for Comprehensive Assessment & Referral Evaluation interview schedule, prediction of family burden & morbidity & mortality, aged & key collaterals, 1-yr followup, 2949
confiding in others & health problems in yr following spouse's suicide or accidental death, spouses with mean age of 37.5 yrs, 6507
counseling issue of life vs death choice, families of severely disabled infants, 26303
creation of book to deal with feelings about death of family member, intact vs divorced family experiencing recent death of father, 31428
creative modes of confrontation with phenomenon of death, 1021
crisis intervention, acceptance of death of classmate, elementary school students, 15905
crisis theory, suffering & death, 12099
critique of E. Kubler Ross's theories of death & dying, 25064
cryogenics, implications for death conceptualizations in social psychology, 3987
dealing with death, learning disabled children bibliography, implications for teaching, 23849
death due to self induced water intoxication, schizophrenic patients, 20367
death instinct & death motivation, 8324
death of significant other, separation reactions & grief, distressed neighbors & family, 30939
death of young adult children in traffic accidents, bereavement, midlife parents, 1090
deaths in psychiatric hospital, child & adolescent psychiatric patients, 1970–80, Sweden, 21087
development of concept of death, 5 vs 6 vs 7 vs 8 vs 9 yr olds, 22329
development of Interaction of Dying Measurement, assessment of relational conclusion, adults, 19056
development of irreversibility & nonfunctionality & universality components of death concept, 2–20 yr olds, literature review, 9235
dominance status & sex & fighting & fleeing behaviors, death caused by uremia, field voles, 21905
early parental loss or separation, natural mother–child relationships & outcome of replacement care & mental health, 40–49 yr old females whose mothers died before age 11 vs evacuation from mothers during WW II vs separation for other reasons, 25284
effectiveness of counseling, grief & bereavement & dying, literature review, 26309
effects of replacement of dead child through conception of another child, parents & growing child, 17923
emotional health, bereaved parents 5 yrs after death of 0–12 yr old child, Israel, 25305
epidemiology of urban drug-related deaths, 1965–80, 20398
estate planning, parents of learning disabled, 1584
ethanol & quinine levels as revealed by toxicologic analysis of postmortem blood, heroin related-death epidemic, US, 1976–1982, 22863
existential-behavior therapy in relation to phenomenology & death & freedom & isolation & meaninglessness, 49 yr old female & 31 & 34 yr old males, 20838
experiences following death of student, preschool teachers & their 3 yr old students, 5314
expressions of death & rebirth, manifestations of collective unconscious, 16 yr old during depressive crisis, 14689
factors & treatment issues, bereavement for deceased child, parents, 28577
false keys & postmortem tests for survival of identity, 13402
family & religious network, denial of death & dying, 45 yr old Black female with terminal metastatic cancer, 12732
family interaction patterns, members of families that had experienced death of child, 25285
flupenthixol decanoate therapy, sudden death, schizophrenic 29 & 25 yr olds & 23 yr old female who attempted suicide, 15332
geometric activity, subjective telepathic experiences concerning death & sickness, 26876
grief counseling, mentally retarded clients, 26297
grief reactions to impending death of psychiatrist, patients, 20751
grieving patterns & psychosocial functioning, families of neonates whose life support was withdrawn, 27958
guilt & sexual intimacy after death of child & need for replacement children, couples, 19994
histories & court decisions, right to privacy & prolongation of life & patient competence, K. Quinlan vs C. Conroy, 11941
hypocholesterolemia, mortality from cancer & other physical illnesses, mentally handicapped adults, 17674
illustrations of observations & theories about dying process in short stories, 6681
impact of death of group member, group of breast cancer patients, 17996
implications of modern nuclear war & possibility of species annihilation for Freud's theories of death & individual human instincts toward war & peace, 26886
integration of death related content pertaining to elderly into academic curricula, educational gerontologists, literature review, 21284
international patterns of death from non-war violence, 1–64 yr olds, 1950–78, 27890
interrelationship of pre- & post-death periods of grief, 12047
intervention strategies, coping with teacher's sudden death, latency-age 3rd graders, 32080
intervention technique for coping with bereavement following accident involving multiple deaths & no survivors, military personnel, 28636
kibbutz vs urban setting, prevalence of grief reactions & behavioral symptoms following death of father due to war, 2–10 yr olds, Israel, 30514
killing of American nuns & lay volunteer in El Salvador in 1980, risk of death in prophetic ministry, 14271
life review workshop, denial of death & reminiscence, Ss with mean age of 74.6 yrs, 11672
loss of parent by death & age at time of loss, depression, patients of general practitioners, 14626
love themes & near death accounts in relation to works by C. Dickens & V. Hugo & T. Wilder, 16839
meaning & uses of word "death", 3553
MMPI assessment of psychlogical health, young adults who experienced death of parent prior to or during age 6 vs between ages 12–18 vs those who had not experienced death of parent, 1327
multifamily group therapy, impending death within family unit, 7310
need for familial support & coping techniques for optimal enjoyment/well-being, terminally ill children, conference presentation, 31361
needs & rights, deaf hospitalized dying patients, implications for hospital staff, 12820
nursing intervention, crisis of mate loss, aged, 12726
out-of-body experiences as hallucinations caused by traumatic events surrounding near-death, 26866
outcome of bereavement, 1st degree relatives with expected vs unexpected death of family members, 8-yr followup, 28094
overdose of amitriptyline, sudden death following apparent recovery, 34 yr old female, 15274
parent loss through abandonment vs divorce vs death vs illness & institutionalization & foster care, 13 & 17 yr old females, implications for psychodiagnosis & treatment, 23480
parental death in childhood & demographic characteristics, subsequent depression as adult, literature review, 6865
physical & psychological & spiritual care in hospice movement, 31623
place of death & social & demographic & hospice characteristics & days in hospital, elderly patients who died at home vs returned to facility where they died, 12682
preference for dying at home, Mexican Americans vs Whites, 19971
premature mortality & neurosis, conference presentation, 28260
prenatal loss of father as maternal stress during pregnancy, incidence of psychiatric disorders, 57-yr longitudinal study, 9663
principles of intervention, assistance for expression of inner experiences & concerns about illness & death, seriously ill children, 31280
prior expectation of death & participation in funeral arrangements, grief adjustment, primary survivors, 20138
problems & consequences of death of psychoanalysts, 17952

psychiatric diagnosis & cause of death & suicide verdict, psychiatric inpatients & expatients who died unexpectedly, conference presentation, 25675
psychoanalytic perspective, social work intervention in grief & mourning process, parents, 12790
psychological factors contributing to asthma death, children, literature review, 9929
psychosocial influences on mortality, 30–69 yr old male survivors of myocardial infarction, 20592
psychosocial stress & cardiac mortality, implications for diagnosis & treatment, 20512
psychosomatic aspects of medical illness & psychological reactions to terminal illness & death & dying experience, 1634
reactions to bereaved survivors following suicidal vs accidental vs natural death, Ss with mean age of 20.5 yrs, 4284
reactions to death of adult child from cancer, parents, 1720
retrospective analysis of home care hospice program, 48–88 yr old patients, 7520
risk factors, suicide & homicide & accidental death, 13–15 yr old delinquents who died violently, 4323
role in prevention of alcohol-related violence, physicians, 31840
self hypnosis, self efficacy & mourning & relaxation, 20 yr old female college student whose father died, 15351
shift of dying experience from moral to technical order & restoration of spiritual growth during dying process, implications for medical personnel, 12825
so-called "lethal catatonia", schizophrenics, 4167
social work services, distress from pet illness or death, 12–83 yr old pet owners, 4-wk followup, 2133
stages of dying & grieving process in terminal illness, oncologist whose wife died of cancer, 14573
structural relationships & degree of meaningfulness in word associations, concept of death, college students, Puerto Rico vs US, 17393
sudden death following antipsychotic drug use, reply to R. J. Moldawsky's criticism, 31492
sudden death following antipsychotic drug use, acutely psychotic 44 yr old female, criticism of R. P. Brown & J. H. Kocsis's study, 31520
sudden death of spouse by suicide vs natural or accidental causes, social adjustment, 19–58 yr old widows, 2-yr followup, 25443
sudden violent death in family, evaluation of psychopathology in survivor requesting compensation, psychiatrists giving testimony, 30976
symbolism & moral meaning of N. Hawthorne's "The Scarlet Letter", 13961
symbolism of death, later Middle Ages, 19937

zest for danger & risk taking & death instinct, mountain climber, 2613

Death Anxiety

age & gender & religion & undergraduate major & current area of study, Death Anxiety Scale scores, 1st-yr medical & graduate students, 26422
age & sex & education & race & length of stay & functional ability & subjective health, locus of desired control, nursing home residents with low vs high death anxiety, 28098
age & social desirability & repression-sensitization & direct measures &/vs indirect measures, death anxiety, college students, 28077
age denial & other factors, death anxiety, community residents vs institutionalized Ss with mean age of 75.5 yrs, 14128
age, denial of fear of dying, college students vs aged vs nurses aides, 17405
concept of anxiety neurosis & psychosis & castration & death anxiety, implications for therapy, 22707
creative modes of confrontation with phenomenon of death, 1021
cultural differences & sex & age, scores on Templer/McMordie Death Anxiety Scale, elderly vs 9th–12th graders vs 30–45 yr old males vs college students, US vs Australia vs India vs Canada, 4064
death anxiety & introspection & search for identity in myths & legends, 28090
death anxiety & psychosocial functioning, 1st-yr medical students, 5148
death anxiety & purpose in life, persistence in hospice program, trained & experienced volunteers, implications for selection of hospice volunteers, 5067
death anxiety, 3–4 vs 7–8 vs 10–11 yr olds, Israel, 978
death anxiety, 6–10 yr olds with leukemia, Hong Kong, implications for psychological treatment of terminally ill children, 4476
defensive characteristics & religiosity & conscious fear of death, Jewish college students, Israel, 30599
defensive style & Jewish religiosity, conscious & preconscious & unconscious death anxiety, college students, Israel, 6689
demographic characteristics & religiosity & belief in afterlife & death anxiety, college students, 6652
development of multiple personality as defense against real or fantasized death threat, 9684
didactic vs experiential vs non-conscious educational programs, reduction of death anxiety, female nursing students, 29088
factors related to death anxiety, 60–89 yr old community & institution residents, 6408
fear of death & belief in afterlife & response latencies to death vs neutral words, 18–56 yr olds, 20148
fear of death & religious commitment, 18–30 yr old Jewish males, Israel, 27909
genital retraction syndrome of Koro, insular Southeast Asia, 12151
high vs low level of actualization & integration, death fear & anxiety, college students, 20156
lesson series on death & dying, death anxiety & attitudes toward aged, high school students, 15750
locus of control & death anxiety, 1st-yr medical students with mean age of 24.7 yrs, 15657
locus of control & level of conflict as correlates of immortality orientation, 35 vs 45 vs 55 vs 65 yr old college professors, 6682
meaning of threats of loss of life or loss of bodily integrity, severely ill 18–90 yr olds, 28514
music therapy, treatment of anxiety & fear, terminal cancer pediatric patients, 15038
reliability & means & standard deviations for Death Anxiety Scale, college students vs funeral directors, 196
religion & age & sex, death anxiety, Indian high school & university students, South Africa, 16878
religiosity, death anxiety, 40–59 yr old males, 4043
religious commitment, death anxiety, students of theology vs other disciplines, 6457
sex & androgyny dimensionality, fear of death, college students, 28092
sex role orientation, death anxiety, 40–59 yr old males, 4044
symposium on death & dying, death anxiety, college students, 4906
theories of M. Klein & S. Freud on anxiety & death instinct, 16207
Type A behavior pattern & fear of death & manifest anxiety, male vs female college students, 1317
validity of sentence completion method in assessment of death anxiety, conscious & covert death anxiety, female vs male 19–64 yr olds in death-related vs non-death related occupations, 6674

Death Attitudes

age & anxiety & cognitive ability, perception of death in humans & animals, 6–11 yr olds, 25130
age & sex & religion & personality, death attitudes & imagery, Ss aged 18 yrs & older, 14556
attitudes & practice toward newborn death, funeral directors, 5430

attitudes toward death, college students, Nigeria, implications for counseling & counselor training, 30593
attitudes toward death, 15–22 yr old secondary school students, Senegal, 3754
attitudes toward life & death, suicidal vs chronically ill vs normal 6–12 yr olds, replication & extension of study by I. Orback et al, 14609
attitudes toward religion & death, female vs male public health graduate students, 7767
attitudes toward university-sponsored death & dying symposium & its effects, 18–58 yr old college students & faculty, 21298
belief in ancestral spirits & reincarnation, matrilineal vs patrilineal & bilineal societies, 1050
creative modes of confrontation with phenomenon of death, 1021
critique of E. Kubler Ross's theories of death & dying, 25064
death attitudes & fiction, criticism of A. Kellehear's article, 6420
death attitudes & role of psychiatrist & psychopathology & interactions with family & hospital staff, hospitalized terminally ill patients with lung cancer, 31725
death education puppet program, prevention of suicide, elementary school students, 21289
defensive characteristics & religiosity & conscious fear of death, Jewish college students, Israel, 30599
development of irreversibility & nonfunctionality & universality components of death concept, 2–20 yr olds, literature review, 9235
empathy & death expressions in therapy group, parents of hospitalized soldiers with noncombat psychiatric disorders, Israel, 18004
factors in preference to die at home vs in hospital, community residents aged 18 yrs & older, 14594
fear of death & belief in afterlife & response latencies to death vs neutral words, 18–56 yr olds, 20148
high vs low level of actualization & integration, death fear & anxiety, college students, 20156
life review workshop, denial of death & reminiscence, Ss with mean age of 74.6 yrs, 11672
locus of control, recall of death related vs neutral words, college students, 25450
mental devices & coping strategies, traumatic neurosis, combat pilots, 18840
motives for & meanings of social practices & psychoanalytical & historical meanings, denial of death, criticism of A. Kellehear's article, 6426
pictorial & verbal depiction of meaning of death, 4–8 yr olds, 14118
principles of intervention, assistance for expression of inner experiences & concerns about illness & death, seriously ill children, 31280
psychological explanations vs sociological phenomena, death denial & death related social practices, response to criticisms of C. M. Parkes & R. Williams, 6416
religious commitment, death anxiety, students of theology vs other disciplines, 6457
review & refutation of thesis of modern societies as death denying, literature review, 6417
thanatophilia & genital organization & death instinct, 1345

Death Education

attitudes toward body disposal preferences, college students, implications for death education, 5296
attitudes toward need for death counseling training & confidence in providing psychosocial support to dying patients & families, resident physicians in postgraduate pediatric specialty training, 26400
attitudes toward university-sponsored death & dying symposium & its effects, 18–58 yr old college students & faculty, 21298
dealing with death, learning disabled children bibliography, implications for teaching, 23849
death education as liberal art, 15772
death education, medical students, 23682
death education, preclinical medical students, 12885
death education puppet program, prevention of suicide, elementary school students, 21289
didactic vs experiential vs non-conscious educational programs, reduction of death anxiety, female nursing students, 29088
lesson series on death & dying, death anxiety & attitudes toward aged, high school students, 15750
preparation & presentation of lecture on death & dying, 12744
symposium on death & dying, death anxiety, college students, 4906

Death Penalty [See Capital Punishment]

Death Rate [See Mortality Rate]

Death Rites

attendance at funeral or memorial service for sibling, behavior problems, 4–16 yr olds, 14185
attitudes & practice toward newborn death, funeral directors, 5430
attitudes toward body disposal preferences, college students, implications for death education, 5296
prior expectation of death & participation in funeral arrangements, grief adjustment, primary survivors, 20138
psychosocial factors, Sati or widow burning as sacrificial suicide, India, 1535
public grieving at death through wake & funeral & commitment service & feast & Giveaway, Native American male, 14266

Decarboxylase Inhibitors

apomorphine vs dopamine vs levodopa & carbidopa, prolactin concentration in blood serum, remitted vs exacerbated vs chronic schizophrenics vs personality disorders, 20252
carbidopa, urinary phenylethylamine excretion & improvement, 30 yr old female with bipolar affective psychosis, 7459

Decarboxylases

administration of phenylethylamine & MAO inhibitors & dopa decarboxylase inhibitor & phenylalanine load, phenylacetic acid excretion, chronic schizophrenic & unipolar depressed patients, 6795

Deception [See Also Cheating, Confabulation, Faking, Malingering]

ability to understand sincere vs deceptive vs sarcastic remarks, 6 vs 9 vs 13 yr olds vs college students, 9169
age & projection, understanding self centered vs altruistic deception, 5.5–6.5 vs 7.5–8.5 yr olds, 30552
concept of transparent mind & self deception & cerebral dominance, 28099
confirmatory vs disconfirmatory strategies, problem solving on Wason's 2–4–6 inference task, replication of P. C. Wason's studies, 24460
debriefing, perception of harmful effects in deception experiment, research participants, criticism of article by S. S. Smith & D. Richardson, 16257
debriefing, perception of harmful effects in deception experiment, research participants, reply to criticism by Z. Rubin, 16264
deception methodology in social psychology research vs role playing & choice technique, conformism, 24–28 yr olds, replication of E. Asch's study, 26957
degree to which one thinks one knows others, degree to which one thinks one is easily known, college students, 30813
detection of malingering & admissability of expert testimony & clinical procedures, 1095
detection of psychological malingering & deception in forensic settings, 20028
dispositional attribution vs lie detection set as anchor, detection of deception & leakage, college students, 1260
early & current applications of lie detectors, literature review, 1133
electrodermal habituation rates, detection of deception, college students, 8830
ethical & legal issues, use of deception to achieve placebo effect, 21185
face vs body presentation & speech characteristics, detection of deception, prospective college students & Ss with mean age of 23.7 yrs, 12027
false pretense & deviant exploitation, non-Gypsy fortune-tellers, 1507
fraud & dishonesty in sciences, 2275
heuristic vs social psychological models for detection of malingering & deception, 1562
hypnosis, forensic detection of deception & malingered psychiatric disturbances, 1156
innocence & crime-relevant information, classification of guilty on Guilty Knowledge Test, college students, 27436
limitations of defamation & privilege as defense in legal action against psychologists, England, 18467
making & breaking lies in pastoral care in modern mass schooling, high school students & teachers, 10893
male domination & sexist society & "telling it slant" as communication device, females, 27690

manipulation of Remote Associates Test item difficulty, feedback on actual performance, college students, 172
physical countermeasures, physiological detection of deception, college students, 13834
psychological assessment, factitious claims & compensation for injuries related to trauma, 1164
ratings of word similarity in context of deception, college students, implications for broadening deception construct, 3995
reasons for deviant responses to Grayson items of MMPI, psychiatric patients, 28255
routine use of Gough's Revised Dissimulation Scale & Wiener & Harmon's Obvious/Subtle subscales, supplement to MMPI validity scales, prisoners who simulate psychological problems, 13570
self reported psychopathology & errors in recognition of recorded voice of self vs familiar other as evidence of self deception, reply to W. Douglas & K. Gibbins's criticism, 22770
self reported psychopathology & errors in recognition of recording of own vs familiar other's voice as evidence of self deception, reply to H. A. Sackeim & R. C. Gur's reply, 22705
sex & attractiveness of target person, nonverbal & verbal success in pretending to agree or disagree with target person, male vs female college students, 22576
unconsciousness & untruth & self deception, human existence, 18933
validity & utility of psychophysiological lie detection, 16688
Decerebration
isolation of cerebral cortex from subcortical structures, sleep-wakefulness cycle, cats, 6071
peripheral tissue injury, long term excitability & thresholds of flexion reflex, decerebrate rats, implications for studying chronic pain, 6090
Decision Making [See Also Choice Behavior, Group Decision Making, Management Decision Making]
academic & social factors in grouping students for reading instruction, elementary teachers & student teachers, 7863
analysis of think-aloud decision process, preselection of graduates based on application forms, recruiters from transport & computer & manufacturing organizations, 13277
analysis of traditional decision making theories, 16440
application of evolutionary models to decisions made during object possession conflicts, 47–83 mo olds, conference presentation, 30553
articulating schematic interpretations as accounts for verdict choice & persuasion, jurors, 20018
assessment of vocational decision-making problems, 17–44 yr old rehabilitation clients, 28970
attitudes & competence, participation in psychoeducational decisions, 7–20 yr old students with learning & behavior problems, 21448
attitudes toward capital punishment, decisions regarding guilt vs innocence, juries, 11930
attitudes toward parenthood, decision to remain childless, couples, Scotland, 27928
attitudes toward structure & management of decision to have surgery, orthopedically disabled adolescents & their parents, 12340
authoritarianism of juror & process of death qualification & bifurcated trials, bias to convict & severity of penalty, juries, 11949
autonomy & family cohesiveness, decision making, female vs male 15 yr olds from varied SES, 17087
available alternative opportunities, withdrawal decisions in labor market, 21605
behavioral research, design & use of decision-making assistance computer software, 8362
betting model of methodological decision rules in empirical research, conference presentation, 21704
binary relations, decision making under uncertainty, 19158
Brownian motion model of decision making processes, 8454
carbamazepine vs phenytoin, memory & word list learning & delayed recognition of pictures & visual tracking & decision making & mood, 13–66 yr old epileptics, 12618
cardinal utility of outcome vs utility of value, decision making, 16437
catalytic conceptual tool to facilitate decision making with regard to effective drug abuse intervention, 15562
characteristics of & procedures for studying decision making processes, 13679
choice points, career decision making, 10918
choices, post-decision regret & dissonance-reduction behavior, 5–8 yr olds, 11730
cognitive maps & conceptions of causes of past vs future inflation & unemployment & consequences, professional decision makers, conference presentation, 21876
cognitive style, political ideology & consistency of voting, US Supreme Court justices, 1964–78, 22535
commitment & purchasing decisions, sales people, 26843
common & repeat purchases, consumer decision making, 18–54 yr olds, 13379
components-discriminant function analysis, intake decisions, clinicians at urban community mental health center, 15415
components of research on decision making under risk & behavioral decision theory, literature review, conference presentation, 21877
computer applications & attitudes toward computerized drug review system, clinical psychiatrists, 16262
consistency & detail of schema of criminal types, treatment & prognostic judgments, probation officers, 23566
consistent & contradictory evidence in texts, decision making & recall & recognition & memory, college students, 24483
content & structure of value tree representations, decision making, psychology graduate students, conference presentation, 21869
context effects, stochastic decision making, 22–25 yr olds, 8556
coparticipants' consent decisions, decisions to consent to experiment involving risk of moderate electrical shock, female vs male college students, 30775
cue validity & cost, information search in judgment tasks, college students, 8539
curricular intervention, sex role flexibility & decision making & academic achievement, 6th–8th graders, 18592
curriculum on discussion of nuclear arms race & other controversial issues, high school students, 7938
databases, program evaluation & educational improvement, 11074
decision making & aspirations & media preferences, out-of-school 16–24 yr olds, rural Philippines, 25061
decision making & perceptions of conjugal power, Francophone spouses, Canada, 6498
decision making & risk taking & psychological time, literature review, 347
decision making behavior, adaptation of strategies to task characteristics, 6th graders, 19823
decision making process & RT, paranoid vs nonparanoid schizophrenics, 1435
decision making styles & problem solving appraisal, college students, 5794
decision process & adaptation to retirement, females, literature review, 5439
decision space structure, post decisional confidence, college students, 16461
decision strategies & event probability & time allotted to complete response, response time & positional changes, sports players, 16000
decision to provide vs withhold mechanical &/vs chemical restraint &/vs use of alternative methods, nurses responsible for care of geriatric patients, 7694
decision tree, coping with pediatric behavioral problems, pediatricians, 12701
decision types in structure of perceptual product space with multiattribute rating data, consumer research implications, 29580
decisional balance sheet of incentives, prediction & assessment of smoking cessation, current & ex-smokers, 23613
decisional competencies & expert resolution problem in uncertain dichotomous choice model, 29930
defendant's prior record, assessment of credibility & guilt, mock jurors, 20043
definition of requisite decision model of problem solving in business & social sciences, conference presentation, 21868

degree of disability & behavior problems & age of disabled person & external stressors & other factors, request for out-of-home placement vs increased services for developmentally disabled member, families, 14871
desire for decision-making autonomy in organizational settings, individuals, 29556
development & implementation of district-wide instructional information systems, 13069
development of decision support systems, problem recognition & situation assessment & decision making, implications for military personnel, 8149
development of short-answer questionnaire, evaluation of US Air Force tactical decision-support system prototypes, substantive experts, 26979
dialectical inquiry vs devil's advocate approach of inquiry, performance in business environment, college students & managers, 32256
distortion of information in favor of tentative decision, action- vs state-oriented college students, 5765
divergent values & decision making models, interdisciplinary miscomprehension in psychiatry & law, 31875
early socialization & needs & operational code beliefs & decision making behavior, President J. F. Kennedy & Secretary of State D. Rusk, 20038
empirical & theoretical relationships between value & utility functions in models of multiattribute preferences, conference presentation, 21783
encoding & decision processes, rate of mental rotation, college students, 8541
evaluation & use of criteria for assessment of scientific claims in advertising, 7th–8th graders, 27782
expectation & intention & action in retirement, nonfaculty college staff aged 58 yrs & older, 2621
expert & knowledge-based systems & decision technology, conference presentation, 21701
explanations for decision to accept or reject early retirement option, university faculty, 29131
expressed intentions vs actual fertility rate, females from National Fertility Survey, 5-yr followup, 27949
factors in deciding what to do in future, 9th graders from small town, 1967 vs 1979, 19925
factors in decision to return to batterer vs live apart, 20–49 yr old females leaving battered women's shelter, 20397
feminism & philosophical justification for choice not to be mother, 27998
foreign policy decisions & structures of argumentations, 1900–55, Netherlands, conference presentation, 22529
geographic & social & economic factors, retirement migration decision making, 55–64 yr olds, 13999
hedonic tone of words, decision time, college students, 3067
hemispheric lateralization, decision stage in choice RTs, reply to G. Heister & P. Schroeder-Heister's criticism, 8834
hemispheric specialization, decision in RTs, criticism of study by E. Bisiach et al, 8790
heuristics, development of decision aids used for structuring decision problems, 8359
highly publicized news events, juror decision making & courtroom trial outcomes, college students & registered voters, 1116
holistic effects in social control decision making, 1105
identification of problem space, prediction of decision making responses, college students, 13683
implementation of dilemma counseling approach to organizational behavior classroom setting, decision making, college students, 1-yr longitudinal study, 32197
independent action & optimality of voting decisions, 30700
inductive vs deductive approach, decision making, implications for man machine systems, 29564
information search & computerized decision aid in choice of holiday destination, human Ss, conference presentation, 21852
information search process, decision making & health behavior, clients, nursing implications, 15378
inservice training course in interactive decision making, classroom interactive decision making, elementary school teachers, 15712
institutional research function & decision making process in higher education, literature review, 15695
instrumental vs conceptual models, evidence & knowledge & decision making, educators, 13002
interaction with computer & information search & evaluative processes in decision making, 20–40 yr olds, conference presentation, 21854
interest & decisional power, judgments of risk & benefit concerning hazardous materials, conference presentation, 21864
involvement & interest & expertise in decision making issues & job satisfaction, high school teachers, 13011
item answering strategies & decision making skills, mastery of multiple-choice items, 21779
Jungian personality dimensions, decision making & conflict-handling behavior, college students, 9534
jury nullification instruction, verdicts & jury functioning in criminal trials, jurors, 20019
jury sex & authoritarianism & ego level, deliberation style & problems during deliberation, college students, 17209
knowledge of failure odds & smoothed outputs, human failure detection in dynamic systems, college students, 24044
lack of awareness of noncontingent feedback in video game play, performance on lexical decision task & production of learned helplessness, college students, 3117
legal vs extra-legal factors, pretrial release decisions, state criminal defendants, 1140
life change events & family & social support, decision making, 14–18 yr old pregnant females, 9089
locus of control & group opinion, individual judgment & time to make decision, college students, 4083
logarithmic least-squares approach to T. L. Saaty's scaling method for priorities in hierarchical structures, 19123
main theorem & 8 corollaries that summarize & generalize existing results of optimal aggregation of expert judgments under uncertain pairwise choice situations, 30791
manifestation of cognitive dissonance & psychological reactance in decision making situation, 10–12 yr olds, 6227
mechanics of airborne decision making & judgment, pilots, conference presentation, 21650
mental workload construct theory vs decision making model, supervisory control of flexible manufacturing system, college students, 26826
method of weighing qualitative preference axioms in normative Bayesian decision theory, 19119
Miranda warnings, legal decision making, college students acting as legal advisors to potential defendants, 22494
misperception, collective decision making behavior in legislative settings, implications for social psychology rational choice theory, 17317
model of individual decision making vs political processing under certainty, public officials & interest groups & industrial representatives, implications for government policy making, conference presentation, 22517
motivational state of psychological reactance, effective control relinquishment, male college students, 17355
multi-attribute utility model & sentencing decision making, magistrates, conference presentation, 22518
multiple objectives of gambling, experienced blackjack players, implications for decision research, conference presentation, 21878
mythology of complexity of legal decision making, 14406
needs & perceptions during placement decision making, 46–65 yr old offspring of nursing home patients, 10473
negotiation as judgmental process, 17319
normative expectations & individual decisions, media gratification choices, college students, 16819
number of supporters vs supporting arguments, vote switches during deliberations, college student mock jurors, 11951
organizational decision making & outcome perception, comments on theory of J. R. Harrison & J. G. March, 8224
organizational decision procedures, service-oriented business, 8227
organizational structure & decision making processes, job performance & satisfaction, personnel in national manufacturing & insurance firms, 29549
panel discussion of what constitutes a good decision, theorists, conference presentation, 21857

parental social deviance & desire to change & relationship with child, decision making in child neglect cases, protective service workers, 31616
passage of time & reversibility of decision, attractiveness of alternative, 15–19 yr olds, implications for dissonance theory, 30434
performance on sensorimotor tasks of varied difficulty, reaction of cardiac rhythm evoked by motor response or acoustic stimuli, college students, 3332
planning & decision making in cognition, storage & retrieval of information, trainable mentally retarded with mean age of 14.8 yrs, 14-wk followup, 1585
presence vs absence of TV cameras in courtroom, recall of evidence & verdicts & awards, community adults with mean age of 35 yrs, 11937
presentation of homophones vs homonyms, decision time, college students, 3068
principles of variable competence & decision making, children, 6239
prior decision making experience & accuracy of information source, decision making, managerial accounting students, test of normative vs alternative models of information evaluation, 21872
problem framing & presentation, individual decision making & organizational behavior, 8218
procedures for decision making, release of prison "lifer", England, 15541
process of selecting & integrating & combining data for making expert decisions, high school guidance counselors, 21493
proposal of dependency rule & medical indications policy as alternatives to autonomy criterion & quality of life, decision-making in care of elderly patients, 28591
psychiatric opinion & externally visible facts & judges' attitudes, civil commitment decisions, 1120
psychometric &/vs individual bias, special education decision making, 15861
racial or ethnic stereotype of perpetrator of job related or criminal infraction, punishment recommendations & recall of information, college students, 20103
rank & self expression & participation in decision making & career factors, job & specialization involvement, Army officers, Australia, 26800
rank-order vs self report vs statistical decision vs legal explanation of decision approaches, quantification of decision criteria for reasonable doubt determination by jurors, college students, 27963
rationale for decision making, college students, West Germany, 13680
reasoned action & decision to drop out of high school, 10th graders, 26615
reasoned action theory by T. Ajzen & N. Fishbein, consumer coupon usage, households, 13391
reliability & validity of conflict arousal scale, examination of role of conflict in family decision making, partners, 11187
reported satisfaction levels & less conscious affect regarding career decisions, 16–27 yr old Orthodox Jewish females likely to experience conflict between sex role traditions & concept of equal opportunity, 17273
reward probability variation, choice behavior, college students, 5773
risks & incomplete knowledge, decision making, application of decision theory analysis based on expected utility, 3089
rules governing individual vs group decision making in natural situation, college students, 27141
salary increments with vs without increased staff autonomy & with vs without participation in decisions, job satisfaction, 19–63 yr old youth care workers, 24028
satisfaction-balance model of decision making & choice behavior, 9512
satisfaction with decision to continue vs terminate pregnancy, unmarried adolescents 6 mo after delivery or abortion, implications for pregnancy counseling, 16862
selection of additional instructional options, field dependent vs field independent 7th graders in computer-based concept lesson, 13034
sexual experience & positive affect & pressure & arousal & circumstances, premarital sexual decision making, male vs female college students, 25358
situational aspects, perceptions of industrial buying center influence, purchasing agents of large industrial manufacturing firms, 13322
situational factors & type of neighborhood, decision to arrest in interpersonal disputes, police officers, 14416
standards & role in health care decisions for terminally ill aged, family members & physicians, 31607
stereotypical responses to diagrammatic analogues of intersection & overtaking decision problems, college students & automobile club members, 18768
strategy utility knowledge, decision making regarding strategies for vocabulary learning, 4th–7th graders, 11757
structure of conflict behavior & systemic war, crisis decision making, 11849
student temperament characteristics, classroom management & placement decisions, elementary school teachers, 8029
subjective-expected utility model vs decision-rule analysis, decision to work following childbirth, female college students, implications for occupational counseling, 21546
support for citizen involvement in health planning, health care professionals vs general public, 7525
systematic decision making, grade retention for elementary school students, school personnel, 13019
task importance & visual &/vs auditory presentation mode & cue order, probability judgments, 23–56 yr old auditors, 21870
time-constrained environment, operator behavior & decision making, college students, 32327
time pressure & compensatory vs noncompensatory decision process, postdecisional confidence, student nurses, 27159
trial delay, bias in decision making, jurors, 20034
Type A vs Type B behavior, time perception for decisions when time is invested resource, college students, 28118
utilities assigned to alternative consequences of errors & Bayesian decision making model, analysis of clinical inferences & decisions, 18404
weighting of unfavorable information & nature of causal attributions in job interview, decision making in personnel selection, 26759
Decoding [See Human Information Storage]
Decortication (Brain)
brightness discrimination task learning & posterior visual decortication, postoperative retrieval of memories of previous learned behavior, male rats, 30187
decortication with vs without hippocampectomy, place learning vs cue learning in navigation, rats, 714
deprived vs enriched environment following adult vs neonatal hemidecortication, acquisition of spatial mapping task, rats, 27540
functional hemidecortication, cerebral plasticity, 4–28 yr olds with gestational vs neonatal unilateral infarction vs malformation, 20481
partial removal of primary somatic sensory cortex, tactile discrimination capacity, infant & juvenile macaques, 24759
total removal of primary somatic sensory cortex, tactile discrimination capacity, infant & juvenile macaques, 24760
training, conditioned tactile placing of forelimbs, cats after spinal cord hemisection & unilateral neo-cortication, 11575
Deductive Reasoning [See Inductive Deductive Reasoning]
Deer
animal behavioral studies, captive management, swamp deer & lemurs & drill, 24531
high density environment & artificial feeding, synchronization of activity, adult deer, 8710
maternal dominance, ratio of males born & breeding success, deer, 433
parental investment & decreased nutrition & sex differences, mortality rate, juvenile deer & other mammals & birds, 29983
reproductive success of red deer, Scotland, 12-yr longitudinal study, 19353
social behavior & home range & territoriality, territorial vs nonterritorial male sika deer, 521
spatial & temporal aspects of mating systems, male kudu & red deer, 8714

Defecation
breed type & sex & degree of human control, defecation & urination, dogs in urban environments, 5859
locomotion & urination & defecation & vocalizations in open field apparatus, gardendormice from birth through 30 days old, 8732
physiology of defecation, implications for diagnosis of encopresis, 4489
triple test-cross study & genetics, open field ambulation & defecation & rearing-up activity in nonstressful environment, wild rats, 3256
Defendants
capacity to participate in criminal justice system, mentally disabled criminal defendants, case law, 3885
characteristics & dispositions & subsequent arrests, 16–71 yr old defendants who had entered insanity plea, 1967–68, 17642
competency to stand trial in felony cases, 1973–76, 1119
compliance with mediated vs adjudicated outcomes, defendants in small claims court, 3932
defendant & offense variables, prediction of pretrial misconduct, defendants, 25669
defendant's eye contact & speech errors & nonverbal fidgeting behavior & anxiety, perceived credibility & guilt, jurors, 14411
District of Columbia court ruling on rights in psychiatric examination, defendant in murder case, case law, 14327
hypnosis, criminal defense testimony, 22–54 yr old defendants, 22520
Interdisciplinary Fitness Interview, assessment of competency to stand trial, pretrial defendants, 1115
legal vs extra-legal factors, pretrial release decisions, state criminal defendants, 1140
perceived injustice, dissatisfaction with legal authorities, traffic & misdemeanor court defendants, 3945
prediction of probability of defendants' competency to stand trial, mental health professional treatment team, 12889
prior record measures, sentencing, male felons, 14420
protection of rights of hearing impaired mildly mentally retarded defendant & attorney-client confidentiality, case law, 3867
psychiatric examinations to assess mental states, violation of privilege against self incrimination, defendants, case law, 3862
psychotic & delusional perceptions of pet animals, adult defendants accused of violent crimes, 17608
restriction of psychiatric testimony during guilt phase of trial on murder defendant's state of mind during crime, case law, 3878
right to psychiatric examination, criminal defendants, case law, 3861
seriousness of offense & prior record & defendant's courtroom demeanor, bond dispositions, 25339
use of qualified interpreters to protect constitutional rights, deaf criminal suspects, 17235
Defense Mechanisms [See Also Compensation (Defense Mechanism), Denial, Displacement (Defense Mechanism), Fantasy (Defense Mechanism), Identification (Defense Mechanism), Introjection, Projection (Defense Mechanism), Rationalization, Reaction Formation, Regression (Defense Mechanism), Repression (Defense Mechanism), Sublimation, Withdrawal (Defense Mechanism)]
abuse in childhood, subsequent massive defensiveness, adult male patient, implications for parallels in G. Orwell's "1984" & autobiography, 28355
adaptive processes of coping & defending & mastery, 14586
anger-aggression & implausibility depicted in stimulus narratives, visual image failure vs substitution & defense mechanisms, 17–29 yr olds, psychotherapy implications, 17390
capacity to be alone & transitional objects & moral culpability, theory of D. W. Winnicott on paradoxical defenses, 13468
client defense mechanisms & therapist's attitudes, treatment, gay & lesbian alcoholics, 23592
concept of time & unconscious defense mechanisms, psychological status, elderly, 1015
conceptualizations of homosexual behavior which preclude homosexual self-labeling, 22552
coping ideology for medical mistakes, medical interns, 23664
defense analysis & self analysis in & out of psychoanalytic setting, analysands, 17905
defense mechanism, blind vs sighted Ss with mean age of 28 yrs, 12381
Defense Mechanism Test, prediction of ESP scores, male college students, Iceland, 26861
defense mechanisms & background characteristics, reactance to & acceptance of labeling, Black vs White heroin addicts in treatment, 28306
defense mechanisms & stress reactions & survival syndrome, survivors of Nazi concentration camp, 12117
defense mechanisms & threat of nuclear annihilation, clients, implications for psychotherapeutic situation, 26059
defense mechanisms, disease awareness, cancer patients, 23045
defensive processes, caregivers & leukemia patients, 7116
development of multiple personality as defense against real or fantasized death threat, 9684
discrepancy between physiological correlates & subjective reactions of stress as indicator of defense mechanisms against anxiety, 17360
disease awareness, patients with psoriasis & neurodermatitis, 23010
ego defense mechanisms, 25–38 yr old medical house officers, 12877
empathy vs altruistic surrender & psychoanalytic etiology & treatment, 40 yr old married female, 23169
empathy vs altruistic surrender as defense mechanism, human female, comments on article by R. W. Kaplan, 22765
extrinsic incentives, use of test anxiety as self-handicapping strategy, male college students, 15836
imaginary companions as compensatory adaptive mechanisms, recently widowed 78–84 yr olds, 9696
locus of control & socially acceptable vs taboo stimulus words, light intensity needed for word recognition, female vs male high school students, India, 3673
moral ambiguity & focus of attention & responsibility denial & personal norms, nonintentional harm-doing, 18–22 yr old males, 28018
origin of concept of disavowal in psychoanalytic theory, 8294
overstimulation & depressive defense, implications for role of depressive defense in alcohol abuse, 9546
overstimulation & depressive defense mechanisms, 30849
own childhood conflicts, maternal relationships with infant, mothers, treatment implications, 15119
paradox as ego defense, 30860
passivity as defense mechanism & paradoxical behavior, schizophrenia, 14713
patterns of coping & defense, well-being while facing stress of annual examinations, college students, India, 23797
primitive defenses & repudiation of psychic space, borderline character, 17504
profound orthopedic deformity, evolution of transsexualism, 28 yr old male, 7082
psychoanalytic interpretation of freedom & determinism & mental disorders, 14618
psychological defense & field dependence, 19–42 yr old females, 25452
psychological defense mechanisms in dream & joke recall, 15–70 yr olds, test of Freud-Grotjahn hypothesis, 402
ratings of global psychiatric impairment & DSM III-axis II diagnosis, maturity of ego defense mechanisms, urban males with vs without personality disorder, conference presentation, 31004
reality testing & object relations & defense mechanisms assessed by ego functions assessment scale, ambulatory borderline vs neurotic patients receiving psychotherapy, 6802
relationship between revised version of Basic Character Inventory & Defense Mechanism Test, pregnant females, 28124
social face in conflict & group values & relative status & social milieu, literature review, 25413
staging & psychodrama & role playing, diagnosis of defense mechanisms, college students with anxiety problems, 7224
success vs failure on social sensitivity test & public vs private knowledge of result, compensatory self inflation response to threat to self regard, female college students, 30818
suicide & defense mechanisms as responses to defeat in World War II, Japan, 3765
symbolization & sublimation, male S who grew up in unloving family, 1316
training model, organizational defense mechanisms against anxiety, staff of chronic care hospital, 5094
Defensive Behavior (Animal) [See Animal Defensive Behavior]

Defensiveness
counselor trainee's defensive vs counterdefensive self presentation style, evaluation of trainee, supervisors with 1–25 yrs experience, 15658
defensive behavior toward mental health advocates for patient rights, hospital staff, 31895
defensiveness, progress in psychotherapy, schizoid patient, comment on N. James's article, 20747
demographic factors, assertive & defensive & aggressive behavior, preschool age children, 30554
need for social approval & self concept, 14–22 yr old juvenile delinquents vs nondelinquents, 6906
sex typing, life adjustment & self defensiveness & dogmatism & creativity & formal & concrete operational thought, junior high school students, Taiwan, 11816
Deformity [See Physical Disfigurement]
Degrees (Educational) [See Educational Degrees]
Dehydrogenases [See Also Alcohol Dehydrogenases, Lactate Dehydrogenase]
alcohol withdrawal, erythrocyte aldehyde dehydrogenase activity, 22–57 yr old chronic alcoholic patients, 31045
Deinstitutionalization
adverse effects of family oriented intervention, schizophrenics, response to H. Grunebaum's supplementation, 20825
assessment of degree of dependency, determination of staff needs for residential homes, mentally handicapped living primarily in comprehensive community-based service area, Wales, 7595
attitudes toward children's rights & deinstitutionalization, mental health facility administrators, 5130
attitudes toward deinstitutionalization & community placement of their child/ward, parents/guardians of mentally retarded former state hospital residents, 9856
case management program, deinstitutionalized young adult chronic patients, 10371
chronic mental illness vs "chronicization" of treatable psychoses, hospitalized psychiatric patients, Italy, 31710
closing of state hospital & transfer of mentally retarded patients to other facilities, case law, 15470
community program, eating behavior & diets & nutrition, 51–60 yr olds formerly institutionalized for alcoholism or organic brain syndromes or mental retardation, 21119
coping with deinstitutionalization, families, 15418
court ruling on constitutional right to deinstitutionalization, mentally retarded, case law, 15467
day treatment transition group in outpatient treatment program, readjustment, deinstitutionalized psychiatric patients, 12802
deinstitutionalization & community-based care services & therapist interaction, chronicity, psychiatric patients, Italy, 31644
deinstitutionalization & lack of planning, homelessness, chronically mentally ill, 21022
deinstitutionalization, activity patterns & skills, severely/profoundly mentally retarded & multiply handicapped adults, 31638
deinstitutionalization, affective responses & adjustment, young adult chronic patients, 10385
deinstitutionalization against parents' wishes, 30 yr old mentally retarded male, case law, 14359
deinstitutionalization, chronically ill psychiatric patients, 15403
deinstitutionalization, high proportions of homeless mentally ill, 15379
deinstitutionalization of psychiatric patients, state prison population, US, 1968–78, 31819
deinstitutionalization, social organization, schizophrenics, 2109
effectiveness of case management program for contact with & utilization of community services, deinstitutionalized psychiatric patients, 31641
ethical & moral issues, deinstitutionalization, families of chronically mentally ill patients, supplements to K. G. Terkelsen's article regarding family therapy, 20799
evaluation of support from case managers, deinstitutionalized chronic mental clients of community support systems, 21009
factors in continued institutionalization vs community placement vs family living, mentally retarded Ss age 22 yrs or younger, 9858
federal civil right to community living arrangements, mentally retarded persons, case law, 3870
federal district court dismissal of class action suit filed on behalf of mentally retarded residents of intermediate care facility, case law, 15463
government guidelines for determining eligibility for community residential placement, mentally handicapped, Scotland, 7602
history & evaluation of halfway houses, France, 15407
home care vs hospitalization in psychiatric clinic, 27 yr old chronically ill female with asthenic-cenostropathic syndrome, Italy, 31589
home hospitalization system, 39 yr old female psychotic patient, 2104
hospital care & aftercare vs comprehensive community treatment, hospital admission, 15–65 yr old schizophrenics, 12-mo followup, 7593
hospitalization in psychiatric wards, chronically mentally ill patients, Italy, 31739
institutionalization & "chronicization" phenomenon, psychiatric patients, Italy, 31685
Lazarus syndrome & societal response to institutional release of mental patients, Italy, 12759
mental health services, chronically mentally ill & deinstitutionalized patients & families at risk for child abuse, conference presentation, 31636
need for asylum & sanctuary following deinstitutionalization, chronic patients, conference presentation, 18224
need for enforcement of laws governing treatment & deinstitutionalization, mental patients, Italy, 21025
need for establishment of new class of facilities after deinstitutionalization, mentally ill patients, 21071
need for regulation & professional consultation, community care facilities, 31642
organization of mental health centers & psychiatric services & deinstitutionalization, Italy, 21017
patient responsibility in psychiatric day treatment program, comments on article by T. Baver & E. Sigman, implications for deinstitutionalization, 15427
person-environment congruence, prediction of rehospitalization from community care homes, psychiatric patients, 23435
personal support networks, 18–70 yr old former mental patients in board-&-care facilities, 10404
placement in community nursing homes vs VA nursing care units vs continued psychiatric care on same vs other ward, treatment outcome, male psychiatric patients with schizophrenia &/or organic brain syndrome, 31703
prediction for future of deaf-blind adolescents, mothers vs state coordinators, 15008
problems created by deinstitutionalization of mental patients, mental health policy research, 12764
processes used to attain resocialization goals of enhanced social response & reduced confinement & dependency in aftercare programs, deinstitutionalized aged psychiatric patients, 5000
profile of self help/self advocacy groups for mentally retarded, surveyed consumer groups, US & Canada, 12742
psychosocial rehabilitation of street people & homeless, 15414
public policy, deinstitutionalization of chronically mentally ill females, literature review, 28850
recommendations for homeless mentally ill, American Psychiatric Association, 21005
residential environment quality & resident functioning, 18–81 yr old psychiatrically ill or mentally retarded persons in community residences & boarding homes & independent living units, 7594
structure of psychiatric care, Italy, 28561
therapeutic apartments, mentally-ill adults, France, 2085
transfer to community care, adult mentally ill & mentally handicapped, England, 15405
usage of physical environment in community-based homes vs institutions, severely & profoundly mentally retarded 23–68 yr olds, 23441
use of Title XIX waiver provision, community program planning & promotion of deinstitutionalization, 12752
1979 Italian Psychiatry Reform Laws, institutionalization vs community care, chronically mentally ill, 31590
Deja Vu [See Consciousness States]

Delay of Gratification
American Sign Language statements focusing on reward vs waiting period, delay of gratification behavior, hearing impaired 6–10 yr olds, 7134
TV commercials, delay of gratification, kindergartners, 25182
Delayed Auditory Feedback
delayed auditory feedback while reading voiced vs voiced & voiceless passages, speech behavior, 18–23 yr olds, 16431
portable delayed auditory feedback in speech therapy, 27 yr old male stutterer, 7512
residual effect of delayed auditory feedback, speaking rate & fluency, normal-speaking college students, 11310
temporal delay & frequency alteration of portable vs conventional delayed auditory feedback instruments, speech rates, 10–14 yr old females, implications for treatment of nonfluent speech, 27775
Delayed Development
age & cardiac reactivity to auditory vs somatosensory vs visual stimuli & adaptive behavior, preschool age children with developmental delay vs trisomy 21 vs cerebral palsy, 14843
age & parity & gender, interactions, mothers & their developmentally delayed 3–23.5 mo olds, 12297
analysis of utterance samples & meaning of language delay, communicatively impaired 2.3–2.9 yr olds vs normally speaking 3.5–4.3 yr olds, 4380
approaches to screening for language disorders, preschool age children, 28389
attachment behavior, mothers & their 12–26 mo olds with manifested primary neurological impairment or undiagnosed delay in gross development, 23037
behavioral reorganization of day care center routine, children with behavior problems vs developmental disabilities or delays vs physical handicaps vs emotional needs, 12611
cognitive & language & motor delays, 18–71 mo olds with Williams syndrome, 12299
cognitive development & evolution of concept of "sleeper effects", children, implications for early intervention, 27764
cognitive development, organic vs nonorganic failure-to-thrive infants, 3-yr longitudinal study, 4113
developmental retardations & disharmonies, 12–13 mo old male vs female infants born prematurely, 19771
discriminative use of encoding electronic communication device vs signing exact English, communicatively & intellectually delayed 13 yr old male, 28385
early intervention, developmentally delayed & developmentally at risk children, 4566
early intervention training program for parents, acquisition of early language skills, developmentally delayed 19–55 mo olds, 31323
family pathology & clinical features in nonorganic failure to thrive vs deprivation dwarfism, children, 22652
growth retardation associated with anorexia nervosa, children, 4419
home environments, non-organic failure-to-thrive infants from low-SES backgrounds aged 12 wk & older, 12101
incidental teaching vs traditional methods, expressive preposition use, language delayed autistic 6 vs 8 vs 11 yr old males, 23856
intensive stimulation vs verbal instruction, walking, malnourished 13–23 mo olds with development delays in walking, Nigeria, 17788
lay health visitor intervention & maternal background & newborn history, weight & development & mother-child relations, nonorganic failure-to-thrive child inpatients & mothers, implications for child abuse intervention, 10434
malnutrition due to fear of obesity, short stature & delayed puberty, 9–17 yr olds, 1707
microanalysis, mother & infant suffering from failure to thrive, comments on article by G. Alfasi, 18966
motor & language & reading development & intelligence & behavioral problems, 7 yr olds with delayed speech development, 6997
need for reliable theory of development promotion, handicapped, implications for treatment, 23569
neurodevelopmental treatment & parental involvement & age & IQ, motor development, infants with cerebral palsy & severe motor delays, 1798
norm- vs criterion-referenced test, assessment of receptive language skills, 3–5.5 yr olds with Down's syndrome or cerebral palsy or delayed development, 28378
parent-child relations & home environment, developmentally delayed children, 4112
parental deprivation, failure to thrive, infants, 9103
parental home tutoring program, prereading skills, 4.1–6.7 yr olds with mild to moderate language delays, 7946
peer related social interactions, developmentally delayed 1.8–6.8 yr olds in early intervention programs, 1330
perceptions of temperament & activity of high risk or developmentally delayed infants, mothers & early intervention program home visitors, 9882
predictive efficiency of Home Observation for Measurement of Environment, Black infants at risk for developmental retardation assessed at 6 & 18 mo of age, 4358
predictive validity of screening procedures, identification of language delay, preschool age children, literature review, 14882
prenatal exposure to predictable vs unpredictable stress, early development, 2–16 day old rats, 24526
prepubertal anorexia nervosa associated with growth retardation & dwarfism, children, 4459
preservation of capacity to reason using mathematical but not linguistic symbols, 29 yr old autistic male with developmental delay due to perinatal asphyxia, 25731
psychoanalysis, developmental arrest, adolescents, 4599
psychoanalytic treatment using art therapy, delayed development & mother-child relations, 4.5 yr old male, 17919
psychotherapeutic intervention, developmental delay & distortion, 3 yr old male, 7286
relationship between scores on sensorimotor integration & tactile sensitivity & gross motor skills tests, preschool age children with vs without mild developmental delays, 8406
screening test, identification of auditory perceptual abnormalities & subsequent language delay, 9 mo olds, 17814
social interaction, mothers with developmentally delayed noncompliant 35–99 mo olds vs nondelayed noncompliant 41–94 mo olds, 25286
social support & stress, maternal discipline, mothers & their developmentally delayed 6 mo through 3 yr olds, 17713
specific language delay, peer interactions, normal vs language delayed 3–5 yr old males, 22919
syndrome of retardation in organization of reasoning, 8–15 yr olds, conference presentation, 31085
temperament ratings during classroom vs mother vs teacher interactions, developmentally delayed vs Down's syndrome vs cerebral palsied vs audiovisually handicapped 7–35 mo olds, 6712
test norms for Denver Developmental Screening Test, 2 wk through 6.5 yr olds, Philippines, 16371
theoretical explanations for "sleeper effects" in development, implications for early intervention, 6286
theory of transitional space, treatment of retardation of organization of reasoning, conference presentation, 31105
total communication intervention vs traditional simulation programs, language skills, Down's syndrome & normal language delayed 18–36 mo olds, 4837
treatment of retardation in organization of reasoning & pathological disharmony, 6–7 yr olds with cerebral palsy, conference presentation, 31765
use of Denver Developmental Screening Test, language development, 11 mo through 6 yr olds, Nigeria, 16354
Delayed Feedback [See Also Delayed Auditory Feedback]
delayed vs immediate teacher correlation of oral reading errors, reading proficiency, mentally retarded 11–17 yr olds, 32147
speech material & speaker's voice quality, feedback delay & quality provided by pitch visualizer, college students, Netherlands, implications for design & application of pitch visualizers, 21726
Delayed Reinforcement [See Reinforcement Delay]
Delinquency (Juvenile) [See Juvenile Delinquency]
Delirium
age & time course characteristics, paranoid schizophrenic patients with delirious syndromes with onset at 20 yrs or younger vs 45 yrs or older, 12126
delirium associated with therapeutic doses of carbamazepine & neuroleptics, 50 yr old female with bipolar disorder, 1990

delirium theme fluctuations & cyclothymia, 36 yr old female, 20345
metrizamide myelography, intermittent hallucinatory activity, 47 & 61 yr old females, 9927
metyrapone, depression & delirium, 51 yr old male with Cushing's syndrome, 23332
parathyroidectomy, delirium, 67 yr old female with primary hyperparathyroidism, 18191
personality change & psychiatric symptomatology, schizophrenic females with jealousy delirium, 12175
psychiatric diagnosis & demographic & clinical characteristics, patients with delirium vs other psychiatric disorders, 22757
structure of continuous & paroxysmal forms of schizophrenia, delirious adults, 30963
tachistoscope vs global accessibility rating, screening for delirium, hospitalized patients, 30900
tranylcypromine & levotryptophan, development of delirium, 20–33 yr old patients with depression &/or bulimia, 20934

Delirium Tremens

calcium & inorganic phosphate levels in blood & CSF, patients with impending vs developed delirium tremens, 4468
incidence of delirium tremens & alcoholic hallucinosis, alcoholics, 12249

Delta Rhythm

anti-delta sleep-inducing peptide, immunoreactivity in certain areas of brain, rats, 3266
chloral hydrate induced sleep, electrocortical sleep patterns, 9–20 day old rats, 3421
citicoline treatment, neuropsychological performance & EEG activity, 50–70 yr old males with chronic cerebrovascular diseases, 18128
observation & tracking of delta wave sleep in NREM periods, 20–45 yr olds, 22018
reliability of automated REM vs delta sleep analysis, assessment of abnormal sleep patterns, 20–45 yr old normal Ss vs depressed patients, 30950
REM & delta wave analysis, testing of two-process model of sleep regulation in assessment of abnormal sleep patterns, 20–45 yr old normal Ss vs depressed patients, 30951

Delusions

age of onset & tendency for delusions, primary endogenous depression, inpatients in psychogeriatric unit, 17524
amitriptyline &/vs perphenazine, delusional depression, patients with mean age of 44.1 yrs, 20940
apparent possession by demonic spirits, male with atypical dissociative disorder convicted of murder, 22662
bipolar affective disorder & de Clerembault syndrome & lithium treatment, 26 yr old female, 4232
birth order & mood lability & psychopathic hereditary disposition, patients with anthrophobia associated with delusions about personal relationships, 6820
chronicity vs chronicization, delusions, 22785
clinical analysis of delusional vs nondelusional unipolar depression, 22665
comments on erotomania syndrome, 17512
conflict-continuity vs deficit-discontinuity view, trust & delusions, paranoid schizophrenia, 12205
cultural specificity of Koro, 51 yr old Black American male, 22741
de Clerambault syndrome, female, 22710
delusion formation as symbolic attempt at self cure, analysis of schizophreniform crisis suffered by playwright & poet A. Strindberg, conference presentation, 4142
delusion of protection in therapeutic relationship, psychotherapy patient, 7283
delusional fantasy & difficulties resulting from fusion with therapist, male patient who began therapy at age 12, 26012
demographic & diagnostic characteristics, mentally ill & delusional visitors to White House or other governmental offices, 17555
discussion of M. Heidegger's definition of truth, delusions, 20375
dysmorphic delusions, 16 yr old female with Capgras' syndrome, 17499
family history & cortisol secretion & response to antidepressant drugs, 21–69 yr old delusional & nondelusional depressed inpatients, 9691
functional analysis of delusional speech & hallucinatory behavior based on nonlinear contingency analysis & Skinnerian concepts, 28214
imaginary companions as compensatory adaptive mechanisms, recently widowed 78–84 yr olds, 9696
medical anthropology & cross-cultural medicine, treatment of culturally inappropriate symptoms & beliefs, 58 yr old Black female with delusion that frog lives in her stomach, 15047
nature & causes of delusions, 64–82 yr old patients with right cerebral hemisphere infarction, 7078
neuroendocrinological aspects of delusions, delusional vs nondelusional depressed patients, 12130
nortriptyline with & without chlorpromazine & dosage levels, delusional & major depression, 12–17 yr olds, 18110
paranoid delusions, 19 yr old male with Gilles de la Tourette syndrome, 20604
paranoid symptoms, patients with endogenous depression, 20266
patterns of delusions, inpatients from various cultural backgrounds, England, 17531
phenomena of delusion & folie à deux, 4265
psychotic & delusional perceptions of pet animals, adult defendants accused of violent crimes, 17608
psychotic symptoms & delusional themes, schizophrenic 28 & 35 yr old offspring of Holocaust survivors, 17510
schizophrenia as misdiagnosis, 13–69 yr olds with delusional or bizarre thinking, 9610
self inflicted gunshot wound, 39 yr old male with perceptual delusional bicephaly, 17428
sociocultural history, delusion of possession "Kitsuni-tsuki", 20–50 yr olds, Japan, 22698
syndrome of misinterpreting role changes as changes of person, 80–83 yr olds with cerebral arteriosclerosis, implications for Capgras syndrome, 12377
visual hallucinations & sensory delusions, 65–95 yr old outpatients, 12134
work of P. Janet on beliefs & delusions, 22699
writings on paraphrenia & concept of post-processual paraphrenia, psychotics, 17839

Dementia [See Also Presenile Dementia, Senile Dementia]

accuracy of neuropathological diagnosis, differentiation of types of dementia, deceased patients with multi-infarct &/or Alzheimer's type dementia, conference presentation, 20565
acquired immune deficiency, organic mental syndromes, 31 & 36 yr old male homosexuals, 9947
administration methods for cognitive test batteries, diagnostic validity in assessment of dementia, elderly patients, 24195
administration of dexamethasone suppression test, geriatric patients with dementia vs pseudodementia vs endogenous vs nonendogenous depression, 17846
age, Gibson Spinal Maze performance, normal 60–70 vs 70–89 yr olds vs those with senile or multi-infarct dementia, 4438
antipsychotic drugs, treatment of dementia & its behavioral complications, literature review, 31510
application of J. Charcot's model, analysis of language disorders, patients with dementia, comments on J. Seglas's book, 20571
art therapy, Alzheimer's disease & dementia, 1816
assessment of concurrent validity of Clifton Assessment Procedures for the Elderly, discrimination of levels of dementia, geriatric psychiatric patients, 24270
attitudes toward responsibility of the care of demented elderly persons, caretakers, 18304
auditory EPs, differential diagnosis of dementia, patients with mean age of 76 yrs, 28498
bromvincamine vs vincamine, regional cerebral blood flow & verbal & sequence memory & CFF & digit span & color word performance & visual RT, 52–76 yr old patients with mental deterioration due to cerebrovascular disease, 26174
cognitive deterioration & dementia before vs after levodopa treatment, patients with idiopathic Parkinson's disease, 8–10 yr followup, conference presentation, 20582
computed tomography findings & histological verification, Creutzfeldt-Jakob disease, deceased patients, 25821
computed tomography vs measurement of regional blood supply in brain & EEG, quantification of disintegration in dementia, 20541
computerized tomography vs nuclear magnetic resonance imaging, differentiation of types of dementia, 55–75 yr old patients, conference presentation, 20261

congenital anomalies characteristic of acrocephalosyndactylia & progressive dementia in old age, 6 members of same family, 20491
consistent reversal of abnormal dexamethasone suppression test after antidepressant therapies, 57 yr old male with symptoms of depression & dementia, 36 mo longitudinal study, 15337
contribution of neuropsychological investigation in clinical evaluation of dementia, 28421
correlational analysis of computerized tomographic measures & neuropsychological performance, normal vs demented 60–88 yr olds, 28425
criteria for diagnosis of reversible dementia caused by depression, adult inpatients, 2 yr followup, 6837
current status of geriatric psychiatry, 12443
day care services, patients with dementia, 31705
dementia symptoms, Huntington's disease patients with mean age of 35.8 yrs, 7095
depression, 73–85 yr old spouses of patients with progressive dementia, 9652
development of SHORT-CARE, assessment of depression & dementia & disability, aged, 2902
diagnosis, dementia, 1742
diagnostic assessment, dementia outpatients with mean age of 75.8 yrs, 7077
differential diagnosis & treatment, pseudodementia & dementia & affective disorders, literature review, 4096
distribution of red blood cell plasma choline rations, 55–81 yr olds with probable dementia of Alzheimer type vs depression, 31168
drug intake & seizure factors, development of dementia, 20–57 yr old epileptic patients, 12409
epidemiology of severe dementia, 70 yr olds living in urban environment, Sweden, 9-yr followup, 25889
family therapy, management of dementia & Alzheimer's disease, 10186
hydroxocobalamin therapy, 14 yr old female with progressive dementia & myelopathy & cobalamin C mutation, 20937
identification of mild dementia, aged, 4446
intrusions vs perseverations, Ss with Alzheimer's disease vs dementia vs aphasia vs normal Ss aged 50 yrs & older, 1722
latency & amplitude of P3 component of auditory vs visual EPs, cognitively impaired vs medicated vs drug-free depressed vs schizophrenic patients, implications for differential diagnosis, 6718
levotryptophan vs casein treatment, demented 67–90 yr old patients with vs without concomitant depression, 26207
lexical & syntactic deficits in picture description, elderly Ss with senile dementia of Alzheimer type vs stroke-related dementia, 22974
lithium, extrapyramidal symptomatology, 60 yr old male with primary degenerative dementia & 47 yr old male with Alzheimer's disease, 4810
methodology for psychological followup & neurological assessment, children & adolescents with subacute sclerosing panencephalitis receiving inosiplex, 7-yr longitudinal study, 15000
misdiagnosis of dementia, 63 yr old female with manic pseudodementia, 1484
neurological examination checklist, assessment of dementia, 15–83 yr olds with clinical symptomatology of dementia, conference presentation, 20598
nutrition & diet, etiology & treatment of dementia, aged, 12411
patterns of perseveration & frequency of carrier phrases in verbal discourse, dementia patients, 22927
peripheral catecholamine enzyme function & cognitive impairment, 57–96 yr old institutionalized patients & outpatients with schizophrenia, 12138
predictive validity of short form of Category Test proposed by C. A. Calsyn, dementia, geriatric patients, 19053
profile on WAIS, classification of dementia, 37–86 yr olds with Alzheimer-type dementia vs multi-infarct dementia, application of P. A. Fuld's formula, 7024
P300 component of event-related auditory EP & dementia rating scale, evaluation of cognitive dysfunction in multiple sclerosis, conference presentation, 23046
relationship of genetic differences to aging & dementia & Alzheimer's disease & Down's syndrome, 17821
rest vs problem solving task, 40 Hz EEG activity, patients with Alzheimer's disease vs multi-infarct dementia, 31205
role of spiritual support as coping strategy, family caregivers of dementia patients, 31408
selection of test batteries, assessment of dementia, elderly patients, 24190
serum levels of albumin & transferrin & IgG & IgA & CSF IgG levels, demented 36–64 yr olds with Down's syndrome, 12296
severity of cognitive dysfunction & dexamethasone, plasma cortisol concentrations, elderly patients with primary degenerative dementia, 28483
severity of cognitive or functional impairment, CSF silicon levels, 44–86 yr old patients with Alzheimer-type & other types of dementia, 22973
short-latency somatosensory EPs, 42–82 yr old patients with dementia, 20467
standardized computer data base, evaluation & followup, outpatients with dementia, 26959
survey of number of demented clients served by adult day care centers, 23512
Synacthene drug therapy, various forms of dementia, 71–90 yr olds, 2012
synaptic neurochemical mechanisms in animal models of dementing disorders, conference presentation, 28177
test profile on WAIS, normal 19–25 yr olds with scopolamine-induced cholinergic deficiency vs patients with Alzheimer-type dementia vs multi-infarct vs other dementia, implications for differential diagnosis, 7049
tracheal intubation, sleep apnea, 65 yr old female with Creutzfeldt-Jakob disease, 18193
usefulness of Stimulus Recognition Test for dementia, assessment of depression, geriatric patients, 24212
validation of scoring system of Weigl Colour-Form Sorting Test, neurological diagnosis, 20–94 yr olds with depression or dementia, 5623
zinc deficiency & copper toxicity & CSF & serum vitamin B12 level, elderly patients with Alzheimer's disease & alcohol brain damage & dementia & multi-infarct dementia, 4530

Dementia (Presenile) [See Presenile Dementia]
Dementia (Senile) [See Senile Dementia]
Dementia Praecox [See Schizophrenia]

Democracy
cross-national differences, effect of industrialization & educational enrollment & social democracy & income inequality, social mobility, males, 1026
democratic attitudes, college students, US vs Great Britain, 8030
estimation of nonrecursive model with democratic & aggressive political participation, urban adult residents & college students & faculty members & national environment interest group members, 17221
political views of K. Popper on incompatibility between violence & rationalism & between democratic & tyranic forms of government, 17225

Democratic Party [See Political Parties]

Demographic Characteristics
actuarial variables for potential use in identification of high risk behavioral patterns, male vs female violent offenders & recidivists, 23560
age & education & income & social interaction & marital & employment status & sex role concept, life satisfaction, 17–74 yr olds, 17275
age & gender & religion & undergraduate major & current area of study, Death Anxiety Scale scores, 1st-yr medical & graduate students, 26422
age & life events & satisfaction & stress, reported depression, 20–76 yr old visitors to community health screening, 26281
age & sex & race & education & occupation & rural vs urban & geographic residence & handedness, prediction of premorbid IQ on WAIS, 4035
age & sex & race & regional differences, smoking intentions, 6–12th grade nonsmokers, extension of work by L. Chassin et al, 22390
age & sex & trends in live births in- vs outside of marriages, Seychelles, 1971–1980, 30650
age vs sex vs race, activation of stereotyped & biased staff attribution, juveniles institutionalized in correctional facilities, 23564

availability & proximity of children & siblings, 45 yr olds & older drawn from newspaper obituary, 3582
background variables, use of substitute care, employed mothers & their infants under 1 yr of age, 25297
behavioral & psychological & historical correlates of MacAndrew Scale Scores, 20–77 yr old male alcoholic veterans, 6937
biological vs psychological vs social demographic variables, prediction of headache activity, 18–69 yr old chronic headache sufferers with migraine &/vs tension, 4397
characteristics of 2nd families, children whose mothers have recently remarried, US, 14288
childbirth training & demographic variables, labor pain, primiparous vs multiparous mothers, 31600
child's gender vs birth order vs ethnic background, expectation of developmental timetables, Australian vs Lebanese mothers, Australia, replication of study by R. O. Hess et al, 16869
clinical & demographic characteristics, firesetting vs non-firesetting 5–16 yr olds in outpatient psychiatric treatment, 22832
cohort size & suicide rates for 15–24 age period, longitudinal studies, implications for older people, 4338
curiosity & sex & activity level & SES, performance on discrimination learning task, 1st graders, 9199
data collection methods & verification efforts & sample sociodemographics, survey response rate, deaf adults, 21718
demographic & alcohol related factors, selection of medical residential vs recovery home services vs outpatient counseling treatment methods, alcoholics, 21133
demographic & clinical & psychological characteristics, CSF levels of 5-hydroxyindoleacetic acid & homovanillic acid & 3-methoxy-4-hydroxyphenylglycol, low back pain patients, 31182
demographic & contact variables & specific disability, attitudes toward disabilities, 19–73 yr old university faculty members, 20615
demographic & developmental characteristics, dropping out of clinical developmental research study, infants & their families, 16853
demographic & ecological & medical & social/sleep variables, use of psychotropic & anticonvulsant drugs, mildly to profoundly mentally retarded preschoolers vs special school students vs adults, 28732
demographic & educational background factors, perceived academic benefit, aged, 21291
demographic & educational characteristics of problem absence, 10–18 yr old inner-city middle school students, 32112
demographic & family background & referral characteristics, psychoanalysis or psychoanalytically oriented psychotherapy patients, 1945–71, US, 31404
demographic & health & social service needs, developmentally disabled 53 yr olds & older, 4100
demographic & personal variables & number of years in France, social representations of Venezuelans, Venezuelan students, France, 6432
demographic & personality & attitudinal biases, return of postnatal questionnaires, mothers sent questionnaire 4–6 wks after delivery, 14568
demographic & personality characteristics & frequency of videogame use, female vs male high school students, 11821
demographic & psychological factors, attitudes toward & habits of saving money, adults, Great Britain, 30816
demographic & social beliefs, money usage attitudes & habits, Ss 18 yrs & older from variety of backgrounds, 25448
demographic & social characteristics & epidemiology, attempted suicide, 12–27 yr old recent attempters vs mental patients, Spain, 17598
demographic & sociocultural factors, attitudes toward substance use, Black adults living in urban areas, 1208
demographic background & length of sentence, type & site of suicide, male prisoners, France, 31071
demographic characteristics & alcohol drinking patterns & abuse, male vs female 20–39 yr olds, rural India, 25384
demographic characteristics & attitudes toward homosexuals & Blacks & women & elderly, male vs female 17–45 yr olds, 30580
demographic characteristics & definitions of legal insanity, 25–39 yr old volunteers, 27969
demographic characteristics & diagnosis & treatment, 70–79 yr old psychiatric patients, 1-yr longitudinal study, 31318
demographic characteristics & geographic mobility, offenders with mean age of 25.1 yrs, Canada, 14785
demographic characteristics & individual pathology in family & family relationships, anorexia nervosa & bulimia, literature review, 28452
demographic characteristics & marital & family relations & illness behavior & complications & self esteem & locus of control & life satisfaction, depression, adult chronic insulin-dependent diabetics, 20612
demographic characteristics & other risk factors, prediction of suicide, mental health patients, comments on article by A. Breier & B. M. Astrachan, 14712
demographic characteristics & past obstetric history & expectations for birth & anxiety, perceptions of childbirth experience, Jewish females, Israel, 28833
demographic characteristics & work & pay & promotion satisfaction & job involvement & career commitment, prediction of excused vs unexcused absence vs tardiness, nurses, 32283
demographic characteristics, abstention from alcohol drinking, survey respondents, 22563
demographic characteristics, adult college students enrolled in open learning courses, 5293
demographic characteristics, alcohol drinking practices, Black 18–59 yr olds, 28007
demographic characteristics, attitudes & satisfaction & organizational commitment, part- vs full-time retail store employees, 13309
demographic characteristics, depression & mastery skills, 21–63 yr old females, 4088
demographic characteristics, determinants of work beliefs & values, college & graduate students, Great Britain, 8166
demographic characteristics, grandparent-grandchild interaction behaviors, Mexican American 3–12 & 43–76 yr olds, 17192
demographic characteristics, reporting fall off in life stress study, 18–96 yr olds, 28074
demographic characteristics, White females participating in government-sponsored work incentive program, 16010
demographic characteristics, 15–65 yr old patients with chronic pain associated with diagnosed physical illness vs with no identified organic cause, India, 7033
demographic factors & length of hospitalization & diagnostic category, academic abilities, 20–77 yr old psychiatric inpatients, 18325
demographic factors, assertive & defensive & aggressive behavior, preschool age children, 30554
demographic factors, beliefs about economic socialization of children, 21–60 yr olds, 25191
demographic trends in longevity & sex ratio & marriage & fertility & household composition, individual parenting & childbearing & childrearing, literature review, 1087
demographic variables & age & attitudes toward work & job satisfaction, decision to file grievance, grievants vs nongrievants, 32278
demographic variables & attitudes toward taxation, Great Britain, 1112
demographic variables & capacity to work, prediction of mental health & career success, inner-city 47 yr old males, 33-yr longitudinal study, 27747
demographic variables & exposure to risk & victimization rates, fear of crime, 20–65 yr old residents, 14831
demographic variables & self esteem & anxiety & internal vs external locus of control, purging vs nonpurging bulimic white female college students, 17736
demographic variables & social conditions & ethnicity, prediction of foster care placement, children, 21019
demographic variables, just world beliefs, attitudes toward poor, adults, Great Britain, 20141
demographic variables, preference for sweepstakes vs gift promotions, consumers, 29592
demographics & media usage & interests, political knowledge level, high vs low SES 16–18 yr olds, replication of R. Stradling's study, 3577
demographics, rubella-deafened population, 4391
distress & childrearing values & perception of children, demographic characteristics as stressors & emotionally affective behavior, mothers with mean age of 28.2 yrs, 14289

drinking histories & patterns, females seen at treatment agencies vs homeless alcoholics, 28305
DSM-III diagnoses & demographic characteristics, patients referred to university hospital consultation-liaison service with medically unexplained symptoms suggesting physical disorders, 31257
epidemiology & clinical outcome, children with failure to thrive in rural ambulatory clinic, 2-yr longitudinal study, 9584
ethnicity & residence, suicide methods, males vs females 20 yrs & younger, Canada, 1978–79, 12286
expectancies vs demographic background in prediction of alcohol drinking patterns, college students, 20064
family background & status, prediction of cognitive performance, Mexican American preschoolers, 27748
gender & SES & race, self disclosure in psychotherapy, adult Ss, 15165
health & physical fitness program & demographic factors, US Navy personnel, 5458
incidence of safety belt usage before vs after law making it compulsory, adults, England, 23932
industrialization & demographic characteristics & family variables, psychosomatic illness, patients with peptic ulcers & bronchial asthma, Indian, 25916
internal consistency of Conceptual Level Analogy Test & demographic variables, assessment of abstract reasoning predictive of morbidity & mortality following cardiac surgery, 14–75 yr olds attending health sciences open house, 2915
life event frequencies co-occurrence of events & physical illness, 19–60 yr old college students & staff, Hong Kong, 31139
market characteristics, purchasing involvement, male & female consumers, 24082
medical & demographic factors & continued cigarette smoking & depression & cognitive functioning, 3-yr survival rate, chronic obstructive pulmonary disease patients in pulmonary rehabilitation program, 4421
mental health & social role & demographic characteristics, drug usage & tobacco smoking & alcohol drinking patterns, Ss aged 18 yrs & over, 6603
minority status & sociodemographic factors & social supports & disability condition, referral & rehabilitation process, handicapped Blacks vs Whites, 31746
mother child interaction & home environment & demographic variables & maternal attitudes, development of causal models for classroom & achievement test performance, Mexican American 7–9 yr olds, 27789
multivariate analysis of race attitudes response structure, 3803
national characteristics & collective perceptions & population policies, fertility, 140 nations, 27977
parental death in childhood & demographic characteristics, subsequent depression as adult, literature review, 6865
patterns of informal social support, elderly, Israel vs Holland vs Poland vs US vs Great Britain vs Denmark, 14251
patterns of regional social differences, New Zealand, 27904
personal characteristics, recidivism, 17–54 yr old probationers, 4343
personal/demographic & housing characteristics & attachment to home, housing satisfaction, Ss over age 60 yrs who own vs rent home, 868
personality & demographic factors, prediction of weight management, 17–67 yr olds in behavioral & behavioral/hypnosis weight management programs, 25968
pet ownership & relationship to health & well-being & home & family characteristics, Ss over 65 yrs old, 3590
physical & personal & demographic characteristics & lifestyle, back injury, 21–64 yr old female nursing personnel, 29059
physical health vs psychosocial variables as predictors of RT & serial learning performance, 65–85 yr old males, 25125
prenatal psychosocial problems, infant development, 18–36 yr old pregnant females at risk for inadequate mothering, 20210
profile of "typical" female offender through arrest records, 1969–75, US, 17234
psychiatric diagnosis & demographic & clinical characteristics, patients with delirium vs other psychiatric disorders, 22757
psychological & demographic & perceptual influences & preexisting physical conditions, near death experiences, 12–76 yr olds, 26880
psychological & demographic characteristics, Ss who reported out-of-body experiences, 2745
psychological development & background factors, 6–8 yr olds with elective mutism, 5–10 yr followup, 28210
psychosocial factors, psychiatric morbidity, cardiac patients over 40 yrs old, 31267
race & other demographic characteristics, sentencing or adjudication, female felony defendants 17 yrs & over, 14805
resources for maternal functioning, Black 20–32 yr old females in methadone maintenance program, 4-mo longitudinal study, 4321
SES & age & sex, attitudes & beliefs about immigrants from Colombia vs Argentina vs Spain, urban Ss, Venezuela, 17148
sex & age & health & marital & income status & level of education, life satisfaction, elderly, 3576
sex & age & religion & SES & political preference & perception of nations, college students, Australia vs New Guinea, test of H. Tajfel's functional perception hypothesis, 17136
sex & race & nonverbal cues of applicant perception of applicant qualifications, male vs female interviews, 10939
sex & religion & educational background & residence & major, linguistic attitudes toward English vs Arabic, Arab college students, Jordan, 23819
sex composition & differential mortality, tribal Indians, India, 14278
social & demographic characteristics, use & availability of marihuana, 18–59 yr olds, US, 30745
social & psychological differences, female breast cancer vs noncancer patients, 17803
social background & psychological variables, treatment outcome, psychopathic or personality disordered Ss in therapeutic community, 3–5 yr followup, 26321
social factors, psychiatric disorders, community survey respondents, 28215
social network & demographic characteristics, short- vs long-term participation in parent education program, White working-class low-income mothers aged 18–39 yrs, 1929
socio-demographic variables, satisfaction with 26–37 yr old family practice residents, patients, 23119
sociodemographic & personal problem characteristics, patterns of help-seeking & illness behavior, Black 18 yr olds & older, US, 30601
sociodemographic & socioeconomic factors, pregnant females with unknown last menstrual period, 4091
sociodemographic changes & history & sociopolitical events & sex & race, adolescents, US, 1900–80, 9087
sociodemographic characteristics & methods & causes, "parasuicide", 14–70 yr old suicide attempters, Kenya, 6886
sociodemographic characteristics, resistance to peer pressure to drink, college students, 15852
sociodemographic factors & self concept, 13–15 yr old female prostitute vs non-prostitute juvenile delinquents, 28298
sociodemographic factors, social disablement, male vs female 18–64 yr olds, 25550
sociodemographic variables, comparative vs noncomparative categorizations of males & females, 18–60 yr old females, 17241
sociodemographic variables, employment status & perceptions of their 3 yr olds, mothers, 22455
sociodemographic variables, frequency of aggressive & violent behavior, ex-mental patients vs ex-offenders, 20425
sociological analysis of content in matrimonial advertisements in newspaper, India, 13927
state level financial & demographic characteristics, identification & degree of mainstreaming, mildly handicapped & learning disabled students, 32140
status & knowledge of acquired immune deficiency syndrome & demographic characteristics of high risk groups, 25771
status-integration theory, suicide rate, US census, 1970, 28358
teaching interactions, verbalization, low-income Black vs Cuban teenage vs adult mothers with 12 mo old infants, 17167
traditional vs semitraditional vs nontraditional methods of recruitment for psychotherapeutic outcome research, demographic characteristics & treatment history & outcomes, 60–80 yr olds with unipolar depression, 31348
TV viewing & life satisfaction & demographic characteristics, knowledge & attitudes about elderly, 18–99 yr olds, reanalysis of data collected by G. Gerbner et al, 30326

Type A vs B personality & demographic variables, coronary heart disease, Australia, comments on article by J. J. Ray & L. Simons, 28487
use of social indicators, assessment of need for acute psychiatric services, adults & aged, 11075
validity of DSM-III & demographic & gender role & behavioral disturbances, preadolescent gender-referred children who did vs did not meet criteria for gender identity disorder, 4274
volunteering as substitute for role loss & demographic characteristics, volunteers aged 60 & over, secondary analysis of Americans Volunteer 1974 survey, 14506
Demonstrations (Social) [See Social Demonstrations]
Dendrites
complex vs isolated rearing environment, dendrite response in visual cortex, female vs male rats, 3283
dendritic development in occipital cortical neurons, infants & children at 20 wk gestational age through 7 yrs, 5966
early locomotor training, EPs & density of dendritic spines in visual cortex, male rats, 590
phenylacetate, numbers of apica dendritic spines on hippocampal CA1 pyramidal cells, 2–21 day old rats, 30260
postsynaptic dendrite membrane vs postsynaptic inhibition vs transmitter exhaustion in presynaptic endings, dendritic potential habituation in association cortex, cats, 27369
Denial
accuracy of MMPI, identification of defensive & nondefensive denial, sex offenders aged 21 yrs & older, 4316
acknowledgement & coping with fears of psi, 13426
activity level in daily living, sexual competence, burn-disfigured victims, 14914
age denial & other factors, death anxiety, community residents vs institutionalized Ss with mean age of 75.5 yrs, 14128
age, denial of fear of dying, college students vs aged vs nurses aides, 17405
awareness of nuclear threat, personality & denial of threat, 4–18 yr olds, 19782
biopsychological approach to denial, alcoholics, 1574
concept of transparent mind & self deception & cerebral dominance, 28099
death attitudes & fiction, criticism of A. Kellehear's article, 6420
denial of disability & communication problems, treatment of families with deaf child, 1910
disavowal of menstrual cycle events as form of resistance in psychoanalysis, adult female, 28648
early traumatic experiences & denial in fantasy & action, 35 yr old mother in analysis, support for B. D. Lewin's theory of elation, 26015
experiential teaching counseling technique, resistance to acceptance of alcoholism as disease, nonalcoholic members of alcoholic families, 21136
family & religious network, denial of death & dying, 45 yr old Black female with terminal metastatic cancer, 12732
incest salience & mother's age & attractiveness & intimacy with mother & son's sex needs, guilt about antisocial desires & denial as self defense, male college students, 28297
motives for & meanings of social practices & psychoanalytical & historical meanings, denial of death, criticism of A. Kellehear's article, 6426
out-of-body experiences as hallucinations caused by traumatic events surrounding near-death, 26866
pathological denial in response to death of spouse, alcoholic 58 yr old White widowed male inpatient, 15567
projection & repression & rationalization & denial, stress management, college students, 1283
psychological explanations vs sociological phenomena, death denial & death related social practices, response to criticisms of C. M. Parkes & R. Williams, 6416
review & refutation of thesis of modern societies as death denying, literature review, 6417
role of endorphin system reactivity & denial of ischemia in survival of coronaries, sufferers of silent coronaries, 25900
small groups for expression of feelings about nuclear war, denial & actions consistent with beliefs, concerned individuals, 26082
Denmark
changes in educational concepts since 1950's regarding education of handicapped elementary school children, Denmark, 21444
chronological parameters, suicide rate, Finland vs Norway vs Sweden vs Denmark, 17617
consumer confidence, Denmark vs Ireland vs Italy vs UK, 2733
consumption of alcohol & benzodiazepines & employment status, psychiatric patients, Denmark, 6-mo & 1-yr followup study, 25537
development of education, deaf & hearing impaired children, Denmark, 32123
education, preschool age children, Denmark, 23766
epidemiology of attempted & actual suicide, adults admitted to psychiatric hospital, Denmark, 25636
epidemiology, physically & mentally handicapped aged up to 6 yrs, Denmark, 30882
experiences of puberty development & need for sex education, 15–16 yr olds, Denmark, conference presentation, 25233
frequency of mortality from child abuse, Denmark, conference presentation, 9770
hospital administered community based comprehensive psychiatric service, Denmark, 23537
mechanisms for dealing with complaints & grievances, prisoners, England & Wales & Sweden & Denmark, 4985
parent attitudes & treatment at "all-day school", school adjustment, students with behavior problems, 2.5-yr followup, Denmark, 21404
psychosocial characteristics, unemployed patients of psychiatric emergency department, Denmark, 25558
relaxed approach to reading instruction, teachers, Denmark, 26518
responsibility & welfare care, children, Norway vs Denmark vs Finland vs Sweden, 28896
self confidence in regular classroom, mainstreamed 4th–10th form students, Denmark, 32135
strategies for providing for special education needs, school psychologists & educators & parents, US vs Denmark, 32154
validity & reliability of Rotter's Sentence Completion Test, clinical application of Norwegian translation as diagnostic projective instrument, psychiatric patients, literature review, Denmark, 24312
Density (Social) [See Social Density]
Dental Students
communication skills training, 1st yr dental students, 12968
psychological factors in professional choice assessed by Eysenck Personality Inventory, applicants to schools of psychiatry vs dentistry, 5081
Dental Surgery
aquarium vs poster contemplation with vs without hypnosis, anxiety & discomfort during dental surgery, 21–60 yr old dental patients, 23380
Dental Treatment [See Also Dental Surgery]
anxiety & expected & experienced pain, 15–59 yr old dental patients, 10350
attendance pattern & continuity of dental care, 17–65 yr olds, Finland, 5-yr longitudinal study, 23418
behavioral techniques, alleviation of apprehension in dental treatment, children, 31467
dental beliefs & acceptance of daily fluoride mouthrinsing at home, 7th graders, 27856
dental care habits & alveolar bone loss & missing teeth & SES, prevalence of dentistry phobia, 38–54 yr old females, 26239
development & construct validity of Dental Visit Satisfaction Scale, 18–73 yr old patients, 11127
distribution of control in verbal communication during consultation, dentists & their patients, 28817
etiology & assessment procedures & behavior therapy, dental phobia, chronic dental phobic patient, 18031
experimentally induced stress expectations, self-generated cognitive activities in dental treatment analog setting, female college students high vs low in self-reported dental fear, 20879
flooding & coping skills training, fear & avoidance of dental treatment, 17–51 yr olds, 15247
graded exposure & parental modeling, dental phobias, 4 yr old female & her mother, 6 mo followup study, 26109
group cognitive-behavioral coping skills training, responses to dental treatment, 50–66 mo olds, 26130
hypno-relaxation therapy, female with dental phobia, 10041
in vivo desensitization & meditation-hypnosis, gagging induced by dental treatment & dental prosthesis, 70 yr old male, 28573

intradental nerve activity, pain perception, 40–55 yr old dental patients, 18176
meditation-hypnosis, analgesia & relaxation, 45 yr old female with multiple allergies & severe dental anxiety, 28810
methodological issues in process & outcome studies & role of psychophysiology & systematic desensitization, dental fear, 15250
pain expectations & experiences, fearful vs fearless dental patients, 10364
partly automated treatment method including desensitization & EMG biofeedback & cognitive reattribution, dental fear, 21–65 yr old patients, 10205
personality characteristics, anxiety regarding dental treatment, 8–14 yr olds, 26264
prototype desensitization treatment & modified avoidance response placebo vs pseudotherapy, dental fear, college students, 26111
rapid induction analgesia & hypnotic susceptibility & severity of discomfort, reduction of dental pain, 19–72 yr old dental patients, 26220
relationship between preventive dental behavior & dental health beliefs, wives in White families, US, 28816
skin conductance biofeedback &/vs desensitization, dental anxiety, college students, 4716
Dentist Patient Interaction [See Therapeutic Processes]
Dentistry
location & intensity & unpleasantness & extent of dental pain spread & role of receptive field size of trigeminal nociceptors, utility of pain spread as diagnostic tool, patients, 31253
McGill Pain Questionnaire, differentiation between reversibly & irreversibly inflamed tooth pulp, 14–68 yr old dental patients, 5624
professionalism vs competence in dentistry, General Dental Council's claim of protecting public, UK, 1958–79, 23642
psychological factors in professional choice assessed by Eysenck Personality Inventory, applicants to schools of psychiatry vs dentistry, 5081
Dentists
assessment of hypnotizability, medical practitioners & psychologists & dental practitioners, Australia, 12425
distribution of control in verbal communication during consultation, dentists & their patients, 28817
expert opinion, diffusion of technological innovation in dental restoration, dentists, US, 23651
professionalism vs competence in dentistry, General Dental Council's claim of protecting public, UK, 1958–79, 23642
sex & age & level of dental anxiety & previous experience, perceived positive & negative attributes of dentists, 16–78 yr old patients, 28830
suicides, male vs female physicians vs dentists, 1963–78, West Germany, 18405
Deoxycorticosterone
salt-supplemented diet &/vs desoxycorticosterone, water vs ethanol intake, male rats, 8969
Deoxyribonucleic Acid
DNA markers, defective genes & nervous system diseases, 5959
genes & neuropeptides, mediation of behavior, snails, 6002
molecular genetic approaches to mental retardation & application of recombinant DNA techniques, 14858
neighboring gene analysis, detection of Huntington's chorea gene, carriers without manifest symptoms, 31272
paradoxical sleep deprivation, rate of DNA synthesis in brain, fetal rats, 30153
spot hybridization, postmortem brain analysis of DNA extracts for herpes simplex I virus, Ss with Alzheimer's disease at death & herpes-infected mice, 25936
Dependency (Drug) [See Drug Dependency]
Dependency (Personality)
ability to predict attitudes & behavior of other family members, dependent vs powerful & independent family members of three generations, 17161
assessment of degree of dependency, determination of staff needs for residential homes, mentally handicapped living primarily in comprehensive community-based service area, Wales, 7595
data-based vs symptomatic formulation of behavior treatment, anxiety & avoidances, 48 yr old female with dependent personality, 11-mo followup study, 26131
degree & locus & controllability of dependency & sex, anticipated & actual helping, 17–60 yr olds, 6629
dependence as state or trait & depression, 20225
dependencies of weaker & stronger persons, use of power, college students, 28031
dependency & depression, 8–16 yr olds & their mothers, 12200
dependency & power feelings, chronic psychiatric patients with mean age of 40.1 yrs receiving welfare & participating in sheltered hospital workshop, 2154
dependency needs, hospitalized paranoid schizophrenics vs those from rehabilitation centers, 7191
depression & dependency & wishes to be held, male vs female college students, 14742
environment & routine, self confidence & behavior dependent behavior patterns, institutionalized patients in day hospital setting, 26310
factors in patients' development of dependency & relationship to nursing, 4843
fears of dependence upon therapists & its value in therapy, adolescents & therapists, 12508
income level & race, childrearing attitudes & dependency, Black vs White mothers of adolescent females, 9400
perceptions of own dependency & levels of self esteem, causal attributions & emotional reactions in imagined success vs failure situations, college students, 17359
self perception of dependency, 75–96 yr old females living alone, implications for health care service delivery, 25040
transition lists, theoretical description of interpersonal behavior & interdependence, 14489
Dependent Variables
need for including effects of sex & age on dependent variables in reports of depression studies, reply to comments by J. A. Hamilton & R. M. Hirschfeld, 77
Depersonalization
antiseizure medication, theme of death in depersonalization phenomena & complex partial seizures, 36–67 yr old medical patients, 12638
depersonalization & derealization experiences, anxiety, 17–42 yr olds, 1318
progressive relaxation, depersonalization, anxious patients, 18042
psychohistory, depersonalization in G. M. Kren & L. Rappoport's "The Holocaust and the Crisis of Human Behavior", 6423
self concept stability & self esteem, transient depersonalization, 3rd–12th graders, 9276
theoretical & psychological perspectives of depersonalization, literature review, 20323
Depression (Emotion) [See Also Anaclitic Depression, Endogenous Depression, Manic Depression, Neurotic Depressive Reaction, Postpartum Depression, Psychotic Depressive Reaction, Reactive Depression]
ABO blood group distribution & statistical reanalysis of data in literature, 20–68 yr old patients with uni- & bipolar major depressive disorder, 17503
achievement expectancies, depressed vs nondepressed Ss, 14705
acute depression & bereavement following sudden termination of 1st consummated heterosexual relationship, young male college students, 26031
acute hospitalization, dexamethasone suppression & thyrotropin-releasing hormone stimulation tests, depressed 19–60 yr old inpatients, 7679
Adam & Eve syndrome, self punishment & self judgment, patients, 28258
adaptive vs neural instructions, rating vs self report of causal attributions, mildly depressed female college students, implications for attribution retraining, 31470
addiction to amineptine, atypically depressed 33 & 41 yr old females, 28756
administration & interpretation & correlation with Peer Nomination Inventory of Depression, Children's Depression Inventory, 2nd–7th graders, 16363
administration of dexamethasone suppression test, geriatric patients with dementia vs pseudodementia vs endogenous vs nonendogenous depression, 17846

administration of phenylethylamine & MAO inhibitors & dopa decarboxylase inhibitor & phenylalanine load, phenylacetic acid excretion, chronic schizophrenic & unipolar depressed patients, 6795
aerobic exercise conditioning program, neuropsychological test performance & depression indices & sensory thresholds & visual acuity, 51–70 yr olds, 13831
age & depression, intellectual & mental efficiency, 49–86 yr old males, 20319
age & duration of disease & degree of disability, body image & depression & locus of control, 22–72 yr old multiple sclerosis outpatients, 31167
age & life events & satisfaction & stress, reported depression, 20–76 yr old visitors to community health screening, 26281
age & number & frequency of seizures, response to conventional ECT, depressed inpatients with mean ages of 55.6 & 46.1 yrs, 7184
age & sex & intellectual functioning, emotional & behavioral problems, 4–55 yr old mentally retarded, implications for mental health service planning, 20431
age & sex & response to ECT vs antidepressant treatment, depressed patients with psychomotor retardation vs agitation, 15022
age & sex, anxiety & depression, 14–81 yr old females vs 15–84 yr old males referred for psychiatric testing, 25523
age & sex differences, mental health & depression & anxiety, never married vs married vs widowed Ss aged 55 yrs & older, 3584
age & sex, plasma cortisol levels, 10–64 yr old normal vs depressed males & females, 28198
age at onset of depression among probands, risk of illness, relatives of patients with major depression, 9737
age, excretion of urinary-free cortisol, acutely stressed 47–78 yr olds with depressive symptoms, conference presentation, 6789
age of onset of depression, platelet MAO activity, depressed females with mean age of 71.6 yrs, 4120
age, postdexamethasone serum cortisol levels, 16–85 yr old patients with major depressive disorders, 28216
age vs sex, levels of somatic complaints associated with depression, college students vs 60–79 yr olds, 14633
aggression & allergic disorders, depressed 50–60 yr olds, 17519
aggression & occurrence & perception of external stressful events, depressed patients with mean age of 45.2 yrs, 6829
alaproclate, 44–66 yr old chronic drug resistant depressed females, 15288
alcoholism & depression among 1st degree relatives & clinical depression, females with idiopathic pelvic pain, 31206
all-night spectral analysis of sleep EEG, 23–43 yr old drug-free depressive patients, 14638
alpha-methylparatyrosine vs fusaric acid, separation-induced depressivelike behavior & changes in CSF monamine neurotransmitters, monkeys, 6048
altered pharmacokinetics of dexamethasone vs overproduction of cortical, positive dexamethasone suppression test, psychiatric patients, 12129
amineptine, sleep-wakefulness rhythm & sexuality & weight changes, depressed patients, 7457
amitriptyline & benzodiazepine antidepressants, beliefs & depressive symptoms, depressed inpatients, 4-yr study, 26197
amitriptyline &/vs perphenazine, delusional depression, patients with mean age of 44.1 yrs, 20940
amitriptyline, major depressive disorder, 9–12 yr old psychiatric inpatients, 10283
amitriptyline or nortriptyline or imipramine, weight gain & appetite trends, depressed outpatients, 20894
amitriptyline therapy & recovery from depression, plasma prolactin levels, psychiatric patients, 26181
amitriptyline vs clovoxamine, memory performance, outpatients with primary depression, 26177
amitriptyline vs diazepam vs diazepam antagonist, topography of EEG changes, patients with primary depression & normal 20–40 yr olds, conference presentation, 766
amitriptyline vs imipramine, cognitive functioning, 5.5–16 yr old depressed patients, 26217
amitriptyline vs lithium, relapse, 25–65 yr old patients with history of 1 vs more than 1 depressive episode, 4778
amitriptyline vs trazodone, effectiveness & side effects, depressed patients with mean age of 40 yrs, 7410
amount of time since iv insulin administration, plasma glucose & amino acids & nonesterified fatty acids, 31–61 yr olds with major depressive or dysthymic disorder, 17522
amoxapine failure, treatment of depression, 32–63 yr old patients, 23359
amoxapine, serum levels & clinical response, 18–60 yr old male depressed inpatients, 2017
amoxapine vs doxepin, depressed outpatients, 7490
analysis of Beck Depression Inventory & Self-Rating Depression Scale & Depression Adjective Check Lists, assessment & diagnosis of depression, Netherlands, 25547
analysis of manifest dream content, 30–55 yr old depressed vs nondepressed divorcing vs happily married females, 13734
antidepressant activity of sulfoadenosyl-L-methionine, outpatients with major depressive disorders, 23293
antidepressant drugs, secretion of pituitary hormones in depression, literature review, 1996
antidepressant medications & phase advance of sleep-wake cycle, depression, 31–51 yr old females, 23356
antidepressant therapy, appetite & weight change, depressed outpatients, 28760
antidepressant therapy, depression, asthmatic patients, 23368
antidepressant tricyclic medication & psychosocial interventions, constellations of behaviors, depressed inpatients, 20924
antidepressant vs neuroleptic activities of sulpiride, apomorphine-induced sedation & hypothermia & behavioral despair & learned helplessness, male rats, application of animal models of depression, 6173
antidepressive & depression-inducing effects of flupenthixol & flupenthixol decanoate, 4807
anxiety & depression & hostility, rural females with mean age of 44 yrs, 17375
anxiety & depression, geriatric vs adult medical patients, 17775
apomorphine & piribedil, growth hormone responses, adult depressed patients, 22721
appetite & weight change, depressed 20–65 yr old outpatients, 9656
application of DSM III, diagnosis of depression, Ivory Coast, 22745
application of H. Tellenbach's "typus melancholicus" to analysis of F. Mouret in E. Zola's "The Conquest of Plassans", 19754
ascorbic acid vs ethylene diamine tetra acetic acid, manic vs depressed White female inpatients, 23330
assessment & treatment of depression & prevention & treatment of suicide, adolescents, literature review, 30884
assessment of depression, alcoholics, comments on article by M. N. Hesselbrock, 20394
assessment of depression, alcoholics, reply to article by L. D. Hagen & A. H. Schauer, 20396
assessment scales for depression, implications & guidelines for future, conference presentation, 2873
Association for Methodology and Documentation in Psychiatry system & final syndrome scales, discrimination of depressive syndromes, conference presentation, 2937
association of chronic pain & depression, literature review, 12114
assumption of "uncontrollable conditions" in learned helplessness model of depression & locus of control, implications for treatment, 28226
Athymil, 20–74 yr old depressives, 10250
attitude toward antidepressants & anxiolytics & transference in psychotherapy, 38 yr old female with neurotic depression, 23086
attributional style, depression, 25580
attributions about causes of events based on reformulated learned helplessness model, depressed adult in- vs outpatients, 20281
auditory event-related potentials, assessment of psychomotor retardation, depressed patients, conference presentation, 1358
automated measurement of REM & delta sleep, depressed & normal 20–42 yr olds, conference presentation, 1422
availability of confiding persons within & outside of household, depressed patients, 20258
Beck cognitive therapy, reduction of intensity of depression, mildly depressed college students, 26087
behavioral changes due to separation of male-female pairs, animal model of depression, hamsters, 19307
behavioral vs cognitive etiology & treatment of depression, children, implications for school psychologists, 28712

behaviorally-based rehabilitation approach using relaxation & desensitization therapy & cognitive restructuring & stress management & activity scheduling, depression & anxiety, post-myocardial infarction patients with mean age of 57 yrs, 4710
belief in winter/holiday depression, shift in diagnostic criteria, 12143
benzodiazepines vs antidepressants, treatment of depression, 10266
bereavement, response to dexamethasone suppression test, 1st degree relative 7–19 days after relative's death, 25526
bibliotherapy & mindfulness meditation, 44 yr old male with depression & agitation & weeping episodes, 1768
bilateral vs nondominant unilateral ECT, memory, depressed inpatients, 7182
bilateral vs right unilateral ECT, perceptual learning, 36–77 yr old male inpatients with major depressive disorder, 28544
bilateral vs unilateral ECT & dexamethasone sodium phosphate, memory & depression, depressed inpatients, 1784
bilateral vs unilateral ECT, serial post-ictal serum prolactin levels, male psychiatric patients, 12457
bilateral vs unilateral ECT, subjective perceptions of memory function, depressed 22–78 yr olds, 1803
bilateral vs unilateral ECT vs antidepressant drugs, performance on rod & frame test, depressive patients, 12453
biochemical & CNS-related & psychic causes of depression, 30974
biochemical & endocrinological aspects of anxiety & depression, 9664
biochemical & genetic markers in depression & schizophrenia, conference presentation, 28249
biofeedback therapy, muscle contraction headache, patients with or without depression & head trauma, 23273
biological & cognitive changes, adolescents with early vs late onset affective disorders, 12140
biological correlates & therapeutic effectiveness of sleep deprivation, depression, 23096
biological tests for depression, monitoring recovery & predicting relapse & identification of underlying personality traits, medical & neuropsychiatric patients, 12115
biological vs environmental factors, depression, females, 12201
biological/genetic markers & epidemiology, patients with bipolar & unipolar major depressive disorder & their 1st-degree relatives, conference presentation, 28189
blending of traditional medical model & skillful social work for treatment, adolescent patients with depression, 23476
blood platelet accumulation of histamine, depressed vs lithium treated patients vs controls, implications for diagnosis, 20374
blunted thyroid-stimulating hormone response to thyrotropin-releasing hormone, patients with primary depression, 30911
brief antidepressant treatment with amoxapine vs amitriptyline, cognitive ability, depressed outpatients, 12646
bright light treatment during winter, depression, 20–58 yr olds with seasonal affective disorder, 15087
bupropion, body weight, depressed outpatients, 1987
carbamazepine, thyrotropin response to thyroid releasing hormone, 27–43 yr old with major depressive disorder, 18115
cerebral metabolic rates for glucose, 18–56 yr old patients with unipolar depression vs manic phase vs mixed state vs depressed phase bipolar disorder, 22669
cerebral metastases, anxiety & depression, 75 yr old "forgetful" attorney, diagnostic implications, 28397
cerebral ventricle size & clinical features, 25–78 yr olds with major affective disorders vs headaches & dizziness, 25593
cerebral ventricular size & age of disease onset & illness duration, patients with major depression, 12142
changes in classification of depressive disorders, implications for International Classification of Disease-10, conference presentation, 4242
characteristics & treatment using individual therapy with vs without antidepressants, 5–16 yr old depressed mentally retarded patients & their families, 14850
characterization of symptoms of depression with dysthymic disorder, Ss with mean age of 35.4 yrs, 15319
childhood depression, literature review, 6743
childrearing patterns, normal vs depressed vs abusive mothers of 4–9 yr olds, 20201
chlorimipramine vs s-adenosyl-levomethionine treatment, depressed patients, 12637
chronic depression, middle aged housewives, 4132
chronic desipramine, heart rate & blood pressure & plasma norepinephrine, depressed 70–85 yr old females, 7418
chronic hemodialysis, psychiatric symptoms & trauma, patients, 12705
chronic pelvic pain, depression, female patients without organic pathology, 17776
chronicity of major depression, patients undergoing drug therapy, 1–4 yr followup, 20239
circadian rhythms of plasma melatonin & cortisol secretion, depressed 26–58 yr olds, 22681
citalopram, depression, 18–65 yr old hospitalized depressed patients, 26199
class vs individual tutoring vs minimal contact as psychoeducational approach, coping with depression, unipolar depressed 16–65 yr olds, 4711
classification & diagnosis of depression, school phobic 9–14 yr olds, 28211
classification of depressive disorders with Linnaean binomial nomenclature model, 14760
client's age as source of bias, diagnosis of depression vs senile dementia, 26–49 yr old clinical psychologists, 4109
clinical analysis of delusional vs nondelusional unipolar depression, 22665
clinical characteristics of depressive syndrome, Ss with bipolar vs unipolar depression, 12191
clinical EEG sleep measures & serum cortisol level, prediction of treatment response time, recurrent depressive outpatients receiving pharmacotherapy & psychotherapy, 30932
clinical efficacy & tolerability of doxepin vs maprotiline, depression, 55–77 yr old patients with or without cardiovascular disease, conference presentation, 26137
clinical features & family history & hypothalamic-pituitary-adrenocortical axis function, patients with major depression with vs without psychotic features, 1371
clinical guide to differential diagnosis, patients with depression, literature review, 22774
clinical outcome, anhedonic vs hedonic depressives, 7-mo followup, 4146
clinical psychopathology & course of symptoms & family history, prediction of development of manic depression, 13–16 yr olds hospitalized for depressive disorder, 4-yr followup study, conference presentation, 4260
clinical safety & tolerability of antidepressant nomifensine, conference presentation, 7479
clinical use of pet dog, depression, 58–83 yr olds, 12465
clomipramine or haloperidol treatment & thyrotropin-releasing hormone tests, thyroid-stimulating hormone responses as indicators of antidepressant & neuroleptic drug mechanism, female patients with depressive or paranoid hallucinatory syndrome, 28776
clomipramine, orthostatic hypotension as predictor of treatment response vs side effect, patients with depression & obsessive compulsive symptoms, 15328
clonazepam, depression & anxiety, 23 yr old female with systemic lupus erythematosus, 18116
clonidine, alpha-2-adrenergic receptor sensitivity assessed through blood pressure changes, 29–51 yr old depressed males undergoing desipramine treatment, 15310
clonidine, noradrenergic receptor system, depressed Ss with mean age of 44 yrs, 6854
cognitions related to attributions & coping reactions, depression, 37–85 yr old spousal caregivers of Alzheimer's disease patients, 31142
cognitive &/or behavioral therapy, depression, inpatient alcoholics, literature review, conference presentation, 29003
cognitive behavior therapy, depression, literature review, 10106
cognitive behavior therapy, treatment of depression, 26–61 yr old patients with multiple sclerosis, 28723
cognitive behavior therapy vs interpersonal psychotherapy vs pharmacolotherapy in NIMH collaborative research program, treatment of depression, 21–60 yr old depressed outpatients, 20648
cognitive behavioral analysis system of psychotherapy, 26–32 yr old dysthymics, 7244

cognitive-behavioral treatment, depressed affect, epileptics with mean age of 33.1 yrs, 1942
cognitive distortion, depression, college students, Hong Kong, 14651
cognitive functioning in depression, 1960–1984, literature review, 31008
cognitive group therapy, depression, depressed patients, 20793
cognitive impairment prior to resistant depression, 48 yr old male attorney with multiple sclerosis, 31275
cognitive problem solving & locus of control & life events, depressive symptoms, 4th–6th graders, 25571
cognitive restructuring & cognitive & behavioral self control & cognitive rehearsal procedures, depression, 67–80 yr old nonpatients, 18044
cognitive therapies, depression, 10234
cognitive therapy, depression, 7364
cognitive therapy, depression, 18–60 yr old general practice patients, 7390
cognitive therapy with vs without amitriptyline, attrition & magnitude & universality of response & stability of improvement, 20–65 yr old depressed patients, 6- & 12-mo followup, 15023
combinations of quantitative EEG variables, psychiatric diagnostic discriminations, neurotics vs personality disordered vs overt vs latent schizophrenics vs major depressives vs manics, 12204
combined phenelzine & amantadine, depression & parkinsonian symptoms, 80 yr old female, 15294
comparable symptoms & links between anorexia nervosa & depression, 17701
competitive protein binding assay vs commercial cortisol radioimmunoassay, determination of plasma cortisol levels for dexamethasone suppression test for depression, 22766
computer-based measures of EEG alpha amplitude & validity in diagnosis, depressed patients & healthy volunteers, conference presentation, 102
computerized diagnostic system, comparison of alternate classification systems of depression, 18970
concentration of neurophysin I & II in CSF, 29–61 yr old depressed & schizophrenic patients, 22736
concentrations of 5-hydroxyindoleacetic & homovanillic acid in CSF during depression vs after recovery, 30–63 yr old depressed patients, 6868
concentrations of 5-hydroxyindoleacetic acid & homovanillic acid & 4-hydroxy-3-methoxyphenyl glycol in CSF, 23–80 yr old melancholia patients, 4123
concordance for alcoholism vs depression vs criminality vs psychopathology, hospitalized alcoholic mono vs dizygotic twins & their cotwins, 16578
concurrent & discriminant validity of Geriatric Depression Scale, male psychiatric patients, 156
concurrent validity of Children's Depression Inventory & characteristics of Ss with extreme scores, 2nd–5th graders, 11190
conflicts related to desexualization of love bond & craving for death, melancholic & pedophilic male psychoanalytic patient, 12530
confounding variables of confusion & medication side effects, diagnosis & treatment of depression, 79 yr old female, 28193
consistency of self schema processing, depressed female psychiatric patients, 25564
consistent reversal of abnormal dexamethasone suppression test after antidepressant therapies, 57 yr old male with symptoms of depression & dementia, 36 mo longitudinal study, 15337
construct validity of burnout analyzed with multitrait-multimethod approach, college faculty members, 5481
construction & reliability & validity of questionnaire for self evaluation of depressive symptomatology, patients, 24286
construction of Cognitive Bias Questionnaire for Children, assessment of cognitive bias & depression relation, psychiatrically disturbed 8–16 yr olds, 29746
construction of depression-mobility table, assessment of role of life events & social support, 18–70 yr olds, 1-yr longitudinal study, 14698
construction of self rating scale, assessment of depression, patients, 29744
construction of suicidal risk scale, hospitalized depressive & suicidal adults, 2-yr followup, 27032
content of attributional interpretations vs client attributions, effectiveness of interpretation, college students with mild to moderate depression, 18250
coping with depression course as psychoeducational group treatment for depression, literature review, conference presentation, 28686
coping with harm & suffering as depicted in Book of Job & comparison with reactions of depressives, 4127
coronary bypass & Type A behavior & depression & anxiety, postoperative arrhythmias, male patients, 18188
correlation of dexamethasone suppression test with measures of depression vs gender vs response to treatment, Ss over age 60 with major affective disorder & unipolar depression, 20213
correlational analysis, Hamilton Depression Rating Scale & Carroll Depression Rating Scale, 19–62 yr old outpatients, replication of study by B. J. Carroll et al, 5683
corticosteroid-binding globulin, depressed 28–76 yr old patients, 28212
cortisol & thyroid-stimulating hormone & EEG sleep variables, 22–64 yr old outpatients with unipolar depression, 30952
cortisol suppression index vs fixed values for dexamethasone suppression test, diagnosis of depression, 18–84 yr old psychiatric inpatients, 20224
counseling, depression & grief, females who had abortions, 18259
counselor's touch, appraisal of counselor empathy & unconditional regard & congruence & resistance, depressed vs vocationally undecided clients, 7619
covariation over time of depressive symptoms, 20–71 yr old depressed patients, implications for clinical classification, 9660
creatine & creatinine urate & albumin levels in CSF & blood, determination of brain energy metabolism & blood brain barrier permeability, 19–66 yr olds with major depression, 22754
criteria for diagnosis of reversible dementia caused by depression, adult inpatients, 2 yr followup, 6837
cross cultural differences & sociocultural & ethnic factors, belief in external control & associated distress & depression & anxiety, adults, Mexico vs US, 6456
CSF amine metabolites & homovanillic acid & cortisol & dexamethasone suppression, 21–71 yr old depressed & schizophrenic & alcoholic patients & suicide attempters, 9748
CSF neurochemistry, 17–66 yr old depressives vs schizophrenics vs manics, 12158
cyamenazine treatment, patients with symptoms of schizophrenia or paranoid or depressive syndromes, 4801
date of psychiatric admission, phases or critical days in biorhythm cycle, patients with major vs bipolar depression vs schizophrenia vs other diagnoses, 20372
day- vs night-time levels of 6-sulphatoxy melatonin, 22–55 yr old melancholic patients, 14639
death of mother & remarriage of father at 8–12 yrs of age & affection in own marriage, depression, females with mean age of 32.7 yrs, 4225
decreased serotonin neurotransmission, depression & suicide, 12107
degree of acceptance of traditional feminine sex role, depressed 35–50 yr old females, 17277
degree of social integration, depression vs anxiety, rural vs urban females, Scotland, 9701
demand characteristics, Beck Depression Inventory responses, college students, 24252
demographic & symptomatic variables & extent of endogenous depression & response to amitriptyline & attrition rates, clinically referred depressives vs volunteers, 1483
demographic characteristics & diagnosis, response to placebo vs bupropion, 21–62 yr old depressed males vs females, 23358
demographic characteristics & marital & family relations & illness behavior & complications & self esteem & locus of control & life satisfaction, depression, adult chronic insulin-dependent diabetics, 20612
demographic characteristics, depression & mastery skills, 21–63 yr old females, 4088
dependence as state or trait & depression, 20225
dependency & depression, 8–16 yr olds & their mothers, 12200
depressed mood induction, recall of target words embedded in sentences or alone, college students, 11350
depressed mood, tachistoscopic recognition of neutral/unpleasant words, depressed inpatients, 28247

depressed vs neutral mood induction conditions, negative cognitions with mood changes, recovered unipolar depressed vs anxious adults, 20226
depression & alcoholism, learning & recall & recognition, male VA patients who had been treated on alcohol ward, 1340
depression & anxiety & emotional distress & physical symptoms & behavior toward their children, physically abusive mothers, 14798
depression & anxiety & personality traits, 21–65 yr olds with bronchial asthma, 17774
depression & anxiety, serum dopamine-beta-hydroxylase activity, medical & surgical & psychiatric outpatients, 6772
depression & anxiety, 17–38 yr old females with secondary amenorrhea, 28426
depression & anxiety, 20–78 yr old cancer patients, 1647
depression & conversion hysteria in chronic inflammatory polyradiculoneuropathy, 29 yr old female, 25808
depression & dependency & wishes to be held, male vs female college students, 14742
depression & learned helplessness, male vs female educable mentally retarded adolescents, 31098
depression & self vs O rated body image & physical attractiveness, 17–63 yr olds, 20322
depression & trait vs state anxiety & locus of control & distress, self appraised ineffective vs effective problem solvers, 14572
depression & well-being & life satisfaction, mothers of preschool children employed outside home vs homemakers, implications for W. Gove's social role theory, 27996
depression and secondary agoraphobic symptoms, 66 yr old male & 46 yr old female, 26202
depression as state between grief & melancholy, 6856
depression-associated focal cognitive deficits, brain damaged 28 yr old male, 17733
depression associated with chronic pain, 14601
depression at 1st hospitalization, development of tardive dyskinesia, manic depressive patients with mean age of 60.4 yrs, 9743
depression, children, literature review, 25508
depression, decreased subjective time, elderly females with mean age of 70.4 yrs, 9692
depression, female patients who experienced miscarriage or induced abortion, Chile, 4839
depression following hysterectomy, 27–57 yr old females, 17761
depression, hospitalized alcoholics treated with vitamins & benzodiazepines, 18350
depression in medically ill & treatment of sleep disorders in elderly & clinical utility of dexamethasone suppression test, comments on 4 papers, conference presentation, 31326
depression, intimacy & quality of personal relationships, 65–89 yr olds, 1-yr longitudinal study, 17528
depression, problem solving skills, 4th–12th graders & college students, 14662
depression, psychopathological behavior, 14–26 yr old high school students, Mexico, 30922
depression, responses to California Psychological Inventory, college students, implications for interpretation & use as screening device, 13559
depression symptoms & negative life events & family social support, returning female college students with mean age of 35 yrs, 9710
depression vs anxiety, cortisol nonsuppression, psychiatric inpatients with depressive symptoms assessed with dexamethasone suppression test, 22771
depression, 24–70 yr old alcoholics sober for mean of 5.3 yrs, 1361
depression, 73–85 yr old spouses of patients with progressive dementia, 9652
depressive severity & history of drug abuse & cognitive impairment & outcome, inpatient alcoholics, 6-mo followup, 17600
depressive symptomatology, general hospital patients, Spain, 9685
depressive symptomatology, 26–74 yr old sleep apneics, 17796
depressive symptoms & abnormal illness behavior, general hospital patients, Italy, 18296
depressive symptoms & expectations & locus of control for health assessed with cluster analysis, patterns of response to rehabilitation, medical patients, 21127
depressive symptoms & psychodiagnosis, 4–16 yr old psychiatric outpatients, 4162
depressive symptoms & suicidal behavior, 13–18 yr old psychiatric patients, 22860
depressive symptoms, alcoholism, 20–60 yr old Native Americans, 10-yr followup, 22878
depressive symptoms, drug abuse treatment clients, longitudinal study, conference presentation, 5040
depressive symptoms, female vs male adults, 9693
depressive symptoms masking underlying increased intracranial pressure, 69 yr old male & 75 yr old female, 28469
depressive symptoms, prediction of unsuccessful clonidine vs methadone detoxification, ex-addicts of opiates, 23603
depressive symptoms, 18–67 yr old female sexual assault victims, 25510
description of midlife crisis & depression, G. Rossini, 22678
desipramine, depression, hospitalized mentally ill patients, conference presentation, 23302
desipramine, depression, melancholic elderly & Ss with delusional depression, conference presentation, 23344
desipramine, depression, outpatients, conference presentation, 23353
desipramine, paradoxical sleep, 67–77 yr old depressed patients, conference presentation, 1388
desipramine plasma levels & therapeutic response, depressed Ss with melancholia, conference presentation, 23317
development & reliability of subscale of Comprehensive Psychopathological Rating Scale, assessment of severity of depression, 21–70 yr old patients, 24283
development & validation of Peer Depression-Rating Scale, college students, 13579
development & validity of scale, assessment of perceived emptiness & existential concern & correlation with depressive affect, 17–64 yr old college students & clients in psychotherapy, 24237
development & validity of Visual Analogue Scales of Pain & Depression & Anxiety, assessment of sensory & affective components of cancer-related pain, 17–86 yr old severely ill cancer patients, 8386
development of depressive syndromes, schizophrenic patients, 4251
development of dysphoric syndrome with somatic complaints after respiratory infection or gastroenteritis, 6–16 yr olds, 4405
development of SHORT-CARE, assessment of depression & dementia & disability, aged, 2902
development of Standardized Assessment of Depression Disorders & relationship to International Classification of Diseases-9, conference presentation, 4169
development of tolerance to therapeutic effects of imipramine & amitriptyline & phenelzine, 27–69 yr old females, 20898
developmental correlations, depression, children, 25530
developmental history & family & individual psychodynamics & psychopathology & treatment, 12.5 yr old depressed male who attempted suicide at age 7, 20390
developmental progression of depression, 7–13 yr old females, 17468
developmental stage mediation of depressive disorders, 8–13 yr olds, 17500
dexamethasone suppression test, diagnosis of depression, newly abstinent alcoholics, reply to C. M. Swartz & F. J. Dunner's answer to author's comments, 12236
dexamethasone-induced suppression of cortisol following recovery from depression, 20–70 yr old patients, 14686
dexamethasone, plasma cortisol concentrations, 20–73 yr old depressed patients with normal vs hypersecretion of cortisol, 6784
dexamethasone, plasma cortisol levels, patients with depression vs other psychiatric diagnoses, 22727
dexamethasone, plasma cortisol suppression, 26–67 yr old outpatients with major vs minor depression, 28261
dexamethasone, serum aldosterone & cortisol, patients with major depressive disorder, 22781
dexamethasone, sleep, depressed patients, 20295
dexamethasone suppression & appetite & weight change, patients with major depressive disorder, 14758
dexamethasone suppression & lymphocyte sensitivity, depressed patients with mean age of 32.3 yrs, 9678
dexamethasone suppression & thyrotropin releasing hormone stimulation test, identification of treatment responsiveness & relapse rates, patients with major depressive disorder, 9727

dexamethasone suppression & thyrotropin response to thyrotropin releasing hormone, prediction of antidepressant effect of partial sleep deprivation, depressed 19–74 olds, 10064
dexamethasone suppression & thyrotropin stimulating hormone response, 14–54 yr old females with borderline personality disorder, 1477
dexamethasone suppression, differential diagnosis of depression, depressed patients with mean age of 43 yrs, 28209
dexamethasone suppression test & DSM-III criteria, differentiation of depression from chronic pain, 18–69 yr old chronic low back pain patients, 12104
dexamethasone suppression test & REM sleep, 16–61 yr old parents with major depressive disorder, 28231
dexamethasone suppression test & thyrotropin-releasing hormone test, 21–73 yr old inpatients with primary vs secondary depression, 28185
dexamethasone suppression test & urinary methoxyhydroxyphenylglycol assay & tricyclic antidepressant plasma level assay, diagnosis of depression, conference presentation, 6767
dexamethasone suppression test & withdrawal from alcohol, detection of depression, alcoholic patients with mean age of 40 yrs, 9798
dexamethasone suppression test abnormalities, withdrawing alcoholic inpatients, 9813
dexamethasone suppression test as indicator of depression, patients with chronic pain with vs without depression, 30879
dexamethasone suppression test as screening procedure, rehabilitation patients with chronic pain consulting psychiatrist, 31764
dexamethasone suppression test, assessment & management of depression, 72 yr old male, 22730
dexamethasone suppression test, assessment of depression, acute & chronic stroke patients, 17772
dexamethasone suppression test before & during treatment, depressed patients, 17447
dexamethasone suppression test, cortisol & corticosterone & dexamethasone levels, depressed 20–73 yr olds, 9661
dexamethasone suppression test, cortisol & 11-deoxycortisol & adrenocorticotropic hormone concentrations, depressed 19–72 yr olds & normal 20–44 yr olds, 1408
dexamethasone suppression test, diagnosis of depression, elderly patients, comments on M. A. Jenike's article, 25792
dexamethasone suppression test, diagnosis of depression, elderly Alzheimer's patients, reply to comments by M. Carnes & N. H. Kalin, 25841
dexamethasone suppression test, diagnosis of depression, literature review, 28157
dexamethasone suppression test, differentiation of subtypes of depression, adolescent inpatients with endogenous & nonendogenous depression, 6730
dexamethasone suppression test, patients with major depressive disorder with vs without history of weight loss, 17458
dexamethasone suppression test, plasma cortisol & corticosterone, depressed patients, 14753
dexamethasone suppression test, plasma dexamethasone levels, 16–79 yr old patients with major depression or other psychiatric disorders, 30941
dexamethasone suppression test, prediction of response to antidepressants, 26–76 yr old females with depressive disorders, conference presentation, 31486
dexamethasone suppression test responses during recurrent depressive episodes, 27–83 yr olds with primary affective disorder, 9744
dexamethasone suppression test results, 55–79 yr old patients with presenile & senile dementia of Alzheimer's type, 14943
dexamethasone suppression test results & suicidal behavior, patient with borderline personality disorder with vs without depressive symptoms, 22728
dexamethasone suppression test results before & after treatment, hospitalized depressed patients, 10455
dexamethasone suppression test, suppression of response to antidepressant treatment, melancholic patients, 20269
dexamethasone suppression test vs Newcastle Endogenous Depression Diagnostic Index vs DSM-III vs Research Diagnostic Criteria vs Michigan Diagnostic Index, diagnosis of depression, inpatients, 4153
dexamethasone suppression test, 16–65 yr olds with obsessive compulsive vs major depressive disorder, 28218
dexamethasone suppression test, 18–75 yr old nondepressed diabetics, 9950
dexamethasone suppression test, 21–49 yr old patients with postpsychotic or major depression, 22775
dexamethasone suppression test, 24–58 yr old alcholics undergoing detoxification, 1351
dexamethasone suppression, 60–85 yr old patients with major depressive illness, diagnostic & treatment implications, 9648
dextroamphetamine & methylphenidate, 57–73 yr old depressed patients with neurological disease, 4784
dextroamphetamine, cortisol release, 20–58 yr old depressed outpatients, 17562
diagnosis & physician reluctance in treatment, depression, cardiac patients, 31202
diagnosis & prevalence of depression, 18–70 yr old oncology inpatients, 7028
diagnosis & sex & age, sensitivity & specificity & diagnostic confidence of dexamethasone suppression test, 14–85 yr old psychiatric patients with major depressive syndromes, 22750
diagnosis & treatment, atypical depression, 22773
diagnosis & treatment, depression, elderly, 28171
diagnosis & treatment of depressive symptoms, cancer patients, 14961
diagnosis & treatment of somatogenic depression, children & adolescents, 14715
diagnosis of depression, patients with somatic complaints, implications for recognition & treatment of depression, 14947
diagnosis of depression valve of DSM-III criteria, chronically medically ill hospitalized patients, 14906
diagnosis of depression, 23–24 yr olds, Switzerland, 4-yr longitudinal study, 9609
diagnosis of major depression, patients with anorexia nervosa, 17769
diagnosis of paranoid schizophrenia vs recurrent major depression, Freud's patient D. P. Schreber, 4199
diagnostic accuracy of dexamethasone suppression test, 20–78 yr old hospitalized depressed patients, 31001
diagnostic classification, early childhood depression, 9675
diagnostic criteria & epidemiology of depression, males vs females, conference presentation, 28154
diagnostic criteria & validity of DSM-III, depression, children, 6753
diagnostic evaluation & description of symptomatology, depressive illness of W. Cowper, 16842
diagnostic factors, outcome, 18–69 yr olds with neurotic depressive disorders, 2-yr followup, 4126
diagnostic specificity of dexamethasone suppression test, levels of cortisol & prolactin, depressed inpatients, 25556
diclofensine treatment, 60–81 yr old depressed patients, 4776
difficulty of recognition memory & classification tasks, P300 latency & RT, 31–63 yr old alcoholics vs depressed patients, conference presentation, 20181
digoxin intoxication masked as depression, 85 yr old female, 18144
discriminative ability of Karolinska Scales of Personality, depressed patients vs healthy volunteers, 22790
disorders in central & peripheral regulatory processes, development of depression, 4250
display of behavioral or characterological self blame for negative event by depressed vs physically ill individual, elicitation of negative mood & rejection, college students, 14511
distribution of red blood cell plasma choline rations, 55–81 yr olds with probable dementia of Alzheimer type vs depression, 31168
disturbances of perception with vs without hallucinations, depressed patients, implications for treatment, 17516
disulfiram, anxiety & depression, male inpatients in alcohol rehabilitation unit with mean age of 31.8 yrs, 2216
divorce & depression, dream characteristics, depressed 30–55 yr old females undergoing divorce, 6744
doxepin, chronic pain & clinical depression, patients with low back &/vs cervical spine pain, 15296
doxepin, long term maintenance treatment, 40–83 yr old outpatients with chronic depression, 15-yr followup, 15273
doxepin vs desipramine, patients with major affective vs dysthymic disorder & chronic back pain, 15338
doxepin, 20–75 yr old patients with depression, 31491

drug abuse & depression & suicide as factors in DADS syndrome among 15–24 yr olds, crisis strategies & training methods for crisis intervention workers, 26271
drug treatment vs nutrient therapy with lecithin & levotyrosine & pyridoxine hydrochloride, patients with Alzheimer's disease & unipolar depression & premenstrual syndrome, 23325
DSM-III diagnosis vs Beck Depression Inventory diagnosis of depression, Ss with mean age of 37.9 yrs, 4223
dysphoric vs nondysphoric mood, food consumption, female college students identified as restrained vs unrestrained eaters, test of restraint theory's disinhibition hypothesis, 13840
ECT, change in brain-type creative phosphokinase isoenzyme, depressed 23–70 yr olds, 7197
ECT in different waveforms, memory performance, depressed patients with mean age of 55 yrs, 7196
ECT, monoamine metabolites & growth hormone & plasma prolactin, depressed 34–80 yr olds, 1793
ECT, plasma endorphin levels, patients with major depressive disorder, 10080
EEG & creation of emotional states of sexual arousal vs depression, right handed acting students, 19572
EEG activation levels, patients with schizophrenia vs mania vs neurosis vs depression vs personality disorders, conference presentation, 1467
EEG sleep, inpatients with secondary depression, 14745
EEG sleep measures as neurophysiological markers of depression, conference presentation, 28213
EEG sleep patterns prior to vs during amitriptyline treatment, depressive syndrome, 26–56 yr old patients with bipolar affective illness, 6761
effectiveness & dosage & side effects & drug interactions of MAO inhibitors, treatment of anxiety & depressive disorders, 31554
effectiveness of cognitive behavior therapy, treatment of depression, literature review, 23289
efficacy & safety of nomifensine maleate, 18–60 yr old moderately to severely depressed outpatients, conference presentation, 7428
efficacy & safety of nomifensine, 18–65 yr old outpatients with primary affective disorder-depression, conference presentation, 7432
efficacy & safety of nomifensine vs imipramine, 18–65 yr old depressed outpatients, conference presentation, 7408
efficacy of bilateral vs unilateral ECT, treatment of melancholia, comments on study by R. Abrams et al, 15040
efficacy of bilateral vs unilateral ECT, treatment of melancholia, reply to comments by R. Fontaine & T. Young, 15016
efficacy of dothiepin vs amitriptyline, major depressive disorder, outpatients, 26208
efficacy of nomifensine, subtypes of depression, conference presentation, 7466
efficacy of paradoxical interventions, treatment of agoraphobia vs depression vs insomnia vs procrastination, literature review, 20884
efficacy of psychological treatments, depression, 23137
efficacy of viloxazine treatment, depression, elderly, 18101
elated mood followed by vs preceding despondent mood, attributional patterns, college students, 25437
electrode placements, efficacy of ECT, depressed patients, 10037
elevated substance P-like peptides in CSF, patients with schizophrenic & major depressive disorder, 6842
emergence of self in recovery, depression, 12172
emotional & physical symptoms, depressed females with vs without panic attacks, 20362
emotional experiences & attribution style & intellectual performance, depressed 5th graders, 30908
emotions & depressive symptoms during pregnancy vs postpartum, primi- & multiparous females, implications for prediction of postpartum distress, 28253
endogenicity & severity, consistency between clinician- vs patient-rated depression scales, 20–62 yr old inpatients with major depression, 9739
epidemiology & psychodiagnosis of depression, anorexic & bulimic 15–37 yr old females, 12359
epidemiology, normal to pathological continuum of depressive mood swings, 19–20 yr olds, Switzerland, 4-yr longitudinal study, 9608
estimates of lifetime risk & cumulative risk, depressive disorder, patients contacting psychiatric services, England, 20351
ethinyl estradiol & pyridoxine, depression, 22–68 yr old premenopausal vs postmenopausal females, 23328
etiology of depression, treatment implications, 4217
etiology, relationship between Parkinson's disease & depression, 31218
etomidate vs Althesin vs methohexitone, seizure duration in unilateral ECT, 41–71 yr old severely depressed patients, 17847
evaluation of serotoninergic hypothesis of depression, 4194
evidence of B6 deficiency, depressed outpatients with mean age of 37.2 yrs, 6862
examination of depressive phenomena as part of full depressive syndrome, 13–18 yr old psychiatric inpatients, 9581
expression of depression, pre-Columbian ceramic art, Mexico, 9703
expressions of death & rebirth, manifestations of collective unconscious, 16 yr old during depressive crisis, 14689
extent of adrenal overactivity at time of hospital admission, alcoholics, 28368
factor analysis & cross cultural differences, symptomatology, depressed 21–65 yr old outpatients, Turkey, 9616
factor analysis & reliability & validity of Multiscore Depression Inventory & its subscales, assessment of severity of depression, college students & adolescents, 8393
factor analysis of Beck Depression Inventory scores, 36–76 yr old male cardiac patients, 110
factors affecting treatment attrition in outcome study of cognitive &/vs pharmacotherapy, 18–60 yr old depressed patients, 7189
factors predicting depression during 1st 6 mo of internship, medical interns, 2245
factors predictive of postpartum depression, levels of depression during 7th mo of pregnancy & at 1 & 6 wks postpartum, 13–42 yr old females, 30930
factors related to noncompliance in 2-yr study of lithium carbonate &/vs imipramine therapy, depressed 22–63 yr olds, 7444
false consensus for own attributes, depressed vs nondepressed college students, reply to C. McCauley's criticism, 28042
family history & cortisol secretion & response to antidepressant drugs, 21–69 yr old delusional & nondelusional depressed inpatients, 9691
family history & diagnosis, 6–12 yr olds with psychosis & depression, 28194
family study data, patients with endogenous vs melancholic vs autonomous vs delusional subtypes of nonbipolar depression, 6807
fantasized companions integral to formation of suicide intent, depressed 24 & 37 yr old males, 6850
fantasy, depression & other psychopathology, children of manic depressive vs normal parents, conference presentation, 4211
feedback about own performance vs successful performance of other person on same characteristic, social comparison jealousy & desire for friendship & depression & anxiety, college students, 12033
field dependence, female depressed outpatients with mean age of 31 yrs, 14692
flexitime, role conflict & self rated depression, White working mothers employed fulltime, South Africa, 26790
fluotracen vs amitriptyline, depressive symptoms, 18–61 yr olds with major depressive disorder, 12642
fluoxetine vs imipramine treatment, depression, 23–69 yr olds, 20895
frequency & environment & behavior associated with anger & anxiety & depression & happiness, female vs male college students, 8579
frequency of abnormal dexamethasone suppression test responses, 64–94 yr olds referred to psychogeriatric assessment service, 28227
frequency of classification in sex-role categories & androgyny & psychological adjustment, 17–59 yr old homosexual males vs lesbians vs heterosexual males vs females, Ireland, 14427
frequency of depression, patients with mean age of 37.7 yrs visiting general practitioners, Canada, 4125
frequency of suicide attempts & other characteristics, 17–73 yr old unipolar & bipolar affective disorder patients, 1394

futuristic prefabricated concrete city, "new town blues" & vandalism & public response, London, implications for environmental planning, 2712
genetic factors, depression & suicide, 1341
genetics & prognosis of endogenous vs exogenous depression, 28199
geriatric depression, Peoples Republic of China vs Western societies, conference presentation, 20274
group psychotherapy, depressed patients, 20786
group psychotherapy vs running vs medication relaxation therapy, depression, depressed patients, 20662
group therapy, elderly with depression, 10191
growth hormone secretion & EEG & REM sleep & neuroendocrine parameters, depressed 14 yr old twins & 16 yr old female, 9683
guidelines for use of Forms S & D of Lists of Integrated Criteria for Evaluation of Taxonomies, nonaffective psychoses & depressive syndromes, 22762
health behavior & drug & alcohol usage, depression, junior & senior high school students, 17063
hearing & vision loss & family support, depression & anxiety, 60–92 yr olds, 25892
hearing problems, mental states & depression & anxiety & disability, elderly patients aged 70 yrs & older, 4460
heart & breathing rates & muscle tone & eye movements & blinking, 21–61 yr old depressed patients, 4252
hedonic tone of words, signal detection analysis of recognition memory, depressed patients with mean age of 41.7 yrs, 6760
heredity & clinical manifestations of depression & drug addiction, 30892
high vs low score on Self Control Schedule, response to nortriptyline vs cognitive therapy, 18–60 yr old depressed outpatients, 15176
high vs maintenance dosages of amitriptyline, MAO & dopamine-beta-hydroxylase & catechol-O-methyltransferase, 19–55 yr olds with bipolar affective or unipolar disorders, 4796
highjacking of Air Force flight in 1976, delayed chronic anxiety & depression, 71 yr old female, 17576
history of familial alcoholism & depression & anxiety & other psychopathology, veterans of Vietnam vs World War II vs Korea with posttraumatic stress disorder, 14657
hopelessness & eventual suicide, patients hospitalized for suicidal ideation, 5–10 yr followup, 22803
hopelessness & locus of control & hostility & length of treatment, depression, outpatients of rural mental health center, 4215
Hopkins Symptom Checklist, screening for symptoms of depression & anxiety initially & after 4 wks, Ss with mean age of 23.7 yrs attending family planning service, 6878
hypnotherapy & transactional analysis & cognitive therapy techniques, depression, 31562
hypothalamic-pituitary-adrenal activity using dexamethasone suppression test, 30–91 yr old patients with major depression, 30897
hypothalamic-pituitary-adrenal axis function, adult patients with primary depression, 30912
hypothalamic-pituitary-adrenocortical activity, diabetic 18–79 yr olds, implications for diagnostic validity of dexamethasone suppression test for depression, 9901
hysteroid dysphoria, 18–65 yr old depressed inpatients, 6737
imipramine or clomipramine treatment, assessment of symptom change from scores on Hamilton Depression Scale, 19–65 yr old psychiatric patients, 26146
imipramine receptor binding in plasma, differential diagnosis of subtypes, patients with primary major depressive disorder, 22735
imipramine therapy, sustained yawning as side effect, depressed 30 yr old female, 4779
imipramine vs lithium, acute symptoms, patients with major depression or manic episode, 28789
imipramine vs phenelzine, atypical depression, patients with reactivity of mood & associated features, 15314
importance of classification systems in psychiatry, 12179
incidence & nature & treatment of psychiatric symptoms of depression, elderly patients with chronic physical diseases, 14889
incidence & symptomatology & assessment & treatment of depression, elderly patients, 30993
incidence of depression, 17–79 yr old patients visiting general practitioners, 4135
incidence of major depression & alcoholism & anxiety disorders & antisocial personality, living & deceased 1st degree relatives of depressed persons with vs without alcoholism, 20313
increasing doses of trazodone vs doxepin once daily, side effects & improvement, endogenous & anxious depressed 18–64 yr old outpatients, 7469
indalpine, depression, 22–61 yr old females, 28758
indalpine, mood & side effects, 9–93 yr old general medicine & psychiatric patients, 26158
individual differences & social & economic factors, depression, 20249
indoleacetic acid in CSF, patients with retarded vs agitated vs manic depression vs schizophrenia vs anorexia, 28153
induction of depressed vs elated mood state, depressive cognitive style, 17–38 yr old normal vs naturally depressed females, 6729
induction of depressed vs neutral mood & word connotation, spacing effect for word recall, college students, 8578
induction of negative mood in others & elicitation of social rejection, depressed females interacting with female college students, 6798
inescapable shock as animal model of depression, escape behavior & brain norepinephrine & 5-HT & dopamine & cerebral blood flow, male rats, 30155
information processing analysis of depression, 14684
initial symptoms as predictors of treatment outcomes with phenelzine vs amitriptyline, 21–65 yr olds with depression with & without anxiety, 7405
integrative causal model of antecedents & consequences of depression, adult population of urban county, 1-yr followup, 9607
interactional model of depression, 25531
internal consistencies of 1961 & 1978 versions of Beck Depression Inventory, psychiatric patients, 13528
internal-external vs stable-unstable vs global-specific attributions, depressed vs nondepressed college students, 25475
internal vs external locus of control, level of depression, college students, 14646
interpersonal dynamics in tasks of group development, psychotherapeutic treatment of depression in groups, depressed patients, 20809
interrater reliability of Arbeitsgemeinschaft fur Methodik und Dokumentation in der Psychiatrie scale vs Comprehensive Psychiatric Rating Scale, hospitalized psychiatric patients, 24263
intra- & interhemispheric processing of auditory & tactile information, depressed vs schizophrenic vs normal Ss, conference presentation, 1420
intracranial meningioma, depression, 62 yr old female epileptic treated with leucotomy, 20558
introduction of dexamethasone suppression test, diagnosis & treatment of depression, 4245
irrational beliefs, older vs younger psychiatric inpatients & depressives, 22717
irrational beliefs vs attributions & life events, depression, psychiatric inpatients, 14723
irrational thinking & depression & degree of satisfaction with basic needs & loving & liking, romantic attitude toward love, college students, 25461
isocarboxazid dosage, antidepressant effect, depressed inpatients, 7419
iv administration of noveril for 2 vs 10 days, therapeutically resistant depression, patients with manic depressive psychoses or schizophrenia or traumatic encephalopathy, 12651
lack of control of depression, noncompliance with drug therapy, depressed 36 & 40 yr old males, 15281
latency & amplitude of P3 component of auditory vs visual EPs, cognitively impaired vs medicated vs drug-free depressed vs schizophrenic patients, implications for differential diagnosis, 6718
lateralized nondominant hemispheric dysfunction as measured by recall asymmetries, depressed inpatients, 25529
length of dexamethasone suppression test, assessment of depression, 25–80 yr old patients, 1379
level of clinical depression, perceived responsibility for positive vs negative life events, males vs females, implications for learned helplessness model, 25515
level of desirable events, positive affect & depression, adults aged 55 yrs & older with strong vs weak resources, 22749

levels of albumin & immunoglobulin in serum & CSF, schizophrenic & depressed patients with mean age of 41 yrs, 14728
levotryptophan & levo-5-HTP & levotyrosine & levo-dopa, depressive disorders, 26210
levotryptophan vs casein treatment, demented 67–90 yr old patients with vs without concomitant depression, 26207
life events & depression, 25–50 yr old native vs transit workers, Qatar & Kuwait, 1377
life events involving loss & separation, onset of clinical depression, 17540
life events occurring before & after onset of depression, Blacks, Kenya, 6824
life histories, situational vs nonsituational depression, patients, 12157
life span developmental perspective, middle age depression & recovery of S. Johnson, 6216
life stress & attribution style & social support networks, depression, college students, 17488
life stress & symptom patterns, 21–56 yr old depressed outpatients, 22756
life stressors & social support, treatment outcomes, depressed 18–83 yr olds, 25966
limitations in diagnosis of depression using DSM-III & Research Diagnostic Criteria & criteria of J. P. Feighner, 14649
lithium carbonate & iprindole, major unipolar depression, 33–68 yr old patients, 15284
lithium carbonate &/vs imipramine, 21–60 yr olds with bipolar vs unipolar depression, 10299
lithium carbonate, antidepressant effect of sleep deprivation, patients with depression, 31488
lithium carbonate, 72 yr old male with unipolar depression, 20-wk followup, 28780
lithium-depamide, manic depression & depression & cycloid psychosis, 35–65 yr olds, 31497
lithium therapy, morning & afternoon serum cortisol levels, 23–74 yr old patients with unipolar or bipolar affective disorder or depression or cycloid or schizoaffective psychosis, 28796
lithium, treatment of unipolar depression, literature review, 23307
locus of control & cognitive set for success-failure & interpersonal assertion & depression & irrationality on Irrational Beliefs Test, female college students, 13539
locus of control, stress & depression, female college students, implications for utility of uni- vs multidimensional analysis, 28075
long term imipramine treatment, platelet radioactive imipramine binding, drug-free depressed patients, conference presentation, 31544
long term nomifensine vs imipramine, side effects, depressed patients, conference presentation, 7492
loss of parent by death & age at time of loss, depression, patients of general practitioners, 14626
loss of relationship rewards & self esteem, depression & anxiety & anger, college students, support for G. L. White's theory of romantic jealousy, 28029
low-dose neuroleptics & thyrotropin releasing hormone, mood & behavior, 22 yr old female with major depression & borderline personality disorder, 23318
low platelet MAO activity, predisposition to develop psychopathological condition, 18–65 yr olds with various types of depressive disorders, 17542
lymphocyte function, 21–66 yr old depressed outpatients vs hospitalized schizophrenic vs herniorrhaphy patients, 14734
magnitude of life events, severity of depressive syndrome, patients 21 yrs old & older, 14721
major categories of antidepressant drugs, treatment of depression, aged, 18111
major depression & anorexia nervosa, adults with Down's syndrome, 9861
major depression with mood-congruent vs incongruent psychotic features, outcome, psychiatric patients, 40-yr followup, 20248
manic symptoms associated with trazodone treatment, 25 & 57 yr old depressed female inpatients, 2014
MAO inhibitor isocarboxazid, treatment of depression & associated trichotillomania, 32 yr old male, 10286
MAO inhibitor treatment, 72 yr old depressed patient, 18114
MAO inhibitors & tricyclic treatment, 23–72 yr old depressed patients, 2010
MAO inhibitors, depression, 68 & 73 yr old Alzheimer's patients, 28766
MAO inhibitors, treatment of atypical depression due to chronic pain, 31496
maprotiline therapy, hepatotoxicity, depressed 44 yr old female, 7462
marital distress, depression, couples, 20260
marital intimacy, depression, depressed patients, 28275
marital role & self concept, depressed mood of wives, couples with wives less than 45 to over 60 yrs with 6–18 yr old children, 30989
marital therapy combined with cognitive behavioral treatment of depression, couples with depressed spouse, 12549
masochism & depression, conference presentation, 6745
maternal rejection during childhood, depression as child & young adult, 8–19 yr olds, 1425
measurement & attitudinal constructs of dysfunctional attitudes & relationship to depression, patients of general practitioner, 17417
measurement of FCCP-evoked efflux of 5-HT from platelets, male vs female 26–62 yr olds with depression, 30975
mechanism & treatment of propranolol-induced depression, 42 yr old male & 56 yr old female with essential hypertension & angina pectoris, 4803
medical & demographic factors & continued cigarette smoking & depression & cognitive functioning, 3-yr survival rate, chronic obstructive pulmonary disease patients in pulmonary rehabilitation program, 4421
medical & psychiatric diagnosis of depressive disorder, 18–82 yr olds in combined medical-psychiatric unit, 30999
melitracen & flupentixol vs mianserin therapy, depressive anxiety states, 16–65 yr old outpatients, 4821
menstrual cycle, mood changes & depression & anxiety & distress, female psychiatric patients, 17536
menstrual cycle or alcohol consumption habits, growth hormone response to clonidine, 23–37 yr olds, implications for clinical studies of depression, 16782
mesterolone vs amitriptyline treatment, male 27–62 old depressed outpatients, 28801
meta analysis of efficacy of ECT vs simulated ECT vs antidepressants, severe depression, 17855
metoclopramide, mania as side effect, 62 yr old depressed female, 7472
methadone, antidepressant effects by MAO inhibition, comment on study by C. A. Kaufmann et al, 23323
methodological aspects, epidemiology of depressive & neurotic & psychosomatic syndromes, 19–20 yr olds, Switzerland, 4-yr longitudinal study, 9579
methodological criteria, evaluation of dexamethasone suppression test on diagnosis of melancholia, 22688
metoclopramide treatment, tardive akathisia & agitated depression, 47 & 50 yr old female & male patients, 26205
metyrapone, depression & delirium, 51 yr old male with Cushing's syndrome, 23332
metyrapone test of hypothalamic-pituitary-adrenocortical axis, 21–65 yr olds with major depressive illness or schizophrenia or mania, 9639
Mezzich MMPI regression formula, identification of major depressive disorder, psychiatric inpatients, 28246
mianserin, depression, 40–50 yr olds, 4786
mianserin, effects of clonidine on plasma 3-methoxy-4-hydroxyphenylethyleneglycol & blood pressure & sedation, depressed 31–61 yr olds, 7412
mianserin vs diazepam, anxiety & depressive symptoms, 17–71 yr old psychiatric patients, 26141
mianserin vs maprotiline treatment, 21–70 yr old patients with depressive syndrome, 15299
MMPI codetypes & DSM-III diagnoses, schizophrenic & depressive & bipolar patients, 24309
moclobemide, urinary norepinephrine excretion, depressed 29–68 yr olds, 26153
moclobemide vs clomipramine treatment of depression, 32–87 yr olds with episodic & chronic & atypical depression, 26178
model for prevention oriented research program, competence & mother-child relations, children of schizophrenic & depressed mothers, literature review, 20987

model of childhood depression, 28170
model of depression as loss of psychic contact with environment, 25511
mood, judgments of control, depressed vs nondepressed college students, experimental replication, 6741
morphine sulfate, mean maximum prolactin response, 18–59 yr old unmedicated inpatients with depressive vs other psychiatric disorders, 6843
mortality rate, persons born in 1905 & having depressive symptoms & those who did vs did not attend health check-ups, 1378
motivation to receive self relevant feedback in social judgment task, depressed vs nondepressed college students, 6775
motivational theory of depression, adjustment disorder, terminal & non-terminal cancer patients & their families, 17764
motor & sensory asymmetries & personality & pain perception, patients with unipolar & bipolar depression, 20347
motor activity in depressed vs manic vs euthymic state, 20–69 yr olds with affective illness, 20373
mourning vs melancholia & 2-track model of bereavement, 31 yr old male & female in early 40's, 28144
multidimensional locus of control & anxiety & depressed mood, 18–30 yr old college students, 1263
multiethnic poor socioeconomic municipality & lack of support networks, depression in mothers & behavior problems in children, native vs immigrant mothers with newborn infants, Australia, 25606
multitrait-multimethod methodology, convergent & discriminant validity of depression measures, emotionally disturbed 7.1–15.7 yr olds & 2nd–8th graders, 13595
naloxone, subjective symptoms & behavioral effects, depressed 32–56 yr old inpatients, 15282
narcissistic vulnerability, development of depression, implications for clinical practice, 12183
need for including age & sex variables in reports of depression studies, comment on editorial by D. J. Kupfer & A. J. Rush, 65
need for including effects of sex & age on dependent variables in reports of depression studies, reply to comments by J. A. Hamilton & R. M. Hirschfeld, 77
negative & positive symptoms following hospital discharge, schizophrenic & depressed 18–30 yr olds, 1.5 yr followup, 17544
negative life experiences & positive events & actual vs perceived social support, psychological impairment & depression, college students, 22684
negative thoughts about self vs others in depression, female college students, 20328
neuroendocrinological aspects of delusions, delusional vs nondelusional depressed patients, 12130
neuroleptics, etiology of depression, chronic schizophrenics with depressive episodes, 10306
neurophysiology of slow wave sleep vs REM predominance, depressive syndromes, literature review, 22734
neuropsychology of anxiety & depression, comments on article by J. A. Gray, 30114
neurotic structure of depressive syndrome, 6733
neurotransmitter hypothesis of depression, 22720
neurotransmitter receptors, etiology of depression & mechanisms of action of antidepressant drugs, conference presentation, 23363
new scoring system & revision of Depression Experiences Questionnaire, college students, 27055
nomifensine, depression, 18–65 yr olds with primary affective disorder–depression, conference presentation, 7425
nomifensine, exacerbation of depression & seizures, 54 yr old female epileptic, 26169
nomifensine maleate vs imipramine, symptoms, geriatric outpatients with primary affective disorder-depression, conference presentation, 7414
nomifensine, safety & efficacy of treatment, depressed patients, results of 12 studies, conference presentation, 7430
nomifensine, symptoms, depressed vs nondepressed geriatric inpatients with mean age of 75.3 yrs, conference presentation, 7446
nomifensine, treatment of depression, elderly patients, conference presentation, 7417
nomifensine vs imipramine, depression, 22–56 yr old male inpatients, conference presentation, 7423
nomifensine vs imipramine, symptoms, depressed geriatric outpatients, conference presentation, 7461
nonrecursive structural equation model, examination of reciprocal relationship between life event reports & depressive symptoms, mothers of 5 yr olds, 30929
normative vs contextual vs subjective methods, assessment of life events, 18–78 yr old patients with depressive disorders, 24192
nortriptyline with & without chlorpromazine & dosage levels, delusional & major depression, 12–17 yr olds, 18110
number of stressful life events, patients with bipolar vs unipolar vs neurotic-reactive vs unspecified depression suffering from 1st vs recurrent episode, 14719
nutrition & body chemistry, depression & anxiety & sleep problems as symptoms of posttraumatic stress disorder & burnout, Vietnam veterans & counselors, 25994
observations of overt behavior & social activity, depression, 8–13 yr old psychiatric patients, 22725
occupational dream & relation to parents, depression, college students, 1395
occurrence of depression & severity of anxiety, patients with agoraphobia & panic disorder, 9626
opponent process for experimentally induced mood, female college students, test of R. L. Solomon's theory, 11391
oral contraceptives & thyroxine, depression, 20 yr old single female, 18139
organic vs idiopathic chronic low back pain with frequency of depression, 18–60 yr old male factory workers, 28460
overstimulation & depressive defense, implications for role of depressive defense in alcohol abuse, 9546
overstimulation & depressive defense mechanisms, 30849
parental death in childhood & demographic characteristics, subsequent depression as adult, literature review, 6865
parental depression & marital adjustment, mother-child interactions, mothers & their preschool age children who were being treated for noncompliant behavior, 22818
pathologic personalities, patients with bipolar disorders & major depression, 9653
patterns of depression, hospitalized patients from different cultural backgrounds, England, 17532
perceived helplessness & locus of control & depressive symptoms & voluntary participation in therapy, male psychiatric patients, 12458
perceived loss of control & self blame, depression & anxiety, 37–85 yr old spouse caregivers of Alzheimer's patients, 25894
perceived social support & length & severity of illness & age & remissions, depression, 23–71 yr old spinal multiple sclerosis outpatients, 1697
perception of congruent vs incongruent verbal & nonverbal communication, female schizophrenic vs depressed inpatients, 25520
perception of symptoms of depressive disorder, patient evaluations, new vs experienced family vs general practitioners, 14759
perceptions of family social environment & patient's symptom level & life events, adult depressed outpatients & family members 11 yrs old & older, 4141
perceptions of stressful life events & depression, college students & 55–79 yr old psychiatric outpatients, lack of support for attributional model of depression proposed by L. Y. Abramson et al, 28174
personal & social-environmental characteristics, remitted vs partially remitted vs nonremitted patients in posttreatment phase of unipolar depression, 25965
personal characteristics using MMPI, clients of university counseling center with vs without elevated Depression & Psychopathic Deviate scales, implications for therapy, 17429
personal construct approach to group therapy, depression, depressed patients, 20828
personal losses or exit events & deficient personal social networks, depression, psychiatric outpatients, 28167
personal problems & treatment, therapists, 21170
personalities, patients with major affective disorders with vs without melancholia, 9731
personality characteristics, 20–65 yr old depressed vs schizophrenic patients & their spouses, 4180
personality disorder & depression & impaired growth in psychosomatic dwarfism, 3–16 yr olds, longitudinal study, 28427
personality organization indicated by Rorschach factor structures, patients with schizophrenia vs depression vs nonpatients, 28224

personality traits, depressive attitudes, high school students, Italy, 17047
personality traits, 21–67 yr old former depressed patients vs Ss without past history of depression, 20326
pharmacodynamics & therapeutics efficacy, nomifensine, conference presentation, 7441
pharmacologic prevention, recurrence of unipolar or bipolar disorder, conference presentation, 20928
pharmacotherapy, treatment of depression, geriatric patients, conference presentation, 23297
phencyclidine abuse-induced depression, 19 & 21 & 29 yr olds, 1511
phenelzine treatment in conjunction with trimipramine, remission, 39 yr old male with refractory depression, 28783
phenelzine vs amitriptyline, symptoms, 20–67 yr old depressed patients with vs without features of hysteroid dysphoria, 20918
phenelzine vs imipramine, atypical depression, 18–55 yr old patients, 15306
phenomena of experimental learned helplessness as animal model of depression, 19313
phenomenology associated with depressed moods, adolescents, 28204
phenomenology associated with depressed moods, adolescents, 6787
physical fitness training program, self concept & tension & depression, 19–35 yr olds, 20843
physical posture following success vs failure, locus of control & motivation & depression, college students, 4074
pituitary opioids in ECS postictal electrogenesis & behavioral depression, rats, 3521
pituitary thyroid stimulating hormone response to thyrotropin releasing hormone, outpatients with major vs atypical depression vs inpatients with endogenous depression, 17520
plan for learning to say "no" & negotiate to meet needs, depressed females, 7395
plasma concentrations of imipramine & therapeutic efficacy, patients with primary depression, 18138
plasma cortisol, distribution of leukocytes in blood stream, adult schizophrenic vs depressed patients, 22729
plasma cortisol levels, depression, 19–55 yr old male alcoholics, 22839
plasma drug concentration of single dose of amitriptyline, predictability of steady state therapeutic level, 25–72 yr olds with depression, 31515
plasma GABA levels, patients with unipolar & bipolar affective disorder, replication of study by present authors, 6830
plasma levels of norepinephrine metabolite dihydroxyphenylethyleneglycol, depressed vs normal 27–77 yr olds, 4203
plasma levotryptophan & neutral amino acid ratio & dexamethasone suppression, depressed patients, 6792
plasma tryptophan & other amino acids, depressed vs nondepressed 25–50 yr old male alcoholics, 4283
plasma tryptophan levels & depression & aggressive & suicidal behaviors, 25–50 yr old male alcoholics, 17590
platelet adrenergic receptor binding sites & plasma catecholamines, 18–36 yr old patients with panic attacks vs depression before & during imipramine treatment, 9629
platelet aggregatory responses to 5-HT vs adenosine diphosphate, drug-free depressed patients with mean age of 49.7 yrs, 14754
platelet binding of tritiated dihydroergocriptine & plasma norepinephrine levels & norepinephrine inhibition of prostaglandin in E1 stimulation of cyclic adenosine 3',5'-monophosphate production, depressed patients, 6853
platelet MAO activity & augmentation/reduction & personality traits, unipolar vs bipolar depressed vs neurotic reactive 24–69 yr olds, conference presentation, 1453
platelet MAO activity, 11–27 yr old female anorexia nervosa patients with vs without major depression, 4394
platelet serotonin levels, male vs female 20–84 yr olds with major depressive vs dysthymic vs schizophrenic vs paranoid disorders, 30955
poor social skills & support, depression, mildly mentally retarded adults, 25700
positive vs negative feedback, expectations of performance & task performance, depressed college students, 25516
postdexamethasone cortisol concentrations, ECT-responsive nonmelancholic depression, 79 yr old female, 28191
postmortem neurochemical studies, schizophrenia & depression & suicide & Alzheimer's disease & Huntington's chorea, 22638
predictive & face & construct validity of animal models of depression, literature review, 6876
presence of thoracic pain & personal & sociocultural factors, prevalence of mental illness & depression & anxiety neurosis, outpatients with ischemic heart disease, 4531
presence vs absence of psychotic symptoms, course of illness, manics vs depressives, 30–40 yr followup, 22793
preservation of memory for recently acquired skill, depressed patients with retrograde amnesia due to ECT, 10008
pretreatment norepinephrine & 3-methoxy-4-hydroxyphenylglycol & metanephrine urine levels & CSF 5-hydroxyindoleacetic acid values, response to imipramine & amitriptyline treatment, patients with unipolar vs bipolar depression, 4789
pretreatment urinary levels of 3-methoxy-4-hydroxyphenylglycol, prediction of response to alprazolam, depressed 33–65 yr olds, 18129
prevalence & detection of depression & anxiety by primary physicians, patients seeking general medical care, 17511
prevalence & prediction of depression, suburban residents, 28240
prevalence & predictive factors of depression, middle aged vs geriatric hospitalized medical patients, 26334
prevalence & stability & severity of depression at 6 mo, 24–78 yr old stroke patients, 2-yr longitudinal study, 9995
prevalence estimates using DSM-III, criteria vs validity of Personality Inventory for Children & Children's Depression Inventory, diagnosis of depression, 8–12 yr olds, 16340
prevalence of depression & anxiety, Canada, 1952 vs 1970, 9688
prevalence of depression & depressive-like states, 1–6 yr olds, 9668
prevalence of depression, learning disabled 8–13 yr olds, 12310
prevalence of depression measured by Center for Epidemiological Studies Depression Scale, Chinese- & Japanese- & Filipino- & Korean-Americans, 1421
prevalence of hypersomnia, patients with major depressive disorder, 9647
prevalence of migraine headache, depressed males vs females, 14670
prevalence of mitral valve prolapse, 22–65 yr old patients with unipolar vs bipolar affective disorder, 14672
prevention of dementia & Alzheimer's disease & depression, elderly, 15020
preventive & therapeutic intervention program, depression, hemodialysis patients, 14976
primary commitment to family vs career, anxiety & depression & hostility, 21–63 yr old full-time employed females, 11963
primary vs secondary affective disorders, adolescents, 4144
problem solving self appraisal & depression & attributional style, college students, 14562
problems correlated with Beck Depression Inventory scores, male vs female college students, 17549
problems in diagnosis & treatment of depression, general practitioners, 20664
professional services & community support, parenting skills & parent-child relations, depressed & socially isolated mothers & their infants, 21024
progressive reduction of dose of phenelzine, treatment of depression, depressed patients, 20901
prolactin responses to hypoglycemia & thyrotropin-releasing hormone, patients with acute primary & secondary depression & bipolar patients, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1400
propranolol, depression, hypertensive nondepressed patients, 15325
propranolol vs chlordiazepoxide treatment, 18–55 yr old anxious neurotic patients, 4762
prostaglandins in etiology of depression, comment on R. H. Gerner & J. Merrill's assertions, 22676
protective function of social support & psychological resources, life events & global stress & depression, 55–74 yr olds, 28101
psychiatric evaluation, depression & anxiety & organic mental disorders, 18–45 yr old heart transplant patients, 1669
psychiatric profiles, 24–42 yr old males with acquired immune deficiency syndrome, 14918
psychic contact with life stress, coping strategies, 22–76 yr old primarily depressed patients, 30904
psychoanalytic concepts of depression & treatment, 23176

psychoanalytic therapy, depression, middle aged male at edge of violence, 15103
psychoanalytic treatment, depression manifested as delinquent & acting out behavior & drug abuse, 14 yr old female, 4093
psychobiological aspects of cancer, depressed patients, implications for psychotherapy, 17818
psychodrama group, depression & anger & abandonment & fear from grief for unresolved losses, elderly psychiatric patients in nursing home, 17979
psychoeducational group treatment course, coping with depression, 20808
psychogenic vs biogenic factors in depression & anxiety, implications for rational therapy, 14741
psychological & neurological & endocrinological aspects, depression, 12156
psychometric adequacy of self report depression measures, implications for test reliability & validity, 19036
psychomotor agitation, corrugator muscle activity & "omega melancholium", depressed females, 17474
psychoneuroendocrine distinction between subtypes of borderline states, dysphoric borderline 17–45 yr old inpatients, 14743
psychopathological pattern of depressive-paranoid syndrome, hospitalized patients, 6797
Psychopathology Instrument for Mentally Retarded Adults, assessment of depression, mentally retarded adults, treatment implications, 9850
psychopathology of anxiety & depression, female geriatric inpatients, implications for sociology & psychology & psychotherapy, 18326
psychopathology of depressive symptomatology during schizophrenic processes, 4269
psychopharmacologic treatment, depression, 23313
psychopharmacological treatment, depression, medically ill patients, implications for diagnostic problems & interactions due to multiple medications, 23294
psychosocial adjustment, adolescent offspring of depressed vs arthritic patients, 25495
psychosocial life events, onset of depression, patients with mean age of 68.2 vs 43.4 yrs, 1357
psychosomatic view, idiopathic Parkinson's disease & depression, 15005
psychotherapeutic techniques, establishment of successful treatment relationship, depressed & acting out adolescents, 4634
psychotherapy, late-life depression, aged, followup studies, 28663
psychotherapy vs pharmacotherapy, treatment of depression, implications for clinical practice, 10042
pyrazolodiazepine zometapine, behavioral depression following chronic stress, male rats, 22180
racial & ethic differences, dexamethasone suppression, Anglo vs Hispanic vs Black vs Oriental 20–76 yr old depressed outpatients, 14666
racism, depression, Blacks, UK, paper presented at October 1982 workshop of Transcultural Psychiatry Society, 1383
radioactive imipramine binding in brain sites, rats, implications for biological marker of depression in humans, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 566
radioimmunoassay techniques, measurement of serum thyrotropin stimulating hormone, psychiatric inpatients with major depressive disorder or melancholia, 1478
radioreceptor binding assay, psychopharmacology & psychopathology, 7448
rape, depressive symptoms & major depressive disorder, 14–47 yr old female victims, 3- & 6- & 12-mo followup, 14783
rapid clinical improvements after phenelzine & psychotherapy, new psychological symptoms, 42 yr old female with atypical depression, 18149
rapid withdrawal from long-term ingestion of lorazepam, multiple seizures, depressed 81 yr old female, 15302
rates of demand for depression-related services & myth of midwinter depression, Alaska, 4145
recall of childhood home environment, alcoholic & depressed patients vs their siblings, 17419
recall of pleasant vs unpleasant words, depressed inpatients with mean age of 42.6 yrs, 6816
recall of trigrams rated as liked or disliked & effect of therapy success, depressed outpatients over age 60, 6858
recall vs recognition memory, adult hospitalized depressives, 26318
recognition of patient-generated dysphoria, 24–34 yr old general hospital house officers, 26419
recurrent & treatment resistant depression & positive dexamethasone suppression test, 66 yr old surgical patient with adenocarcinoma of pancreas, 20933
reframing vs self control directives, loneliness & depression & controllability, female college students, 15241
regional cerebral blood flow, adult depressed patients, 20361
regular vs 6-wk projected response set, predictive validity of Beck Depression Inventory, college students, 13535
relation between borderline personality & depression, differential diagnosis, Ss with borderline vs antisocial personality vs bipolar illness, 14722
relationship between compulsive gambling & major depressive disorder, exiles with survivor syndrome, comments on article by R. A. McCormick et al, 14608
relationship between compulsive gambling & major depressive disorder, exiles with survivor syndrome, reply to criticism by W. G. Niederland, 14606
relationships with parents & peers & siblings, children during & after recovery from major depressive disorder, 22760
relationships with parents & peers & siblings, 6–12 yr olds with endogenous & nonendogenous depression vs nondepressed neurotic disorder, 22761
relative vs absolute agreement of self & other ratings, consensus bias & depression, criticism of study by N. Tabachnik et al, 28048
relevance & effectiveness of Newcastle Rating Scales, measurement of depression, conference presentation, 2944
reliability & validity of Automatic Thoughts Questionnaire, frequency of depressive thoughts & absenteeism, factory workers, 24220
reliability & validity of category system for analysis of verbal interactions, couples with depressed partners, 16323
reliability & validity of Children's Depression Inventory, normal 7–13.3 yr olds vs 7.1–16.3 yr old psychiatric inpatients, 13596
reliability & validity of Chinese version of Depression Adjective Check Lists, bilingual college students, Taiwan, 13542
reliability & validity of revised Children's Depression Rating Scale, 6–12 yr old patients, 2939
reliability of automated REM vs delta sleep analysis, assessment of abnormal sleep patterns, 20–45 yr old normal Ss vs depressed patients, 30950
religious vs secular cognitive-behavioral therapy, depression, 19–36 yr old Christian college students, 7380
REM & delta wave analysis, testing of two-process model of sleep regulation in assessment of abnormal sleep patterns, 20–45 yr old normal Ss vs depressed patients, 30951
REM latencies as diagnostic & prognostic indicators of depression & antidepressant treatment, depressed patients, 23362
REM sleep & insomnia & hypersomnia as differential psychophysiological markers, anxious depressive vs primary dysthymic patients, 9602
Renard Diagnostic Interview, differential diagnosis, primary vs secondary affective disordered inpatients, 12211
reports of appetite disturbance & excessive guilt, risk of depressive symptoms, 1st degree relatives of Ss with major depression, 6806
reserpine, EEG analysis of activating vs inhibitory mechanisms of brain, rabbits, implications for "reserpine depression" & clinical depression, 13921
resistance & interventions in psychiatric consultation, uncooperative & depressed 72 yr old aphasic female recovering from stroke, 31337
response to endocrine function tests, clinical profile, depressed patients with major affective disorder, 4124
retirement, life satisfaction & depression & leisure time, 52–97 yr old Blacks, 17041
review of reliability of depression diagnoses since A. T. Beck's reliability studies, conference presentation, 2874
risk factors, depression, patients with major depressive episode vs non- & never-depressed orthopedic patients, 4238
risk factors, prevalence of depression, Mormon females, 6861

risk for affective disorders, children with bipolar depressed parents, 17584
risk of major depression, 6–17 yr olds with vs without anxiety disorders vs probands with vs without major depression, 6872
role of beta-phenylethylamine in methadone withdrawal depression, 19–61 yr old steady-dosed vs withdrawing methadone patients, 7734
role of dexamethasone suppression test in identification of depression, 11.2–17.4 yr olds admitted to psychiatric hospital, 17496
role of opioid mechanisms in regulation of hypothalamic-pituitary-adrenal function, psychiatric patients with major depression vs affective disorders, 20376
role of serotonin in etiopathogenesis of depression, literature review, 25594
role of 1-carbon cycle in neuropsychiatric disease, literature review, 9595
sad vs emotionally neutral film, depressed mood, college students, 13721
safety & efficacy of alprazolam vs amitriptyline vs doxepin, major depression, 18–70 yr old patients, 15317
safety & efficacy of bupropion, depressed geriatric patients, 1992
safety & efficacy of zimeldine vs maprotiline, depression, outpatients with mean age of 35.2 vs 41.3 yrs, 15315
scores on WAIS Picture Completion & Vocabulary & Block Designs subtests, patients with schizophrenia vs depression vs personality disorders, 1372
searching-waiting strategy & behavioral model of depression, 20354
seasonal variations in radioactive imipramine binding in platelets, depressed Ss with mean age of 38.6 yrs, 12222
seasonal variations, serotonin uptake, depressed patients with mean age of 29 yrs, 14624
seizure duration & anesthetic dose, verbal recall & depression following ECT, depressed patients, 28570
self control therapy, changes in symptoms of depression over 10-wk period, 22–60 yr old females, 15261
self control therapy, depression, 20877
self deception & depression, college students, 17551
self esteem & attributional style, depressed vs non-depressed 1st & 4th & 8th graders, 6796
self management therapy, depression, conference presentation, literature review, 28728
self management therapy program, depression, depressed patients, 20878
self perceived femininity & depressive mood, 40–50 yr old menopausal females after hysterectomy with vs without bilateral oophorectomy, 7544
self-report depression scales vs clinician DSM III diagnoses of major depressive disorder, 21–77 yr old chronic pain patients, 1346
self report of distress symptoms, clinical disorder vs normal distress, males vs females over 18 yrs of age, 14714
self report vs therapist's rating of depression & marital adjustment, male vs female inpatients, implications for assessment & therapy, 22686
self reported anxiety, depression, hospitalized emotionally disturbed children with mean age of 11.5 yrs, 25575
separation anxiety & antisocial behavior, depressed 5–16 yr olds, 22704
separation of male-female pairs as model of depression, hamsters, 434
serotonin metabolite 5-hydroxyindoleacetic acid in CSF & depression, Parkinson's disease patients with mean age of 67.2 yrs, 7087
serum calcium & magnesium, 10 yr old male inpatients with schizophrenia vs major depressive disorder, 14724
serum concentration of amitriptyline & nortriptyline over time, clinical response, 21–66 yr old depressed outpatients, implications for routine monitoring, 26200
serum cortisol response to 5-HTP, hospitalized patients with unipolar vs bipolar vs schizoaffective depression vs mania treated with antidepressants, 4214
serum immunoglobulin concentrations, schizophrenic & depressed & psychotic & substance abusing inpatients, 28181
serum levels of sulpiride vs chlorpromazine, depressive symptoms, 18–43 yr old schizophrenic patients, 26140
SES & age & sex, assessment of causal model of reciprocity of physical illness & depression, respondents under age 30 vs 45 yrs and older, 28394
severe depression as a cyclic process, treatment implications, 20273
severity of depression & propensity to seek help & availability of alternate resources & demographic characteristics, help seeking behavior, depressed college students, 6828
sex & age & civil status, occurrence & perception of negative vs positive life events, depressed patients 21 yrs and older, 14720
sex & grade normative data for depression inventory, 2nd–8th graders, 24225
sex & occupational prestige & family status, depression, 25–40 yr old employed males & females & housewives, 12199
sex differences, expression of depression, male vs female college students, 17454
sex differences, ratings of stressful events & depression & cognitive distortion, 24–56 yr olds, 14590
sex, performance on Spanish & English versions of Depression Adjective Check Lists, bilingual Ss, 16342
sex role adherence, depression, graduate education students, 14665
sex role type & dysphoric mood & manipulation of dysphoric affect, males vs females, 17276
short term interpersonal vs behavioral vs cognitive psychotherapy, nonbipolar nonpsychotic depressed patients at outpatient clinics, 23151
short term social intervention, depressive symptoms, middle aged hospital patients with primary diagnosis of acute or chronic or life-threatening illnesses, 15493
Shy-Drager syndrome initially diagnosed as depression, 66 yr old male, 4471
signature size, psychodiagnosis, patients with schizophrenia vs depression vs manic depression vs organic mental disorders, 17435
significant others' voluntary termination of pregnancy, psychopathological reactions & depression & attempted suicide, 18–22 yr old male military recruits from disadvantaged backgrounds, 1374
signs & symptoms of clinical depression, elderly residents of long term care facility, 25551
simple & choice RT tasks, cognitive processing & habituation of amplitude & latency of auditory EPs, 19–40 yr old neurotic depressives, conference presentation, 20329
single dose of trazodone, complete heart block, 77 yr old depressed alcoholic male, 10300
single major locus hypothesis, susceptibility to affective disorders, patients with major depression or recurrent or bipolar disorder treated with lithium & 2nd degree relatives, 20346
single nighttime vs divided daily doses of trazodone, therapeutic efficacy & side effects & sleep, depressed 21–69 yr olds, 26147
single ultradian rhythm disturbance methodology, measurement of distribution of REM latencies & other sleep phenomena, depressed patients, 14628
single vs chronic doses of desipramine vs zimelidine, plasma prolactin & growth hormone & luteinizing hormone & cortisol levels, 17–67 yr old depressed patients, 28743
single vs dual administration of Beck Depression Inventory, screening for depression, college students, 29674
sleep deprivation, thought content of self concept, 31–60 yr old depressed inpatients, 12176
sleep deprivation vs subsequent carbamazepine, antidepressant response, 22–54 yr olds with major depressive disorder, 7187
sleep EEG measures & adaptation to laboratory conditions, 29–65 yr old patients with depression, 30925
sleep stage transitions & tonic REM, 17–25 yr old primary depressives, 25600
sleeping time & REM, narcissistic-depressive vs psychosomatically reacting patients, 6702
social class, perception of rejection & emotional warmth & overprotection in parental rearing practices, 21–65 yr old depressed patients, 28187
social-cognitive theory, depression in reaction to life events, 30972
social comparison information & symptom severity & sex, evaluation of depression symptoms & willingness to seek counseling, college students, 7633

social environmental characteristics & childrearing factors, depression, mothers of young children from semirural socioeconomic groups, 9627
social network contact difficulties & feelings of loneliness, depressed patients, 20257
social roles & emotional circumstances, styles of interpersonal behaviors, depressed vs nondepressed outpatients, 14708
social skills deficits & self evaluation, 21–55 yr old female depressed vs nondepressed psychiatric inpatients, 17479
social skills, prediction of future depression, college students, 30869
social skills training & cognitive therapy related vs unrelated to initial patient problem assessments, depression, 24–50 yr old females, 1959
social skills training, unipolar depression & suicide ideation, 23 yr old male, 28721
social support & perceived stigmatization, depression, mildy mentally retarded adults, 14863
social support network, normalization of dexamethasone suppression test, 44 yr old depressed male, 9718
sociodemographic risk factors, epidemiology of depressive symptoms, adults in Black communities, US, 22694
somatic & psychosocial development, patients with unipolar depressive & bipolar manic depressive psychoses, 20321
somatic complaints & withdrawal & overwhelming fear & refusal to attend school & treatment, 8 yr old depressed male living with chronically ill parents, 6769
somatic vs self devaluative statements on Velton mood induction procedure, negativistic interpretations & depression, college students, 427
somatostatin CSF levels, inpatients with major depressive disorder, 22661
Spanish translation of Whitaker Index of Schizophrenic Thinking Form A, psychodiagnosis, 18–65 yr old acute & chronic schizophrenics vs depressives, Puerto Rico, 17534
speed of amoxapine vs amitriptyline effects, depression, patients with mean age of 33 yrs, 12647
spousal & community social support, anxiety & depression & mobilization & general mental health, mothers of preschool & school age children, 25290
statistical technique, correction of selection bias in estimation of prevalence of depressive disorders in community mental health centers, 24323
stereotactic subcaudate tractotomy, growth hormone & hypotensive responses to clonidine, drug-free 48–71 yr old severely depressed patients, 7416
stimulus conditions involving various emotional & motivational levels, contingent negative variation, depressed patients, conference presentation, 20242
stress & social support, clinically depressed patients, 28234
stress associated with hospital admission, results of dexamethasone suppression test, depressed vs nondepressed psychiatric patients, 15479
stressful events & depression & immune function, 40–60 yr old males, 1432
stressful life events & social support, depression, community members, longitudinal study, 28219
study of interactions with strangers vs spouses, depressed Ss, criticism of L. A. Doerfler & W. F. Chaplin's study, 25524
subjective comparison of clinical pain & depression, psychiatric inpatients who had previously experienced severe physical pain, 28243
subjective side effects of clomipramine treatment, Ss with major depressive disorder, 18105
subtherapeutic doses of imipramine & clomipramine & dipropylacetamide, treatment of depression, 21–66 yr old depressives with history of differential responses to tricyclic antidepressants, 2008
success vs failure feedback in concept formation task & depression, memory encoding processes assessed by free recall, college students, 27173
suicide & depression, Africa, 20276
sulfoadenosyl-L-methionine treatment, patients with depressive syndrome, 23324
symptoms & personality & illness features, anxiety & depression, review of studies using principal component analysis, 20320
symptoms of major depression, female vs male depressed inpatients, 9745
synthetic luteinizing hormone releasing hormone, depression, 17–61 yr olds, 20939
tachistoscopic presentation of depressed- vs neutral- vs manic-content words, response latency in task performance, depressed vs nondepressed college students, implications for understanding of construct accessibility, 1396
temporal changes in lifetime incidence of depression & effect of sex & birth cohort on age at onset, 1st degree relatives of patients with affective disorders, 30947
tetrabenazine, response of cerebromicrocirculation to carbon dioxide administration, male rats, implications for tetrabenazine animal model of depression, 24919
thematic content in cognitive-oriented group treatment, depression, 27–44 yr old lower SES Puerto Rican females, 17981
therapeutic & adverse effects of tranylcypromine vs nortriptyline, 18–60 yr depressed patients, 4822
therapeutic importance of art productions, hospitalized clinically depressed patients, 31288
thioridazine & desipramine, treatment of depression, patients with mean age of 37 yrs, 4760
thymoleptic Hydiphen in high doses, endogenous vs reactive vs organically induced depression, 20–60 yr old patients, 4773
thyrotropin-releasing hormone abnormalities, schizophrenic & schizoaffective & depressed & manic patients, 9742
thyrotropin-releasing hormone, prolactin levels, 19–75 yr old females with nonendogenous vs endogenous depression, 28282
thyrotropin-releasing hormone test & prophylactic amitriptyline, prediction & prevention of relapse after ECT, 42–84 yr old patients with unipolar endogenous depression, 15061
thyrotropin releasing hormone, thyroid stimulating hormone blood levels, 20–72 yr old depressed females with history of violent suicidal behavior, 25647
thyroxine vs antidepressants & relationship to thyrotropin-releasing hormone, refractory depression, patients, 18150
tomoxetine, depression, newly admitted depressed patients, 7413
training in self reinforcement & reward, depression, college students, 10223
trait anxiety & self concept & locus of control & repression-sensitization & depression, social anxiety, college students & homosexuals, 1307
transactional developmental model of childhood depression, 17455
transition from depression to dexpression & expression of emotions, 4168
translation & reliability & concurrent validity & norms, Spanish & Hebrew & Chinese versions of Depression Adjective Check Lists, 16341
tranylcypromine & levotryptophan, development of delirium, 20–33 yr old patients with depression &/or bulimia, 20934
tranylcypromine & lithium, refractory depression, 20–68 yr old inpatients, 23348
trazodone & phenelzine therapy, depressed 43 yr old male, 7494
trazodone, behavioral depression induced by 5-HTP, male rats, 3454
trazodone, cardiovascular safety, depressed cardiac patients over 18 yrs of age, 7439
trazodone, major depressive disorder, 18–65 yr old patients, 7424
trazodone vs amitriptyline, cardiovascular effects, 18–60 yr old depressed outpatients, 7484
trazodone vs amitriptyline, depression, 21–77 yr old patients, 28770
trazodone vs amitriptyline, uptake of serotonin into platelets & serotonin receptor activity & plasma free & bound tryptophan concentrations, depressed patients, 7436
trazodone vs mianserin, side effects & improvement, depressed patients with mean age of 42 yrs with & without anxiety, 7403
treatment by physician only vs with counseling by social worker, outcomes, 18–45 yr old females with acute or acute on chronic depression, 20978
treatment effectiveness of imipramine vs amitriptyline vs desipramine vs lithium carbonate, situational vs nonsituational depressives, 28754
treatment in day care hospitals, depressed mothers, 21015
treatment of depression, alcoholic patients, literature review, 18388
treatment of depression, comments on papers by L. P. Rehm & P. M. Lewinsohn & G. N. Clarke & R. W. Turner & C. K. Wehl & L. W. Thompson & D. Gallagher, 28556

treatment of severe bonding disorder lasting 3 yrs after birth of male child, 26 yr old female with diagnosis of puerperal depression, 23068
treatment outcomes & relapse risk factors following cognitive-behavioral therapy, 19–60 yr old unipolar depressed patients, 1–3 yr longitudinal study, 31458
trial period & continuing & prophylactic psychotropic drug treatment, mania & depression, 23314
triazolam, insomnia, 18–65 yr old depressed outpatients receiving imipramine, 26157
tritiated imipramine platelet binding, Ss with major depressive disorder or schizophrenia, 4160
tryptophan with vs without 5-hydroxytryptophan, 20–60 yr old patients with endogenous or psychogenic depression, 20935
type & severity of depression, risk of violent suicide attempt, 19–66 yr old inpatients, 28271
uncontrollable aversive event as necessary condition for depression onset, criticism of study by G. I. Metalsky, 28280
unipolar & bipolar depression, literature review, 30980
urinary excretion of neopterin & biopterin, 20–72 yr old patients with schizophrenia or unipolar depression or bipolar depression, 12149
urinary excretion of 5-hydroxyindoleacetic acid & blood serum tryptophan & serotonin levels, adults with unipolar vs bipolar depression, 12193
urinary phenylethylamine excretion & clinical characteristics of depression, 18–45 yr old patients, 28180
urinary 3-methoxy-4-hydroxyphenylglycol & cortisol secretion before & after dexamethasone, 18–60 yr olds with unipolar depression, 4256
urinary 3-methoxy-4-hydroxyphenylglycol excretion, 11–27 yr old female anorexia nervosa patients with vs without major depressive disorder, 17707
usage of psychiatric hospital beds over 4 yr period, younger vs older patients with depression, 10481
use of biologic tests in psychiatry, 22777
use of computers in Present State Examination, classification & diagnosis of depressive disorders, conference presentation, 4128
use of dexamethasone suppression test, 21–43 yr old schizophrenics with high incidence of depressed mood, 20339
use of electroacupuncture therapy & relationship to ECT, treatment of neurasthenia & depression, mainland China, comment on report of D. L. Dunner & P. Z. Dunner, 23073
usefulness of dexamethasone suppression test for nonmedical therapists, diagnosis of depression, 1428
usefulness of dexamethasone suppression test, depressed vs dysthymic vs nondepressed 5–12 yr olds, 22758
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26143
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26194
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26214
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26155
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26192
usefulness of Multi-Axial Classification System of Affective Disorders, identification & differentiation of depression, conference presentation, 4227
usefulness of Stimulus Recognition Test for dementia, assessment of depression, geriatric patients, 24212
usefulness of thyrotropin-releasing hormone test, differentiation of major depressive disorders from other psychiatric & medical disorders, 9638
usefulness of verbal & visual memory tests, differential diagnosis of brain damage & depression, brain damaged & depressed 18–60 yr olds, 16306
validation of scoring system of Weigl Colour-Form Sorting Test, neurological diagnosis, 20–94 yr olds with depression or dementia, 5623
validity & reliability of Dysfunctional Attitude Scale, measurement of "depressionogenic" schemas constituting predispositions to depression, hospital employees & their spouses, 24277
validity of actometer & speech activity measures, assessment of treatment outcome, depressed & hypomanic inpatients, 17473
validity of Beck Depression Inventory vs MMPI Depression scale vs Self-Rating Depression Scale, male psychiatric vs chemically dependent patients, 24296
validity of cortisol suppression index, diagnosis of depression, psychiatric inpatients, implications for dexamethasone suppression test, 20377
validity of Depression Self Rating Scale, child psychiatric inpatients, 29730
validity of diagnosis of major depression by DSM III, 10–19 yr olds of parents with affective disorders, 28161
validity of learned helplessness model of depression, animals, 22782
validity of Levine-Pilowsky Depression Questionnaire, assessment of major depressive disorder, psychiatric inpatients, 130
validity of Research Diagnostic Criteria vs DSM-III typologies for melancholia & endogenous depression, reply to comments by M. Zimmerman & W. Coryell, 30954
validity of Research Diagnostic Criteria vs DSM-III typologies for melancholia & endogenous depression, comments on findings by J. F. Leckman et al, 31010
validity of short form of Profile of Mood States Depression Scale, adults, 24260
validity of short vs long & simple vs sophisticated vs self rating scales, assessment of depression, college students & psychiatric outpatients, 5602
valve diffusion theory vs psychoanalytic theory vs learned helplessness theory as causal explanations of depression, 70 yr old female, 12225
verbal vs activity group, self perception of communication skills, depressed & schizophrenic clients of occupational therapy clinic, 31756
visual EPs & prediction of lithium response, patients with major depression, 31553
vulnerability to depression & schizophrenia, conference presentation, 17564
weekly dexamethasone suppression tests, changes in thyroid stimulating hormone, depressed inpatients, 22778
weight loss, Dexamethasone Suppression Test steroid results, depressed patients, 30938
weight loss, nonsuppression on dexamethasone suppression test, patients with major depressive disorder, 17583
wife's employment & attitudes toward employment, depression & stress, married couples, US, 1086
withdrawal from long or short term use of benzodiazepines, depression, 28–61 yr old patients, 4 case reports, 31525
word association response times, 50–71 yr old male Nobel Prize laureates vs depressive 19–40 yr olds vs schizophrenic 17–26 yr olds, 4237
yohimbine, development of manic-like symptoms, 20–43 yr old depressed patients with bipolar diathesis, 4809
zimeldine in once daily dosage, therapeutic efficacy & tolerability & pharmacokinetics, depressed 66–89 yr olds, 1982
zimeldine vs nomifensine, antidepressive efficacy, adult inpatients with endogenous or reactive depression, 28773
3-methoxy-4-hydroxphenyl-glycol & homovanillic & 5-hydroxyindoleacetic acids, depressive syndromes, 1375
6-session behavioral group treatment for mild to moderate depression, 10168
Depressive Reaction (Neurotic) [See Neurotic Depressive Reaction]
Deprivation [See Also Food Deprivation, Sensory Deprivation, Sleep Deprivation, Social Deprivation, Social Isolation, Stimulus Deprivation, Water Deprivation]
beliefs about likelihood of scarity &/or decline in standard of living, social relations & problem solving methods & attitudes toward community leaders & protest politics, community residents, 3775
conceptual & methodological critique of relative deprivation theory of intergroup relations, literature review, 28039
deprivation & approval & locus of control, dependence, male college students, 9572
early deprivation, emotional development & psychotherapy, 66.5 yr old female in foster care, 7226
economic deprivation, parent-child relations & problem behavior, 1091
family deprivation, development, males & females under 30 mo of age, 14143
family pathology & clinical features in nonorganic failure to thrive vs deprivation dwarfism, children, 22652

frequency & regularity of alcohol availability & alcohol concentration, acquisition & maintenance of alcohol selection, non-alcohol-preferring rats, 11595
homeless mentally ill, 1359
locomotor deprivation, EPs of sensorimotor & visual cortex under single & paired stimuli, 1 mo old rats, 3300
model of relative deprivation, prediction of attitudes toward perceived cause of deprivation, employed vs unemployed Black vs White 16–25 yr olds, 14161
nutritional & health care & educational treatment program, cognitive ability, chronically deprived preschool age children, 10078
parental deprivation, failure to thrive, infants, 9103
perceived qualifications, level of resentment about deprivation when resources are abundant vs scarce, unemployed nurses vs college students, 22611
relative deprivation vs pragmatic theories of collective behavior, prediction of relationship between magnitude of inequality & feelings of deprivation, disadvantaged females, 22608
role playing effects of likelihood & referent outcomes, relative deprivation, college students, replication of M. Bernstein & F. Crosby's study, 3981
Depth Perception [See Also Stereoscopic Vision]
adoption of height in drawings as depth cue, 4 vs 5–6 yr olds, 22307
assumed size as cue for distance & depth perception, 24388
binocular convergence & local & global stereopsis & veridical depth perception & visual acuity, 16–21 yr olds, 30453
changes in disparity of spot, perception of zero disparity dichotic edge for range of luminances & contrast values as test of same-sign rule, Ss with normal vision, 297
contrast value of square-wave grating, perception of 3-dimensional shape & direction of illumination, adults, 24383
depth distortion over days of exposure, 19–32 yr olds, 8499
depth sensitivity to binocular disparity, stereoanomalous Os, implications for fine & coarse subsystems in stereopsis, 27122
direction vs order components of motion parallax projections of stimuli in apparent rotation in depth, judgment of direction of rotation, college students, 5708
distance of afterimages, stereoscopic depth perception, experienced Os, 11284
dynamic depth cues, distance estimation in jumping, Mongolian gerbils, 29984
illumination & retinal size, depth stratification of subjective contour figures, adults, 24385
kinetic depth information & motion, perception of solid 3-dimensional shape, 4 mo olds, 11754
kinetic information, development of 3-dimensional form perception, 98–138 day olds, 30444
left vs right visual field presentation of random dot stereograms, stereoscopic depth perception, humans, 5714
length seen in depth vs same length seen in width, estimation of distance, female college students, 5716
low spatial frequency, foveal spatial limit of sensory fusion of binocular disparity & relation to stereoscopic limit, human Ss, 8513
Luneburg formulas, perception of parallel & distance alleys with moving points in horizontal plane, college students & adults, 3044
minimum principles, theoretical analysis of visual perception, 19203
parallel projections of 3-dimensional motion, shape & depth perception, college students, 27104
pattern depth & connectedness & delay of context pattern presentation, target line identification accuracy, 29828
perspective & compression & density gradients, perception of flat & curved surfaces, human Ss, 8483
perspective vs overlay, estimation of strength of illusory contours in line patterns, paid Ss, 289
phenomenology of M. Merleau-Ponty's view of depth perception, 19217
Pulfrich phenomenon with eye movement, 25–39 yr olds, 273
refractive state & depth of focus & ocular accommodation, ground squirrels, 30082
remedial instruction in depth cues, understanding diagrams of 3-dimensional spatial relationships, 10–17 yr olds, Nigeria & Kuwait, 13088
rigid & nonrigid motion, incremental recovery of 3-D structure, implications for computer stimulation programs, 27124
role of crawling experience & fear, development of visual cliff performance, infants, comments on J. Richards & N. Rader's article, 11720
sensitivity to accretion & deletion of texture as information for depth at edge, 5 & 7 mo olds, 9188
single vs paired placement on platforms of various heights, distress calls & cautiousness in descent from platform & role of social influence, ducklings, 21986
stimulus salience, depth perception in simple line figures, adults, 24419
texture gradients, surface perception, reply to K. A. Stevens' comments, 8482
temporal modulation & luminance, depth segregation between flickering & nonflickering regions, college students, 5750
texture gradients, perception of flat & curved surfaces, comments on J. E. Cutting & R. T. Millard's article, 8519
texture vs size changes as stimuli for motion in depth, 33–46 yr olds, 283
use of visual & tactile information in depth perception, golden hamsters, 439
vergence eye movements & initial fixation-target distance, form vs depth discrimination in global stereopsis, college students, 287
Depth Psychology
depth psychology interpretation of H. von Kleist's "Penthesilea", 836
Dermatitis [See Also Neurodermatitis]
disease awareness, patients with psoriasis & neurodermatitis, 23010
Dermatomes [See Cutaneous Receptive Fields]
Desegregation [See Social Integration]
Desensitization (Systematic) [See Systematic Desensitization Therapy]
Design (Experimental) [See Experimental Design]
Design (Man Machine Systems) [See Man Machine Systems Design]
Desipramine
acute or chronic stressors vs desipramine, responding for electrical brain stimulation, mice, conference presentation, 30165
acute vs chronic administration of desipramine vs chlorimipramine, central morphine analgesia, male rats, 30257
acute vs chronic ip desipramine vs amitryptiline vs mianserin, clonidine effects on EEG synchronization & behavioral depression, male rats, 24864
amitriptyline vs desipramine mianserin vs pargyline, mepyramine binding in cortex, guinea pigs, 24945
central & peripheral contributions, potentiation of amphetamine anorexia by desmethylimipramine, rats, 30305
chronic desipramine, heart rate & blood pressure & plasma norepinephrine, depressed 70–85 yr old females, 7418
chronic desipramine vs maprotiline vs chlormipramine vs zimelidine vs iprindole, sensitivity of presynaptic alpha-2 & postsynaptic beta-adrenoceptors, rats, 791
clonidine, alpha-2-adrenergic receptor sensitivity assessed through blood pressure changes, 29–51 yr old depressed males undergoing desipramine treatment, 15310
clonidine infusions after desipramine treatment, sedative & hypotensive effects of clonidine & growth hormone response, male Ss, 16747
desimipramine vs chlorimipramine vs sulpiride vs diazepam, ACTH secretion, 18–34 yr old males, 24870
desipramine, depression, hospitalized mentally ill patients, conference presentation, 23302
desipramine, depression, melancholic elderly & Ss with delusional depression, conference presentation, 23344
desipramine, depression, outpatients, conference presentation, 23353
desipramine dosage, desipramine & 2-hydroxydesipramine plasma levels & clinical response, endogenously depressed patients, 20890
desipramine, DRL performance before & after 6-hydroxydopamine-induced brain catecholamine depletion, rats, 781
desipramine, paradoxical sleep, 67–77 yr old depressed patients, conference presentation, 1388
desipramine plasma levels & therapeutic response, depressed Ss with melancholia, conference presentation, 23317

doxepin vs desipramine, patients with major affective vs dysthymic disorder & chronic back pain, 15338
efficacy of desipramine vs lithium carbonate, cocaine abusers, 7726
lithium & tricyclic desipramine, obsessive compulsive disorder, 36 yr old male, 23309
neonatal injection of 6-hydroxydopamine & desmethylimipramine, dopamine depletion & maze performance, rats, 16791
neurotransmitter receptors, etiology of depression & mechanisms of action of antidepressant drugs, conference presentation, 23363
overview of desipramine, conference presentation, 23329
repeated vs acute desmethylimipramine injections, anorectic & plasma corticosterone responses to acute stress, rats, conference presentation, 30303
single vs chronic doses of desipramine vs zimelidine, plasma prolactin & growth hormone & luteinizing hormone & cortisol levels, 17–67 yr old depressed patients, 28743
thioridazine & desipramine, treatment of depression, patients with mean age of 37 yrs, 4760
vasopressin, conditioned avoidance learning & caudate vasopressin levels, male rats pretreated with 6-hydroxydopamine & desipramine, 8971
Desirability (Social) [See Social Desirability]
Desires [See Motivation]
Detection (Signal) [See Signal Detection (Perception)]
Detention (Legal) [See Legal Detention]
Detoxification
acupuncture, detoxification, heroin abusers, 18 yrs old & older, 10541
anxiety reduction program, methadone dosage & alcohol & illicit drug usage & withdrawal symptomatology, methadone maintenance clients, 7729
characteristics of clients & therapeutic relationship, outcomes of methadone maintenance vs therapeutic communities vs outpatient drug-free programs vs detoxification, Drug Abuse Reporting Program clients, followup research, 12873
clonidine- & methadone-assisted detoxification, withdrawal symptoms & side effects, opiate-addicted 21–50 yr olds, 18391
consistent methadone vs abrupt switch from methadone to clonidine treatment, 21–50 yr old outpatient opiate addicts, 21138
correspondence analysis, evolution of abstinence following detoxification, alcoholic males, 5054
demographic characteristics, detoxification & treatment planning, skid row alcoholics, 15566
depressive symptoms, prediction of unsuccessful clonidine vs methadone detoxification, ex-addicts of opiates, 23603
detoxification & alcohol rehabilitation, 40 yr old female with alcoholism & psychiatric problems who had quit previous alcoholism treatment program, 23593
detoxification in therapeutic community, methadone maintenance clients, 10545
eclecticism, recidivism in alcohol detoxification center, counseling, 23612
lysine acetylsalicylate, withdrawal syndrome, 18–34 yr old heroin addicts, implications for drug rehabilitation, 7749
multivariate analysis of psychological & clinical & computerized axial tomography scanning measures, detoxified male chronic alcoholics, 22799
need for social detoxification, alcoholics who repeatedly dry out & return to alcohol abuse, 7743
opiate withdrawal, MMPI profiles, 21–54 yr old opiate addicts, 2207
perceptions of readiness to detoxify from & problems associated with methadone maintenance, methadone maintained females, 23611
preference for self vs physician regulated methadone maintenance detoxification, heroin-dependent patients, 31813
staff position & organizational policy & informal work groups, burnout, detoxification center staff members, 5135
tetrabamate vs chlormethiazol, alcohol withdrawal syndrome, hospitalized patients, 15578
Developed Countries
child maltreatment, developed vs developing countries, implications for policy options, conference presentation, 22813
contribution of social psychology to nature & function of work & relevance to societies of 3rd world, 9345
evolution of relationship between Western & 3rd world psychologists, 9364
pace of life & punctuality & coronary heart disease, Japan vs Taiwan vs Indonesia vs Italy vs England vs US, 17767
policy strategies, raising of income, mother-only families with high incidence of poverty, industrialized nations, 22513
sex & age & religion & SES & political preference & perception of nations, college students, Australia vs New Guinea, test of H. Tajfel's functional perception hypothesis, 17136
sex differences in mortality, developed vs developing countries, literature review, 6419
Developing Countries
application of DSM-III criteria, new & repeat outpatients, Botswana, 17439
application of Western psychology in non-western traditional society, implications for child socialization, 9350
assessment & implementation of health care priorities in developing countries, foreign development agencies, conference presentation, 26249
attitudes toward fundamental human rights, college students, Nigeria, 26584
attributions & achievement motivation & locus of control & relation to self esteem, implications for economic & social underdevelopment, 17130
child maltreatment, developed vs developing countries, implications for policy options, conference presentation, 22813
chronic mental disorder, economic loss & loss of productivity & treatment expenditures, mentally ill 15–68 yr olds, Laos, 6875
contribution of social psychology to nature & function of work & relevance to societies of 3rd world, 9345
cost-benefit evaluations of potential interventions, reduction of iron-deficiency anemia, developing countries, 26246
cross cultural difficulties in consensus of diagnosis & classification in psychiatry, third world countries, 20211
delineation of psychological knowledge transmitted by universities & impact on development, Kuwait & Qatar & Saudi Arabia & Bahrain & United Arab Emirates, 10655
development of aid & assistance programs by Swiss agencies, handicapped, developing countries, 25989
development of community psychology, implications for developing countries, 21034
drug abuse prevention & control, developing countries, 31824
ethical issues, fertility reduction policies & poverty, Third World countries, 14224
ethnography & early program planning & implementation, oral rehydration therapy for diarrheal disease, families, Honduras, 18190
evolution of relationship between Western & 3rd world psychologists, 9364
impact of psychology, 3rd world development, 9354
industrialization, physical & mental health, children & adolescents, Sweden & Sudan & other Third World countries, 19766
knowledge transfer & social exchange of United Nations Educational Scientific & Cultural Organization, 3rd world needs, 9362
marketing in decentralized industrial systems, employment & production, developing countries, 18893
microbial techniques, resolution of food & energy problems in developing societies, 30560
militarization, underdevelopment & exploitation of underdeveloped countries, criticism of A. Gellhorn's article, conference presentation, 25255
military & economic development, national security & health & other threats, less developed countries, criticism of A. Gellhorn's article, conference presentation, 25253
model for management of interorganizational managements for development, developing countries, literature review, 32314
nationality & sex & intelligence of S, attributions for S's success, Ss with mean age of 33 yrs, Africa vs Asia vs Middle East, 14279
need for ethnographic perspective in research methods in primary health care programs, developing countries, 18180
need for vocational training & guidance, developing countries, 13262
pace of life & punctuality & coronary heart disease, Japan vs Taiwan vs Indonesia vs Italy vs England vs US, 17767
perception of contribution of Islam to national development, 20–22 yr olds, Senegal, 1161

perceptions regarding future socioeconomic development, young adults, Asian-Pacific nations, 1970 vs 1983, paper presented at Third Asian Regional Conference of International Association for Cross Cultural Psychology, 1028
pricing policy, perceived buyer satisfaction & selling pressure, retailers, Asia vs Africa vs South America, 16149
problems in program evaluation, 3rd world countries, 21717
psychological aspects of economics & government economic policy making, developing countries, 14235
psychology & 3rd world development, 9363
rapid urbanization, behavior & health, female vs male, 3–15 yr olds, Sudan, 6258
role & status of psychology in developing nations, 2738
role in developing countries & agent for change, school counselors, 13013
role in industrial development process, females, Mexico, 14453
role in prevention of torture, physicians, Third World countries, 31915
role in Third World development projects, psychologists, 12963
role of psychology in national development, developing countries, 9361
SES, morbidity, 22–80 yr olds, Belize vs Kenya vs Nepal vs American Samoa, 25275
sex & age & religion & SES & political preference & perception of nations, college students, Australia vs New Guinea, test of H. Tajfel's functional perception hypothesis, 17136
sex differences in mortality, developed vs developing countries, literature review, 6419
simulation/gaming interpersonal communication & urban planning in developing countries, 26832
social psychological analysis, formulation of technological policy & development, Zambia, 6418
sociocultural information & health planning, assistant nurse-midwife program, females, Nepal, 18451
subscription to telephone service, attitudes & social & economic behavior, community residents, Sri Lanka, 22447
traffic accident trends, Libya vs other industrialized & developing countries, 1966–1980, 10912
trends in crude birth rate & total fertility rate, Moslem countries, 27947
use of ergonomics, developing countries, 13353
Development [See Also Related Terms]
changes in parent-offspring relationships associated with birth, humans & other primates, 25051
development as acquisition of familiarity, novelty &/vs familiarity as determinants of behavior, 16892

role socialization through life cycle, Yanomama families, Brazil, 17146
standards for Program Development Evaluation methodology, 29484
Developmental Age Groups [See Also Adolescents, Adults, Aged, Children, Infants, Middle Aged, Neonates, Preschool Age Children, School Age Children, Young Adults]
adult vs peer vs toddler as conversation partner, language use, language impaired 4.6–6.2 yr olds vs normal language 4.4–5.6 vs 2.9–3.4 yr olds, 1616
stereotyped attitudes toward different age groups, 18–48 yr old student nurses, 5088
Developmental Differences [See Age Differences]
Developmental Disabilities
achievement & school behavior, children with tic syndromes & seizure disorders & minor physical anomalies, 23854
age & cardiac reactivity to auditory vs somatosensory vs visual stimuli & adaptive behavior, preschool age children with developmental delay vs trisomy 21 vs cerebral palsy, 14843
auditory brain stem responses, 5–40 yr olds with pervasive developmental disorders & autism, 28251
availability & organization of information regarding referral services in community, families with developmentally disabled member, 23438
behavior pattern profiles, psychiatrically referred & developmentally disabled 3–12 yr olds, 28133
behavior ratings & psychometric profiles, 7–12 yr old males with attention deficit disorders vs developmental reading disorders, 32165
behavioral analysis of social validation, implications for practitioners serving developmentally disabled, 14872
behavioral reorganization of day care center routine, children with behavior problems vs developmental disabilities or delays vs physical handicaps vs emotional needs, 12611
behavioral self help training, development of basic skills & adjustment, developmentally disabled, 23550
brief contingent procedures, severe behavior disorders, developmentally disabled 8 & 11 yr olds in special classroom setting, 13152
clinical course of Rett's syndrome, occurring only in girls, 35 mo & 13 yr old females, 17751
comprehensive nutritional interview, children & adolescents with developmental disorders & their families, conference presentation, 15058
computed tomographic brain scanning, children with autism & developmental & attention deficit & language disorders & Tourette's syndrome, 6705
computerized tomographic brain scanning, children with developmental neuropsychiatric disorders, 28132
criterion validity of National Bureau of Standards measure of self preservation ability in fire emergencies, developmentally disabled persons, replication of A. E. MacEachron & M. P. Janicki's study, 31091
degree of disability & behavior problems & age of disabled person & external stressors & other factors, request for out-of-home placement vs increased services for developmentally disabled member, families, 14871
demographic & health & social service needs, developmentally disabled 53 yr olds & older, 4100
diagnostic role in assessment of developmentally disabled children, school psychologists, 23699
differential classification based on cognitive profiles, 5.6–17.5 yr olds with autism & other pervasive developmental difficulties, 20262
early educational intervention program & individual differences, cognitive development, 4 yr olds identified before birth as at risk for developmental retardation, longitudinal study, 10822
ecological variables & examiner bias in assessment, developmentally handicapped 1–5 yr olds, 28136
ecological variables & examiner biases, clinical assessment, developmentally handicapped 1–5 yr olds & female college students, 6710
epidemiology & clinical outcome, children with failure to thrive in rural ambulatory clinic, 2-yr longitudinal study, 9584
evaluation of health services provided by Indian Health Service, 2.5–10 yr old Navajo children with developmental disabilities, 18186
excerpts from Michigan Department of Mental Health guidelines, rights of mentally ill & developmentally disabled living in community residences, 15409
family therapy, divorced mothers with developmentally disabled children, 7343
family therapy, family with 20 mo old male with severe developmental psychopathology, 4689

framework for behavioral assessment, treatment planning & evaluation of educational outcomes, developmentally disabled children, 23281
group placement model of industrial habilitation, 16–46 yr old developmentally handicapped workers, Canada, 18345
guidelines for treatment & management of self injurious behavior, developmentally disabled children, 23256
home environment & childrearing practices & perceptions of infant's temperament, single mothers vs 2-parent families of high risk & developmentally disabled infants, 9390
hyperammonemic coma, brain damage & cognitive function, 12–74 mo olds with inborn errors of urea synthesis, 9980
integration into regular nursery school, behavior, Down's syndrome & developmentally handicapped 3–10 yr olds, India, 32141
intermittent reinforcement, generalization & maintenance of language response to trainers at school & mothers at home, developmentally disabled 3–5 yr olds, 18049
internal behavior control program, developmentally disabled residents in group home, 18283
issues in acquisition & maintenance & generalization of fire reaction skills, developmentally disabled persons, literature review, 12832
mechanisms for testing operant conditioning & body rocking, developmentally disabled, 2780
needs & availability & sources & variations in resource provision by community group homes, developmentally disabled persons, 31628
needs & coping abilities, families of children with developmental disabilities, 22983
nutrition problems, institutionalized children with developmental disabilities, 20584
peer related social interactions, developmentally delayed 1.8–6.8 yr olds in early intervention programs, 1330
perception of ability & attitudes toward mainstreaming, provision of medical services to developmentally disabled children, general practitioners vs family practitioners vs pediatricians, 15638
personal & social coping strategies, parents of developmentally disabled children, 23030
problems in use of theater company as therapeutic method, developmentally disabled, 31292
process-thought model, systematic paper & pencil method for time-lapse problem solution, learning disabled & developmentally handicapped students, 23848
program & occupant characteristics, clinical service provision, group homes for mentally retarded & developmentally disabled, 12750
psychodiagnosis & etiology of behavior problems, developmentally disabled children, 14614
role in parent training & counseling & therapy, integration of family & developmentally disabled children, school psychologists, 23706
satisfaction with university affiliated programs for developmentally disabled, staff from local & regional & state educational agencies, 13128
social skills training program, improvement of verbal interactions with classmates, multiply handicapped 8–13 yr olds, 29389
standard prompting procedures vs stimulus delay procedure with intervening response, symbol identification, developmentally disabled 29–53 yr olds, 31483
survey of New York's community residences for developmentally disabled, 9598
systematic training, rights protection for developmentally disabled, teachers & therapists, 23855
theoretical analysis of self management, rule-governed behavior, developmentally disabled, implications for rehabilitation, 18349
tutoring vs embedded instruction, teaching of yes/no responses, developmentally disabled 5–6 yr olds, 18705
use of microcomputers, kindergarten students with developmental & socialization problems & high intellectual capabilities, 2498
validity of Multisensory Imagery Scale, screening of hyperopia developmental disability, students, implications for educational process, literature review, 10888

Developmental Psychology [See Also Adolescent Psychology, Child Psychology, Gerontology]
a priori elements in developmental & social psychology research programs, criticism of J. Brandtstadter's study, 6619
adaptation in evolutionary psychology of K. Lorenz & genetic epistemology of Piaget, 30389

application of information integration theory, developmental psychology, 9088
concepts of internalization & mental representation, human development, implications for diagnosis & treatment, 3587
configural frequency analysis as technique for longitudinal research in developmental psychology, students at ages 10 & 13 yrs, 27070
current status of developmental psychology, Italy, 9084
developmental trends characteristic of changes in human activities throughout life cycle, 6267
educational & developmental & cognitive psychology research publications that publish articles on reading, 26844
historical roots & development of experimental & developmental & educational & social psychology, Japan, conference presentation, 16156
integration of developmental theory & family systems theory as base for diagnostic assessment & intervention, social work clinicians, 28898
integration of experimental & psychometric & developmental approaches in psychology, 21669
intraindividual variability & age comparisons of R. B. Cattell, life-span conception of developmental psychology, 867
life span psychology education, 18480
logical analysis of developmental theories, 16854
merger of development psychology & cognitive science, study of educational uses of information technology, comments on article by R. D. Pea & D. M. Kurland, 21359
multilevel & factorial Solomon 4-group designs, research in developmental & educational psychology, 2828
need for integration of nature-nurture issue in developmental psychology research, 6252
need for study of adult personality development, 11805
ontogenetic psychology vs life span developmental psychology, 16856
paradigms & conceptual relativism, experimental & theoretical scientific activity, 36
prediction of human behavioral development, 9092
proposed practical action model, applied developmental psychology, 9122
reproductive behavior from perspective of anthropology & developmental psychology, animals & humans, 8341
role of research in personality & developmental psychology, Scandinavia, 1970's, 16258
status & problems of child & developmental & educational psychology, USSR, 9120
systems theory of family therapy, implications for individual development & parent-child interactions, 23223
transcontextual validity in developmental research, 9140
Vienna Institute & history of classical developmental psychology, 9132
work of W. T. Preyer in developmental psychology, 9137

Developmental Stages [See Also Embryo, Fetus, Menopause, Puberty]
anal stage & ego autonomy & transitional objects, 6260
birth cohorts, methods for study of sequences of & environmental changes in lives of individuals, 5569
child's gender vs birth order vs ethnic background, expectation of developmental timetables, Australian vs Lebanese mothers, Australia, replication of study by R. O. Hess et al, 16869
Contextual Organization Model for Processing & Evaluating, assessment of individual & group development, 8311
crisis virilis in 6th decade of life, aging men, 16888
development & behavior, institutionalized vs family raised infants, 6229
developmental features & mental disorders, adolescents, implications for developmental approach in adolescent psychiatry, 30959
diagnostic approach for categorizing social & emotional stages of development, infants & young children, 17049
early experience & relative plasticity, social development, animals & humans, 25210

establishment of individual & occupational & sexual identities, college students, 6224
group day treatment, resolution of latency era deficits, adult schizophrenic patients, 7314
hierarchical nature of moral development stages, high school & college & graduate students, 886
information processing load of task, synchronic development of concrete operational structures, children, 11769
interpretation of family relations in V. Woolf's novel "To the Lighthouse", reply to comments by C. J. Falicov, 19999
lexical development & relational word use, 12 mo olds observed from stage 5–6 of object permanence development, 9240
life cycle approach to psychotherapy, adolescents, 4649
life span developmental approach to clinical practice, implications for social workers, 2135
media presentations & content, fear, 3–4 vs 6–7 vs 9–10 yr olds, test of Piagetian stages of development, 3689
modification of superego through psychotherapy, latent effects of father's death, 6 yr old male, 7220
occurrence of "adolescences" in other phases of life, 3579
perceptions of issues in collaborative action research, conventional vs transitional vs goal-oriented vs self defining teachers, implications for staff development, 15709
problems of family development scheme in V. Woolf's "To the Lighthouse", criticism of C. L. Proudfit's article, 19988
puberty vs adolescence, transition from childhood to adulthood, retarded adolescents, 14848
relation of L. Szondi's vectors to Piagetian developmental stages, 30397
social development stages, children from birth to 2 yrs old, 17094
stage of cognitive development, memory & search for hidden objects, 8–12 mo olds, 897
stages & individual differences in cognitive development, literature review, 16936
stages in midlife development, 40–65 yr old males, 16880
stages of drawing & scribbling, 0–7 yr olds, 27786
stages of family development & phase specific tasks, representation in V. Woolf's "To the Lighthouse", 20000
stages of narcissistic development, 6346
Szondian view of latency, 9–10 vs 16 yr olds, 6309
validity of CA & standardized algebra prognosis test & standardized scales of verbal & quantitative abilities & measure of Piagetian cognitive development, prediction of success in algebra, 9th–10th graders, 13172
vowel articulation in conversational speech to adult vs child listeners, mothers & daughters at preverbal or holophrastic or more advanced stages of language development, 9153
young adulthood as mediation between adolescence & adulthood, 3701

Deviant Behavior [See Antisocial Behavior]
Deviation IQ [See Standard Scores]
Deviations (Sexual) [See Sexual Deviations]
Devices (Experimental) [See Apparatus]
Dexamethasone
acute behavioral stress of confinement & physical restraint, dexamethasone suppression test, male rhesus monkeys, 667
acute hospitalization, dexamethasone suppression & thyrotropin-releasing hormone stimulation tests, depressed 19–60 yr old inpatients, 7679
administration of dexamethasone suppression test, geriatric patients with dementia vs pseudodementia vs endogenous vs nonendogenous depression, 17846
age & sex & weight loss, dexamethasone suppression test & sleep EEG, Ss with endogenous vs neurotic or bipolar vs unipolar endogenous depression, 9640
age, postdexamethasone serum cortisol levels, 16–85 yr old patients with major depressive disorders, 28216
altered pharmacokinetics of dexamethasone vs overproduction of cortical, positive dexamethasone suppression test, psychiatric patients, 12129
attributional style & dexamethasone suppression test or DSM-III diagnosis of endogenous depressive subtype, depressed inpatients with mean age of 36 yrs, 6881
bereavement, response to dexamethasone suppression test, 1st degree relative 7–19 days after relative's death, 25526
bilateral vs unilateral ECT & dexamethasone sodium phosphate, memory & depression, depressed inpatients, 1784
clarification & clinical utility of dexamethasone suppression test, literature review, conference presentation, 30914
clinical features & adrenocortical function, 22–42 yr old females with premenstrual tension syndrome, implications for psychoendocrine model of endogenous depression, 6714
clinical utility of dexamethasone suppression test, school-age through elderly psychiatric patients, conference presentation, 30902
competitive protein binding assay vs commercial cortisol radioimmunoassay, determination of plasma cortisol levels for dexamethasone suppression test for depression, 22766
consistent reversal of abnormal dexamethasone suppression test after antidepressant therapies, 57 yr old male with symptoms of depression & dementia, 36 mo longitudinal study, 15337
correlation of dexamethasone suppression test with measures of depression vs gender vs response to treatment, Ss over age 60 with major affective disorder & unipolar depression, 20213
cortisol concentration vs plasma cortisol response to dextroamphetamine vs dexamethasone suppression test, diagnosis of endogenous depression, 18–68 yr old patients, 30987
cortisol concentrations & dexamethasone suppression test responses, endogenously depressed patients with vs without experience of precipitating events, 1426
cortisol suppression index vs dexamethasone suppression test, detection of endogenous depression, endogenously depressed dexamethasone suppression test suppressors vs nonsuppressors, 20296
cortisol suppression index vs fixed values for dexamethasone suppression test, diagnosis of depression, 18–84 yr old psychiatric inpatients, 20224
CSF amine metabolites & homovanillic acid & cortisol & dexamethasone suppression, 21–71 yr old depressed & schizophrenic & alcoholic patients & suicide attempters, 9748
depression in medically ill & treatment of sleep disorders in elderly & clinical utility of dexamethasone suppression test, comments on 4 papers, conference presentation, 31326
depression vs anxiety, cortisol nonsuppression, psychiatric inpatients with depressive symptoms assessed with dexamethasone suppression test, 22771
dexamethasone suppression test, diagnosis of depression, newly abstinent alcoholics, reply to C. M. Swartz & F. J. Dunner's answer to author's comments, 12236
dexamethasone & age, prediction of hypothalamic-pituitary-adrenal activity, 17–78 yr old volunteers, 24802
dexamethasone, cortisol levels measured by radioimmunoassay vs competitive protein binding assay, healthy 20–78 yr olds, 11617
dexamethasone dosage levels & age, suppression of serum corticosterone, male rats, implications for experimental animal model of dexamethasone suppression test, 9000
dexamethasone, increase in plasma free dopamine, 22–37 yr old volunteers, implications for induction of psychiatric disorders, 22217
dexamethasone-induced suppression of cortisol following recovery from depression, 20–70 yr old patients, 14686
dexamethasone, plasma cortisol concentrations, 20–73 yr old depressed patients with normal vs hypersecretion of cortisol, 6784
dexamethasone, plasma cortisol levels, patients with depression vs other psychiatric diagnoses, 22727
dexamethasone, plasma cortisol suppression, 26–67 yr old outpatients with major vs minor depression, 28261
dexamethasone, serum aldosterone & cortisol, patients with major depressive disorder, 22781
dexamethasone, sleep, depressed patients, 20295
dexamethasone, sleep, 18–85 yr old patients, 8952
dexamethasone sodium phosphate treatment for congenital adrenal hypoplasia, panic disorder with agoraphobia, 35 yr old female patient, 12655
dexamethasone suppression & appetite & weight change, patients with major depressive disorder, 14758
dexamethasone suppression & lymphocyte sensitivity, depressed patients with mean age of 32.3 yrs, 9678

dexamethasone suppression & thyrotropin releasing hormone stimulation test, identification of treatment responsiveness & relapse rates, patients with major depressive disorder, 9727
dexamethasone suppression & thyrotropin response to thyrotropin releasing hormone, prediction of antidepressant effect of partial sleep deprivation, depressed 19–74 olds, 10064
dexamethasone suppression & thyrotropin stimulating hormone response, 14–54 yr old females with borderline personality disorder, 1477
dexamethasone suppression, differential diagnosis of depression, depressed patients with mean age of 43 yrs, 28209
dexamethasone suppression, psychiatric patients with vs without weight loss, 14687
dexamethasone suppression test & DSM-III criteria, differentiation of depression from chronic pain, 18–69 yr old chronic low back pain patients, 12104
dexamethasone suppression test & DSM-III Axis I diagnosis, inpatients with borderline personality disorder, 6736
dexamethasone suppression test & major affective disorders, 30–72 yr old patients with fibrositis, 28445
dexamethasone suppression test & REM sleep, 16–61 yr old parents with major depressive disorder, 28231
dexamethasone suppression test & thyrotropin-releasing hormone test, 21–73 yr old inpatients with primary vs secondary depression, 28185
dexamethasone suppression test & urinary methoxyhydroxyphenylglycol assay & tricyclic antidepressant plasma level assay, diagnosis of depression, conference presentation, 6767
dexamethasone suppression test & withdrawal from alcohol, detection of depression, alcoholic patients with mean age of 40 yrs, 9798
dexamethasone suppression test abnormalities, withdrawing alcoholic inpatients, 9813
dexamethasone suppression test as indicator of depression, patients with chronic pain with vs without depression, 30879
dexamethasone suppression test as screening procedure, rehabilitation patients with chronic pain consulting psychiatrist, 31764
dexamethasone suppression test, assessment & management of depression, 72 yr old male, 22730
dexamethasone suppression test, assessment of depression, acute & chronic stroke patients, 17772
dexamethasone suppression test before & during treatment, depressed patients, 17447
dexamethasone suppression test, cortisol & corticosterone & dexamethasone levels, depressed 20–73 yr olds, 9661
dexamethasone suppression test, cortisol & 11-deoxycortisol & adrenocorticotropic hormone concentrations, depressed 19–72 yr olds & normal 20–44 yr olds, 1408
dexamethasone suppression test, diagnosis of depression, elderly patients, comments on M. A. Jenike's article, 25792
dexamethasone suppression test, diagnosis of depression, elderly Alzheimer's patients, reply to comments by M. Carnes & N. H. Kalin, 25841
dexamethasone suppression test, diagnosis of depression, literature review, 28157
dexamethasone suppression test, diagnosis of depression, 20–70 yr old outpatients, 14668
dexamethasone suppression test, differences in plasma cortisol suppression as evidence of subtypes of schizophrenia, 21–68 yr old female schizophrenic patients, 20218
dexamethasone suppression test, differentiation of subtypes of depression, adolescent inpatients with endogenous & nonendogenous depression, 6730
dexamethasone suppression test, discrimination of endogenous depression vs other psychiatric illnesses, psychiatric inpatients, 28163
dexamethasone suppression test for assessment of hypothalomopituitary system, type of suicide attempt, suicide attempters, 6953
dexamethasone suppression test, patients with major depressive disorder with vs without history of weight loss, 17458
dexamethasone suppression test, plasma cortisol & corticosterone, depressed patients, 14753
dexamethasone suppression test, plasma dexamethasone levels, 16–79 yr old patients with major depression or other psychiatric disorders, 30941
dexamethasone suppression test, prediction of response to antidepressants, 26–76 yr old females with depressive disorders, conference presentation, 31486
dexamethasone suppression test responses during recurrent depressive episodes, 27–83 yr olds with primary affective disorder, 9744
dexamethasone suppression test results, 28–72 yr old female patients with endogenous depression vs paranoid schizophrenia, 25586
dexamethasone suppression test results, 55–79 yr old patients with presenile & senile dementia of Alzheimer's type, 14943
dexamethasone suppression test results & suicidal behavior, patient with borderline personality disorder with vs without depressive symptoms, 22728
dexamethasone suppression test results before & after treatment, hospitalized depressed patients, 10455
dexamethasone suppression test, suppression of response to antidepressant treatment, melancholic patients, 20269
dexamethasone suppression test vs Newcastle Endogenous Depression Diagnostic Index vs DSM-III vs Research Diagnostic Criteria vs Michigan Diagnostic Index, diagnosis of depression, inpatients, 4153
dexamethasone suppression test, 16–65 yr olds with obsessive compulsive vs major depressive disorder, 28218
dexamethasone suppression test, 18–58 yr old male vs female primary obsessive-compulsive patients, 30921
dexamethasone suppression test, 18–75 yr old nondepressed diabetics, 9950
dexamethasone suppression test, 21–49 yr old patients with postpsychotic or major depression, 22775
dexamethasone suppression test, 24–58 yr old alcholics undergoing detoxification, 1351
dexamethasone suppression test, 29–77 yr olds with organic affective syndrome, 9637
dexamethasone suppression test, 55–65 yr old chronic schizophrenic patients, comments on study by J. G. Munro et al, 22713
dexamethasone suppression tests in depressed & manic phases, 26–58 yr old bipolar patients, 4173
dexamethasone suppression, 60–85 yr old patients with major depressive illness, diagnostic & treatment implications, 9648
diagnosis & sex & age, sensitivity & specificity & diagnostic confidence of dexamethasone suppression test, 14–85 yr old psychiatric patients with major depressive syndromes, 22750
diagnosis of endogenous depression using Dexamethasone Suppression Test, psychiatric inpatients, 17440
diagnostic accuracy of dexamethasone suppression test, 20–78 yr old hospitalized depressed patients, 31001
diagnostic specificity of dexamethasone suppression test, levels of cortisol & prolactin, depressed inpatients, 25556
efficacy of Dexamethasone Suppression Test, diagnosis & prediction of treatment response, inpatients with major vs minor depression vs schizoaffective disorder vs normothymic neurotic patients, 25567
extent of adrenal overactivity at time of hospital admission, alcoholics, 28368
false positive dexamethasone suppression test results related to antipsychotic drug withdrawal, 27 yr old nonmelancholic schizophrenic male, 10260
frequency of abnormal dexamethasone suppression test responses, 64–94 yr olds referred to psychogeriatric assessment service, 28227
hypersecretion of cortisol, dexamethasone suppression test responses, unmedicated chronic schizophrenics with mean age of 32 yrs, 14681
hypothalamic-pituitary-adrenal activity using dexamethasone suppression test, 30–91 yr old patients with major depression, 30897
hypothalamic-pituitary-adrenal axis function, adult patients with primary depression, 30912
hypothalamic-pituitary-adrenocortical activity, diabetic 18–79 yr olds, implications for diagnostic validity of dexamethasone suppression test for depression, 9901
introduction of dexamethasone suppression test, diagnosis & treatment of depression, 4245
length of dexamethasone suppression test, assessment of depression, 25–80 yr old patients, 1379

lithium & nortriptyline & dexamethasone, insulin sensitivity, 21–59 yr old males, conference presentation, implications for treatment of depressed diabetics, 30236
metabolic changes after acute alcohol withdrawal, dexamethasone suppression test, alcoholics, reply to criticism of C. A. Dackis et al, 12282
methodological criteria, evaluation of dexamethasone suppression test on diagnosis of melancholia, 22688
plasma cortisol & ACTH levels following dexamethasone suppression test, psychiatric inpatients, 14631
plasma levotryptophan & neutral amino acid ratio & dexamethasone suppression, depressed patients, 6792
postdexamethasone cortisol concentrations, ECT-responsive nonmelancholic depression, 79 yr old female, 28191
procedural & clinical impact of dexamethasone suppression test in psychiatric hospital practice, psychiatric patients, 20243
prolonged suppression of cortisol in dexamethasone suppression test, manic vs schizophrenic patients, 25513
racial & ethic differences, dexamethasone suppression, Anglo vs Hispanic vs Black vs Oriental 20–76 yr old depressed outpatients, 14666
REM sleep latency & dexamethasone suppression & clonidine & apomorphine tests as biological markers, 28–61 yr old patients with major depression with endogenous subtype, 17432
response to endocrine function tests, clinical profile, depressed patients with major affective disorder, 4124
results of dexamethasone suppression test at time of hospital discharge, prediction of outcome after discharge, 19–61 yr old manic patients, 12159
role of dexamethasone suppression test in identification of depression, 11.2–17.4 yr olds admitted to psychiatric hospital, 17496
saliva vs plasma cortisol levels in dexamethasone suppression test, 18–66 yr old patients with endogenous depression vs other psychiatric disorders, 28155
secretion patterns & circadian rhythmicity of beta-endorphin & beta-lipotropin & ACTH & response to insulin stimulation & dexamethasone suppression tests, 23–64 yr olds with chronic hebephrenic or paranoid schizophrenia, 4136
severity of cognitive dysfunction & dexamethasone, plasma cortisol concentrations, elderly patients with primary degenerative dementia, 28483
sleep EEG investigation & CSF 5-hydroxyindoleacetic acid & homovanillic acid & dexamethasone suppression & urinary 3-methoxy-4-hydroxyphenylglycol before vs after ECT treatment, 31 yr old catatonic male, 3-mo followup, 15067
social support network, normalization of dexamethasone suppression test, 44 yr old depressed male, 9718
stress associated with hospital admission, results of dexamethasone suppression test, depressed vs nondepressed psychiatric patients, 15479
synthetic vs ovine corticotropin releasing factor iv, ACTH & adrenal corticosterone & 11-deoxycortisol & cortisol & cortisone & dexamethasone suppression responses, 27–65 yr olds with severe endogenous depression, 17487
urinary 3-methoxy-4-hydroxyphenylglycol & cortisol secretion before & after dexamethasone, 18–60 yr olds with unipolar depression, 4256
use of biologic tests in psychiatry, 22777
use of dexamethasone suppression test, 21–43 yr old schizophrenics with high incidence of depressed mood, 20339
usefulness of dexamethasone suppression test for nonmedical therapists, diagnosis of depression, 1428
usefulness of dexamethasone suppression test, depressed vs dysthymic vs nondepressed 5–12 yr olds, 22758
validity of cortisol suppression index, diagnosis of depression, psychiatric inpatients, implications for dexamethasone suppression test, 20377
variables related to weight & depression & severity of eating disorder, dexamethasome suppression test results, 18–41 yr old bulimic patients, implications for use of test as biologic marker for affective disorders, 28474
weekly dexamethasone suppression tests, changes in thyroid stimulating hormone, depressed inpatients, 22778
weight loss, Dexamethasone Suppression Test steroid results, depressed patients, 30938
weight loss, nonsuppression on dexamethasone suppression test, patients with major depressive disorder, 17583
Dexamphetamine [See Dextroamphetamine]
Dexedrine [See Dextroamphetamine]
Dexterity (Physical) [See Physical Dexterity]
Dextroamphetamine
ability to learn inhibitory task under positive & negative reinforcement & impact of dexamphetamine & role of CSF & brain levels of dopamine & norepinephrine & homovanillic acid, purebred vs hybrid beagles, animal model of hyperkinesis, 16762
ACTH, iv dextroamphetamine self infusion & brain dopamine activity, male rats, 22188
acute vs chronic dextroamphetamine, performance of conditioned behavior & dextroamphetamine tissue distribution, male rats, 3516
apomorphine vs dextroamphetamine-induced stereotypy & locomotor activity & haloperidol-induced catalepsy, mutant strain of Wistar rats, 11623
behaviorally specific tolerance to dextroamphetamine, male rats, 6114
beta-phenylethylamine vs dextroamphetamine, conditioned taste aversion to saccharin, male rats, 3450
bilateral corticostriatal projection ablation, excitated vs inhibited striatal neuron response to dextroamphetamine, rats, conference presentation, 30193
bilateral microinjections of dextroamphetamine into nucleus accumbens or caudate putamen, stereotypy & locomotion, rats, 22221
caffeine pretreatment, dextroamphetamine-induced locomotor activity, male rats, 3531
cholinesterase inhibitor physostigmine & other cholinergic & anticholinergic drugs, stimulant-induced stereotypy, male rats, 3449
chronic lithium & withdrawal & stimulant dosage, hyperactivity & stereotypy induced by dextroamphetamine & apomorphine, rats, 768
concentration of dextroamphetamine solution, self administration, physically dependent vs naive male rats, 6134
daily dextroamphetamine administration, intracranial self stimulation rates of responding from substantia nigra vs nucleus accumbens & development of reverse tolerance, rats, 30281
depletion of serotonin by chronic amphetamine injections, pontogeniculo-occipital wave activity, cats, 24953
dextroamphetamine dosage levels, locomotion & stereotypic behavior & cerebral glucose utilization, male rats, 16792
dextroamphetamine & locomotor environment association, conditioned place preference, male rats, 24946
dextroamphetamine & methylphenidate, 57–73 yr old depressed patients with neurological disease, 4784
dextroamphetamine, aggression & aggressive/impulsive attitudes & fantasies, 8–11 yr old males with attention deficit disorder with hyperactivity, 10244
dextroamphetamine, cortisol release, 20–58 yr old depressed outpatients, 17562
dextroamphetamine, learning of turning behavior in same vs opposite direction, rats, 19677
dextroamphetamine, locomotion & rearing & head movements & sniffing & catalepsy, rats pretreated with haloperidol &/or ascorbic acid, implications for action of antipsychotic drugs, 27633
dextroamphetamine, perception & short term memory of time, pigeons, 22220
dextroamphetamine, rate & distribution of verbal responding under FI reinforcement, 19–21 yr olds, 27647
dextroamphetamine, social interaction patterns, adult male stumptail macaques, 30298
dextroamphetamine, striatal multi-unit activity during free movement vs immobilization, rats, 27663
dextroamphetamine sulfate dosage, spontaneous motor activity, male pigeons, 24849
dextroamphetamine sulfate vs diazepam vs morphine sulfate vs sodium pentobarbital vs chlorpromazine, incremental repeated acquisition, male rats, 27628
dextroamphetamine treatment, dopamine autoreceptor subsensitivity, male rats, 19736

dextroamphetamine, urinary excretion of phenethylamine, 6–11.5 yr old males with attention deficit disorder with hyperkinesis, 1751
dextroamphetamine vs amfonelic acid, behavioral effects in drug discrimination task, male rats, 8930
dextroamphetamine vs apomorphine, gnawing & grooming & sniffing & locomotion & circling & rearing & back arching, male hamsters, 9003
dextroamphetamine vs diazepam, greeting behavior, 2.5–4 yr old rhesus monkeys reunited after 2 day separation, 24951
dextroamphetamine vs ephedrine, smoking attitudes & behavior, light vs heavy smoking college students, 31803
dextroamphetamine vs fenfluramine, learned maze performance, male rats pretreated with metergoline, 9009
dextroamphetamine vs phencyclidine vs amfonelic acid, release of dopamine in striatum, rats, 19684
dextroamphetamine vs thioridazine vs contingency management, behavior problems, severely & profoundly mentally retarded 11–21 yr olds, 23070
dextroamphetamine, well being & blood levels of growth hormone & prolactin & homovanillic acid & dextroamphetamine, 19–37 yr olds, 22155
dextroamphetamine, working & reference memory, rats, 27558
dextroamphetamines, extraversion & modes of reinforcement in verbal operant conditioning, 19–24 yr old female postgraduates, India, 8970
discrimination of im vs iv vs intragastric administration of cocaine & dextroamphetamine during avoidance/escape procedures, rhesus monkeys, conference presentation, 3156
discrimination training, discrimination of phenobarbital from dextroamphetamine & tetrahydrocannabinol & pentobarbital & generalization of response, pigeons, 24839
dose of dextroamphetamine & S's dominance position, affiliative & aggressive behavior, monkeys, 3512
electric footshock, locomotor response to dextroamphetamine sulfate, rats, 24733
experimental paradigm for study of discriminative stimulus properties of drugs illustrated by dextroamphetamine, 22–34 yr olds, 2790
generalization with Type A vs Type B vs mixed-type MAO inhibitors following dextroamphetamine discrimination training, male rats, 6148
haloperidol vs propranolol vs thymoxamine pretreatment, dextroamphetamine induced behavioral & cardiovascular & hormonal responses, 21–37 yr olds, 24901
high vs low dosages of prostaglandin F2alpha or PGE1 & dextroamphetamine, hyperthermia & operant behavior, male rats, 22202
icv injections of dextroamphetamine sulfate into nucleus accumbens, behavioral control by conditioned reinforcers, rats, 24950
indomethacin, modulation of dextroamphetamine action on operant FR responding & rectal temperature, male rats, 24899
lateral ventricles & amygdaloid nucleus & substantia nigra & caudate nucleus & lateral hypothalamus & nucleus accumbens as neural sites for dextroamphetamine injection, feeding & drinking behavior & mouse killing, rats, 808
lithium- or dextroamphetamine-paired flavor, conditioned avoidance response patterns & activity level, male rats, 19712
long term intermittent vs continuous dextroamphetamine administration, acoustic startle, mice, 3472
low vs high doses of dextroamphetamine, sensitivity of dopaminergic neurons in substantia nigra to injections of apomorphine, male rats, 24854
methylphenidate vs McNeil 4612 vs dextroamphetamine, maintenance of drug self administration behavior, rats, 3497
neostriatum lesions induced by 6-hydroxydopamine, dextroamphetamine-induced locomotor activity & stereotypy & anorexia, male rats, 24767
neuroleptic drugs, locomotor activity, rats made hyperactive with dextroamphetamine, 16801
nicotine & dextroamphetamine, intracranial self stimulation of medial forebrain bundle, male rats, 24730
nigroneostriatal pathway lesions induced by 6-hydroxydopamine vs dextroamphetamine, apomorphine-induced inhibition of neostriatal activity, rats, 22073
norepinephrine neurotoxins DSP4 vs 6-hydroxydopamine, dextroamphetamine-induced perseverative behavior in radial arm maze, male mice, 6099
phencyclidine & dextroamphetamine, acquisition & performance of response chains, monkeys, 9027
phenylethylamine & dextroamphetamine following withdrawal from chronic haloperidol administration, behavioral supersensitivity to phenylethylamine, male rats, 799
piribedil & dextroamphetamine, locomotor activity, immature rats, 13880
previous dextroamphetamine sulfate, fenfluramine effects on brain monoamines, male rats, 30245
reserpine & subsequent dextroamphetamine vs levodopa vs apomorphine, hypothalamic self stimulation, male rats, implications for role of dopamine in reinforcement & possible relations to neocortical slow wave activity, 11552
reserpine, stereotyped response to repeated dextroamphetamine administration, rats, 6110
responses to dextroamphetamine vs levoamphetamine vs haloperidol, 12–20 yr olds with Tourette's syndrome, 4403
sc vs intracaudate dextroamphetamine sulfate, stereotypy & locomotor activity & retention, male rats, 3418
side effects of dextroamphetamine & methylphenidate therapy, hyperactive children, literature review, 7433
signal detection analysis of dextroamphetamine vs morphine effect, delayed visual discrimination & response repetition, male rats, 24860
six-hydroxydopamine lesions of dopaminergic mesocorticolimbic cell bodies, self administration of dextroamphetamine, rats, 13878
social deprivation during infancy, sensitivity to dextroamphetamine-induced psychotic-like behavior & CSF norepinephrine levels, rhesus monkeys, 3350
surgical removal of interscapular brown adipose tissue, anorexia induced by dextroamphetamine sulfate, rats, 27538
unilateral iv administration of dextroamphetamine & apomorphine vs alpha-flupenthixol into medial vs lateral substantia nigra pars compacta, direction & magnitude of circling behavior, rats, 27656

Diabetes [See Also Diabetes Mellitus]
age & disease duration & blood glucose, scores on Farnsworth-Munsell 100-Hue Test for Examination of Color Discrimination, 20–82 yr old diabetics, prognostic implications for retinopathy, conference presentation, 25867
age & treatment & individual variation of disease, family environment, diabetic parents & their children, 4388
alexithymia, panic attacks, 26 yr old diabetic male, 22980
behavior modification, behavior change in short- & long-term weight control & physiological improvements, obese 30–70 yr old patients with diabetes, 16-mo followup study, 20887
behavioral intervention in dietary management & adherence, Type I & II diabetes, 7397
beliefs about health & illness, 6–17 yr olds with diabetes, 1661
blood glucose discrimination training program, insulin-dependent diabetic 56 & 26 yr old females, 26099
chronic illness, psychological adjustment & neuropsychological performance, 18–47 yr old juvenile onset diabetics, 25927
coexistence of & interactions among bulimia & anorexia nervosa & diabetes, 9945
cognitive maturity of disease concepts & perceived control over diabetes outcomes & disease causal attributions, 11.2 yr olds who had been patients at diabetes clinic, 1734
color-dependent errors in performing urine glucose test, 19–75 yr old diabetics with vs without color vision deficiencies, conference presentation, 25784
color visual function, diabetics less than 2 yrs old to 31 yrs old, 17-yr longitudinal study, conference presentation, 25786
demographic characteristics & marital & family relations & illness behavior & complications & self esteem & locus of control & life satisfaction, depression, adult chronic insulin-dependent diabetics, 20612
drug compliance & comprehension of disease, hypertension or diabetes patients, Zimbabwe, 4802
health beliefs & psychological variables, male diabetic patients, 20519

icv streptozotocin-induced insulin deficiency, sleep, diabetic male rats, 19666
knowledge & beliefs about diabetes management strategies, success in diabetic patient management, in-house physicians, 28844
long term play group psychotherapy, social interaction, 8.5–11 yr old diabetic females, 18008
perceptions of school life, 9–12 yr old mainstreamed physically handicapped & diabetic students, Israel, 2530
personality traits & health attitudes & behavior, insulin-dependent diabetic adults, 22946
progressive muscle relaxation training, blood glucose & stress & activity & caloric intake, diabetic 31–64 yr old males, 12595
psychosocial factors, juvenile diabetes, literature review, 7067
saccharin, pain responses, healthy vs diabetic rats of strains selected for high vs low rates of self stimulation, 3408
self management training, medical compliance, insulin-dependent diabetic 9–13 yr olds & their parents, 6-mo followup study, 26173
self measurement of blood glucose levels, diabetic patients, 7538
severity of retinopathy, scores on Farnsworth-Munsell 100-Hue Test for Examination of Color Discrimination, insulin-dependent vs nondependent diabetics, conference presentation, 25868
simulation of being insulin-dependent diabetic patient & parents for design of treatment techniques, 31273
social relationships & health experiences, adjustment, 15–19 yr old diabetics, 1646
streptozotocin-induced diabetes, alcohol consumption, alcohol preferring vs avoiding rats, 16759
streptozotocin-induced diabetes, nutrient selection & water intake & body weight & composition, male rats, 669
therapeutic group & insulin pump, diabetic patients, 7320
undiagnosed iatrogenic hypoglycemia, organic personality syndrome, 58 yr old diabetic female treated with insulin, 18122

Diabetes Mellitus

academic & family & behavioral interventions, management of "brittle" diabetes mellitus, 13 yr old male, 20790
anorexia nervosa & bulimia, diabetic 18–31 yr olds, conference presentation, 28503
assessment of intellectual functioning, diabetic patients with mean age of 38.3 yrs, 22989
atypical anorexia nervosa characterized by self starvation permitting denial of diabetes, 14 yr old female with diabetes mellitus, 28492
biofeedback & progressive relaxation training, blood glucose levels, patients with diabetes mellitus, 4723
biofeedback-assisted stress management program, 14–16 yr old insulin-treated diabetic patients, 7383
biological & psychological & familial & extrafamilial & health care factors, control of insulin-dependent diabetes mellitus, adolescents, literature review, 4559
dexamethasone suppression test, 18–75 yr old nondepressed diabetics, 9950
ecological perspectives, diabetes mellitus, 30 yr old female patient, 4435
ECT, lower insulin requirements, 73 yr old insulin dependent diabetic female, 10084
emotional maturity & intellectual development, understanding & concern about prognosis & functional limitations of own chronic illness, insulin-dependent 8–17 yr olds, implications for emotional support, 1625
environmental & physical stress, glucose intolerance & diabetes mellitus, 7130
etiology & treatment of diabetes mellitus, 7107
hypnosis for relaxation, sexual impotence, 29 yr old male with diabetes mellitus, 23377
hypothalamic-pituitary-adrenocortical activity, diabetic 18–79 yr olds, implications for diagnostic validity of dexamethasone suppression test for depression, 9901
occurrence of diabetes mellitus & anorexia nervosa together, 28 yr old females, 12334
parent & child knowledge of & attitudes toward diabetes & treatment compliance, health, diabetic children, 17755
problem of adherence to multidisciplinary treatment plan, 21 yr old female with insulin-dependent diabetes mellitus, 1782
psychiatric features, 16–40 yr old insulin-dependent diabetics, 23039
quality of diabetic control & personality & self image & diabetes knowledge & maternal educational style, male vs female 9–17 yr olds with diabetes mellitus, 17703
rehabilitation guidelines, geriatric patients with diabetes mellitus, 10518
sexual disorders, females with diabetes mellitus, 20594
social support, control of Type II diabetes mellitus, male vs female patients, 14937
stress & psychosomatic factors, control of diabetes mellitus, 7007
symptoms as indicators of blood glucose, self regulation of diabetes, non-insulin-dependent diabetic outpatients, 15075
treatment with lithium, polyuria, 39 yr old male with bipolar affective disorder subsequently diagnosed as having diabetes mellitus, 31490

Diacetylmorphine [See Heroin]

Diagnosis [See Also Biopsy, Cardiography, Computer Assisted Diagnosis, Differential Diagnosis, Educational Diagnosis, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electronystagmography, Electroretinography, Galvanic Skin Response, Medical Diagnosis, Ophthalmologic Examination, Psychodiagnosis, Psychodiagnostic Interview, Rheoencephalography, Roentgenography, Urinalysis]

administration methods for cognitive test batteries, diagnostic validity in assessment of dementia, elderly patients, 24195
age & sex & performance time & intelligence & academic achievement, typical & atypical errors in pseudoisochromatic plate tests of color vision defects, 8–14 yr olds, conference presentation, 25895
age, performance on Farnsworth Dichotomous Test for Color Blindness, 10–70 yr olds, conference presentation, 25782
ageism & atypical symptomatology of common medical & psychological disorders, diagnosis, elderly, 28137
analysis of readmission pattern & stability of diagnosis, unipolar & bipolar manic depressive patients, 5–7 yr followup, 28276
apomorphine hydrochloride, growth hormone & prolactin responses, 19–38 yr old drug-free psychotic patients with vs without Schneider's 1st-rank symptoms of schizophrenia, 9738
application of signal detection theory, discrimination of adverse drug reaction from disease due to other causes, 25875
assessment of speech & language development & early augmentative stimulation procedures, infants at risk for speech & language & communication disorders, 4382
attitudes toward & diagnostic evaluation of suicide attempters, emergency room physicians, 26449
attitudes toward usefulness of aphasia test, speech therapists, UK, implications for assessment & clinical management of aphasia, 7010
behavior change as criterion for judging safety of toxic substances, implications for sugar & hyperkinesis & comments on B. Weiss's article, 25789
biological abnormalities as markers in classification, endogenous & nonendogenous depression, 1381
changes in diagnostic criteria, patterns of psychiatric morbidity & hospital admission, Australia, 1848–1978, 26331
client's age as source of bias, diagnosis of depression vs senile dementia, 26–49 yr old clinical psychologists, 4109
clinical & EEG evaluation, seizures & seizure-like disorders, children, 28501
clinical analysis of speech using phonetic & phonological dimensions, 5 yr old male with articulation disorder, 31115
clinical assessment procedure, measurement of cognitive & socioemotional & perceptual motor functioning, preschool age children, 30889
clinical color vision testing, conference presentation, 25898
clinical utility of color matching of purple, Ss with congenital & acquired color vision deficits, conference presentation, 25911
clinical utility of transient tritanopia effect, localization of site of retinal damage, patients with various eye diseases, conference presentation, 25838
clinicians' diagnostic decisions using perceptual lens model, children with hyperactivity, 15007
cluster analysis, acoustic analysis of speech characteristics, 25–60 yr old college students vs dysphonic speakers, 25757
color matching equations, diagnosis of color vision deficits, conference presentation, 25899

communication sphere approach to investigation & diagnosis & correction of impaired development of spoken language, 18172
concepts & methodologies in case definition & case identification in psychiatric epidemiological studies, 13484
concurrent & predictive validity of indicator scales for Comprehensive Assessment & Referral Evaluation interview schedule, prediction of family burden & morbidity & mortality, aged & key collaterals, 1-yr followup, 2949
construct validity of indicator scales for Comprehensive Assessment & Referral Evaluation interview schedule, assessment of medical & psychiatric & social problems, informants of aged, 2948
cumulative cry score system, differentiation of healthy vs sick infants, full-term & premature infants, 25498
development & evaluation of portable anomaloscope, diagnosis of color vision defects, conference presentation, 25780
development & evaluation of pseudoisochromatic plates, identification of color vision deficits, conference presentation, 25934
development & evaluation of Saturation Discrimination Test, assessment of color perception along tritanopic confusion line, 10–76 yr olds with congenital vs acquired color vision defects, conference presentation, 25880
development of indicator scales for Comprehensive Assessment & Referral Evaluation Interview schedule, assessment of psychiatric & physical & environmental social problems & service needs, aged, 2898
development of SHORT-CARE, assessment of depression & dementia & disability, aged, 2902
device to measure strength & decay of McCollough effect, testing for neuroophthalmological disease & visual fatigue & color defects, conference presentation, 25948
diagnosis & assessment of chronic pain states, 14899
diagnosis & early treatment, psychiatric morbidity & relevant symptoms & satisfaction with communication, 19–77 yr old patients with malignant lymphoma, 10072
diagnosis & etiology & treatment, hyperkinesis syndrome, 7025
diagnosis & treatment, atypical depression, 22773
diagnosis & treatment, minimal brain dysfunction, adolescent & young adult psychiatric hospital patients, 4417
diagnosis & treatment of akathisia, 23352
diagnosis & treatment of cocaine smoking disorders, 12279
diagnosis & treatment of depressive symptoms, cancer patients, 14961
diagnosis & treatment, pathological gamblers, conference presentation, 28307
diagnosis, dementia, 1742
diagnosis of depression valve of DSM-III criteria, chronically medically ill hospitalized patients, 14906
diagnosis of drug & alcohol abuse during interview, trained vs untrained community-based counselors, implications for intake interviewing & counselor education & research, 28893
diagnosis of hypertension & implementation of treatment trial, incidence of psychiatric morbidity, 35–64 yr olds, 4573
diagnosis of major depression, patients with anorexia nervosa, 17769
diagnostic & assessment issues, tics & Tourette syndrome, children, 31161
diagnostic assessment, dementia outpatients with mean age of 75.8 yrs, 7077
diagnostic check list, study of psychological abuse from spouses, 20–40 yr old female victims, 9775
diagnostic criteria & epidemiology of depression, males vs females, conference presentation, 28154
diagnostic criteria, anorexia nervosa, 9981
diagnostic criteria in psychopharmacology, children, 7406
diagnostic issues, treatment of rumination disorder, infants, 31184
double administrations of Schedule for Affective Disorders & Schizophrenia-Lifetime version, assessment of changes in presence/absence of psychiatric disorders, primary care patients, 6-mo followup, 31593
effectiveness of screening & professional referral in treatment of alcoholism, 15559
emphasis on positive outcome in diagnoses & prognoses, expectation of more desirable of 2 alternative outcomes occurring, college students, 15057
error types in picture naming as diagnostic tool, aphasic 30–82 yr olds, 20537
etiology & diagnosis of anorexia nervosa, young females, implications for treatment, 7053
evaluative selection of color vision test batteries, conference presentation, 25833
eye movement patterns, diagnostic test of dyslexia, 12305
familial alcoholism, 4315
family history & diagnosis, 6–12 yr olds with psychosis & depression, 28194
flash & pattern visual EPs, 51–73 yr olds with presenile dementia vs affective disorders, implications for diagnosis of presenile dementia, 15013
Freud's Diagnostic Profile, assessment of development, 4 yr old male, 6344
future psychopathology-related research issues for event-related brain potentials in areas of diagnosis & positron emission tomography & neurochemistry & psychopharmacology, conference presentation, 20205
identification of learning disabilities in university counseling centers, college students, 5364
illuminance level, scores on Panel D-15 Desaturated D-15 vs H-16 Panels of Farnsworth Dichotomous Test for Color Blindness, Ss with senile macular degeneration, conference presentation, 25781
importance of examination of presenting symptoms as part of triaxial classification system for diagnosis, 31308
inadequacies in diagnostic practices, Alzheimer's disease, 12351
incidence & symptomatology & assessment & treatment of depression, elderly patients, 30993
infant & early childhood development & adaptation & diagnosis & treatment & prevention of psychopathology, 4176
infant vocalizations, diagnosis of pathology & language development, literature review, 4119
initial evaluation & followup practices with hypertensive & depressed patients, family practice residents, 4871
labeling process in neuropsychiatric medicine, 9966
limitations in diagnosis of depression using DSM-III & Research Diagnostic Criteria & criteria of J. P. Feighner, 14649
location & intensity & unpleasantness & extent of dental pain spread & role of receptive field size of trigeminal nociceptors, utility of pain spread as diagnostic tool, patients, 31253
malingering & issues of evaluations & research models & memory & interpersonal influences & clinical indicators in detection, 22862
maximum exercise stress test as behavior modification tool, reduction of risk factors for coronary artery disease, healthy males, 4718
mesopic visual acuity & color vision & threshold sensitivity of central retina, 29–65 yr old patients with slight macular degeneration, diagnostic & treatment implications, conference presentation, 25940
misdiagnosis of medication side effects & causes of mental & physical impairment, nursing home placement, elderly, 12621
modification of Frostig Test for Development of Visual Perception, mentally retarded children & adolescents, 6970
monocular vs binocular presentation of Farnsworth-Munsell 100-Hue Test, color vision scores, healthy Ss vs multiple sclerosis patients, conference presentation, 25923
multidimensional diagnosis at 1st admission, subsequent suicide, alcoholics in hospital psychiatric unit, 6893
neighboring gene analysis, detection of Huntington's chorea gene, carriers without manifest symptoms, 31272
neuromuscular physiology, myogenic back pain, implications for EMG assessment & biofeedback treatment, 22948
nursing assessment, chronic childhood conditions, 31612
nursing techniques, assessment of physical or psychological or material or medical abuse, elderly, 14784
objective & quantitative evaluation of Farnsworth-Munsell 100-Hue Test, assessment of color vision defects, conference presentation, 25845
overview of Comprehensive Assessment & Referral Evaluation interview, assessment of health & social problems, elderly, 4099
phonetic & phonological dimensions in speech assessment, comments on article by J. Harris & P. Cottam, 31116
physiological measurement of sexual arousal, diagnosis of deviant behavior & treatment outcomes, 33 yr old male, 20178

pitch vs amplitude perturbation measures, Ss with normal vs pathologic larynges, 20636
power & life stress & personality & psychiatric symptomatology, health assessment, 6708
practical aspects of metameric matches in diagnosis of color blindness, conference presentation, 25910
presence & development of retinal drusen & color vision deficiencies as indication of potential subsequent macula degeneration, patients over 50 yrs old, conference presentation, 25949
prevalence & detection of depression & anxiety by primary physicians, patients seeking general medical care, 17511
problems in physician-parent communication in diagnosis of handicapped child, literature review, 12105
professional status of interviewers & statistical problems & sources of disagreement, diagnosis of psychiatric disorders in epidemiologic field studies, 30948
pseudoepileptic seizures, 12–16 yr olds with vs without epilepsy, 28436
psychosocial & biomedical complications & school problems, criteria for diagnosis of alcohol abuse, adolescent juvenile offenders, 25635
Rayleigh color matching equation, Ss with acquired color vision defects resulting from optic nerve & retinal disease, conference presentation, 25871
reasons for misdiagnosis of physical illness, psychiatric patients, 17486
REM latencies as diagnostic & prognostic indicators of depression & antidepressant treatment, depressed patients, 23362
revision of 3-Light Test, diagnosis of color vision deficits, conference presentation, 25817
Rodenstock test disk, diagnosis & differentiation of color vision deficits, Ss with protanomalous vs deuteranomalous vision vs protanopia vs deuteranopia, conference presentation, 25947
role in evaluation & treatment of learning disabled children, pediatricians, 6965
role of social casework in assessment & intervention techniques, patients with Alzheimer's disease & organic brain syndromes, 17810
screening & diagnostic & scoring efficiency of City University Colour Vision Test, protanopes vs deutanopes vs tritanopes, conference presentation, 25778
screening & diagnostic & scoring efficiency of Standard Pseudoisochromatic Plates vs New Color Test of Lanthony, screening & differentiation of color vision defects, conference presentation, 25779
selection of test batteries, assessment of dementia, elderly patients, 24190
self evaluation on Freiburger Personality Inventory, brain damaged patients suffering from epilepsy & tumors & vascular complications & brain trauma, 31181
semiology & definition & prognosis of schizophrenia, 30981
sensitivity to psychopathology & nosological category selectivity & reliability of contingent negative variation & spiral aftereffect, psychotic inpatients, conference presentation, 20356
single word responses from articulation test, assessment of consonant articulation & phonological processes, Ss with articulation disorders, 22912
standardized computer data base, evaluation & followup, outpatients with dementia, 26959
symptoms & signs eliciting description of patient as "confused", physicians & nurses, 28259
T-score table for standardized diagnostic instruments, 251
tachistoscope vs global accessibility rating, screening for delirium, hospitalized patients, 30900
types of alcohol abusers as related to sociodemographic & personality & psychopathological & intellectual & response style variables, Ss with mean age of 38.1 yrs, 6932
use & misuse of health risk appraisal, 20990
use of family function assessment in clinical medicine, physicians, 22656
use of remote internal viewing methodology, study of psychic diagnosis of organic illness, medical patients, 5520
use of teaching & research tools, investigation of elderly abuse, nursing personnel, 15607
use of utility theory, evaluation of differential diagnostic decisions of cerebral damage, 22986
validity of dementia diagnosis & Alzheimer's disease, aged patients, 4-yr followup, 12392
velocity of vertically vs horizontally moving stimuli, asymmetries in electro-oculographically measured optokinetic nystagmus, human Ss, clinical implications, 7133

Dialect [See Also Nonstandard English]
attitudes toward Castilian vs Valencian speakers, 15–18 yr old students, Spain, 3551
code switching in formal & informal conversations, 15–20 yr olds, Spain, 3545
development & empirical validation of Canadian Index of Linguistic Insecurity, adults, 19092
ethnicity & SES & age, sociolinguistic variation & accommodation, 5–12 yr olds, Hawaii, 939
outgroup speech style & norms for in- vs out-group speech & ethnocentrism, attitudes toward Hispanics & Spanish language, 13 yr old Anglophone students, implications for effect of speech on intergroup attitudes, 19774
perceived language proficiency & attitudes toward varieties of Spanish, bilingual Mexican American high school students, 872
prestige vs stigmatized phonological variables, dialect discrimination, 10–47 yr olds, Costa Rica, 24981
psycholinguistic overview of different ethnic & linguistic groups, Piedmont region of Italy, 30342
reactions & attitudes toward Castilian vs Catalan speakers, 14–29 yr old high school students, Spain, 3555
regional vocabulary, Hispanic vs Anglo 6th graders living in South Texas border vs nonborder cities, replication of J. Garcia's study, 14035

Dialectics
concept of form in work with psychoses, 1797
development of American school of dialectical psychology by K. F. Riegel, 5518
dialectic-materialistic model of human development, 9138
dialectical & hermeneutical psychology, Scandinavia, 20
dialectical metatheory, family therapy, 4662
dialectical methodology, study of psychology, 16251
dialectics & theory of individuality, 16214

Dialysis [See Also Hemodialysis]
constraining iterative treatment & group therapy, spouses of dialysis patients, 7325
continuous ambulatory peritoneal dialysis, psychological reactions, 34–79 yr old males with end-stage renal disease, 4848
employment status & hemodialysis at home vs facility vs peritoneal dialysis, health status & locus of control, chronic renal disease patients, 26244
etiology & symptoms & differential diagnosis & treatment, dialysis encephalopathy, 44–56 yr old males, literature review, 4457
group therapy, body image & sexuality & parental symbiosis & treatment environment & peer relations & perception of future, female adolescent chronic dialysis patients, 15230
hemodialysis vs peritoneal dialysis, vibratory perceptual threshold, uremic polyneuropathy patients, 18207
perception of obtrusiveness & sense of personal control, 19–68 yr old hemodialysis & continuous ambulatory peritoneal dialysis & posttransplant patients, 4845
psychic conditions, 35–72 yr old chronic dialysis patients, 6-yr longitudinal study, 7514
psychological aspects of home vs hospital vs semi-assisted treatment, dialysis patients, 31595
psychological problems & doctor-patient relationship, patients & staff in dialysis & intensive care & oncology units, 4939
stress & emotional state, hospitalized patients before & after cadaver renal transplantation, conference presentation, 28838

Diaphragm (Anatomy)
lithium, acetylcholinesterase activity in diaphragm, rats, 16774

Diarrhea
attitudes toward childhood diarrhea & utilization of health services for treatment, adolescents & adults in rural areas, Zimbabwe, 23403
ethnography & early program planning & implementation, oral rehydration therapy for diarrheal disease, families, Honduras, 18190

Diastolic Pressure
aerobic exercise, behavioral control of diastolic pressure, 21 & 61 yr old males with mild hypertension, 1944

auditory stimuli synchronized with diastole pulse pressure wave, auditory event-related potentials, right handed 19–30 yr olds, 30101
dothiepin vs amitriptyline, psychomotor performance & salivary rate & blood pressure, 21–25 vs 65–74 yr olds, 3499
dynamic vs static exercise, systolic & diastolic blood pressure & interbeat interval & pulse transit times, 20–29 yr old males, 19545
talking, diastolic blood pressure readings, 27–69 yr old outpatients from hypertension clinic, 28824
Type A personality & percentage of soluble anagrams in task set, systolic & diastolic blood pressure & heart rate, male college students, 19556

Diazepam

abrupt discontinuation of desmethyldiazepam, withdrawal reactions & anxiety, 38 & 39 yr old females with generalized anxiety disorder, 10319
alcohol vs tetrahydrocannabinol vs diazepam, affective & physical alternations in isolated vs group conditions & rating of drug experience, 18–25 yr old college students, 22151
amitriptyline vs diazepam & auditory tones & RT task, electrodermal activity, neurotic 18–65 yr old outpatients, 31501
amitriptyline vs diazepam vs diazepam antagonist, topography of EEG changes, patients with primary depression & normal 20–40 yr olds, conference presentation, 766
anxiolytic vs analgesic effects of diazepam, suppression of burying behavior, male rats, 30306
benzodiazepine antagonists, anxiodytic actions of diazepam, male mice, 6105
caffeine administration & withdrawal, diazepam binding sites in brain, male rats, 9040
chlorpromazine vs clonidine vs diazepam vs morphine, conditioned avoidance responses, male rats, 24841
chronic administration of diazepam, EEG & coupling between GABA receptors & benzodiazepine binding sites, male rats, 27618
chronic diazepam administration, acquisition vs steady-state performance in appetitive discrimination learning, pigeons, 24848
clobazam vs diazepam, anxiety & motor coordination, anxious adult outpatients, 31539
dependence & withdrawal from diazepam or lorazepam or clobazam or other benzodiazepines, psychiatric patients, 7453
desimipramine vs chlorimipramine vs sulpiride vs diazepam, ACTH secretion, 18–34 yr old males, 24870
dextroamphetamine sulfate vs diazepam vs morphine sulfate vs sodium pentobarbital vs chlorpromazine, incremental repeated acquisition, male rats, 27628
dextroamphetamine vs diazepam, greeting behavior, 2.5–4 yr old rhesus monkeys reunited after 2 day separation, 24951
diazapam vs midazolam, light & heavy short wave sleep & wakefulness, rats, 16794
diazepam & adenosine or 5-N-ethylcarboxamidoadenosine, locomotor activity, male mice, 27553
diazepam & anxiety, aggression & mood, college students, 16809
diazepam & personality traits, latency & amplitude of visual EP, 22–27 yr old males, 19657
diazepam, attenuation of analgesia induced by cold swim stress, male rats, 24873
diazepam, behavior in standard opponent test under white light vs infra-red illumination, mice, 16783
diazepam, conditioned anxiety response assessed by suppression of drinking, male rats, 8995
diazepam, conditioned potentiation of startle electrically elicited from brain stem, male rats, 3407
diazepam dosages & previous exposure to diazepam, compensatory tracking behavior, rhesus monkeys, 19656
diazepam dosages, immediate & delayed free recall of word lists & serial number learning & semantic categorization, 18–30 yr olds, 6125
diazepam dosages, psychomotor & cognitive functions & mood, 18–30 yr olds, 6126
diazepam, hyponeophagia & benzodiazepine receptor binding, rats of several genotypes, 9019
diazepam, lateral hypothalamus vs dorsolateral hippocampus vs lateral entorhinal cortex self-stimulation, mice, 11533
diazepam, prolactin secretion & antipsychotic effects, 14–18 yr old acute schizophrenics, 7489
diazepam, retrograde memory facilitation, 18–26 yr olds, 24845
diazepam, sleepwalking, 28–56 yr olds, 4812
diazepam vs bromazepam, self stimulation of lateral hypothalamus & dorsal central gray, male rats, 24895
diazepam vs oxazepam, abuse liability & behavioral & subjective effects, 28–49 yr olds with drug abuse histories, 25634
diazepam, wheel tracking & digit-symbol substitution performance, college students, evidence for prediction of pharmacodynamics from pharmacokinetics, 13881
dose & reinforcement schedule effects & blockade of benzodiazepine & GABA receptors, self-injection of diazepam, male rats, 24913
dose of diazepam vs ethclorvynol vs chloral hydrate vs tertiary-butanol vs ethanol, response rate during operant schedule involving alternation of punished & unpunished responding, rats, 24967
doses of lithium &/vs diazepam &/vs haloperidol, suppression of stereotyped behavior, rats, 16775
electrical pain-induced vocalization & its modification by morphine vs diazepam vs physical restraint, rats, 689
exposure to diazepam during different periods of gestation vs lactation, hyperactivity & learning & memory, rat pups, 6124
haloperidol & aminooxyacetic acid, consumption of etonitazene vs alcohol vs diazepam vs barbitol, female rats, 24834
hierarchic dominance rank, diazepam effect on behavioral response to pain, mice, 22213
intracarotidian administration of diazepam & clonazepam & xylocaine, experimental epilepsy, adult cats, 9033
ketazolam vs diazepam, anxiety neurosis, psychiatric patients, 20930
knowledge & attitudes about diazepam, 18–84 yr olds receiving prescriptions, 4792
level of diazepam use & psychiatric symptoms, drug dependent Ss aged 20 yrs old & older, 6882
levels of diazepam, tolerance to depressant effects & drug discrimination, male rats, 27595
levo-alpha-acetylmethadol maintenance, alcohol & diazepam use & sexual behavior & cardiovascular functions, males with mean age of 31 yrs, 18378
long term diazepam & meprobamate abuse, cognitive & memory & motor function deficits, 53 yr old male, 1509
long term diazepam administration, decrease in postsynaptic sensitivity to GABA in serotonergic dorsal raphe nucleus cells receiving GABAergic input, male rats, 748
low diazepam dose, food consumption & general activity, rats, 30214
magnitude of single dose of diazepam, plasma diazepam concentration & memory & discrimination RT & performance on other psychometric measures, 60–77 yr olds, 26193
manipulation of central serotonergic transmission through 5,7-dihydroxytryptamine lesioning of dorsal raphe & substantia nigra & benzodiazepine receptor antagonist Ro 15-1788, antipunishment effects of diazepam, rats, 6059
mephenesin vs diazepam, firing rate of substantia-nigra dopaminergic neurons, cats, 24954
mianserin vs diazepam, anxiety & depressive symptoms, 17–71 yr old psychiatric patients, 26141
modified submaximal effort tourniquet test as experimental pain model, assessment of analgesic activity of opiates vs dipipanone vs aspirin vs indomethacin vs diazepam vs codeine, 20–45 yr old healthy volunteers, 16793
oral & parenteral abuse of valium, 26 yr old male, 22830
oral doses of diazepam vs propranolol, psychomotor performance, 20–61 yr old patients with panic disorder & agoraphobia, 28755
oxazepam vs diazepam, emotional responses induced by stimulation of lateral vs medial hypothalamus, rabbits, 22183
paregoric vs phenobarbital vs diazepam, drug abstinence, neonates born to heroin- or methadone-dependent mothers, conference presentation, 5038
peak plasma concentrations of prazepam vs clorazepate vs diazepam, fatigue, 22–38 yr olds, 19726
personality, caffeine vs diazepam effects on contingent negative variation magnitude & mood, 20–27 yr olds, 24896

phenylpropanolamine &/vs diazepam, psychomotor & physiological parameters, healthy Ss, 19710
po vs iv administration of diazepam, memory & cognition & mood & psychomotor performance, 18–30 yr olds, 24835
preference for lorazepam vs diazepam, 21–27 yr olds, conference presentation, 3971
prenatal diazepam, central & peripheral responses to stress, adult rats, 16803
relationship between dosage & anxiety effects of diazepam & serum concentrations of diazepam & nordiazepam, acutely vs chronically anxious patients, 15334
shoplifting, relief of diazepam-withdrawal syndrome, 54 yr old female, 26150
short term therapy with buspirone vs diazepam, anxiety, patients with generalized anxiety disorder & panic disorder & agoraphobia with panic attacks, 7483
single-dose tolerance to diazepam-induced neurologic deficits assessed by rotarod test, male mice, 3453
stress & amphetamine vs morphine vs pentobarbital vs diazepam vs alprazolam, plasma catecholamine levels, male rats, 22093
withdrawal from diazepam vs pentobarbital, anxiety, rats, conference presentation, 3434
Dichoptic Stimulation
changes in disparity of spot, perception of zero disparity dichotic edge for range of luminances & contrast values as test of same-sign rule, Ss with normal vision, 297
dichoptic & monoptic stimulation, cancelling of pattern motion, 19196
dichoptic metacontrast masking, monoptic chromatic induction & role of central nonretinal mechanisms, experienced Os, 8509
dichoptic presentation of continual & flashed orthogonal gratings, ocular dominance across visual field, 19–33 yr olds, 27115
dichoptic viewing condition, fragmentation characteristics of luminous figures set off by real vs subjective contours, college students, 27112
dichoptic vs monocular presentation of sinusoidal gratings varying in spatial frequency & orientation & spatial phase, perceived brightness contrast, human Ss, 320
exposure to long duration monocular stimulus & duration of offset interval, reversal of contralateral ocular dominance & suppression & role of binocular rivalry, human Ss, 8523
presentation of flicker mask to same vs opposite eye as test grating, detection of drifting gratings, adults, 5715
Dichotic Stimulation
abstract vs concrete word recognition in dichotic listening paradigm, right handed 18–45 yr olds, 8817
aging, hemispheric specialization in dichotic listening & tactile recognition, college students vs 65–91 yr olds, 3636
cerebral dominance, dichotic listening of songs, musically trained Ss, 6010
classical music, aesthetic judgments in relation to laterality, right-handed male vs female musicians vs nonmusicians, 19519
contralateral & binocularly fused chromatic adaptation, color perception, 21 & 22 yr olds, 24430
contralateral interference dichotic listening, detection of ear advantage for 3-tone pattern sequences, trained listeners, 16429
developmental changes in dichotic listening performance, right- vs left-handed 7–16 yr olds, 9202
dichotic fusion vs "chirp" identification as mechanisms of duplex perception, reply to B. H. Repp, 8531
dichotic listening ear preference, patients with right vs left hemisphere lesions incurred between 1–15 yrs of age, 17820
dichotic listening, 21–55 yr old right handed chronic schizophrenics, 12165
dichotic presentation of CV syllables, immediate recall, 16–48 yr old dextral vs sinistral Ss, 8795
dichotic presentation of formant transition of syllables, "chirp-identification" in duplex perception, criticism of study by H. C. Nusbaum et al, 8532
dichotic presentation of spoken digits, recall & event-related potentials, right handed college students, implications for differential mobilization of brain hemispheres, 8835
dichotic speech, ear advantages in listening, 21–67 yr olds with sensorineural hearing loss, 20608
dichotic speech stimuli, hemispheric interaction in processing of intonational & phonetic information, aphasics & patients with right hemisphere lesions, 17742
dichotic stimulation, cerebral lateralization in consonant vs speaker identification, right handed native English speakers, 598
dichotic word pairs, lateralization in perception in intralingual vs interlingual conditions, English-French bilinguals with different degrees of bilingual proficiency, 19428
dichotically presented synthetic syllables & severity levels, hemispheric dominance in listening, 7–9 vs 10–12 vs 13–15 yr old stutterers vs nonstutterers, 22908
discrimination of handedness & language laterality, dichotic CV task, left- vs right-handed college students, 19493
duration of successive dichotic stimuli, hemispheric asymmetry in pitch change recognition, 19–57 yr old musicians vs nonmusicians, 19233
electric shock to right vs left hemisphere & lesions of auditory cortex, differentiation of moving image in dichotically presented auditory stimulus, humans & animals, 651
hypnosis, cerebral laterality during dichotic listening task, right handed male college students, 27375
interaural time delay between dichotic stimuli, reflection of lateralization in auditory EPs, 18–28 yr olds, 30089
ischemic lesions of left hemisphere & right ear extinction, dichotic listening performance, right handed 33–79 yr old stroke patients, 25793
morning vs evening, laterality in verbal vs nonverbal dichotic tasks, 33–60 yr olds, 11508
self report vs dichotic listening techniques, measurement of brain lateralization, college students & hospital workers, 8787
sex & developmental level, dichotic listening performance, 5–6 vs 11–12 yr olds vs adults, 3619
signal detection approach, ear advantage in dichotic listening, 21–33 yr olds, 337
spatial frequency & luminance & duration, binocular rivalry & abnormal fusion of briefly presented dichoptic stimuli, 18–30 yr olds, 331
word pairs per trial & language proficiency, accuracy & laterality of ear preference of repeated dichotic stimuli in English & French, bilingual right handed 17–41 yr olds, 19497
1st-formant masking & attenuation vs dichotic presentation, discrimination of transition in 2nd formant, 61–91 yr olds with borderline-to-moderate sensorineural hearing loss, 4461
Diencephalon [See Also Geniculate Bodies (Thalamus), Hypothalamo Hypophyseal System, Hypothalamus, Optic Chiasm, Thalamic Nuclei, Thalamus]
altered GABA mechanisms using picrotoxin, habenular functions of locomotion & grooming & head dipping, rats, 16756
amnesic syndrome with lesions of temporal lobe vs diencephalon, literature review, 20578
cholinergic & adrenergic stimulation of subfornical organ, water intake, rats, 3488
electrical stimulation of diencephalon & mesencephalon, forelimb & hindlimb stepping, male anesthetized rats, 22103
electrical stimulation of pineal organ & optic chiasma & illumination of lateral eyes & dorsal surface of brain, neuronal activity in habenular nuclei, pigeons, 3379
examination of basal forebrain efferents in cerebral cortex, cats, 16636
habenular nucleus lesions, impaired acquisition of DRL operant responding, male rats, implications for septal & habenular functioning, 30181
haloperidol vs clozapine, detection thresholds for electrical brain stimulation of midbrain or forebrain, male rats, 22229
identification of angiotensin II immunoreactive cells in afferent & efferent pathways of subfornical organ, male rats, 27378
lesion of hypothalamic paraventricular nucleus, increase in blood pressure induced by electrical stimulation of subfornical organ, male rats, 11537
lesions of habenula nucleus, lever press behavior during tandem operant schedule with contrasting response requirements, male rats, 19647
presence of cavum velum interpositum, male 4.9 yr old with infantile autism, 20310

serotonin blocking agent metergoline vs catecholamine receptor blocker chlorpromazine, self stimulation of habenular complex, male rats, 8891
subfornical organ lesions & angiotensin vs saline, plasma vasopressin & drinking, male rats, 19636
thresholds for detection of electrical stimulation in forebrain & midbrain, rats, 609

Diets

absence of grain in diet, schizophrenia, Papua New Guinea & Malaita & Solomon Islands & Yap, 9635
adrenalectomy & corticosterone replacement, fat source diet selection & weight loss, obese vs lean rats, 30144
behavior change as criterion for judging safety of toxic substances, implications for sugar & hyperkinesis & comments on B. Weiss's article, 25789
behavior modification &/vs dietary control/nutrition education & exercise, obesity, students, literature review, 21520
behavior modification diet, participation & weight loss, respondents to TV show requests, 12584
behavioral intervention in dietary management & adherence, Type I & II diabetes, 7397
bread & chocolate & chow cafeteria diet & development of obesity, meal patterns & microstructure of eating, female rats, 24739
cholecystokinin vs lithium injections, diet self selection & ingestion of protein vs fat vs carbohydrate diets, rats, 30308
choline enriched vs deficit diets, locomotor activity & discrimination learning & cortical release of acetylcholine in vivo, 35 wk old rats, 13844
community program, eating behavior & diets & nutrition, 51–60 yr olds formerly institutionalized for alcoholism or organic brain syndromes or mental retardation, 21119
composition & diversity & temporal consistency of diets, mountain gorillas, Rwanda, 27322
comprehensive nutritional interview, children & adolescents with developmental disorders & their families, conference presentation, 15058
compulsive eating & dieting & stress & hostility, college students, 10782
diet & exercise, resting metabolic rate, obese 22–55 yr old females, 4717
diet & obesity, body weight regulation during pregnancy & lactation, primiparous rats, 3315
diet-drug interactions, treatment of mental illness, literature review, 28734
diet, weight gain & health & litter size, captive cotton-top tamarins, 3349
dietary concentrations of sulfur-containing amino acids vs stress of captivity & handling, incidence of fault bars in feathers, white-crowned sparrows, 11402
dietary intake of choline & choline serum levels, cognitive function, 60–93 yr olds, 945
dietary protein intake, food selection & plasma & brain levels of amino acids, male rats, 27629
dietary restriction of caloric intake, aging, rodents, implications for longevity, 30163
dietary treatment, prevention of mental retardation & nutritional deficiencies, conference presentation, 15033
eating behaviors, anorexia nervosa & bulimarexia & bulimia, 10003
efficacy of dietary treatment, learning & behavior disorders, comments on L. E. Arnold's article, 10073
food ideology & eating behavior, Malaysia, 19965
food-niche relationships, common barn owls & great horned owls, 11439
GABA & protein diet content, food intake & growth & plasma GABA & tissue amino acid concentrations, kittens, 3519
garbage analysis, assessment of consumption of red meat & milk, households, 11900
garbage analysis, assessment of food utilization, low- vs middle- vs upper income families, Mexico, comparison with US data, 11898
garbage analysis, validation of estimation of household food consumption, 11093
garbage analysis vs self report, measurement of usual vs period-specific food consumption, 11076
glycerol injection, food intake, male rats fed high carbohydrate vs fat vs protein diet, 19694
group dieting & stigma of obesity, overweight adolescents, contributions of N. Allon to sociology of obesity, 10005
high fat vs traditional vs new cafeteria diet, food intake & weight gain & role of food palatability vs nutritional aspects, male rats, 19591
high magnesium diet, hippocampal frequency potentiation & reversal learning, 25 vs 9 mo old rats, 27607
insect consumption as evidence for omnivory, bearded saki monkeys, 3233
levotryptophan supplementation, ischemic pain, 21–50 yr old pain-free volunteers, 12452
long term choline & lecithin treatment, spontaneous alternation responses in passive avoidance conditioning, aged mice, 16787
long term macronutrient selection, caloric intake & weight gain & lipid deposition, rats, conference presentation, 30125
low monoamine diet, platelet MAO activity & psychoeducational & impulsivity correlates, normal 6–12 yr olds, 11765
low sodium diet & choice of ethanol vs water, salt restriction on voluntary ethanol intake, female rats, 30238
marriage & obesity & dieting, literature review, 9417
maternal protein restriction during late gestation & lactation, development of home orientation, 2–14 day old kittens, 16698
milk-based liquid diet, reinstatement of feeding following glucose satiation, female rats, 19593
morphine sulfate, macronutrient intake of fat vs carbohydrate vs protein, female rats, 19711
nutrient-dense diet, binge eating, bulimic females, 28543
nutrition & diet, etiology & treatment of dementia, aged, 12411
nutritional adequacy of diet & caloric intake before and after group treatment, bulimic 18–46 yr olds, 28722
orthomolecular psychiatric therapy & nutrition, 10044
partial trigeminal lesions of oral somatosensory afferents & total food deprivation vs intragastric protein or carbohydrate supplementation, dietary self selection of protein vs carbohydrate, male rats, 8917
partial trigeminal lesions of oral somatosensory afferents, ad libitum dietary protein intake impairment, male rats, 8916
perception of food flavor & health value & prestige of foods, acculturation to Canadian foods, 14–16 yr old Chinese males, Canada, 22280
play activities, food intake & sense of control, hospitalized children, 31684
polyunsaturated fatty acid-deficient diets during perinatal period, retention of discrimination learning task, rats, 8894
population density & nest locale & tool use & meat eating, chimpanzees, 3214
prenatal & postnatal maternal & child caloric supplement intake social & emotional & cognitive development, chronically malnourished 6–8 yr olds, 7008
relaxation therapy & reduction of salt intake & weight control vs clinic monitoring, blood pressure, 37–65 yr olds with borderline hypertension, 31460
restricted diet & stress, body temperature & life span, rats, 3365
role of diet in attention deficit & conduct disorder & learning disabilities, children, 9886
role of diet in attention deficit disorder with hyperkinesis, children, comments on L. E. Arnold's article, 9922
role of diet in behavior disorders, children, comments on L. E. Arnold's article, 9990
role of diet in behavior disturbances, children, comments on L. E. Arnold's article, 9910
role of diet in hyperkinesis, implications for treatment, comments on L. E. Arnold's article, 10015
role of diet in hyperkinesis, implications for treatment, comments on L. E. Arnold's article, 9959
role of diet in psychopathological disorders, children, comments on L. E. Arnold's article, 10025
role of sugar in hyperkinesis, children, comments on L. E. Arnold's article, 10028
salt-supplemented diet &/vs desoxycorticosterone, water vs ethanol intake, male rats, 8969
selection & timing & preparation of food, prevention & lay treatment of disease, clinic patients, Hong Kong, 7171
set point & fiscal models of weight control & phenomenon of dieting, 10043

sociocultural & biological determinants & consequences, human diet, 11892
special diets, treatment of attention deficit disorder & hyperactivity, children, 4590
streptozotocin-induced diabetes, nutrient selection & water intake & body weight & composition, male rats, 669
strict diet, physical & emotional behavior, 8–13 yr olds with conduct disorders, 12428
Sustacal vs Shorey-AIN liquid diets, liver alcohol dehydrogenase activity & ethanol release, female rats, nutritional sufficiency implications, 22159
symptoms & drug & dietary treatment & subjective experience of schizophrenia, adult male schizophrenic, 28202
troop size & composition & home range & vocalizations & reproduction & diet & geographical morphological variation, wooly spider monkeys, 3243
vitamin & trace element assessment of diets, 4–13 yr olds with autism vs learning disabilities, 20449

Differential Diagnosis

accuracy of neuropathological diagnosis, differentiation of types of dementia, deceased patients with multi-infarct &/or Alzheimer's type dementia, conference presentation, 20565
acute viral encephalitis complicating 1st manic episode, 28 yr old female, 4218
adaptive behavior & ability-achievement discrepancy criteria, determination of learning disability severity subtypes, learning disabled 8–11 yr olds, 25733
adaptive behavior as designator of severity of learning disability, implications for social adjustment & education & career counseling, literature review, 25743
Addison's disease misdiagnosed as bereavement & conversion disorder, 32 yr old male, 12342
age & sex & weight loss, dexamethasone suppression test & sleep EEG, Ss with endogenous vs neurotic or bipolar vs unipolar endogenous depression, 9640
application of Kaufman Assessment Battery for Children, identification of hearing impairment & language disorders & giftedness & learning disabilities, preschoolers, 11192
appropriateness of distinction between dull & retarded readers, reply to comments by W. Yule & U. Frith, 22902
appropriateness of distinctions between retarded & dull readers, comments on article by A. Van der Wissel & F. E. Zegers, 22906
assessment of concurrent validity of Clifton Assessment Procedures for the Elderly, discrimination of levels of dementia, geriatric psychiatric patients, 24270
assumptions underlying concept of specific reading retardation, comments on paper by A. Van der Wissel & F. E. Zegers, 22888
auditory EPs, differential diagnosis of dementia, patients with mean age of 76 yrs, 28498
brief neuropsychological screening battery, brain damaged vs schizophrenics vs medical patients, 19110
ceiling effect on reading test & reading score distribution, distinction between retarded vs dull readers, male vs female 9–10 yr olds, 22903
cerebral ventricular size & age of disease onset & illness duration, patients with major depression, 12142
clarification of unclear diagnoses, schizophrenia, 22732
classification & causes & treatment, headaches, 1753
clinical confusion of Noonan syndrome with Borjeson-Forssman-Lehmann syndrome, comments on article by R. M. Veall et al, 6974
clinical guide to differential diagnosis, patients with depression, literature review, 22774
clinical utility of Personality Inventory for Children & Hyperactivity scales, 6–12.9 yr olds with attention deficit disorder & hyperactivity, 27003
combinations of quantitative EEG variables, psychiatric diagnostic discriminations, neurotics vs personality disordered vs overt vs latent schizophrenics vs major depressives vs manics, 12204
computerized tomography vs nuclear magnetic resonance imaging, differentiation of types of dementia, 55–75 yr old patients, conference presentation, 20261
confounding variables of confusion & medication side effects, diagnosis & treatment of depression, 79 yr old female, 28193
construct validity of Boder Test of Reading-Spelling Patterns, classification of dyslexia subtypes, dysphonetic vs nonspecific vs normal readers, 8423
contingent negative variation as technique for differential discrimination, opioid & alcohol & alcohol dependent vs neurotic vs schizotypic vs nonschizophrenic psychotic vs schizophrenic patients, 22788
cortisol concentrations & dexamethasone suppression test responses, endogenously depressed patients with vs without experience of precipitating events, 1426
criteria for diagnosis of reversible dementia caused by depression, adult inpatients, 2 yr followup, 6837
depression & conversion hysteria in chronic inflammatory polyradiculoneuropathy, 29 yr old female, 25808
depressive symptoms masking underlying increased intracranial pressure, 69 yr old male & 75 yr old female, 28469
development & reliability of subscale of Comprehensive Psychopathological Rating Scale, assessment of severity of depression, 21–70 yr old patients, 24283
development of Comprehensive Early Memory Scoring System, differentiation of diagnostic types, 8–12 yr old delinquent vs hyperactive vs somatic complaints vs schizoid males, 24256
dexamethasone suppression, differential diagnosis of depression, depressed patients with mean age of 43 yrs, 28209
dexamethasone suppression test & DSM-III criteria, differentiation of depression from chronic pain, 18–69 yr old chronic low back pain patients, 12104
dexamethasone suppression test, differences in plasma cortisol suppression as evidence of subtypes of schizophrenia, 21–68 yr old female schizophrenic patients, 20218
dexamethasone suppression test, discrimination of endogenous depression vs other psychiatric illnesses, psychiatric inpatients, 28163
dexamethasone suppression test, 16–65 yr olds with obsessive compulsive vs major depressive disorder, 28218
diagnosis of attention deficit disorder with vs without hyperactivity, comments on article by R. Rubinstein & R. Brown, 31021
diagnosis of depression, patients with somatic complaints, implications for recognition & treatment of depression, 14947
diagnosis of high thoracic spinal cord meningioma masked by anorexia nervosa, 19 yr old single female, 23023
diagnosis of panic disorder masked by alcoholism, 31–47 yr olds, 22716
diagnosis of paranoid schizophrenia vs recurrent major depression, Freud's patient D. P. Schreber, 4199
diagnostic populations & test instruments in diagnosis of learning vs reading disability, learning disabilities vs resource learning vs reading resource specialists, 25716
diagnostic value of Luria-Nebraska Neuropsychological Battery for Children, assessment of brain dysfunction, 7–15.4 yr olds with brain lesions, 31225
differential classification based on cognitive profiles, 5.6–17.5 yr olds with autism & other pervasive developmental difficulties, 20262
differential diagnosis & psychiatric manifestations of systemic lupus erythematosus, children & adolescents, 10002
differential diagnosis & treatment of Kleine-Levin syndrome, 14 yr old male, 4534
differential diagnosis & treatment, pseudodementia & dementia & affective disorders, literature review, 4096
differential diagnosis, affective psychosis, treatment implications, 25560
differential diagnosis, anxiety & panic disorders, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1363
differential diagnosis, multiple personality vs sociopathy, case of K. Bianchi, legal implications, 17538
differential diagnosis of borderline vs psychotic disorders, 17521
differential diagnosis of multiple personality disorder, 4149
differential diagnosis, patients with mood disorders, 22724
differential diagnosis, psychic vs epileptic seizures, 9948
differential diagnosis, schizophrenia vs adrenoleucomyeloneuropathy, 32 yr old male, 22650
differential diagnosis, schizophrenic disorders & drug-induced hallucinations, 30886

differentiation between hypokalemic psychosis & exacerbation of schizophrenia, 60 yr old female with chronic schizophrenia, 10272
digoxin intoxication masked as depression, 85 yr old female, 18144
discriminant validity of MMPI, 20–55 yr old outpatients vs 16–45 yr old inpatients with vs without borderline personality disorder, 27016
discriminative ability of Karolinska Scales of Personality, depressed patients vs healthy volunteers, 22790
distinction between bulimia with vs without anorexia nervosa according to DSM-III, anorexic vs normal-weight bulimic females, 22960
distinguishing factors, female eating disorder patients with vs without anorexia nervosa, 1682
EEG characteristics, 7–9 yr olds with delayed mental development vs limited mental backwardness vs mild oligophrenia, 3–4 yr followup, 17684
EEG reactivity to information, acute vs recovered schizophrenics vs neurotics vs normal Ss, conference presentation, 1419
effectiveness of Hutt Scoring System & Bender-Gestalt Test in differentiation of organic vs functional brain syndromes, psychiatric patients, 16284
efficacy of Dexamethasone Suppression Test, diagnosis & prediction of treatment response, inpatients with major vs minor depression vs schizoaffective disorder vs normothymic neurotic patients, 25567
EMG activity & self report data in headache vs pain-free states, differentiation of muscle contraction headache vs psychogenic pain, 17–60 yr olds, 31166
evaluation method for Test of Diagnostic Skills, physicians, 26401
imipramine receptor binding in plasma, differential diagnosis of subtypes, patients with primary major depressive disorder, 22735
impulse-traced craniocorpograms & acoustically evoked brain stem potentials, vestibular-spinal investigation & discrimination of inner ear diseases from lower brain stem disorders, 22941
indications for computerized axial tomographic scan, psychiatric patients, 12122
inpatient community group meetings as aid to diagnosis of schizophrenia vs mania, 40–61 yr old patients, 2167
interview procedure using amobarbital sodium, differential diagnosis for catatonia, 48 yr old Black male with late onset psychosis with cultural features, 1451
known & undetected medical illness, exacerbation of psychopathology, psychiatric patients, implications for thorough physical examination prior to psychiatric treatment, 25489
latency & amplitude of P3 component of auditory vs visual EPs, cognitively impaired vs medicated vs drug-free depressed vs schizophrenic patients, implications for differential diagnosis, 6718
manic depression misdiagnosed as organic brain syndrome, 48 yr old female, 4189
Maudsley Personality Inventory vs Leyton Obsessional Inventory, differentiation of obsessional symptoms from anxiety, 14.3–17.7 yr old obsessive compulsive vs 13–18 yr old anxious adolescents, 24216
McGill Pain Questionnaire, differentiation between reversibly & irreversibly inflamed tooth pulp, 14–68 yr old dental patients, 5624
measurement of GABA plasma levels, distinction between affective disturbances & alcoholism, psychiatric patients, 14610
meningeal cryptococcosis misdiagnosed as manic episode, 63 yr old male, 9730
Millon Clinical Multiaxial Inventory profiles, military veterans with posttraumatic stress disorder vs confounding psychiatric disorders, 28248
misdiagnosis of dementia, 63 yr old female with manic pseudodementia, 1484
misdiagnosis of schizophrenia, 72 yr old female with progressive supranuclear palsy, 25941
MMPI & discrimination of alcoholism, Black vs White male psychiatric inpatients, 8440
MMPI, identification of borderline personality disorder, adolescent inpatients with borderline personality vs conduct vs dysthymic vs other personality disorders, 26981
neuroleptic exposure vs disease process of schizophrenia as cause of tardive dysmentia & potential for misdiagnosis, criticism of paper by I. C. Wilson et al, 1443
neurological assessment of behavioral & cognitive functioning, diagnosis of solvent intoxication vs Alzheimer's disease, 24–63 yr old house painters, 12325
pattern of sensorineural hearing loss, frequency selectivity & consonant intelligibility, 18–43 yr olds, 28484
percentage conversions as method of enhancing clinical discriminations, 13643
physical disorders mimicking anxiety states, 22997
pre- and perinatal complications & intellectual functioning, 5.2–12.1 yr olds with schizophrenia vs infantile autism vs conduct disorders, 17475
premorbid features & sex & age of onset & clinical episodes & course, Ss with episodic progressive schizophrenia vs recurrent schizophrenia vs manic-depressive psychosis vs intermediate psychosis, USSR, 4216
prenatal & developmental & medical & health history factors, hyperactive kindergartners through 5th graders, 20520
profile on WAIS, classification of dementia, 37–86 yr olds with Alzheimer-type dementia vs multi-infarct dementia, application of P. A. Fuld's formula, 7024
psychiatrists' diagnoses vs operational definitions, schizoaffective vs cycloid psychoses, 16–65 yr old patients with schizophrenia & affective psychoses, 31005
psychodynamic & developmental theory, differentiating between borderline & narcissistic personality disorders, 6770
psychosocial dysfunction, undiagnosed organic disorders, 11 & 13 yr old males, 1710
quantitative polygraphic method, evaluation of excessive diurnal sleepiness, patients with narcolepsy-cataplexy vs hypersomnia with vs without apnea, 25912
quantitative spectral analysis of shimmer & jitter in functional voice disorder, 27–53 yr old females, implications for acoustic diagnosis of voice disorders, 28383
radioimmunoassay techniques, measurement of serum thyrotropin stimulating hormone, psychiatric inpatients with major depressive disorder or melancholia, 1478
range & utility of MMPI-derived MacAndrew Alcoholism Scale & Heroin Addiction Scale, diagnosis of alcoholism, drug addicts with mean age of 33 yrs, 8397
rates of diagnosis of schizophrenia & affective disorders, hospitalized psychiatric patients, implications for adherence to DSM-III criteria in diagnosis, 31704
reactive hypoglycemia & psychiatric symptomatology, 18–62 yr old patients referred for psychiatric diagnosis, 30883
reading & spelling & written expression & mathematics skills, measurement of academic performance differences, learning disabled vs educably mentally retarded vs low-achieving 4th–6th graders in Chapter 1 services vs regular classes, 23866
relation between borderline personality & depression, differential diagnosis, Ss with borderline vs antisocial personality vs bipolar illness, 14722
reliability & validity of DSM-III criteria & Schedule for Schizotypal Personalities, diagnosis of schizotypical personality disorder, 9698
reliability & validity of Eating Attitudes Test, differential diagnosis of anorexia & bulimia, female college students, 29738
REM sleep & insomnia & hypersomnia as differential psychophysiological markers, anxious depressive vs primary dysthymic patients, 9602
Renard Diagnostic Interview, differential diagnosis, primary vs secondary affective disordered inpatients, 12211
restless legs syndrome, 76 yr old male with history of bipolar affective disorder & recent stressful experiences, 9893
Revised Multidimensional Pain Scale, pain assessment, Ss suffering from 1 of 4 types of rheumatoid diseases, 4420
Rorschach H response, use of object relations in differential diagnosis, neurotics vs outpatient vs inpatient borderlines vs schizophrenics, 164
screening procedures & discriminating criteria for identification of severely mentally disabled, 18–65 yr old psychiatric patients, 22712
sensitivity of MMPI Scale 8, identification of schizophrenia, schizophrenia vs schizophrenic-spectrum patients, 216

social influences & childhood illness & injury, patients with malignant vs sluggish schizophrenia, 9700
speech symptoms, patients with Shy Drager syndrome vs idiopathic orthostatic hypotension, implications for differential diagnosis, 20478
temperament profiles, 3–7 yr olds diagnosed as having minimal brain dysfunction vs hyperactivity vs learning disability, 7031
temperament profiles, 3–7 yr olds with minimal brain dysfunction vs hyperkinesis vs learning disabilities, 28412
thought disorder as discriminator during acute psychotic episodes, manics vs schizophrenics, 1404
training program, administration & scoring of screening battery for differential diagnosis of dyslexia vs hyperkinesis, psycho-educational technicians, 5178
treatment & differential diagnosis, neuroleptic malignant syndrome vs neuroleptic induced catatonia, 69 yr old female treated with haloperidol, 7480
use of Rorschach test, differential diagnosis of anxiety, 16313
use of utility theory, evaluation of differential diagnostic decisions of cerebral damage, 22986
usefulness of organic integrity test, diagnosis of dementia, depressed vs demented vs normal 66–86 yr olds, 146
usefulness of thyrotropin-releasing hormone test, differentiation of major depressive disorders from other psychiatric & medical disorders, 9638
usefulness of verbal & visual memory tests, differential diagnosis of brain damage & depression, brain damaged & depressed 18–60 yr olds, 16306
utility of L. R. Goldberg's Neurotic Psychotic rule, prediction of schizophrenic vs nonschizophrenic diagnosis, male psychiatric patients with 2-7-8 MMPI profiles, 193
validity of color vision test OSCAR, classification of color deficiencies, deutans & protans & anomalous trichromats, conference presentation, 25795
validity of Menstrual Symptom Questionnaire & scoring procedures, discrimination between spasmodic vs cogestive dysmenorrhea, female college students, 11176
validity of short forms of MMPI, discrimination of neurotic & psychotic profiles, psychiatric inpatients, 24228
WISC & WAIS Digit Span subtests, assessment of short term auditory memory, normal vs mentally retarded vs learning disabled children & adolescents, literature review, 16287
word-ordering tasks, differential identification, aphasics vs schizophrenics, 17410

Differential Limen [See Thresholds]

Differential Personality Inventory

validity of Differential Personality Inventory, measurement of behavior & experience, psychiatric patients with mean age of 34.8 yrs, 8390

Differential Reinforcement

chlordiazepoxide & antagonism of action by benzodiazepine antagonists, DRL responding, male rats, 27625
classical conditioning with rewarding brain stimulation, neural activity in dentate & hippocampus & septum & medial forebrain bundle, male rats, 3278
development of tolerance to phencyclidine, effects on DRL schedule-controlled behavior & brain levels of phencyclidine, male mice, 3443
differential reinforcement schedule followed by nondifferential schedule, response rate, pigeons, test of A. R. Wagner & R. A. Rescorla's model, 8613
DRL training of 16 vs 20 sessions, long term memory retention, 6 vs 26 mo old male rats, 13753
DRO treatment & prevention of escape, self injurious behavior maintained by reduction of medication & transfer to new facility, profoundly retarded 27 yr old male, 1–35 mo followups, 10224
DRO vs nonDRO of response location, operation of joy stick to obtain food, rats, 5864
effectiveness & classroom use of DRO & momentary restraint procedures, reduction of stereotypic behaviors, 6–16 yr old severely or profoundly mentally retarded & multihandicapped students, 26629
habenular nucleus lesions, impaired acquisition of DRL operant responding, male rats, implications for septal & habenular functioning, 30181
overcorrection & differential reinforcement followed by brief restitution, self injurious & self stimulatory behavior, severely mentally handicapped 6–14 yr olds, 7367
self-recorded DRO & social skills & relaxation training, agitated/disruptive behavior, 22–28 yr old mentally retarded group home residents, 18072
trimethyltin dose, response rate during DRL & role of hippocampal neurotoxic effects, male rats, 22195
verbal counting & sex & conceptual tempo, DRL training performance, 10 yr olds, 9241

Difficulty Level (Test)

age-irrelevant vs age-sensitive tests, test familiarity & difficulty & intellectual performance, 18–39 vs 40–59 vs 60–89 yr olds, 2855
BASIC microcomputer program, computation of estimates of item difficulty & person ability parameters for Rasch model, 18998
Bayesian adaptive testing strategy of R. J. Owen, ability estimate & score bias & item information functions, 8384
ceiling effect on reading test & reading score distribution, distinction between retarded vs dull readers, male vs female 9–10 yr olds, 22903
difficulty & discriminative properties of multiple choice test items, applicants to law & business schools, 15938
difficulty level & differential weighting of easy vs hard test items, achievement motivation, advanced vs average students, 5422
item bias on PPVT-R forms L & M, Anglo American & Mexican American 1st–4th graders, 5357
item difficulty & test anxiety & failure feedback, performance on multiple choice verbal aptitude items, college students, 29451
language difficulty & option convergence, multiple-choice item difficulty, college students, 5381
latent class model analysis of mathematics items in National Assessment of Educational Progress test, 17 yr olds, 10860
manipulation of Remote Associates Test item difficulty, feedback on actual performance, college students, 172
multiple-choice vs completion format of mathematical word problems, item reliabilities & difficulties, 8453
test item difficulty determination using traditional difficulty & discrimination indices vs methods of B. K. Britton et al, college students, 24340
utility of instructional sensitivity indices in achievement tests, 5385

Digestion

sc injection of glucose analogs 5-thio-dextro-glucose vs 2-deoxy-dextro-glucose, pregastric pouch emptying & hyperphagia, male hamsters, 24824

Digestive System [See Esophagus, Gastrointestinal System, Intestines, Liver, Mouth (Anatomy), Pharynx, Stomach, Taste Buds, Teeth (Anatomy), Tongue]

Digestive System Disorders [See Also Cirrhosis (Liver), Colitis, Colon Disorders, Constipation, Cystic Fibrosis, Diarrhea, Fecal Incontinence, Gastrointestinal Disorders, Gastrointestinal Ulcers, Jaundice, Liver Disorders, Ulcerative Colitis, Vomiting]

behavior modification & pneumatic dilatation, weight gain, 14 yr old White female with esophageal achalasia & features of anorexia nervosa, 23100
personality characteristics & illness behavior, chronic pancreatic patients, 20513

Digit Span Testing

bench-stepping exercise, state anxiety & cognitive performance on backward digit test, female college students, 11518
digit span testing & P300 latency, 5–87 yr olds, comments on research by J. Polich et al, 27403
finger-loop strategy, digit span in working memory, college students, 5827
hemispheric specialization & bilingual digit span function, right-handed Chinese-English bilingual college students, 565
mental effort in digit span testing & incentive, phasic T-wave amplitude & heart rate, college students, 642
microcomputer presentation & response media, digit span task performance, college students, 24189
order memory & item-identification speed on digit span test, educable mentally retarded vs normal 4th graders, 25709
statistical correlation, P300 latency & digit span testing & age, reply to comments by W. W. Surwillo, 27393
WISC & WAIS Digit Span subtests, assessment of short term auditory memory, normal vs mentally retarded vs learning disabled children & adolescents, literature review, 16287

Digital Computers
digital speech recording system based on multiprocessor architecture, speech & linguistic research, 29666
hand-held computers, recording timed behavior observations, 2796
teaching pencil & paper vs calculator algorithms, mathematics performance, educable mentally retarded 12–16 yr olds, 23845
use of pocket calculator, training in problem solving, students, 18571
Digits (Mathematics) [See Numbers (Numerals)]
Dilantin [See Diphenylhydantoin]
Dilation (Pupil) [See Pupil Dilation]
Diphenylhydantoin
carbamazepine & diphenylhydantoin, plasma tryptophan concentrations, 12–75 yr old chronic vs newly diagnosed epileptics, 26195
chronic phenytoin therapy, craniofacial feature changes, mentally retarded 20–29 yr olds with epilepsy, 28767
cycloheximide vs diphenylhydantoin, memory retention in passive avoidance learning, day-old white-Leghorn black Australorp cockerels, 751
diphenylhydantoin dosage levels, responses to behavioral tests of antidepressant agents, male mice, 19717
Diphenylhydantoin Sodium [See Diphenylhydantoin]
Diptera [See Also Drosophila]
activity during broadcast of male calling & precopulatory songs, female Caribbean fruit flys, 27306
body size & territoriality & copulation, male flies, 19390
conditioned learning, Phormia regina vs Drosophila melanogaster vs Musca domestica, literature review, 27213
contest for territories & females, male Dryomyza anilis, 19389
differential thresholds in response to sucrose & underlying receptor mechanisms, blowflies, 22004
precocial ovariectomy & allatectomy & ZR-515, sexual receptivity during 1st gonadotropic cycle, female bluebottle flies, 13855
repetition of moving visual stimulus, differential sensitization & habituation of elicited cardiac disturbance & motor response, blowflies, 6027
Directed Discussion Method
methodology for preparing & conducting discussions, college teachers, 23772
pre- & postquestioning format of directed reading activity with stories & story structure, listening comprehension, kindergartners, 32026
small discussion groups, emphasis on importance of doctor-patient relationship, 2nd-yr medical students, 5073
Directed Reverie Therapy
concepts of free & floating imagination as basis for examining R. Desoille's directed reverie therapy, 17950
contributions of bioenergetic therapy & other therapies concerned with body to directed reverie therapy, 17922
directed reverie therapy & dream analysis, female over 30 yrs old with borderline disorder, 31387
guided imagery & journal process, negative body image, 24–40 yr old females, 12485
integration of bioenergetic & R. Desoille's directed reverie therapy, 17938
music therapy & insight-oriented guided imagery, assaultive behavior, psychiatric inpatient, 10083
possible therapeutic benefits in use of imagination in waking dream, 31383
role of analytical work & waking dream in restoring destroyed family history, 17915
Disadvantaged
abandonment & placement in privileged environment vs remaining in disadvantaged social environment vs institutional or foster homes as types of adoption placement, IQ & academic performance & behavior, low SES children, 30426
affective characteristics, prediction of preschool achievement, female vs male 3.11–4.11 yr old children of migrant workers, implications for preschool program planning, 23779
age at intervention & parental involvement & degree of structure & efficacy of early intervention programs, environmentally at-risk infants, meta-analysis, 29347
career maturity & GPA, community college students vs freshmen in academic advancement program for disadvantaged minority students, 18645
cautions in interpreting research on homeless mentally ill, conference presentation, 21008
community living room program, socializing & support, homeless & poor & chronically mentally ill, 26293
creative ability, culturally deprived vs middle class, 6th graders, implications for teaching & teacher education, 844
deinstitutionalization & lack of planning, homelessness, chronically mentally ill, 21022
deinstitutionalization, high proportions of homeless mentally ill, 15379
development of concept of time, advantaged Western vs disadvantaged Eastern 3rd vs 5th vs 7th graders, Israel, 9204
disciplinary problems, graduates of advantaged vs disadvantaged elementary schools, followup study, Israel, 2476
drinking histories & patterns, females seen at treatment agencies vs homeless alcoholics, 28305
drop-in program, coping behavior & adjustment, transient & homeless females, 23432
early intensive family support intervention, parenting skill & child development, impoverished mothers & their children, 23423
economic deprivation & change, social pathology, literature review, 6918
economic deprivation, parent-child relations & problem behavior, 1091
economic factors & family values, child abuse & neglect, Hispanic families, US, implications for intervention, conference presentation, 9800
epidemiology of mental disorders, 4–68 yr old homeless persons, implications for mental health policy, 12131
family therapy, rural multiproblem families, Scotland, 1893
father's parenting behavior & physical attractiveness of children, effect of economic hardship on psychological functioning, male vs female adolescents, 8-yr followup, 22465
group therapy program & meals/shelter/medication/transportation coordination service, physically disabled veterans & economically disadvantaged discharged hospital patients, 25978
Head Start/Title I vs learning-to-learn program participation from nursery school through 1st grade, academic achievement & educational placement, Black 4th graders, 2-yr longitudinal studies, 32038
Homeless Emergency Liaison Project, mobile outreach unit providing crisis medical & psychiatric services, impaired homeless persons, 21012
ITGAR program of parents teaching their own children, self concept & family & school relations & free-time activities & husband's view of wife, low SES mothers from Afro-Asian countries, Israel, 2385
life skills program, vocational maturity, disadvantaged 25–53 yr olds with inconsistent patterns of career development, 13261
method for improving mathematical skills, poor & minority & low-ability preschool & elementary school students, 26512
myths & realities concerning reasons for homelessness, 17125
nuturance of creativity in education, disadvantaged gifted students, 8060
preschool intervention programs for disadvantaged & handicapped, literature review, 2099
presence or absence of social disadvantage & family history of & nature of onset, psychiatric & neurologic states & functional bladder volume & environmental circumstances, 4–14 yr olds with enuresis, 31252
prevention oriented home- vs center-based programs & parent vs child curricula, intellectual development, disadvantaged infants, review of longitudinal studies, 29345
problem solving training & SES, creative response styles, Black middle class 4.5–6 yr olds vs disadvantaged 5–6 yr olds, 855
problems & needs of services, 17–67 yr old homeless consumers of acute psychiatric services, 21010
psychological & sociological & ideological forces, homelessness, young adults in urban areas, 19944
psychosocial rehabilitation of street people & homeless, 15414
receptive & associative & expressive psycholinguistic abilities, advantaged vs disadvantaged 1st–3rd graders, India, 14093
recommendations for homeless mentally ill, American Psychiatric Association, 21005

relative deprivation vs pragmatic theories of collective behavior, prediction of relationship between magnitude of inequality & feelings of deprivation, disadvantaged females, 22608
reliability & discriminant validity of institutional integration scales, measurement of academic & social integration, disadvantaged college students, 13180
responses to distress in agemates in daycare setting, disadvantaged abused vs nonabused 1–3 yr olds, 25652
screening & early remedial intervention project, low- vs high-risk disadvantaged school age children, Wales, 2-yr followup study, 29411
services for homeless mentally ill, conference presentation, 21007
SES, anxiety & adjustment & affiliation, disadvantaged 16–17 yr old males, 6365
short term career guidance program, career maturity & self concept levels, 17 yr old delinquent/disadvantaged males, 21558
social support & stressful life events, psychological distress, disadvantaged adults, 28269
status-dynamic counseling, integration into society, disadvantaged clients, conference presentation, 18271
strategies for creation of incentives for teaching underprepared students, college teachers, 31963
survival skills workshops, decreased social dependency & increased reentry to education & work settings, low-income & minority urban females, 10419
system-level screening procedures for identification, gifted-disadvantaged students, 13137
temporal importance & duration of frequency of activities in nursery classes, privileged vs nonprivileged children, Belgium, 18588
treatment combined with simultaneous training of psychotherapists & educators & nature of symbolic games, disadvantaged autistic children, conference presentation, 7285
US government assistance programs, quality of life & mental health & poverty cycle, chronic welfare recipients & street criminals & alcoholics & drifters & mentally ill street people, 9344
use of economic & social & personal resources as means of survival, Black females, 17237
Disappointment
primary disappointment, fears & insecurities & adjustment to nursery school, 3 yr old male referred for therapy, 12471
Disasters [See Also Natural Disasters]
assessment & treatment & crisis intervention strategies, disaster victims, 28597
collision at sea, posttraumatic stress & intervention efforts by naval psychiatric intervention team, US Navy personnel, 18887
criterion validity of National Bureau of Standards measure of self preservation ability in fire emergencies, developmentally disabled persons, replication of A. E. MacEachron & M. P. Janicki's study, 31091
disaster research, literature review, interdisciplinary implications, 8259
disasters & personal traumatic events, psychological mechanisms & manifestations, survivors of trauma, implications for diagnosis & treatment, 28622
disasters induced by human errors of omission vs commission, emotional phases & psychological manifestations & social processes, victims, 28162
limitations in classification of human-made vs natural disasters & psychotherapeutic processes, survivors of traumatic disasters, 28632
major residential fire, acute & chronic phases of stress, family, 20190
participation in rescue effort after hotel disaster, emotional reactions & health problems, 22–65 yr olds, 14569
preparedness & reactions to warnings & knowledge of crisis relocation for nuclear attacks, adult citizens, US, 26837
psychopathological consequences of Buffalo Creek mining disaster, implications for rescue programs, 17541
recovery & identification of mass suicide victims' bodies at People's Temple at Jonestown, emotional reactions, US Air Force personnel, 17490
serious accident at sea, manifestation of psychological symptoms, US Navy crewmen, 13245
ship collision, psychological distress & reactions, US Navy personnel, 30961
stress reactions following Mount Saint Helens's eruption & ashfall, 5500
threat of physical removal due to political decision, coping behavior & choices for resettlement, kibbutzim & moshavim communities, Israel, 19952
trait anxiety & perception of potential nuclear disaster & state anxiety, residents living near designated nuclear site, 5502
trauma from disasters & emerging issues in treatment & measurement & psychodynamics, children, 28605
Discipline (Child) [See Child Discipline]
Discipline (Classroom) [See Classroom Discipline]
Discovery Teaching Method
learning by discovery research problems, 2404
Discrimination (Cognitive) [See Cognitive Discrimination]
Discrimination Learning [See Also Drug Discrimination, Nonreversal Shift Learning, Reversal Shift Learning]
acquisition & extinction & reacquisition of conditional discrimination, goldfish trained to avoid shock, 8666
acquisition & retention of concurrent simultaneous object discrimination over 10 mo period, female rhesus monkeys, implications for neuropsychological assessment & basic research, 21939
acquisition & transfer of ill-defined categories, monkeys, 11419
alien &/vs external reinforcement & personality, discrimination learning behavior, 6th graders, 30378
amygdalo-hippocampal lesions & 24-hr intertrial intervals, object discrimination learning, rhesus monkeys, 22119
amysyl application to hippocampus, delayed spatial choice & differentiation of time intervals, rhesus monkeys, 3293
aversive conditioning vs autosexual orientation vs discriminative learning models of ejaculatory incompetence, couple in mid-20's, 25857
bilateral hippocampal vs cortical lesions & context, discrimination learning & retention & reversal learning, male rats, 715
bilateral hippocampal vs neocortical lesions, acquisition & retention of CR based on simple associations vs conditional vs nonconditional discrimination, male rats, 3388
bilateral inferior temporal lesions, relearning visual discriminations, male monkeys with partial vs total striate cortex ablations, 27512
bilateral olfactory bulbectomy, acquisition of discrimination avoidance learning & emotional behavior, rats, 19628
brief disruptions in response-reinforcer temporal contiguity, choice of food vs blackout, male pigeons, 5873
brief interruption of tone, response latency & discrimination of impending reinforcement, 8622
brightness discrimination task learning & posterior visual decortication, postoperative retrieval of memories of previous learned behavior, male rats, 30187
chlordiazepoxide, impairment of learned discrimination performance, male rats, 19662
chlorprothixene vs haloperidol vs trifluoperazine, delayed-matching-to-sample performance, pigeons, 24915
choline enriched vs deficit diets, locomotor activity & discrimination learning & cortical release of acetylcholine in vivo, 35 wk old rats, 13844
chronic diazepam administration, acquisition vs steady-state performance in appetitive discrimination learning, pigeons, 24848
cognitive style & conceptual matching abilities, preschool vs primary school students, 9215
color cues, discrimination learning, mentally retarded 27–44 yr olds, 9835
color-specific discrimination training on only or both matching-to-sample & oddity-from-sample, categorical coding of colors from different tasks, pigeons, 24560
computer-based drill & practice instructional strategies, paired associate & multiple discrimination learning, 7921
concept formation, monkeys, 19338
conditional discrimination of positive vs negative auditory vs visual stimuli, autistic 7 yr olds & 25 & 27 yr old males with Down's syndrome, 20446
conditioned discrimination of abstract stimuli without UCS, male pigeons, 24552
contingent vs noncontingent feedback, problem solving in discrimination task & transfer learning, male 1st graders, 25080
cooling of anterior vs posterior temporal lobe, visual discrimination learning & recall, female monkeys, 3346

curiosity & sex & activity level & SES, performance on discrimination learning task, 1st graders, 9199
delay between stimulus presentation & opportunity for choice, stimulus discriminability, pigeons, 19326
delayed matching-to-sample performance & role of retrospective vs prospective rehearsal, pigeons, 21937
development of memory & habit formation assessed in matching-to-sample & discrimination learning tasks, infant monkeys, 21909
dextroamphetamine, learning of turning behavior in same vs opposite direction, rats, 19677
differential conditioning, reversal of fear-reducing effects of phenobarbital, rats, 782
differential vs nondifferential sample responses, overshadowing in zero-delay matching-to-sample task, pigeons, 24558
discrimination & generalization of undamaged leaves vs leaf damage disguised vs not disguised by caterpillars, blue jays, 8652
discrimination learning, self stimulation in neural sites, 7 vs 10 day old rats, 8638
discrimination of problem features, prediction of problem solving success, college students, 21887
discrimination performance & teacher-rated behavior anomalies, trainable & educable mentally retarded 6–18 yr olds, 15892
discrimination training, discrimination of phenobarbital from dextroamphetamine & tetrahydrocannabinol & pentobarbital & generalization of response, pigeons, 24839
discrimination training on "r" & "l" sounds in synthetic speech, perception in synthetic vs natural speech, 25–33 yr old Japanese speakers learning English, 26557
discrimination training procedures, identification & prevention of selective stimulus control, trainable mentally retarded 8.6–24.7 yr olds, 21097
discrimination training to disengage posttrial processing/rehearsal of prior food cue, pigeons, 24537
discriminative use of encoding electronic communication device vs signing exact English, communicatively & intellectually delayed 13 yr old male, 28385
dopamine supersensitivity & apomorphine, retention of brightness discrimination, male rats, 16507
dose of nicotine during operant conditioning, discrimination of nicotine vs nicotine analogs vs saline vs other pharmacologic compounds, rats, 24944
double dissociation between knowledge & tacit knowledge in discrimination learning, pigeons, comments on work by C. P. Shimp, 8621
dynamic vs static stimuli & movement, discrimination, pigeons, 30010
early protein undernutrition & later frontal cortex damage, sensory discrimination & reversal learning, rats, 22089
ECS administered postnatally at 18–19 days, subsequent avoidance & food-reward discrimination, 48–68 day old rats, 6068
ECS, long term memory of light discrimination learning, male rats, 11556
exposure to inescapable shock, escape & discrimination acquisition & perseveration in cue & response-choice tasks, male mice, 440
fading procedure, acquisition of complex visual discrimination & recognition of tridimensional patterns, rats, 21926
familiar contextual odor, discrimination learning, 16 vs 28 day old rats, 16520
feature positive & negative effects & stimulus control, discrimination learning, rats, 13752
feedback & trait anxiety & sex, verbal discrimination learning, college students, 3109
flurazepam dihydrochloride & its metabolites hydroxyethylflurazepam & desalkylflurazepam, delayed differentiation performance, male monkeys, 6097
forgetting of visual discrimination, pigeons, 19331
frequency contours vs local cues, discrimination of complex auditory stimuli, female rats & cebus monkeys, 8617
functional object use vs equivalence training vs repeated practice instructional methods, visual overselectivity, autistic 3.5–16.3 yr olds, 21412
generalization of response-stimulus expectancy in discrimination learning, male rats, 3194
haloperidol, behavioral symptoms & acquisition & retention of discrimination learning, autistic 2.3–6.9 yr olds with mild to profound mental retardation, 4755
hippocampal lesions, acquisition of matching-to-sample behavior, rhesus macaques, 699
hippocampal lesions, patterned alternation & partial reinforcement extinction, infant vs adult rats, 27524
illumination during intertrial interval, trial spacing effects in delayed matching-to-sample, pigeons, 11424
illumination of black vs white stimuli after correct response, discrimination learning, moderately & severely retarded Ss with mean age of 8.3 yrs, 9853
im scopolamine vs icv hemicholinium injections, cholinergic learning deficits in position discrimination learning task, marmosets, 24926
inferior temporal lesions, discrimination learning & transfer, monkeys, 22113
information feedback, control of observing response during visual discrimination learning, kindergartners vs 2nd vs 5th graders vs college students, implications for cognitive hypothesis testing, 19872
interaction of visual vs auditory stimuli & dosage of pentobarbital as discriminative stimulus, choice behavior in maze, male rats, 13889
intermittent reinforcement, order sequences in color matching-to-sample performance, pigeons, 27215
intertrial interval & expectancy of reinforcement, delayed matching of key location, pigeons, 11431
intratrial interference, directed forgetting in delayed matching, pigeons, 11409
item & order information, spatial memory, rats, 19332
kainic acid injections into pyramidal sections of hippocampus, electrophysiological & behavioral & neuroanatomical changes & functional recovery, male rats, 24764
lack of interocular transfer of spatial conditional discrimination, pigeons, 11429
learned discrimination between rhythmic vs random tone patterns, discrimination between partly randomized patterns, European starlings, conference presentation, 3168
learning set formation for visual discrimination task, lemurs, 24553
learning set theory & development of 1-trial object discrimination learning, monkeys, reply to criticisms of A. M. Schrier & C. R. Thompson, 3184
learning set theory, monkeys, comments on article by E. W. Menzel & C. Juno, 3198
length of delay, short term retention in delayed matching-to-sample task, pigeons, 24547
lesions of esophageal nerves to interrupt communication between buccal ganglia & gut, learning to avoid inedible food, Aplysia, 3390
lesions of main connections of hippocampus & related areas, place vs cue learning & working vs reference memory, male rats, 27519
lesions of nucleus basalis magnocellularis, spatial memory task performance & role of acetylcholine, male rats, implications for Alzheimer's disease, 22124
limited capacity memory model, temporal discrimination & generalization learning, pigeons, conference presentation, 3164
LSD vs morphine, generalization of visual discrimination learning, male pigeons, 3496
matching-to-sample operant discrimination training, transfer of figure-matching to novel samples in multiple key discrimination task, pigeons, 21932
mathematical model, performance in 2- vs 3- event delayed sequence discrimination task, pigeons, conference presentation, 3213
medial prefrontal cortex & caudate nucleus lesions, spatial alteration & place response acquisition & reversal, rat pups, 712
models of temporal pattern recognition in delayed sequence discrimination learning, pigeons, 11430
monocular vs binocular training, visual discrimination learning, pigeons, 19340
morphine vs haloperidol vs chlorpromazine vs scopolamine, discriminative responding with alternating discriminative stimuli, male rats, 3471
mu vs kappa vs sigma opioid agonists, accuracy of FR operant discrimination responding, male rats & monkeys, 22197
negative reinforcement, performance on discrimination training task, mentally retarded vs autistic 6–8 yr olds, 21409

oddity concept in discrimination of visual patterns & transfer performance, adult homing pigeons, 3178
outcome expectations, transfer in visual discrimination learning, pigeons, 11413
partial removal of primary somatic sensory cortex, tactile discrimination capacity, infant & juvenile macaques, 24759
pecking to obtain food vs heat, interocular transfer of pattern discrimination, chicks, 24544
perception of reinforcement contingency, scalar timing & response bias & erasure of memory, pigeons, 11415
phencyclidine vs 2-methyl-3,3-diphenyl-3-propanolamine, discriminative stimulus control of conditioned lever press & maze shock avoidance & anesthetic properties, rats & monkeys, 3518
polydipsia, temporal discrimination, rats trained on FI schedule, 444
polyunsaturated fatty acid-deficient diets during perinatal period, retention of discrimination learning task, rats, 8894
prefrontal cortex lesions with vs without lesions of anterior thalamus & mamillary bodies & subiculum, acquisition of visual-reversal & delayed alteration & active avoidance tasks, cats, 22114
procedures of J. Brener & J. M. Jones vs W. E. Whitehead et al, assessment of cardiac awareness, college students, 8862
random replacement of rewarded vs unrewarded stimulus with meaningless stimulus, 2-choice pattern discrimination performance, chinchilla rabbits, 469
reduction in subsequent stimulus presentation reward magnitude, blocking of acquisition of stimulus control by brightness cues following prior acquisition of discriminative control by internal cues, rats, 448
reinforcement by houselight illumination in operant conditioning paradigm, short term memory, pigeons, 19320
reinforcement delay vs probability, discrimination learning, pigeons, 19318
reinforcement levels, 2-choice multidimensional discrimination shift learning, 11–13 yr olds, 27752
resistance to extinction vs to reinforcement, inhibition, rats, 13755
retroactive vs proactive interference, visual discrimination learning & memory, 5–6 vs 24–26 mo old rats, 16521
reversed reinforcement time in discrete-trial peak procedure, adjustment of temporal criterion, rats, 11418
reward condition shift in discriminative learning using relevant but redundant CS, implications for S. J. Haggbloom's study of generalization decrement in unblocking effect, rats, 27210
rhythmic vs arrhythmic temporal intervals & speed of auditory stimuli, discrimination learning, European starlings, conference presentation, 3167
sample-specific ratios, free choice matching-order sequences, pigeons, 8649
scopolamine, visual discrimination learning & long term memory, male marmosets, 16796
self instruction skills training, generalization to proximal & distal problem solving tasks, 4 & 5 yr olds, 900
semimixed & multiple VI schedules, positive contrast, rats, 13443
sensory restriction vs motor cortex lesion, relationship of motor development to tactile function & development of tactile discrimination capacity, infant macaques, 24729
septal lesions & use of intramaze stimuli, attenuation of problem solving deficit, rats, 22108
serial vs simultaneous feature negative discrimination procedure, effects of postconditioning reinforcement of inhibitory feature stimulus, rats, 19327
sex differences, acquisition of avoidance behavior & defensive burying & escape behavior & shock thresholds & activity levels & acquisition of position discrimination, grasshopper mice, 5856
shaping procedures, speed of acquisition &/vs asymptotic accuracy of discrimination, rats trained in discrimination of phenobarbital, implications for discriminability index, 26949
signal detection analysis of dextroamphetamine vs morphine effect, delayed visual discrimination & response repetition, male rats, 24860
signal duration & modality as cues & relative signal duration & intertrial duration, transfer of learning in postreinforcement signal processing in discrete-trials choice procedure, male rats, 30005
simultaneous vs delayed cues, conditioned discrimination of concepts & role of working memory, squirrel monkeys, 24536
somatostatin vs cysteamine, extinction of avoidance behavior & spatial discrimination learning, male rats, 30310
spatial relationship of response & reinforcer, discrimination learning, mentally retarded 28–56 yr olds, 9831
stimulation intensity & frequency, discrimination of aversive brain stimulations applied to medial hypothalamic or mescencephalic control gray site, male rats, 19607
stimuli differences in time-discrimination procedures, timing with internal clock, rats, 11405
stimuli temporal variables & serial position, delayed matching performance & auditory short term memory, monkeys, 30002
stimulus control of coding responses, generalization of relational matching to sample, 3.5–5.5 yr olds & college students, 19832
stimulus discrimination of S(levo)-cathinone vs R(dextro)-cathinone vs (dextro)-cathine vs structural modifications, rats trained to discriminate between stimulus properties of racemic cathinone & its vehicle, 27588
stimulus manipulations antecedent to vs consequent on response, performance on position discrimination, profoundly mentally retarded 17.8–57 yr olds, 4360
stimulus salience & validity, cue selection in discrimination task, mice, 3169
stimulus shaping vs fading procedures, learning word meanings, trainable vs educable mentally retarded vs normal 8–12 yr olds, 7387
stimulus validity in conditional discrimination task, pigeons, 8664
superior colliculus lesions, discrimination learning between targets with global vs singular feature differences, cats, 30192
symmetrical reinforcement of delayed matching to sample & auditory vs visual stimulus, retention, rats, 5863
systemic atropine sulfate vs nitrate, memory of positively rewarded discrimination response, male rats, 22178
theory of memory, effects of temporal variables on delayed matching, pigeons, literature review, conference presentation, 3192
thermal discrimination task, activity of trigeminothalamic neurons in medullary dorsal horn, male rhesus monkeys, 8760
thermocoagulation vs kainic acid pulvinar lesions, pattern discrimination retention & color discrimination learning, monkeys, 8918
total removal of primary somatic sensory cortex, tactile discrimination capacity, infant & juvenile macaques, 24760
training on length &/vs number discrimination, conservation, 3.5–4.5 yr old nonconservers, 3674
trait anxiety, establishment of expectancies & contingent negative variation amplitude during stimulus association learning, females, conference presentation, 19511
unilateral entorhinal cortex &/vs psalterium lesions & lesion-induced synaptic proliferation, recovery of spatial alternation task performance, male rats, 22123
unilateral hypothalamus lesions, contralateral neglect & visual discrimination learning, male rats, 19616
use of visual system in train-lesion-retrain paradigm, restoration of potency of spared visual memories, decorticate rats, conference presentation, 22117
validation studies of AVC test of discrimination skills, mentally handicapped 17–60 yr olds vs severely retarded 21–50 yr olds, 16345
variation in temporal structure & frequency of auditory stimuli, auditory discrimination & retention, monkeys, 11408
visual discrimination learning, hemispheric specialization in memory, 2–22 day old white leghorn cockerels, 16622
visual vs auditory vs olfactory stimulation, discrimination learning & transfer & stimulus control, male rats, 11427

Discrimination [See Also Related Terms]

cerebral lateralization, heartbeat discrimination, right handed male college students, 640
CNS stimulating & anticonvulsive & tranquilizing drugs & benzodiazepines, detail discrimination ability, human Ss, implications for psychopharmacological research, 19706
discrimination ability, prediction of prevocational performance, institutionalized mentally retarded 19–55 yr olds, 23579
high vs low mindfulness training & visual presentation, perception of & reaction to handicapped children, 6th graders, 30516

Discriminative Learning [See Discrimination Learning]

Discriminative Stimulus [See Conditioned Stimulus]
Discussion (Group) [See Group Discussion]
Diseases [See Disorders]
Diseases (Venereal) [See Venereal Diseases]
Dishonesty
envelope stuffing at home as quasi confidence game & consumer fraud, 24072
fraud & dishonesty in sciences, 2275
seriousness of dishonesty & attribution of responsibility & low vs high status of offender judgment of socially proscribed acts, college students, 14512
size of group & skill level of S, rule violations on golf course, male golfers, 21527
Dislike [See Aversion]
Disorders [See Also Related Terms]
abuse of power by caregiving adults in care of helpless ill child, 7155
acupuncture, painful conditions & functional disorders, outpatients with mean age of 48 yrs, 12699
Adler's concept of organ jargon, 20515
age & sex & intellectual capacity & length of hospitalization & presence of somatic disease, frequency of Schneider's 1st rank symptoms, hospitalized schizophrenics, 9681
ageism & atypical symptomatology of common medical & psychological disorders, diagnosis, elderly, 28137
antioxidant adaptation & theory of 4-stage progression of degenerative disease, implications for dietary replenishment of antioxidant factors, 28141
application of signal detection theory, discrimination of adverse drug reaction from disease due to other causes, 25875
attitudes toward causes of illness, healthy kindergarten students & 1st & 4th & 5th graders, 11675
biologic role of dreaming, 20–70 yr old patients with severe medical disease, 17806
causal attribution of illness, 26–74 yr old patients undergoing thoracic surgery, 28424
certification of case as class action on behalf of all Supplemental Security Income & Social Security disability insurance beneficiaries in Massachusetts against Secretary of Health & Human Services, case law, 14331
chemical transmitter gating of opponent processes, normal & abnormal behavioral syndromes, 22646
chronic illness in context of research findings & Adlerian theory & philosophy & impact on family, 7–16 yr olds, 20497
clinical hypnosis, volitional vs nonvolitional disorders, 7502
clinical psychology & formulation of all illness as deviancy, implications for research, 20191
color & lighting & midrange ultraviolet lighting, absence due to illness, elementary school students, longitudinal study, 13125
competency as witnesses & jurors, mentally disabled, case law, 3873
concordance among verbal & behavioral & physiological systems & awareness of internal cues in dysfunction, literature review, 1329
concurrent & predictive validity of indicator scales for Comprehensive Assessment & Referral Evaluation interview schedule, prediction of family burden & morbidity & mortality, aged & key collaterals, 1-yr followup, 2949
confiding in others & health problems in yr following spouse's suicide or accidental death, spouses with mean age of 37.5 yrs, 6507
construct validity of indicator scales for Comprehensive Assessment & Referral Evaluation interview schedule, assessment of medical & psychiatric & social problems, informants of aged, 2948
depression in medically ill & treatment of sleep disorders in elderly & clinical utility of dexamethasone suppression test, comments on 4 papers, conference presentation, 31326
development of indicator scales for Comprehensive Assessment & Referral Evaluation Interview schedule, assessment of psychiatric & physical & environmental social problems & service needs, aged, 2898
diagnostic techniques & treatment options & psychological implications, scoliosis, female vs male children & adolescents, 12346
disease constructs & alternative models, psychiatric disorders, 20278

drug therapy, elderly patients with psychiatric vs organic illnesses, 1999
ecological perspectives, provision of health services, disabled adolescents, conference presentation, 31577
effectiveness of short term anxiety provoking psychotherapy, neurotic patients with physical symptoms, conference presentation, 28654
emotional tension in relationship between sickness & kinship, Tonga, 12111
epidemiology of chronic illness, children, US, 7061
eyepatch as visible sign of therapist's illness, personal reactions, patients & colleagues & supervisors, 15146
factors in development of shift maladaptation syndrome, rotating shift workers, 32313
finger-temperature biofeedback vs frontalis EMG biofeedback vs autogenic training, finger temperature control, patients with Raynaud's phenomenon in scleroderma, 12585
fixed vs nurturant societal role, mental & physical illness, females vs males, 22645
geriatrics & common diseases, aged, bibliography, 30891
growth of childhood perceptions of illness & disease, S diagnosed with Legg-Perthe's disease at 6 yrs of age, 12394
health & abuse or maltreatment, 3 yr olds from abusive vs neglectful vs failure to thrive families, 9806
health & psychiatric complications of cocaine abuse, 12232
historical & contemporary evidence of diseases of civilization, 21690
Holocaust & subsequent forced immigration, characteristics of physical & mental disorders, immigrant vs native psychiatric patients, Israel, 22637
hypocholesterolemia, mortality from cancer & other physical illnesses, mentally handicapped adults, 17674
illness behavior & physical & mental disorders, psychiatric & gynecology & surgical patients, test of B. Blackwell's theory, conference presentation, 28130
implicit theory of personality & illness & cure in writings, neo-Pentecostal faith healers, 19954
incidence & nature & treatment of psychiatric symptoms of depression, elderly patients with chronic physical diseases, 14889
integration of DSM-III classification & idiographic behavioral assessment, childhood disorders, 12112
known & undetected medical illness, exacerbation of psychopathology, psychiatric patients, implications for thorough physical examination prior to psychiatric treatment, 25489
less fixed & more nurturant roles, physical illness & psychological stress, females, reply to criticism by A. C. Marcus et al, 22644
life event frequencies co-occurrence of events & physical illness, 19–60 yr old college students & staff, Hong Kong, 31139
life events & stress & disease onset, literature review, 14605
mandate of health psychology to educate psychological & medical & wider community on role of psychological factors in drug effects & illness & immune function, 25991
maternal methadone maintenance, somatic & neurobehavioral characteristics, neonates, 18-mo study, 6321
meningeal cryptococcosis misdiagnosed as manic episode, 63 yr old male, 9730
mental & physical impairment & quality of family & social contacts, geriatric nursing home vs old people's home residents over 65 yrs old, West Germany, 18289
model for identification of knowledgeable & reliable cultural informants, ethnographic study of disease concepts, Tarascan Indian females, rural Mexico, 25281
morbidity & vulnerability to disease & perception & evaluation of symptoms of illness, males vs females, Hong Kong, literature review, 28145
multidimensional scaling & hierarchical clustering analysis, personal space perception, mothers of chronic & acutely ill infants, 4107
need for combined disability & income & age criterion for eligibility for housing assistance programs, elderly, conference presentation, 31633
need for separation of health & illness status in research on health related behavior, elderly, 27741
negative expectations of relief, extent & nature of placebos, effects involving organic conditions, patients, implications for chronic headaches, 26159

noncategorical approach, psychosocial research of chronic disease, 6715
observation of free-play interaction, maternal withdrawal, 2 yr olds with physical handicaps or prematurely born or seriously ill & their mothers, 9–24 mo followup, 25951
physical & mental impairment of great leaders, recommendation of establishment of Presidential Health Commission, 22507
physical & mental incapacities & deaths, 20–24 vs 65–69 yr old airline pilots, Portugal, 1945–83, 31138
physical & psychosocial factors in childhood, physical morbidity & mortality in childhood & adulthood, need for health promotion practices in childhood, 25493
physical disorders mimicking anxiety states, 22997
physical illness, maintenance of emotional imbalances, families, 4458
positron-emission tomography, assessment of localization & concentration & chemical forms of peptides effecting & arising in CNS, implications for assessment of Alzheimer's disease & classification of neuropsychiatric disorders, 28515
posttrauma MMPI scores, accident-injury trauma patients vs patients with organic illness vs psychogenic pain, 14909
preconsciousness & somatic illness, young children, 20499
predisposing factors & stress & moderating factors, stress-illness relationship, husbands & wives over 40 yrs old, 1-yr longitudinal study, 28417
prevalence of medical problems as determined by chest X-rays & laboratory findings, 13–82 yr old psychiatric inpatients, 22708
prevalence of psychiatric & medical & social problems, health care needs, Hispanic 60–75 yr olds & over, 1336
proprioception, 7–13 yr olds with correct body posture vs posture with defects in frontal or sagittal planes, 9985
psychodynamics, physical illness, 4537
psychological factors, health & disease, 25490
psychopathology & biochemical abnormalities & previously unrecognized somatic illnesses, psychiatric outpatients, implications for etiology, 4106
psychosocial dysfunction, undiagnosed organic disorders, 11 & 13 yr old males, 1710
psychosocial interventions, reduction morbidity & mortality of physical illness & cost effectiveness of care, 23113
psychosomatic aspects of medical illness & psychological reactions to terminal illness & death & dying experience, 1634
psychosomatic nature of oral-alimentary behavior, college students, 31250
racial and ethnic differences, health risks & hospital admission rates, male Black vs White enlisted US Navy personnel, 1339
reasons for misdiagnosis of physical illness, psychiatric patients, 17486
reliability of retrospective self reports of physical illness, college students, 44
requirements for school screening for physical & emotional & behavioral & learning problems, young children, US, 5380
semiology of intelligence disorders, 30881
SES & age & sex, assessment of causal model of reciprocity of physical illness & depression, respondents under age 30 vs 45 yrs and older, 28394
sex differences in illness behavior, comments on W. R. Grove's article, 22651
sex differences, vulnerability to life stress & illness & coping resources, Ss over age 65 yrs, 889
social & behavioral & psychological & physical factors, health, 25505
social systems & personal power, primary prevention of illness, 10048
somatic complaints & withdrawal & overwhelming fear & refusal to attend school & treatment, 8 yr old depressed male living with chronically ill parents, 6769
stress & coping strategies in care of elderly relatives with chronic disorders, American Indian vs White 24–74 yr olds, 14310
systems approach in understanding illness, 1323
temporal factors in stressful life events & self report illness measures, 18–27 yr old male naval submarine school students, 29719
test-retest reliability of motor tests of Southern California Sensory Integration Tests vs Luria-Nebraska Neuropsychological Battery-Children's Revision, 8–8.9 yr olds referred for evaluation or treatment of sensory integrative dysfunction, 8437
treatment of hypernasality, comments on paper by M. Andrews et al, 15080
Type A behavior, illness in general, female college students, 12416
types & variety of morbidity experienced, children less than 12 yrs old, 6-yr longitudinal study, 4114
Disorientation (Time) [See Time Disorientation]
Displacement (Defense Mechanism)
priority & deferral in displacement in Freud's "Beyond the Pleasure Principle", 5537
Displays [See Animal Courtship Displays, Auditory Displays, Graphical Displays, Tactual Displays, Visual Displays]

Disruptive Behavior [See Behavior Problems]
Dissatisfaction
anxiety & dissatisfaction in self concept, epileptic vs learning disabled 8–14 yr olds, 1695
consumer complaints & management response, 2722
dissatisfactions & frustrations, burnout, 23–62 yr old child protective service workers, 12903
perceived injustice, dissatisfaction with legal authorities, traffic & misdemeanor court defendants, 3945
satisfaction & dissatisfaction with doctors & medical care services, care seeking behavior, consumers, 7581
Dissociative Neurosis
Jung's doctoral dissertation on hysterical altered states of consciousness & dissociation, 22
symptoms & classification of Ganser's syndrome as dissociative disorder, 25 yr old female & 39 yr old male, 6750
Dissociative Patterns [See Also Amnesia, Fugue Reaction, Multiple Personality]
apparent possession by demonic spirits, male with atypical dissociative disorder convicted of murder, 22662
association vs dissociation vs positive self talk strategy, endurance in round-the-track & leg lift tasks, male college students, 646
dissociative disorder & temporal lobe epilepsy as legal defense in cases of homicide, 38 & 48 yr old males, implications for misuse of psychiatric involvement in legal proceedings, 22498
hypnotherapy, dissociated syndrome following car accident, 27 yr old priest, conference presentation, 31570
psychiatric evaluation & diagnosis, offenders experiencing dissociative states, 1533
psychobiological functions of dissociation, 12180
self hypnosis as defense mechanism, hypnotherapy, 39 yr old male with dissociative states, 18166
theory of dissociation & multiple personality disorder, 4137
Dissonance (Cognitive) [See Cognitive Dissonance]
Distance Discrimination [See Distance Perception]
Distance Perception [See Also Apparent Distance]
angle size, underestimation of baseline distances of angles, college students, 5736
assumed size as cue for distance & depth perception, 24388
attraction toward group as function of attitude similarity & perceived geographic distance, college students, 25419
close viewing, esophoric shifts of eye convergence & distance illusions, reply to comments by M. I. Turvey & J. Solomon, 5740
close viewing, shifts in eye convergence & illusions in visual perception of distance, criticism of study by W. L. Shebilske, 5744
construction of parallel-alleys & distance-alleys on horopter plane, adults, 24409
dynamic depth cues, distance estimation in jumping, Mongolian gerbils, 29984
errors in size & distance judgments with computer animated imagery, Ss with normal vision, 24427
estimation of distances between elements in Gestalt patterns, kindergartners vs 2nd vs 4th vs 6th graders vs graduate students, 16932
eye accommodation for distance estimation during prey capture, salamanders, 11407
familiar size & spatial cues & apparent & assumptive instructions, size & distance judgments, human Os, 8464

headlight beams & glare & use of retroflective tag, actual vs estimated night time visibility of pedestrian, 18–55 yr olds, 5498
instructions inducing physical vs apparent attitudes, magnitude estimates of distance, college students, 8484
length seen in depth vs same length seen in width, estimation of distance, female college students, 5716
mechanisms of distance determination for prey localization, African butterfly fish, 19310
monocular vs binocular viewing object size & distance, reaching preference, 203–231 day old infants, 14124
ocular accommodation & binocular vergence during resting state of eyes, 3051
range estimation training techniques, US Army, 8185
sensitivity to auditory & visual specification of distance & direction of movement, 135–170 day olds, 25158
sound degradation, estimation of distance of song originator, male songbirds, 27282
visual perception vs memory, magnitude estimations of distances & map reproduction task, college students, 27103
Distortion (Perceptual) [See Perceptual Distortion]
Distractibility
assessment of sustained attention & distraction using classroom analog task, 7–9 yr old males with attention deficit disorder with hyperactivity, 13213
encoding deficit or data limitation, visual search task performance, 2nd–6th grades rated as distractible &/vs overactive, 23035
high speed visual search task performance, indication of attentional process & strategy defects, distractible vs not distractible hyperactive vs normoactive males, 23034
level of extraneous auditory stimulation, response latency & glances away from visual discrimination task, preschool vs 2nd vs 6th graders, 9192
reading disability & language deficits & numeric ability & distractibility, 10–14 yr old male twins, 16580
serum neuroleptic level & extrapyramidal side effects & level of symptoms, distractibility & RT, 19–55 yr old clinically stable chronic schizophrenics, 20941
Distraction
ACTH 4-9 derivative, event-related brain potentials & autonomic responses & response latency under distraction conditions, male college students, 6149
attention, regulation of EEG alpha-attenuation responses, 20–40 yr olds, 7377
attention span on tracking/analyzer/auditory distraction task, 6–40 yr olds with hyperactive minimal brain dysfunction & attention deficit disorder vs 8.3–17.5 yr old minimal brain dysfunction patients receiving stimulant medication, 12413
auditory vs visual distraction, sexual responses to auditory vs visual erotic stimuli, male vs female college students, 6586
contrast level & number of distractor patterns, RT in pattern discrimination, monkeys, 24532
distraction, disfluency production, 15–51 yr old stutterers, 17698
distraction in radio commercial, cognitive response & message acceptance, male college students, 24075
distraction, short term storage in reading, college students, 19273
distractor tones, interval recognition, college student music majors, 11312
dose & setting & acquired tolerance, perception of alcohol intoxication, male nonproblem drinkers aged 19 yrs & older, 11611
habituation to irrelevant information, speeded classification task performance, college students, implications for automatic processing & attention, 27152
instructions & distracting visual task, electrodermal habituation to loud tones, college students, 6034
music vs noise auditory distraction, recognition & meaningful vs nonsense verbal material, graduate students who were vs were not studying music, 13699
noise & task-induced distraction & sex differences, cognitive processes, cigarette smokers vs non-smokers, 5783
picture context & color, recognition with novel vs mirror image distractors, college students, 8496
presence vs absence of TV cameras in courtroom, recall of evidence & verdicts & awards, community adults with mean age of 35 yrs, 11937
warning & imperative stimuli & distraction effect, contingent negative variation, 22–30 yr old introverts vs extraverts, 27341
Distress
alliance strength & patterning, distressed families with 5–13 yr olds, 3821
amount of reward & type of relationship & salience of co-worker's distress, egocentric bias, college students, 17322
anxiety & distress, 16–75 yr old patients receiving radiation treatment, 20972
construction of pain & distress scale, pain patients, 221
couple-coder & intracouple agreement in evaluations of videotaped couple's problem solving, distressed vs nondistressed husbands & wives & trained coders, 11912
cross cultural differences & sociocultural & ethnic factors, belief in external control & associated distress & depression & anxiety, adults, Mexico vs US, 6456
depression & anxiety & emotional distress & physical symptoms & behavior toward their children, physically abusive mothers, 14798
depression & trait vs state anxiety & locus of control & distress, self appraised ineffective vs effective problem solvers, 14572
development & validation of screening instrument, prediction of level of emotional distress 2–6 mo after cancer diagnosis, adult oncology patients, 5662
dimensions of subjective mental health, distress & well-being, males vs females 21 yrs & older, 14542
distress & childrearing values & perception of children, demographic characteristics as stressors & emotionally affective behavior, mothers with mean age of 28.2 yrs, 14289
emotional distress, hospital interns & residents, 12900
emotional distress symptoms, concentration camp survivors aged 25 yrs & older, Israel, 4197
emotional tension in relationship between sickness & kinship, Tonga, 12111
endorsement of irrational beliefs, stressful life events & psychological & physical distress, college students, 1312
equity & distress & evaluation of self & partner's personality & level of agreement, 22–55 yr olds from continuing vs dissolved dyadic partnerships, 8226
factor analysis of pain language & relationship to medical diagnostic categories, chronic pain patients, 9961
fixed vs nurturant societal role, mental & physical illness, females vs males, 22645
happiness vs distress, mental task performance, 16–80 mo olds, US vs China, 14074
hardiness & Type A behavior, distress & rated desirability & controllability & foreseeability of life events, college students, 6687
health & psychological distress levels, male vs female 63–84 yr olds, 17027
Hopkins Symptom Checklist, screening for symptoms of depression & anxiety initially & after 4 wks, Ss with mean age of 23.7 yrs attending family planning service, 6878
individual differences in coping styles, 14–42 yr old females who have had abortion of dilation or evacuation type, 12693
job loss, subsequent demoralization, male vs female former plant employees still unemployed vs reemployed, 13265
less fixed & more nurturant roles, physical illness & psychological stress, females, reply to criticism by A. C. Marcus et al, 22644
level of emotional distress, supporters of elderly mentally infirm dependents, 17472
life events, psychological well-being, reanalysis of longitudinal data from Michigan Panel Study of Income Dynamics, methodological & theoretical implications, 16879
lithium therapy, health attitudes & physiological distress, patients with bipolar affective disorder, 28751
marital status & psychological distress, males vs females, replication of study by J. R. Fox, 9669
maternal distress, interactions during parent training program for child compliance, mother-child pairs, 7357
mental health & social & familial disturbance, urban residents 14 yrs & older, Italy, 14613
mental stress, mothers with 2–11 yr olds, 9621
methodological refinements in Observation Scale of Behavioral Distress, habituation & validity of scale, pediatric cancer patients undergoing bone marrow aspiration, 13561
minority status & presence of psychological distress, Mexican Americans, 9380

natural disaster, psychological distress & subsequent psychiatric disorders, residents of communities affected by Ash Wednesday bushfires, Australia, 32342
perceived job attributes & discrepancies in life aspirations & SES & health & health-hazardous practices, job satisfaction & psychological distress, male vs female employees, 2673
perceptions & attributions about self & spouse's behavior & effects of viewing videotapes of self & spouse from different perspectives, 20–62 yr old happy vs distressed married couples, 22467
person-environment fit, distress assessed by physical complaints & help seeking behavior & anxiety measures, college students, 29335
personality factors, social support & psychological distress, college students, 6663
physiological & sociological & behavioral distress & friendship networks, 9th–12th graders, 27848
predictive & discriminant validity & reliability of Marital Status Inventory, prediction of divorce & distress, 20–64 yr olds, 16307
prevalence & correlates of emotional distress, males vs females 15 yrs & older, Israel, 8-yr longitudinal study, 20298
prevalence & correlates of psychological distress, male vs female 9th–12th graders, Canada, 22687
preventive psychosocial intervention, distress & coping, newly diagnosed cancer patients, 23467
psychiatric symptoms & distress, 21–58 yr old husbands & wives in marital therapy, 1062
psychosocial distress, pregnancy outcome, 18–28 yr old primigravida females, implications for screening pregnancies at risk, 28841
psychosocial factors in psychogenesis & management of psychosomatic distress, conference presentation, 28392
race & SES, psychological distress, Black vs White rural vs urban 18–89 yr olds, 12188
racial & ethnic differences & age & sex, reported pain & emotional distress & requests, Italian American vs Anglo American patients, 7546
racial & ethnic differences & sociocultural factors, psychological distress, 21–60 yr olds, Mexico vs US, 6437
responses to distress in agemates in daycare setting, disadvantaged abused vs nonabused 1–3 yr olds, 25652
self concept & social support & psychological distress, 28–58 yr old females who underwent biopsy for suspected cancer, 3-mo followup, 4450
self report of distress symptoms, clinical disorder vs normal distress, males vs females over 18 yrs of age, 14714
self report vs O's report vs behavior checklist, assessment of pain & anxiety & distress behavior during medical procedures, 6–17 yr old cancer patients, 4474
ship collision, psychological distress & reactions, US Navy personnel, 30961
side effects of chemotherapy, distress & disruption of daily life, lymphoma & adjuvant & metastatic cancer patients, 10292
social desirability response set bias, interaction effect of locus of control beliefs & stressful life events on psychological well being, married females, 29725
social support & stressful life events, psychological distress, disadvantaged adults, 28269
social support & structural-environmental & perceptual variables, illness behavior, hearing impaired adults, 22956
stressful life events & psychological distress, intensity of disorder, neurotic outpatients, 6-mo longitudinal study, 17450
suicide potential & behavior in context of family distress management, literature review, 14762
unemployment, hopelessness & psychological distress & attributions, Black unemployed 19–28 yr olds initially interviewed at 16–24 yrs of age, 11788
vulnerability to undesirable life events, females vs males, 25457
working status of mothers in early childhood, levels of psychological distress, 1st yr medical students, 18415

Distress Calls (Animal) [See Animal Distress Calls]

Distributed Practice
single vs repeated massed vs spaced presentation of pictorial stimuli, free recall performance, 4–7 yr olds, 6329

Distribution (Frequency) [See Frequency Distribution]

Distrust [See Suspicion]

Disulfiram
disulfiram, anxiety & depression, male inpatients in alcohol rehabilitation unit with mean age of 31.8 yrs, 2216
disulfiram, development of toxic encephalopathy, 45 yr old female with primary alcoholism, 1995
disulfiram in 800 vs 1200 vs 1600 mg sc implants, sobriety & ethanol reaction, 20–63 yr old alcoholics, 2-yr followup, 10547
effectiveness of disulfiram implantations, alcoholic 20–54 yr olds, 2-yr follow up, 12865
suggestive vs neutral placebo therapy vs disulfiram vs surgical implantation of Esperal, 22–58 yr old alcoholics, 10537

Diuretics [See Also Caffeine]
diuretics & oral contraceptives & pyridoxine & prostaglandin antagonists/precursors & lithium & bromocriptine, premenstrual syndrome, literature review, 31509
furosemide, consumption of salt solution, monkeys, 13905
furosemide, exposure therapy, Ss with psychogenic urinary retention, 12662
hydrochlorthiazide for hypertension, lithium toxicity presenting as mania, 60 yr old female with bipolar depression, 23346

Diurnal Variations [See Human Biological Rhythms]

Divergent Thinking
application of J. S. Renzulli's Enrichment Triad model to curriculum, development of investigative & analytical skills, gifted 5th graders, 10816
cognition vs convergent vs divergent thinking, achievement, adolescents, 27806
design & validation of Harris Identification Procedures of Creativity, assessment of high divergent thinking ability, middle-class kindergarten students, 32182
development & validity & reliability of scale, measurement of preference for ideation, managers & professionals, 16295
divergent production task performance, anxiety, college students, 11337
divergent thinking, 9–17 yr olds, Hong Kong vs US, 3642
enrichment program, self concept & creative thinking ability, gifted 3rd–6th graders, 13147
hemispheric specialization, creative & learning styles, verbally & nonverbally gifted & young children, educational implications, 10825
instructional strategies in modified social studies curriculum, creative thinking, gifted intermediate & secondary students, 10829
intraindividual variability in divergent vs convergent thinking, 18–23 vs 60–70 yr olds, 19852
learning computer programing, cognitive style vs metacognitive ability vs cognitive development vs ability to describe directions, 1st graders, 15733
rigid personality & rigid thinking as measured by divergent thinking tests, college students, 20145
varieties of divergent production in creative thinking, 358
verbal & spatial intelligence & divergent thinking, recall memory performance, children with mean age of 12.2 yrs, 16986

Divided Attention
adaptation to prism in presence vs absence of secondary cognitive task, college students, 21843
combination rule for redundant information, RT tasks with divided attention, female college students, 11323
compatible single-element training, attention to multiple cues, severely mentally retarded adults, 32133
disrupting secondary task, learning vs retrieval from long-term memory, 29944
divided attention during performance of simultaneous visual search tasks, slowing of processing stages, college students, 5791
divided attention in RT task, correlation between contingent negative variation & EMG activity of extensor muscles, 17–32 yr olds, conference presentation, 19528
foveal load & retinal eccentricity & left vs right visual field, peripheral line orientation discrimination accuracy & tunnel vision, college students, 29884
time-constrained environment, operator behavior & decision making, college students, 32327

Division of Labor (Animal) [See Animal Division of Labor]

Divorce
Adlerian approach to psychotherapy, children following parental divorce or remarriage, implications for elementary school counseling, 10862
analysis of manifest dream content, 30–55 yr old depressed vs nondepressed divorcing vs happily married females, 13734
appraisal of divorce & coping options, home & school adjustment & academic performance, female vs male 8.5–12 yr olds in separating or divorcing families, 14175
attachment theory, understanding of distress, separated & divorced persons, 9404
attitudes toward divorce mediation & counseling, psychiatrists & psychologists & social workers & marriage counselors, 17873
attitudes toward divorce mediation, attorneys & judges, 17230
beliefs about coping behavior & reactions to parental divorce, 3rd & 5th graders, 16890
bibliography, behavioral & emotional problems, children of divorced parents, 26715
bibliotherapy program, divorce, preschoolers & school age children & adolescents, bibliography, 31324
child custody & problems of divorced families in B. Bainbridge's "Another Part of the Wood", 3812
child custody dissatisfaction, fathers, 1143
clinical & ethical dilemmas in serving as expert witness in Roman Catholic church court trials regarding marriage annulments, psychiatrists, 29077
collaboration between lawyer & therapist, divorce process, human females, 9394
composition & relative size of each parent in drawings of family, 5–11 yr olds from separated & divorced families, longitudinal study, 11810
conceptual & methodological dimensions of research on children & divorce, 11684
conflict resolution in child custody disputes in divorce court, parents, 30688
consultation role in Roman Catholic marriage annulment process, psychiatrists, 30613
continued familial conflict, adjustment & self concept & self esteem & anxiety, adolescents from divorced families, 3748
coping strategies & reactions to divorce, children, 6368
coping strategies & reactions to divorce, children, 27725
counselor-led divorce groups, attitudes toward divorce & classroom behavior & academic achievement, 3rd–6th graders from divorced families, 10836
current marital trends & divorce & remarriage ratios, Japan, 11913
dating & marital relationships, 17–23 yr olds of divorced parents, 5-yr followup, 3715
developmental effects of separation & divorce & remarriage & role of pediatricians, children & adolescents & college-aged youth, 14140
divorce & change in living arrangements & job changes, mental strain, blue vs white collar metal workers, Finland, 5-yr followup study, 2665
divorce & child's age & sex, relationship between visiting father & 3–8 vs 9–18 yr old children, 5-yr longitudinal study, 6516
divorce & depression, dream characteristics, depressed 30–55 yr old females undergoing divorce, 6744
divorce & reconciliation fantasies, children, implications for therapy, 6500
divorce, children & adolescents, developmental & treatment implications, 3608
divorce grief & personal adjustment, 25–35 yr olds who remarried vs remained single, 6509
divorce mediation & emotional impact, couples & their children, 20022
divorce mediation, attorney & general health professionals, 17214
divorce mediation, attorney-therapist teams, 17208
early parental attitudes & divorce/separation, adaptation, 18–22 yr olds studied from infancy, 22-yr longitudinal study, 30497
emotional adjustment to divorce, 31–50 yr old divorced parents, 1080
expectations for children living with divorced vs married mothers, kindergarten to 12th grade teachers, 2329
factors contributing to custody disputes, divorcing families with 6 mo–12 yr olds, 17175
family stress theory & impact of divorce, children, 6389
family systems & life cycle & stage theory of development perspective, divorce, couples & individuals, implications for therapy, 6495
family therapy including divorced parents, adolescents from divorced families, 4661
guide to divorce mediation, couples, implications for effects on children, 11929
guidelines to assist children in coping with divorce, parents, 30638
identification of social support network for decisions about child custody & visitation, parents undergoing divorce, 19996
incorporation of formal ceremony in divorce proceedings, comments on article by L. H. Gordon & M. Gordon, 14303
intake procedures, mediated divorce negotiation, 18256
interactionist role of lawyers & pediatricians & psychiatrists, difficulty of coping with divorce, children, 23098
intervention model including value systems of community & support system, children of divorced families, 23234
joint vs sole legal custody agreements, provisions for current & future physical & financial & educational needs, children, 22524
locus of control, 3rd–5th graders from intact vs maritally disrupted families, 989
marital quality & stability & alternative attractions & external pressures & decision to divorce, married & divorced males vs females, 1066
marital separation & divorce attitudes & attitude changes, mothers & 1st- & 2nd- & 4th-born children, 18-yr longitudinal study, 27955
mediation standards & divorce, 6533
model of chronological divorce sequence & recommendations for therapeutic interventions, 15223
mother-child relations & child adjustment, children with mean age of 4.4 yrs from divorced vs intact families, 982
need & format for social ritual of divorce including meetings with marriage & family therapists & clergy, 14294
need for contact with absent parent following separation or divorce, children, 3807
need for research in areas of economic support & custody issues & emotional problems & support & relationship patterns in stepfamilies, children of divorced parents, 9403
neutral vs facilitative vs midrange positions in family mediation, mediators, 6532
non-binding mediation & resolution of property division disputes during divorce, 20802
ontogenic system & exosystem & macrosystem & microsystem perspectives, perceptions of adjustment, parents & children in divorced families, 27934
origins & philosophical basis of divorce mediation, 1099
parent loss through abandonment vs divorce vs death vs illness & institutionalization & foster care, 13 & 17 yr old females, implications for psychodiagnosis & treatment, 23480
parental divorce & environmental changes, cognitive & behavior changes, psychopathology, 6–16 yr olds, 881
parental divorce, adjustment & intellectual & academic performance, adolescents, suggestions for school based interventions, literature review, 27734
parental divorce, adjustment problems & factors affecting ability to cope, older adolescents, 971
parental divorce, developmental problems, children with learning disabilities, review of 3 books, 14857
parental divorce, perceptions of self & parents, students, 3-yr followup, 17187
parental separation & divorce, reactions & development, adolescents, implications for parent role in facilitation of adolescent children's adjustment, 14186
parental stress after divorce, adjustment in children, 24–35 yr old parents & their 1–17 yr old children, 6518
parent's view of child's experience during & after divorce, custodial parents of 5–18 yr olds, 1072
patterns of access to children by noncustodial parents following divorce, custodial parents, Australia, 1073
physical vs psychological wholeness position, effects of divorce, Black working/lower-class adolescents, 9269
predictive & discriminant validity & reliability of Marital Status Inventory, prediction of divorce & distress, 20–64 yr olds, 16307
process of divorce, 1074

proposal for formal divorce ceremony, comments on article by L. H. Gordon & M. Gordon, 14293
psychoanalytic contribution, divorce mediation, 17968
psychodynamic & family issues in post-divorce child custody litigation, 25337
psychological coping tasks, children of divorce, conference presentation, 30550
psychosocial adjustment after divorce, human males, Norway, 30625
questions most often asked about divorce mediation, practicing mediator, 1107
reactions to court mediation programs, divorcing clients contesting child custody, 1146
reasons for contemplation of divorce, 18–35 yr old childless married couples, USSR, 1079
reframing separation & divorce, 2- and single-parent families, implications for prevention & treatment, 22480
role relationships following remarriage, child support & telephone & visiting frequency, divorced males with mean age of 37.4 yrs, 6514
school support groups, 5th graders of divorced parents, 10844
sex & developmental & divorce experience differences, beliefs about parental divorce, 3rd vs 5th graders, 9299
sex differences, experience of & adjustment following separation & divorce, newly separated adults, longitudinal study, 17164
sex differences, support networks during transition from separation to divorce, 25–45 yr old separated & divorced couples, 1051
sex role orientation, adjustment to marital separation & divorce, 21–58 yr olds, 6475
significance of separation & loss & coping behavior, females, implications for therapy, conference presentation, 30739
social service center, divorce mediation & child custody resolution, 12761
strategies for helping children adjust to divorce, 873
stress & reactions to parental divorce, college students, implications for treatment, 8112
support group, adjustment to divorce & loneliness & self concept, single custodial fathers, 23248
symbolic interdependence, prediction of marital break-up, premarital couples, 6-mo followup, 17197
theoretical analysis & clinical perspective on intense defensive intimacy dyad, mothers & adolescent sons in divorced families, 28684
theoretical models for therapeutic intervention, children of divorce, literature review, 15054
theories of loss & grief as result of relocation & new school assignments, students, 13100
therapeutic mediation model, child custody dispute resolution, divorcing or divorced parents, 1163
therapeutic needs & intervention, children of separation & divorce, 12500
time-limited school-based intervention groups, children of divorce, 8114
trends in research on marital separation & divorce, US vs Canada, 3809
validity of abbreviated form of Spanier Dyadic Adjustment Scale, measurement of marital adjustment, married vs cohabiting vs separated vs divorced Ss with mean age of 37 yrs, Australia, 11188

Divorced Persons
arrangement to continue to share home & child care responsibility after divorce, divorced couple, 6478
development & validity of Divorce Reaction Inventory, measurement of postseparation attachment, separated & divorced persons, 5600
divorce grief & personal adjustment, 25–35 yr olds who remarried vs remained single, 6509
family therapy, divorced mothers with developmentally disabled children, 7343
joint custody, father child relations, divorced men, 27937
psychosocial adjustment after divorce, human males, Norway, 30625
psychosocial correlates of recent & chronic loneliness, separated or divorced females with mean age of 36.6 yrs, 6661
sex differences, support networks during transition from separation to divorce, 25–45 yr old separated & divorced couples, 1051
sex role attitudes & behaviors, 20–35 yr old single vs divorced mothers & their 8–14 yr old children, 17190
sex role attitudes, divorced & working vs married & working vs married nonworking females & their 3–6 yr old children, 17182
social network changes & adjustment to divorce, 18–48 yr old divorced persons, 17166
supervised visitation program, divorced parents, 22534

Dizygotic Twins [See Heterozygotic Twins]
Dizziness [See Vertigo]
DNA (Deoxyribonucleic Acid) [See Deoxyribonucleic Acid]
Doctors [See Physicians]

Dogmatism
dogmatism & attitudes toward women in military, male US Coast Guard Academy cadets, 17246
dogmatism & empathy & nonverbal behavior of fathers, cognitive development, 12–13 yr old sons, 27811
dogmatism & responses to stranger in condition of attitude dissimilarity, college students, 17323
dogmatism, alienation, Australia, 1303
ecology & sex, achievement motivation & anxiety & dogmatism & intolerance for ambiguity, 17–18 yr olds, India, 14539
high vs low benefit to self vs other, effectiveness of persuasive message, college students, 14478
levels of authoritarianism & dogmatism & rigidity, female trainees, Ireland, implications for implementation of new teaching methods in primary schools, 29128
persuasive communication with high prestige person, attitude change, authoritarian vs dogmatic male vs female 25–27 yr olds, 17367
sex typing, life adjustment & self defensiveness & dogmatism & creativity & formal & concrete operational thought, junior high school students, Taiwan, 11816
validity of Kirton Adaption-Innovation Inventory as determined by dogmatism & sensation seeking & risk taking & innovation scale scores, college students, 24230

Dogs
activity of sympathetic neurons in inferior mesenteric ganglia, 3–24 mo old dogs, 8805
age at induction of conditioned taste aversion & previous experience with CS, extinction, dogs, 21943
analysis of operant conditioning methodology, assessment of food preference, dogs, 13762
breed type & sex & degree of human control, defecation & urination, dogs in urban environments, 5859
cholecystokinin & bombesin & calcitonin & naloxone & glucagon & somatostatin & pancreatic polypeptide, food intake regulation, intact vs subdiaphragmatic vagotomized dogs vs rats, 22080
computer-based apparatus, measurement of eating & drinking behavior, dogs, 13511
concurrent operant schedules, choosing between varying amount of foods in lever press design, 1–2 yr old beagles, 13751
concurrent reinforcement schedule procedures, evaluation of preferences for different sugar solutions, 9–19 mo old beagles, 13749
conditioned suppression technique, behavioral determination of olfactory thresholds to amyl acetate, beagles, 13746
developmental changes in gustatory response to sugar, 2 hr through 42 day old puppies, 13738
electrical stimulation of optic chiasm, leverpress conditioned response & visual EPs during sleep, mongrel dogs, 27217
electrical stimulation of optic chiasm as CS, leverpress conditional response & visual EPs, mongrel dogs, 27218
factor analysis, correlations between measurements of approach & avoidance & general fearfulness, 3 vs 4 vs 6 vs 12 mo old pups training to be guide dogs, 5853
fearfulness to & sex & age & experience, exploratory behavior & activity, potential guide dogs tested at 6 & 12 mo of age, 5854
fine-grain vs total food intake measurement in 1 & 2 pan tests, preferences for dry vs canned vs semi-moist dog food, 1–6 yr old beagles, 13785
food preferences, dogs housed in testing kennels vs consumers' homes, 13742
human/animal bonding, blood pressure & heart rate & respiratory rate, 24–74 yr olds, 8853
individual differences in maternal behavior during weaning, behavioral effects, puppies, 27325

interaction with dogs as pets, health, human Ss, implications for therapy, 23133
morphological maturation of taste buds, beagle puppies studied at 38 vs 47 vs 54 days of gestation & postnatally, 13740
operant leverpress vs 2-pan choice tests, assessment of preferences for dry vs semi-moist vs fat-coated dog food, 9–19 mo old beagles, 13761
preferences for sugars vs nonnutritive sweeteners, 2–4 mo old beagle puppies, 13739
restriction of dietary flavor experience before weaning, postweaning food preferences, beagle puppies, 13849
sexual behavior, stray male & female dogs, 27254
theoretical issues of mobility & tonic immobility reactions after restraint in open sling, Arkansas Line of Nervous Pointer Dogs, 19315
24 hour food availability, feeding behavior, 3–5 yr old beagles, 13781
Doll Play
puppets & dolls & objects & masks & make-up as projective techniques, psychotherapy, 28562
social phenomenon of Cabbage Patch Kids, 14221
Dolphins
tutoring in acoustic vs visually based languages, comprehension of imperative sentences, dolphins, 13754
Domestic Violence [See Family Violence]
Domestication (Animal) [See Animal Domestication]
Dominance (Animal) [See Animal Dominance]
Dominance Hierarchy
age & sex & rank & kinship, prey capture & consumption, vervet monkeys, 8690
age/sex class & social rank, bodily location & types of wounds, stumptail monkeys, 3-yr longitudinal study, 27323
assignment of cardinal dominance ranks, comments on R. Boyd & H. B. Silk's article, 19397
assignment of cardinal dominance ranks, response to comments by J. Rushen, 19404
blocked opening to vomeronasal organ, food consumption & weight gain & social structure, feedlot steers, 5911
communicative vocalizations, chimpanzees & pygmy chimpanzees & eastern gorillas, 3235
conduct disorder, formation of dominance hierarchies & power relations, 6.4–11.5 yr olds, 25644
dominance hierarchy & aggressive behavior within small groups, female Siamese fighting fish, 490
dominance hierarchy, feeding behavior, spotted hyenas, 19409
dominance rank, mating behavior, male bonnet macaques, 27301
hierarchic dominance rank, diazepam effect on behavioral response to pain, mice, 22213
injections of juvenile hormone & 20-hydroxyecdysone, achievement of dominance rank, paper wasps, 19724
mating patterns & dominance hierarchy, redtail monkeys, 5890
maximum likelihood paired comparison ranking, estimation of linear dominance hierarchy, animals, 8709
mechanism & formation factors of teat-order, piglets from birth to 1 mo old, 27299
rank in dominance hierarchy, growth rate & protection from predators, lizards, 27307
reproductive state & social status & sex differences, troop spatial patterns during movement & at rest, subadult & adult yellow baboons, 8678
season & rank consortships & sex, time allocation in various activities & consorting & energetic cost, male vs female free-ranging olive baboons, 3215
sex roles, development of social structure & pair formation, Mongolian gerbils, 8667
social & dominance relationships & mating behavior within troop, adult male blue monkeys, 5945
social behavior & spacing patterns, golden lion vs cotton topped tamarins, 24606
social organization & behavior, cape mountain zebras, 5930
social position of mother & age differences, friendly & aggressive behavior toward unrelated infants, juvenile & adult female stumptail macaques, 8688
social rank of non-kin, access to preferred foraging sites, willow tits, 8687
social structure, hamadryas baboons, 27274
socioenvironmental cues of social condition & male dominance rank & male age, cortisol & testosterone levels in sexually receptive females, male macaques, 5852
spatial structure & domains, male vs female chacma baboons, 8672
spontaneous vs contrived dominance rank vs stimulant injection vs cortisol secretion, self aggression vs stereotyped movements, stumptailed macaques, 30020
standard opponent test vs social isolation vs new environment, blood androgen & corticoid levels, high- vs low-ranking swordtail males, 30022
time of day & dominance rank, access to nectar, bellbirds, 8679
use of verbal behavior, determination of dominance hierarchy, male 9th graders playing volleyball, 9339
variations in width of breast stripe plumage, individual identity & social status, great tits, 8697
Dominance [See Also Related Terms]
convergent & discriminant validity of assertiveness vs aggression & dominance measures, college students, 29776
defensive vs offensive object-related interactions & compliant vs spontaneous prosocial behaviors, high- vs low-dominance 2.5–3 vs 4–5 yr olds, 969
developmental changes in organization of cohesive & agonistic peer activities, 8–66 mo olds, conference presentation, 30545
discrepant visual vs haptic form information, identification of object with visual match, college students, 5695
dominance & affiliation, social organization of same sex groups, 1st & 2nd graders, 22376
dominance, approach-avoidance behavior, college students, 4037
dominance in peer & intergroup dynamics, 16–17 yr old females at summer camp, 3730
gender & romantic availability status of leader, self ratings of dominance by subordinate, mixed-sex dyads, 28114
individual vs equal/unequal role in paired task oriented group experience, subsequent prosocial behavior in different context, male college students, 25414
personality correlates & need for dominance & endurance, heterosexual vs lesbian 21–50 yr old females, 11978
pro-self vs anti-other arguments in group discussion, Type A Ss, 25486
professional dominance theory, hospital decisions to adopt new medical technologies, hospital personnel & physicians, 7658
sex differences, stress & aggression during same- vs different-sex dominance episodes, college students, 17309
Domination [See Authoritarianism]
Donors [See Charitable Behavior]
DOPA
administration of phenylethylamine & MAO inhibitors & dopa decarboxylase inhibitor & phenylalanine load, phenylacetic acid excretion, chronic schizophrenic & unipolar depressed patients, 6795
bombesin, dihydroxyphenylalanine & dihydroxyphenylacetic & homovanillic acids & dopamine metabolites in brain regions, male rats, 804
tryptophan vs 5-HTP vs phenylalanine vs tyrosine vs dopa, metabolism & neuronal effects, affective disorders, treatment implications, 2018
Dopamine
ability to learn inhibitory task under positive & negative reinforcement & impact of dextroamphetamine & role of CSF & brain levels of dopamine & norepinephrine & homovanillic acid, purebred vs hybrid beagles, animal model of hyperkinesis, 16762
ACTH, iv dextroamphetamine self infusion & brain dopamine activity, male rats, 22188
acute vs chronic antipsychotic drug administration, electrical activity of dopaminergic cells, animals, 13876
administration of nialamide vs dopamine into nucleus accumbens, acquisition of passive avoidance task, male rats, 6096
adrenal medullary implants in denervated anterior vs lateral caudate, distribution of catecholamines in grafts vs host caudate, rats with unilateral dopamine denervated striatum, 6087
age, striatal dopamine receptor density & perceptual motor performance & impact of haloperidol & apomorphine, 6–8 vs 15–18 vs 25 mo old male rats, 3310
alcohol, dopaminergic-enkephalinergic neural pathways & memory, 3435

alpha-flupentixol & haloperidol, place preferences produced by morphine vs dextroamphetamine sulfates vs cocaine, adult male rats, 30266
alpha-methyl-paratyrosine vs diethyldithiocarbamic acid vs reserpine vs alpha-adrenergic blocker BE-22254, brain norepinephrine & dopamine & naloxone potentiation of apomorphine-induced stereotypic climbing, mice, 24921
alpha-2 autoreceptors & presynaptic alpha-2 receptors in CNS & presynaptic alpha-2 adrenoceptors modulating dopamine in retina, rabbits, 3269
antidepressive & antiepileptic action of GABA receptor agonist progabide & role in monoaminergic & dopaminergic & serotonergic limbic forebrain systems, rats, 16735
apomorphine & substantia nigra vs entopeduncular nucleus lesions, circling behavior & sensitivity of striatal dopamine receptors, female rats, 24818
apomorphine, dosage & time effects of drug induced changes in stereotyped & locomotor & rearing activity, DBA/2 vs C57BL/6 male mice, 24933
apomorphine, forepaw use & rotational behavior, male rats with unilateral medial forebrain bundle lesions, 22129
apomorphine vs bromocriptine vs GYKI-32887 into nucleus accumbens, locomotor activity, male rats, 6138
apomorphine vs dopamine vs levodopa & carbidopa, prolactin concentration in blood serum, remitted vs exacerbated vs chronic schizophrenics vs personality disorders, 20252
auditory & visual EP amplitude & urinary homovanillic acid, autistic children, implications for dopamine metabolism, conference presentation, 20267
behavioral & physiological functioning before vs after levodopa, investigation of dopamine hypothesis of schizophrenia & validity of using rats as animal model, 22695
behavioral effects of phenelzine & phenylethylamine & displacement of dopamine or serotonin from striatum, rats, 3432
blood serum dopamine beta-hydroxylase activity & lateral ventricular brain ratio, patients with schizophrenia vs major affective disorders, 28230
bombesin microinjection into nucleus accumbens vs ventral tegmental area vs lateral ventricles, spontaneous motor activity & role of mesolimbic dopamine system, male rats, 9016
brain reward circuitry & intracranial self stimulation, rats, 5997
brain stimulation reward, sensitivity of caudate nucleus & nucleus accumbens & amygdala, rats, 6066
chronic infusion of dopamine into nucleus accumbens, hyperactivity, female rats selected as low activity responders to peripherally-administered N-n-propylnorapomorphine, 3422
circling or turning behavior, dopamine & serotonin metabolism in substantia nigra & amygdala & nucleus accumbens, trained circling rats, 6014
clinical characteristics, emotionally disturbed 6–16 yr old males with extremely low plasma dopamine-beta-hydroxylase levels, 4234
cocaine, dopaminergic synapse & neuronal activity & reinforcement properties & abuse potentials, 11627
continuous administration of haloperidol vs sulpiride, striatal dopamine function, male rats, 30287
cyclo(leu-gly), dopamine receptors, rats, 3478
daily cyclical fluctuations in binding capacity of dopamine receptors in striatum, male rats, 22040
density of dopamine receptors in caudate nucleus & putamen & nucleus accumbens, postmortem brains of schizophrenics, 14737
deprenyl, intra- & extraneuronal dopamine oxidation, 52–66 yr olds with Parkinson's disease, 10294
depression & anxiety, serum dopamine-beta-hydroxylase activity, medical & surgical & psychiatric outpatients, 6772
dexamethasone, increase in plasma free dopamine, 22–37 yr old volunteers, implications for induction of psychiatric disorders, 22217
dextroamphetamine treatment, dopamine autoreceptor subsensitivity, male rats, 19736
dextroamphetamine vs phencyclidine vs amfonelic acid, release of dopamine in striatum, rats, 19684
dietary lithium, biochemical & behavioral indices of dopamine receptor supersensitivity during haloperidol withdrawal, male rats, 6146
diffuse brain lesions causing reduced dopamine activity in nerve cells as explanation for psychological problems associated with Parkinson's disease, 31149
discriminative stimulus properties of lisuride hydrogen maleate & role of dopamine receptors, male rats, 24931
distribution & pharmacology & function of CNS dopamine autoreceptors, 3299
dopamine & dopamine agonists & antagonists, thirst & drinking behavior, rats, literature review, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 741
dopamine administered to dorsal caudate nucleus, motor disturbances in tonic phase of instrumental conditioning & initial level of motivation, cats, 30197
dopamine agonists & protein kinases, tyrosine hydroxylase activity, 3448
dopamine antagonists pimozide vs haloperidol vs dopamine agonists, footshock-induced antinociception, male rats, 3522
dopamine d/2 receptors in substantia nigra, drug-free vs neuroleptic-treated schizophrenics, 10295
dopamine denervation of frontal cortex vs nucleus accumbens, ACTH-induced grooming behavior, male rats, 19623
dopamine depletion produced by 6-hydroxydopamine lesions of caudate-putamen, skilled forepaw use, male rats, 30150
dopamine injections into medial & lateral regions of dorsal striatum, postural deviation & rotation, female rats, 30251
dopamine, long-lasting modification of population responses & cell membrane properties of hippocampal CA1 pyramidal cells, rats, 563
dopamine receptor blockage by prenatal chronic administration of haloperidol, striatal dopamine & opiate receptor development, rats, 27622
dopamine supersensitivity & apomorphine, retention of brightness discrimination, male rats, 16507
dopamine theory, dopaminergic activity & etiology of schizophrenia, literature review, 9630
dopamine vs noradrenaline vs serotonin vs acetylcholine vs GABA infusions into nucleus accumbens, hyperactivity, female rats selected as high- vs low-activity responders to levo-N-n-propylnorapomorphine, 3423
dopamine vs prostaglandin, E1 injections into lateral cerebral ventricles, thermoregulation & core temperature & motor activity, male rats, 22194
dopaminergic input to medial prefrontal cortex, self stimulation, rats injected neonatally with 6-hydroxydopamine, 24778
dose & reinforcement schedule effects & blockade of benzodiazepine & GABA receptors, self-injection of diazepam, male rats, 24913
dose of dopamine agonist apomorphine, food & water consumption, pigeons, 24820
drug blockage of catecholamine synthesis or dopamine receptors, effect of Z-prolyl-dextroleucine on morphine withdrawal, mice, 27604
DSP-4 & parachlorophenylalanine & haloperidol, noradrenaline & serotonin & dopamine depletion & hippocampal rhythmic slow activity & exploratory behavior, male rabbits, 8956
ECT treatment or haloperidol, pre- & postsynaptic dopamine receptors, rats, 11547
electric footshock, locomotor response to dextroamphetamine sulfate, rats, 24733
electrical stimulation of ventral subiculum of hippocampus & mesolimbic dopamine pathway, signals reaching nucleus accumbens, male rats, 27508
endogenous hyperprolactinemia, utilization of noradrenaline & dopamine in brain nuclei, male rats, 27371
estradiol benzoate, locomotor activity & postural deviation & rotation induced by intrastriatal injection of dopamine & amphetamine, ovariectomized female rats, 24734
etiological role of dopaminergic & cholinergic mechanisms, 10–14 yr olds with fast vs slow hyperkinesias, 1548
exposure to 60-Hz electrical field, conditioned emotional response, rats, 27494
fluphenazine treatment, plasma homovanillic acid & psychotic behavior, 20–29 yr old chronic schizophrenics, 18131
haloperidol vs estradiol, striatal dopamine receptors, ovariectomized vs hypophysectomized female rats, 27580

high altitude simulation, peripheral & central dopaminergic & adrenergic & histaminergic neurotransmitter-receptor densities & affinities, male guinea pigs, 672
high dopamine concentration in left amygdala, schizophrenics, 17517
high vs maintenance dosages of amitriptyline, MAO & dopamine-beta-hydroxylase & catechol-O-methyltransferase, 19–55 yr olds with bipolar affective or unipolar disorders, 4796
hypothalamic peptides, striatal dopamine receptor function, morphine tolerant-dependent rats, conference presentation, 3409
icv dibutyryl cyclic-adenosine monophosphate vs aminophylline & phentolamine & yohimbine vs haloperidol vs naloxone vs propranolol pretreatment, behavioral excitation, rats, implications for role of dopaminergic & adrenergic brain receptors, 771
icv injection of pro-leu-glyNH-2, alpha methylparatyrosine induced disappearance of dopamine & noradrenaline in limbic forebrain nuclei, male rats, 27657
icv vs ip thioridazine & its metabolites, in vivo vs in vitro estimates of dopaminergic function, male rats, 27603
immobilization stress, plasma corticosterone levels & brain part monoamines & neuroendocrine system, rats, implications for etiology of endogenous depression, 11548
inescapable shock as animal model of depression, escape behavior & brain norepinephrine & 5-HT & dopamine & cerebral blood flow, male rats, 30155
inhibitory modulatory effect of mesocortico-prefrontal dopaminergic neurons, regulation of dopaminergic transmission in motor & cognitive processes & emotional responses, 27355
intermittent haloperidol, behavioral sensitivity to apomorphine & striatal spiroperidol binding, male guinea pigs, implications for prevention of tardive dyskinesia using drug holidays, 24862
intrahypothalamic dopamine injections with vs without pretreatment with pargyline, locomotor behavior & thermoregulation & open field behavior, rats, 13917
intrastriatal dopamine vs amphetamine, contralateral postural deviation & rotation during estrous cycle, rats, 8978
intrathecal apomorphine, tailflick response alteration & role of dopamine, male rats with vs without intact spinal cord, 756
intrathecal apomorphine, thermal & chemical evoked tailflick & nociceptive responses, rats, implications for spinal dopamine receptor afferent inhibitory role in pain, 3462
iodine-deficient diets, behavioral & physiological change, male rats, implications for role of dopaminergic neurotransmitters, 22206
ipsilateral substantia nigra dopamine depletion, contraversive rotational behavior induced by lateral hypothalamic electrical stimulation, male rats, 27461
lesion of mesolimbic & nigrostriatal dopamine systems by 6-hydroxydopamine, avoidance conditioning, male rats, 8913
lesions of nucleus accumbens efferent fibers in substantia innominata & lateral preoptic area, apormorphine-induced locomotor response, 6-hydroxydopamine-infused rats, 16731
lesions of ventral tegmental area & grafts of dopamine-rich tissue reinnervating nucleus accumbens vs medial prefrontal cortex, amphetamine-induced & spontaneous motor activity, female rats, 22076
levodopa provocation test, levels of plasma growth hormone, 2.6–7.2 yr olds with infantile autism, implications for hypothalamic dysfunction & dopaminergic abnormalities in infantile autism, 28183
levodopa, temporal relationship between turning & striatal dopamine levels, rats with nigral lesions, implications for parkinsons disease, 24943
levodopa vs apomorphine vs haloperidol, disruption/facilitation of long vs short chains of intermale fighting, ferrets, 27643
lisuride vs LY-141865 vs 8-hydroxy-2-(di-n-propylamino)tetralin, facilitation of sexual behavior, male rats pretreated with haloperidol, 24783
low dosages of apomorphine, desensitization of dopamine autoreceptors & rebound hypersensitivity, rats, 11609
low vs high doses of dextroamphetamine, sensitivity of dopaminergic neurons in substantia nigra to injections of apomorphine, male rats, 24854
lymphocyte radioactive spiroperidol binding, unmedicated schizophrenics, implications for dopamine hypothesis, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1459
melanotropin release-inhibiting factor prolyl-leucyl-glycinamide & its analog cyclo(Leu-Gly), dopamine receptor supersensitivity in brain induced by chronic haloperidol, male rats, tardive dyskinesia implications, 6094
mephenesin vs diazepam, firing rate of substantia-nigra dopaminergic neurons, cats, 24954
naloxone, dopamine uptake & release in striatum homogenates & synaptosomes, rats, 19671
neonatal injection of 6-hydroxydopamine & desmethylimipramine, dopamine depletion & maze performance, rats, 16791
neonatal tail posture, prediction of striatal dopamine asymmetry & rotational bias, rats, 5999
nigro-striatal dopaminergic system, adaptive conditioned behavior, rats & dogs, 597
nigroneostriatal pathway lesions induced by 6-hydroxydopamine vs dextroamphetamine, apomorphine-induced inhibition of neostriatal activity, rats, 22073
nigrostriatal dopamine lesions, recovery, criticism of study by G. L. Willis & G. C. Smith, 27535
nucleus accumbens lesions, role of mesolimbic dopamine neurons in iv heroin vs cocaine self-administration, male rats, 24775
parachloraphenylalanine, mating behavior & brain concentrations of 5-HT & dopamine & norepinephrine, male chickens, 720
peripheral catechol-amine enzyme function & cognitive impairment, 57–96 yr old institutionalized patients & outpatients with schizophrenia, 121 ,8
perphenazine vs bromocriptine, electroretinogram of dopaminergic activity, 25–30 yr olds, 24831
phencyclidine vs various arylcycloalkylamines vs benzomorphans vs substituted dioxolanes, in vitro dopamine efflux & in vivo dopamine metabolism & affinity for phencyclidine/opiate receptor, male rats, 27645
plasma prolactin vs drug plasma levels vs dopamine receptor blocking activity, clinical responses, 19–68 yr old acute schizophrenics treated with pimozide vs haloperidol, 23360
postmortem brain weight & neurochemical concentrations, 67–85 yr old Alzheimer patients, 4441
postsynaptic dopamine receptor sensitivity, psychotic patients who responded quickly vs slowly to antipsychotic drugs, 26164
prenatal exposure to haloperidol vs apomorphine vs alpha-methyl-paratyrosine, demasculinization of sexual behavior & perinatal & adulthood testosterone levels, male rats, 11596
prenatal exposure to methyl mercury, potentiation of apomorphine-induced stereotyped sniffing & role of enhanced dopamine binding sites, rats, 22148
problematical aspects of dopamine hypothesis of major psychosis, 30962
psychotropic drugs, locomotor hyperactivity induced by nucleus accumbens injection of picrotoxin, male rats, implications for role of dopamine & acetylcholine & GABA transmission systems within nucleus accumbens, 22198
radioligand binding techniques, determination of dopamine receptor subtypes, 2823
repeated levodopa administration, apomorphine induced locomotor hyperactivity, female rats, 6131
reserpine & subsequent dextroamphetamine vs levodopa vs apomorphine, hypothalamic self stimulation, male rats, implications for role of dopamine in reinforcement & possible relations to neocortical slow wave activity, 11552
reserpine vs saline pretreatment & para-chloroamphetamine vs side-chain fluorinated analog, open field behavior & brain levels of serotonin & dopamine & noradrenaline, rats, 3405
role of central dopaminergic mechanisms in control of copulation & postejaculatory refractory period, sexually experienced male rats, 19421
role of dopaminergic receptor binding mechanism in central behavioral effects of morphine, rodents, literature review, 19458
seasonal variations in blink rate & concentrations of catecholamines & their metabolites in hypothalamus & nucleus accumbens of postmortem brains, chronic schizophrenics, 12171
septal & cortical self stimulation reward & density of dopaminergic innervation, rats, 11495
serial bilateral 6-hydroxydopamine lesions, induction of aphagia & adipsia, comments on study by G. L. Willis & G. C. Smith, 27515

serotonin & dopamine receptors, pathogenesis of hypertension, spontaneous hypertensive rats, conference presentation, 30056
serum concentrations of dopamine & prolactin & thyrotropin & thyroid hormone, acute schizophrenic males, implications for pituitary secretory function & beta-adrenergic activity, 9705
serum dopamine beta hydroxylase activity, 28–75 yr old females with bipolar depression with vs without psychosis, 9707
sex & turning preferences, asymmetry of dopamine & norepinephrine in caudate-putamen, rats, 3267
shock-induced defensive fighting, regional changes in brain levels of serotonin & noradrenaline & dopamine & their metabolites, male rats, 8801
shock-induced fighting & social factors, dihydroxyphenylacetic acid levels & tyrosine hydroxylase activity in cortical & limbic areas, male rats, 3338
short term lithium, dopamine beta hydroxylase activity in brain regions, male rats, 11576
single cell & microiontophoretic technique, pharmacologic properties of somatodendrite dopamine autoreceptors on A10 dopamine neurons in ventral tegmental area, male rats, 27667
speed of reactive capacity, prediction of differences in striatal binding of spiroperidol, rats, 11503
spontaneous & dopaminergic-induced yawning & penile erections, male rats, 30243
sulpiride, voluntary consumption of ethanol vs water vs food, UChA vs UChB rats, 6140
thyrotropin-releasing hormone & its analog, body shaking behavior & biochemical estimates of activity of dopamine neurons, male rats, 16812
tiapride & haloperidol, recurrent episodes of neuroleptic malignant syndrome, 51 yr old female, 10274
trifluoperazine &/vs morphine, dopamine turnover & analgesia, male rats, conference presentation, 30317
unilateral iv administration of dextroamphetamine & apomorphine vs alpha-flupenthixol into medial vs lateral substantia nigra pars compacta, direction & magnitude of circling behavior, rats, 27656
unilateral 6-hydroxydopamine lesions in striatonigral pathway, apomorphine & pergolide rotation, rats, 19631
utility of amfonelic acid-induced locomotor stimulation, evaluation of potencies of classical & atypical antipsychotics, male mice, 6142
withdrawal of neuroleptic treatment after 3 yrs, decrease of CSF dopamine & metabolites & noradrenalin, chronic schizophrenic patients, 18094

Dopamine Agonists [See Also Amphetamine, Apomorphine, Morphine]
apomorphine & piribedil, growth hormone responses, adult depressed patients, 22721
apomorphine or haloperidol or levo-3-PPP, sexual behavior & stimulation of central dopamine autoreceptors, male rats, 27545
apomorphine vs other dopaminergic agonists, yawning, male rats, 776
bromocriptine, severe premenstrual dysphoria, 18–45 yr old females, 7478
chronic lithium administration, dopaminergic agonist induced supersensitivity, male rats, 24928
dopamine agonist mesulergine, motor disability & psychomotor & cognitive abilities, Parkinson's disease patients, conference presentation, 20914
D1 dopamine receptor agonist R-SK & F 38393 vs D1 antagonist Sch 23390 vs D2 antagonist metoclopramide, grooming & stereotyped behavior, male rats, 6143
iv self administration of dopamine agonists apomorphine vs piribedil vs propylbutyldopamine vs bromocriptine vs SKF 38393, monkeys, implications for reinforcing properties of CNS stimulants, 22232
low dose of bromocriptine, chronic schizophrenia, medicated patients with mean age of 33.7 yrs, 15283
norepinephrine vs muscimol vs bromergocryptine, food consumption, zinc-deficient male weanling rats, 6117
pergolide, motor activity, rats, 3463
pharmacologic test using locomotor activity, assessment of selective dopamine autoreceptor activation, female mice, 772
piribedil & dextroamphetamine, locomotor activity, immature rats, 13880
unilateral 6-hydroxydopamine lesions in striatonigral pathway, apomorphine & pergolide rotation, rats, 19631

Dopamine Antagonists
age & Pavlovian conditioning, brain biogenic amine content & spiroperidol receptor binding in caudate nucleus, rabbits, 582
diagnostic criteria & drug treatment, children with tic disorders, 23354
dopamine & dopamine agonists & antagonists, thirst & drinking behavior, rats, literature review, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 741
dopaminergic vs serotonin neuronal systems, discriminative stimulus properties of lergotrile, rats, implications for treatment of Parkinsonism, 16748
D1 dopamine receptor agonist R-SK & F 38393 vs D1 antagonist Sch 23390 vs D2 antagonist metoclopramide, grooming & stereotyped behavior, male rats, 6143
intrastriatal grafts of adrenal medulla & location of grafts, rotational behavior & modulation by haloperidol & flupenthixol, rats with unilateral dopamine-denervated striatum, 6077
metoclopramide treatment, tardive akathisia & agitated depression, 47 & 50 yr old female & male patients, 26205
tetrabenazine, tics & sleep, 10–48 yr olds with Gilles de la Tourette's syndrome, 7445
utility of amfonelic acid-induced locomotor stimulation, evaluation of potencies of classical & atypical antipsychotics, male mice, 6142
yohimbine vs neuroleptic drugs, apomorphine-induced pecking behavior, pigeons, implications for screening neuroleptic drugs, 27546
zetidoline vs haloperidol, acute schizophrenia, 16–65 yr old inpatients, 23361
zetidoline vs levosulpiride, cerebral bioelectrical potentials, psychiatric patients, conference presentation, 1991

Dopamine Metabolites [See Also Homovanillic Acid]
acute vs chronic diisopropylfluorophosphate, striatal dopamine metabolism & differential motor behavioral tolerance, rats, 8953
bombesin, dihydroxyphenylalanine & dihydroxyphenylacetic & homovanillic acids & dopamine metabolites in brain regions, male rats, 804
clonidine withdrawal, catecholamine metabolism & cardiovascular & behavioral changes, 53–67 yr old male patients treated for alcohol amnestic disorder, 26186
CSF levels of metabolites of norepinephrine & dopamine & serotonin, male patients with Korsakoff's disease & history of chronic alcohol consumption, implications for other cognitive disorders, 7090
food access following food deprivation, time-dependent changes in hypothalamic dopamine metabolism, rats, 8847
haloperidol vs ECS withdrawal, CSF levels of dopamine metabolites dihydroxyphenylacetic & homovanillic acids, male rats, 24727
intranigral injections of 6-hydroxydopamine or gamma-hydroxybutyrate, sensorimotor impairment & levels of dopamine metabolites in neostriatum, rats, 3398
performance of operant behavior & pargyline-induced inhibition of monoamine oxidase, turnover of dopamine in caudate-putamen & amygdala, male rats, 564
probenecid, CSF concentrations of serotonin & dopamine metabolites before & after weight recovery, anorexic patients with vs without bulimia, 12367
withdrawal of neuroleptic treatment after 3 yrs, decrease of CSF dopamine & metabolites & noradrenalin, chronic schizophrenic patients, 18094

Dormitories
construction & factor analysis of short form of University Residence Environment Scale, college students, 29470
evaluation of inservice training session for increase of understanding & awareness of problem solving processes, college residence hall staff, 18539
Faculty Fellows Project, faculty-student interaction in student residence halls, college students & faculty, 26618
multivariate statistical technique for separation of individual & group effects, application to data on crowding in university residential environments, college students, 19136
relationship skills workshop, roommate relationship, college students, 6-wk followup, 31441

residence hall resource teams, cooperation & efficiency in counseling activities, residence hall staff & university counseling center staff & campus ministers, 18756
temperament, initial adjustment to living in residence hall, college students, 29322
types of problems presented to university counseling service, residence hall vs commuting college students from different academic years, 32203
Dorsal Horns
punctate burns to skin, response properties of group of lamina 1 projection cells in dorsal horn of spinal cord, decerebrate adult rats, 19592
technique for recording neuronal activity from spinal dorsal horn, healthy restrained cats, 26924
Dorsal Roots
diazepam vs p-chloro-derivative Ro 5-4864, spontaneous & GABA-induced responses of spinal cord & dorsal root ganglion neurons, mice, 22219
Double Bind Interaction
double bind & Koan Zen, 11887
double bind, sex roles, females, 11959
double bind theory, schizophrenia, 9618
psychoanalytic perspective, double bind, 17 yr old male schizophrenic patient, 4601
Doves
exposure to predator & flock size, absolute & instantaneous feeding rates, female Barbary doves, 515
flock size & predatory risk, peeking & eye closure during sleep, Barbary doves, 514
internal vs external factors, feed/drink decision, doves, 8706
photoperiod, timing of incubation periods between mates, ring doves, conference presentation, 3229
testosterone propionate vs 5-alpha-dihydrotestosterone propionate vs cholesterol, wingflipping & receptive crouching, ovariectomized ring doves, 789
Downs Syndrome
ability to act out active & passive semantically biased & neutral sentences in comprehension task, 4.3–17.1 yr olds with Downs syndrome, 9827
acquisition & maintenance of video game initiation & sustaining & termination skills, 20 yr old female with Down's syndrome, 32121
acquisition of speech-act conversation & utterance relation, mothers & their Down's syndrome children, 25730
adaptive behavior, institutionalized adults with Down's syndrome, 20455
age-related neuropsychological deficits, Down's syndrome Ss with mean age of 37.1, 6982
analysis of conversations with handicapped vs nonhandicapped peer, 12–15 yr olds with Down's Syndrome, 6972
approach to communication of child's Down's syndrome diagnosis to parents, physicians, 21000
auditory stimuli, event-related potentials & RT, 12 yr olds with Down's syndrome, 14859
chewing movements & cycles, 4 & 5 yr olds with Down's syndrome, 22890
color discrimination, mentally retarded 30–82 mo olds & 91–154 mo olds with Down's syndrome, 20456
conditional discrimination of positive vs negative auditory vs visual stimuli, autistic 7 yr olds & 25 & 27 yr old males with Down's syndrome, 20446
congenital heart disease vs respiratory infection mortality, deceased Down's syndrome patients, 25705
custody of 1 yr old with Down's syndrome, mildly retarded mother & father with low-average intelligence & learning disability, case law, 14355
developmental coaching intervention program, infants from birth to 48 mo old with Down's syndrome, 4555
early intervention & resource teacher support & mainstreaming, social adjustment & academic performance, 6.9–8.9 yr olds with Down's syndrome, 8078
etiology & treatment of anorexia nervosa, 35 yr old female with Down's syndrome, 17669
evaluation of early infant stimulation demonstration programs, children with Down's syndrome, 15045
evaluation of progress using context input process & product model, Down's syndrome & multiply handicapped children in special programs, New Zealand, 21441
height & weight, Down's syndrome vs trainable mentally retarded 7–20 yr olds, Canada, 17690
history & research & gap between research & clinical practice, Down's syndrome, 14869
home advisory service, mental development, Down's syndrome children during 1st yrs of life, 10422
home environment, sensorimotor development, 6.5–24 mo old nonretarded vs Down's syndrome infants, 4374
imitation of pitch & duration & loudness of adult vocalizations, 2.2–3.7 yr olds with Down's syndrome, 25729
incidence & prevalence of Down's syndrome, 25732
incidence of Down's syndrome, Orthodox Jewish children, Jerusalem, 1968–82, 20454
incidence of hearing impairment, Down's syndrome 5.3–20.2 yr olds in special schools, 22904
IQ & adaptive behavior & impact on family, families with Down's syndrome children, 8-yr followup, 14853
mainstreaming, adjustment, 5.7–8.2 yr olds with Down's syndrome or cerebral palsy or mental retardation, 21415
major depression & anorexia nervosa, adults with Down's syndrome, 9861
manual symmetry & neural correlates of finger-tapping task & movement sequencing, Ss with Down's syndrome vs undifferentiated retardation, 31079
material influence, competence assessed by lock box, Down's syndrome children with mean age of 45.5 mo, 17665
maternal assessment of first word vocabulary vs Reynell Expressive Language scores, 3.1–7.6 yr olds with Down's syndrome, 1591
maternal rating of child's vocabulary vs Reynell Developmental Language Scale scores, mothers of 37–90 mo olds with Down's syndrome, 28370
maternal speech & linguistic environment, 21.5–37.1 mo olds with Down's syndrome, 20435
measurement by play audiometry with peep show test &/or electrophysiological audiometry by auditory brain stem response, incidence of hearing impairment, 10 mo through 15 yr olds with Down's syndrome, 4377
mental ability & symbolic play & expressive & receptive language, 19–90 mo olds with Down's syndrome, 25708
multiple vitamin deficiencies, neural development, patients with Down's syndrome, literature review, 17689
neurochemical approaches in etiology & incidence of premature aging, Down's syndrome patients, 25698
noninstitutional rehabilitation program, cognitive & verbal & functional performance, 15–41 yr olds with Down's syndrome, 10500
norm- vs criterion-referenced test, assessment of receptive language skills, 3–5.5 yr olds with Down's syndrome or cerebral palsy or delayed development, 28378
object & social mastery motivation & developmental assessments, Down's syndrome vs nondelayed infants, 17679
predictive factors in birth of Down's syndrome infants, parents of Down's syndrome vs normal children, 6971
presence of normal receptors for somatomedin & insulin, 18–20 wk old fetuses with Down's syndrome, 6975
relationship between verbal skills & social competence, 4.8–5.4 yr olds with Downs syndrome & other handicaps, teaching implications, 18689
relationship of genetic differences to aging & dementia & Alzheimer's disease & Down's syndrome, 17821
right hemisphere language dominance on dichotic digit task, 10–37 yr olds with Down's syndrome, 9862
self controlled visual matching task, maintenance of attention, children with Down's syndrome vs other mental handicaps, 28375
self management strategy with rewards, decrease in undesirable behavior & generalization to sheltered workshop setting, mentally handicapped 21–28 yr olds, 18362
serum levels of albumin & transferrin & IgG & IgA & CSF IgG levels, demented 36–64 yr olds with Down's syndrome, 12296
sexuality, male 34 yr old with Mongolism, conference presentation, 31083

social vs isolate toys, interactions & play, mentally retarded & Downs syndrome & nonhandicapped 3–5 yr olds in integrated vs nonintegrated groups, 5321
somatomedin production, brain development, patients with Down's syndrome, 6986
superoxide dismutase & glutathione peroxidase & lipoperoxidation activity, Down's syndrome fetal brain, aborted fetuses, 25703
temperament ratings during classroom vs mother vs teacher interactions, developmentally delayed vs Down's syndrome vs cerebral palsied vs audiovisually handicapped 7–35 mo olds, 6712
token reinforcement program, off-path wandering, institutionalized 25 yr old female with Down's syndrome, 18067
tongue movements during eating, 4 & 5 yr olds with Down's syndrome, 22889
total communication intervention vs traditional simulation programs, language skills, Down's syndrome & normal language delayed 18–36 mo olds, 4837
total task chain training, acquisition of busperson job skills, 20 yr old male with Down's syndrome, 31751
toy exploratory behavior, Down's syndrome vs nondelayed infants, 25723
trends of overweight in childhood & adolescence, somatotype assessment & body fat percentages, 19–42 yr olds with Down's syndrome, 31076
Doxepin [See Antidepressant Drugs, Tranquilizing Drugs]
Draftees
age & sex & education & nature of medical symptoms, source & timing of referral to mental health clinic, drafted Air Force personnel, Israel, 12762
course & outcome of drug abuse, male military conscripts, Sweden, 28296
course & outcome of drug abuse, military conscripts, Sweden, longitudinal study, 31017
drug-related medical & social conditions, male military conscripts, 5–7 yr followup, Sweden, 28294
significant others' voluntary termination of pregnancy, psychopathological reactions & depression & attempted suicide, 18–22 yr old male military recruits from disadvantaged backgrounds, 1374
Drama
alienation expressed in 3 20th century operas, 3563
application of terminology associated with drama to psychotherapy, 31395
association of grief with grievance against loved one in dramatic works of E. Ionesco, 13973
concept of family projection process as illustrated in T. Williams's play "The Glass Menagerie", 3824
creative drama activities, self expression & attitudes & catharsis from emotional difficulties, hearing impaired preschool children & elementary & secondary school students, 5327
creative drama as therapy & recreation, autistic adolescents, 20827
creative dramatic experiences, learning physical & character control, children, 29186
curriculum aspects of drama on education, 21324
depth psychology interpretation of H. von Kleist's "Penthesilea", 836
design & use of dramatic activities in long term health facilities, disabled elderly, 26315
displaced sexuality & test of masculinity in terms of aggressive behavior which leads to murder, analysis of Shakespeare's "Macbeth", 6209
drama & theater techniques, treatment & basic educational skills, prison inmates & ex-offenders, 12841
drama vs conventional teaching methods, science education, 10–11 yr olds, 7882
factor analysis of Barron-Welsh Art Scale & Adjective Checklist & 3 original measurement instruments, measurement of creativity & energy activity preference, dance & music & drama college students, 29395
generation of plots dealing with human emotions for dramatic TV programs, male vs female college students, test of derivations from S. S. Tomkins's script theory, 13923
guidelines for teaching creative dramatics to children, 15735
hand puppetry, psychiatric patients, 17859
imagery & drama, psychotherapy & wholistic personality development, 28528
imagery in creative drama, study of theatre & child development, 1006
mental imagery, mime & movement training, 29193
model of group process as drama, implications for group psychotherapy & training of group facilitators & therapists, 10181
music & dance & drama & art education, quality of life & functional skills, severely mentally retarded 3–21 yr olds, conference presentation, 15891
oedipal conflict & its resolution as theme of W. Shakespeare's "Midsummer Night's Dream", 3558
oedipal themes in "Sir Gawain & the Green Knight", 3565
oedipal themes in W. Shakespeare's "Macbeth", 3559
parallels & functional similarities among mythology & philosophy of theatre & psychoanalysis & play, 16841
photodrama & corporal image as diagnostic & therapeutic aides & analysis of body image, psychiatric patients, 4567
psychoanalytic interpretation of Shakespeare's "Timon of Athens", 3567
psychoanalytic interpretation, Shakespeare's artistic development, 11659
reflections on M. Medoff's play "Children of a Lesser God", communication & development of autonomy, children, 6395
theatre and psychoanalysis, 19755
Draw A Man Test [See Goodenough Harris Draw A Person Test]
Drawing
adoption of height in drawings as depth cue, 4 vs 5–6 yr olds, 22307
art therapy, intake interview at university counseling center, college students, 8124
artwork & drawings in therapeutic communication, self concept before & during & after psychiatric hospitalization, 9–12 yr olds, 2164
assessment of creative thinking ability through spontaneous drawings, 3–4 yr olds, 11713
body outline drawings in art therapy, 6–13 yr olds, 31334
composition & relative size of each parent in drawings of family, 5–11 yr olds from separated & divorced families, longitudinal study, 11810
content of drawings, 50 yr old male & 26 yr old female undergoing surgery for encephaloma, 31613
creative vs reflexive-imaginative vs infantile personality features, type of information conveyed in drawings & paintings, schizophrenic patients, 6869
development of abstract expressivity in drawing, 4–20 yr olds, 921
development of drawing ability, kindergartners & 2nd & 4th & 6th graders, 9172
development of expressivity in drawing, 4–20 yr olds, 27855
diagnostic utility of edging on Bender-Gestalt & Memory-for-Designs & Draw-A-Person tests, college students, 24243
drawing disability, 61–84 yr old senile dementia patients, 4488
drawing test, identification of gifted handicapped children, learning disabled 8 yr old male, 13162
drawing together in art therapy, therapist & adult female suffering from anxiety neurosis, 1788
drawings as means of nonverbal communication, children, 22281
drawings of person under Draw-A-Person Test, fluctuations in IQ, female assessed between 4.6–10 yrs of age, longitudinal study, 19028
drawings of trees, intellectual & psychological capabilities, 3–13 yr olds, 943
ethical issues, school psychologist use of projective drawing techniques as method of personality assessment, children, criticism of R. P. Martin's study, 13206
ethical issues, school psychologist use of Draw-A-Person test as method of personality assessment, children, reply to comments by J. G. Patterson & H. L. Janzen, 13199
formal & symbolic character of drawings of boats before vs during war, children with emotional problems, 1762
hand motion variability, spastic 17–20 yr olds vs normal 18–20 yr olds, 12364
increased symmetry in discrimination task & perpendicular error in copying line drawings, children with mean ages of 5.8 vs 6.8 vs 8.5 yrs vs college students, 9220

interactive reading, method for meaningful response to text by drawing & writing ideas that complement story, normal & disabled readers, 5218
language development & drawing & play as nonverbal communication techniques, children, 19795
meeting between Freud & S. Dali & psychoanalytic analysis of resulting portraits, 4076
perpendicular bias in copies in angular figures, 4 yr olds, implications for bisection interpretation, 25079
personality traits & closure difficulty or edging tendencies on Bender Gestalt Test, 15–55 yr old psychiatric inpatients, 5628
prior visual inspection vs naming of familiar vs novel object, drawing of hidden features, 4–7 yr olds, 9160
projective drawings & scores on communicative attitudes scale, 5–10 yr old stutterers vs nonstutterers, 6990
projective value of drawing test "The Enchanted Family", hospitalized neurotic vs asocial or antisocial behavior disordered 10–15 yr olds, 12120
Rey-Osterrieth Complex Figure, assessment of developmental changes in copy productions & development of system for quantifying organization & style, 5–14 yr olds, implications for neuropsychological assessment of children, 24305
spontaneous drawings, understanding of psychologic & physiologic correlates of cystic fibrosis, 3–22 yr old patients, 9964
stages of drawing & scribbling, 0–7 yr olds, 27786
stimulus drawing technique in art therapy, adult & adolescent psychiatric & stroke patients, 17878
symbolism in drawing, psychotic children, 12141
Symptom Checklist 90 & questionnaire as global ratings, assessment of psychological disturbance in pain drawings, chronic pain patients, 17802
task demands, drawing of model cup, 4.8–6.8 yr olds, 6230
use of & preference for vertical vs horizontal lines in drawing, 3–7 yr olds, 9219
use of transparency solution to partial occlusion in drawings, 5–7 yr olds, 3626

Dream Analysis

analysis & interpretation of dreams using Jung's analytical psychology, 26906
analysis of aggressive motifs in dreams, patients with asthma vs rheumatoid arthritis vs hypertension vs colitis vs psychoneurosis, 31203
analysis of dream content & establishment of dream norms, college students, India vs US, 24523
analysis of J. Hillman's approach to dreams, criticism of W. A. Shelburne's study, 28
analysis of manifest dream content, 30–55 yr old depressed vs nondepressed divorcing vs happily married females, 13734
Biblical dream types & interpretation, 29981
color in dreams, psychoanalytic patients, 7253
content analysis of affiliative interactions in dreams, visually impaired 20–56 yr olds, 31192
content of first analytic dream as reflection of neurotic conflicts, 25 yr old male, 26011
countertransference dream, psychoanalyst, 7273
critique of J. Hillman's work on psychological analysis & dreams, 37
directed reverie therapy & dream analysis, female over 30 yrs old with borderline disorder, 31387
divorce & depression, dream characteristics, depressed 30–55 yr old females undergoing divorce, 6744
dream analysis & transference & countertransference, 12480
dream analysis & transference & countertransference, eating disorders, 12527
dream imagery & recovery of early memories, 31–52 yr old psychotherapy patients, 12502
dream interpretation, fear of commitment to life, psychotherapy patients, comments on article by R. F. Formica, 20692
dream interview technique, assessment & control of postnatal distortions of dream content, 20–70 yr old hospital patients, 28657
Freud's aversion to maternity in his dream of "Irma", 21670
Freud's description of creation of "collective figures" in dream condensation vs Jung's view of subjective level of dream interpretation vs W. R. Fairbairn's scheme of splitting & fusion of internalized objects, 8295
Freud's dream of "Irma", development of theory of dreams, 21694
Freud's view & interpretation by classical writers that dream is disguised fulfillment of suppressed/repressed wish, 7274
Jungian analysis of content of "ordinary" dreams reported by J. Cawte, adult Aborigines, Australia, 21900
Jungian analysis of Freud's "Irma dream", 11035
Jungian analysis of nocturnal dream reports to diagnose patterns of family functioning, families in therapy, 7315
latent phrasing & visual imagery & affect, dream content, 13731
linguistic dream analysis technique, 30 yr old male psychoanalysis patient, 12496
mechanisms of dream interpretation outlined by D. Wyss, patient with cardiac neurosis, 1828
methodological problems & proposal for grill analysis, dream analysis, functional & organic CNS disordered patients, 4598
neurobiology of REM sleep & psychoanalytic dream theory, comments on paper by J. A. Hobson & R. W. McCarley, conference presentation, 24132
origins of psychoanalysis & Freud's Irma dream, 31372
personality & dream content & dream coping styles, 15–65 yr olds, implications for cognitive modification of aberrant dream images, 9551
role of loss & grief in dreams of 7 writers, 22256
significance of dreams, Lulua tribe, Zaire, 30579
symbolic content of dreams, psychoanalysis & Gestalt therapy, 12481
theory of significance of dreams of G. Bateson, family therapy, 20 yr old female with fear of disease & death, 31435
time frame in dream interpretation & analysis, 15098
use of dream analysis in insight therapy, 10131

Dream Content

analysis of aggressive motifs in dreams, patients with asthma vs rheumatoid arthritis vs hypertension vs colitis vs psychoneurosis, 31203
analysis of dream content & establishment of dream norms, college students, India vs US, 24523
analysis of manifest dream content, 30–55 yr old depressed vs nondepressed divorcing vs happily married females, 13734
biologic role of dreaming, 20–70 yr old patients with severe medical disease, 17806
content analysis of affiliative interactions in dreams, visually impaired 20–56 yr olds, 31192
content of conscious awareness of dreaming during lucid vs nonlucid dreaming, 8587
content of first analytic dream as reflection of neurotic conflicts, 25 yr old male, 26011
content of 'ordinary' dreams, adult Aborigines, Australia, 22434
countertransference dream, therapeutic process, analysts, 4655
divorce & depression, dream characteristics, depressed 30–55 yr old females undergoing divorce, 6744
dream interview technique, assessment & control of postnatal distortions of dream content, 20–70 yr old hospital patients, 28657
dreams of flying or being airborne, 53 & 57 & 64 yr old male narcoleptics, 9962
estimation of interval between waking events & incorporation into dream through self observation method, author, 13723
experimentally induced demand, content of nocturnal dream, college students, 8589
hypnosis, dispelling of recurrent & traumatic combat dreams, 57 & 37 yr old veterans with posttraumatic stress disorder, 15345
ketamine therapy & dreaming, obstetrical patients, 4816
latent phrasing & visual imagery & affect, dream content, 13731
lucidity of dream content & EEG alpha activity during REM sleep, 19–31 yr old good dream recallers, 11505
personality & dream content & dream coping styles, 15–65 yr olds, implications for cognitive modification of aberrant dream images, 9551
personality characteristics, adults with recurring dreams of teeth loss, 3128
psychological & behavioral characteristics, Ss with dream disturbances & good dream recall, 19296
psychological functions & experimental literature, dreams & dreaming, 29972
recognition & recall of one's own vs others' dreams through reality monitoring, college & graduate students, 16393

recollection of verbal & problem oriented dreams vs emotional & illogical dreams, left vs right eye movements, male college students, replication of study by D. W. Van Nuy, 569
social-psychological factors, dream content, male homosexuals, 1178
structure & therapeutic qualities of visitational dreams, Moroccan Jews, Israel, 22429
symbolic content of dreams, psychoanalysis & Gestalt therapy, 12481
Dream Interpretation [See Dream Analysis]
Dream Recall
addition of contents in recall of REM dream vs film 5 hrs later, male college students, 11347
attitudes toward dreams & dream & nightmare recall frequency, college students, 3126
dream recall ability & reactions to congruous vs incongruous images, 3–8 yr olds, 928
dream recall ability & reactions to incongruous images, 3–8 yr olds, 927
dream recall, migraine headache attacks, 18–52 yr old psychotherapy patients, 17931
precognitive dreams, deja vu, 24092
psychological & behavioral characteristics, Ss with dream disturbances & good dream recall, 19296
psychological defense mechanisms in dream & joke recall, 15–70 yr olds, test of Freud-Grotjahn hypothesis, 402
recollection of verbal & problem oriented dreams vs emotional & illogical dreams, left vs right eye movements, male college students, replication of study by D. W. Van Nuy, 569
sex differences & handedness & lateral eye movement, dream recall, 17–30 yr old college students, 27408
Dreaming [See Also Nightmares]
acting out & functional alteration of dream life, 27189
attribution of moods as perceived interactions between dreaming vs waking divisions of consciousness, male vs female graduate students, 19303
Biblical dream types & interpretation, 29981
biologic role of dreaming, 20–70 yr old patients with severe medical disease, 17806
content of conscious awareness of dreaming during lucid vs nonlucid dreaming, 8587
diagnostic & therapeutic function of countertransference dreams, psychoanalysts, 31409
dreams & schizophrenia, 1486
dreams, identity formation & adult development, female psychotherapists, 10573
dreams of flying or being airborne, 53 & 57 & 64 yr old male narcoleptics, 9962
ecological optics & resonant kinematics of perceiving & imagining & thinking & dreaming, 3052
elicitation of emotions of dreams & memory fragments in biopsychotherapy, 12510
eye movements & dream imagery in REM sleep, young adults, 430
Freudian interpretation of "The Book of Thel", 13956
hypnotic uncovering technique of induced dreams, reduction of inappropriate sexual arousal, male pedophile in early 20s, 31566
hypnotically induced dreams, diagnosis, 4.5–45 yr olds, 20961
ketamine therapy & dreaming, obstetrical patients, 4816
Kleinian theory of Freud's patient Dora's dreams, 16189
lucid dreaming & waking intrusions during REM sleep, 3129
nature of dream reality before vs after European colonization, dream development & cultural consciousness & peace, 17149
out-of-body experiences & lucid dreams & birth trauma, failure to support B. Honegger's hypothesis, 18915
precognitive dreams, deja vu, 24092
psychoanalytic interpretation, dreams & psychotic regression & delusions, psychotic patients, 14669
psychological & behavioral characteristics, Ss with dream disturbances & good dream recall, 19296
psychological functions & experimental literature, dreams & dreaming, 29972
same complexes in dreams & transference & hypnosis, young adult male in which hypnotic intervention precipitated 72 hr paranoid state, 15350
significance of dreams, Lulua tribe, Zaire, 30579
sleeping time & REM, narcissistic-depressive vs psychosomatically reacting patients, 6702
thought organization & primary process mechanisms in dreams, parents of schizophrenics, genetic heritability implications, 20311
tracking movements of eyes & muscle activity & respiratory cycle & remembering & thinking during lucid dreams in REM sleep, 43 yr old male, 639
Drinking (Alcohol) [See Alcohol Drinking Patterns]
Drinking Attitudes [See Alcohol Drinking Attitudes]
Drinking Behavior [See Also Alcohol Drinking Patterns, Animal Drinking Behavior, Problem Drinking, Social Drinking, Water Intake]
compliance with orders to abstain from alcohol consumption, 27–66 yr old patients with alcoholic liver disease, 28533
conditioned respondents as factor in stimulus control of drinking, alcoholic Ss, conference presentation, 4310
exercise, perceived temperature & hedonic values of drinking water, adult volunteers, 19571
interval length of FI food schedules with candy reinforcers, drinking & gross & fine body movement & grooming, female 4 yr old identical twins, 19814
physiological mechanisms, drinking elicited by eating, literature review, 3312
ultradian cycles of eating & drinking, 18–39 yr old smokers vs nonsmokers, conference presentation, 3972
Drinking Behavior (Animal) [See Animal Drinking Behavior]
Drive [See Motivation]
Driver Education
behavior modification procedure, management of performance discrepancy in drunk driving, 18074
film portrayal of graphic documentary scenes of automobile accident victims & autopsy, emotional & motivational states & motor skills, college students, 21524
past traffic offenses as predictor of future driving behavior, selection for driver improvement program, drivers, 2608
special traffic problems & needs, drivers & pedestrians aged 55 & over, implications for driver education, 21541
Driver Safety [See Highway Safety]
Drivers
age & sex & type of offense, traffic law enforcement, drivers, 30684
alcohol consumption & gender differences, adult vehicular occupants injured in crashes, 9481
assessment of personality characteristics & types of motivational distortion, males arrested for driving under influence of alcohol vs reckless drivers, 22871
demographic makeup of jury panels prior to vs following expansion of jury selection source list to include all licensed California drivers, 1126
driver improvement & alcohol education program, 1st time driving-under-the-influence offenders, 18392
evaluation of Alcohol Reexamination Program, drivers with 2 major traffic offenses, 18766
information acquisition & processing & visual perception, drivers, 13348
neurological & psychiatric viewpoints of 1982 medical guidelines for assessment of drivers' fitness, East Germany, 4105
referral to treatment vs educationally oriented rehabilitation programs, drunk drivers, 12859
secondary tasks vs rest periods, performance & fatigue on simulated driving task, 24–55 yr old industrial truck drivers, 32325
self ratings of performance & fatigue & motivation, younger vs older army truck drivers who experienced prolonged convoy driving, 21528
self vs other driving ratings & typology of rated driving, 20–62 yr olds, 21540
signs with airplane silhouette &/vs route arrow & congruence of silhouette's orientation & arrow direction, response times & accuracy of derived directional information, urban drivers, 32332
special traffic problems & needs, drivers & pedestrians aged 55 & over, implications for driver education, 21541
stereotypical responses to diagrammatic analogues of intersection & overtaking decision problems, college students & automobile club members, 18768
Driving Behavior
age & sex & type of offense, traffic law enforcement, drivers, 30684

alcohol doses & monetary incentives & visual interruption, driving control & behavior, 18–23 yr old males, 16749
alcohol education program, knowledge & arguments & compliance & riding with drinking drivers, 9th graders, 6-mo followup study, 15740
altered traffic light contingencies, stop signal compliance, urban drivers, 24037
analgesic drugs, driving behavior & traffic safety, 30209
anti-drunk driving movement & perceived certainty of punishment, deterrence, potential drunk drivers, 6555
antidepressant drugs, driving behavior & traffic safety, 30264
antihistaminic drugs, driving behavior & traffic safety, 30301
antipsychotic drugs, driving behavior & traffic safety, US & Sweden, 30252
assessment of personality characteristics & types of motivational distortion, males arrested for driving under influence of alcohol vs reckless drivers, 22871
attitudes toward vs use of seat belts, male vs female college students, 21534
behavior modification procedure, management of performance discrepancy in drunk driving, 18074
behavioral threat-avoidance model of driving behavior, 13235
benzodiazepines, psychomotor & cognitive performance while driving, 30225
British Road Safety Act of 1967, drunk driving & highway casualities, Great Britain, reply to comments by J. Cohen, 6551
British Road Safety Act of 1967, highway casualties & drunk driving, Great Britain, 6550
California driving-under-the-influence law of 1981, alcohol related accidents in 1982, drunk drivers, 31018
car size vs driving behavior or other factors, accident injury probability, 32211
computerized video training techniques, driving-related perceptual skill deficits, 17–49 yr olds with acquired brain damage, 31777
contingent vs noncontingent rewards, seat belt usage, drivers, 10225
critique of public information & education sections of Report of the Presidential Commission on Drunk Driving, 32212
data from 1977 National Personal Transportation Survey & Fatal Accident Reporting System, assessment of nighttime driving & fatal crash involvement, adolescents, 23941
decision to recommend alcoholism treatment, driving-while-intoxicated offenders, 31805
decreasing radius of curvature of convex external rear view mirror, judgments of vehicles approaching in rearward visual field, experienced drivers, 16118
delayed reward strategy, safety belt use, factory workers, 21530
deterrence of alcohol-impaired driving, US vs Scandinavia, 8158
drinking behavior, 17–25 yr olds arrested for simple drunkenness or disorderly conduct or drunk driving, England, 6914
driver improvement & alcohol education program, 1st time driving-under-the-influence offenders, 18392
driving behavior & history & traffic conflicts, probability of accident, 32217
driving while intoxicated law, drunk driving recidivism, 1st-time & multiple offenders, 1566
drunk-driving enforcement program, deterrence & traffic accident reductions, US, 6557
drunk driving legislation & deterioration of deterrence effects, 6559
drunk driving legislation, deterrence, comments on papers by H. Votey & L. Phillips et al, 6535
economic conditions, alcohol consumption & impaired driving & motor vehicle crashes, 28015
errors of self estimates of blood alcohol context, road safety, social drinkers, 30744
evaluation of Alcohol Reexamination Program, drivers with 2 major traffic offenses, 18766
expensive vs inexpensive vehicles, shopping mall parking violations, 11996
feedback on blood alcohol level, driving while legally intoxicated, college students leaving a drinking establishment, 28011
hospital parking lot design, turning behavior, hospital visitors, 26830
human factors in traffic safety, literature review, 13237
incidence & recidivism, alcohol-related traffic convictions & accident involvement, 5431
incidence of safety belt usage before vs after law making it compulsory, adults, England, 23932
information acquisition & processing & visual perception, drivers, 13348
ingestion of alcohol & benzodiazepines, alertness & risk of automobile accidents, drivers, 10249
laws increasing penalties for driving while intoxicated, accidents causing injuries or death, drunk drivers, France, 30704
legislation raising legal drinking age from 18–20, drinking & driving & nonfatal vs fatal accidents, 16 & 17 yr olds, US, 27878
legislation with fines & therapeutically oriented sentences vs criminal law approach, recidivism, drunk driving offenders, Scandinavia, 20032
marihuana usage, driving behavior & traffic safety, literature review, 30273
Mortimer-Filkins test, prediction of alcohol-impaired driving recidivism, 5659
need for reevaluation & more research on drinking-driving accident environmental countermeasures, 32221
neuroleptic or antidepressant drug treatment, cognitive & psychomotor functioning & fitness to drive automobiles, psychiatric patients, 26167
past traffic offenses as predictor of future driving behavior, selection for driver improvement program, drivers, 2608
perceived driving ability & social norms & other factors, seat belt usage, college students, Sweden vs US, 32220
perception of self- vs object motion, thresholds for object motion & vehicle guidance, implications for traffic safety, 16416
personality & drinking patterns, high-risk drivers with mean age of 38.8 yrs, implications for intervention strategies, 22864
personality profiles, anxious vs reckless drivers, 22868
possession of driving license & car & preferred transportation, aged, 1976 vs 1982, West Germany, 32222
posted feedback & warning ticket programs, speeding & motor traffic accidents, Canada & Israel, 23940
preventive & educational program, problems with alcohol & driving, juvenile delinquents in correctional institution, US, 18361
previous convictions for crimes & personality characteristics, adult males convicted of driving while intoxicated, 17629
prompting & feedback & enforcement, increasing yielding & signaling, drivers & pedestrians, 29490
psychological & physical reasons for drinking, male clients in treatment program for driving while intoxicated vs counselors, 31817
psychological characteristics, males who had been convicted of driving-while-intoxicated offense with vs without involvement in automobile accidents, 25656
race & occupational status, proactive police arrest, intoxicated drivers from roadside survey vs officially arrested drunk drivers, 6541
recidivism-level-specific licensing actions, subsequent driving under influence, 1st vs 2nd vs 3rd drunk driving offenders, 20041
risk homeostasis theory, automotive safety, 24040
saturation law enforcement package designed by R. Van Houten & P. A. Nau, speeding behavior & accidents, motorists, Israel, 18771
secondary tasks vs rest periods, performance & fatigue on simulated driving task, 24–55 yr old industrial truck drivers, 32325
self ratings of performance & fatigue & motivation, younger vs older army truck drivers who experienced prolonged convoy driving, 21528
self reported driving behavior & perception of fines & jail sentences, drunk driving offenders who had had their licenses suspended vs revoked, 20042
self vs other driving ratings & typology of rated driving, 20–62 yr olds, 21540
stereotypical responses to diagrammatic analogues of intersection & overtaking decision problems, college students & automobile club members, 18768
stop vs yield signs, associated accident rates & effect of traffic control on safety of hazardous urban intersections, Israel, 23939
time-to-line-crossing concept, fixed control strategy in automobile driving using preview prediction model, 24–29 yr old male drivers, 8241

traditional approaches to prevention & reduction of drinking & driving, 8162
treatment participation & psychopathology & alcoholism, improvement or resistance, White male problem drinker-drivers with mean age of 38.3 yrs, 2227
treatment resistance issues, driving-while-intoxicated offenders, 5033
Type A & Type B behavior, driving habits, college students, 25479
use of role playing situation, measurement of attitudes toward drunk driving, adults, 17290
vertical signs &/vs ground markings, deterrence of unauthorized use of handicapped parking spaces, nonhandicapped drivers, 13360
Dropouts [See Also Potential Dropouts, School Dropouts, Treatment Dropouts]
attrition behavior & personality traits, attendants vs post-registration dropouts of career workshop, 18778
demographic & developmental characteristics, dropping out of clinical developmental research study, infants & their families, 16853
demographic & treatment factors & post-hospital community adjustment, research dropout in psychiatric setting, older nonresponders vs older completers & older vs younger nonresponders, 5571
evaluation of program effectiveness with nonparticipators assigned to program, 5557
leadership styles vs stress levels, isolation of organizational practices that influence attrition, high vs low attrition US Marine Corps platoons, 16111
Drosophila
ambient humidity & barometric pressure, mating activity, drosophila, 16522
artificial selection for positive vs negative phototaxis, frequency of sepia allele, drosophila melanogaster, 16588
courtship & mating behavior, Drosophila melanogaster, 8689
courtship sounds, 5 strains of drosophila virilis vs 3 strains of drosophila lummei, 16581
development of foraging behavior, Drosophila larvae, 19405
female sex pheromones, discrimination between conspecific virgin females from different stock & courtship behavior, male drosophila from 2 laboratory stocks, 8605
gene transfer at per locus, circadian behavioral rhythms, Drosophila melanogaster, 24621
housing with fertile vs sterile males, reproduction, females of sexual vs parthenogenetic strains of drosophila, 27241
learning ability & biochemical deficiencies, mutant strains of drosophila, critical methodological review of literature, 27316
negative assortative mating in inbreeding, flies, 3245
pheromones, courtship & reproductive behavior, Drosophila melanogaster & simulans, literature review, 27265
population dispersal, drosophila melanogaster from photonegative vs photopositive lines, 16585
preferences for different concentrations of alcohol, drosophila melanogaster vs drosophila simulans, 16600
role of learning & memory in courtship behavior, drosophila melanogaster, literature review, 27304
sensory cues & sex appeal, courtship behavior, drosophila species, literature review, 27314
species differences, contribution to somatic tissues & developing oocytes of females, males of 2 species of drosophila, 3259
X-linked mutations that disrupt learning & memory, attenuation of auditory priming of mating, female Drosophila melanogaster, 671
Drowsiness [See Sleep Onset]
Drug Abuse [See Also Alcoholism, Drug Addiction, Glue Sniffing, Heroin Addiction, Inhalant Abuse]
abuse of pentazocine combined with tripelennamine & client characteristics, drug abusing inpatients & outpatients, 1576
abuse of prescription drugs, 23–77 yr old migraine patients, 6922
abuse potential & physiological effects of caffeine, 1525
abuse potential of drugs & treatments, conference presentation, 4308
addictive & psychosocial factors, amphetamines & amphetamine substitutes, 31041
addictive patterns & health effects, chronic intranasal & free base & iv cocaine abusers with mean age of 30 yrs, 12288
affective disorder & alcohol or drug abuse, females with bulimia, 22972
alcohol & marihuana use & abuse, 23–37 yr old regular marihuana users, 6–7 yr followup, 20430
Alcohol Dependence Scale & Lifetime Drinking History & Drug Abuse Screening Test, assessment of alcohol & drug problems, 5654
alcoholism & antisocial personality & drug usage, male criminals on probation & parole, 17627
antecedents & consequences of drug abuse, male vs female 9th graders, Sweden, longitudinal study, 31035
antecedents of compulsive drug use, literature review, 4317
antisocial behavior & MMPI profile subtype, alcohol & drug abuse, adolescents, 14832
availability of naloxone & pentazocine tablets, iv abuse of pentazocine/tripelennamine, drug addicts, 25667
background issues & counselor intervention strategies, drug abuse, Native American students, 28993
birth weight & length & development, infants born to nonnarcotic polydrug-abusing mothers vs mothers on low-dose methadone maintenance, 25620
chronic cocaine usage, ego states, 21–44 yr old drug abusers, 12281
cocaine abuse, adverse effects on health & psychosocial functioning, 22–59 yr olds, conference presentation, 4355
common etiology, alcoholism & drug abuse & antisocial personality, literature review, 17614
comprehensive approach to drug prevention & education, drug use & abuse, adolescents, 4870
computerized path diagraming of drug abuse theories & causal models, 5570
conditioning, reinstatement of opiate & stimulant self administration, humans & laboratory animals, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 798
contingency contracting & supportive psychotherapy, cocaine abuse, 12864
contingency contracting in family therapy, delinquent & substance abusing adolescents, 15580
cost containment & quality of substance abuse treatment programs, 5031
cost-effectiveness analysis of religion vs health vs social studies curricula in educational drug abuse prevention program, 9th graders in parochial school, 5- & 9-mo followup, 21318
cost-effectiveness evaluation of Channel One as alternative approach to drug abuse prevention, youths, 20682
course & outcome of drug abuse & medical & social conditions, drug abusers, Sweden, longitudinal study, 31016
course & outcome of drug abuse, male military conscripts, Sweden, 28296
course & outcome of drug abuse, military conscripts, Sweden, longitudinal study, 31017
criminal sanctions, drug addiction & crime, literature review, 22499
demographic & diagnostic characteristics, 17–35 yr old benzhexol abusers, 22805
demographic characteristics & drug use & attitudes toward health & law, marihuana vs cocaine use, criminals vs students, 31053
demographic characteristics & time span for drug transmission from established users to friends & acquaintances, 20–30 yr old males, 28365
depressive severity & history of drug abuse & cognitive impairment & outcome, inpatient alcoholics, 6-mo followup, 17600
depressive symptoms, drug abuse treatment clients, longitudinal study, conference presentation, 5040
development of drug abuse & drug career, male vs female 9th graders, Sweden, 11-yr longitudinal study, 31036
diagnosis & group therapy & aftercare, cocaine abuse, 26392
diagnosis & treatment of cocaine smoking disorders, 12279
diagnosis of drug & alcohol abuse during interview, trained vs untrained community-based counselors, implications for intake interviewing & counselor education & research, 28893
diazepam vs oxazepam, abuse liability & behavioral & subjective effects, 28–49 yr olds with drug abuse histories, 25634
differential diagnosis, schizophrenic disorders & drug-induced hallucinations, 30886
drug & alcohol abuse, Switzerland, 25695

drug abuse & depression & suicide as factors in DADS syndrome among 15–24 yr olds, crisis strategies & training methods for crisis intervention workers, 26271
drug abuse, college students, India, 12273
drug abuse, criminality, 9th graders & military conscripts & drug rehabilitation patients & drug users, Sweden, 5–9 yr followup, 25615
drug abuse liability & behavioral toxicity, conference presentation, 4400
drug abuse liability & urine screening, conference presentation, 4303
drug abuse prevention & control, developing countries, 31824
drug abuse prevention research needs, American Indians & Alaska natives, 17657
Drug Abuse scale of Millon Clinical Multiaxial Inventory, test scores, 18–55 yr old drug abusers, 16283
drug acquisition curve for analysis of drug epidemiology, adolescents, 869
drug-related medical & social conditions, male military conscripts, 5–7 yr followup, Sweden, 28294
drug-related mortality, 9th graders & military conscripts & identified drug abusers, 10-yr followup, Sweden, 28295
drug testing, physical dependence & abuse liability, 8947
drug use, criminal activity, methadone maintenance clients vs narcotics users not in treatment, 31038
efficacy of desipramine vs lithium carbonate, cocaine abusers, 7726
efficacy of ECT, phencyclidine-induced psychosis, 17–18 yr old patients with history of drug abuse, 15579
efficacy of therapeutic community, 19–26 yr old drug & alcohol abusers, 5036
epidemiology & diagnosis & treatment & medical factors, abuse of hallucinogens & inhalants, 31027
epidemiology & toxicity of nontherapeutic use of amphetamines, college students, 20412
epidemiology, cocaine usage & abuse, 12226
epidemiology of urban drug-related deaths, 1965–80, 20398
etiology & epidemiology & treatment & prevention, suicide & drug use & running away, female vs male adolescents, 12280
extensive group therapy vs vocational training, attitudes toward self & others, 19–24 male incarcerated drug abusers, 18340
family & demographic characteristics, 14–30 yr old drug abusers developing psychotic symptoms, 17592
family factors, drug use, 15–19 yr old drug users vs abusers, 17623
family therapy, drug abuse as symptom of family system dysfunction, adolescents & their families, 15577
family wealth & fame, drug use & abuse, adolescents, 14214
fentanyl citrate abuse & dependency, anesthesia personnel, 5139
generalized expectancies & conservative attitudes, drug related vs non drug related delinquent males, 31040
group therapy work & severity of drug use, 13–18 yr old males, implications for social casework, 31816
health & psychiatric complications of cocaine abuse, 12232
historical & biological & cultural & psychological & family dynamics & SES & structural-environment determinism perspectives, substance abuse, Mexican American youth, 14811
historical & contemporary approaches to treatment of cocaine abuse, 31814
hypnosis, drug & alcohol rehabilitation, prison inmates, 18382
illicit drug use, urban adolescents in juvenile detention center & inpatient unit of hospital, 1967–77, 6915
incidence of drug abuse & professional consequences, physicians, UK, 28359
indices of social pathology, drug abuse, 1945–82, 17636
individual vs parental drug use & abuse, suicide attempts, 12–18 yr old suicide attempters vs nonattempters & their parents, 4324
intensity of use & psychiatric symptoms & treatment, cocaine abusers, conference presentation, 28329
iv injection of cocaine, generalized seizures, 20–25 yr old patients, 6933
learning theory, psychotherapy effectiveness, alcohol & drug abusers, 7724
legal drug dependency, mortality rate, adults dependent on benzodiazepines & alcohol & other legal or illegal drugs, 22853
level of training & speciality, knowledge of opiate abuse & attitudes toward opiate abusers, medical students & residents & physicians, 12960
long term diazepam & meprobamate abuse, cognitive & memory & motor function deficits, 53 yr old male, 1509
long term heavy & chronic use of barbiturates & sedative-hypnotics, ego state, 22–48 yr old males, 14830
maternal opiate & alcohol & amphetamine & phencyclidine abuse, placental & fetal neurotransmitter receptor development, 25665
methods for assessment of abuse liability of stimulants & depressants, animals, conference presentation, 4357
Millon Clinical Multiaxial Inventory, prediction of drug abuse treatment dropouts, male opiate addicts completing program vs dropouts, 28980
MMPI & MacAndrew Alcoholism Scale results, psychiatrically hospitalized 11.5–17 yr old substance users & their parents, 1333
mortality, patients with affective vs personality disorders vs schizophrenia vs substance abuse vs neuroses vs psychophysiologic disorders, 14595
motivation for drug taking, 15–19 yr old drug users vs abusers, 17624
multistage cyclical model of social problem development, political processes & historical factors in drug abuse as social problem & institutional responses, 4337
music therapy, drug & alcohol abuse, psychiatric inpatients, 10540
nationwide profile of substance involvement, female vs male inmates, implications for treatment, 17631
oral & parenteral abuse of valium, 26 yr old male, 22830
outcome assessment of psychotherapy & rehabilitation, alcoholics & substance abusers, 5039
patterns & complications of drug & alcohol abuse, females, literature review, 17593
patterns & somatic signs of illicit drug use, juvenile delinquents & adolescent inpatients, 1967–77, 28323
patterns & treatment of cocaine abuse, 31059
patterns of sedative & tranquilizer use & abuse, college students, 17634
pharmacologic & clinical review of use of phencyclidine, 14779
phencyclidine abuse-induced depression, 19 & 21 & 29 yr olds, 1511
physiological & psychological & neurochemical & behavioral correlates of cocaine abuse, 12268
poverty & incidence of alcohol & drug dependency, residents 15 yrs & older, Costa Rica, 31052
prevention & treatment of drug abuse, Africa, 2219
problems of mass urine screening for misused drugs, 17632
profile of drug users, urban Southern community, 22842
progressive involvement & concurrent multiple drug use, drug users & abusers, implications for social policies, 31063
prospective payment system, evaluation of diagnosis-related groups for mental disorders & alcoholism & drug abuse, 7687
psychiatric consultation, drug-abusing hospitalized chronic pain patients, 15581
psychological predisposition in cocaine addiction, 12256
psychosocial aspects of drug dependence & abuse, Nigeria, 9794
relationship between school-based prevention activities & drug abusing behaviors, 9th–12th graders, 15789
relaxation therapy & meditation, treatment of drug & alcohol abuse, literature review, 7737
reliability & validity of government-funded data-gathering Drug Abuse Warning Network, literature review, 14834
research strategies for substance abuse prevention, American Indian youth, 31065
research strategies, genetic determinants of drug abuse, 30296
retention rates in therapeutic communities for drug abuse treatment, 5037
school group counseling program for prevention of drug abuse, adolescents, 2577
sensation seeking & other personality correlates & number of drugs used, male nondrug vs chronic drug users, 1570
sensation seeking, 21–40 yr old Black vs White polydrug vs opiate & depressant drug abusers, 1524
serum immunoglobulin concentrations, schizophrenic & depressed & psychotic & substance abusing inpatients, 28181
sex & racial differences, predictability of alcohol & drug abuse with MMPI, Blacks vs Whites, 29770
sex differences, relationship of life event to onset of alcoholism & substance abuse, inpatients, 1520
social background & personality, drug abuse & rebelliousness, males at 19 & 22 yrs of age, 28356

social knowledge of drug, experiences with lethal highs, experienced drug users, 22846
social vs psychological vs medical approaches to rehabilitation, substance abuse, 26381
stress during &/or prior to adolescence, drug usage & abuse, high school students & adolescents in residential treatment, implications for school counselors, 12231
structural model as strategy for sociological analysis of alcohol & drug abuse, 9769
substance abuse & distorted perception & development, adolescents, 6894
substance abuse, family relations, implications for treatment, 10183
Substance Abuse Problem Checklist, clinical information gathering about personal & environment problems, drug &/or alcohol dependent patients, 24191
substance abuse, psychiatric vs medical vs surgical patients, 9762
substance misuse in curricula of graduate psychology training programs, 7829
survey of cocaine use & abuse, 22–59 yr old helpline callers, 20429
symbolic approach to explanation of high rate of barbiturate usage, "punks" & "skinheads," UK, 28300
teacher education in generic primary prevention drug abuse program, male vs female 7th–9th graders, 5230
treatment resistance, female drug abusers, 26396
TV viewing & over-the-counter drug advertisements, use of cigarettes & recall of drug advertisements & drug abuse, college & graduate students, 25383
types of alcohol abuse, 11.3–15.9 yr olds presented to urban children's hospital, 14825
unstructured marathon group, perception of female roles, female drug abusers in state prison with mean age of 23 yrs, 18356
urban marketing of street heroin, 22822
use of cognitive-behavioral approach in drug education program, prevention of tobacco & alcohol & marihuana use, 7th graders, 13173
validation of Brief Minnesota Multiphasic Personality Inventory for screening for substance abuse, male vs female job applicants vs chemical dependency inpatients, 24242
weak links in families leading to & resulting from substance abuse, adolescents from Irish- vs Italian- vs Jewish-American vs Anglo-Saxon Protestant families, implications for family therapy, 14794

Drug Addiction [See Also Heroin Addiction]

addictive patterns & health effects, chronic intranasal & free base & iv cocaine abusers with mean age of 30 yrs, 12288
addictive processes frame of reference, drug & alcohol & tobacco addiction relapse & criminal recidivism, 1551
analysis of trends in theft & violence & drug sales & deception/forgery criminal activities, male narcotic addicts, 28342
assessment of uncertainty & fear of death & depression & hostility & helplessness & competence, 17–41 yr old drug addicts, 26395
behavior modification & therapy techniques, marihuana & cocaine addiction, 21–23 yr old males, 3-yr followup, 31793
buprenorphin-addiction, 23 yr old male heroin addict, 20381
client characteristics, 17–30 yr old drug addicts, 1564
client characteristics, 19–55 yr old opiate-addicted attendees at drug clinic, 10536
clinical psychiatry vs pharmacothymic view of drug dependency, 25668
clinical sociological approach in group therapy, drug addiction, 15557
clonidine- & methadone-assisted detoxification, withdrawal symptoms & side effects, opiate-addicted 21–50 yr olds, 18391
clonidine, treatment of passive narcotic addiction induced by maternal methadone maintenance, neonates, 28989
cocaine addiction of S. Freud & development of psychiatry as medical science, 2763
cocaine use, methadone maintenance clients vs addicts not in treatment, 9778
communication gap, drug addiction researchers vs practitioners, 1567
comprehensive care program, obstetrical & neonatal outcomes & child development, pregnant drug addicts, 12735
consistent methadone vs abrupt switch from methadone to clonidine treatment, 21–50 yr old outpatient opiate addicts, 21138
cooperative attitude in therapy & struggle for power, hard drug addicts, 18383
countertransference & attitudes, evaluation & diagnosis & therapeutic management, drug abusers, addicts, 26385
criminal sanctions, drug addiction & crime, literature review, 22499
current status of addiction hospitals, 7751
decrease in heroin & increase in cocaine as treatment method, heroin addiction, 24–42 yr old heroin addicts, 18380
depressive symptoms, prediction of unsuccessful clonidine vs methadone detoxification, ex-addicts of opiates, 23603
development of Moro Scale, evaluation of immediate & long term effects of neonatal narcotic addiction & withdrawal, neonates with drug-free vs methadone-addicted mothers, 14774
drug abuse & treatment after Iranian revolution, 17–62 yr old opiate addicts, Iran, 22808
drug addiction as unconscious attempt at satisfaction of archetypal need for initiation, 9824
ex-drug addiction of paraprofessional & professional drug counselor, treatment progress, methadone maintenance clients, 18369
experimental psychology, exposure orientation approach to opiate addiction, literature review, 6884
folic acid & vitamin B12 serum & erythrocyte levels, 20–94 yr old patients with senile dementia & psychosis & opiate addiction, 20187
heredity & clinical manifestations of depression & drug addiction, 30892
heroin & narcotic addiction, criminal behavior, 17635
hydromorphone, changes in conversational speech & role as reinforcing drug effect, 25–35 yr old males with history of opiate abuse, 26393
improvement of naltrexone retention during induction & stabilization phases of treatment, narcotic addicts, 23601
incidence of psychiatric disorders, opioid dependent patients, treatment implications, conference presentation, 28346
maternal addiction to narcotic & nonnarcotic drugs, fetal & neonatal development & addiction, newborns, conference presentation, 4287
Millon Clinical Multiaxial Inventory administration, measurement of personality characteristics, male alcoholics vs drug addicts, 25623
naltrexone, extinguishing conditioned drug responses, opiate addicts, 23607
naltrexone, treatment of drug addiction, 19–47 yr old opiate addicts, 6-mo followup, 23596
naltrexone vs therapeutic community, opiate addiction, male veterans, conference presentation, 5027
narcissism, drug addiction, 25693
neonatal & developmental behavioral characteristics, children born to heroin- & methadone-addicted females, 17651
neuropsychological deficits & primary dependence on sedative & hypnotic drugs, outcome of hospital treatment, 21–69 yr olds, 4–6-yr followup study, 12850
nursing considerations & patient & family education, physical dependence vs addiction & drug therapy, aged, 2011
opiate properties of tetrahydropyridine & piperidine, rats, 16769
opiate withdrawal using oral methadone vs electrostimulation, insomnia, drug dependent inpatients, 7728
opportunities for & progress in research on mental illness & addictive disorders, 30876
perceived marital & family environment, opiate addicts vs their mothers or wives, 28331
perinatal exposure to opiates & endorphins, development, organisms, bibliography, 1982–83, 19739
personality core dynamics based on "participant-separant" theory, drug preferences, 25–50 yr old drug addicts, 14828
perspective of analytical psychology, drug addiction, 1583
pharmacologic aspects of maintenance & treatment, cigarette smoking, conference presentation, 28325
prevalence of amphetamine addiction & suggestions for prevention, Japan, conference presentation, 17618
psychiatric & psychosocial & abuse-pattern classifications, drug addicts, 14776
psychoanalytic-based psychotherapy, character-disordered drug addicts, 15572
psychological predisposition in cocaine addiction, 12256
range & utility of MMPI-derived MacAndrew Alcoholism Scale & Heroin Addiction Scale, diagnosis of alcoholism, drug addicts with mean age of 33 yrs, 8397

reformulation of drug dependence as syndrome, 1510
role of family pathogenic factors, development & maintenance of addiction, cannabis vs heroin users & their families, 14764
role of physician, controlled drug use, drug addicts, UK, 5062
self concept scores, White vs Black female alcoholics & drug addicts with mean ages of 26 & 30 yrs, 6898
sequential use of clonidine & naltrexone in drug rehabilitation, opiate addicts, 18377
services of Los Angeles Skid Row Mental Health Project, chronically mentally ill or alcoholic or drug addicted or other homeless children & adults, 23439
severity of psychiatric symptoms, outcome of paraprofessional drug counseling &/vs cognitive-behavioral or supportive-expressive psychotherapy, 18–55 yr old male opiate addicts, 5066
sources of anxiety & history of addiction & involvement with legal & treatment agencies, 17–41 yr old drug addicts, 14835
strategy for differentiation of pharmacological effects from psychological & behavioral effects of drugs, biological assessment of addiction, 1537
studies involving GABAergic systems & analgesia & opiates, rats & mice & humans, implications for drug addiction therapy, 24637
switch to low nicotine cigarette, subjective & physiological indices of withdrawal, smokers, 24964
symbolic interaction theory as framework for etiology of drug abuse, implications for treatment, 28290
therapeutic communities, drug addicts, 7725
therapeutic usefulness of naltrexone, drug rehabilitation, narcotic abusers, 5044
treatment, male vs female opiate addicts, Denmark, 7-yr followup, 26382
validity of norms on audiotape Rathus Assertiveness Schedule, measurement of assertiveness skills, 16–77 yr old drug abusing outpatients, 11183
view of drug addiction as passive activity & addict as object of fate, implications for treatment, 31026
Drug Administration Methods [See Also Injections]
acute vs subacute effects of haloperidol vs chlorpromazine vs clozapine vs chlordiazepoxide, operantly conditioned motor control, male rats, 24832
administration schedule, development of tolerance to haloperidol, male rats, 3417
advantage & disadvantage of use of depot neuroleptics, Scandinavia, conference presentation, 10259
application of strychnine & bicuculline & pentylenetetrazol onto mesencephalic reticular formation, neuronal responses to sensory stimulation, cats & rats, 13883
availability of naloxone & pentazocine tablets, iv abuse of pentazocine/tripelennamine, drug addicts, 25667
chronic vs acute administration of clenbuterol, interest in food & biting behavior, food deprived male mice, 24833
chronic vs acute administration of typical & atypical antidepressants, activity of brain noradrenaline systems & thiopentone analgesia duration as behavioral model of drug action, rats, 24883
depot haloperidol decanoate once per mo, side effects & effectiveness, patients with schizophrenia & schizoaffective disorder & mania & bipolar disorder & depression, 1985
discrimination of im vs iv vs intragastric administration of cocaine & dextroamphetamine during avoidance/escape procedures, rhesus monkeys, conference presentation, 3156
disulfiram in 800 vs 1200 vs 1600 mg sc implants, sobriety & ethanol reaction, 20–63 yr old alcoholics, 2-yr followup, 10547
dosage & timing of dipotassium clorazepate, sleep, 22 & 24 yr old males & 20 yr old female, 3438
dosage schedule & radioimmunoassay monitoring of haloperidol serum levels, clinical & adverse effects, chronic psychiatric patients, 7443
haloperidol with & without drug-free intervals, oral movement, female rats, implications for time-course of neuroleptic-induced tardive dyskinesia, 790
icv vs ip administration of LSD vs dimethoxy-4-methylamphetamine vs mescaline vs lisuride, FR operant responding, male rats, 24894
intermittent psychotropic medication, 23–76 yr old psychiatric patients, 4813
intrathecal vs ip vs icv injections of metergoline, response latencies in tailflick vs hot-plate test, male mice, 6118
ip or iv vs inhalation exposure to toluene as UCS, conditioned taste aversion learning as measure of behavioral toxicity, male rats, 3491
iv administration of noveril for 2 vs 10 days, therapeutically resistant depression, patients with manic depressive psychoses or schizophrenia or traumatic encephalopathy, 12651
iv vs oral alprazolam administration, psychomotor test performance & sedation & pharmacokinetics & bioavailability, 20–32 yr old males, 30299
long-acting depot injection vs oral administration of neuroleptic agents, maintenance, schizophrenic patients, conference presentation, 10279
long term intermittent vs continuous dextroamphetamine administration, acoustic startle, mice, 3472
methodology for schedule-induced self injection of drugs, acquisition & maintenance of drug intake behavior, 6164
oral vs depot fluphenazine, relapse rates, patients, US, conference presentation, 10282
patient controlled analgesia rankings, relative dose indicator, 15 yr old male posttrauma patient & postoperative patients using patient controlled analgesia &/or intramuscular therapy, implications for drug therapy research, 26172
pharmacokinetic & pharmacodynamic approaches to depot neuroleptic therapy, conference presentation, 10264
po vs iv administration of diazepam, memory & cognition & mood & psychomotor performance, 18–30 yr olds, 24835
pulse administration vs single injection of estradiol-17-beta, lordosis, ovariectomized guinea pigs, 6178
repeated doses of nasal nicotine solution, plasma nicotine concentrations, 28–51 yr old male smokers, implications for use as smoking cessation aid, 29007
risk/benefit ratio of depot fluphenazine therapy, literature review, conference presentation, 10270
self administration of clonidine vs oxazepam, withdrawal symptoms, 23–41 yr old methadone maintenance patients, conference presentation, 5052
single vs divided dosage schedules of prazepam, patients with generalized anxiety disorder, 26142
single vs repeated doses of carbamazepine, emotionally labile healthy 18–28 yr old males, 6136
time- vs pain-contingent oral methadone, chronic pain, inpatients, 23371
time interval between sequential exposures to ethanol, development of tolerance indicated by sleep, female mice, 3445
topical application of nicotine, heart rate & salivary nicotine & blood pressure, 31 yr old male, smoking cessation implications, 13902
weekly thyrotropin-releasing hormone, thyrotropin stimulating hormones & prolactin response, 21–37 yr old healthy males, 9039
2- vs 4-hr iv infusion schedules, induction of physical dependence on ethanol & withdrawal reaction, male rats, 11610
Drug Adverse Reactions [See Side Effects (Drug)]
Drug Dependency [See Also Drug Addiction, Heroin Addiction]
abstinence phobias, model for explanation of relationship between anxiety & abuse of opiates & alcohol & tobacco, implications for treatment & staff training, 28988
addiction to amineptine, atypically depressed 33 & 41 yr old females, 28756
adenosine analogs, suppression of naloxone-precipitated withdrawal, opiate dependent guinea pigs & mice, conference presentation, 3524
assessment of dependence potential, cocaine, animals, 11598
brief consultation & stress management, drug & alcohol dependency & sleep onset & quality & sleep efficacy & stress, 36–71 yr old females with insomnia, 18053
chronic cocaine usage, ego states, 21–44 yr old drug abusers, 12281
chronic pretreatment with ethanol, preference for ethanol vs water, rats, 22191
classical conditioning, opiate dependence, conference presentation, 5049
clinical psychiatry vs pharmacothymic view of drug dependency, 25668
clinical utility of naltrexone in opioid dependency treatment, 18376

CNS depression & dosage & concentration of sodium pentobarbital & barbital, tolerance & dependence & severity of withdrawal, cats, 30276
concentration of dextroamphetamine solution, self administration, physically dependent vs naive male rats, 6134
contingent negative variation as technique for differential discrimination, opioid & alcohol & alcohol dependent vs neurotic vs schizotypic vs nonschizophrenic psychotic vs schizophrenic patients, 22788
continuous phencyclidine infusion & withdrawal, operant behavior, rhesus monkeys, 19728
cross validation of multiple regression equations, prediction of susceptibility to alcohol or opiate dependency, substance abusers & working Ss, 2974
dependence & withdrawal from diazepam or lorazepam or clobazam or other benzodiazepines, psychiatric patients, 7453
dependence features of 47 new chemical compounds, rhesus monkeys & rats & mice, conference presentation, 3397
dependence-inducing properties of benzodiazepines, literature review, 2000
dependence potential of benzodiazepines, literature review, 7454
dependence potential of zopiclone, monkeys, conference presentation, 3535
dependence potential of zopiclone vs triazolam, male recovered alcoholics, conference presentation, 4282
development of trihexyphenidyl dependence, 28 & 30 yr old males with schizophrenia, 31519
diagnosis & treatment issues, marihuana dependence, 31039
discrimination & physiological dependence properties of benzodiazepines, baboons, conference presentation, 3451
drug dependency, psychiatric inpatients & students, Brazil, 20411
drug testing, physical dependence & abuse liability, 8947
early housing conditions, open field behavior & morphine consumption & physical dependence, male rats, 24736
elimination of analgesic & psychoactive drugs in treatment, benign chronic pain patients, 18100
ethylketazocine & morphine administration, antinociceptive tolerance & physical dependence, C57 & DBA male mice, 27589
fentanyl citrate abuse & dependency, anesthesia personnel, 5139
hypothalamic peptides, striatal dopamine receptor function, morphine tolerant-dependent rats, conference presentation, 3409
initial sensitivity to ethanol & level of dependence induced by chronic treatment, male rats, 30267
initiation of outpatient withdrawal, chemically dependent patients & family physicians, 5043
intra-arterial vs intrathecal subarachnoid space vs 4th ventricle injection of naloxone, withdrawal, morphine-dependent male rats, 30268
ip infusion of pentobarbital using escalating drug dose schedule, drug dependency, rats, 27669
legal drug dependency, mortality rate, adults dependent on benzodiazepines & alcohol & other legal or illegal drugs, 22853
level of diazepam use & psychiatric symptoms, drug dependent Ss aged 20 yrs old & older, 6882
mecamylamine, nicotine dependence, 24–61 yr old smokers, conference presentation, 5061
modulation of opioid physical dependence during hibernation cycle, ground squirrels, 30202
morphine infusions into ventral tegmental area vs periventricular grey, morphine dependence vs reward properties, rats, implications for independence of dependence & reward mechanisms, 8937
naloxonazine, withdrawal signs & analgesia associated with morphine, rats with dependence to morphine, 24876
naloxone administered during development of ethanol dependence &/vs during ethanol withdrawal, ethanol consumption & withdrawal symptomatology, adult male rats, 13874
neurochemical characteristics of opiate tolerance & dependence, 31031
neuropharmacology of drug tolerance & dependence & abuse, 31011
nicotine, tobacco withdrawal symptoms, smokers with mean age of 36.7 yrs with tobacco dependence, 7731
nociceptive vs antinociceptive vs sensory stimulation & morphine vs naloxone, spontaneous & evoked activity in parafasciculus thalami neurons, male morphine naive vs dependent rats, 27462
normorphine & clonidine & adenosine, mechanisms of dependence in ileum, guinea pigs, 30212
nursing considerations & patient & family education, physical dependence vs addiction & drug therapy, aged, 2011
opiate-mediated control of luteinizing hormone & development of narcotic tolerance & dependence, male rats, literature review, 30211
opioid-neurotransmitter interactions, analgesia & drug dependence & tolerance, conference presentation, 30250
opioid receptor mechanisms in morphine tolerance & dependence, guinea pigs, 30293
oxytocin & Z-prolyl-dextro-leucine, role of limbic system in morphine tolerance & dependency & withdrawal, male mice, 30258
panic disorder associated with opiate dependency, 32 yr old White male on methadone maintenance, 14826
phenomenology & basic mechanisms of drug tolerance & dependence, application to drugs of abuse, 31049
physical dependence potential of zopiclone, 20–39 yr old males, conference presentation, 3430
poverty & incidence of alcohol & drug dependency, residents 15 yrs & older, Costa Rica, 31052
psychodynamics of alcohol tolerance & dependence, 6921
psychosocial aspects of drug dependence & abuse, Nigeria, 9794
reformulation of drug dependence as syndrome, 1510
reinforcing properties of lorazepam vs diazepam, 21–27 yr olds, 6107
rewarding effect of ventral tegmental morphine infusions, rats, implications for ability of opiate receptor fields to produce physical dependence, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 727
schedule-induced ethanol dependence, phenobarbital preference, 11621
substance abuse & distorted perception & development, adolescents, 6894
tolerance & dependence & withdrawal of chlordiazepoxide, spinal reflex function, male rats, 27638
tolerance to vs dependence on vs pharmacodynamic effects of barbital, drug-taking behavior, male rats, 6135
tripelennamine &/vs pentazocine, suppression of morphine withdrawal syndrome as indication of substitution ability, male morphine dependent mice, implications for abuse of tripelennamine-pentazocine combinations by heroin addicts, 22224
type of dependency & social support & general serenity, premature treatment termination, alcohol dependent Ss in 4–6 mo treatment program, 5055
unidirectional non-cross-tolerance to etorphine analgesia, morphine-tolerant male rats, implications for independence of tolerance & dependence, 27636
2- vs 4-hr iv infusion schedules, induction of physical dependence on ethanol & withdrawal reaction, male rats, 11610

Drug Discrimination

binding potency for 5-HT1 vs 5-HT2 sites of putative 5-HT antagonists, blockade of discriminative stimulus properties of quipazine, male rats, 8961
buprenorphine vs oxymorphazone vs morphine, analgesia & drug discrimination, mice & pigeons, conference presentation, 3441
chlordiazepoxide discrimination & transfer to sodium pentobarbital, male rats pretreated with convulsant bemegride & benzodiazepine antagonist RO 15-1788, 19725
dextroamphetamine vs amfonelic acid, behavioral effects in drug discrimination task, male rats, 8930
discrimination & physiological dependence properties of benzodiazepines, baboons, conference presentation, 3451
discrimination learning using pizotifen maleate, rats, 11608
discrimination of clonidine vs saline & generalization to antihypertensive drugs in operant conditioning paradigm, spontaneously hypertensive rats, 27606
discrimination of im vs iv vs intragastric administration of cocaine & dextroamphetamine during avoidance/escape procedures, rhesus monkeys, conference presentation, 3156
discrimination training, discrimination of phenobarbital from dextroamphetamine & tetrahydrocannabinol & pentobarbital & generalization of response, pigeons, 24839

discriminative stimulus properties & other psychopharmacological properties of zopiclone, mice & rats & cats, conference presentation, 3464
discriminative stimulus properties, beta-carbolines characterized as agonists vs inverse agonists at central benzodiazepine receptors, mice, 13912
discriminative stimulus properties of lisuride hydrogen maleate & role of dopamine receptors, male rats, 24931
dosage level of cathinone vs amphetamine vs apomorphine as discriminative stimulus, operant lever press task performance, rats, 3505
dosage levels of ethanol & saline vs pentobarbital, discriminative responding, male rats, 13904
dose & setting & acquired tolerance, perception of alcohol intoxication, male nonproblem drinkers aged 19 yrs & older, 11611
dose of nicotine during operant conditioning, discrimination of nicotine vs nicotine analogs vs saline vs other pharmacologic compounds, rats, 24944
establishment of stimulus control with paramethoxyamphetamine vs LSD, pizotyline effects on stimulus control, rats, 3533
experimental paradigm for study of discriminative stimulus properties of drugs illustrated by dextroamphetamine, 22–34 yr olds, 2790
fenfluramine as discriminative stimulus & interaction with serotonergic systems, rats, 11604
fentanyl vs saline & FR reinforcement schedule differences, discrimination learning, rats, 13879
generalization with Type A vs Type B vs mixed-type MAO inhibitors following dextroamphetamine discrimination training, male rats, 6148
high vs medium vs low nicotine content, discrimination of strength of tobacco smoke, cigarette smokers with mean age of 38.8 yrs, implications for titration, 11615
levels of diazepam, tolerance to depressant effects & drug discrimination, male rats, 27595
mixed agonist-antagonist opioids, positive reinforcement & discriminative similarity to etorphine & ethylketazocine, rhesus macaques, 6181
morphine vs apomorphine vs LSD vs procaine vs pentobarbital, discriminative stimulus properties of cocaine, male pigeons, 16766
morphine vs haloperidol vs chlorpromazine vs scopolamine, discriminative responding with alternating discriminative stimuli, male rats, 3471
pentazocine & tripelennamine, drug discrimination & mu-receptor binding, male rats trained to discriminate morphine from saline, 30295
phencyclidine vs various arylcycloalkylamines vs benzomorphans vs substituted dioxolanes, in vitro dopamine efflux & in vivo dopamine metabolism & affinity for phencyclidine/opiate receptor, male rats, 27645
phencyclidine vs 2-methyl-3,3-diphenyl-3-propanolamine, discriminative stimulus control of conditioned lever press & maze shock avoidance & anesthetic properties, rats & monkeys, 3518
prototype opiate drugs, partial generalization, rats trained to discriminate fentanyl from saline, 16746
reinforcement schedules, bias of phencyclidine discrimination, male pigeons, 19704
shaping procedures, speed of acquisition &/vs asymptotic accuracy of discrimination, rats trained in discrimination of phenobarbital, implications for discriminability index, 26949
stereo-isomer selectivity of sigma opiate/phencyclidine receptors as determined by biochemical & discriminative stimulus behavioral paradigm, male rats, 9042
stimulus discrimination of S(levo)-cathinone vs R(dextro)-cathinone vs (dextro)-cathine vs structural modifications, rats trained to discriminate between stimulus properties of racemic cathinone & its vehicle, 27588
stimulus properties of racemic methylenedioxyamphetamine & its optical isomers, male rats, 8963
structural variation of amphetamine analogs, drug discrimination, male rats, 30234
Drug Dissociation [See State Dependent Learning]
Drug Dosages [See Also Drug Overdoses]
acute vs chronic ethanol administration, ethanol preference, C57B1 vs LACG vs BALB mice, 6171
age & dosage of methylphenidate, compliance & mother-child interactions, hyperactive 4–5.9 vs 6–7.9 vs 8–9.9 yr olds, 4758
alcohol dosages, aggressive behavior, males, 6103
alcohol dose, escape latency & threshold for aversive electrical stimulation of periaqueductal gray, rats, 27565
antipsychotic drug therapy, schizophrenia, implications for drug dosages & combinations, 26211
anxiety reduction program, methadone dosage & alcohol & illicit drug usage & withdrawal symptomatology, methadone maintenance clients, 7729
calculations of mebicar dosages, borderline psychopathological abnormalities, alcoholics, 31548
chlordiazepoxide, time & dose characteristics of behavioral reactivity & locomotion & corticosterone responses, rats with septal lesions, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 792
chronic morphine sulfate injections, acute stimulated feeding, genetically obese rats vs nonobese rats, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 800
chronic vs acute administration of typical & atypical antidepressants, activity of brain noradrenaline systems & thiopentone analgesia duration as behavioral model of drug action, rats, 24883
cigarette smoking, need for higher dosages of neuroleptic drugs, psychiatric patients, 23369
clinical features associated with successful vs unsuccessful response to high dosage anti-epileptic drug therapy, chronic epileptic patients with complex partial seizures, 28793
clonidine &/vs mesoridazine, tardive Tourette-like syndrome, 60 yr old female chronic schizophrenic with tardive dyskinesia, 31521
CNS depression & dosage & concentration of sodium pentobarbital & barbital, tolerance & dependence & severity of withdrawal, cats, 30276
conventional vs high dose of ciz(Z)-flupentixol decanoate, chronic schizophrenia, male patients, 4767
desipramine dosage, desipramine & 2-hydroxydesipramine plasma levels & clinical response, endogenously depressed patients, 20890
desipramine plasma levels & therapeutic response, depressed Ss with melancholia, conference presentation, 23317
dextroamethasone dosage levels & age, suppression of serum corticosterone, male rats, implications for experimental animal model of dexamethasone suppression test, 9000
dextroamphetamine sulfate dosage, spontaneous motor activity, male pigeons, 24849
diazepam dosages & previous exposure to diazepam, compensatory tracking behavior, rhesus monkeys, 19656
diazepam dosages, immediate & delayed free recall of word lists & serial number learning & semantic categorization, 18–30 yr olds, 6125
diazepam dosages, psychomotor & cognitive functions & mood, 18–30 yr olds, 6126
diazepam, prolactin secretion & antipsychotic effects, 14–18 yr old acute schizophrenics, 7489
disulfiram in 800 vs 1200 vs 1600 mg sc implants, sobriety & ethanol reaction, 20–63 yr old alcoholics, 2-yr followup, 10547
dosage & timing of dipotassium clorazepate, sleep, 22 & 24 yr old males & 20 yr old female, 3438
dosage of chronic haloperidol or apomorphine, behavioral hypersensitivity, rats, implications for risk of tardive dyskinesia as side effect of neuroleptic treatment in humans, 24858
dosages for tricyclic antidepressants & benzodiazepines, anxiety & depression, geriatric patients, literature review, 31495
dosages of arginine-8-vasopressin injections into cerebral ventricles, barrel rotations & other behavioral effects, male rats, 30205
dose & reinforcement schedule effects & blockade of benzodiazepine & GABA receptors, self-injection of diazepam, male rats, 24913
dose & setting & acquired tolerance, perception of alcohol intoxication, male nonproblem drinkers aged 19 yrs & older, 11611
dose of methylphenidate, reading skills & oral reading, hyperactive 9–15 yr old males with attention deficit disorder, 12619
dose of nicotine during operant conditioning, discrimination of nicotine vs nicotine analogs vs saline vs other pharmacologic compounds, rats, 24944

dose of phenobarbital & positive verbal vs negative shock reinforcement, performance on sentence completion task, introverted vs extraverted female graduate students, India, 24842
dose-response effect of testosterone, sexual & agonistic behavior patterns, male ring doves, 19691
doses of pralidoxime methanesulfonate & cimetidine, strength of conditioned taste aversion & drinking behavior & acute oral toxicity, male rats, 19699
effectiveness & dosage & side effects & drug interactions of MAO inhibitors, treatment of anxiety & depressive disorders, 31554
finlepsin treatment, patients with manic depression or schizoaffective psychoses, 12664
food deprivation & drug dose, etonitazene self administration, male rats, 3419
haloperidol dose & plasma concentration, psychotic symptoms, 24 yr old male schizophrenic patient, 15321
haloperidol dose, differential clinical improvement, high- vs low-energetic level schizophrenics, 26179
haloperidol with & without drug-free intervals, oral movement, female rats, implications for time-course of neuroleptic-induced tardive dyskinesia, 790
high dosage of progesterone, postpartum depression symptoms, 25–41 yr old females, 18154
high methadone maintenance dosage, chronic heroin usage during rehabilitation, heroin addicts with mean age of 33 yrs, 7730
high vs low dosage expectancy of 95 per cent alcohol, aggressive behavior & assertiveness, male college students, 763
high vs low dosages of prostaglandin F2alpha or PGE1 & dextroamphetamine, hyperthermia & operant behavior, male rats, 22202
high vs low doses of ethanol, reinforcing effects in self administration of ethanol, male rats, 22203
high vs low lithium, diet & time of day circadian rhythms of drinking & body weight & retinal & blood distribution, pigmented eye vs albino rats, conference presentation, 30315
high vs maintenance dosages of amitriptyline, MAO & dopamine-beta-hydroxylase & catechol-O-methyltransferase, 19–55 yr olds with bipolar affective or unipolar disorders, 4796
higher plasma haloperidol concentrations, schizophrenic patients, China vs US, 18133
increasing doses of trazodone vs doxepin once daily, side effects & improvement, endogenous & anxious depressed 18–64 yr old outpatients, 7469
interaction of visual vs auditory stimuli & dosage of pentobarbital as discriminative stimulus, choice behavior in maze, male rats, 13889
isocarboxazid dosage, antidepressant effect, depressed inpatients, 7419
ketamine therapy & dreaming, obstetrical patients, 4816
lithium, circadian rhythm of plasma & pineal melatonin, pigmented eye vs albino rats, conference presentation, 30294
low diazepam dose, food consumption & general activity, rats, 30214
low dosages of apomorphine, desensitization of dopamine autoreceptors & rebound hypersensitivity, rats, 11609
low dose of bromocriptine, chronic schizophrenia, medicated patients with mean age of 33.7 yrs, 15283
low doses of melperone, anxiety & side effects, 18–60 yr old anxious neurotic outpatients, 20932
low lithium dosage, 65–77 yr old geriatric patients with bipolar affective disorder, 18141
low vs conventional doses of fluphenazine decanoate, relapse rates & side effects, schizophrenic males, 10288
low vs high dosage of fluphenazine, effectiveness & risk of extrapyramidal toxicity, comments on findings of S. R. Marder et al, 31547
low vs high dosages of sulpiride, antiautistic vs disinhibitory effects, hebephrenic patients, 12653
menstrual-cycle phase & low vs moderate vs high dose of alcohol, blood alcohol levels, female monkeys, 11606
methadone dose & time in treatment, treatment retention & clinic attendance & illicit drug use & withdrawal symptoms, methadone detoxification patients with mean age of 29 yrs, conference presentation, 5048
method for adjustment of lithium carbonate dosages, manic depressive patients, 28772
methylphenidate dosage, school behavior & paired associates learning vs teacher/classroom assessment, 6–10 yr old hyperactive males, 26196
mild vs strong dose of alcohol & high- vs low-inhibitory conflict conditions, helping behavior, college students, 16805
need for monitoring plasma levels of antidepressants & antipsychotics, psychiatric patients, implications for dosage & side effects, 23299
neurotoxin lesions of nucleus accumbens & drug dose, CRs concurrently maintained by food & water & morphine reinforcement, rats, conference presentation, 3384
normal prescriptions & psychotropic drug responses, Asian patients, 15330
nortriptyline with & without chlorpromazine & dosage levels, delusional & major depression, 12–17 yr olds, 18110
patient controlled analgesia rankings, relative dose indicator, 15 yr old male posttrauma patient & postoperative patients using patient controlled analgesia &/or intramuscular therapy, implications for drug therapy research, 26172
peak plasma concentrations of prazepam vs clorazepate vs diazepam, fatigue, 22–38 yr olds, 19726
phenobarbitone vs phenytoin vs carbamazepine vs sodium valproate as single drug therapy, grand mal seizures, 3–14 yr olds, 31500
plasma drug concentration of single dose of amitriptyline, predictability of steady state therapeutic level, 25–72 yr olds with depression, 31515
posttraining injection of naloxone & morphine & drug dosage, retention of inhibitory avoidance response, male mice, 8932
progressive reduction of dose of phenelzine, treatment of depression, depressed patients, 20901
psychopathology, response to graduated spinal block, chronic pain patients, 18202
relationship between dosage & anxiety effects of diazepam & serum concentrations of diazepam & nordiazepam, acutely vs chronically anxious patients, 15334
relative reinforcement properties of buprenorphine & methadone & heroin, monkeys, conference presentation, 3486
repeated exposure to high concentrations of toluene, tolerance & reverse tolerance & open field behavior, male rats, 22173
repeated high doses of phencyclidine, drug tolerance & depletion of catecholamine stores, rats, 13914
seizure duration & anesthetic dose, verbal recall & depression following ECT, depressed patients, 28570
single dose of trazodone, complete heart block, 77 yr old depressed alcoholic male, 10300
single nighttime vs divided daily doses of trazodone, therapeutic efficacy & side effects & sleep, depressed 21–69 yr olds, 26147
single vs divided dosage schedules of prazepam, patients with generalized anxiety disorder, 26142
techniques for lithium-based treatment, endogenous affective disorders, 7447
tetrabenazine, chronic spontaneous oral dyskinesia, 47–81 yr old patients, 23295
therapeutic monitoring of plasma levels of neuroleptics, psychiatric patients, literature review, 10304
use of high-dose neuroleptics, Italy, criticism of P. Bollini's article, 18151
use of high-dose neuroleptics, Italy, reply to comments by C. Thiels, 18152
use of 3-way configural frequency analysis, assessment of effects of high vs low dosages of haloperidol, acute paranoid schizophrenic patients, 28781
utility of amfonelic acid-induced locomotor stimulation, evaluation of potencies of classical & atypical antipsychotics, male mice, 6142
yohimbine doses, creation of anxiety state assessed by self reports, 20–46 yr olds, 27596

Drug Education

alcohol & drug education programs, prevention of delinquency, 23768
alcohol & drug education teacher training, assertiveness skills & knowledge level & attitudes toward drug & alcohol abuse & values clarification, teachers, 21281

alcohol education module integrated into environmental physiology course, attitudes & knowledge & alcohol drinking behavior, college students, 1-mo followup, 21294
alcohol education program, knowledge & arguments & compliance & riding with drinking drivers, 9th graders, 6-mo followup study, 15740
alcohol education programs, prevention of fetal damage, school children & adolescents, 15762
alcohol education with vs without "know the score" self monitoring of consumption of alcohol, 17–64 yr old male vs female professional vs white-collar vs blue-collar workers, 17282
alcohol usage & health education, adolescents, New Zealand, 14005
attachment to school & gains in knowledge from alcohol education program & drinking behavior, 8th graders, 21394
community agency driving-while-intoxicated education & alcohol awareness, counselor training program, court-referred clients & counseling trainees, 7848
comprehensive approach to drug prevention & education, drug use & abuse, adolescents, 4870
construction & reliability & validity of Alcohol Education Evaluation Instrument, effectiveness of alcohol prevention & intervention programs, 27019
content & format of Alcohol & Drug Education in the Schools Program, public & parochial & alternative elementary school teachers, 18595
cost-effectiveness analysis of religion vs health vs social studies curricula in educational drug abuse prevention program, 9th graders in parochial school, 5- & 9-mo followup, 21318
cost-effectiveness evaluation of Channel One as alternative approach to drug abuse prevention, youths, 20682
critical issues in drug education, 2209
design of health education techniques & strategies & methods for reduction of drug use, secondary schools, 18586
development of smoking prevention program with short films, junior high school students, 13039
developments of skits highlighting major issues related to campus alcohol use, 29442
drug abuse prevention program, drug usage & knowledge, 7th graders, 18584
drug abuse prevention program, 11–13 yr old rural middle school students, 8130
drug education course, drug knowledge & attitudes, female vs male 7th–8th graders, 1-yr followup study, 21322
drug information &/vs side-effect management techniques, chemotherapy knowledge & self care behaviors, cancer patients in chemotherapy, 10342
education in tranquilizer prescriptions, physicians, 2301
educational/conductive smoking reduction program, smoking cessation, Ss aged 20 yrs & over, 31809
efficacy of hypnosis vs health education behavior modification, smoking cessation, 20–65 yr old smokers, 12869
evaluation of alcohol education curriculum, 7th–12th graders, 7893
evaluation of classroom management course involving communication & problem solving & self esteem enhancement techniques, classroom environments & student use of drugs, teachers & 4th–6th graders, 26549
evaluation of drug education course, 7th graders, 7923
humanistically based "Here's Looking at You" drug education curriculum, drug usage, 8th graders, 32039
impediments to alcohol education in medical school, 23648
information & education activities of alcoholism rural outreach program, community attitudes toward & knowledge of alcohol & alcoholism & local resources, residents 18 yrs of age & older, 2-yr longitudinal study, 7735
informational programs, prevention of alcohol misuse, college students, 7908
knowledge & acceptance of drug education, parents of elementary school students, Nigeria, 14459
multidisciplinary inservice program for effectiveness training in drug education, teachers, 29132
multidisciplinary program involving self control techniques & education & group therapy & medical exams & pharmacological support, smoking cessation, smokers, 12866
negotiated learning contracts, drug education, college students, 18594
prevention program focusing on development of personal & social competence, alcohol misuse, 7th graders, 29173
preventive & educational program, problems with alcohol & driving, juvenile delinquents in correctional institution, US, 18361
preventive drug abuse education strategies, schools, 29246
problems of deaf alcohol abusers & development of community-wide workshop on alcohol information for professionals in deaf education & rehabilitation, 15565
review of alcohol education programs sponsored by beverage alcohol industry, 23444
school group counseling program for prevention of drug abuse, adolescents, 2577
smoking prevention program focused on skill development to resist social pressure, tobacco smoking, 6th–8th graders, 18570
social influences smoking-prevention program vs routine health education, smoking risk, 6th graders, 13029
social pressure resistance training program, prevention of tobacco smoking, adolescents, 23743
socialization theory, design & evaluation of alcohol education programs, adolescents, 15724
solvent abuse community program, children under 16 yrs of age, Scotland, 5059
strategies for involvement in substance abuse education projects, parents, 28992
substance misuse in curricula of graduate psychology training programs, 7829
teacher education in generic primary prevention drug abuse program, male vs female 7th–9th graders, 5230
teacher training & student age, effectiveness of alcohol/drug education curriculum, 7th–9th graders, 7924
traditional vs assertiveness drug education programs, drug knowledge & attitudes, 7th graders, 29190
use of cognitive-behavioral approach in drug education program, prevention of tobacco & alcohol & marihuana use, 7th graders, 13173

Drug Effects [See Drugs]

Drug Induced Congenital Disorders [See Also Fetal Alcohol Syndrome]
alcohol education programs, prevention of fetal damage, school children & adolescents, 15762
historical perspective, field of behavioral teratology, 12414
moderate alcohol consumption, spontaneous abortion & low birth rate & reduced head circumference of child, pregnant females, 14891
prenatal administration of methylazoxymethanol, brain size & hyperactivity & operant response vs passive avoidance learning, rats, 3416
psychosexual milestones, 17–30 yr old females with prenatal exposure to diethylstilbestrol vs females with history of abnormal Pap smear, 25878

Drug Induced Hallucinations
hashish-induced near-death experiences, 12
parallels between near-death experiences & ketamine-induced hallucinations, 10

Drug Interactions
abuse of pentazocine combined with tripelennamine & client characteristics, drug abusing inpatients & outpatients, 1576
alprazolam related digoxin toxicity, 72 yr old female, 12663
benzodiazepine antagonists Ro 15-1788 vs CGS 8216, midazolam-induced NaCl intake, male rats, 30227
biochemical & behavioral effects of atypical benzodiazepine that does not bind to classical receptors, 19714
caffeine &/vs N6-levophenylisopropyl adenosine, responses in operant conditioning, monkeys, 24837
caffeine pretreatment, attenuation of amphetamine-induced activity due to increased vs decreased sensitivity to amphetamine, male rats, 3530
caffeine pretreatment, dextroamphetamine-induced locomotor activity, male rats, 3531
chlordiazepoxide with vs without valproate, hyponeophagia, rats, implications for gamma aminobutyric acid mechanisms in benzodiazepine anxiolytics, 11619
chlorophenylpiperazine in conjunction with trazodone or pimozide, depression of conditioned avoidance responses, mice, 11624

chronic levo-alpha-acetylmethadol, effects of drugs on FR FI schedule-controlled behavior, male rats, 8994
clonidine, alpha-2-adrenergic receptor sensitivity assessed through blood pressure changes, 29–51 yr old depressed males undergoing desipramine treatment, 15310
cocaine dose, ataxic & anxiolytic effects of ethanol, male rats, 24787
combined effects of alcohol & benzodiazepine, animals & humans, literature review, 16743
combined pentazocine & tripelennamine, brain self stimulation, male rats, 30307
concomitant use of lithium & haloperidol, toxicity syndrome, 44 yr old male with bipolar affective disorder, 28765
concurrent clonidine & antipsychotic drugs, severe hypotension, agitated hypertensive 51 yr old chronic schizophrenic male & 88 yr old disoriented female, 15289
dangers of cannabis use, 24–35 yr old schizophrenics treated with neuroleptics, 1993
delirium associated with therapeutic doses of carbamazepine & neuroleptics, 50 yr old female with bipolar disorder, 1990
diazepam & adenosine or 5-N-ethylcarboxamidoadenosine, locomotor activity, male mice, 27553
drug interactions in psychopharmacology, 23298
effectiveness & dosage & side effects & drug interactions of MAO inhibitors, treatment of anxiety & depressive disorders, 31554
ethanol elimination & disappearance during menstrual cycle phases, 21–30 yr old female social drinkers taking vs not taking oral contraceptives, 759
ethanol, perceptual motor side effects of pirlindole vs imipramine, healthy males, 24828
ethinyl estradiol & pyridoxine, depression, 22–68 yr old premenopausal vs postmenopausal females, 23328
flunitrazepam vs zopiclone & alcohol, psychomotor skills, male 20–25 yr olds, conference presentation, 3509
hypothalamic pretreatment of atropine sulphate vs hexamethonium & intrahypothalamic injections of carbachol, hippocampal EEG & oculomotor activity & vocalization, cats, 8967
ingestion of alcohol & benzodiazepines, alertness & risk of automobile accidents, drivers, 10249
interaction between pentobarbital sodium & other modulators of GABAergic transmission, maximal electroshock seizures & righting reflexes, male rats, 30283
interaction of aspartame & high carbohydrate foods & MAO inhibitor, 22 yr old bulimic female, 15286
interaction of combinations of drugs & serotonergic system, behavioral effects, rats, conference presentation, 3503
interaction of phencyclidine analog with mu opioid receptors, mice, 19687
interactions of ethanol & indomethacin, sleep duration & motor coordination & body temperature, male mice & rats, 24840
isocarboxazid with mianserin, antidepressant effect, 25–84 yr olds with endogenous depression/melancholia, 7471
lithium & tricyclic desipramine, obsessive compulsive disorder, 36 yr old male, 23309
lithium carbonate or levotryptophan augmentation, obsessive compulsive disorder, 38 yr old male & 22 yr old female resistant to clomipramine treatment, 4811
MAO inhibitors & tricyclic treatment, 23–72 yr old depressed patients, 2010
MAO inhibitors, beta-phenylethylamine-induced stereotypies, rats, implications for behavioral evaluation of MAO-B inhibitors, 24903
naloxone, effect of ethanol on vigilance task performance, 20–34 yr old males, 13882
naloxone injections, sleep patterns, 18–39 yr olds pretreated with haloperidol, 11583
naloxone treatment, dextropropoxyphene & aspirin & antipyrine & vinbarbital & phenthiazine derivative poisoning, 17 yr old female patient, 28750
neuroleptic drugs, locomotor activity, rats made hyperactive with dextroamphetamine, 16801
opiate properties of tetrahydropyridine & piperidine, rats, 16769
oral haloperidol followed by im haloperidol decanoate, patients with chronic schizophrenia, 28778
pentazocine & morphine interactions, antinociception, male mice, 9020
pentazocine & tripelennamine, drug discrimination & mu-receptor binding, male rats trained to discriminate morphine from saline, 30295
pharmacokinetic & pharmacodynamic interactions of psychotropic drugs, 22152
phencyclidine & dextroamphetamine, acquisition & performance of response chains, monkeys, 9027
phencyclidine, milk intake, male rats pretreated with naloxone vs haloperidol, 3442
phenelzine treatment in conjunction with trimipramine, remission, 39 yr old male with refractory depression, 28783
phenobarbital, methadone biotransformation & withdrawal symptoms, 28 yr old male methadone maintenance patient, 5047
phenylpropanolamine &/vs diazepam, psychomotor & physiological parameters, healthy Ss, 19710
previous dextroamphetamine sulfate, fenfluramine effects on brain monoamines, male rats, 30245
propericiazine & methylphenidate, 5–11 yr olds with attention deficit disorder with hyperactivity, 10317
psychopharmacodynamics of interactions between alcohol & psychotropic drugs, occasional & chronic alcohol users, 10318
psychotropic medication, psychiatric symptoms, hypertensive patients taking antihypertensive medication, 20942
risk factors & lithium-carbamazepine neurotoxicity, 28–40 yr old rapid cycling manic patients, 12659
sc desoxycorticosterone & icv angiotensin, running rewarded by sodium chloride as measure of avidity for salt, male rats, 809
scopolamine &/vs nicotine, information processing & Stroop testing, college students, 24963
subtherapeutic doses of imipramine & clomipramine & dipropylacetamide, treatment of depression, 21–66 yr old depressives with history of differential responses to tricyclic antidepressants, 2008
taste aversion & potentiation & overshadowing, preweanling vs adult rats, 30003
thioridazine & desipramine, treatment of depression, patients with mean age of 37 yrs, 4760
thyrotropin releasing hormone, behavior mediated by dopaminergic & cholinergic activities, mice, 6172
thyrotropin-releasing hormone, potentiation of pentobarbital & chlordiazepoxide & ethanol sedative & anxiolytic effects on suppressed responses during punished operant responding, pigeons, 22231
tranylcypromine & levotryptophan, development of delirium, 20–33 yr old patients with depression &/or bulimia, 20934
tranylcypromine & lithium, refractory depression, 20–68 yr old inpatients, 23348
trazodone hydrochloride & cocaine interactions, 19–29 yr old males, 6153
trifluoperazine &/vs morphine, dopamine turnover & analgesia, male rats, conference presentation, 30317
tripelennamine &/vs pentazocine, FR response rate, male rats, 8968
tripelennamine in conjunction with pentazocine, potentiation of antinociception, morphine-tolerant vs drug-naive mice, implications for drug abuse by heroin addicts, 6166
tryptophan with vs without 5-hydroxytryptophan, 20–60 yr old patients with endogenous or psychogenic depression, 20935
zimelidine with vs without temazepam, psychomotor performance & subjective state, 19–32 yr olds, 3436

Drug Laws [See Also Marihuana Laws]
multistage cyclical model of social problem development, political processes & historical factors in drug abuse as social problem & institutional responses, 4337
role in enforcement efforts to combat drug smuggling, clinical psychology, 10082

Drug Overdoses
acquired stuttering as result of drug overdose, 41 yr old male, 12318
digoxin intoxication masked as depression, 85 yr old female, 18144
haloperidol overdose without usual symptoms, 23 yr old male, 4275
iron deposition in basal ganglia & substantia nigra, 64 yr old with manic depression & tardive dyskinesia due to overdose of lithium & haloperidol, 18099
lithium intoxication, development of long-lasting neurological sequelae, 28–67 yr old patients, 28794

lithium intoxication without severe symptoms, 28 yr old with bipolar illness, 23331
ocular scopolamine-induced psychosis, 25 yr old male, 4763
overdose of amitriptyline, sudden death following apparent recovery, 34 yr old female, 15274
psychosocial intervention with reduced neuroleptic dosage strategies, positive & negative symptoms & disordered personal relationships, chronic schizophrenic patient, conference presentation, 18119
role of drug associated environmental cues, heroin overdose, former heroin addicts who had survived overdose, 28357
trazodone overdose, effects of toxicity & plasma concentrations, 6–64 yr olds, 7437
Drug Potentiation [See Drug Interactions]
Drug Rehabilitation [See Also Alcohol Rehabilitation, Detoxification]
abstinence, mortality rate, 15–74 yr old alcoholics & drug addicts, 23583
abuse potential of drugs & treatments, conference presentation, 4308
activity workshops for structuring system of social reinforcers & prevention of clinical attrition, drug-prone youth, 15564
acupuncture, treatment of tobacco smoking, 20–60 yr old smokers, 12857
alcohol-cocaine combinations, sexual dysfunction, patients in detoxification treatment program, 18393
alcoholism & drug abuse & mental health outcome evaluation studies, implications for research design & generalization, 23595
analysis of factors underlying successive relapse & remission time distributions, heroin addicts, implications for treatment, 15574
attitudes toward drug abuse & treatment & expectations for clients & clients' attitudes, ex-addict vs non-ex-addict paraprofessional drug abuse counselors vs degreed professionals, 15629
aversion therapy, drug seeking behavior, 22–35 yr old opiate-addicted methadone maintenance clients, 2217
background & role & job participation, ex-addict vs non-ex-addict paraprofessional vs degreed professional drug counselors, 12849
background issues & counselor intervention strategies, drug abuse, Native American students, 28993
behavior modification & therapy techniques, marihuana & cocaine addiction, 21–23 yr old males, 3-yr followup, 31793
behavioral self help manual with minimal therapist contact, smoking cessation, employees, 26806
behavioral vs pharmacological intervention, reduction in illicit opiate use, 29–40 yr old male methadone maintenance patients, conference presentation, 5060
caerulein, treatment of long term heavy marihuana usage, 23 yr old male with amotivational syndrome, 21153
caffeine fading with vs without relaxation, caffeine intake, 22–56 yr olds, 23599
carbon monoxide feedback &/vs exercise, self monitored smoking, college students, 31786
catalytic conceptual tool to facilitate decision making with regard to effective drug abuse intervention, 15562
characteristics & background & counseling practices, drug rehabilitation counselors, 15605
characteristics of clients & therapeutic relationship, outcomes of methadone maintenance vs therapeutic communities vs outpatient drug-free programs vs detoxification, Drug Abuse Reporting Program clients, followup research, 12873
characteristics related to length of stay & treatment completion, patients with mean age of 25.2 yrs seeking outpatient drug counseling, 2228
client characteristics & behaviors before & during & after treatment, treatment outcomes, drug abuse clients from 1979–81, posttreatment followup, 12861
client characteristics, 19–55 yr old opiate-addicted attendees at drug clinic, 10536
clinical effects & pharmacokinetics of psychotropic drug mebicar, patients admitted to narcotics clinic, 2225
clinical implications of drug abuse treatment outcome research, 12872
clinical sociological approach in group therapy, drug addiction, 15557
clinical utility of naltrexone in opioid dependency treatment, 18376
clonidine- & methadone-assisted detoxification, withdrawal symptoms & side effects, opiate-addicted 21–50 yr olds, 18391
conceptual & clinical features of relapse prevention in excessive or addictive behavior patterns, 23606
conceptual framework & research methodology, drug abuse treatment in community mental health center, 28981
contingency contracting & supportive psychotherapy, cocaine abuse, 12864
contingency contracting intervention, reduction of illicit drug use, male 25–60 yr olds on methadone maintenance, 31794
contingent reinforcement intervention methods, fiscal responsibility & clinic payment habits, 27–36 yr old methadone maintenance patients, 18395
controlled smoking program, smoking, Ss with mean age of 41 yrs, 2.5-yr followup, 28987
controlled smoking vs abstinence-oriented treatment, tobacco smoking, comments on research by R. E. Glasgow et al, 7744
cost containment & quality of substance abuse treatment programs, 5031
countertransference & attitudes, evaluation & diagnosis & therapeutic management, drug abusers, addicts, 26385
current status of addiction hospitals, 7751
decrease in heroin & increase in cocaine as treatment method, heroin addiction, 24–42 yr old heroin addicts, 18380
depressive symptoms, drug abuse treatment clients, longitudinal study, conference presentation, 5040
detoxification from methadone using clonidine with vs without naltrexone, treatment outcome & relapse rate, adult Ss, 18389
development & implementation & evaluation of plans for certification/credentialing, substance abuse counselors, 29010
dextroamphetamine vs ephedrine, smoking attitudes & behavior, light vs heavy smoking college students, 31803
diagnosis & group therapy & aftercare, cocaine abuse, 26392
diagnosis & treatment issues, marihuana dependence, 31039
diagnosis & treatment of cocaine smoking disorders, 12279
driver improvement & alcohol education program, 1st time driving-under-the-influence offenders, 18392
drug abuse & treatment after Iranian revolution, 17–62 yr old opiate addicts, Iran, 22808
drug treatment program combining group counseling & nature-oriented approach including camping, clients on probation, 7721
drug use intervention model, 18375
educational-therapeutic group intervention, substance abuse problems resulting from attempts to control posttraumatic symptoms, Vietnam veterans, 12852
educational/conductive smoking reduction program, smoking cessation, Ss aged 20 yrs & over, 31809
effectiveness of civil commitment vs methadone maintenance, heroin addicts, implications for development of civil commitment program, 12851
efficacy of desipramine vs lithium carbonate, cocaine abusers, 7726
efficacy of ECT, phencyclidine-induced psychosis, 17–18 yr old patients with history of drug abuse, 15579
efficacy of hypnosis vs health education behavior modification, smoking cessation, 20–65 yr old smokers, 12869
efficacy of therapeutic community, 19–26 yr old drug & alcohol abusers, 5036
establishment of multifacility patient registry system, documentation of problems associated with substance abuse, adult inpatients, implications for program evaluation & funding, 18379
evaluation of drug abuse treatment, 12862
exclusion from state rehabilitation center as unfit for treatment, formerly committed female patient convicted of selling heroin, case law, 15556
facilitation of coping & goals for drug use intervention, intervention agents & agencies, 18374
frequency & onset of age & daily situations associated with smoking habit, general public with mean age of 32.8 yrs & college students, implications for behavioral maintenance & modification, 1205
group intervention program & variables that discriminate between successful vs nonsuccessful quitters, male cigarette smokers at high risk of coronary heart disease, 4 yr followup, 2201
group therapy work & severity of drug use, 13–18 yr old males, implications for social casework, 31816

historical & contemporary approaches to treatment of cocaine abuse, 31814
history of work-based drug programs & present employee assistance programs, 18387
hypnotherapy vs psychotherapy, reduction or elimination of drug taking behavior, 21–63 yr old methadone-maintained patients, 21142
hypnotic aversive & positive imagery, cessation of smoking & maintenance of nonsmoking behavior, 18 yrs & older smokers, 31821
improvement of naltrexone retention during induction & stabilization phases of treatment, narcotic addicts, 23601
index of choice & selection of naltrexone treatment, male methadone maintenance patients with mean age of 32.6 yrs, 6-mo followup study, 5058
individualized hospital treatment programs, substance abusers, 28979
initiation of outpatient withdrawal, chemically dependent patients & family physicians, 5043
intensive behavioral treatment &/vs nicotine gum, cigarette smoking abstinence, males & females who smoked mean of 30.5 cigarettes/day, 23597
laser acupuncture, chronic smoking, 45–72 yr old heavy smokers with peripheral vascular diseases &/or lung cancer, 7753
levo-alpha-acetylmethadol maintenance, alcohol & diazepam use & sexual behavior & cardiovascular functions, males with mean age of 31 yrs, 18378
low-contrast nicotine fading vs high-contrast number fading treatment, smoking cessation, adults, 26376
mecamylamine, nicotine dependence, 24–61 yr old smokers, conference presentation, 5061
meditation-hypnosis & behavioral techniques, smoking, 30–51 yr old stressed patients, 1-mo followup, 18372
methadone dose & time in treatment, treatment retention & clinic attendance & illicit drug use & withdrawal symptoms, methadone detoxification patients with mean age of 29 yrs, conference presentation, 5048
methadone treatment program, Laos, 1972–75, 7752
methodology, evaluation of controlled trials in drug abuse treatment, 12860
Millon Clinical Multiaxial Inventory, prediction of drug abuse treatment dropouts, male opiate addicts completing program vs dropouts, 28980
monetary incentive, cessation of smoking, male vs female college students, 15568
motivation & ability, drug abuse treatment strategies & outcomes, 28984
multidisciplinary day unit, drug abuse treatment, drug abusers, 21151
multidisciplinary program involving self control techniques & education & group therapy & medical exams & pharmacological support, smoking cessation, smokers, 12866
multimodal treatment design for short term residential hospital-based program, drug abusers, 21135
music therapy, drug & alcohol abuse, psychiatric inpatients, 10540
naltrexone, appetite & weight loss, ex-opiate addicts, 15569
naltrexone during postmethadone period, heroin addicts, 31798
naltrexone, extinguishing conditioned drug responses, opiate addicts, 23607
naltrexone treatment in jail work release program, drug addicted inmates, 23545
naltrexone, treatment of drug addiction, 19–47 yr old opiate addicts, 6-mo followup, 23596
naltrexone vs therapeutic community, opiate addiction, male veterans, conference presentation, 5027
natural history of cigarette smoking & factors in its development & maintenance & interruption, 1207
neuropsychological deficits & primary dependence on sedative & hypnotic drugs, outcome of hospital treatment, 21–69 yr olds, 4–6-yr followup study, 12850
new laws, treatment of drug addicts & mentally ill, Italy, 6538
nicotine replacement or substitution, cigarette withdrawal, smokers with mean age of 39 yrs, 5064
nicotine vs placebo gum, alleviation of withdrawal symptoms during smoking cessation, Ss with mean age of 39.3 yrs, 12871
nonresidential therapeutic community center, support & counseling, drug addicts, 18396
opioids, tardive dyskinesia, outpatients in methadone maintenance clinic, 26165
outcome assessment of psychotherapy & rehabilitation, alcoholics & substance abusers, 5039
paregoric vs phenobarbital vs diazepam, drug abstinence, neonates born to heroin- or methadone-dependent mothers, conference presentation, 5038
partner support, smoking cessation maintenance, newly abstinent female smokers, 31791
patterns & treatment of cocaine abuse, 31059
pharmacologic aspects of maintenance & treatment, cigarette smoking, conference presentation, 28325
philosophy & treatment, drug abuse treatment center, Australia, 15571
predictors of attrition in drug-free therapeutic community, patients with mean age of 23 years, Australia, 21147
pretreatment intake of nicotine & total particulate matter & time in program & reasons for cessation & amount of self rated craving, prediction of posttreatment abstinence, participants in smoking cessation program, 31812
prevention & treatment of drug abuse, Africa, 2219
process analysis methodology, assessment of knowledge of appropriate treatment programs for different types of clients, drug treatment staff members & referral counselors, 23628
professional psychotherapy & paraprofessional counseling, treatment compliance, 24–59 yr old drug abuse patients, 23610
psychotherapeutic approaches & research methodologies, drug abuse treatments & outcome evaluation, 12867
public vs private responsibility, mental health & substance abuse services, conference presentation, 21027
reflected self-image in video therapy, drug addicts, 7739
rehabilitation, heroin addicts, 1-yr followup study, 5042
relapse coping vs problem solving vs attention placebo vs absolute abstinence maintenance strategy conditions, subsequent smoking behavior, treatment program participants, 31822
relaxation therapy & meditation, treatment of drug & alcohol abuse, literature review, 7737
resources for maternal functioning, Black 20–32 yr old females in methadone maintenance program, 4-mo longitudinal study, 4321
response prevention vs rapid smoking treatment, 20–59 yr old cigarette smokers, 6-mo followup, 31792
retention rates in therapeutic communities for drug abuse treatment, 5037
role of physician, controlled drug use, drug addicts, UK, 5062
role playing in group therapy game, drug abusers, 23600
roles & tasks & styles & expectations, drug abuse treatment outcome, 28983
self efficacy & demographic variables & tobacco & drug use & anxiety & health locus of control, decision to participate in smoking cessation program, smokers with mean age of 37 yrs, 12853
self efficacy before vs after smoking cessation treatment, smokers with mean age of 41 yrs, 2205
Self-Management of Alcohol Consumption of Students program, alcohol abuse, college students, 21141
sequential use of clonidine & naltrexone in drug rehabilitation, opiate addicts, 18377
short term hypnotherapy, tobacco smoking, 35 yr old male, 10321
smoking cessation treatment program, 30–62 yr old hospital employees, 15560
smoking intervention program, 14–42 pregnant female smokers, 28994
sociological criticism of drug abuse methadone & barbiturate treatment programs in garbage dump, Israel, 15558
solvent abuse community program, children under 16 yrs of age, Scotland, 5059
STOP technique, smoking extinction, 23 yr old male, 7-mo followup, 2215
studies involving GABAergic systems & analgesia & opiates, rats & mice & humans, implications for drug addiction therapy, 24637
Substance Abuse Problem Checklist, clinical information gathering about personal & environment problems, drug &/or alcohol dependent patients, 24191

taste satiation vs focused smoking with vs without physiological feedback, smoking cessation, 19–53 yr olds, 29005
therapeutic communities, comprehensive drug abuse treatment, drug abusers, 26391
therapeutic communities, drug addicts, 7725
therapeutic communities, illicit drug use & criminality & unemployment & social adjustment, drug abusers, literature review of followup studies, 12854
therapeutic usefulness of naltrexone, drug rehabilitation, narcotic abusers, 5044
treatment in residential program, vocational adjustment patterns, male alcohol & drug misusers, 1 & 3 & 6 mo followups, 29004
treatment, male vs female opiate addicts, Denmark, 7-yr followup, 26382
TV-based smoking cessation program, smoking behavior, registrants, 1-yr followup, 26378
use of Alcoholics Anonymous concepts & reality oriented therapy in development of cocaine recovery support groups, 19–58 yr olds, 31795
use of noncommercial promotional strategies, enhancement & maintenance of utilization of telephone support service, ex-smokers, 12868
use of reactive vs nonreactive measures, validity of self report of smoking frequency after completing smoking cessation program, 24–74 yr olds, 3–4 mo followup, 24137
weak links in families leading to & resulting from substance abuse, adolescents from Irish- vs Italian- vs Jewish-American vs Anglo-Saxon Protestant families, implications for family therapy, 14794
Drug Sensitivity
acute vs chronic morphine vs ethylketocylazocine injections, locomotor activity, C57B1/6J vs DBA/2J mice, 27590
alcohol use & existence of & amount required for flushing response, families, Korea vs Taiwan, 28012
apomorphine & substantia nigra vs entopeduncular nucleus lesions, circling behavior & sensitivity of striatal dopamine receptors, female rats, 24818
ascorbic acid, ethanol sensitivity & apomorphine-induced locomotion, mice, 16813
caffeine consumption & its effects, patients with panic vs major depressive disorder, 9624
chronic desipramine vs maprotiline vs chlormipramine vs zimelidine vs iprindole, sensitivity of presynaptic alpha-2 & postsynaptic beta-adrenoceptors, rats, 791
chronic lithium administration, dopaminergic agonist induced supersensitivity, male rats, 24928
chronic methamphetamine, ambulation & circadian variation in susceptibility, mice, 3473
clinical & pharmacological problems in classification of responders & nonresponders to neuroleptics, schizophrenics, literature review, 26152
diazepam, hyponeophagia & benzodiazepine receptor binding, rats of several genotypes, 9019
dopamine supersensitivity & apomorphine, retention of brightness discrimination, male rats, 16507
drugs, EEG changes, right vs left handed college students, 30247
ethanol, behavioral performance & sensitivity & tolerance, 18–33 yr old brother pairs, 16811
ethanol, circadian rhythms, rats, 8939
ethanol, sensitivity, heterogeneous vs inbred rat strains, 22150
ethanol vs pentobarbital vs methyprylon, sleep time response, mice from long vs short sleep strains, 30244
individual differences, anticipated sensitivity to alcohol, twins & adoptees, 16761
initial sensitivity to ethanol & level of dependence induced by chronic treatment, male rats, 30267
intermittent amphetamine injections & unilateral b-hydroxydopamine lesions of substantia nigra, behavioral sensitization assessed by quantification of rotational behavior, male vs female rats, 30160
intermittent haloperidol, behavioral sensitivity to apomorphine & striatal spiroperidol binding, male guinea pigs, implications for prevention of tardive dyskinesia using drug holidays, 24862
levophenylisoprophyl-adenosine & theophylline, behavioral responses, mice selectively bred for differential sensitivity to soporific effects of ethanol, 9007
lithium & nortriptyline & dexamethasone, insulin sensitivity, 21–59 yr old males, conference presentation, implications for treatment of depressed diabetics, 30236
lithium, supersensitivity in apomorphine-induced rotation, male rats with unilateral nigrostriatal lesion, 16699
long term diazepam administration, decrease in postsynaptic sensitivity to GABA in serotonergic dorsal raphe nucleus cells receiving GABAergic input, male rats, 748
low vs high doses of dextroamphetamine, sensitivity of dopaminergic neurons in substantia nigra to injections of apomorphine, male rats, 24854
methadone exposure during gestation &/or lactation, thermogenic responsiveness & nociceptive thresholds following injection of various drugs, adult rats, 24971
morphine, behavioral tolerance & sensitization, hamsters, 30292
neonatal substance P, salivary & behavioral & cardiovascular responses to substance P in adulthood, rats, 22169
opiate receptor supersensitivity & upregulation, rats, 30319
phenylethylamine & dextroamphetamine following withdrawal from chronic haloperidol administration, behavioral supersensitivity to phenylethylamine, male rats, 799
postsynaptic dopamine receptor sensitivity, psychotic patients who responded quickly vs slowly to antipsychotic drugs, 26164
prenatal ethanol exposure, sensitivity to methylphenidate, male rats, 22196
prenatal morphine exposure, postnatal reflex & motor development & activity & adult activity & analgesia responsiveness & avoidance conditioning, mice, 27571
repeated cannabinoid & marihuana treatment, CNS sensitivity & tolerance & auxoesthesia, 30253
selective breeding for sensitivity to diisoprophyl fluorophosphate, body weight & temperature & water intake, male vs female rats, 8741
self administration of ethanol, sensitivity & tolerance, genetically heterogenous mice, 16785
sensitization & allergic reactions to thioridazine via sexual intercourse, 28 yr old wife of medicated husband, 14992
uterine position & prenatal exposure to testosterone from caudal males, taste aversion conditioning & postnatal sensitivity to testosterone, female rats with vs without caudal males in uterine horn, 8609
visual EPs & prediction of lithium response, patients with major depression, 31553
Drug Synergism [See Drug Interactions]
Drug Therapy [See Also Narcoanalysis]
abrupt discontinuation of alprazolam, grand mal seizures, 19 yr old female & 35 yr old male psychiatric patients, 12623
abrupt discontinuation of desmethyldiazepam, withdrawal reactions & anxiety, 38 & 39 yr old females with generalized anxiety disorder, 10319
ACTH analog vs methylphenidate, attention deficit disorder, 6–12 yr old hyperkinetic males, conference presentation, 31493
actions & side effects of new antidepressant drugs, 1998
acute & continuation & preventive phases of drug therapy, mentally retarded, implications for side effects & need for discontinuation, 10311
adaptation demonstrated by EPs & its role in drug treatment, conference presentation, 575
addiction to amineptine, atypically depressed 33 & 41 yr old females, 28756
adrenergic blocking drugs, treatment of mental disorders & schizophrenia & anxiety & drug withdrawal reactions, 10263
advantage & disadvantage of use of depot neuroleptics, Scandinavia, conference presentation, 10259
aerosol triamcinolone actonide vs beclomethasone dipropionate, vocal functioning, chronic steroid-dependent asthmatics, 3-yr longitudinal study, 28803
age & dosage of methylphenidate, compliance & mother-child interactions, hyperactive 4–5.9 vs 6–7.9 vs 8–9.9 yr olds, 4758
age & methylphenidate dosage & practice, EEG & RT & event-related brain potentials in visual detection task, hyperactive 88–150 mo olds, conference presentation, 20911
age & sex & response to ECT vs antidepressant treatment, depressed patients with psychomotor retardation vs agitation, 15022

alaproclate, 44–66 yr old chronic drug resistant depressed females, 15288
alprazolam related digoxin toxicity, 72 yr old female, 12663
alprazolam, anxiety & noradrenergic function assessed by plasma levels of 3-methoxy-4-hydroxyphenylethyleneglycol & effects of yohimbine, 20–58 yr olds with panic disorder or agoraphobia & panic attacks, 23304
alprazolam, endogenous depression, 47 yr old female with cardiac disease, 26180
alprazolam-induced mania, 25 & 43 yr olds with bipolar-type disorder, 18093
alprazolam, sleep performance, 61–75 yr old healthy insomniacs, 15303
alprazolam vs bromazepam, treatment of anxiety, outpatients, 18098
amineptine, sleep-wakefulness rhythm & sexuality & weight changes, depressed patients, 7457
amitriptyline & benzodiazepine antidepressants, beliefs & depressive symptoms, depressed inpatients, 4-yr study, 26197
amitriptyline &/vs perphenazine, delusional depression, patients with mean age of 44.1 yrs, 20940
amitriptyline, major depressive disorder, 9–12 yr old psychiatric inpatients, 10283
amitriptyline or nortriptyline or imipramine, weight gain & appetite trends, depressed outpatients, 20894
amitriptyline therapy & recovery from depression, plasma prolactin levels, psychiatric patients, 26181
amitriptyline vs clovoxamine, memory performance, outpatients with primary depression, 26177
amitriptyline vs imipramine, cognitive functioning, 5.5–16 yr old depressed patients, 26217
amitriptyline vs lithium, relapse, 25–65 yr old patients with history of 1 vs more than 1 depressive episode, 4778
amitriptyline vs trazodone, effectiveness & side effects, depressed patients with mean age of 40 yrs, 7410
amoxapine failure, treatment of depression, 32–63 yr old patients, 23359
amoxapine, psychotic depression, 18–49 yr old inpatients, 18103
amoxapine, serum levels & clinical response, 18–60 yr old male depressed inpatients, 2017
amoxapine therapy, depression, 23–62 yr old patients with psychotic & neurotic depression & schizodysthymic & postdelusional conditions, 4780
amoxapine vs doxepin, depressed outpatients, 7490
analgesic activity of indalpine, chronic pain patients, 26156
androgen, sensation seeking & personality & spatial ability, hypogonadal vs eugonadal adult males complaining of sexual dysfunction, 26191
animal models in research of anxioselective drugs, implications for treatment of anxiety, conference presentation, 6113
antiandrogen therapy, sexuality, females with hyperandrogenism, conference presentation, 28733
antiandrogen treatment with cyproterone acetate & ethinylestradiol, responses to induced stress, 21–29 yr old hirsute females with oligomenorrhea, 23334
antiandrogens, serum testosterone level, sexually deviant patients, 31502
anticholinergic drugs, clinical use & abuse & side effects in psychiatry, 23320
anticipatory nausea & vomiting associated with cancer chemotherapy, 19–70 yr old oncology outpatients, 7488
antidepressant activity of sulfoadenosyl-L-methionine, outpatients with major depressive disorders, 23293
antidepressant drug treatment, chronic pain patients, 15279
antidepressant drugs, basic anxiety vs panic attacks, 10297
antidepressant drugs, secretion of pituitary hormones in depression, literature review, 1996
antidepressant medications & phase advance of sleep-wake cycle, depression, 31–51 yr old females, 23356
antidepressant medifoxamine, 23–75 yr old depressed endogenous & reactive & neurotic & mixed patients, 1983
antidepressant therapy & traditional healing ceremony, psychotic depression, male 27 yr old Laotian refugee, 1766
antidepressant therapy, appetite & weight change, depressed outpatients, 28760
antidepressant therapy, depression, asthmatic patients, 23368
antidepressive & depression-inducing effects of flupenthixol & flupenthixol decanoate, 4807
antiparkinsonian drugs, psychotic symptomatology, 34–76 yr old Parkinsonian patients, 18143
antipsychotic & antidepressant drug therapies, inpatients with borderline personality disorder with depressive disorder vs schizophrenia, 12629
antipsychotic & antidepressant drugs, somatosensory EP P400 wave, psychiatric patients, 12644
antipsychotic drug disclosure practices, psychiatrists, US, 10251
antipsychotic drug therapy, schizophrenia, implications for drug dosages & combinations, 26211
antipsychotic drugs, treatment of dementia & its behavioral complications, literature review, 31510
antipsychotic vs other medication, state institutions, retarded individuals, 12641
antiseizure medication, theme of death in depersonalization phenomena & complex partial seizures, 36–67 yr old medical patients, 12638
anxiolytic drugs, side effects & treatment of anxiety disorders, literature review, conference presentation, 7431
apomorphine, growth hormone & prolactin & luteinizing hormone, 18–70 yr old acute & chronic schizophrenics, 7427
apomorphine, therapeutic & side effects, 39–70 yr old chronic & 18–41 yr old acute schizophrenics, 7426
ascorbic acid vs ethylene diamine tetra acetic acid, manic vs depressed White female inpatients, 23330
astemizole, allergy symptoms & motor steadiness & coordination & manipulative dexterity, 14–67 yr olds suffering from hay fever, 20904
Athymil, 20–74 yr old depressives, 10250
attitude toward antidepressants & anxiolytics & transference in psychotherapy, 38 yr old female with neurotic depression, 23086
attitudes toward psychotropic medication, medical vs psychology students in clinical training, 26429
attitudinal & behavioral deficits in drug therapy compliances, schizophrenic patients, 18104
behavior therapy, obsessive compulsive disorder & concomitant manic depression, 37 yr old male & 45 yr old female treated with lithium & haloperidol & desipramine, 18032
behavioral strategies & self management of drug compliance, asthmatic children & families, 15339
behavioral therapy, needs & blood phobia, 50 yr old mastectomy patient undergoing chemotherapy, 23254
bencyclane, vigilance index & behavior, patients with organic mental disorders, 28762
benziodiazepine withdrawal, rebound anxiety, outpatients with panic & anxiety disorders, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1978
benzodiazepine treatment, impairment of psychomotor performance & memory & mood & behavior change, implications for use of alternative tranquilizers, 31536
benzodiazepines & antidepressants & anxiolytic drugs, treatment of anxiety disorders, literature review, conference presentation, 7468
benzodiazepines & in vivo exposure, phobics, 10075
benzodiazepines, anxiety, patients with schizophrenia, 28735
benzodiazepines, delirium tremens & withdrawal syndromes & withdrawal seizures & agitation, chronic alcoholics, 10532
benzodiazepines, episodic behavioral disorders, 26 yr old female & 36 yr old male, 23326
benzodiazepines, treatment of schizophrenia, 10257
benzodiazepines, treatment of sleep disorders associated with headache symptoms, 1980
benzodiazepines, treatment of stress responses, 4820
benzodiazepines vs antidepressants, treatment of depression, 10266
benzodiazepines vs verbal psychotherapy vs relaxation training, generalized anxiety, 10051
beta-adrenergic stimulants, anorexia nervosa, 16–44 yr old patients, 20922
bilateral vs unilateral ECT vs antidepressant drugs, performance on rod & frame test, depressive patients, 12453
biochemical activity & clinical profiles, 2nd generation antidepressant drugs, 23355
biochemical basis of niacin as antidote to acute LSD- induced psychedelic psychosis, 6128

biochemical vs clinical approaches, psychiatry, 20666
bipolar affective disorder & de Clerembault syndrome & lithium treatment, 26 yr old female, 4232
blood concentration & clinical effects of haloperidol, 1989
blood plasma concentrations of tricyclic antidepressants, clinical outcome, clinical implications for blood plasma monitoring, 15329
blood platelet accumulation of histamine, depressed vs lithium treated patients vs controls, implications for diagnosis, 20374
brief antidepressant treatment with amoxapine vs amitriptyline, cognitive ability, depressed outpatients, 12646
bromocriptine, distress associated with hyperprolactinemia, 18–56 yr old patients, 15280
bromocriptine, severe premenstrual dysphoria, 18–45 yr old females, 7478
bromvincamine vs vincamine, regional cerebral blood flow & verbal & sequence memory & CFF & digit span & color word performance & visual RT, 52–76 yr old patients with mental deterioration due to cerebrovascular disease, 26174
bupropion, bipolar & schizoaffective disorder, 27–57 yr old patients, 28804
bupropion, body weight, depressed outpatients, 1987
bupropion vs alprazolam, cognitive processing & learning ability, children with attention deficit or conduct vs anxiety disorders, conference presentation, 31498
bupropion with & without haloperidol, psychotic depression, females 55 & 29 yrs old, 15309
buspirone, anxiety, anxious outpatients, literature review, conference presentation, 26203
buspirone, anxiety neurosis, outpatients, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 2006
caerulein, chronic & acute schizophrenia, 21–51 yr olds, 15308
caerulein, treatment of long term heavy marihuana usage, 23 yr old male with amotivational syndrome, 21153
calcium channel blockers, treatment of neuropsychiatric syndromes due to neurotransmitter excess, 10271
calculations of mebicar dosages, borderline psychopathological abnormalities, alcoholics, 31548
captopril following abrupt termination of pargyline & propanolol, bipolar symptoms, hypertensive 54 yr old female, 28784
carbamazepine & diphenylhydantoin, plasma tryptophan concentrations, 12–75 yr old chronic vs newly diagnosed epileptics, 26195
carbamazepine & fluphenazine, paranoid schizophrenia, 26 yr old White male, 10278
carbamazepine, affective disorders, 23–42 yr old psychiatric patients, 23322
carbamazepine, hyperkinesis, 9–11 yr old males, 23312
carbamazepine-induced mania, 10 yr old males with seizure disorder or primary affective disorder, 10301
carbamazepine, psychopathology between seizures, epileptic 18 yr old female with ictal fear, 7438
carbamazepine, thyroid functioning & treatment response, 19–62 yr old patients with affective illness, 10307
carbamazepine, thyrotropin response to thyroid releasing hormone, 27–43 yr old with major depressive disorder, 18115
carbamazepine treatment, 19–59 yr old patients with affective disorders, 28774
carbamazepine vs barbital, alcohol withdrawal symptoms, 19–62 yr old hospitalized patients, 7723
carbamazepine vs phenytoin, memory & word list learning & delayed recognition of pictures & visual tracking & decision making & mood, 13–66 yr old epileptics, 12618
carbidopa, urinary phenylethylamine excretion & improvement, 30 yr old female with bipolar affective psychosis, 7459
carbonic anhydrase inhibitors, development of psychiatric symptoms, 12660
centrophenoxin vs placebo, neurasthenic syndrome, 20–50 yr old outpatients, 20931
changes in motor activity of cerebellum & treatment with drugs, 7420
characteristics & treatment using individual therapy with vs without antidepressants, 5–16 yr old depressed mentally retarded patients & their families, 14850
chemical vs radioreceptor assays of plasma levels of haloperidol & prolactin response, prediction of clinical improvement, schizophrenic patients with mean age of 28.7 yrs, 10310
chemotherapy, self mutilation, 4759
chlorimipramine vs s-adenosyl-levomethionine treatment, depressed patients, 12637
chlorimipramine, 28–57 yr olds with obsessive compulsive disorder, 10316
chlormethiazole vs chlordiazepoxide treatment, acute alcohol withdrawal syndrome, patients with mean age of 44.9 yrs, 5046
chlorpromazine & oxypertine, urinary catecholamines & their metabolites, 25–51 yr old chronic schizophrenics, 10284
chlorpromazine, stereotypic & conditioned behavior, profoundly retarded 12–27 yr olds, 18092
cholecystokinin-related peptides & cervletide, apomorphine induced behavioral responses, rats & 25–35 yr old schizophrenics, 24959
choline, 26–29 yr old patients with tardive dyskinesia, 23343
cholinergic-monoaminergic interaction model of antidepressant withdrawal-induced activation, literature review, 12634
cholinomimetic drugs, treatment of tardive dyskinesia, 12617
chronic administration of tricyclic & nontricyclic antidepressants, central noradrenergic receptor function & neural transmission, literature review, 7456
chronic desipramine, heart rate & blood pressure & plasma norepinephrine, depressed 70–85 yr old females, 7418
chronic phenytoin therapy, craniofacial feature changes, mentally retarded 20–29 yr olds with epilepsy, 28767
cigarette smoking, need for higher dosages of neuroleptic drugs, psychiatric patients, 23369
cinepazide, unusual behavior, 56 yr old male parkinsonian patient, 1988
citalopram, depression, 18–65 yr old hospitalized depressed patients, 26199
citicoline treatment, neuropsychological performance & EEG activity, 50–70 yr old males with chronic cerebrovascular diseases, 18128
classification & etiology & behavioral & drug treatment of agoraphobia & panic attacks, 12144
client characteristics, medication compliance, 17–53 yr old psychiatric outpatients, Hong Kong, 2076
clinical & pharmacological problems in classification of responders & nonresponders to neuroleptics, schizophrenics, literature review, 26152
clinical & social features & availability, lithium therapy, Brazil, 28736
clinical effects & pharmacokinetics of psychotropic drug mebicar, patients admitted to narcotics clinic, 2225
clinical efficacy & tolerability of doxepin vs maprotiline, depression, 55–77 yr old patients with or without cardiovascular disease, conference presentation, 26137
clinical features associated with successful vs unsuccessful response to high dosage anti-epileptic drug therapy, chronic epileptic patients with complex partial seizures, 28793
clinical profile, MAO-inhibiting antidepressants, 23342
clinical safety & tolerability of antidepressant nomifensine, conference presentation, 7479
clinical trial of dimethylpiperazinyl-propylcarbazole derivative BW234U, acute schizophrenia, 18–55 yr old patients, 26149
clinical trials of lithium, neurological disorders, literature review, 28806
clinical use of benzodiazepine, 7404
clinical utility of naltrexone in opioid dependency treatment, 18376
clobazam vs diazepam, anxiety & motor coordination, anxious adult outpatients, 31539
clocapramine, schizophrenia & paranoia, outpatients, 18140
clomipramine or haloperidol treatment & thyrotropin-releasing hormone tests, thyroid-stimulating hormone responses as indicators of antidepressant & neuroleptic drug mechanism, female patients with depressive or paranoid hallucinatory syndrome, 28776
clomipramine or imipramine, obsessive compulsive disorder, 20–58 yr old patients, 23337
clomipramine, orthostatic hypotension as predictor of treatment response vs side effect, patients with depression & obsessive compulsive symptoms, 15328

clomipramine, repetitive behaviors, schizophrenics with obsessions & compulsions & rituals, 18134
clomipramine, sleep structure, 25–63 yr old patients with endogenous depression, 20920
clomipramine treatment, intra- & interhemispheric EEG changes, chronic schizophrenics, conference presentation, 1984
clomipramine vs clorgiline, skin conductance & heart rate responses, 19–44 yr old obsessive compulsive patients, 18157
clomipramine vs doxepine, neurotic depression, 18–64 yr old outpatients, 18121
clonazepam, depression & anxiety, 23 yr old female with systemic lupus erythematosus, 18116
clonazepam, psychotic vs nonpsychotic mania, 34 & 40 yr old males, 28752
clonazepam, symptoms of acute psychotic decompensation, 60 yr old female in manic phase of bipolar disorder & 30 yr old female & 44 yr old male schizoaffective disorder patients, 2013
clonidine &/vs mesoridazine, tardive Tourette-like syndrome, 60 yr old female chronic schizophrenic with tardive dyskinesia, 31521
clonidine, akathisia induced by neuroleptic drug therapy, 18–68 yr old psychiatric patients, 28807
clonidine, alpha-2-adrenergic receptor sensitivity assessed through blood pressure changes, 29–51 yr old depressed males undergoing desipramine treatment, 15310
clonidine, growth hormone response, 8–17 yr olds with Tourette's syndrome vs 4–16 yr olds with short stature, 4787
clonidine, mania & mixed bipolar disorder, 18–32 yr old psychiatric patients, 12667
clonidine, treatment of passive narcotic addiction induced by maternal methadone maintenance, neonates, 28989
clonidine vs alprazolam, cigarette craving & smoking withdrawal, heavy smokers, 26170
clonidine withdrawal, catecholamine metabolism & cardiovascular & behavioral changes, 53–67 yr old male patients treated for alcohol amnestic disorder, 26186
clorazepate, treatment of complex partial seizures with psychiatric symptomatology, adults, 20909
clozapine & benzamides, treatment of tardive dyskinesia, 12654
CNS affecting drugs, adults with attention deficit disorder, literature review, 18109
cognitive behavior therapy vs interpersonal psychotherapy vs pharmacolotherapy in NIMH collaborative research program, treatment of depression, 21–60 yr old depressed outpatients, 20648
cognitive deterioration & dementia before vs after levodopa treatment, patients with idiopathic Parkinson's disease, 8–10 yr followup, conference presentation, 20582
cognitive therapy with vs without amitriptyline, attrition & magnitude & universality of response & stability of improvement, 20–65 yr old depressed patients, 6- & 12-mo followup, 15023
combination of drug therapy & psychotherapy, 10102
combined phenelzine & amantadine, depression & parkinsonian symptoms, 80 yr old female, 15294
combined vitamin & mineral enzyme & medication treatment, mentally retarded female, 18153
competence & right to refuse antipsychotic medication, involuntarily committed mental patients, case law, 3897
compliance to theophylline therapy, chronically asthmatic 7–12 yr olds, 4764
compliance with psychoactive drug prescriptions, adults, 4757
concomitant use of lithium & haloperidol, toxicity syndrome, 44 yr old male with bipolar affective disorder, 28765
concurrent clonidine & antipsychotic drugs, severe hypotension, agitated hypertensive 51 yr old chronic schizophrenic male & 88 yr old disoriented female, 15289
consequences of inappropriate changes in medication, epileptic patients, 20944
consistent reversal of abnormal dexamethasone suppression test after antidepressant therapies, 57 yr old male with symptoms of depression & dementia, 36 mo longitudinal study, 15337
conventional vs high dose of ciz(Z)-flupentixol decanoate, chronic schizophrenia, male patients, 4767
correlation of clinical potency of antidepressant drugs with desensitization of beta-adrenergic receptors, 15340
court-ordered discontinuation of thorazine treatment, institutionalized mentally retarded patient, case law, 3912
cyamenazine treatment, patients with symptoms of schizophrenia or paranoid or depressive syndromes, 4801
cyclobenzaprine, manic behavior, adult patients with acute muscle spasm, 20913
daily dosage of imipramine vs binedaline, scores on Hamilton Rating Scale for Depression vs Depression Status Inventory, 20–60 yr old endogenously depressed patients, 26162
debate on justifications for continued clinical use of MAO inhibitors, 26215
decanoates of haloperidol vs fluphenazine, symptoms & side effects, 21–63 yr old schizophrenic patients, 7491
decision to provide vs withhold mechanical &/vs chemical restraint &/vs use of alternative methods, nurses responsible for care of geriatric patients, 7694
decisions about drug treatment, child psychiatrists, 4806
decisions regarding right not to be forcibly medicated, patients receiving antipsychotic drugs, case law, 25330
delta sleep-inducing peptide, treatment of ethyl alcohol vs opiate withdrawal symptoms, patients, 7722
demographic & ecological & medical & social/sleep variables, use of psychotropic & anticonvulsant drugs, mildly to profoundly mentally retarded preschoolers vs special school students vs adults, 28732
demographic characteristics & diagnosis, response to placebo vs bupropion, 21–62 yr old depressed males vs females, 23358
denial of right to refuse psychotropic medication, patient found not guilty by reason of insanity & committed, case law, 3891
dependence & withdrawal from diazepam or lorazepam or clobazam or other benzodiazepines, psychiatric patients, 7453
dependence-inducing properties of benzodiazepines, literature review, 2000
depot haloperidol decanoate once per mo, side effects & effectiveness, patients with schizophrenia & schizoaffective disorder & mania & bipolar disorder & depression, 1985
deprenyl, cognition & emotion, 58–74 yr olds with Parkinson's disease undergoing long term levodopa treatment, 10298
depression and secondary agoraphobic symptoms, 66 yr old male & 46 yr old female, 26202
depression in medically ill & treatment of sleep disorders in elderly & clinical utility of dexamethasone suppression test, comments on 4 papers, conference presentation, 31326
des-tyr1-gamma-endorphin, CSF homovanillic acid & 3-methoxy-4-hydroxyphenylglycol & cortisol & growth hormone levels, neuroleptic-free patients with paranoid vs hebephrenic vs other schizophrenias, 7487
description of 1st patient to take lithium, 54 yr old male with chronic manic symptoms, 1948, 4769
desipramine, depression, hospitalized mentally ill patients, conference presentation, 23302
desipramine, depression, melancholic elderly & Ss with delusional depression, conference presentation, 23344
desipramine, depression, outpatients, conference presentation, 23353
desipramine dosage, desipramine & 2-hydroxydesipramine plasma levels & clinical response, endogenously depressed patients, 20890
desipramine plasma levels & therapeutic response, depressed Ss with melancholia, conference presentation, 23317
desmopressin acetate, 7–14 yr olds with learning disorders or attention deficit disorder, 23310
development of anorexic drugs, physical mechanisms in food intake & treatment of obesity, 2009
development of aversion to food following chemotherapy, 24 yr old female with cancer, 31514
development of computerized classification system for psychotropic medications, 2001
development of phenothiazines, conference presentation, 10309
development of tolerance to therapeutic effects of imipramine & amitriptyline & phenelzine, 27–69 yr old females, 20898
development of trihexyphenidyl dependence, 28 & 30 yr old males with schizophrenia, 31519
developmental differences in distribution & metabolism & excretion of antidepressant drugs, children with behavioral & emotional disorders, literature review, 23349

dexamethasone sodium phosphate treatment for congenital adrenal hypoplasia, panic disorder with agoraphobia, 35 yr old female patient, 12655
dexamethasone suppression test, prediction of response to antidepressants, 26–76 yr old females with depressive disorders, conference presentation, 31486
dexamethasone suppression test, suppression of response to antidepressant treatment, melancholic patients, 20269
dextroamphetamine & methylphenidate, 57–73 yr old depressed patients with neurological disease, 4784
dextroamphetamine, aggression & aggressive/impulsive attitudes & fantasies, 8–11 yr old males with attention deficit disorder with hyperactivity, 10244
dextroamphetamine vs ephedrine, smoking attitudes & behavior, light vs heavy smoking college students, 31803
dextroamphetamine vs thioridazine vs contingency management, behavior problems, severely & profoundly mentally retarded 11–21 yr olds, 23070
diagnosis & drug therapy in public mental health clinics, mental illness, Hispanic vs Black vs Anglo 17–91 yr old patients, 15402
diagnosis & physician reluctance in treatment, depression, cardiac patients, 31202
diagnosis & treatment of akathisia, 23352
diagnosis & treatment strategies & antipsychotic drug therapy, suicidal & self destructive behaviors, 12631
diagnostic criteria & drug treatment, children with tic disorders, 23354
diagnostic criteria in psychopharmacology, children, 7406
diazepam, prolactin secretion & antipsychotic effects, 14–18 yr old acute schizophrenics, 7489
diazepam, sleepwalking, 28–56 yr olds, 4812
diclofensine treatment, 60–81 yr old depressed patients, 4776
diet-drug interactions, treatment of mental illness, literature review, 28734
digoxin intoxication masked as depression, 85 yr old female, 18144
discovery & history of use of neuroleptics, France, 1977
disulfiram, anxiety & depression, male inpatients in alcohol rehabilitation unit with mean age of 31.8 yrs, 2216
diuretics & oral contraceptives & pyridoxine & prostaglandin antagonists/precursors & lithium & bromocriptine, premenstrual syndrome, literature review, 31509
dogmatil treatment, adolescents with acute schizophrenia, 1979
dopamine agonist mesulergine, motor disability & psychomotor & cognitive abilities, Parkinson's disease patients, conference presentation, 20914
dopamine d/2 receptors in substantia nigra, drug-free vs neuroleptic-treated schizophrenics, 10295
dosage levels of midazolam as hypnotic, 18–79 yr old depressed patients with mild insomnia, 20929
dosage schedule & radioimmunoassay monitoring of haloperidol serum levels, clinical & adverse effects, chronic psychiatric patients, 7443
dosages for tricyclic antidepressants & benzodiazepines, anxiety & depression, geriatric patients, literature review, 31495
dose of methylphenidate, reading skills & oral reading, hyperactive 9–15 yr old males with attention deficit disorder, 12619
doxepin, chronic pain & clinical depression, patients with low back &/vs cervical spine pain, 15296
doxepin, long term maintenance treatment, 40–83 yr old outpatients with chronic depression, 15-yr followup, 15273
doxepin vs desipramine, patients with major affective vs dysthymic disorder & chronic back pain, 15338
droperidol vs haloperidol treatment, 18–65 yr old acutely agitated patients, 18135
drug compliance & comprehension of disease, hypertension or diabetes patients, Zimbabwe, 4802
drug information &/vs side-effect management techniques, chemotherapy knowledge & self care behaviors, cancer patients in chemotherapy, 10342
drug interactions in psychopharmacology, 23298
drug prescription in psychotherapy, implications for authority of psychiatrists vs psychologists, 10624
drug therapy & need for interdisciplinary treatment, psychosocial functioning, childhood asthma, 23112
drug therapy & psychotherapy, somatic symptoms of anxiety, 10045
drug therapy & risk of side effects, aged, 12640
drug therapy, acute psychotic symptomatology, patients in psychiatric emergency service, 31622
drug therapy, anorexia nervosa, literature review, 10305
drug therapy, attention deficit disorder, children, criticism of D. P. Gantwell's study, 28763
drug therapy, attention deficit disorder, children, reply to H. Huessy's criticism, 28745
drug therapy, chronic endogenous depression, 60 yr old female, 10248
drug therapy, eating disorders, literature review, 31507
drug therapy, elderly patients with psychiatric vs organic illnesses, 1999
drug therapy, growth deficiencies, children, 20903
drug therapy, Parkinson's disease, 28797
drug therapy, Parkinson's disease, literature review, 15304
drug therapy, schizophrenia, 23327
drug therapy, violent behavior, 31494
drug therapy vs psychotherapy, psychosis, 10092
drug treatment & family therapy, female manic depressive in melancholic phase, 23129
drug treatment, cognitive deficits in senile dementia, 28769
drug treatment vs nutrient therapy with lecithin & levotyrosine & pyridoxine hydrochloride, patients with Alzheimer's disease & unipolar depression & premenstrual syndrome, 23325
drug vs breathing & relaxation therapy vs hyperventilation provocation training vs psychotherapy, hyperventilation, 18–50 yr old patients, 26110
drugs in psychiatric research & antidepressant drug therapy, conference presentation, 28737
education in tranquilizer prescriptions, physicians, 2301
educational interventions, medication noncompliance & drug misuse, elderly, 31540
EEG sleep patterns during treatment with lithium salts, 27–52 yr olds with bipolar affective disorder, 7422
effectiveness & dosage & side effects & drug interactions of MAO inhibitors, treatment of anxiety & depressive disorders, 31554
effectiveness of carbamazepine vs valproate vs gammavinyl GABA, treatment of epilepsy, 12632
efficacy & safety of nomifensine maleate, 18–60 yr old moderately to severely depressed outpatients, conference presentation, 7428
efficacy & safety of nomifensine, 18–65 yr old outpatients with primary affective disorder-depression, conference presentation, 7432
efficacy & safety of nomifensine vs imipramine, 18–65 yr old depressed outpatients, conference presentation, 7408
efficacy of desipramine vs lithium carbonate, cocaine abusers, 7726
efficacy of dothiepin vs amitriptyline, major depressive disorder, outpatients, 26208
efficacy of lithium, acute treatment of affective disorders, 28742
efficacy of lithium in maintenance therapy, affective disorders, 28779
efficacy of lithium therapy, affective disorders, 23305
efficacy of loxapine vs chlorpromazine, paranoid schizophrenic inpatients, 10302
efficacy of nomifensine, subtypes of depression, conference presentation, 7466
efficacy of phenytoin & Vitamin C & Procaine & Lidocaine & Cimetidine & cyproheptadine & clonidine hydrochloride treatment, anorexia nervosa patients, 1-yr followup, 28787
efficacy of pirenperone, anxiety disorders, 24–62 yr old inpatients, 4756
efficacy of viloxazine treatment, depression, elderly, 18101
elimination of analgesic & psychoactive drugs in treatment, benign chronic pain patients, 18100
emergency treatment & drug therapy, affective & acute psychosis & schizophrenia, 10247
encephalotropic & psychotropic properties of actovegin hemoderivative, vigilance, performance on psychometric tests, Ss with mean age of 65 yrs, implications for therapy, 27640
ergoloid mesylates, symptoms of senile mental deterioration, institutionalized geriatric patients, 18155
erythrocyte choline transport, drug-free normal Ss vs lithium-treated patients with bipolar affective disorder, 18126

essential tremor self treated with alcohol & subsequently treated with propanolol, 47 & 49 & 52 yr old male patients, implications for tremor as risk factor for alcoholism, 28802
estazolam, insomnia, 20–59 yr old neurotic patients, 18107
estazolam therapy, schizophrenic patients, 1974
estazolam treatment, 21–65 yr old chronic insomnia patients, 26213
estrogen therapy, stress urinary incontinence, comments on study by J. A. Mohr, 28740
ethical considerations, psychopharmacological research, patients, 20899
ethical problems in research on opioids, treatment of chronic schizophrenia, 34 yr old female patient, 28761
ethinyl estradiol & pyridoxine, depression, 22–68 yr old premenopausal vs postmenopausal females, 23328
ethotoin, psychomotor seizures, 7–21 yr old patients, 7411
ethyl loflazepate, acute anxiety, 21–78 yr old acute anxiety patients, 4818
etiology & symptoms & psychotherapy & treatment with lithium carbonate, manic depression, children & adolescents, conference presentation, 4163
evaluation & treatment of rapid-cycling affective disorder, 25995
evaluation of psychostimulant medication, children & adolescents with attention deficit disorder, 23308
evaluation of studies using individual psychotherapy vs drug treatment or family therapy, schizophrenia, 28580
excretion of 6-hydroxymelatonin, males with Korsakoff's psychosis treated with clonidine, 14959
exposure with vs without imipramine or relaxation, improvement, agoraphobic outpatients with mean age of 34 yrs, 2-yr followup, 10050
factors affecting treatment attrition in outcome study of cognitive &/vs pharmacotherapy, 18–60 yr old depressed patients, 7189
factors influencing preference for brand vs generic drug prescribing, cardiologists, India, 29011
factors related to noncompliance in 2-yr study of lithium carbonate &/vs imipramine therapy, depressed 22–63 yr olds, 7444
false positive dexamethasone suppression test results related to antipsychotic drug withdrawal, 27 yr old nonmelancholic schizophrenic male, 10260
family history & cortisol secretion & response to antidepressant drugs, 21–69 yr old delusional & nondelusional depressed inpatients, 9691
family history of illness & haloperidol treatment, platelet MAO activity, 16–55 yr old schizophrenics,, 18125
family therapy approach using double-blind drug trial to demedicalize child's "illness", family with 9 yr old son previously diagnosed as hyperkinetic, 4660
fears of MAO inhibitors & their interactions with foods, treatment compliance, patients, literature review, 15336
febarbamate & pipamperone, agitational & aggressive states, psychiatric patients over 60 yrs of age, 20896
fenfluramine, behavioral & cognitive & affective & neurochemical disturbances, 5–13 yr old autistic outpatients, 20891
fenfluramine, neurochemistry & electrophysiology & behavior, 5–13 yr old autistic outpatients, 7400
finlepsin treatment, patients with manic depression or schizoaffective psychoses, 12664
fluotracen vs amitriptyline, depressive symptoms, 18–61 yr olds with major depressive disorder, 12642
fluoxetine, facilitation of mania, obsessive compulsive 39 yr old male, 15333
fluoxetine vs imipramine treatment, depression, 23–69 yr olds, 20895
flupenthixol decanoate therapy, sudden death, schizophrenic 29 & 25 yr olds & 23 yr old female who attempted suicide, 15332
fluperlapine, movement disorders, 42–71 yr old patients with dyskinesia or parkinsonism, 26176
fluperlapine treatment, adult schizophrenic patients, 20946
fluphenazine decanoate vs oral pimozide, social behavior, schizophrenic outpatients, 1-yr longitudinal study, 26145
fluphenazine treatment, plasma homovanillic acid & psychotic behavior, 20–29 yr old chronic schizophrenics, 18131
flurazepam therapy, falling as indicator of motor performance decrement, hospitalized aged, 7451
flurazepam vs triazolam, sleep & sleep latency during drug withdrawal, chronic insomniacs, 28768
fluspirilene, acute decompensation, chronic schizophrenic patients, 20892
furosemide, exposure therapy, Ss with psychogenic urinary retention, 12662
GABA receptor agonists, basal ganglia & treatment of tardive dyskinesia, 12620
gamma endorphins, treatment of schizophrenia, 20943
guanadrel sulfate vs methyldopa, blood pressure, 21–65 yr old hypertensives receiving hydrochlorothiazide, 26188
guanfacine, treatment of acute opiate withdrawal, patients with mean age of 22.2 yrs, 5056
guidelines for increased medication compliance, young adult chronic psychiatric patients, 10261
guidelines for use of antipsychotic drugs & minor tranquilizers in general hospital emergency rooms, psychiatric patients, 15488
guidelines for use of psychotropics in treatment, epilepsy, 28785
haloperidol & fluphenazine decanoate treatment, information processing, acute vs stabilized schizophrenic patients, 23336
haloperidol & pimozide & tiapride, hyperkinesia & motor performance, 31–59 yr old patients with Huntington's chorea, 20907
haloperidol, behavioral symptoms & acquisition & retention of discrimination learning, autistic 2.3–6.9 yr olds with mild to profound mental retardation, 4755
haloperidol, CSF concentration of cyclic guanosine monophosphate, male paranoid schizophrenics, 23319
haloperidol dose & plasma concentration, psychotic symptoms, 24 yr old male schizophrenic patient, 15321
haloperidol doses, serum prolactin levels, 18–45 yr old schizophrenic patients, 2005
haloperidol or thiothixene, akathisia, schizophrenic patients, 10314
haloperidol serum levels & clinical response & length of illness, schizophrenic patients, 15300
haloperidol, serum levels of lithium, 18–60 yr old manic patients with bipolar affective disorders, 28792
haloperidol vs propericiazine, maintenance treatment of schizophrenia, symptom-free outpatients, 4798
haloperidol vs tisercin treatment, enzymatic acetylcholinesterase activity & metabolism & electric interphase potential, children with schizophrenic psychosis, 4761
haloperidol vs trifluoperazine vs thioridazine vs fluphenazine decanoate vs thiothixene perphenazine vs chlorpromazine, plasma neuroleptic & homovanillic acid levels, psychotic patients, 15297
health beliefs & self concept & self efficacy, prediction of compliance with acne medication, college students, 26163
high dosage of progesterone, postpartum depression symptoms, 25–41 yr old females, 18154
high dose benzhexol alone vs with tetrabenazine vs pimozide, 6–18 yr olds vs adults with severe dystonia, 26185
high vs low score on Self Control Schedule, response to nortriptyline vs cognitive therapy, 18–60 yr old depressed outpatients, 15176
high vs maintenance dosages of amitriptyline, MAO & dopamine-beta-hydroxylase & catechol-O-methyltransferase, 19–55 yr olds with bipolar affective or unipolar disorders, 4796
higher plasma haloperidol concentrations, schizophrenic patients, China vs US, 18133
history of use of lithium in psychiatry, 26166
hydrochlorthiazide for hypertension, lithium toxicity presenting as mania, 60 yr old female with bipolar depression, 23346
hydroxyzine pamoate, temporary insomnia & agitation, 30–78 yr old patients with organic brain dysfunction, 12658
hyperactive vs aggressive symptoms & stimulant medication response & parenting & environmental variables, hyperactive children, literature review, 28471
identification of subtypes of tardive dyskinesis, 18156
imipramine & behavioral therapy, agoraphobic female from age 25–32, 23280
imipramine & desipramine, serum vs plasma concentrations, 22–66 yr old male inpatients, 28764
imipramine &/vs behavior therapy, heart rate & physiological arousal, 18–65 yr old severe & chronic agoraphobics, 23114
imipramine, anxiety & noradrenergic function assessed by 3-methoxy-4-hydroxyphenylethyleneglycol & effects of yohimbine, 29–54 yr olds with agoraphobia & panic attacks, 23303

imipramine hydrochloride &/vs in vivo exposure, panic attacks, agoraphobics, 23138
imipramine or clomipramine treatment, assessment of symptom change from scores on Hamilton Depression Scale, 19–65 yr old psychiatric patients, 26146
imipramine or methylphenidate vs withdrawal from medication, paired associate learning & recall, hyperactive 5.3–14.9 yr olds, 4808
imipramine, posttraumatic stress disorder, patients with mean age of 33 yrs, 18097
imipramine therapy, sustained yawning as side effect, depressed 30 yr old female, 4779
imipramine vs lithium, acute symptoms, patients with major depression or manic episode, 28789
imipramine vs phenelzine, atypical depression, patients with reactivity of mood & associated features, 15314
imipramine vs propanolol, panic disorder & agoraphobia with panic attacks, 23–61 yr old patients, 31522
improvement of compliance behavior in antiarrhythmic therapy, cardiac patients, 18147
improvement of naltrexone retention during induction & stabilization phases of treatment, narcotic addicts, 23601
incidence & treatment & effect on bonding, infantile colic, infants who were breastfed, 1712
incidence of manic depressive psychosis, families of alcoholic inpatients, implications for lithium therapy, 25494
incidence of ocular convergence difficulties, patients under medication, 7467
incidence of tardive dyskinesia, 46–74 yr old psychiatric outpatients, 12666
increasing doses of trazodone vs doxepin once daily, side effects & improvement, endogenous & anxious depressed 18–64 yr old outpatients, 7469
indalpine, depression, 22–61 yr old females, 28758
indalpine in psychiatric treatment & research focusing on biochemical activity & pharmacological profile, 26182
indalpine, mood & side effects, 9–93 yr old general medicine & psychiatric patients, 26158
indiscriminate prescription of sleeping pills, Ss aged 60 yrs & older with insomnia, conference presentation, 31532
individual & treatment related factors, anticipatory nausea after receiving initial chemotherapy, cancer outpatients, 31485
initial symptoms as predictors of treatment outcomes with phenelzine vs amitriptyline, 21–65 yr olds with depression with & without anxiety, 7405
institutional drug prescribing patterns, 65–99 yr old patients in municipal hospitals & nursing homes, 18136
integration of psychotherapy & chemotherapy, mental disorders, 23108
interaction of aspartame & high carbohydrate foods & MAO inhibitor, 22 yr old bulimic female, 15286
intermittent haloperidol, behavioral sensitivity to apomorphine & striatal spiroperidol binding, male guinea pigs, implications for prevention of tardive dyskinesia using drug holidays, 24862
intermittent neuroleptic drug therapy, tardive dyskinesia, literature review, 26171
intermittent psychotropic medication, 23–76 yr old psychiatric patients, 4813
intervention based on cognitive therapy principles, compliance with lithium drug therapy regimen, manic depressive 24–60 yr old outpatients, 4765
intraindividual variability in plasma chlorpromazine concentrations, adult psychiatric inpatients, 26218
isocarboxazid dosage, antidepressant effect, depressed inpatients, 7419
isocarboxazid with mianserin, antidepressant effect, 25–84 yr olds with endogenous depression/melancholia, 7471
issues concerning use of pharmacologic agents for long term preventive treatment, mood disorders, conference presentation, 20936
iv administration of noveril for 2 vs 10 days, therapeutically resistant depression, patients with manic depressive psychoses or schizophrenia or traumatic encephalopathy, 12651
ketazolam vs diazepam, anxiety neurosis, psychiatric patients, 20930
knowledge & attitudes about diazepam, 18–84 yr olds receiving prescriptions, 4792
lack of control of depression, noncompliance with drug therapy, depressed 36 & 40 yr old males, 15281
lateral ventricular size & psychopathology & response to neuroleptic therapy, 18–59 yr old patients with schizophrenia & affective disturbances, 1433
lawsuits for neuroleptic-induced movement disorders, mental health professionals & medical care facilities, 23680
legal issues, psychopharmacology, 31512
levels of haloperidol, partial seizure with complex symptoms, 26 yr old male chronic schizophrenic, 18117
levels of oral physostigmine, Alzheimer's disease, 52–76 yr olds, 15311
levo-alpha-acetylmethadol maintenance, alcohol & diazepam use & sexual behavior & cardiovascular functions, males with mean age of 31 yrs, 18378
levo-5-hydroxytryptophan, 16–63 yr olds with manic depressive psychosis, 7475
levodopa & peripheral decarboxylase inhibitor treatment, arterial blood pressure & pulse rate, Parkinson's disease patients with vs without end-of-dose akinesia, 26144
levodopa &/or anticholinergic drugs, intellectual functioning, Parkinson's disease patients with average age of 66.2 yrs, 23338
levodopa, mood disorders & psychotic syndromes, patients with Parkinson's disease, 20927
levodopa, treatment of pathologic laughing & crying, patients with cerebrovascular disease & brain trauma, 10312
levotryptophan & levo-5-HTP & levotyrosine & levo-dopa, depressive disorders, 26210
levotryptophan, epileptic behavior, hyperactive 7–14 yr olds receiving either carbamazepine or sodium valproate treatment, 4777
levotryptophan, insomnia, 21–35 yr olds, literature review, 4815
levotryptophan, premenstrual tension, 35 yr old female, 31530
levotryptophan vs casein treatment, demented 67–90 yr old patients with vs without concomitant depression, 26207
life events & use of tobacco & nonprescription medication, treatment outcome, patients with minor affective disorders seen in general practice, 12628
lithium & tricyclic desipramine, obsessive compulsive disorder, 36 yr old male, 23309
lithium &/vs fluphenazine, 18–60 yr old schizophrenic schizoaffectives, 10290
lithium, aggression, mentally handicapped 14–50 yr olds, conference presentation, 31549
lithium carbonate & iprindole, major unipolar depression, 33–68 yr old patients, 15284
lithium carbonate & lecithin, Alzheimer's disease, 47–70 yr old males, 23350
lithium carbonate &/vs imipramine, 21–60 yr olds with bipolar vs unipolar depression, 10299
lithium carbonate, antidepressant effect of sleep deprivation, patients with depression, 31488
lithium carbonate, impaired smooth pursuit eye movements, inpatients with bipolar affective disorder vs outpatients with bipolar affective disorder in remission, 20923
lithium carbonate or levotryptophan augmentation, obsessive compulsive disorder, 38 yr old male & 22 yr old female resistant to clomipramine treatment, 4811
lithium carbonate, salivary & tear secretion rates & salivary electrolyte concentrations, manic depressive patients, 23296
lithium carbonate, tardive dyskinesia, neuroleptic-treated 49–65 yr olds with manic depressive illness, 4825
lithium carbonate, treatment of bulimia, 19–34 yr olds, 4781
lithium carbonate, 72 yr old male with unipolar depression, 20-wk followup, 28780
lithium, extrapyramidal symptomatology, 60 yr old male with primary degenerative dementia & 47 yr old male with Alzheimer's disease, 4810
lithium intoxication without severe symptoms, 28 yr old with bipolar illness, 23331
lithium prophylaxis, 24–56 yr olds diagnosed as schizophrenic psychosis or schizoaffective type, application of Research Diagnostic Criteria & R. E. Kendall's & C. Perris's criteria, 26183
lithium, red blood cell & plasma choline levels & renal concentrating ability, psychiatric patients with mean age of 40 yrs, 20910

lithium, red blood cell glycine & choline & glutathione levels, manic depressive patients, comments on study by N. Pomara et al, 15277
lithium salts in treatment, alcoholic 32–53 yr olds, 31801
lithium therapy, alcoholism, 20–60 yr old inpatients, 28986
lithium therapy, health attitudes & physiological distress, patients with bipolar affective disorder, 28751
lithium therapy, medical conditions, literature review, 28805
lithium therapy, mood-incongruent vs mood-congruent psychosis, patients with schizophrenia vs schizoaffective disorders vs manic disorders, 7493
lithium therapy, morning & afternoon serum cortisol levels, 23–74 yr old patients with unipolar or bipolar affective disorder or depression or cycloid or schizoaffective psychosis, 28796
lithium therapy, renal functioning, manic depressive 22–74 yr old patients, 10280
lithium therapy, schizophrenia & schizoaffective disorder & hyperactivity & aggressive behavior & early-onset manic depressive disorder, literature review, 28748
lithium treatment, hyperactivity, 72–78 yr old psychiatric geriatric patients with neurological involvement, 18113
lithium, treatment of unipolar depression, literature review, 23307
lithium treatment, polyuria, manic depressive patients, 23306
lithium treatment, remission of psychoses, psychotic patients with variant red blood cell/lithium ratio or schizophreniform diagnosis, 15291
long-acting depot injection vs oral administration of neuroleptic agents, maintenance, schizophrenic patients, conference presentation, 10279
long term anticonvulsant therapy, behavioral problems & cognitive impairment, 5–18 yr olds with complicated epilepsy, 28747
long term benzodiazepine treatment & withdrawal, 10267
long term imipramine treatment, platelet radioactive imipramine binding, drug-free depressed patients, conference presentation, 31544
long term neuroleptic drug treatment & drug withdrawal, growth hormone peak levels after apomorphine, 29–54 yr old schizophrenic patients with vs without tardive dyskinesia, 26189
long term neuroleptic treatment, immunological characteristics, schizophrenics, 7452
long term nomifensine vs imipramine, side effects, depressed patients, conference presentation, 7492
long term phenothiazine treatment, pituitary tumors, 31–76 yr old psychiatric patients, 7458
long term usage & social implications of benzodiazepine administration, 4794
loprazolam vs triazolam, impairment in manual dexterity & card sorting, 43–62 yr old poor sleepers, 7463
low-dose neuroleptics & thyrotropin releasing hormone, mood & behavior, 22 yr old female with major depression & borderline personality disorder, 23318
low dose of bromocriptine, chronic schizophrenia, medicated patients with mean age of 33.7 yrs, 15283
low doses of melperone, anxiety & side effects, 18–60 yr old anxious neurotic outpatients, 20932
low lithium dosage, 65–77 yr old geriatric patients with bipolar affective disorder, 18141
low vs conventional doses of fluphenazine decanoate, relapse rates & side effects, schizophrenic males, 10288
low vs high dosage of fluphenazine, effectiveness & risk of extrapyramidal toxicity, comments on findings of S. R. Marder et al, 31547
low vs high dosages of sulpiride, antiautistic vs disinhibitory effects, hebephrenic patients, 12653
loxapine vs chlorpromazine therapy, paranoid schizophrenic 19–61 yr old inpatients, 7482
lysine acetylsalicylate, withdrawal syndrome, 18–34 yr old heroin addicts, implications for drug rehabilitation, 7749
magnesium pemoline, emotional disturbance, 6 yr old female, 15335
magnesium sulfate, ethanol withdrawal syndrome, 16–65 yr old alcoholics, 31825
major categories of antidepressant drugs, treatment of depression, aged, 18111
manic symptoms associated with trazodone treatment, 25 & 57 yr old depressed female inpatients, 2014
MAO inhibitor isocarboxazid, treatment of depression & associated trichotillomania, 32 yr old male, 10286
MAO inhibitor treatment, 72 yr old depressed patient, 18114
MAO inhibitors, anxiety & phobic disorders, implications for DSM-III classification, literature review, 15322
MAO inhibitors, bulimia, 18–37 yr old women with prominent depression & anxiety, 15324
MAO inhibitors, depression, 68 & 73 yr old Alzheimer's patients, 28766
MAO inhibitors, treatment of atypical depression due to chronic pain, 31496
maprotiline therapy, hepatotoxicity, depressed 44 yr old female, 7462
mazindol, pain sensitivity, 18–53 yr old obese vs lean females, 20947
mecamylamine, nicotine dependence, 24–61 yr old smokers, conference presentation, 5061
mechanism of action & clinical indications, trazodone vs other tricyclic antidepressants, 7476
mechanism of action of tricyclic & atypical antidepressants & role of monoamine function, literature review, conference presentation, 28753
mechanisms of pain perception & treatment properties of analgesic & opioid antagonistic drugs, literature review, 31545
medical & psychological aspects, noncompliance with oral medication regimens, 23–80 yr old patients, 20900
medical & psychotherapeutic effects of benzodiazepine therapy, literature review, 31489
medication prescriptions, aged in long term care institutions, US vs England, 31516
medications, assaultive behavior, 17–65 yr old psychiatric patients, conference presentation, 23366
medroxyprogesterone acetate treatment, male sex offenders, literature review, 28782
melitracen & flupentixol vs mianserin therapy, depressive anxiety states, 16–65 yr old outpatients, 4821
mepindolol sulfate, heart rate & blood pressure, males with hyperkinetic heart syndrome, 28738
mesterolone vs amitriptyline treatment, male 27–62 old depressed outpatients, 28801
meta analysis of efficacy of ECT vs simulated ECT vs antidepressants, severe depression, 17855
metoclopramide, mania as side effect, 62 yr old depressed female, 7472
methadone, antidepressant effects by MAO inhibition, comment on study by C. A. Kaufmann et al, 23323
method for adjustment of lithium carbonate dosages, manic depressive patients, 28772
methodological errors, research of MAO inhibitors, literature review, 2843
methodological guidelines for reading psychopharmacological research, 28771
methodological shortcomings, research on verbal ability, children with acute lymphocytic leukemia treated with radiation & chemotherapy, 20660
methodology for studying effectiveness of anti-anxiety drugs, France, 1994
methodology in psychopharmacological studies, mentally retarded, 2002
methods of monitoring undesirable drug side effects of oxprenolol vs chlorthalidone, treatment of hypertension, 17–70 yr old outpatients, 28739
methylphenidate, attention & behavioral functioning, 9.1–12.1 yr old males with attention deficit disorder, 26148
methylphenidate dosage, school behavior & paired associates learning vs teacher/classroom assessment, 6–10 yr old hyperactive males, 26196
methylphenidate, educational & life difficulties & self concept & social abilities, young adults diagnosed as having attention deficit disorder with hyperactivity at 6–12 yrs of age, followup study, 10273
methylphenidate, psychological & physiological & biochemical parameters, hyperactive male children with minimal cerebral dysfunction, 23315
methylphenidate, state dependent learning, 7–12 yr olds with attention deficit disorders with hyperactivity, 20893

methylphenidate, symptoms of attention deficit disorder, 18–45 yr olds, 10289
methylphenidate, treatment of attention deficit & borderline personality disorders, 21 yr old female, 20916
methylphenidate, treatment of residual type of attention deficit disorder, 21–45 yr olds, 23370
metoclopramide treatment, tardive akathisia & agitated depression, 47 & 50 yr old female & male patients, 26205
metyrapone, depression & delirium, 51 yr old male with Cushing's syndrome, 23332
mianserin, depression, 40–50 yr olds, 4786
mianserin vs diazepam, anxiety & depressive symptoms, 17–71 yr old psychiatric patients, 26141
mianserin vs maprotiline treatment, 21–70 yr old patients with depressive syndrome, 15299
midazolam with vs without atropine premedication, stress reduction before gynecologic surgery, female patients, 28795
mild herpes encephalitis treated without antiviral chemotherapy, 42 & 56 yr old female & 37 yr old male, 26175
milenperone, management of aggressive behavior, 12–80 yr old epileptic & alcoholic patients, 20906
minaprine, memory & vigilance & visual motor capacities, patients with structural neuropathy, 4775
minaprine, psychoneurotic inhibitions, 2–99 yr old general practice patients, 4768
misdiagnosis & error in prescription of tranquilizer, drug reaction & failure to deal with stresses, female law student with anxiety, 23341
moclobemide, urinary norepinephrine excretion, depressed 29–68 yr olds, 26153
moclobemide vs clomipramine treatment of depression, 32–87 yr olds with episodic & chronic & atypical depression, 26178
modeling & shaping procedure, swallowing pills, 6 yr old female, 26091
monitoring of haloperidol plasma concentrations, therapeutic management, 18–60 yr olds with schizophrenia vs acute mania vs severe borderline states, 10246
monitoring system for adverse reactions to psychotropic drugs, psychiatric hospitals, 18142
monitoring system, use of restrictive & aversive procedures in medications & behavior modification, faculty with 16–56 yr old mentally retarded patients, 21068
mortality rate, patients treated with lithium for more than 2 mo, 23345
multidisciplinary program involving self control techniques & education & group therapy & medical exams & pharmacological support, smoking cessation, smokers, 12866
nadolol, neuroleptic-induced akathisia, adults with schizoaffective disorder or schizophrenia or chronic schizophrenia, 23351
naloxone &/vs standard lactate infusion, suppression of panic attacks, 21–42 yr olds with panic disorder or agoraphobia with panic attacks, 15307
naloxone, captopril-induced confusion & disorientation & visual hallucinations & insomnia, 76 yr old male with severe cardiac failure & hypertension, 15292
naloxone, cognitive function, Alzheimer's patients, 31542
naloxone, severity of hallucinatory & maniacal symptoms, 19–41 yr old patients with endogenous psychoses, 18124
naloxone, subjective symptoms & behavioral effects, depressed 32–56 yr old inpatients, 15282
naloxone, symptomatology, schizophrenic 23–47 yr olds, 28799
naloxone treatment, dextropropoxyphene & aspirin & antipyrine & vinbarbital & phenthiazine derivative poisoning, 17 yr old female patient, 28750
naltrexone & behavior therapy, heroin addicts with mean age of 26 yrs, 5-yr posttreatment followup, conference presentation, 5053
naltrexone, appetite & weight loss, ex-opiate addicts, 15569
naltrexone during postmethadone period, heroin addicts, 31798
naltrexone treatment in jail work release program, drug addicted inmates, 23545
naltrexone, treatment of drug addiction, 19–47 yr old opiate addicts, 6-mo followup, 23596
naltrexone vs therapeutic community, opiate addiction, male veterans, conference presentation, 5027
need for caution in use of psychotropic drugs, treatment of agitation or psychosis or depression or anxiety or insomnia, geriatric patients, 31535
need for combination of depot neuroleptics & psychosocial intervention, lowered relapse rates, schizophrenic patients, US, conference presentation, 10275
need for integration between psychotherapy & drug therapy approaches, 25964
need for monitoring plasma levels of antidepressants & antipsychotics, psychiatric patients, implications for dosage & side effects, 23299
need to assess red blood cell to plasma ratios when plasma lithium levels are consistently low, 40 yr old manic depressive female treated with lithium carbonate, 4826
need to maintain sense of self & existence, undermedication of patients for pain, burn patients & medical staff, 23347
negative expectations of relief, extent & nature of placebos, effects involving organic conditions, patients, implications for chronic headaches, 26159
neurochemical psychiatry as source for hypotheses concerning role of homeostatic mechanisms in brain function, implications for development of therapeutic drugs, 24676
neuroleptic drug adjustment, psychiatric symptoms, 30–77 yr olds with tardive dyskinesia, 12626
neuroleptic drug therapy, movement disorders, 23367
neuroleptic drugs, beta-endorphin serum levels & therapeutic effects, acute unmedicated schizophrenic patients, 12650
neuroleptic drugs, clinical response & serum neuroleptic levels, acutely psychotic patients with mean age of 29.9 yrs, 4785
neuroleptic drugs, induction of tardive dyskinesia & other movement disorders, handicapped children & youth, literature review, 7435
neuroleptic drugs, paradoxical reaction, 19–39 yr old patients with masked epileptiform vs bipolar vs schizoaffective disorders, 12624
neuroleptic drugs with vs without anticholinergic drugs, performance on verbal matched-recall vs recognition tasks, mildly disturbed schizophrenics with mean age of 38 yrs, 10255
neuroleptic maintenance & psychosocial intervention with family, relapse, 16–65 yr old schizophrenic patients, 2-yr followup, UK, conference presentation, 10071
neuroleptic malignant syndrome, 22 yr old mildly mentally handicapped female with acute schizophrenia, 18146
neuroleptic malignant syndrome, 30 yr old mentally retarded female & 26 yr old male with bizarre behavior & 45 yr old female with affective disorder, 31504
neuroleptic or antidepressant drug treatment, cognitive & psychomotor functioning & fitness to drive automobiles, psychiatric patients, 26167
neuroleptic therapy, cognition & learning, children & adolescents with mental & emotional & behavioral disorders, 23301
neuroleptic therapy, psychiatric emergency patients, 1975
neuroleptic treatment, extrapyramidal symptoms & serum calcium levels, 21–73 yr old psychiatric patients, 26161
neuroleptic treatment using haloperidol or fluphenazine decanoate, impulsive suicide attempts with akathisia, 25 yr old male schizophrenic & 22 yr old female with schizoaffective disorder, 20902
neuroleptics, attention, adolescent schizophrenics, 10265
neuroleptics, etiology of depression, chronic schizophrenics with depressive episodes, 10306
neuropsychological assessment before & after antidepressant therapy, psychotic & neurotic depressed 16–65 yr old patients, 1986
neurotoxic accidents in association with lithium therapy & levels of lithium in plasma & erythrocytes & platelets, 47–53 yr old psychotic patients, 20908
neurotropic drug vs placebo, mental & memory functions, patients over 65 yrs of age with organic brain syndrome, 4800
niaprazine, nervousness & agitation & sleep disorders, 2–13 yr old inpatients, 15278
nitrefazole, alcohol craving, 28–57 yr old male alcoholics, 29001
nomifensine, depression, 18–65 yr olds with primary affective disorder–depression, conference presentation, 7425
nomifensine, exacerbation of depression & seizures, 54 yr old female epileptic, 26169

nomifensine maleate vs imipramine, symptoms, geriatric outpatients with primary affective disorder-depression, conference presentation, 7414
nomifensine, precipitation of seizures, implications for management of patients with epilepsy & neurological diseases associated with lowered seizure threshold, conference presentation, 7481
nomifensine, safety & efficacy of treatment, depressed patients, results of 12 studies, conference presentation, 7430
nomifensine, symptoms, depressed vs nondepressed geriatric inpatients with mean age of 75.3 yrs, conference presentation, 7446
nomifensine, treatment of depression, elderly patients, conference presentation, 7417
nomifensine vs imipramine, depression, 22–56 yr old male inpatients, conference presentation, 7423
nomifensine vs imipramine, symptoms, depressed geriatric outpatients, conference presentation, 7461
nomifensine, models predictive of antidepressant activity & cardiovascular & anticholinergic side effects, animals, implications for treatment of endogenous depression, conference presentation, 6119
normal prescriptions & psychotropic drug responses, Asian patients, 15330
nortriptyline with & without chlorpromazine & dosage levels, delusional & major depression, 12–17 yr olds, 18110
nursing care, infants with congenital heart disease receiving prostaglandin E1, 31610
nursing considerations & patient & family education, physical dependence vs addiction & drug therapy, aged, 2011
onager oil treatment based on hypothesis of underlying prostaglandin deficiency, 25–48 yr olds with schizophrenia, 28741
onset of tics following amphetamine treatment for narcolepsy, 3 yr old male, implications for linkage to Gilles de la Tourette's syndrome, conference presentation, 4814
opioids, treatment of restless legs syndrome, 47 & 54 & 58 yr old patients, 15331
oral contraceptives & thyroxine, depression, 20 yr old single female, 18139
oral doses of diazepam vs propranolol, psychomotor performance, 20–61 yr old patients with panic disorder & agoraphobia, 28755
oral haloperidol followed by im haloperidol decanoate, patients with chronic schizophrenia, 28778
oral sodium chloride, treatment of hyponatremia resulting from self induced water intoxication, schizophrenic patients hospitalized for 15–30 yrs, 4 case reports, 28800
oral vs depot fluphenazine, relapse rates, patients, US, conference presentation, 10282
ototoxic drugs in treatment of gram-negative bacterial sepsis, risk of permanent hearing loss, neonates, 18095
overview of desipramine, conference presentation, 23329
oxprenolol & oxazepam, anxiety states, 22–48 yr old males, 26212
panic & agoraphobic disorders & characteristics & drug treatment of separation anxiety, children & adults, conference presentation, 6776
paregoric vs phenobarbital vs diazepam, drug abstinence, neonates born to heroin- or methadone-dependent mothers, conference presentation, 5038
patient characteristics & duration of illness, patients treated with antidepressant drugs for more vs less than 3 mo, 31537
pedigree analysis & lithium carbonate, familial hyperkalemic periodic paralysis & bipolar depression, 27 yr old male, 28788
pemoline, EEG patterns, 8–11 vs 18–47 yr olds with attention deficit disorder, 20897
perceived controllabilty of patient's life-events, willingness to prescribe psychotropic drugs, medical students, 21161
perceived therapeutic & adverse effects of lithium therapy, psychiatric patients, 26139
persistence of clinical effects of methylphenidate, 7–15 yr olds with attention deficit disorder with hyperactivity, 7434
personality characteristics & sex role orientation, etiology of climacteric symptoms & response to hormonal replacement therapy, 44–55 yr old postmenopausal females, 7415
perspectives on use of psychotropic medication, hyperkinesis, children, North America vs Asia vs Europe, literature review, 15320
pharmacodynamics & therapeutics efficacy, nomifensine, conference presentation, 7441
pharmacokinetic & pharmacodynamic approaches to depot neuroleptic therapy, conference presentation, 10264
pharmacologic prevention, recurrence of unipolar or bipolar disorder, conference presentation, 20928
pharmacologic treatment, chronic alcoholism, literature review, 31808
pharmacological & behavior treatments, obsessive compulsives, 10085
pharmacological & psychoactive properties of amantadine, treatment of viral influenza & Parkinson's disease, 31552
pharmacological treatments, hyperventilation syndrome, 20915
pharmacological vs psychosocial approaches to long term treatment, patients with schizophrenic psychoses, 4558
pharmacotherapeutic evaluation of efficacy of drugs, treatment of disorders, 23300
pharmacotherapy, treatment of depression, geriatric patients, conference presentation, 23297
phenelzine treatment in conjunction with trimipramine, remission, 39 yr old male with refractory depression, 28783
phenelzine vs amitriptyline, symptoms, 20–67 yr old depressed patients with vs without features of hysteroid dysphoria, 20918
phenelzine vs imipramine, atypical depression, 18–55 yr old patients, 15306
phenelzine, 18–45 yr old bulimic females, 10315
phenobarbitone vs phenytoin vs carbamazepine vs sodium valproate as single drug therapy, grand mal seizures, 3–14 yr olds, 31500
phenothiazine treatment, platelet alpha 2-adrenergic receptor binding before vs after treatment, 22–39 yr old schizophrenic patients, 15316
phenylpropanolamine & caffeine & group therapy & behavior modification program, weight reduction, 27–62 yr old obese physicians, 23065
phenytoin & phenobarbital, treatment of emotional instability, 24 yr old male with personal & family history of rage attacks & mood disturbance & epileptiform EEGs, 10296
photic stimulation in conjunction with ethimizole treatment, stuttering, patients, 4543
physostigmine, pulse & blood pressure & serum epinephrine, 25–52 yr old patients with affective disorder, implications for treatment of Alzheimer's disease, 28208
pimozide, CSF noradrenaline levels, 18–35 yr old schizophrenic patients, 4790
pimozide, development of school phobia, 10 yr old male with Gilles de la Tourette's syndrome, 23333
pimozide, hypothalamo-pituitary function, behavior disordered 5–13 yr olds, 15327
pimozide vs placebo, treatment of Tourette's syndrome, patients, 4817
pipotiazine & pipotiazine palmitate, schizophrenic 18–51 yr olds, 28757
piracetam, reading & writing & spelling abilities, dyslexic 8–13 yr olds, 10256
piracetam, reading speed & accuracy, dyslexic male 8–13 yr olds, 12665
piracetam, verbal memory, 8–13 yr old dyslexic males, 26201
piracetam/lecithin combination, treatment of Alzheimer's disease, 55–75 yr old patients, 2003
placebo effect, evaluation of results of anxiety treatments, 10293
plasma concentrations of imipramine & therapeutic efficacy, patients with primary depression, 18138
plasma drug concentration of single dose of amitriptyline, predictability of steady state therapeutic level, 25–72 yr olds with depression, 31515
plasma homovanillic acid & methoxyhydroxyphenyl glycol & serum haloperidol & prolactin levels on admission vs after 10 days, 16–52 yr old good vs poor responders to haloperidol treatment for acute psychosis, 10254
plasma lithium level, interepisode functioning, bipolar patients with mean age of 54.1 yrs, 28759
plasma prolactin vs drug plasma levels vs dopamine receptor blocking activity, clinical responses, 19–68 yr old acute schizophrenics treated with pimozide vs haloperidol, 23360
platelet adrenergic receptor binding sites & plasma catecholamines, 18–36 yr old patients with panic attacks vs depression before & during imipramine treatment, 9629

postsynaptic dopamine receptor sensitivity, psychotic patients who responded quickly vs slowly to antipsychotic drugs, 26164
prazepam & lorazepam, anxiolytic effects & tolerance, 18–70 yr old patients with neurotic anxiety, 26154
prazosin, autonomic arousal & psychiatric symptoms, schizophrenic 18–30 yr olds, 7442
prescribed drug use & psychiatric symptoms, mentally retarded emotionally disturbed 18–71 yr olds, 12301
prescription of psychotropic drugs, 7 yr old through aged psychiatric inpatients, England, 26160
prescription vs nonprescription of anxiolytics, psychiatric state & social functioning, patients with minor affective disorders seen by general practitioners, 7-mo followup, 12627
presence vs absence of neuroleptic medication, performance on Luria-Nebraska Neuropsychological Battery, schizophrenics with mean age of 31.4 yrs, 12649
pretreatment norepinephrine & 3-methoxy-4-hydroxyphenylglycol & metanephrine urine levels & CSF 5-hydroxyindoleacetic acid values, response to imipramine & amitriptyline treatment, patients with unipolar vs bipolar depression, 4789
pretreatment urinary levels of 3-methoxy-4-hydroxyphenylglycol, prediction of response to alprazolam, depressed 33–65 yr olds, 18129
prevalence & characteristics & drug treatment of insomnia, 18–79 yr olds, 20559
prior imipramine treatment, urine alarm conditioning therapy outcomes, children with primary enuresis, 1-yr followup, 15298
problem of compliance & roles of physicians & pharmacists in drug therapy, aged, literature review, 12639
problems in diagnosis & diversity of causal models & drug treatment, anxiety & panic & phobic disorders, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1469
problems with tamper-resistant packaging for nonprescription medications, aged, 31538
problems wth long term levodopa treatment, patients with Parkinson's disease, 10303
progesterone, premenstrual syndrome, 20–44 yr old females, 26198
progesterone, psychological & somatic symptoms, 26–47 yr old females with premenstrual syndrome, 7485
progresaive reduction of dose of phenelzine, treatment of depression, depressed patients, 20901
propericiazine & methylphenidate, 5–11 yr olds with attention deficit disorder with hyperactivity, 10317
propranolol, depression, 53–73 yr old medical patients, 18132
propranolol, migraine headache, 9–15 yr olds, 31499
propranolol, premature ejaculation in chronic anxiety settings, 18–58 yr old males, 26151
propranolol vs chlordiazepoxide treatment, 18–55 yr old anxious neurotic patients, 4762
prostacyclin vs placebo, postoperative cognitive deficits, open heart surgery patients, 4804
prostaglandin E1, treatment of schizophrenia, 21–31 yr old inpatients, 10281
protocol for treatment of bipolar affective disorder with lithium, outpatients, 15301
provision of pharmacotherapy treatment of patients in psychotherapy with other therapists, 28–73 yr old psychiatrists, 25963
psycho- & neurotropic activity of neurometabolic stimulants, 4799
psychoactive & psychotropic drugs, learning, mentally retarded, literature review, 1973
psychological & somatic factors, development & maintenance of psychopharmacological side effects, 24–52 yr old patients, 20926
psychological impact of human growth hormone replacement therapy, 6.6–20.9 yr olds with hypopituitary growth hormone deficiency, 28791
psychopharmacologic issues, diagnosis & treatment of organic mental disorders, 31508
psychopharmacologic treatment, depresaion, 23313
psychopharmacologic treatment, medical patients, 31511
psychopharmacologic treatment, personality disorders, literature review, 31513
psychopharmacological guidelines, social workers, implications for social work education, 18127
psychopharmacological treatment, childhood psychosis & autism & attention deficit disorder & enuresis & appetite disorders, literature review, 31551
psychopharmacological treatment, depression, medically ill patients, implications for diagnostic problems & interactions due to multiple medications, 23294
psychopharmacological treatment, sexual dysfunction, literature review, 23365
psychopharmacological treatments, syndromes involved in borderline personality disorder, 12152
psychopharmacology & drug treatment of neoplastic pain, 31528
psychopharmacology & semiological modifications, 31526
psychopharmacology in intensive care unit, 31789
psychopharmacotherapy & aging, elderly patients, 20921
psychosocial intervention with reduced neuroleptic dosage strategies, positive & negative symptoms & disordered personal relationships, chronic schizophrenic patient, conference presentation, 18119
psychosocial treatment & drug therapy, schizophrenic patients, 5003
psychosocial treatment & drug therapy, schizophrenic patients, comment on R. P. Liberman & D. B. Rueger's article by father of schizophrenic patient, 5019
psychosocial treatment & drug therapy, schizophrenic patients, comment on R. P. Liberman & D. B. Rueger's article by ex-patient, 5006
psychosocial treatment & drug therapy, schizophrenic patients, comments on R. P. Liberman & D. B. Rueger's article, 5001
psychosocial treatment & drug therapy, schizophrenic patients, comments on R. P. Liberman & D. B. Rueger's article, 5015
psychosocial treatment & drug therapy, schizophrenic patients, response to comments by J. Marabella & D. J. Richardson & M. D. Levine & F. N. Pitts, 5002
psychotherapy & chemotherapy & role of countertransference, 30 yr old female with borderline disorder, 23087
psychotherapy vs pharmacotherapy, treatment of depression, implications for clinical practice, 10042
psychotropic & anticonvulsant drug prescription data, mentally retarded 16–90 yr olds in community vocational vs residential placements, 20925
psychotropic drug prescribing practices, psychiatric hospital, 10291
psychotropic drugs, psychotherapy, 4793
psychotropic drugs, sleep, 1981
psychotropic medication, psychiatric symptoms, hypertensive patients taking antihypertensive medication, 20942
psychotropic medication. unanticipated adverse behavior & psychiatric hospitalization, 5–13 yr olds at 1st admission, 15287
pulmonary functioning & use of as-needed medication, Bayesian prediction of noncompliance, 14–70 yr old chronic asthmatic patients, 10262
quality & intensity of drug treatment in private practice, psychiatric patients, West Berlin, 26204
quazepam, treatment of insomnia, 60–80 yr old outpatients, 2016
radioreceptor assay, serum levels of neuroleptics & their metabolites, 22–66 yr old refractory chronic schizophrenic patients, 4788
radioreceptor binding assay, psychopharmacology & psychopathology, 7448
rapid clinical improvements after phenelzine & psychotherapy, new psychological symptoms, 42 yr old female with atypical depression, 18149
rapid withdrawal from long-term ingestion of lorazepam, multiple seizures, depressed 81 yr old female, 15302
rational framework for use of sleeping pills, literature review, conference presentation, 4772
reasons for undermedication & provision of inadequate analgesia, patients in pain, 15313
recurrent & treatment resistant depression & positive dexamethasone suppression test, 66 yr old surgical patient with adenocarcinoma of pancreas, 20933
red blood cell choline concentrations & transport & methionine S-adenosyltransferase activity, drug-free & lithium-treated manic 24 & 64 yr old patients, 17491
reinforcement vs reinforced self evaluation with vs without methylphenidate, social behavior, hyperactive 8–13 yr old males, 4561

rejection of right to refuse antipsychotic medication on religious grounds, involuntary committed psychiatric patient, case law, 3893
relationship between dosage & anxiety effects of diazepam & serum concentrations of diazepam & nordiazepam, acutely vs chronically anxious patients, 15334
relaxation & biofeedback as alternatives to drug therapy, hyperkinetic children, literature review, 7198
relaxation & modeling & shaping procedures, pill-swallowing, 9 yr old male with lymphocytic leukemia, 18108
relaxation &/vs biofeedback training vs drug therapy, essential hypertension, literature review, 7393
relaxation training programs with vs without benzodiazepine tranquilizers, heart rate & frontalis EMG, 16–64 yr old psychiatric inpatients, 15252
reliability of observations in double- vs single-blind methylphenidate study, behaviors, profoundly mentally retarded 14.5–21.3 yr olds, 13514
REM latencies as diagnostic & prognostic indicators of depression & antidepressant treatment, depressed patients, 23362
report of pharmacological intervention in behavior modification studies, mentally retarded, 20875
reserpine, hypertension, 26216
resorption & distribution & excretion of psychotropic medication, 7407
response to lithium & symptoms, platelet MAO activity, schizophrenic & manic patients, 7440
response to lithium therapy, affective illness in 1st-degree relatives, 11–60 yr olds with primary affective disorders, 7477
restoration of normal body weight, luteinizing hormone releasing factor responses & adolescent conflict, 15–31 yr old females with anorexia nervosa, 1997
retributive & dissuasive sanctions & psychomedical interventions, reduction of psychopathological criminal behavior, mentally abnormal delinquents, 31769
reversibility in therapy of tranylcypromine & phenylzine binding, comments on G. D. Tollefson's review of MAO inhibitors, 15276
review of drug therapies, Alzheimer's type senile dementia, 15293
reward level & stimulus intensity & drug condition, heart rate response morphology, attention &/or learning disordered 8–11 yr old male augmenters vs reducers referred for trial on menthylphenidate, 15271
riboflavin tracer method of medication detection, 30–45 & 7–12 yr olds, implications for home-based behavioral program to improve medication compliance, 31291
right to refuse antipsychotic medication, involuntarily committed patients, case law, 3934
right to refuse medication, case law, 14352
risk factors & lithium-carbamazepine neurotoxicity, 28–40 yr old rapid cycling manic patients, 12659
risk/benefit ratio of depot fluphenazine therapy, literature review, conference presentation, 10270
role of CNS & hypothalamic functions, ventricular arrhythmia & sudden cardiac death, implications for antiarrhythmic therapy, 17791
role of medication in psychotherapy, 10074
role of psychoactive drugs in therapy, psychotic patients, 4771
ruling by Ohio Supreme Court concerning court-ordered drug holiday to assess cause of remission of criminal defendant's mental illness, case law, 15461
ruling in Utah right-to-refuse-psychotropic-medication case, case law, 14335
safety & efficacy of alprazolam vs amitriptyline vs doxepin, major depression, 18–70 yr old patients, 15317
safety & efficacy of bupropion, depressed geriatric patients, 1992
safety & efficacy of zimeldine vs maprotiline, depression, outpatients with mean age of 35.2 vs 41.3 yrs, 15315
sedative depot neuroleptic cis (z) clopenthixol decanoate, psychiatric patients, 28775
serum & CSF concentrations of clobazam & its metabolite, neurological patients, 28777
serum concentration of amitriptyline & nortriptyline over time, clinical response, 21–66 yr old depressed outpatients, implications for routine monitoring, 26200
serum cortisol response to 5-HTP, hospitalized patients with unipolar vs bipolar vs schizoaffective depression vs mania treated with antidepressants, 4214
serum levels of sulpiride vs chlorpromazine, depressive symptoms, 18–43 yr old schizophrenic patients, 26140
serum neuroleptic level & extrapyramidal side effects & level of symptoms, distractibility & RT, 19–55 yr old clinically stable chronic schizophrenics, 20941
serum plasma levels of imipramine & clinical effectiveness, literature review, 18137
serum prolactin & haloperidol concentrations, clinical response, acutely psychotic 16–64 yr olds treated with haloperidol, 4819
severity of symptoms & attitudes toward treatment, inclination to refuse medication if given opportunity, patients admitted to locked acute treatment unit, 23515
sex of general practice patients, prescribing of psychotropic drugs, male physicians, Australia, 26184
short term therapy with buspirone vs diazepam, anxiety, patients with generalized anxiety disorder & panic disorder & agoraphobia with panic attacks, 7483
side effects & mode of action of lithium treatment, conference presentation, 31506
side effects, choice & prescription of antidepressants including trazodone & imipramine, geriatric patients, 7429
side effects of chemotherapy, distress & disruption of daily life, lymphoma & adjuvant & metastatic cancer patients, 10292
side effects of dextroamphetamine & methylphenidate therapy, hyperactive children, literature review, 7433
side effects of neuroleptic, female patients with schizophrenia, 31529
side effects of neuroleptic therapy, 40 yr old male with neuroleptic malignant syndrome, 31503
single dose of trazodone, complete heart block, 77 yr old depressed alcoholic male, 10300
single major locus hypothesis, susceptibility to affective disorders, patients with major depression or recurrent or bipolar disorder treated with lithium & 2nd degree relatives, 20346
single nighttime vs divided daily doses of trazodone, therapeutic efficacy & side effects & sleep, depressed 21–69 yr olds, 26147
single vs chronic doses of desipramine vs zimelidine, plasma prolactin & growth hormone & luteinizing hormone & cortisol levels, 17–67 yr old depressed patients, 28743
single vs divided dosage schedules of prazepam, patients with generalized anxiety disorder, 26142
sleep deprivation & amitriptyline & imipramine, treatment of depressive phase of schizoaffective psychosis, 63 yr old female, 17831
sleep deprivation vs subsequent carbamazepine, antidepressant response, 22–54 yr olds with major depressive disorder, 7187
sodium valproate, treatment of psychosis-like absence status, 57 & 64 yr old females, 20917
speed of amoxapine vs amitriptyline effects, depression, patients with mean age of 33 yrs, 12647
standard Brompton mixture vs morphine, analgesia, cancer patients, 31518
stimulant medication, children with attention deficit disorder, 7470
Stopayne, postoperative pain, patients after orthopedic surgery, 26190
subcutaneous implants of estradiol, management of premenstrual syndrome, 24–50 yr olds, 23335
subjective side effects of clomipramine treatment, Ss with major depressive disorder, 18105
substitution of high potency for low potency neuroleptics in long term treatment, withdrawal symptoms, 40–63 yr old chronic schizophrenic outpatients, 28746
subtherapeutic doses of imipramine & clomipramine & dipropylacetamide, treatment of depression, 21–66 yr old depressives with history of differential responses to tricyclic antidepressants, 2008
sudden death following antipsychotic drug use, reply to R. J. Moldawsky's criticism, 31492
sudden death following antipsychotic drug use, acutely psychotic 44 yr old female, criticism of R. P. Brown & J. H. Kocsis's study, 31520
sudden withdrawal of clozapine after long term treatment, supersensitivity psychosis, 23 yr old male & 21 yr old female chronic schizophrenics, 15285

suggestive vs neutral placebo therapy vs disulfiram vs surgical implantation of Esperal, 22–58 yr old alcoholics, 10537
sulfoadenosyl-L-methionine treatment, patients with depressive syndrome, 23324
sulpiride vs placebo, behavior & attitudes & weight gain, inpatients with anorexia nervosa, 10313
supportive psychotherapy & desensitization & tricyclic drug therapy, panic attacks & agoraphobia & somatic preoccupations, 28 yr old male, recommendation for multimodal treatment approach to agoraphobia, 1777
symptomology of anxiety disorders, prediction of response to antianxiety medication, 31487
symptoms & drug & dietary treatment & subjective experience of schizophrenia, adult male schizophrenic, 28202
Synacthene drug therapy, various forms of dementia, 71–90 yr olds, 2012
synthetic luteinizing hormone releasing hormone, depression, 17–61 yr olds, 20939
target symptoms in use of antidepressants, 12661
techniques for lithium-based treatment, endogenous affective disorders, 7447
temazepam, stress-induced insomnia, 18–45 yr old females, 7402
tendency to prescribe psychotropic drugs to female patients, male physicians, 23292
termination of hormonal treatment for suppression of growth, psychosis, 15 yr old female, 28266
testosterone, sexual interest & erectile dysfunction, 19–64 yr old males, 18130
tetrabamate vs chlormethiazol, alcohol withdrawal syndrome, hospitalized patients, 15578
tetrabenazine, chronic spontaneous oral dyskinesia, 47–81 yr old patients, 23295
tetrabenazine, tics & sleep, 10–48 yr olds with Gilles de la Tourette's syndrome, 7445
theoretical constructs of D. Orem & self care medication program, knowledge of medication & health locus of control & self care, Black hypertensive female patients with mean age of 66.5 yrs, 15050
therapeutic & adverse effects of tranylcypromine vs nortriptyline, 18–60 yr depressed patients, 4822
therapeutic monitoring of plasma levels of neuroleptics, psychiatric patients, literature review, 10304
therapeutic time-course & efficacy of phenazepam in treatment of borderline states, patients with hypersthenic vs hyposthenic personalities, 15272
therapeutic use of onager oil as precursor of prostaglandin E, patients with schizophrenia, 20938
therapy with S-adenosyl-levomethionine, psychosomatic state & depression, alcoholic patients, 5051
thioridazine & desipramine, treatment of depression, patients with mean age of 37 yrs, 4760
thiothixene & haloperidol therapy, borderline & schizotypal patients, 10308
thiothixene vs haloperidol treatment, rapid tranquilization, manic & schizophrenic patients with mean age of 36 yrs, 7449
thymoleptic Hydiphen in high doses, endogenous vs reactive vs organically induced depression, 20–60 yr old patients, 4773
thyrotropin-releasing hormone test & prophylactic amitriptyline, prediction & prevention of relapse after ECT, 42–84 yr old patients with unipolar endogenous depression, 15061
thyroxine vs antidepressants & relationship to thyrotropin-releasing hormone, refractory depression, patients, 18150
tiapride & haloperidol, recurrent episodes of neuroleptic malignant syndrome, 51 yr old female, 10274
time- vs pain-contingent oral methadone, chronic pain, inpatients, 23371
timolol maleate, physiological & psychological components associated with fear of flying, 18–65 yr old phobic patients, 28744
timolol, menopausal symptoms, females aged 35 yrs & over, 2015
tofisopam, anxiety & cognitive & psychomotor performance, anxious patients with mean age of 34.3 yrs, 7460
tolerance to neuroleptic drugs, rate of eye blink, psychiatric patients, 7464
tomoxetine, depression, newly admitted depressed patients, 7413
tool development using Fishbein's expectancy-value model, assessment of attitudes toward medication, schizophrenic patients, 12633
topical testosterone propionate, treatment during childhood, penis size, male 22–31 yr olds with micropenises, followup study, 12648
total vs free plasma levels of haloperidol vs chlorpromazine, schizophrenic patients under 35 yrs of age, 31546
tranquilizers in conjunction with neuroleptics, patients with slowly progressive schizophrenia, 31541
tranquilizers, performance on word & digit short term memory tasks, 19–70 yr old patients with borderline neuropsychiatric disorders, 10287
tranquilizing medication with vs without behavioral intervention, stereotypic & noncompliant behavior, mentally retarded living in community setting, 20680
tranylcypromine & levotryptophan, development of delirium, 20–33 yr old patients with depression &/or bulimia, 20934
tranylcypromine & lithium, refractory depression, 20–68 yr old inpatients, 23348
tranylcypromine & thought-stopping, obsessional ruminations, 48 yr old male with obsessional disorder, 7192
tranylcypromine therapy, dysmorphophobia, 21 yr old female, 10276
trazodone & phenelzine therapy, depressed 43 yr old male, 7494
trazodone, cardiovascular safety, depressed cardiac patients over 18 yrs of age, 7439
trazodone, major depressive disorder, 18–65 yr old patients, 7424
trazodone, self destructive behavior, 18 yr old female with borderline personality disorder, 12652
trazodone vs amitriptyline, cardiovascular effects, 18–60 yr old depressed outpatients, 7484
trazodone vs amitriptyline, depression, 21–77 yr old patients, 28770
trazodone vs amitriptyline, uptake of serotonin into platelets & serotonin receptor activity & plasma free & bound tryptophan concentrations, depressed patients, 7436
trazodone vs amoxapine vs maprotiline, endogenous depression, 18–65 yr old outpatients, 7473
trazodone vs mianserin, side effects & improvement, depressed patients with mean age of 42 yrs with & without anxiety, 7403
treatment effectiveness of imipramine vs amitriptyline vs desipramine vs lithium carbonate, situational vs nonsituational depressives, 28754
treatment with dextro-phenylalanine, outpatients with endogenous or reactive depression, 23357
trial period & continuing & prophylactic psychotropic drug treatment, mania & depression, 23314
triazolam, insomnia, 18–65 yr old depressed outpatients receiving imipramine, 26157
triazolam vs lorazepam, insomnia & daytime carryover & safety & side effects, 18–61 yr old insomniacs, 4766
tricyclic antidepressant withdrawal, syndromes, literature review, 7421
tricyclic antidepressants, monosymptomatic hypochondriasis, 30 yr old female & 31 yr old male, 12625
tricyclic antidepressants vs MAO inhibitors & benzodiazepines, alprazolam, panic & anxiety disorders & depression, conference presentation, 20919
trihexyphenidyl, recent vs immediate memory, Parkinsonian patients, 10285
trimeprazine tartrate, severe waking problems, 1–2 yr olds, 31533
trimipramine, symptoms of major depression, medical patients, conference presentation, 31534
tripartite behavioral assessment of anticipatory nausea & vomiting with chemotherapy, 15–64 yr old cancer patients, 26138
trycyclic & MAO-inhibitor antidepressants, panic attacks associated with agoraphobia, 10253
tryptophan vs 5-HTP vs phenylalanine vs tyrosine vs dopa, metabolism & neuronal effects, affective disorders, treatment implications, 2018
tryptophan with vs without 5-hydroxytryptophan, 20–60 yr old patients with endogenous or psychogenic depression, 20935
typical & atypical antidepressants, neurochemical mechanisms of endogenous depression, implications for etiology, 18096
urinary 4-hydroxy-3-methoxyphenylglycol & clinical response to amitriptyline, endogenous depressive patients, 2004

usage of hypnotic drugs, aged in residential care, Scotland, longitudinal studies, 26168
use & abuse of psychotropic drugs in child psychiatry, 18120
use of benzodiazepines in correctional facilities, literature review, 21123
use of high-dose neuroleptics, Italy, criticism of P. Bollini's article, 18151
use of high-dose neuroleptics, Italy, reply to comments by C. Thiels, 18152
use of metaphors in talk about antipsychotic medication, patients & clinicians, 12656
use of prescribed medication & establishment of self identity, 10245
use of psychotherapy with drug therapy, 10093
use of psychotropic & other prescription drugs, Finland, 28790
use of 3-way configural frequency analysis, assessment of effects of high vs low dosages of haloperidol, acute paranoid schizophrenic patients, 28781
usefulness of MAO inhibitors, treatment of depression & phobias & panic disorders, comments on debate by K. White & G. Simpson, 26206
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26214
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26194
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26155
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26192
usefulness of MAO inhibitors, treatment of depression, comments on debate by K. White & G. Simpson, 26143
uses & misuses of benzodiazepines for psychological disturbances, 10269
validity & reliability of Abnormal Involuntary Movement Scale, patients with tardive dyskinesia, 24254
vasopressin, memory impairment, 20–54 yr olds with chronic schizophrenia, 31543
verapamil vs lithium carbonate, mania, 25–33 yr old male psychiatric patients, 12636
verbal-cognitive & motor & physiological responses, development of operational definitions of stress & anxiety, implications for use of psychotropic drugs in behavior therapy, 9644
verbal exposure to feared stimuli & behavior modification & antidepressant drugs, obsessive-compulsive behaviors & cardiac response, 65 yr old female, 18051
vesiculation test, diagnosis of allergic reactions to psychopharmacology, psychotic patients, 4827
video games, side effects & distress associated with chemotherapy, 11 & 16 & 17 yr old pediatric oncology patients, 23102
vocalizations by caregivers at 3 phases of treatment regimen, sequential variations in interaction with caregiver, 8–21 yr old hospitalized cancer patients undergoing chemotherapy, 15326
weekly injections of cholecystokinin-octapeptide, 20–59 yr old schizophrenic patients receiving neuroleptics, conference presentation, 31523
withdrawal from amantadine, facilitation & exacerbation of neuroleptic malignant syndrome, 60 yr old male with mild bilateral tremor & cogwheel rigidity, 15318
withdrawal from long or short term use of benzodiazepines, depression, 28–61 yr old patients, 4 case reports, 31525
withdrawal from periciazine, mechanism & symptomatology of neuroleptic withdrawal, 32 yr old female with atypical affective disorders, 23311
withdrawal of neuroleptic treatment after 3 yrs, decrease of CSF dopamine & metabolites & noradrenalin, chronic schizophrenic patients, 18094
withdrawal syndrome after abrupt discontinuation of alprazolam, 31 yr old agoraphobic female, 15312
withdrawal syndrome associated with clonazepam treatment, 28–38 yr old patients with temporal lobe epilepsy, 15323
yohimbine & dihydroalprenolol & spiperone binding sites in blood cells & serum catecholamine levels, medicated vs unmedicated schizophrenic patients, 28165
zetidoline vs haloperidol, acute schizophrenia, 16–65 yr old inpatients, 23361
zetidoline vs levosulpiride, cerebral bioelectrical potentials, psychiatric patients, conference presentation, 1991
zimeldine in once daily dosage, therapeutic efficacy & tolerability & pharmacokinetics, depressed 66–89 yr olds, 1982
zimeldine, treatment of obsessive compulsive disorder, patients, 4783
zimeldine vs amitriptyline, antidepressive efficacy & effects on liver function, 30–64 yr old inpatients with endogenous depression, 7455
zimeldine vs nomifensine, antidepressive efficacy, adult inpatients with endogenous or reactive depression, 28773
zopiclone dose levels, insomnia, 60–93 yr old patients, conference presentation, 4774
zopiclone, geriatric patients with sleep problems, conference presentation, 4770
zopiclone, sleep time, 33–57 yr olds with chronic insomnia, conference presentation, 4791
zopiclone vs flunitrazepam, 18–60 yr old outpatient insomniacs, conference presentation, 4823
zopiclone vs flurazepam, sleep, 40–60 yr old females with sleep disorders, conference presentation, 4805
zopiclone vs nitrazepam, sleep, 21–49 yr old insomniacs, conference presentation, 4782
zopiclone vs pentobarbitone, insomnia, 20–56 yr old outpatients, conference presentation, 4797

Drug Tolerance

acute recovery, rate of alcohol tolerance development, male social drinkers, 24793
acute vs chronic dextroamphetamine, performance of conditioned behavior & dextroamphetamine tissue distribution, male rats, 3516
acute vs chronic diisopropylfluorophosphate, striatal dopamine metabolism & differential motor behavioral tolerance, rats, 8953
acute vs chronic ethanol administration, ethanol preference, C57Bl vs LACG vs BALB mice, 6171
addition of methylpyrazole to ethanol in drinking fluid, blood ethanol levels & tolerance, male rats, 11602
administration schedule, development of tolerance to haloperidol, male rats, 3417
alcohol as CS, conditioned control of tolerance to alcohol, rats, 11592
arginine vasopressin or lysine vasopressin or (des-9-glycinamide) lysine vasopressin, tolerance to motor-incoordinating effect of ethanol, male mice, 22174
behavioral mechanisms & cross tolerance to psychoactive drugs, tolerance to N6-(levophenylisopropyl) adenosine, rats, 11620
behaviorally specific tolerance to dextroamphetamine, male rats, 6114
cholecystokinin, opiate analgesia & role as opiate antagonist & in opiate tolerance, rats inexperienced with or tolerant to opiates, 9035
cholinergic system, habituation & learning & memory & tolerance development, animals & humans, literature review, 5995
chronic clonidine administration, tolerance to alpha-2-adrenergic agonists in vascular system, rats, 24850
chronic cocaine administration, catecholamine-independent behavioral & neurochemical effects, rats, 30230
chronic exposure to nicotine, behavioral tolerance & binding sites & avoidance of aversive shock, rats, 30195
chronic low doses of morphine, behavioral response & movement patterns, intact & caudate nuclei lesioned & hemispherectomized cats, 30239
chronic methamphetamine administration, self administration of & tolerance to methamphetamine, monkeys, 24968
chronic morphine vs ethylketocyclazocine administration, sleep & REM sleep & wakefulness & EEG & EEG power spectra & cross tolerance, rats, conference presentation, 3536
chronic morphine vs methadone, swim-induced antinociception as model of endogeneous opioid function, female mice, 6104
chronic saccharin exposure, morphine tolerance, genetically selected LC2-Hi vs LC2-Lo female rats, 19661
CNS depression & dosage & concentration of sodium pentobarbital & barbital, tolerance & dependence & severity of withdrawal, cats, 30276
coffee vs apple juice with vs without caffeine, inhibition of salivation, 19–35 yr olds drinking 2–11 cups of coffee/day for at least 1 yr, 3504

daily dextroamphetamine administration, intracranial self stimulation rates of responding from substantia nigra vs nucleus accumbens & development of reverse tolerance, rats, 30281
dependence & withdrawal from diazepam or lorazepam or clobazam or other benzodiazepines, psychiatric patients, 7453
dependence-inducing properties of benzodiazepines, literature review, 2000
development of tolerance to phencyclidine, effects on DRL schedule-controlled behavior & brain levels of phencyclidine, male mice, 3443
development of tolerance to therapeutic effects of imipramine & amitriptyline & phenelzine, 27–69 yr old females, 20898
dextroamphetamine dosage, tolerance & set point for body weight, rats, 27668
diazepam dosages & previous exposure to diazepam, compensatory tracking behavior, rhesus monkeys, 19656
diazepam vs oxazepam, abuse liability & behavioral & subjective effects, 28–49 yr olds with drug abuse histories, 25634
dose & setting & acquired tolerance, perception of alcohol intoxication, male nonproblem drinkers aged 19 yrs & older, 11611
ethanol & practice vs mental rehearsal over repeated sessions, motor task performance & ethanol tolerance, male 19–25 yr old social drinkers, 27659
ethanol, behavioral performance & sensitivity & tolerance, 18–33 yr old brother pairs, 16811
ethanol, narcosis & hypothermia, alcohol-tolerant vs alcohol-nontolerant rats selectively bred for differential ethanol-induced motor impairment, 11585
ethanol, tolerance development, inbred vs heterogeneous rat strains, 22223
ethylketazocine & morphine administration, antinociceptive tolerance & physical dependence, C57 & DBA male mice, 27589
hypothalamic peptides, striatal dopamine receptor function, morphine tolerant-dependent rats, conference presentation, 3409
icv morphine, analgesic tolerance to ketocyclazocine & D-ala-2-methionine enkephalinamide & D-ala-2-D-leu-5-enkephalin & leuenkephalin & metenkephalin & beta-endorphin, male mice, 24939
levels of diazepam, tolerance to depressant effects & drug discrimination, male rats, 27595
long term intermittent vs continuous dextroamphetamine administration, acoustic startle, mice, 3472
